

Village Council offers communication

By Col. Richard A. Ingram
64th Air Base Group Commander

What makes a group of homes a community? The same things that make a house a home — pride and responsibility.

Next week at Reese we are launching a new concept in developing and sustaining civic pride and responsibility. The concept is that of a Reese Village Council. When

formed, the Council will provide solid two-way communication between the residents of Reese Village and those organizations which provide services to them.

The Council will not be composed solely of military members. It will consist of nine couples (military member and spouse), with each couple having one vote. Each member couple will be elected by the other

area coordinators and spouses within their district, I will chair the council. As a resident of Reese Village, I have a personal interest in my community. The Reese Village Council will operate under a charter much like the councils of other small communities.

At 7 p.m. Monday night there will be a meeting in the Simler Theater for all area

coordinators and spouses. The concept of the Council will be further explained and the Council election will be organized. Any interested resident of Reese Village is welcome to attend.

The Reese Village Council can do much to improve the quality of life for many of our people. It deserves the support of each member, supervisor, and commander.

THE ROUNDUP

VOLUME XXVII NUMBER 3

Lubbock, Texas January 23, 1976

Prayer Breakfast unites U.S. leaders

Reese Air Force Base's observance of the annual National Prayer Breakfast will take place at 7 a.m. next Friday, Jan. 30th in the Officers Open Mess.

Clebe McCleary, a retired U.S. Marine Corps first lieutenant will be the featured speaker.

The breakfast is open to all military and civilian employees of Reese AFB and their dependents at a cost of \$1.25 per ticket.

In addition to Lieutenant McCleary, Dr. and Mrs. Jaroy Weber of the First Baptist Church in Lubbock will attend as invited guests. Dr. Weber will give a reading from the New Testament during the breakfast.

Chaplain (Lt. Col.) Phillip E. Grimmett will give the invocation.

Lieutenant McCleary is a nationally renowned speaker who gives a very dramatic and inspiring account of his Christian testimony.

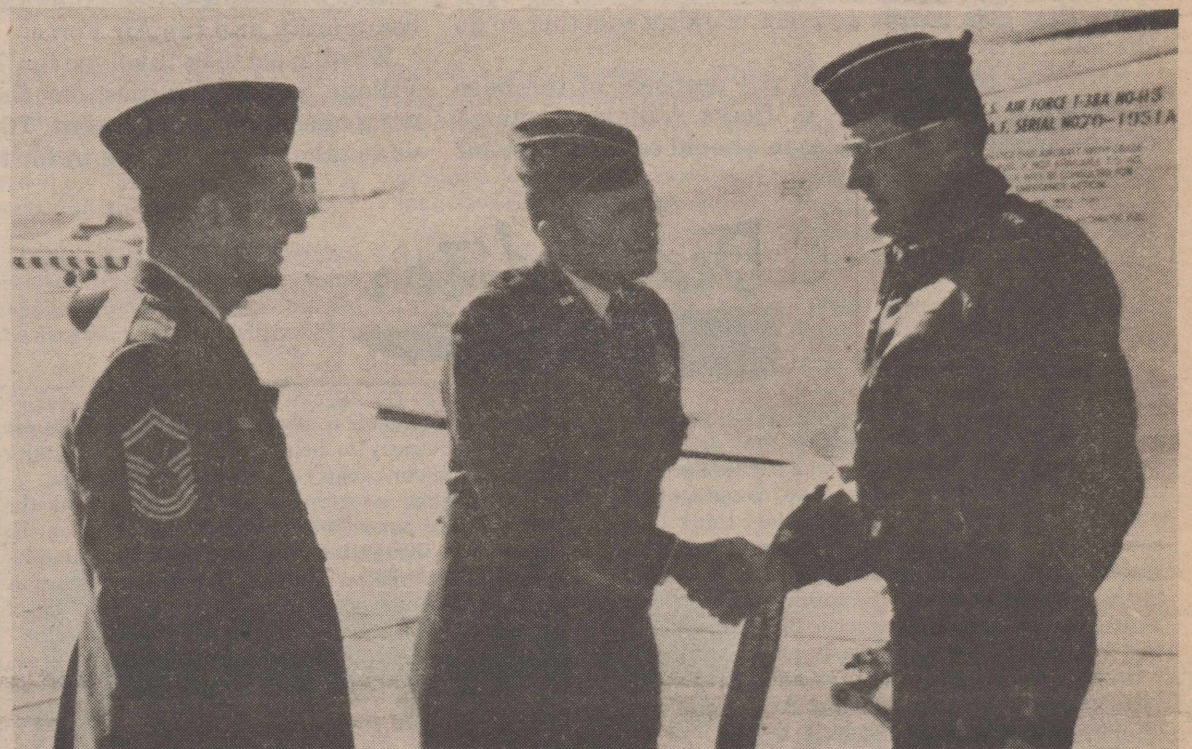

During the Vietnam War he was decorated numerous times for bravery before losing a hand, an eye and part of his nose during the combat action that caused the end of his active duty military career.

