Rural Carriers to Render Service December 26th.

The Postal Service is again reminding that it must begin to make preparations for handling the Christmas mail and that the time has arrived when it should prepare to inaugurate its annual "Mail early" campaign.

In order to secure the best results, we must invite and receive the closest cooperation of the mailing public. Please note that this year Christmas falls on Sunday, but that the day following, Monday, has been fixed as the day on which the holiday will be generally and officially observed.

In arranging for this year's holiday program it will be understood that no carrier deliveries, except special deliveries, will be made on Sunday, but that the usual Sunday routine will be followed. But on Monday, the day to be observed, it will be necessary for postal employees to work during the forenoon in order to prevent a congestion which would certainly follow a suspension of deliveries of 48 hours. It is planned to complete the work during the forenoon and that all employees except such as are necessary to keep the service moving shall be excused from further service at noon. This will apply alike to city, village, and rural deliveries.

Postmaster General

Cotton Meeting Settles On One Variety of Cotton

For several weeks a movement has been on foot to standardize the Hermleigh Community on one-variety of cotton. Mr. R. D. Kinney of the First State Bank has for several years encouraged a movement of this kind, as well as several of the farmers and leading men of the town. Tuesday night this culminated in a meeting and the one-variety that the majority of the people wanted was determined upon. The Kasch variety won the community by the slim margin of three votes. Mebane was second with 20, Bennett 10 and Qualle 1. The feeling of the men sponsoring the variety they wanted was very keen with considerable rivalry between the Mebane and Kasch; but the final outcome most of the men accepted the results and agreed to abide by the will of the majority. Neil Farr, A. P. Gannaway, and Walter Moore were elected as the purchasing committee to buy the car load of cottonseed.

Several seed men were present at the meeting which in all lent much favor. The meeting was very interesting and it is believed the outcome will all be gain, nothing lost for the Hermleigh community. If developed to its full possibility this plan should mean many dollars to the people of this community in future years.

Poultry Show on December 1, 2 and 3rd

Make your plans for the poultry show on the 1-2-3 of December. The catalogue is off of the press and can be secured at the county agents office or through the secretary Mr J. A. Merritt.

Two Club Boys Make 4 Tons Of Maize Per Acre

Two club boys John Henry Trussell and S. D. Hays make over four tons of maize this year per acre, in fact John Henry Trussell made almost 4 1-2 tons. It is believed this is almost a record yield in the county. It is certainly a mark at which many should shoot. - CC Willis county agent Snyder Texas

Will Faith Build Hermleigh?

Text: "According to thy faith, so be it unto thee."

A Ford car was seen in town this week which carried Wichita Falls motto, "The City Which Faith Built." Can our people not believe? What is faith but "lunging into the future with a program equal to any task which might be met? If faith build Wichita Falls, believing will make Hermleigh. "Faith as large as a grain of mustard seed will remove mountains." "Without faith it is impossible to go forward. For the town that goeth forward must believe that things can be done."

Thanksgiving Day 1927.

Another Thanksgiving Day quietly passed by adding another year to the age and development of our country. Conditions are very different now than in the days of the Pilgrim Fathers, but we look back to them with much pride. They are our fathers; we are their sons and daughters but are we worthy of them? Is a serious question. "Men should run to and fro, and knowledge shall increase." "The time will come when ye shall say, Blessed is he that cometh in the name of the Lord."

Notes From The Gannaway Community

The weather having been so beautiful for cotton picking, the latter part of the season most every one is about through picking now.

The Gannaway school began last Monday. All the children were unable to enter at that time on account of some little cotton which is yet unpicked.

Mr. Lawrence visited in Snyder Saturday. Mr. Jim Cox and family spent Sunday with J. C. Hays. Mr. and Mrs. McFarland visited their daughter Mrs. Earl Chitsey of Inadale, Sunday evening. Miss Zeta Black was in Hermleigh Saturday.

German School Has Pretty New Building

The German school community voted bonds to the amount of \$1500.00 about a year ago to erect a new school building. It has been completed recently and is one of the neatest little school buildings in the country. The heating system was installed last Saturday and the beautiful new building will open Monday December 5th.

The faculty is composed of Rufus Mize and Christine Neal. Mr. Mize is a very forward looking young man and one of which the community should be proud, the reporter has never met Miss Neal.

City Well Going Down; Location Wisely Selected

Through all the ages of the past men have wondered if Romulus and Remus actually nursed a mother wolf; we have wondered why King Solomon and Hiram Abiff should build the Temple on Mount Moriah instead of some other place; we have been dissatisfied with the fact that ancient Rome should ever have had the rival-Constantinople; we wonder why America should not have been discovered before the day of Columbus; we wonder why the Capital City of our government should be in the District of Columbia; it is still a curious thing to some that the Capital City of our state should be Austin instead of Tehucanna; why our county should have been called Scurry and the site Snyder some wonder, and there are those who wonder why our water tower of which we are all so justly proud should have been located where it is.

