Stewardship Week in Coke County

By Erin Oleksiuk, District Technician, Coke County SWCD

Stewardship Week will be observed April 24-May 1. On March 9, 2016, Judge Roy Blair signed the Proclamation officially recognizing Stewardship Week in Coke County.

Stewardship Week began as a day set aside to pray for restoration of the land and to ask God for His mercies on His children more than 1,500 years ago in Vienne, France. Word spread about the movement in France to other countries including the United States, where it was first adopted by the south. The people felt that the week of observance met the need to acknowledge before God our gratitude for His gifts of soil and all the bountiful resources associated with it.

The week has become a special time to remind landowners and congregations that these gifts warrant their best in Christian stewardship. It does not matter if you own a single lot in town or a section of land; it is our duty to tend to our property, enhance it, and leave it better than we received it to future generations.

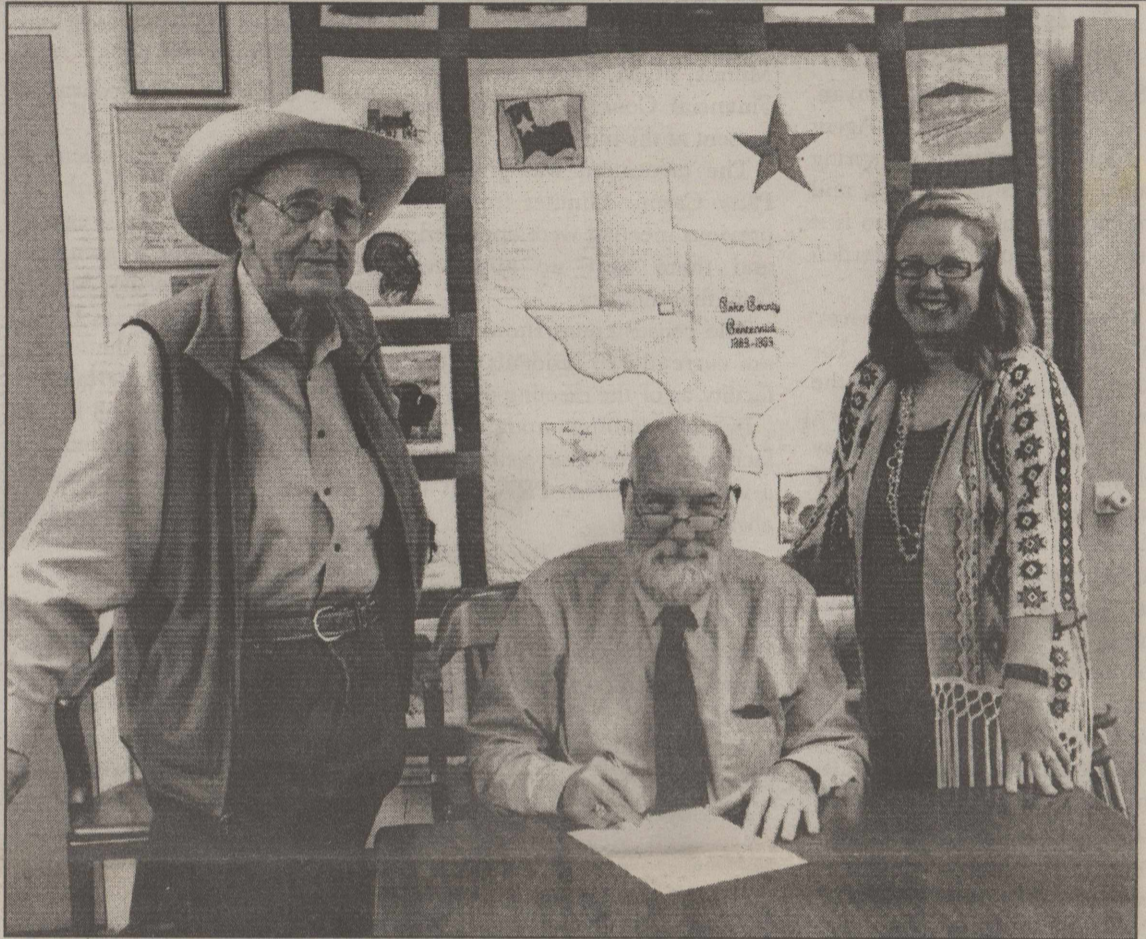

In Coke County, 14 churches will be participating in Stewardship Week through scriptures and bulletins. One could say we are starting a movement ourselves!

"Those who work their land will have abundant food, but those who chase fantasies have no sense." Proverbs 12:11

Is a Rainwater System best for your home?

There are many benefits to rainwater catch systems. The water is of better quality meaning it tastes better and is better for pipes, appliances and fixtures. Since it's not chlorinated, it's also better for gardens and plants. It's also nice to not have to worry about a water main break and having the water shut off for hours at a time. Each residential rainwater catch system lessens the community's demand on a diminishing water supply while relieving a portion of stress on the aging infrastructure.

