WOODENFOOTE

Our daughter Cindy is home. It is such a delight to have an adult daughter home from college. Also to have all the pies she loves to make and cookies and ice cream and on and on.

She will get her Masters degree on her birthday, May 18, 1970. This is the little girl that a six year old big sister prayed for and that parents rejoiced in upon arrival. This is the little girl that proved to parents that there was a lot more in child upbringing than having them. This is the child that acted like she was not kin to our family at times. This is the one that was not afraid of the dark, the worst dog on the street, or the wildcat. This is the daughter that heights meant nothing and half a paddling had no effect.

This is the young lady that fought with her father, aggravated her brothers and talked to her mother by the hours in real confidence. This is the little girl that said "I'm gonna have a little brother (after all those years). My big sister prayed for a little sister and now I've prayed for a little brother." And within the year he arrived.

This was the first grader that was not happy with anything except the best grade, that played

Roy B. Davis of Plains Co-op Oil Mill met with area farmers, ginners, bankers, businessmen, Production Credit men and other area men last Monday in a dinner meeting at the Raymond Restaurant. "There will be more changes in the next four or five years in farming, cotton farming, and other cash crops than there has been in the past 20 or 25 years!" Mr. Davis said. "When I moved to Gaines County I had trouble keeping the prairie chickens and the quail out of my way, but it's a new ballgame!" If we stay healthy we must

recognize our problems, diversify into cattle feeding business, use our cotton burs for cow feed and be good businessmen, go to castors and other cash crops. Soy bean people have out-stripped cotton farmers. They have a soy bean meal that tastes just like bacon and if you eat it with your eggs, why, you'd swear it was bacon and eggs." So don't blame the weather, your County Committee, or the government, but let's get busy and get the job done." cont. on page 2

Only One Hurt *****

The driver and five passengers of this 1964 Chevrolet were indeed fortunate last Friday night when all except a two year old boy escaped uninjured. The boy received a cut lip. The accident occurred at 7:35 p.m. in a heavy wind and rain storm. cont. on page 2

New Sign For Indians

Something new has been added. The new wigwam sign "SEMINOLE-HOME OF THE INDIANS". Bart Walden on the right with two other workers, O. B. Nelms, center, and Derrel Henderson are shown after they raised the sign.

Seminole Indian spirit was ablaze this weekend with the track team having run the favored Andrews Mustangs into their own pony corral. Seminole boosters added their part when a 30 foot sign (plus 9 feet more in the ground) was transported from its building location to the southernmost part of the practice field just north of the Denver City Highway. It was an effort made by various individuals and the Booster Club, Tommie Roberts, president.

Walden Welding & Machine Works did the labor on building the wigwam shaped sign. Frank Nix did the lettering that says "SEMINOLE - HOME OF THE INDIANS." John Freyburger did the painting of the Indian head on top and the community will enjoy an added attraction. The sign will face the Denver City Highway just west of the M. S. Doss Youth Center.

12 BROTHERS AND SISTERS

THE DRENNAN FAMILY had their reunion last Saturday and Sunday at the Community Building. Two boys could not be present. All six sisters were present. Seventy-seven ate lunch together Sunday. Brothers present were Bob Drennan, Seminole, Calvin Drennan of Winnsboro, Tuff Drennan of Ft. Worth, and Bud Drennan of Odessa. Sisters were Mmes. Luda Hill of Aspermont, Maggie Shipley of Seminole, Ola Gay Sessum of Aspermont, Loveta Thompson of Aspermont, Verna Pritchard of Aspermont and Nadine Reid of Lamesa.

Driving a 1965 Ford heading north on the left hand side of the highway was Lonnie Royce Crisler from Pecos, Texas. Crisler had a slight concussion.

