

## BEN WHITE

Mrs. Ben White called last night at 9:05 p. m. from Galveston that the kidney transplant to Ben White was successful and everything was just beautiful. The transplanted kidney from the donor, his sister, took place Tuesday morning from 7:45 a. m. to 11:00 a. m.

The donor, Mrs. Willa Mae Vandergriff from Pasadena, Tex. learned last January that her brother had Brite's Disease, his kidneys had collapsed and would have to have a transplant. She willingly signed and was quoted as saying, "I'm glad I was the one chosen".

When Ben arrived in Galveston he was in a deep coma and was doubtful that he would recover enough for the operation.

Mrs. White reported last night that he was doing fine and would probably be in intensive care for only a couple of days.

I wish you could have known "ole Charlie." He was a character all of his own. He had personality, he had great strength, he always gave a good days work for a good days pay. He was proud and he had the constitution of a horse. "ole Charlie" was a horse. He weighed about 1150 to 1200 lbs. and he could walk out 10 acres a day with any animal that could stay with him.

On a 2-up rig, he always worked on the inside and turned at such a rate that the horse or mule on the outside would almost have to trot to get started back on the right row.

There was not much foolishness to Charlie. You could ride him but he was too rough for a riding horse. He was without patience on a cow drive because he continually bit those that lagged behind and like Bess, was the boss of the cow herd, Charlie led the horses. If he made up his mind that today he wasn't going to go into the corral it was the very day you couldn't get anything else in the corral.

He never was bad to run away, but if he was working with a horse or a mule that liked to run, he'd oblige you. He never did bite you too hard, like some horses or mules, but he wanted you to know that he'd nip you enough to hold your distance and your respect. He would allow you to pick his foot up but he would snort enough to make you be careful. He never got real big and fat but he was never real poor either. When he got sick he pushed down the gate of the corral, he pushed down the gate at the yard, walked up on the front porch for the 1st time in his life and walked back and forth, demanding and receiving attention. He took his medicine like a person who knew he had no other alternative.

One time in the early part of his life he felt like he could tell the time of day. He watched other

## COUNTY JUDGE RESIGNS

June 18, 1871

Commissioner's Court of  
Gaines County  
Seminole, Texas 79360

Gentlemen:

It is with regret that it becomes necessary for me to present this, my letter of resignation as County Judge of Gaines County, Texas. This move is necessary as a result of the demands of my personal affairs and for medical reasons. I request that this resignation be effective Monday, June 21, 1971.

I take this opportunity to express to you my appreciation for having worked with and for you for the past two (2) years and for having had the opportunity to represent the people of Gaines County for many years.

Yours truly,  
Chester D. Browne

(P. S. In an oral opinion given by J. C. Davis, Jr., Head of the State and County Division of the Attorney General's office, he stated that the Commissioner's Court could not officially accept the resignation until a new appointee is made. Information by Joe McGill and Woodson Jones.)

In the February 17, 1971 issue of the News a story appeared on the front page concerning the county judge and a deficiency or shortage in the judge's office. The story went like this:

"There's a shortage in the county judge's office. There's no truth to this. "The story came about because of old charge accounts left over that had not been collected from the time that I served in the clerk's office," said County Judge and one time County Clerk of Gaines County, Chester Browne. "The rules and regulations say that

## HOSPITAL PASSES 3 To 1

BALLOTS ARE PASSED TO PROSPECTIVE VOTERS IN LAST SATURDAY'S HOSPITAL ELECTION WHEN THE HOSPITAL CARRIED.

Residents of the newly created hospital district flocked to the poles last Saturday and voted almost 3-1 in favor of the new district and for bond issuance of 2.75 million dollars in bonds to build a new hospital. The spirited voting represented almost 50% of registered voters in the Seminole Consolidated School District, which makes up the new Hospital District. The ballot called for one proposition creating a hospital district with 745 property owners voting for and 322 against. Non property owners voted 56 for and 9 against. The second proposition on the ballot voting for bonds to issue 2.75 million dollars carried by a margin of 693 for and 346 against (property owners). The non property owners voted 56 for and 9 against. The vote Saturday ended a struggle that started last year when County voters denied the building of new hospitals in Seminole and Seagraves.