This year's event is being held in conjunction with the 25th annual National Prayer Breakfast that will be held in Washington, D.C. on Jan. 29 with many of the nation's top leaders in attendance.

The purpose of the prayer breakfast is to bring together the leadership of the United States in recognition of the moral and spiritual values upon which the nation is founded.

Breakfast will consist of scrambled eggs, a choice of bacon or beef, toast, juice and coffee.

All base personnel are urged to plan now to attend the breakfast. Tickets may be picked up at the base chapel or for your convenience, from the following unit ticket representatives: Col. Richard Ingram, Air Base Group; SSgt. Douglas Ballinger, USAF Hospital; 2nd Lt. Gregory Alston, Personnel; MSgt. Joe Ruiz, Security Police; MSgt. William Still, Civil Engineers; SSgt. Kenneth Donaldson, 2053rd Comm. Sq.; Capt. Wayne Plump, 35th FTS; Capt. Wayne Weyer, 54th FTS; 2nd Lt. Harold Burrows, Transportation; TSgt. William Wheatly, Demand Processing; 2nd Lt. James Burden, 64th Stu. Sq.; 1st Lt. Howard Creek, 64th OMS, and Maj. James Cason, 64th FMS.

COMMAND VISIT — Lt. Gen. John W. Roberts ATC commander, is shown shaking hands with Col. Edward Mendel as CMSgt. James Wood looks on. General Roberts arrived Tuesday for a two day visit at Reese. (U.S. Air Force Photo by TSgt. Noel Murchison)

Organizational change places emphasis on units' readiness

WASHINGTON (AFNS) Lt. Gen. John W. Pauly, deputy chief of staff for Plans and Operations, has announced a recent change in his organization. To emphasize an increased orientation towards the overall readiness of Air Force combat units, the former Directorate of Operations has been renamed as the Directorate of Operations and Readiness.

Headed by Maj. Gen. Billy J. Ellis, the directorate's responsibilities will be expanded to insure that

maximum effectiveness of Air Force fighting units is maintained.

Additionally, General Pauly announced that Col. Louis C. Buckman, a brigadier general selectee, has been designated as the deputy director for Readiness Initiatives within the Directorate of Operations and Readiness. This depute will act as the Air Force focal point on all matters involving readiness.

All functional Air Staff agencies will be represented in the office.

General Pauly has indicated that in addition to normal staff monitoring, his people will conduct field trips to get firsthand knowledge of system readiness. He feels these trips will provide a valuable tool in evaluating and monitoring the status of the Air Force operational forces to fight.

General Pauly explained these changes are but part of a continuing program to insure that the combat capabilities of the Air Force are kept at the peak of readiness.

Hospital care costs going up for military persons, dependents

WASHINGTON (AFNS) - Medical costs are going up for hospital care of military members and dependents. The per diem cost for inpatient care in hospitals run by any of the uniformed services has been raised 20 cents. The new rate is now \$3.90 per day, according to Department of Defense (DOD) sources.

The same rate increase applies to

dependents of active duty members who are inpatients in civilian hospitals under the Civilian Health and Medical Program of the Uniformed Services (CHAMPUS). The new rate for these patients is \$3.90 per day or \$25, whichever is greater. CHAMPUS will continue to pay 100 per cent of reasonable professional charges.

The increase came about because

pay for all the uniformed services was raised five per cent last year. DOD sources said the change takes this pay increase into account and reflects about the same percentage increase.

According to DOD, additional changes will be considered annually, based on military pay increases.

FROM THE TRAIL BOSS

Involvement '76 — something for all of us

to take on as our slogan for the Bicentennial year.

Col. Edward Mendel
Wing Commander

Our Bicentennial Committee and people of the 35th and 54th Flying Training Squadrons, and the Security Police, deserve special recognition for the results of "Operation Splash" last weekend. The red, white, and blue is colorful, welcome, and expresses visually our commitment to the Bicentennial year.

Of course, there are others involved in Bicentennial activities such as our Junior Officers Council who are in the process of producing some Reese Bicentennial bumper stickers with the slogan, "Involvement '76." I'll be the first to buy one of these stickers and certainly support the slogan. As you know, I frequently discuss the need for involvement in this column and am for anything that gets people actively working together to do the job.

Speaking of involvement, the proposal of the base commander concerning a Reese Village Council, covered elsewhere in this issue, should certainly get our

on-base residents involved in the project of making our surroundings better. The council will provide better communications and a means of getting more people involved in making Reese Village a model within the local community and the Air Force.

We all need to be involved for '76 whether it's in Reese Village, youth activities, our clubs and, of course, the wing mission. **Involvement '76** — something for all of us to take on as our slogan for the Bicentennial year.