The Herald is sure that we are fortunate to have a water system at all. It could not have been located to suit everybody, and the Herald is elated to see it go up at any place in town. The work has been delayed somewhat already by the Council in conference with themselves and with private citizens of the town in an effort to locate the well so as to represent the best interest of town at large.

The Council encountered a difficulty at the first in making it possible to have the system. It was found both safe and necessary to cut expenses as much as possible in connection with the operation. The location as selected by the Council is saving the city about \$600.00 in the outset, \$300.00 for location and \$300.00 for extra mains.

According to the symmetrical arrangement of the tower, pump house and reservoir, a beautiful boulevard effect is outlined for the street at this point. Two or more rows of trees are to be set along this street, if the plans of Council are rightly understood.

About forty working days are required to complete the job, it is estimated, and the Herald thinks that the entire citizenship should begin now to plan a big celebration opening all the doors in town to the new water system which will be a Xmas gift to our little city. What do the townbuilders think?

The Community Box Supper To-Nite 7:30

The Community Box Supper conducted under the auspices of the Missionary Societies of the Central Baptist and Methodist Churches will be a 'reality' about 7:00 this evening. Those whose boxes are not prepared already will begin now to get it ready.

No one has been able as yet to guess which of our girls will win out in the beauty contests, but there is little question as to who will win in the contest of "ugliness" on the part of the men. Unless banker Kinney and editor Norman should be interred, the test will be between our two resident pastors, Leslie and Hudson.

The whole occasion is to represent the "good old days of old." Wake Up!! And Get Ready For The "Old Timey Box Supper To-Nite."

Gin Report Runs Cotton Up \$3.00

The gin report which has just come in, totaling only 10, 896, 182 bales, has made us all feel better. The year -27 is a matter of history now, and no great deal accomplished; but the prospects for another year inspire us. The more optimistic are expecting next year to be the best one in the last decade.

Hermleigh Cotton Club to Order Seed Dec. 1st.

The purchasing committee of the Hermleigh Cotton Club, consisting of N. E. Farr, A. P. Gannaway and W. O. Moore have notified the public that all of those farmers who wish to enroll as members of this seed standardization club and who wish to get the pedigreed Kasch Cotton at \$2.30 per bushel must have their orders filed before December 1st. It is hoped that as many farmers as possible will avail themselves of this opportunity within the next few days.

Katie Marie Louder Burned

Katie Marie, seven year old daughter of Mr. and Mrs. Jess Louder of Snyder, formerly of Hermleigh, was severely burned in the home Saturday. The burn was caused by the child's falling against a hot stove in the bath room. The injuries are not considered fatal.

Anniversary Dinner Jointly Served Sunday

Mesdames Warren Chorn and D. R. Layman were joint hostesses to their husbands Sunday, the 20th. The occasion was a double anniversary, twelve years for Mr. and Mrs. Layman, on the 22th., and three years for Mr. and Mrs. Chorn on the 15th. The main thing staged in connection with the joint celebration was the big dinner. The twain husbands expressed no regret concerning life-ventures, but will look forward with much interest to the coming of another anniversary, they said.

J. R. Coker Employed By City

J. R. Coker has been employed by the Utility Engineering Company of Dallas in connection with the construction of our new water system. Coker is a very efficient man for the place, and the Council is to be commended for its choice in employing him in this capacity.

The Great Monster Commercialism

If the reader will read the 18th chapter of the book of Revelation in our Bible, he will be astonished to learn that the power of commercialism was forecasted approximately 2,000 years ago.
 Every apostate condition in the church came about through a disposition to commercialize our religion. This principle is very deeply seated in our nature. "The love of money is the root of all kinds of evil."

Our children came in from the laboratory at the high school last Friday evening elated over discoveries made there and among which was the actual surface of paper. The one said, "Daddie did you know that paper doesn't have a smooth surface? When we looked at it through the microscope it looked like hills and valleys." When looked at through the microscope everything is different than it appears.

No one knows the folly of speaking or writing things in which people are not interested, better than we know it, but the things which we do not want to know are often the most vital.

The illiteracy of our people is appalling. Why are they illiterate? They are illiterate because of lack of schooling. Why do they lack for schooling? It is because our schools are inadequate. Why are our schools inadequate? It is because they are not properly financed. Why are they not properly supported? They are not sufficiently supported because of the lack of wealth in the country. Why is there a lacking of wealth in the country? Here we should pause and give the subject much study. If we are interested in economics and economic problems, let us give this consideration. Let our readers study this with us until our next issue is off of press and then see how wide-

Will Use Some Comics Representing The Modern Printing Shop

We have bought some short cartoons showing humorously the mistakes and problems of the print shop. The printer makes no more mistakes than anyone else but his mistakes are turned up before the eye in such a way that every body can see them. For instance, there is a clipping in this issue of the Herald from a paper published for the government, and it is positively amusing to read the original copy.

