

# The Hermleigh Herald

"The Richest Land and the Best Farmers in All West Texas."

VOLUME 3.

Hermleigh, Texas, Thursday, Oct. 17, 1929

NO. 1

## Near 100 Men Get Behind The Herald

### READERS INTERESTED IN PAPER'S WELFARE

Near a hundred men, some of the country's best, have walked back into the Herald office in response to our "Linotype Dollar" suggestion. All these men have spoken in favor of a newspaper in this part of the county. They seem to think that newspapers in other towns than the county seat are of value to the people, i. e., they think it makes a better balanced state of affairs.

When this many men will voluntarily walk in and line up with any kind of a move, it is encouraging. We feel greatly encouraged.

Our efforts have been feeble, as compared with our ambition, but we have been fitting ourselves for a bigger and better service during these two years of schooling we have had.

With the installation of the Linotype we shall have a nice print shop for a small town and will be able to do a much better business than we could possibly have done with our slow system of composition which we have drug through with these two years.

Our aim is to serve the masses of the people. It is no matter to us how much money one has; it is no matter how popular he might be in the social and business circles; it is no matter how clean he might be morally, nor is it any matter how much he may lack these things, all men look alike to us; and it is our purpose to champion their best interests.

We have had no pets, nor do we aim to have any, but should we make any difference it will be in favor of the man whose "hands are to the plough."

### Money Found After 2 Years

While picking cotton on the John Bowen farm here two years ago, Mr. W. L. Bevely lost a purse containing \$150.00. It was supposed the money had been stolen, and hope of finding it was soon given up. Mr. Bevely declined to place the money in the bank because of checking charges on temporary deposits.

Last week Mr. Bowen and W. H. Vernon were at work in the field and found purse containing the money. It was brought to the bank, where his declination to deposit it caused its loss two years ago, and deposited it.

Bowen immediately wired Bevely that at last his money was on safe deposit in the First State Bank here, subject to his check without service charges.

Mr. and Mrs. J. O. Leech were in town Monday selecting new furniture for the refurbishing of their nice home north of town. Leech handed us a "Linotype Dollar" while in town.

### FARM LIFE IS UNDER- GOING RAPID CHANGE

In his agricultural notes last week, County Agent Logan had somewhat to say concerning the poor attendance at the County Fair this year. This situation is well appreciated. People were too busy to attend a Fair. The banks of the county were pressing the farmer, and the farmer in turn was pressing the cotton sack; there was no time for a Fair.

Against the pleasure and good judgement of many of us, Hermleigh declined to have a Fair this year. People were to blue. Everything was wrong. A Fair is in a measure an agricultural jubilee, and people had nothing to feel good over at that particular time this year. Circumstances alter cases.

Times are changing, and with this change comes a change in conditions. Today, for instance, if Hermleigh has a Fair, she must pay for it; if the county has a Fair, some town must sponsor it, just like Dallas entertains the State Fair.

The average life is undergoing a change. This is a result of educational advantages. There use to be 'town' folk and 'country,' 'folk' but there is no distinction now. The 'town' lady has no advantage of the lady who lives on the farm, these days.

The affairs of commerce belong to the men who labor, while the rest of world plan how he shall spend his money. At last the farmer has learned this, and is leaving the other fellow's job for him to do.

The Herald is the people's friend, and glad to see the standard of the average life raised. There is no such a thing as "rural" people any more. The term 'rural' carries with it the idea of handicap. The average farm home in this country has no handicaps any more. Things are changing.

### Appreciates The Nice Rain

Mr. Dolph Sturgeon was in town Monday. He expressed his appreciation of the fine rain which fell Sunday morning. It will greatly benefit his late feed, he says.

He has three acres of turnips which he is growing for his cattle, he said. If turnips are good cow feed, as he says, and if they will grow here as Tom Sanders says they will, they are a very profitable fall and winter feed crop.

Mr. Sturgeon is a good farmer, and we may learn many things from him.

Mrs. Chas. J. Lewis who has been visiting her granddaughter in Tahoka, returned Sunday. The young Mrs. Lewis and the baby are doing nicely, she reports.