Dear Editor

Yesterday, I had and took the opportunity to attend the memorial for Dr. Martin Luther King Jr., in the Base Chapel. While the service was a true beautiful, and meaningful experience, the congregation, unfortunately, was all too predictable. I think I am safe in saying there was no white person in any of the grades between Staff Sergeant and Captain (except the Senior Airman Adviser). I think this reflects the erroneous idea that Dr. King was "their" leader, and that to honor him is "their" business.

Dr. King was our leader, all of us, all Americans. He loved us all, and he loved America. As a man of God, he dedicated himself to teaching us "to love our neighbors as ourselves" and that all men, regardless

of race or economic condition, are our neighbors. He worked tirelessly to help us all overcome a major obstacle on our country's path to true greatness.

I challenge everyone who did not attend the memorial to pause for a moment and reflect on the fruits of Dr. King's labors, and open his or her mind and heart to realize the vast, if not immeasurable, contribution he made to our country, and thus to all of us. He does not belong to "them". He belongs to "us." He fully deserves the honor and respect of all of us. Until we acknowledge and show it together, his work is not finished.

Maj. John C. Reimer

BICENTENNIAL NOTES

SOLDIERS AT VALLEY FORGE — In the bitterly cold winter of 1777, Washington moved what was left of his Continental Army to Valley Forge, Penn. The true meaning of Valley Forge is to be found, not in the place, but in the heart-stricken words of George Washington, writing: "To see men without clothes to cover their nakedness, without blankets to lie on, without shoes, for want of which their marches might be traced by the blood from their feet, and almost as often without provisions as with them . . . is proof of patience and obedience which in my opinion can scarcely be paralleled."

THE ROUNDUP is an unofficial newspaper published in the interest of personnel at Reese AFB under contract with Barron Publications, Inc., mailing address: P. O. Box 2415, Lubbock, Texas.

Publisher's Statement

"Everything advertised in this publication must be made available for purchase, use or patronage without regard to the race, creed, color, national origin or sex of the purchaser,

user or patron. A confirmed violation or rejection of this policy of equal opportunity by an advertiser will result in the refusal to print advertising from that source."

News for THE ROUNDUP should be delivered to the Information Division, Bldg. 800, no later than noon Monday prior to the Friday publication date. Classified ads of a non-commercial nature may be placed free of charge by Reese personnel if they are in to the Information Division by noon Monday prior to the Friday publication. Other advertising is handled exclusively by Barron Publications, Inc., Phone 763-4551.

GOVERNOR'S OFFICE OF TRAFFIC SAFETY

January 26-February 1

AQUARIUS (Jan. 21 to Feb. 19) A time for possible weaknesses. It might be a good idea for you to check your heater hoses.

PISCES (Feb. 20 to Mar. 20) Steady as she goes. Resist the temptation to change lanes without good reason.

ARIES (Mar. 21 to Apr. 19) This is a good time to adopt new driving habits. If you've been using your accelerator to hold your position when stopped on hills, start using your brake instead. It will save your transmission a lot of wear.

TAURUS (Apr. 20 to May 20) Don't take others' actions for granted. If someone has his blinker on, he might not mean to turn at all.

GEMINI (May 21 to June 21) You may be tempted to take detours from usual routes. On narrow streets, make sure there's enough room for two cars to get through.

CANCER (June 22 to July 21) Frustration may follow success this week. Leave your troubles at home or the office. Don't take them out on other drivers.

LEO (July 22 to Aug. 21) Indications are that you need to make minor adjustments in your life. A dirty oil filter can make your car run ragged.

VIRGO (Aug. 22 to Sept. 22) Get the big picture when you're driving this week. Watch for possible obstructions before you're right on top of them.

LIBRA (Sept. 23 to Oct. 22) You may tend to be forgetful this week. Watch that you don't block someone else's driveway when you park.

SCORPIO (Oct. 23 to Nov. 21) If your schedule's too busy, level things out. Having to rush all the time can be very distracting. And it can make you skim through stop signs.

SAGITTARIUS (Nov. 22 to Dec. 21) Be in control of the situation now. Fastening your seat belts will help.

CAPRICORN (Dec. 22 to Jan. 20) Your tendency to lecture others may assert itself this week. Take a look at your own driving habits. Do you always look both ways at yield signs?

Commander's CARE Line

The Commander's CARE Line is still out of order. A new recording machine has been ordered. In the meantime, you may communicate with the Wing Commander, after trying to air your problem, complaint or comment through your chain of command, by writing him through Box 64, Reese AFB, Tex. 79489

Mess Hall Policy

I would like to know the wing policy of personnel eating midnight chow at the Mess Hall. At 11:30 p.m., on Dec. 4, after getting off the flight line swing shift, my wife picked me up from work. We went to the Mess Hall to eat breakfast. Although the cashier was courteous, I was told that people in civilian clothes could not eat there. I realize this meal is for people who work these late hours, which I do, but I cannot understand why my dependent is denied the right to eat there.

