

GOOD EXAMPLE OF FARM TERRACING

It was our good fortune to visit in the Hoyte Murphy home last Tuesday evening and enjoy with the family a fine dinner, prepared by the twin sisters, Edith and Edna, 13, 4-H club girls.

Among the most interesting things seen about the farm home was the newly terraced field. In our opinion Mr. Murphy has a properly terraced farm. Some of the terraces are a mile long, winding themselves through the field. Murphy did quite a bit of this terrace work himself with a grader of his own construction. This attracted our interest. If the farmer can arrange to do his own terracing and keep down all overhead expense, terracing will become practical. There can be no question about the wisdom of it. Mr. Murphy thinks it is practical for the average field to be terraced at a minimum expense.

Murphy is growing most everything in his fields, and has the farmed stocked with every sort of livestock except goats. He has one of the finest bulls in the state. He has nice pin of dairy cows, nice pins of hogs, sheep, turkeys, guineas, chickens and etc. Certainly on the bases of years this type of farming will pay. Mrs. Norman and Ritta Jane were with us.

However nearly extinct the wagon and the team is there are still a few traces of it in existence here. Roy Spikes drove a team of mares into town Saturday with a pretty mule colt following. This is like old-time substantial prosperity. This is a little slow for our time, but it will stand up.

Fire broke out in Pyron teacherage about 10:00 o'clock Monday, destroying the building and most of its contents.

Supt. and Mrs. Bryant, Mr. and Mrs. Vick, and Mr. and Mrs. McCown were rooming in the building, it is reported here.

Rev. L. H. Beane reports the marriage of a Mr. Norris and a Miss Parker whose ceremony he read here Saturday afternoon.

N. B. Wallace was in town Sat

GERMAN SCHOOL NOTES

Most all our famers are busy planting.

Philomena Wimmer was badly injured last Wednesday when run over by a car. She is doing nicely at present.

Adolphus Kubena is in the Sanitarium at Glenrose. Willie Kubena carried him as far as Sweetwater.

Mr. Frank Watzi and Robert Schulze made a business trip to Sweetwater Friday.

Mr. Charlie Hilcher has kinspeople visiting in the home from Stamford this week.

Misses Mary Ann Nachlinger and Annie Kubena went kodaking last Sunday afternoon.

Mr. and Mrs. Joe Roemisch of Hermleigh, J. T. Mize and family of Vallie View, and Frank Watzl and family all visited in the Rufus Mize home Sunday.

Messrs. Rufus Mize and Joe Roemisch and families attended the closing exercises at the China Grove school Friday night. They reported a fine program.

Our school will not close before cotton-chopping time.

FEEDING CHICKS

Mr. Joe Leech is having the best luck with baby chicks of any body we have heard from this year. Out of the first hatch of 300 he lost only 10, while he has lost only 2 out of the last hatch of 400. He feeds as follows:

1st. He keeps them well brooded. He takes no chances. 2nd. He feeds butter milk or clabber instead of giving them water for the first 15 days. 3rd. He Feeds two table spoons full of commercial scratch to twenty every two hours until 6 days old. He sprinkles this on paper. At the age of 8 days, starter should be added to the scratch and put in feeders. 5th. At the age of 11 days put scratch in feeders and keep before them.

Messrs Pagan and West were in town Tuesday.

Billie Don, baby son of Willie and Mrs. Kimzey, was in town Saturday radiating sunshine and scattering smiles of cheers.

B. H. Hall was in town Tues.

OPEN LETTER FROM THE COUNTY SUPT.

I noticed the report of your interview with Mr. Snowden in your paper of last week. I would like to make this correction. I am sure Mr. Snowden thought he was right but he must have mis-understood me concerning part of it.

In all probability the tax on school purposes will not be more than doubled after the district is well established but I would not attempt to say just what it will cost in taxes now or at any time. If I did it would be only an estimate. The taxes may have to be more than doubled from the start and for the coming years but, in my opinion it will be money well spent and money that can well be afforded if it will give to the children of the district better educational advantages. The value of a school cannot be estimated in dollars and cents. That is the least thing to be considered. The thing for the people of the Gannaway District, or any other district to consider is whether it is best for their children to remain in the small school with meager opportunities or to be sent to a fully accredited high school where every advantage is offered them. After all the only thing schools are for is for the children. Ask yourself the question, is it better to go or to stay? Am I letting the dollar get between me and the children. Then vote your sentiments.

The rural aid law prohibits schools of less than 36 scholastics from getting state aid and maintain a two teacher school. According to the scholastic census report turned in from Gannaway it will be impossible to have two teachers next year unless the people of the district want to do so by donation, in which case something like 6 or 7 hundred dollars would have to be raised. A one teacher school teaching 7 grades can be maintained however and it should run with the money available something like 6 or 7 months at a reasonable salary for the teacher.

