

The P. T. - A. Needs Help

The P. T. - A. ladies are having trouble raising money to gravel the street leading from the pavement to the school building. This is a very important matter and should have greater consideration. The public school is a community enterprise and the way it is promoted speaks out loud for the enterprising spirit of the citizens of the school community. Whatever goes into the physical fitting of the school goes directly into the life of the community and indirectly into the lives of the student body.

The Herald is trusting that the P. T. - A., led in this drive by Mesdames Stevenson and Ward, will not cease their activities until an interest stimulated. Men, let us get behind the school and make it take the lead in community activities as is expected of our schools today.

Church of Christ Employs Minister

The Church of Christ here has recently called to the pulpit of their church, Elder C. B. Glasgow, of Merkle. He will be with the church here every 1st. Sunday at 11:00 o'clock a. m. and at the Pyron school auditorium at 3:00 in the afternoon.

The Elder Glasgow, we understand, is an excellent man and a good preacher. He will begin his work here next Sunday.

Brownfield For Sheriff and Tax Collector

Sheriff Brownfield was in the Herald office last Friday, and authorized us to announce him to our readers as a candidate for re-election to the office of Sheriff. Mr. Brownfield was a little humorous in his announcement talk to us. He said he had no opponent as yet, and seriously hoped that every body would leave him alone, for he wanted to be Sheriff again the next term. "I may have learned to be a real good sheriff by the time this term expires," he humorously continued. "The office of Sheriff is a big job, and requires a lot of 'learning how,' I have observed," he said.

Mr. Brownfield, as we know him, is a very fine man and the county is fortunate to have him in the Sheriff's office.

R. D. and Mrs. Kinney Honored By Chapter

Hermleigh Chapter 482, O. E. S. entertained with a social Fri. Jan. 27th. in honor of two members, Mr. and Mrs. R. D. Kinney who are moving to Coleman where they will make their future home.

Several interesting games were indulged in after which the Worthy Matron, Mrs. W. R. Terry, in an appropriate and very unique speech presented them with a picture entitled "Morning" in recognition of their usefulness to the Chapter while living here. Delicious refreshments were served. The Chapter regrets very much to lose Mr. and Mrs. Kinney.

German School News

Edd Hendrix has returned from Shamrock, will remain with his father here this year.

Robert Schulze and Frank Watzl made a business trip to Sweetwater Thursday, but failed to do any business. However Robert went back Friday and returned with a brand new Chrysler 6 2 sedan.

Mr. Willie Kubena and family made a business trip to Sweetwater Saturday.

Mrs. J. E. Parker and two children have returned from Dallas. They left Tillman at Dallas to take treatment of Dr. Carroll.

J. F. Kuss and his father A. Kuss of Hermleigh visited John Neitzler Sunday.

Mr. and Mrs. Rufus Mize went to the Abraham Lincoln play at Snyder Monday night.

Don't forget the P. T. - A. tonight. There will be plenty of entertainment. Supt. Bullock and C. of C. Sec. Evans, of Snyder and editor Norman of Hermleigh, will be the principle speakers for the evening. We urge every parent of the community to be present.

The Rev. Nance Speaks At Church Here Sunday

The Rev. Nance, general Sunday school Superintendent for Methodist General Conference, former minister and school teacher, was the main speaker at the special Sunday school service at the Methodist church Sunday night.

The Rev. Vance is experienced in this line, having spent most of his life in Sunday school work. He said that the church which is leading all other churches to day in this line of work is Missionary Baptists. He said it would be a fine thing if all other churches would pattern after them. The Methodist church, though a little larger, is second to the baptist in activity, he said.

The church which has a dead Sunday school is a dead church, and the community which has a dead Sunday school is a dead community, Rev. Vance has observed.

Missionary Society Elects Officers

The Missionary Society of the Methodist Church, met with Mrs. Hugh Vaughn Monday afternoon and, it being the fifth Monday and no program having been planned, the afternoon was spent visiting the sick and those who have recently moved into town.

The new officers for the ensuing year are: President, Mrs. F. A. Werner; Vice-president, Mrs. H. M. Hudson; Corresponding Sec., Mrs. K. B. Rector; Recording Sec., Mrs. John Lynde; Treasurer, Mrs. B. Y. Rea; Superintendent of Study, Mrs. J. I. Chorn; Superintendent of Publicity, Mrs. Hugh Vaughn; Superintendent of Social Service, Mrs. S. C. Randals; Superintendent of Supplies, Mrs. J. R. Coker, Supt. of Local work, R. B. Tucker.