There was little organized efforts to defeat the hospital district. The State Legislature had recently approved the proposed district in making ready for the Saturday vote.

Brom Marchbanks, President of the Hospital Board, reported that the election of permanent officers for the district would take place next Tuesday night. He said the Hospital Board directors were trying to acquire 18 acres of land across the street from the present clinic and hospital. We hope to use a 15 year schedule to pay out the bonds, he said.

Present hospital facilities, that are free of debt, will become a part without cost to the new hospital district.

## HAY, HAY & MORE HAY

Hay, hay, and more hay coming from the fields in Gaines County and west out of New Mexico. The drought has area irrigation farmers extending themselves trying to peak their production.

Have you ever thought where all the alfalfa hay being raised in Gaines county is going to? Last Wednesday evening late there were 14 hay trucks at the Shamrock station on the Hobbs Highway and Thursday morning there were 9 trucks. How many hay trucks a day go in and out of our town? The question was asked O. V. Brooks. "A bunch of them" he said and he started introducing and giving these names. There's J. T. Finney from Temple, Texas, P. A. Hunt from Weatherford, Texas, Melvin Brown and Dorman Dumas from Seminole, Texas, Bob Lott of Fredrickburg, Texas, J. R. Miller, Paris, Texas, Junior Ashcraft, Rogers, Texas, Paul Condit and John McCleskey from Seminole, Texas, "Ah, there's a lot more," Brook's went on to say, "Do you mean to tell me that all these people haul hay out of Seminole?", "I said," Yes Sirree, there's the Bursons from Georgetown, Jack Dnaiels from San Angelo, Jim Hitchcock, Austin, Bill Mathis, San Angelo, J. L. Young and Joe D. Harris, both from Rogers, I guess you know that we've got a lot of hay producers in Gaines County. Would you believe there's close to 50? But let's get back to some other hay haulers - Edwin Pitcock, Brady, Mr. O'Conner and A.R. Chick from Ballinger, J. R. Miller, Paris, The Comptons, Boyd, Texas, Tom Tudor, Seminole and Shorty Presley hauls some. There's E.B. French from Dexter, New Mexico and M.F. Abernathy, San Angelo, going to Lawton, Okla. is Gary Goodin, the Whitleys and the Belton, " Hay hauling from Gaines County has turned into a big business when you think that the haulers try to carry 16-20 tons. Then there's Gregory and Paul Gregory from Hamilton, Tex. Glen Dickerson, Vernon, D. L. Robinson, Vernon, H.F. Bridges, Snyder and Dod Barbee, Sweetwater, Bobby Hines, Brady, Texas, D.D. Lowery, DeLeon, Leroy Daniels, San Antonio, Jack Daniels, Boerne, Texas, Jack Rabb, Weimer, Texas, CM&S Trucking, San Antonio.

Not all of the hay haulers haul hay to their home town, They go various places and directions. One hay hauler, Lewallen, from Mineral Wells, Texas simply said, "I'm going East or South when I leave here." Other hay haulers are, Eugene Taylor, Boyd, Texas, Jack Stone, Sulpher Spring, Texas, one hay hauler said "my name is Pitcox from McCullough County.", Luther Kelley, Hamilton, Texas, Bill Ormsby, Brownwood (that's my old hometown. I didn't know anybody in Brownwood would work and hay hauling is work).

O. V. BROOKS SERVICING TRUCKS AT THE SHAMROCK SERVICE STATION -- TWO LOADS OF HAY AND A LOAD OF ALFALFA CUBES.

**HAY HAULERS** FROM PAGE 1

There's Dale Cook, San Antonio and B.R. Maïson, Temple, Texas, Joe D. Harris, Rogers, Texas, Joe D. Harris, Rogers, Texas, Johnny Jokel, Stephenville, Texas, Pete and Cecil Jowers, Austin, Texas, J.C. Rice, Cleburne, Texas, H. L. Rodd, Cleburne, Texas and Elton Nollnkamper, San Antonio, Texas.