### IS IN SYMPATHY WITH LOW SPEED PRINTING

In handing in his "Linotype Dollar" Saturday, John Bowen said:

"Anyone who has a heart in him at all would give you a dollar to buy a machine to compose type with if they could see how you have to work at that old 'Ben Franklin' case of two hundred years ago."

Those who know Mr. Bowen know that this humor is characteristic of him, but we think he is right. Let everyone send in his "Linotype Dollar" and watch for improvements.

### She Used The Broom-Stick On Him

Mrs. C. Karnes proved herself to be absolutely true to the spirit and practice of her time in her expert use of the 'broomstick' last week.

A hawk assailed one of her grown hens on the yard and, while the hen was wrestling with him, she proceeded to use the broomstick on him. The hawk lost his life in the conflict.

From the accuracy seen in her use of the 'broomstick,' Mrs. Karnes must have had quite a little experience in the use of it.

### Fine Example of Mutual Benefits

One of the finest evidence of the fruits of co-operative effort is seen in our Hermleigh Beef Club. One or more beeves are killed early each Saturday morning and each member gets his beef meat for a week at the very least cost. This is the finest practical example of mutual benefit known here.

Abraham Lincoln's (if this were not Lincoln, some one tell who it was) maxim, "United we stand, divided we fall," is true in every case. Men can not succeed when they labor against each other's interests. Our interests are mutual, and when we work together our community expense shall be lightened in like proportion to the price of beef to the members of the Beef Club.

### Birthday Party

Little Master W. L. Wemken celebrated his 3rd. birthday October 11, with the help of the following: Stella and Maxine Wimmer, Helen and Jack Mahoney, Don and Doyle Wemken. Cake and coffee were served as refreshments.

Jake Brawley and J. W. Patterson visited in Lea, N. M. last week.

### QUALLA COTTON GOOD ON NACHLINGER FARM

It was our pleasure Saturday to visit the Joe Nachlinger home and farm. Nachlinger has an ideal farm home, though unfortunately for him, a part of his farm is within the city limits.

We visited his Qualla cotton patch. Any lover of cotton would have enjoyed this. He has some fine cotton. His 35 acre patch of Qualla cotton is exceeding fine for this year. Notwithstanding the fact that the stand is bad, he has near one half bales per acre growing on it.

Joining the Qualla cotton on the east is a patch of Kasch. The difference is such that one can see it at glance. The Qualla is decidedly the better. It resembles the old time Mebane strain.

He has had two test bales ginned. 1360 pounds in the first test made a bale 585 pounds, the second test of 1420 pounds made a bale of 605 pounds. This is 42 per cent lint bases. This is exceeding good.

If one should see this test patch of cotton he would begin to think there was a difference in cotton seed. There is a difference and the quicker people find it out the better it will be for them.

Mrs. Nachlinger has a most beautiful front yard. It is covered with beautiful roses and other wind resisting flowers.

The Nachlinger and Will Sturdivant farms, just east of town, are two of the finest farms in all the country. This year Nachlinger has better cotton than Sturdivant, but Sturdivant has the better feed. These are two of the finest farms in all of West Texas. There could be nothing better excepted irrigated farms.

### Sticks In Mud After Driving Five Hundred Miles

Principal Hicks, who made a 1,000 mile trip for his family last week-end, ended a five hundred mile drive by sticking in the mud within two blocks of his residence here Sunday night. When he turned off of the pavement at the C. Karnes residence, the 'worned Dodge' rested itself in the Hermleigh mud.

We are very glad to have Mrs. Hicks and the children to make their home here.

Mr. Tom Weaver whose subscription was already paid in advance, brought us a "Linotype Dollar" Saturday, saying, "You have just mooched me out of this extra dollar. I am taking chances."

Mr. Weaver is a friend to all newspaper. He has a fine appreciation of the value of publicity.

### NEW SUBSCRIBER A REAL GOOD BOOSTER

Mr. J. W. Smith placed his name on our mailing list Monday morning with the following comments:

"We have lived here so long without any medium of publicity that we are having to adapt ourselves to better convenience. And besides this there have been a goodly number of failures in such efforts here and the people have to develop confidence in both you and your enterprise.