Louder Appointed Head of Assn.

Mr. W. E. Louder was notified this week that he has been appointed local manager of a Builders and Loan Association to operate in Hermleigh. This organization will go to work at once.

Investments in this Association are absolutely safe and is a sure means of saving the money invested, and while this is true, the money at the same time is lent out to others who want to build homes in and near the town where the Association is located.

This is a fine opportunity to save invest and build up the town to enhance the value of property here. The Herald is elated over the coming of this fine organization to our town.

The Contest is progressing nicely with Inadale still in the lead.

High School Needs Publicity

We have been asked repeatedly why our high school is never mentioned in the local paper. The fact that such an enterprise as this is never say anything to the public is noticeable to every body. We ourselves have been curious about it.

When the County Rural School News comes each month we see our high school drawn across the column listing itself with the rural schools of the county. Denkey, donkey! Our school is independent of the county; it is a big enterprise. It may consider itself rural but the other enterprises such as banks, mercantile establishments, big water systems, city incorporations with restricted fire limits, builders and loans, newspapers, and etc., have a different view of it.

Now listen Supt., principle, faculty, board and patrons of the Hermleigh high school, get out of this, we live right down in town. No individual or enterprise has risen above its aspirations. The Hermleigh high school is a big institution, and let us not minimize it.

The Herald will give the school all the space it wants for publicity purposes.

First Baptists Have Association

The fifth Sunday meeting of the North Colorado Baptist Association has just closed a very successful session with the Valley View Church. The attendance was good and there was a great feast of good things both for the natural man and for the spiritual man.

I am so anxious concerning the closing of the contest here Saturday afternoon, that I am coming to you face to face and asking you for your subscription even at this last minute. I am very hopeful of winning the first prize in this contest, but we can not always tell you know. I have striven to see every body in person but have missed a goodly number, possibly, and I am asking that you be at the Hermleigh Pharmacy at about 4:00 o'clock to-morrow and see me there so as to get your counts in before the close promptly at 5:00.

Yours very truly,
Mrs. L. B. Rea.

The next meeting of the Association will be held with the First Baptist church at Fluvanna, fifth Sunday in April.

The Rev. Cooper, Portuguese Missionary, spoke at the First Church here Sunday night to a large crowd. He will return to the foreign field in June.—C. E. Leslie, pastor.

Is It Well To Keep The Law?

The sentiment against lawlessness in Hermleigh is becoming stronger each day. It has been learned that whiskey is being transported from other counties and is being sold here. It should not be an unexpected thing if the citizens of town should resent this. It is against the standard of our ideal; it is against the standard of our morals and, moreover, is against the law. The fact that whiskey could not be sold except to buyers, is an evidence against us. Just as long as there is a market for any commodity, some one will handle it.

We are going to offer this remedy for the dilemma. Let all our churches of the community join in a big revival of religion. This has never failed to get results. What do the church folk say? The heart is the source of all evil, and religion is the only means of changing the heart. If

The clause, "to learn to subdue my passions, and to improve myself", is a clause which is full of meaning. It might be taken as a text for a long discourse or for the subject of a long editorial.

We are all full of faults. "The pot" has no right to call the "kettle" blackie." Some of us are anxiously striving to overcome our faults and keep our transgressions hidden from the eyes of society, while others do not seem to care. This is the difference, when considered from a standpoint of society.

An effort to enforce the law is not an effort to interfere with the rights of others, it is an effort to protect the interests of society. The man who goes home from town and locks himself up in his cellar and gets drunk is hurting no one but himself, but the fellow who gets drunk on the street disgraces the whole town. There is an individual interest and there is a common interest.

When individual pleasure interferes with common interest, the individual should be restrained in his doing. Law is nothing more than the reasonable demands of society, and the enforcement of the law is nothing less than the protection of society. Every person who open-

Children are too largely overlooked. We have two of them who are helping to put our paper out, and we have decided to have a children's department and let the boys edit and publish it. Children have as much right to be mentioned in the local paper as grown ups, and so we are going to try this plan. If the boys get out on us, this department will be discontinued. We are going to let the boys do this to suit their own selves. What is seen here from week to week will be an example of what the eight grade can do. We are hoping our little folks will enjoy this. It is especially for those under the age of 14 years.

