Lemley, Jackson Recognized at Banquet! Coke County Soil and Water Conservation District winners attended the San Angelo Area Conservation Awards Banquet on March 30, in Wall, Texas.

Shane Webb presented awards to Joel Lemley (above, left) of Blackwell, as the 2016 Conservation Rancher and Jett Jackson, of Bronte, as the Poster Contest Winner from Coke County. Mr. Lemley was accompanied by his wife of 39 years, Shirley. The Lemley's have been working the land in North Coke County for 21 years. When Mr. Lemley is not working on his ranch, he is calling auctions and appraising livestock. The Lemley Ranch is home to a registered Longhorn and Limousin herd. Mr. Lemley plans to continue working with Coke County NRCS and SWCD offices on improving and maintaining the Lemley Ranch.

Jett Jackson was accompanied by his parents, Danny and Tracy. Jett created his poster after listening to a presentation about how trees benefit us all. His poster showed two trees and between them, he drew examples of how people and animals use trees. Contributed by Erin M. Oleksiuk, Coke County SWCD District Technician.

Letter to the Editor

Re: Bronte Oak Creek Lake
 Property

Dear Editor

Ronny Loyd received a bulk email regarding the sale of the land from Sweetwater. By the time he contacted Sweetwater the City of Sweetwater had sold the land to Bronte. Ronny contacted Bronte about buying or leasing approximately 18 acres of land across the road from his home.

Bronte wanted to fence the land that had been used as a dumping ground. Ronny Loyd said he would provide the labor if Bronte would provide the materials.

The City Secretary contacted Sweetwater as requested by a board member and got a copy of the lease that Sweetwater uses for Oak Creek Lake property. This form was used as a basis for the lease between Bronte and Ronny Loyd.

There was also a verbal agreement between Bronte and Ronny Loyd, to demolish and remove five abandoned houses in Bronte at \$6500.00 each. There was not going to be payment to Ronny Loyd, only credit in that amount toward the land lease of approximately 18 acres at Oak Creek. The total amount was

County Residents Attend Playday! Robert Lee Care Center and Bronte Health & Rehab Center both sent residents, staff and volunteers to San Angelo to compete in the Annual Midwest Playday on Saturday, March 25, 2017. The event was held at the Lincoln Jr. High School. They competed against other facilities in the Concho Valley area. The event consisted of several different sport activities. The Coke County group returned home sporting their medals.

\$32,500.00. Bronte had received two bids to tear down and remove the abandoned houses. The lesser bid was \$13,080.00 per house. The higher bid was \$17,950.00. Ronny had, at his own expense, gone around Texas contacting the owners of the abandoned properties and getting the releases of the owners for the demolition. The demolition was not included in the actual land lease because the City of Bronte did not want any liability in case something went wrong.

Celebrate Libraries during National Library Week

National Library Week will be observed next week April 9-15, 2017 with the theme, "Libraries Transform." Libraries across the nation are continually changing and transforming in order to meet the needs of the citizens. Today's libraries have computerized catalogs, but they also provide computers with access to the internet for visitors to use.

First sponsored in 1958, National Library Week is a national observance sponsored by the American Library Association (ALA) and libraries across the country each April. It is a time to celebrate the contributions of our nation's libraries and librarians and to promote library use and support. All types of libraries - school, public, academic and special - participate.

Celebrations during National Library Week include: National Library Workers Day, celebrated the Tuesday of National Library Week (April 11, 2017), a day for library staff, users, administrators and Friends groups to recognize the valuable contributions made by all library workers; and National Bookmobile Day, celebrated the Wednesday of National Library Week (April 12, 2017), a day to recognize the contributions of our nation's bookmobiles and the dedicated professionals who make quality bookmobile outreach possible in their communities.

The Public Awareness Office of the American Library Association coordinates the promotion and placing of articles in national media. Librarians, Friends and trustees of libraries join in sponsoring local promotions. Posters and other promotional materials are available through the ALA Graphics Catalog.

The ALA Public Awareness Committee assists in planning National Library Week and related activities. The committees holds open meetings at the ALA Annual Conference and Midwinter Meeting. Suggestions are welcome.

Retired Teachers Go to Austin! The Coke County Retired Teachers Association had eight members representing retired school personnel at the state convention and TRTA Rally Day in Austin, March 28 and 29. The group also joined almost a thousand other retired school personnel from across the state for the Rally at the Capitol on March 30. All the retirees were wearing red and filled the galleries of the Texas House of Representatives at 10 am and the Texas Senate at 12 noon.