All of this has made it hard for you, but I can see a change for the better.

"You are gaining ground rapidly. Conditions are changing, favoring your interests here. Business men are taking a different attitude toward publicity and the whole atmosphere is purifying, making conditions better for you."

This came very unexpected to us. We do not merit these fine compliments which we are receiving, but we appreciated them and shall try to live up to the confidence people are placing in us and our efforts. Thanks.

### McMillan-Weaver Nuptial

Mr. Roger McMillan and Miss Ada Marie Weaver were quietly married at the home of the bride last Friday morning at 10:00 a. m. The Rev. Parks read the ceremony, the families of both the contracting parties and Jim Holmes of Roscoe, the bride's uncle, being present.

Mrs. McMillan is the charming and accomplished daughter of Mr. and Mr. T. J. Weaver, Mgr. of the Pyron Ranch east of town. Her many friends and acquaintances join in wishing her much happiness in her new relations.

Mr. McMillan is the son of Mr. and Mrs. McMillan of Pyron. He is well known here, and is highly esteemed in his home town.

They left immediately for San Antonio where they will spend a few days, after which they will be at home at Chapman Ranch, Texas.

### Remembers Snyders First Print Shop

Mr. S. W. Barfoot was a pleasant "Linotype Dollar" visitor in the office Saturday. Concerning our advancement he said: "I remember being in the newspaper office in Snyder a long time ago and seeing there just such a system of composition as you have here. They grew out of it, and there is no reason why you shall not." Thanks Mr. Barfoot.

C. M. Perry hands us "Linotype Dollar" with compliments.

Mr. Harvy Bates of the Pyron community is said by those who know him to be one of the most conservative farmers in all the country. He makes it a point to make his living expenses first. Few men are as wise as he.

Rev. and Mrs. Hudson will move into their new supprannate home in the west part of town shortly. Rev. Hudson is as happy as one could be over the sweet anticipation of his retired life on his poultry farm.

A. A. Crumley is thinking of selling out his teams, tools, and other farm equipment and move with his family to Slaton. Mr. Crumley is interested in the proper training of his children more than anything else.

Mr. Hoyte Murphy of near China Grove was in town here Saturday. Mr. Murphy is a diversification farmer and stockman. He grows everything on his farm and has all kinds of livestock and poultry about the place.

Mr. C. B. Gleastine who has repeatedly shown the Herald his favors, was in Saturday to bring us his "Linotype \$1.00." He has oftentimes offered his service to make a bigger and better paper of the Herald.

# Introducing

**S**EVEN cents and five cents are the two steps in the new domestic electric service rate of the Texas Power & Light Company. This rate now makes electric energy cheaper than ever before. You can use double the amount of electricity which you formerly used for only a small additional cost.

This new rate is composed of a moderate flat charge based upon the number of rooms in your home. Then for each room in your home you may use four kilowatt hours per month at a cost of 7 cents per kilowatt hour. For all kilowatt hours over four per room, you pay only 5 cents per kilowatt hour.

For instance, if you have a five-room house, you would pay 7 cents each for the first 20 kilowatt hours used, and 5 cents each for all additional kilowatt hours used. The flat charge for a five-room house is \$1.20. Suppose then that you used 25 kilowatt hours in one month. Your bill would be \$1.20 plus \$1.40 for the first 20 kilowatt hours, plus 25 cents for the additional five kilowatt hours, making a total of \$2.85.

Now if you used fifty kilowatt hours your bill would only be increased by \$1.25, making a total of \$4.10.

That is why we call 7 and 5 the economy twins. They are just that to you. They make it possible for you to use all the electricity you want at a price which is by far the lowest in the history of electric service in this community.

Electricity can do countless things for you in your home. It can save time and strength and money for you. It can do your work in less time and with scarcely any effort on your part, so that you will have New Hours in which to enjoy living. And as electricity creates these new hours for you, it, at the same time, saves your strength and preserves your health so that you can take fullest advantage of them.

With "7 and 5, the Economy Twins," ready and eager to work for you in your home so cheaply, you should investigate the many things electricity can do for you. Let the "Economy Twins" work for you.