The printer is like every body else, he is imperfect. There are only a few automobiles made which will hold a speed of 65 miles per hour. Why will they not hold this speed? The fault is in the motor. Most men will make mistakes. Why? because the average mind is imperfect.

The humorous thing about these comics is that they are all true. But the printers life and experiences are not at all different from those of others. We all have our experiences. We all have our problems, our best days and our worst ones; but it is thought that if there is any difference the printer gets the bad end of it. To say the least that can be said the printer's imperfections are right before his own eyes and the eyes of every body else. He cant hide himself as others do and becomes the subject of nearly every conversation.

We are also hopeful that we may be able to get the International Sunday School lesson for the benefit of many of our readers who are interested in it.

ly we differ on the subject. Remember that the "Microscopic" is often greater than the majestic."

ISAIAH TEACHES TRUE WORSHIP

LESSON TEST—Isa. 1:1-10.
GOLDEN TEXT—O magnify the Lord with me and let us exalt his name together. I saw the Lord and he heard me and delivered me from all my fears.
PRIMARY TOPIC—Worshiping God.
JUNIOR TOPIC—Worship That Pleases God.
INTERMEDIATE AND SENIOR TOPIC—Worship That Pleases God.
YOUNG PEOPLE AND ADULT TOPIC—The Nature of True Worship.

Isaiah had a long ministry, beginning in the days of Uzziah and extending through the reign of Jotham, Ahaz and Hezekiah. For a history of the nation in this time see II Kings, chapters 15 to 20. Isaiah's visions present the redemptive purpose of God through the consummation of Messiah's kingdom. Chapter 1 is the title to the whole book. It contains the great arraignment of the people for their sins.

I. The Moral State of the People (vv. 2-4).

1. Filial ingratitude (v. 2).
The universe is summoned to bear the Lord's complaint against Judah and Israel for their base ingratitude.

2. Brutal stupidity (v. 3).
The ox and the ass are proverbially stupid, but Israel's stupidity exceeded theirs. Israel would not recognize His right as sovereign, nor author of mercies.

3. Habitual evil doers (v. 4).
They were not sinners in act merely, but in nature and heart were laden with iniquity. By heredity they passed their vices from generation to generation.

II. Their Consequent Miseries (vv. 5-9).

1. Their perplexity (v. 5).
Chastisement only hardened them. Their afflictions were followed by deeper and more heinous sins.

2. Their awful confusion (v. 6).
The calamity which befell them extended to all classes. No one was able to minister to their comfort.

3. Desolations in the country (vv. 7, 8).
Revolts from within and invasions from without left their country desolate. Physical ruin always follows moral and spiritual decadence.

4. A saved remnant assured (v. 9).
God's purposes cannot fail. A remnant was saved in Israel—a remnant shall be saved in the church.

III. Formal Worship Rebuked (vv. 10-15).

Their awful calamities were not due to the neglect of religious rites and ceremonies. They punctiliously observed the forms of religion while indulging in iniquitous practices.

1. God does not need sacrifices (v. 11).
Worship and service are not for God's benefit, but for that of the worshippers themselves.

2. God's attitude toward formal worship (vv. 12-14).
The very rites and ceremonies which God ordained for the purpose of helping men to approach Him become disgusting and irksome to Him.

3. God's refusal (v. 15).
Every act of worship while the heart and life are steeped with iniquity only incites the anger of the Holy One.

IV. An Amended Life God's Requirement (vv. 16-20).

Though the nation had so grievously sinned, their case was not hopeless. In order to enjoy that mercy there must be:

1. A cleansing.
"Wash you, make you clean." The washing by water symbolized the cleansing by the blood of the Son of God.

2. "Put away the evil of your doings."
There could be no cleansing while continuing in sin.

3. "Cease to do evil."
4. "Learn to do well" (v. 17).
One can only cease to do evil by learning to do well.

5. "Seek judgment."
One must not only be upright himself but should protest against the wrongdoing of others. Burdens should be removed from the oppressed. Justice should be done to the fatherless and the widows should be befriended.

6. Encouragement to come to God (v. 18).
Though their guilt was great and the judgment which befell them was awful, God's pardoning and cleansing grace were sufficient.

7. Conditional promise (v. 19).
This means that they could only enjoy good on God's terms.

8. Solemn warning (v. 20).
Rebellion against God brings ruin.

Streets Crowded On Saturdays

Over two hundred cars were parked on our streets at one time last Saturday. This is perhaps the greatest number which have been in Hermleigh at any one time this fall. Our street will have to be made longer to accommodate the traffic. The Herald says "Let the folks come to town and enjoy the association one with another at least once each week. It is good for them."

Petty Thievery Going On

J. R. Coker was looser Sunday night to a group of petty thieves. While he and his family were attending the service at the Methodist Church his car was rumaged and among the things lost were his motometer and light bulbs. It happened that some one left the church about the time of rumage and saved other cars of similar loses. Is there not some way of relieving our society of this wave of petty thievery?

Hargraves Family Wrecked Sunday