Trusting this will explain the situation a little more fully, I am

your friend,

A. A. Bullock.

"Shall the Nation of Israel
Build Such a House As This?"
—Hiram Abiff.

(By Modern Constructor.)

It has been said that anticipation is the mother of realization. It is now thought that the "air-castle" is the mold in which the "air-plane", the Queen of transportation, was molded. According to nature, the fittest will survive, said Mr. Darwin. Hiram Abiff said to King Solomon, "Anything can be builded, but nothing will stand erected. King Solomon said: "Construction is the only good evidence of greatness. Let us build the house."

When we take a retrospective view of civilization's progress, we conclude that certainly these great men have laid a foundation on which all generations shall build.

"Shall the Temple be erected?" was the question with both Israel and Tyre in that ancient time, One man, King Solomon, stood firmly. "It can be done," said Hiram Abiff, "but is it wise to do it?" Does it represent the good wishes of Israel at such a time as this? History has proven Solomon's action to have been wise. All nations call him great.

"Shall we erect the temple of civic, educational, and industrial development as all others about us are doing? Will it pay? Is it wise? These are still as great problems as ever before.

CARD OF THANKS

We wish to thank our seemingly multiplied friends for their care and concern as shown us during the recent accidental injuries suffered by our sweet little daughter, Philomene.

—Mr. and Mrs. H. Wimmer.

Woodrow Peterson was in the office here Friday with a hen egg which measured 9 1-4 by 7 inches and weighed 1-3 of a pound. Woodrow, too, is producing some good laying hens.

Martin Murphy is the happy winner of a large loving cup, a 'baby beef' trophy.

THE HERMLEIGH HERALD
R. S. NORMAN, EDITOR

"Everything to build anything."

DIDN'T PLACE

The District Meet passed quiet-
ly by. We failed to place in any
thing, but enjoyed the Meet just
the same. Some one has to lose,
and that one was us this time.

Pyron and Snyder were also
represented, but they, too, failed
to place, leaving Scurry County
without a score this year.

Supt. Bryant and Louie Brock
of Pryon were present with their
entry in senior declamation, but
like us, returned without victory.

Messrs. B. Y. Rea and Oscar
Barfoot are in the Glenrose San-
itarium. They have been there
two weeks. These men are
having considerable trouble with
rheumatism and nervous pros-
tration. They are reported to be
feeling better. Many people
from here have gone to Glenrose
and return reporting that their
health has been restored to
them.

Messrs. A. P. Gannaway, Russ
Jones, Mike Rogers were among
those who were seen on the
streets early Monday morning.

MY JACK will make the sea-
son on the Breeden farm 1 mile
north of town. TERMS: \$5.00,
single leap; \$7.50, for season;
\$10.00 to insure living colt.

—Roy Spikes.

TEXANS LET'S TALK TEXAS

AS SURELY AS THE DAY follows the NIGHT

"West Texans! let's talk about the opportunities of West Texas, agriculturally, industrially and commercially—and as a wonderful place to live."

AS SURELY as the day follows the night, West Texas stands upon the threshold of an era of industrial development which will be as thrilling and as picturesque as has been the past history of this remarkable empire.

Sometimes the most worthwhile things are the least obvious. It seems to have been so in the case of West Texas. In the outset it seemed to many people that there was very little to recommend this section as one peculiarly fitted for the building of a great industrial area. Men were attracted to this section of Texas, however, whose vision was far reaching. They foresaw that West Texas was destined to become a great center of industrial activity.

Accordingly they instituted a program of foundational industrial work which required the greatest courage and fortitude to carry for-

ward. These men pioneered West Texas. Today their efforts are gloriously in evidence. On every hand the force of their determined optimism is felt. National recognition of the correctness of their forecast, made a quarter of a century ago, is daily being given. They have laid the foundation of a mighty empire.

This heritage they are tendering to a new generation, whose capacity for going forward with it is reflected in today's sound developments.

The Texas Electric Service Company has had a part in West Texas development. And this Company feels that it partakes fully of the spirit of West Texas, that it has an understanding of the needs of this territory which enables it to plan its future along the most constructive lines of helpfulness to this great wealth producing area.

PREPARING PLAY

The Senior Class is preparing to present a three act play entitled "Nobodys Darling." On account of the smallness of the class, several high school students and ones closely connected with the school will assist in the production of this splendid new play. You will be pleased with this clean and wholesome production. This will be the first time in the history of our school that the Senior Class has given a play. Lets help them make this play a success. Tickets will be on sale in the next few days. Admission will be 15 and 25 cents. Don't fail to see your home talent.