Because we do have people working shifts, a midnight meal is served at the Dining Hall. The base commander has authorized the service for shift workers and has restricted the meal to military personnel in proper uniform. The reason for the restriction is basically dollars. The wing Dining Hall is operated by a civilian contractor who gets paid by the government according to the number of meals served per feeding period. As the numbers go up, so does the expense to the government. Consequently, to keep the contract costs to a minimum, restrictions must be imposed.

The base commander has authorized military dependents, when accompanied by their sponsors, to eat in the Dining Hall twice a month. This re-

striction is also imposed to keep the contract costs down, but still permit your family to use the facility now and then. Please remember that our primary concern is to provide the airman living on-base (not drawing BAS) with a pleasant, uncrowded dining atmosphere.

Thank you for writing and sorry you may have been caused some inconvenience.

Ethnic Food Specials

It is my understanding that the Wing Dining Hall designates every Friday of the month to different ethnic groups. There has not been Mexican food served in the Dining Hall for approximately three months, yet there has been Italian, American, soul or some other type of ethnic food served. I would like to know why and when will Mexican food be served again in the Dining Hall. Thank you.

You are correct about the wing Dining Hall serving different ethnic meals each Friday. Our food service people are sorry about not serving a Mexican meal for three months, but the food items they ordered for this menu were cancelled by the depot. We are looking to local markets for these items now and are planning to have Mexican foods on a Friday menu as soon as we can get them.

DOPMA being considered by Congress

WASHINGTON (AFNS) — The proposed Defense Officer Personnel Management Act (DOPMA) is now being considered by Congress. Hearings should be over in early July.

Although no one will guess whether DOPMA will pass as now written, enough progress has been made to describe how DOPMA is likely to affect individual officers.

This is the first article in a series of four that will look at DOPMA's impact on promotions, tenure, transition features, and the implications of the all-Regular career force concept of the proposed law.

Single Promotion System

One of the major improvements of DOPMA is the single promotion

system concept. No longer will an officer have one temporary and one permanent grade. Officers will have only an active duty grade that will be both a current and permanent grade.

One way to understand this feature, is to visualize a permanent promotion at the present temporary phase points with the same opportunity. This will eliminate the "double-jeopardy" situation for Regular officers who now have to survive both temporary and permanent screening.

For Reserve officers, it ends the almost automatic provision that now permits them to apply in writing for permanent promotion when serving in a higher temporary grade. When a Reserve officer assumes a higher grade under

DOPMA, it will be his permanent grade.

There will be changes in promotion board operations that will affect every officer being considered for promotion.

First, an officer meeting a permanent promotion board, today, may write a letter in his own behalf to the president of the promotion board. This right is established by law. However, an officer meeting a temporary promotion board cannot write to the president of his board. Once DOPMA is passed, officers will be able to write to the president of all active duty promotion boards. The purpose of such letters is to bring information not in a record to the attention of the board president.

DOPMA also contains a provision allowing promotion boards to identify officers who will be asked to "show cause" for their continuation on active duty. This will provide the Air Force with another quality control tool to identify less competitive officers.

In identifying an officer to "show cause," the promotion board must specify whether misconduct or substandard performance of duty is the reason for identification. These officers will be given a hearing and all of their normal "due process" rights will be maintained. That is also currently the case.

The final change in the promotion system has to do with minimum

time in grade needed to be eligible for consideration by a central board. DOPMA specifies that an officer must have at least one year time in grade to be eligible for promotion to captain and three years for major, lieutenant colonel and colonel. This provision is expected to constrain the number of times an individual can be considered for promotion in the secondary zone.

This is a look at the way the basic promotion system will work under DOPMA. Next week's article on this subject will cover the tenure protection and forced retirement provisions contained in the proposed legislation.

Few killed in 1975 in ATC

Randolph AFB, Tex. (ATCPS) — Fewer Air Training Command (ATC) personnel were killed in accidents during 1975 than in any previous year, according to command ground safety officials.

Thirty persons died of injuries received in accidents. Private motor vehicle related accidents claimed the largest number of lives. Nine

drivers, nine passengers, three motorcyclists and two pedestrians lost their lives. Four persons were also killed in private aircraft accidents, two persons drowned and one person died of smoke inhalation.

Six ATC bases and several separate reporting activities experienced no fatalities during 1975. They were Craig AFB, Ala.; Mather AFB, Calif.; Vance AFB,

Okl.; and Randolph, Reese and Webb Air Force Bases in Texas. The 80th Flying Training Wing, Sheppard AFB, Tex.; 3636th Combat Crew Training Wing, Fairchild AFB, Wash.; and Officer Training School, Lackland AFB, Tex.; also reported no fatalities in 1975.

The previous record low was in 1961 when the command experienced 40 fatalities.

Churchill 35th FTS top IP performer

1st Lt. Edward J. Churchill

First Lieutenant Edward J. Churchill has been chosen as Instructor Pilot (IP) of the Month for December for the 35th Flying Training Squadron (FTS).