Lesson for February 5

JESUS MISUNDERSTOOD AND OPPOSED.

LESSON TEXT—Mark 3:19-36; 6:1-4.
GOLDEN TEXT—He who loved him not, but as many as received him to them gave he power to become the sons of God, even to them that believe on his name.
PRIMARY TOPIC—Friends' Misunderstanding Jesus.
JUNIOR TOPIC—Friends' Misunderstanding Jesus.
INTERMEDIATE AND SENIOR TOPIC—Facing Unavoidable Opposition.
YOUNG PEOPLE AND ADULT TOPIC—The Misunderstood Jesus.

I. Jesus Misunderstood by His Friends (3:19-21).

1. The occasion (vv. 19-20).
A series of important events in the ministry of Jesus had followed each other in rapid succession. The twelve had been chosen and He with His disciples had just returned from a trip of preaching and healing in Galilee. Such great interest was aroused that though Jesus was weary and hungry He did not have time to eat.
2. What His friends purposed to do (v. 21). They went out to try hold on Him. They saw Him giving Himself with absolute abandon to His work so they attempted to rescue Him forcibly by taking Him from His work.

3. What they said (v. 21). "He is beside himself." His passionate devotion to saving the lost seemed to them a kind of insanity.

II. Jesus Opposed by the Scribes (vv. 22-30).

1. Their charge (v. 22). They charged Him with casting out demons by Beelzebub. According to Matthew 12:22-24, the Pharisees joined the scribes in this charge. The occasion which provoked the charge was the healing of a man possessed with a demon. Unable to explain His unwearying service for needy men by attributing His zeal to religious frenzy they accused Him of being in league with the devil.
2. Christ's reply (vv. 23-27). He exposed their folly by a question and by parables.

(1) "How can Satan cast out Satan?" If after Satan gets control of a man he should voluntarily relinquish that hold he would thus become his own enemy. In view of the nature of the devil this is unthinkable.

(2) "If a kingdom be divided against itself that kingdom cannot stand (v. 24) Civil war is national suicide. A living example of this folly is seen in China today.

(3) If a house be divided against itself, that house cannot stand (v. 25). House here means family. The family that wars against itself will surely perish.

(4) No man can enter into a strong man's house and spoil his goods except he first bind the strong man (v. 27). Satan here is the strong man, the house is the world, the goods of the house are the human beings whose welfare and happiness Satan is seeking to destroy.

3. Christ's charge (vv. 28-30). Since He was doing the works of God (for before their very eyes He had driven the demon from the man) He was undoing the works of the devil. He went about doing good. Wherever He went men were blessed. The eyes of the blind were opened, deaf ears were unstopped, the lame were made to walk and the dead were raised. Having with unanswerable logic met their accusations He charged home upon them most awful guilt, that of blasphemy against the Holy Ghost. Blasphemy against the Holy Ghost is attributing the works of the Spirit to the devil. For this great sin there is no pardon.

III. Jesus Misunderstood by His Family (vv. 31-35).

His brothers and mother came with the object of getting Him home because they thought He had lost His reason. Of course His brothers did not believe on Him as the Messiah but their filial interest moved them to try to get Him home. No doubt this was most careful to Jesus. This motive may have been right but they were used of the devil to hinder Him.

IV. Jesus Misunderstood by His Few Townsmen (6:1-6).

The citizens of Nazareth were unable to question the reality of Christ's work and the power of His words but because He was one of them they were offended at Him. This is a marvelous example of the blighting effects of prejudice. Because of this attitude of soul on the part of the people His wonderful working was very limited among them. And He marvelled because of their unbelief.

Vanity

Vanity of vanities saith the preacher; all is vanity. And moreover, because the preacher was wise, he still taught the people knowledge; yes, he gave good heed, and sought out, and set in order many proverbs.—Ecclesiastes 1:2-8.

Ocean Sounded by Sound

By a new invention the depth of the ocean is being sounded by sound. The echo sounder, as the new machine is named, works on the principle that sound is echoed back from the bed of the sea, just as it would be from cliffs on the shore. The speed at which sound travels in sea water is 4,935 feet a second. The distance to the bottom is determined by the length of time it takes for the sound to travel there and back to the ship.