**Texas Electric Service Company**  
*"Your Electric Servant"*

# Locals

## CHINA GROVE

Rain was falling to heavily Sunday morning for anyone to attend Sunday School. There was no B. Y. P. U. Sunday night.

Sunday afternoon singing was well attended. This afternoon of singing was above the average.

Mr. Roe Rossen of near Snyder was here on business last week-end.

Charley and Mrs. Seale of Colorado visited J. A. Seale here Saturday night.

The fourth Sunday of this month the Scurry County Singing Convention will meet here.

We cordially invite each of the surrounding communities to come and be with us. There will be singing all day.

The rain which fell here Saturday night and Sunday will delay the farmers in gathering the cotton.

Lee Coles and family spent Sunday afternoon with Grandfather and Grandmother Seale.

Mr. Jess Allen was a caller at the home his parents Sunday, Mr. and Mrs. Haywood Allen.

John and Mrs. Newby visited Clarence Newby and wife Sunday night.

Church will be held at China Grove every Sunday morning and evening. B. Y. P. U. before Church. Everyone invited to attend.

Mrs. Annie Cotten of Colorado visited Tom Webb last week.

Mrs. Haywood Allen who has been ill for some period of time is slowly improving. She is being nursed by Mrs. Minnie Craps of Ira.

Mrs. Brown who has been ill for a few weeks is no better.

## School To Begin November 4th. Supt. Mize Writes

This community was drenched with a fine rain Saturday night and Sunday, which will be a great benefit to cotton farmers since the cotton is now in full bloom.

Cotton is turning out better than expected and the community is fairly well supplied with cotton pickers. All we need is good weather and the cotton will soon be gathered.

School will begin Monday November 4 unless otherwise agreed upon. We are looking forward to a better school and longer term than we had before.

After School begins and Editor Norman gets his Linotype machine installed, we shall do our best to help him make the Herald a bigger and better newspaper.

We feel proud of the fact that our Community booth won third prize at the County Fair this year, but we shall not be satisfied with a third prize next year. Lets all begin planning now to win first prize next year.

Mr. A. Clift paid us a visit, his compliments and \$2.00 late Tuesday evening. Thanks.

## BANKS

### OFFICIAL STATEMENT OF FINANCIAL CONDITION

of the First State Bank, at Hermleigh, State of Texas, at the close of business on the 4 day of October, 1929, published in the Hermleigh Herald, a newspaper printed and published at Hermleigh, State of Texas, on the 17 day of October, 1929.

Scurry County, Texas.

## A. Parker Commends The Herald Strongly

Among the much encouragement we are getting from our many readers is that which was eased out to us Monday morning by our good friend, A. Parker. Mr. Parker said: "The Herald has just about as much news in it as one ordinarily reads in a paper of any size. This makes it a good paper. It has the best print of any paper which comes to my address. This makes it better than the average paper. It talks about the things I want to hear, and this makes it the best paper which comes to my mail box."

Mr. Parker said that since the paper suited him he was speaking in its favor, "but if it didn't suit me, I should say nothing about it," he continued. The Herald is guessing that no newspaper in the country has a better subscriber than this. Thanks Mr. Parker.

Mr. W. F. Gibbs adds his name to our mailing list this week. He lives a short distance north of town.

With a hundred good men behind us and with probably no ill wishers, why should we fear? A hundred men can do anything.

Mr. J. R. Hays came in with his "Linotype Dollar" Monday. The Herald greatly appreciates Mr. Hays' good friendship.

# ANNOUNCING THE BIG Davis-Harpole SALE!

## Sale Starts Friday, Oct. 18

### Be There At 9:00 When the Doors Open

Mr. Davis' orders are to sell half of this stock in 14 sale days and has ordered the prices made low enough to do it. We realize it took nerve to cut and slash prices right at the beginning of the winter season, but we have the nerve and the merchandise and will make the prices do it. Quick action is what we want and goods will be sold faster and cheaper than you ever saw in your life before. All reasonable merchandise will go in this sale with prices cut to the very bone. Folks, don't miss it. You should lay in your whole winters supply now and save on every item you buy.