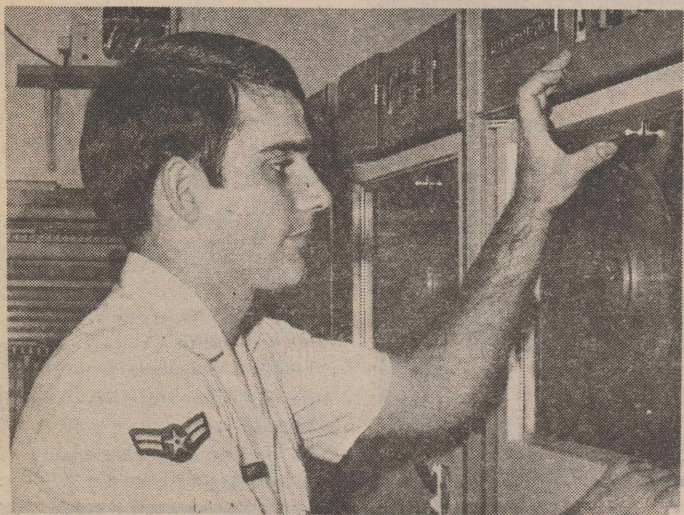

"Lieutenant Churchill's meticulous attention to detail as an instructor pilot and officer bring credit upon himself and the U.S. Air Force. His patience, dedication, and excellent knowledge of flying techniques continually produce highly qualified pilots," said Lt. Col. Robert G. Bradshaw, 35th FTS commander.

In addition to his duties as an IP, Lieutenant Churchill, a member of "D" Flight, also performs a wide variety of additional duties. He serves as associate standardization/evaluation officer, con-

tinuation training officer, sponsor IP, squadron NAF instrumentality custodian, and manages the squadron snack bar facility.

Lieutenant Churchill is presently upgrading to T-37 senior runway supervisory unit controller. In this job he will be responsible for the direction and control of all aircraft in the traffic pattern.

"He has a keen awareness of student needs and the demands of the pilot training program, and as a result, is often assigned to fly with marginal students having special problems. Because of his exceptional success in this area, he is highly regarded by students, supervisors, and his fellow instructors," Colonel Bradshaw concluded.

A1C Fritz Pratt

Airman 1st Class Fritz Pratt, 64th Supply Squadron Section, has been chosen as Wing Airman of the Month for December.

Airman Pratt, since assigned to Data Automation, Comptroller Division, has shown outstanding ability in handling the increasing new technical demands and the greater responsibilities being placed on this unit.

"Airman Pratt has volunteered to work extra hours during peak workload periods to ac-

complish the Data Automation mission. His awareness of the need of doing a good job and his technical ability has increased the productivity and proficiency of this branch," said Maj. R.L. Woods, 64th Supply Squadron commander.

In addition, Airman Pratt was praised for his outstanding dress and military appearance.

"He has contributed immeasurably to the mission of this branch through his top notch performance," Major Woods concluded.

Tweets help paint base

By 1st Lt. Clifford Napolitano
35th Flying Training Squadron

The new look of the Bicentennial base is just around the corner. The 35th Flying Training Squadron (FTS) contingent of 36 painters swept through the base with these orders: "If it moves salute it . . . if it doesn't, paint it red, white and blue."

Capt. Don Lamontagne happily reported that the effort put forth by the 35th was successful and a good time was had by all. No casualties

were reported and no one is a different color.

Season Over

The basketball team finished their season with a .500 mark. The last win, a forfeit, came when Capt. "Ace" Lafferty saved the day by arriving to play. Coach (1st Lt.) Earl Smith cited Capt. Don Lamontagne, 1st Lt. Jim Nelson, 2nd Lt. John Martin, and 1st Lt. Joe Dye for a good season. Looking forward to next season, Coach Smith again mentioned the lack of support for

our roundball team and the need for more support from the fans.

The squadron is saying goodbye to 1st Lt. Darwin Erickson who is moving to Air Base Group, and to Capt. Terry McCauley who is preparing to move to Lowery AFB, Colo., to become a procurement officer. Capt. Jerry Prather is moving into the administration section as exec officer.

The squadron wishes a speedy recovery to Sgt. Donald Bacon who is recovering from knee surgery.

Capt. Les Hodson is all smiles this week . . . He along with many sports fans were pleased to see the Steelers win over the Cowboys.

Reese Briefs

Riddler Rally

The Reese Auto Sports Association (RASA) is sponsoring a riddler rally Sunday. Registration will begin at 2 p.m. at the base picnic area parking lot. Entry fee is \$1 for RASA members and \$2.50 for nonmembers. The rally is open to all street legal four wheel vehicles.

NCO Club

Effective Feb. 1, gold chits will no longer be valid at the NCO Club. Only silver chits will be accepted.

Council Meeting

The Wing Enlisted Advisory Council Meeting will be held in the NCO Club at 3 p.m. Monday. This is a mandatory formation. If primary members are unable to attend, insure that the alternate member does.