Senators and Representatives of both Houses addressed the retirees from the floor expressing appreciation for their work. Those who expressed support of retiree health care and pensions received rounds of applause. Some said it might have been the first time their were no empty seats in the galleries.

TRTA members know that the legislators have a full agenda every two years and appreciate their efforts to make Texas a good place. It is hoped that the legislators present recognize that the retired personnel in attendance in the galleries represent some 80,000 other folks with a vested interest in their votes on the floor of the House and the Senate.

The Coke County Retired Teachers meet each third Monday of the month, beginning in September (December not included) at noon at the First Baptist Church in Bronte for a pot luck lunch and meeting and visitation. All retired school personnel are encouraged to join and attend. Visible participation is proof of active support of TRTA and the work done on behalf of retired school personnel. The next meeting will be Monday, April 17, at noon at the First Baptist Church in Bronte.

NOTICE OF RATE CHANGE REQUEST

Oncor Electric Delivery Company LLC ("Oncor") publishes this notice that on March 17, 2017, Oncor filed with the Public Utility Commission of Texas ("Commission") its Petition and Statement of Intent to Change Rates, a copy of which is kept at Oncor's office at 1616 Woodall Rogers Freeway, Dallas, Texas 75202. This notice is being published pursuant to Commission Procedural Rule 22.51(a)(1).

Oncor's rate filing, based on the system-wide financial results for a 12-month test year ending on December 31, 2016, adjusted for known and measurable changes, supports a net increase in transmission and distribution rates of approximately \$317 million over adjusted test-year revenues, or approximately a 7.5% increase over adjusted test-year revenues of \$4,214.2 million. Test-year revenues have been adjusted to normalize billing units, to remove the revenues associated with Oncor's Energy Efficiency Cost Recovery Factor, and to increase test-year revenues to reflect Transmission Cost of Service ("TCOS") and Transmission Cost Recovery Factor ("TCRF") adjustments. TCOS revenue was adjusted to include the September 15, 2016 interim update rates at 2016 Option 2 ERCOT ACP. TCRF revenue was adjusted to equal the March 1, 2017 TCRF revenue requirement reflected on Line 2, Attachment A of Oncor's petition filed and approved in Docket No. 46616. If approved, the increased rates will be charged to Oncor's direct customers, all retail electric providers ("REPs"), in those portions of Oncor's service area under the original jurisdiction of the Commission. Each such REP is potentially affected by the proposed change. Depending on the REPs' actions, the end-use customer classes of such REPs are potentially affected by the proposed change. In addition, the result could be a change in Oncor's transmission cost of service rates, which would impact all load serving entities in the Electric Reliability Council of Texas. Oncor has requested an April 21, 2017 effective date for its proposed rate change.

Persons who wish to intervene in or comment upon these proceedings, in Docket No. 46957, Application of Oncor Electric Delivery Company LLC for Authority to Change Rates, should notify the Commission as soon as possible, as an intervention deadline will be imposed. A request to intervene or for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326. Further information may also be obtained by calling the Commission at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the Commission at (512) 936-7136. The deadline for intervention in the proceeding is 45 days after the date the application was filed with the Commission.

... Letter to the Editor
(Continued from page 2)

His plan was to take the usable lumber from the demolitions and build some rental units on the Oak Creek land. These rental units would be of benefit to visitors to Ft. Chadbourne and the City of Bronte.

The proposed lease for the Oak Creek land of approximately 18 acres was presented to Ronny Loyd and the Bronte City Council. The Bronte City Council approved it unanimously. Ronny Loyd accepted and signed the lease.

Later it was determined the length of the lease, 99 years, might not be legal. Ronny Loyd was contacted by the City Secretary and agreed to a shorter term on the same day that he was contacted.

The Bronte City Council voted unanimously to terminate the original lease and renegotiate a new lease. After much opposition from visitors at the City Council meeting, they rescinded the motion to renegotiate the lease with Ronny Loyd. The council agreed they owed money to Ronny Loyd for his labor and improvements to the approximate 18 acres. The City of Bronte hired an independent company to appraise the improvements to the land. That appraisal was \$36,900.00 less \$2,000 for materials resulting is an appraisal of \$34,900.00. The City Council voted to offer Ronny Loyd \$30,000.00 for his labor and improvements. Ronny Loyd accepted and signed the offer. Afterwards the City Council rescinded the offer of \$30,000.00 and took no action to pay Ronny Loyd for his labor and improvements.