Phil Upton, TDPS, also reported two other accidents. Robert Lee Harlan of 601 S. W. 17 struck three cows in his 1969 GMC pickup 8 miles southwest of Seminole on the Nadine Road. Two cows were killed and one injured.

 first chair in the band, made the volleyball team when she was a freshman, delighted in playing the piano (not practice), was the ping pong champion and had such strength in her hands in hand wrestling she put the boys on their knees.
 Cynthia Ann is grown. She's worked and gone to Europe twice, lived with the Belgians and loved them.

Last night we sat at the piano for an hour. She played; we both sang. Sometimes she sang soprano, sometimes she sang alto. Sometimes I sang tenor and sometimes I sang bass. Actually I had forgotten how much I enjoyed her being home till she comes home again.

Cindy was always the kid that loved to camp. She thought she could swim farther than her daddy, build a bigger fire and climb a higher mountain. Her big sister told her granny one time, "Granny Pearl, she's not scared of lightning."

At our house we thought we were model parents - we had one little girl that was smart, intelligent, never bothered other people's things and was such a little lady. And then came Cindy. She was in everything, she opened everything, she spilled everything and she climbed everything. She had near fits (at least a few). It took constant care, watch and a real intelligent mother to out-guess her.

She's the little woman that had so little patience with herself that she banged her head at times and looked in the mirror and said outloud, "You certainly haven't got any cute in your face."

I never knew what my mother meant when she told me "I'll be glad if I can just get you grown," until I had Cindy.

No wonder your grandmothers loved you so - you've always written them and remembered them. No wonder your uncles and aunts have always cared for you so much - you've cared for them. No wonder your friends have begun to circle the globe - you've made friends everywhere you've been and have been a friend.

Now you've made up your mind to teach in Hawaii and you probably will because when you set your sail it seemed that the wind always caught it and you were on your way. Just please don't forget the way home.

Our Cindy as she gives her little brother, Lindy, a backward flip.

The following is taken from a letter from Timmy D. Watson to his mother, Mrs. Miriam Jones.

Guess what I did yesterday. After seeing yours and Wallace's picture in the News I decided to make myself a "kite". It looks pretty nice, but I don't know if it'll fly. It's 4 feet long and 3 feet wide and made of clear plastic. I haven't had a chance to fly it because it turned nice and the wind stopped blowing. It seems the only time the wind blows is when it's bad, freezing, snowing and cold!

My girlfriend can't believe some of the stories I tell her, like wearing asafetida around my neck when I was a kid. I wish you would send me some

WE WONDER

Grandmother, on a winter's day, milked the cows, slopped the hogs, Saddled the mule and got the children off to school,
Did the washing, mopped the floors, washed the windows and cooked a dish of home grown fruit,
Pressed her husband's Sunday suit, swept the parlor, made the beds, Baked a dozen loaves of bread, split some firewood and lugged it in, enough to fill the kitchen bin,
Cleaned the lamps and put in oil, stewed some apples she thought might spoil,
Churned some butter, baked a cake, then exclaimed, "For goodness sake,
The calves have got out of their pen!" So went out and chased them in again,
Gathered the eggs and closed the stable, went back to the house and set the table,
Cooked a supper that was delicious and afterwards washed up all the dishes!
Fed the cat and sprinkled the clothes, mended a basket full of hose,
Then opened the organ and began to play, "When You Come to the End of a Perfect Day".

SEMINOLE INDIANS TRACK TEAM WINS FIRST IN ANDREWS

The big story in sports events has to be the outstanding performance of the charges of Jake Collins' 1970 track team. It was a bad day for all entrants at the Mustang relays in Andrews last Friday but it was a good day for the Indians as they racked up a cool and wind-blown 100 points to outdistance arch rival Andrews by 25. Andrews ended up the day's efforts with 75. Estacado had 65, Monahans 45, Brownfield 43, Kermit 32, Pecos 24, Littlefield 24, Tulia 23, Colorado City 21, Levelland 16, Slaton 12, Dunbar 10 and Ft. Stockton 1.