SAC Briefing

There will be a Strategic Air Command briefing at 10 a.m. and 2 p.m. Feb. 10 in the base Theater. Lt. Gen Richard M. Hoban of the 8th Air Force will be here for the briefing and a KC-135 will be on display between briefings. Anyone interested in attending the briefing is welcome.

Education News

Anyone wishing to contract for a base typing class please contact Bill Trafton at the Education Office at Ext. 2469/2634

Survey Participants

All officers participating in the Managerial Development Survey may get a summary of results by calling 2387/2388 during duty hours.

Scouts begin cookie sale

Reese Girl Scouts, along with all Girl Scouts of the Caprock Council, will begin their annual cookie sale Jan. 30 and sell through Feb. 15, according to Mrs. W. C. Griggs, Caprock Girl Scout Council president.

Five varieties of cookies will be sold: mint, lemon creme, oxford creme, scot-tea, and savannah. The price of the cookies is \$1.25 per box.

Proceeds from the sale are used to purchase camping equipment for troops to check out; provide funds to help girls attending special events; provide funds for troop activities; and to develop and maintain Camp Rio Blanco, year-round camp site east of Crosbyton, Tex.

Brownies will be selling again this year at the main Base Exchange and at the Commissary. The Junior Scouts will be selling door to door in Reese Village.

INSIDE THE LOOP

Tonight: Royal Tahitian Dancers at 8 p.m., Municipal Auditorium.

Tomorrow: SMU vs Texas Tech basketball, game time 7:30 p.m., Municipal Auditorium.

Sunday: Claude Frank will present a piano concert at Monterey Auditorium, starting time 3 p.m. Lynard Synard Concert at 8 p.m., Municipal Coliseum.

Wednesday: "Man of La Mancha" at 8 p.m., Municipal Auditorium. Tickets sale for \$3, \$4, \$5, and are reserved seats. Tickets are on sale at the University Center Ticketbooth at Texas Tech and at Furr's Family Center, for more information call 742-3380.

Entertainment

Feature films at the Simler Theater begin at 8 p.m. Tuesday through Sunday. The box office opens 30 minutes before each show time. The Saturday matinee begins at 2 p.m.

Tonight

At the Institute of Seismology in Los Angeles, scientists predict a major tremor in the area. An "Earthquake" occurred. Charleston Heston, Ava Gardner and George Kennedy star in this action packed drama. Rated PG, some material may not be suitable for preteenagers.

Saturday Matinee

"Puf-N-Stuf" a Universal picture rated G, for all ages. Adults 60¢ and Children 30¢.

Saturday and Sunday

Richard Roundtree is the world's greatest safecracker. Robert Shaw, a mystery man, hooks Roundtree into assisting him in a diamond heist in the world's greatest rock rip off! "Diamonds" is rated PG, language and sex in this suspense drama may offend some.

Tuesday

"The Happy Hooker" is the authorized story of Xaviera Hollander, Dutch born New York madame who was deported from these shores. Stars Lynn Redgrave, Jean-Pierre Aumont and Tom Poston. Rated R, under 17 requires accompanying parent or adult guardian.

Wednesday

Alex Sheafe is a hunted man in "The Man Who Would Not Die". Pursued through the Caribbean by the police, FBI and the Syndicate, he sinks deeper into a web of murder and intrigue with each effort to extricate himself. Stars Dorothy Malone and Keenan Wynn. Rated PG, parental guidance suggested.

Thursday

Paul Newman is back as Harper with Joanne Woodward, in "The Drowning Pool". It's a story about one busy private eye. A rocking suspense drama with mayhem and murder in modern Louisiana. Rated PG.

At Open Messes

Officers' Open Mess

Tonight: Beef 'n' Bubbles (steak special served with a free glass of champagne) and dancing to the music of "Hiway." Happy hours will be from 5-6 p.m. and then from 7-8 p.m. in the main lounge.

Tomorrow: Prime Rib *au jus* will be featured for \$5.25.

Sunday: The club is closed.

Monday: Neptune night featuring a special combination seafood dinner for \$2.25.

Tuesday: International night featuring sweet and sour pork over rice for \$3.25, an all oriental feast.

Wednesday: Chicken fried steak will be spotlighted for \$2.50.

Thursday: Fried chicken special for \$2.50.

NCO Open Mess

Tonight: Dance to the tune of "Night Riders".

Tomorrow: Dance to the tune of "Highway".

Sunday and Thursday: Discotheque.

Monday: Every Monday in January is a spaghetti special, all you can eat for \$1.75, no carry outs.

Tuesday: Every Tuesday in January there will be two-for-one steak for \$5.75.

Plans made for theater presentation

The Mathis Little Theater Group met last week to begin plans for the launch of their second dramatic production.