There's Allen Lefton, Taylor, Eugene Taylor, Boyd Texas, Jesse Moore, Hobbs, N. Mexico, Lewallen, Stephenville, Texas, Thomas Moore, Goldswaithe, Texas, Fitch Dairy, Ponder, Texas, Bill Kinsey, Norman, Okla. and Clarence Jones, Hagerman, New Mexico.

If all of the hay haulers hauled just one load per week and hauled 16 tons per load this would amount to 976 tons leaving Gaines County per week. If all the hay carried out of Gaines County brought \$35.00 per ton, the economy of Gaines County would amount to \$34,160.00 in Alfalfa hay.

The foregoing list does not mean this is all of the hay haulers hauling out of Gaines County from Loop and Seagraves. These are the ones that stop at the Shamrock Station on the Hobbs Highway and the following list is only a part of the growers of Gaines County. Charles Cope, Harold Sheets, Charles Gay, O.B. Smith, Lynn Crossland, Weldon Jenkins, Verna Kremplin, Rhinehart Vogler, Eagle Land and Cattle Co., Ray Garrett, Elvov Thomason, Benny Nichols, J.K. Waddington, Charles Nance, Roy Apple, Wayne Apple, Glenn Hughes, Edgar Price, Marshall Healds, Bob Malone, T.A. Foutch, C.A. Berry, T.E. Miller Co., Dale Flemming, Mickie Robinson, H.T. Richardson, Otis Johnson, Woodie Smith, M. L. Turner, Fred Nichols, Clyde Nichols, Fred Williams, Troy Moore, Kenneth Rhea, O.R. Trimble, Paul Conditt and W.J. Paul.

It is estimated that in Gaines County there are 20,000 acres of Alfalfa hay. Not all of it is being cubed and trucked out to feed lots. Other articles have been written concerning cubers and their finished products destination.

**COUNTY JUDGE** FROM PAGE 1

a clerk is responsible for any and all accounts and it becomes a cash account as far as the county is concerned when it is made."

It seems that when Chester Browne was county clerk that the audit of 1969 showed a balance of \$7,427.95 had been charged to oil companies, businessmen, individuals and lawyers. Of this amount, approximately \$1700 is still outstanding. Woodson Jones, County Auditor, said, "This will all be cleared up by March 1, 1971. If not, the cash will have to be dug up." County Attorney Joe McGill said, "Yes, I know about it. I am concerned and have been told that it would be cleared up during the month of February of this year."

These account charges came about when the clerk's office charged court costs, recording fees and certified copies to aforementioned accounts. This money was always carried as a debt that the clerk owes to the county and is so stated in the year in audit, but must be paid."

In Mr. Browne's reasons for resigning he mentions personal affairs. Stories being circulated that there are shortages in the County Judge's office or in other areas are simply not so at this time. No doubt poor business judgement has been used which is not marks of a good business man nor a public official.

CONT. FROM P. 1

teams working in the field and if I cut out to the house, he cut out to the house, daring the driver to keep him on the row or to start another round. When he thought 12 noon came, he struck out for his noon-day snack.

I'll never forget his feat. The man of the house finally said, "take Charlie in and unhook him." I was fond of that horse. I liked his spirit and I liked his fortitude but the day had come when Charlie had to learn. "Leave the harness on him," I was told. He was tied securely to a tree in the corral area and was beat with a trace chain that was covered with a bicycle tire. I'd never seen an animal whipped before and gladly put him back to the plow to escape further punishment.

That was the day he learned to turn a plow so fast and get it back on a row.

Charlie died after I went off to college, after having eaten too many and too much shinnery buds. I'm glad I wasn't there to see him die, but these great lessons I remember to work was a distinction and an honor, to work a little bit harder than a peer was rewarding, to serve had its merits, the best time of a day was a rest after fruitful hours spent in labor and finally, to be forcibly put back on the row, hurt, but to be put back on the row and never forgetting the lessons learned was of great value.