I realize by making this statement, I am not going to win "Man of the Year" but in my opinion the Bronte City Council may have showed questionable business practices but I can not

find anything unlawful.

To me, some of the worst actions were made by a few of the citizens of Bronte who made accusations against their neighbors. Some were debatable but some were just nasty and untrue. Mr. Sandusky taught and/or coached many of the Bronte residents and is well known. The statement "Some good old men go bad when they get on crack cocaine and no one knows what they will do" is the worse statement that I have ever heard. That statement about Mr. Sandusky could not be further from the truth and to insinuate it, was terrible. To the person who made the accusation that Mr. Sandusky received a barn from Ronny Loyd in exchange for special favors, that is a lie. Mr. Sandusky bought and paid for his barn before the Oak Creek lease was even thought about. I have known the Sandusky family for almost 79 years. I have never known or even heard one negative thing about any of these family members.

The rumors that were started that Mr. Loyd was not acting in a moral or professional manner are totally over the top. The innuendo that Ronny Loyd was an associate of another late Bronte contractor or the same type of contractor is ridiculous. Ronny Loyd is the best contractor that I have dealt with. All of his work is above and beyond what he contracted to do. I feel fortunate to have him as a friend.

Martin Lee has always tried to do things and promote projects to benefit Bronte.

Perhaps Bronte has a City Council that has shown poor judgment. I don't know. What I do think is to replace them with the type of folks that would use untrue tactics to try to bring down other people is scary.

The reason that I ever got involved with this is a man

approached me and handed me a piece of paper and asked if I agreed with this deal. I replied that it didn't matter if I agreed with the deal or not, but it was a done deal. And if he pursued it, it was going to cost the City of Bronte a lot of time and money, which it has as of this date. I am guessing since I didn't agree with him, he is now spreading false rumors about me too.

I have always told my kids "Do what would make your mother proud." Can everyone involved with this entire ordeal truthfully say they have done this?

... National Library Week

(Continued from page 3)

In the mid-1950s, research showed that Americans were spending less on books and more on radios, televisions and musical instruments. Concerned that Americans were reading less, the ALA and the American Book Publishers formed a nonprofit citizens organization called the National Book Committee in 1954. The committee's goals were ambitious. They ranged from "encouraging people to read in their increasing leisure time" to "improving incomes and health" and "developing strong and happy family life."

In 1957, the committee developed a plan for National Library Week based on the idea that once people were motivated to read, they would support and use libraries. With the cooperation of ALA and with help from the Advertising Council, the first National Library Week was observed in 1958 with the theme "Wake Up and Read!"

National Library Week was observed again in 1959, and the ALA Council voted to continue the annual celebration. When

the National Book Committee disbanded in 1974, ALA assumed full sponsorship.

Fire Season Tips

By Mark Sides, RLVFD
Above average temperatures, large amounts of dry fuels, low relative humidity, and strong winds could again set the stage where a careless spark, a lightning strike, or an arcing power line become the opening number in a Texas Firestorm.

Robert Lee, Bronte and outlying communities are no different from other rural Texas towns where rangeland, pastures, and CRP may be near or immediately adjacent to homes and businesses.

These are a few simple items that will reduce the chances of your home going up in smoke:

- 1) Routinely clean gutters, especially in the fall. Keep your yard clean of leaves, limbs, and dead grass.
- 2) Remove tree limbs that extend over the eaves of the roof or within 10-15 feet of the chimney
- 3) Keep your grass mowed to a 4" height or less, and if possible, well watered during periods of extreme drought. Prune tree branches at least 10 feet from the ground.
- 4) Landscape using deciduous trees and shrubs such as oaks,

agarito, eastern redbud, desert willow, and sages. Avoid junipers, pines, and other evergreens unless they are planted 100 feet or further from the house.

5) Make sure your house number and street number are clearly posted to provide firefighters easy identification.

6) Maintain at least 30 feet of open space between your home and the surrounding brush line or CRP field.

7) Avoid concentrations of shrubbery or ornamental grasses up against the house.

8) Have garden hoses connected at all times and long enough to reach around the house.

9) Store firewood at least 15 to 30 feet away from the house.

10) Maintain roads and entrances to provide easy access and adequate turnaround space for emergency equipment.

11) Exercise extreme caution and keep a reliable, pressurized water source handy when doing any outdoor burning or welding.

12) Don't allow tall grass and debris to accumulate against your house or under your porch or deck.

These items alone may not guarantee that your home will survive, but they will give your home and responding firefighters a fighting chance.