Residents must determine what kind of rainfall catch system will work for their individual situation. If your catchment area is small, a supplement system to your normal water supply may be the best solution. For larger catchment areas, rainwater can supply all of your family's water requirements.

According to the American Water Works Association, Americans use approximately 50 gallons of water a day per

person. For a family of two, each person would flush the that's about 3,000 gallons a toilet six times a day at 1.6 month. To obtain this figure, (Continued on page 3)

Is it time to plant your garden?

Submitted by Morgan Runyan,
 Texas AgriLife Agent

The temperature is up, spring rains are blessing our soil, and the day length is longer, so is it time to get your spring garden in?

If you believe in the old wives' tales it may or may not be. For example, have you heard the one 'If it thunders in February, it will frost in April or some say May'. Another, 'Plants of darkness or root crops should be planted in the dark of the moon and above ground plants should be planted at the light of the moon'. Or this tale, 'To successfully grow hot peppers, one must be mad while planting'!

Some believe in wives' tales and some don't, but if you are curious about putting in your spring garden come join Allison Watkins, Tom Green County Horticulture agent and Coke County Extension for the Spring Forward - Get Ready to Grow gardening program on Thursday, April 28, from 6 pm to 8 pm at the Robert Lee Community Center. There is a \$5.00 fee to participate that will be collected at the door. Please come join us for a great program.

The invocation was given by Patsy Cason. Minutes from the previous meeting were approved, and there were no absentees from that meeting.

The census count shows there are currently 28 residents in the facility, as of the meeting date.

In the staffing update, the facility is currently advertising for a van driver/CNA. PRN staff is always needed.

Accounts Receivable/Collections were discussed, and an update was given to the Board. The financial statements were discussed and accepted as presented.

The election was called and canceled.

Employee benefits were

discussed. James is going to pursue some options.

There are no capital projects pending at this time.

In his report, James informed the Board that 2 students have been enrolled in the HC CNA program for the spring class. Cal Tech has completed the process of updating the telephone system in the facility, and will be licensed to monitor and maintain the server.

The Board authorized James to purchase a new washing machine for the laundry and chiller for the kitchen area.

Future agenda items were discussed, and the date of the next Board meeting will be Tuesday, April 26, 2016. The public is invited and encouraged to attend.

Robert Lee's Vision With a Purpose held their monthly meeting Thursday, April 7, at Victory Assembly of God Church at 6:30 pm while their Austin St. headquarters is under construction.

The meeting opened with prayer led by Debbie Childers. President Marshall Millican led the meeting with 25 members present.

Secretary Sabrina Nunez read minutes from last month's meeting and Crystal Standford gave the Treasurer's report. Both were approved.

It was decided this year's budget will be presented at the next meeting and budgeting for future years will be finished by March 1.

The Building & Maintenance update was given by Todd Smith and Brandon Broadbent of Precision Construction. Brandon and wife Nora presented a slide show showing progress and future possibilities. It was most impressive. Also, the old ceiling has been removed and the old floor is being ripped out to prepare for concrete flooring.

March 23 and presented part of their budget. Six or seven additional planters are needed and flowers and plants for all planters. Street lamps for Memorial Park and a concrete base for a bench and planter for the Park will be included in the budget.

Scholarships now available for students in Coke County

Whatever your college plans, Texas Farm Bureau (TFB) wants to help you on your way to a higher education.

"Each year, TFB offers a whole host of scholarships on both the local and state level for TFB members and their families, John Ross Copeland, Coke County Farm Bureau president, said. "It's our way of giving back to our community and helping Coke County students on their way to success.

Scholarships totaling almost \$80,000 are awarded annually to students who participate in TFB's youth contests, youth leadership organizations or apply for several other scholarships that are made available.

The S.M. True Jr. Agricultural Scholar Award is a major scholarship offered by TFB. The \$20,000 scholarship honors the former TFB president and his commitment and dedication to Texas agriculture.

The scholarship is open to students who have declared agriculture as their major and have at least 60 hours of college

credit.

The Dick Mitchell Memorial Scholarship awards \$1,000 to one high school junior or senior who attended TFB's Youth Leadership Conference in Stephenville during the summer.

Collegiate and high school students who would like to

pursue a career in agriculture are encouraged to apply for TFB's Young Farmer and Rancher scholarship.

Memorial and district scholarships are also available.

"We encourage all high school and college students in County to check out the scholarships and

apply, Copeland said. "Every little bit helps when you're trying to reach your goals.

To apply for TFB's scholarships, visit www.TexasFarmBureau.org.

Information on local scholarships can be found at the Coke County Farm Bureau office.