CHIEF OF POLICE BLACKMON VIEWS TIRES, TV'S AND OTHER ITEMS RECOVERED IN THEFT ATTEMPT MONDAY MORNING.

A major theft was spoiled by James Clark, patrolman, at 4:07 a. m. last Monday when he noticed a paste board box sitting at the rear of the store in the 600 block behind Montgomery Ward. When he checked the box and found an assortment of women's clothes he immediately called for help from his partner, Ron Roberts in another unit for back-up. Mrs. Buck Roberts, the manager of the local store was called for a key as all doors were locked. Chief L. M. "Shorty" Blackmon was called. A later count showed \$1133.32 in merchandise stolen. A large number of items had been taken. Evidently Partolman Clark had foiled the theft attempt just as they were beginning to load on S. E. 2nd St. \$129.44 worth of custom made merchandise including clothing, bed spread, swim suit and drapes were taken. Of display items, \$945.90, 3 watches were missing but one was found in a case. Total loss not found by local police was \$57.98.

Evidently the thief had a back door key; came in and carefully chose what he or they wanted; carried it out the back door, across the alley, across a vacant half lot; and placed them adjacent to the street on S. E. 2nd St.

Besides the items mentioned, others taken included: 1 pair of shoes, 10 beach towels, 1 perculator, 1 can opener, 2 radios, 1 machine (heavily damaged when dropped), 1 TV, 1 phono, 1 parts cabinet, tires, 12 shirt and tie sets, and 2 beach robes. The investigation continued late yesterday afternoon.

## NOTICE FROM THE HEALTH DEPARTMENT

By R. C. Barron, Sanitarian

Trash, Flies, they go together. It seems that all people want to do about them is for the city or someone to spray.

The problem is that after flies hatch out, it is impossible to kill all of them with spray.

To control them, we have to start where they hatch out, in trash, rubbish, and other waste.

A recent trip through the alleys of Seminole revealed an ideal place for flies to feed and hatch.

A large portion of the cans were without lids, turned over because there was no rack for the cans or the trash was not in the can to start with.

The City is spraying the inside of the cans and leaving the tops off to kill flies.

What can you do to help? Get a can with a good lid and a rack to keep it from being turned over, tie your lid to the rack so it will not be misplaced. Put your lid on when there is trash in the can, and don't gripe until you have done these things.

(Editor's Note: If you've had as many flies as we have, you'll appreciate the above notice.)

### BEN WHITE NEEDS HELP

## Benson's ENCO Service

C. T. "Charlie" Benson has a 25 year service emblem in his Enco Service Station that says, "For Outstanding Services Rendered Humble". Benson worked for Humble 10 years before purchasing the Humble station on South Main in November 1945. Other than 3 years, he has continued selling Enco gas, Enco Extra, and Enco Plus since that time. During his 3 years absence he ran a Shamrock Service Station.

The station is equipped with two overhead vacuum cleaners, a plus for any station; besides washing and lubrication of automobiles, oil additives are carried, seal beam lights, oil filters, batteries, tires, plus other Enco products.

Mr. and Mrs. (Earlene) Benson are the parents of two children. A son, Dr. Charles Benson of El Paso, who's wife is the former Jeannie McMurray. Their daughter is Becky Jones, wife of Lynn Jones. Their children are Julia Ann and Robert Lynn. They reside in Lamesa.

Last Friday morning at 3:15 a.m., 1½ miles west of Seminole, two young men, age 24, survived the above one car crash. Both were from Loop, Texas. The driver, William Freeman, sustained two broken feet and Tommy Noland Hunt, sustained a slight back injury when the 1969 Olds turned over 1½ times. Apparently the driver went to sleep. The car traveled 232 feet before coming to a full stop. It was air borne 55 feet on its first turn. Highway patrolman, Phil Upton, worked the accident.