After presenting the delightful spoof "Tooth or Consequences," a take-off on CBS's "Sanford and Son," the Reese players took a holiday break but are back to work and eagerly plunging into new script prospects. Having found a comedy format rewarding, the favored idea tends to point to a mystery-comedy type of script for the upcoming project.

In addition to "Tooth's" Fred Sanford (Fred Flewellen) and LaMont Sanford (Vincent Redmond) and the original members, the meeting held last Wednesday night at Mathis Recreation Center produced a promising total of 16 anxious acting hopefuls.

"And that's not bad for a base this size," said Joe Perron, Mathis Center director.

But consider, Reese theater goes, just what and how many different activities go into the producing of a play. Acting is only one of the more apparent contributing factors. While actors are always needed in a growing theater group, the Mathis Little Theater Group needs bodies to take part in several supporting fields.

Anyone having any experience in stage directing, lighting or sound equipment is needed. Prop masters and makeup artists are also very much in demand. Individuals possessing no experience whatsoever are also most welcome.

Any interested individual should contact the group's manager, Maralyn Higbee at 885-2661, or Joe Perron at Mathis Recreation Center.

Historic Dates

Jan. 24 - Gold discovered in California, 1848. Air Force leader Hoyt Vandenberg born 1899.

Jan. 25 - Transcontinental telephone service established in United States, 1915.

Jan. 26 - Michigan became the 26th state, 1837. American general Douglas MacArthur born 1880.

Jan. 27 - Vietnam War ended, 1973.

Jan. 29 - Kansas became the 34th state, 1843.

'DON'T KNOCK IT OVER — Reyes Cisneros and Matt Richter are two of the children that attend Reese Pre-kindergarten School. The children's time is divided between learning and play time. (U.S. Air Force Photo by Sgt. Ron Pack)

Pre-kindergarten gains help

By Peggy Wennerlind

The Reese pre-kindergarten teachers would like to thank all the parents who have supported the school. We have increased attendance over last year and the good recommendations parents have given us deserve the credit.

The pre-Kindergarten teachers

are continuously seeking ways to improve the program. This spring we hope to visit a city park for a picnic and the city library. We have other good activities in the planning, all of which will combine learning and fun.

If you have a three, four, or five year-old who is bored and would like to have fun with other children, pre-

kindergarten is the place.

Tuitions for two days per week is \$20.50; for three days per week, \$24.50 and for five days per week, \$27.50.

For more information call Peggy Wennerlind (885-2640) or Kay Chase (885-4956).

Reese people earn awards for individual achievements

The T-37 Crew Chief of the Month is A1C Rickey S. McDevitt. "He received the honor because of his exceptional working relations with T-37 instructor and student pilots," said Maj. Eckbert M. Hartung-Schuster, commander 64th Organizational Maintenance Squadron (OMS).

The T-38 Crew Chief of the Month is A1C Paul L. Thomson. "He is an outstanding airman whose unique talents and professional skills have gained him the admiration of all flying personnel as well as

that of his supervisors," said Major Hartung-Schuster.

The 64th OMS Airman of the Month for December is A1C Michael T. Thompkins. "He was selected for this honor due to his outstanding duty performance, his integrity and his exemplary military bearing. He has displayed outstanding initiative and always works well with all personnel," said Major Hartung-Schuster.

Captains Terry D. Bagwell and James W. Twaddell III, 54th Flying Training Squadron (FTS), have

completed outstanding evaluations flying the Northrup T-38 Talon in December.

The following instructors, attached to the 35th FTS, flying the Cessna T-37 Tweet, completed outstanding evaluations in December: Maj. Jerome C. Thies, Capt. Stephen D. Levan, 1st Lt. William E. Fox Jr. and 1st Lt. Donald G. Barton.

Each instructor pilot in the Wing is required to take a minimum of two evaluations each year with the local Standardization/Evaluation Division. The purpose of these evaluations is to insure both flying and instructing proficiency.

Class opens in August for medical students

WASHINGTON (AFNS) — The School of Medicine of the Uniformed Services University of the Health Sciences at Bethesda, Md., will open its first class in August. The admissions office is now accepting applications for the first class of 36 students.

Students will be commissioned as reserve second lieutenants or ensigns in one of the uniformed services. They will be on active duty throughout their four years of school and receive full pay and benefits of their rank.

The Government also pays tuition, book, and equipment costs for students. Upon graduation, students will receive regular commissions as captains in the Army or Air Force, and lieutenants in the Navy or Public Health Service. Graduates will spend seven years on active duty after completing the program.

The school is open to both military and civilians with a baccalaureate

degree. Prerequisites are: one year each of general chemistry, organic chemistry, physics, biology, and mathematics. Also required are six

semester hours of college-level English.

Applicants must be U.S. citizens, no older than 28 years by June 30, 1976. They must meet physical and personal qualifications for a commission in the uniformed services. They must have completed the medical college admission test.

Interested individuals may request applications from the Director of Admissions, Uniformed Services University of Health Sciences, 6917 Arlington Road, Bethesda, Md. 20014.