The brochure on the Andrews track team read something like this: "The Andrews Mustang track team is one with a lot of history and tradition behind it. Having built such a fine record in the past necessitates good athletes, good facilities, and hard work. In the past Andrews has won five State Championships, three Regional Titles, and twelve District Titles. 64 places have been won in the State Meet since 1952. Andrews, because of the presence of some outstanding individuals has a set of school records which would be the envy of a number of colleges." The Indians neglected to read the press notices.

Dependable Mike Walker took first in the pole vault event with a soaring leap of 13 feet. Donald Roberts, the fine freshman prospect, came through in fine fashion in the discus, winning first place. Melvin Hall claimed his specialty when he claimed first place honors in the 220 yard dash. In the mile run the Indians shocked the field when Vance Thomas placed first and Roland Sharp, a teammate, claimed second place. Time 4:52.2. The 440 yard dash was won by Jerry Thomas from Seminole. Time 53.5.

Other point producers for the Indians were Frank Gady, 4th in shot put, 440 yard relay second place in a time of 43.8 and mile relay second. Any victory is good over Andrews and especially in one of their specialties.

Easter Sunday, Mr. and Mrs. H. H. Capps attended the family reunion of Mr. Capps sister, Mrs. Fannie Mason and her family. Others attending were Mr. and Mrs. Joe Mason, Treva and Bryan and Don, Cal and Jan Carson.

Mr. and Mrs. Ewill Scott, Sherri and Kiki of Lamesa visited during the week-end with her parents, Mr. and Mrs. Lee Hudson.

Freddie Simpson of Ft. Worth spent the week-end with his parents, Mr. and Mrs. Homer Simpson. Mrs. Ronnie White, Ricky and Denise of Odessa visited with them Sunday.

Danny Ogle who attends Texas Tech in Lubbock spent the Easter Holidays with his parents, Mr. and Mrs. Wesley Ogle.

LOOP NEWS

BY MRS. BUCK CUNNINGHAM

Easter week-end saw a variety of weather for the area including a tornado watch on Friday. In spite of chilly winds and threats of rain, the young people enjoyed their holiday from school. The area has experienced several frosty mornings during the past week. Farmers continue to be busy with land preparation as the time for spring planting nears.

We'd like to congratulate the young ladies who participated in the 4-H Favorite Food Show held in Seminole last week. All three Senior girls placed first in their category and will represent Gaines County in the District Food Show to be held in Lubbock Saturday, April 4. Theme for this year's show will be "Foreign Foods." Entering the Senior division will be Elaine Freeman in the Milk Group, Delilah Young, Bread and Cereal Group and Pam Owens in the Milk Group.

In the Junior division, Brenda Chaffin was selected as alternate in the Bread and Cereal Group. Tonya Smith also entered this group. Renee Foshee was the winner in the Meat Group. The Loop High School girls ran in a track meet at Wink last Thursday and brought home two trophies. One was for winning the mile relay and one for second place in the meet. The girls ran a total of 88 points to finish behind New Home's 96 points. Coach Fred Hamilton stated that most of the times for the events were rather slow due to the cold weather. Although winning the mile really the local girls ran the slowest mile in 2 years. Two girls, however, turned in good times for so early in the season, Vicki Todd with a 63.5 seconds

for the 440 yard dash and Cindy Smith with a 7.5 seconds for the 60 yard dash.

DICK KEPHART RUNS FOR COUNCILMAN

To better acquaint the citizens of Seminole, Dick Kephart gave the following statement to the News.

My reason for asking the people of Seminole to elect me to the City Council is that I think all residents of Seminole should take a part in helping the city to grow and prosper. I feel that I can do my part better as a councilman. Should I be elected I will endeavor to see that our tax dollars are used efficiently and economically.

I live at 324 S. W. Avenue J with my wife, Cecile and our three children, Karen, Jeff and Kim. We have lived here in Seminole for the past ten years. I am employed with Phillips Petroleum Company as Senior Plant Clerk. My wife is employed with Memorial Hospital in the business office. I belong to the Seminole Noon Lions Club and am a committee member of Boy Scout Troop 705.