1st Lt. Howard Creek

Creek honored as Athlete of Month

First Lieutenant Howard E. Creek of the 64th Organizational Maintenance Squadron (OMS) has been selected as Reese's Athlete of the Month for January for his outstanding bowling ability.

Creek was captain of Reese's 1975 varsity bowling team and placed eighth in Air Training Command (ATC) competition. He also led the OMS bowling team to the Intramural League championship in 1975.

Creek has proved his bowling consistency and proficiency by averaging 188 and 194 in two different bowling leagues.

A 1972 graduate of Texas A & M, Creek does not limit his athletic pursuits to bowling. He competes in intramural golf and serves as squadron athletic officer. He is also an avid paddleball player.

Selection as Athlete of the Month entitles Lieutenant Creek to two free steak dinners at the Officers Open Mess.

Who will bowl for Reese? Roll-off begins Thursday

By Sonny Serutan
Reese Lanes

The Air Training Command Bowling Tournament will be held at Lackland AFB, San Antonio, April 23 - 25. The roll-off for the Reese team will be starting Thursday. Sign-up at the Bowling Center now.

The roll-off will consist of 36 games. The first elimination will be after 12 games and will eliminate 50 per cent. The second 12 games will eliminate half of the remainders. The final 12 games will decide who will represent the base. Remember the team is composed of four men and two women.

In league play this week Jay Bell led the **Ball and Chainers** with a 213/580 effort. Bob Wocking had a 201/564, Sam Mele 216/565, Rod Wilson 541, Dewey Payne 530, Bob Hotaling 520, Jim Turner 514, Ron Padgett 511 and Larry Wymer 510.

Karen Moerbe led the ladies with a 184/499. Gladys Mele had a 182/479 and Jerri Peyton 192/464.

The guys and gals of the **American Junior Bowling Congress** showed some pretty good bowling. Missy Harbison had a 188 game. Erin McGarrigle had a 175/479 series, Tony Ellena had a 157 game and Mike Berveiller had a 428 series.

The **Bantams** came on pretty

strong. Randall Swope had a 122/338 for the boys, Wendy Bolkesky had a 121 game while Marinda Dancy was putting together a 304 series.

Bowling classes will resume Wednesday. Sign-up at the lanes not to unsure you will have a place in the class.

S.S. our worthless entertainment director and our Sports Editor, Boom-Boom Le Jacques, have hit on a real good act. Of course we don't know how much demand there will be for a chair made up entirely of Democratic Presidential candidates.

Sonny says, "You can always tell a ladies man, he has his own brick."

ONE MORE LAP — Tom Williams, James Fogle, Michael Hight and John H. Sneed spend one hour each morning exercising in a program developed by the Gym and Hospital to help with weight loss. The class consists of calisthenics, weight lifting, jogging and use of the sauna. (U.S. Air Force Photo by Sgt. Ron Pack)

Gym Shorts

The Reese Varsity Basketball team will travel to Laughin AFB, Tex. to compete in the Air Training Command (ATC) Central Division Championship today through Monday.

Five teams will compete representing Randolph AFB, Lackland AFB, Webb AFB, Reese AFB and Laughin AFB.

The first Ladies Exercise Class was held last Friday night in the base Gym with 17 women attending. The exercise class is held every Friday from 7 - 9 p.m. All women interested in a fitness program are invited to attend these classes.

Today is the deadline for signups for the base paddleball tournament. First and second place winners in the tourney singles only will represent Reese in the Air Training Command Paddleball Tournament to be held here March 12-14.

Players are still needed for the base Varsity Volleyball team. Interested persons should contact TSgt. Dick Bennett at the base Gym at Ext. 2207. The Intramural Volleyball preseason tournament will be held Feb. 9.

SECURITY POLICE CONTROL — Is the call that the Security Police will be listening for on their citizen's band (CB) receiver. Sgt. Michael Savage talks

with another CB'er, Larry McCabe. The receiver will help the Security Police respond faster to emergency calls. (U.S. Air Force Photos by Sgt. Ron Pack)

CB radio helps base police respond to emergency calls

By MSgt. Joe Ruiz
Security Police Division

A driver loses control of his car. Sliding off the road, his car side-swipes a telephone pole. Unconscious and bleeding, the driver needs help.

A passing motorist sees the accident and sends out an urgent message for help on his citizen's band (CB) radio . . .

Though the accident related above did not actually happen, it could have. Who would have responded to the call for help?

It might have been the base Security Police (SP) Division, commanded by Capt. Gary Jones. The local SP unit has purchased a CB radio monitor to receive emergency messages from area CBers. Security Police personnel earned the money to pay for the unit themselves by working at various projects.

At present the unit is only a receiving monitor. In the near future, the Security Police Division hopes to get a Federal Communications Commission (FCC) license which would permit them to transmit as

well as receive messages. Important information on weather developments, crimes, and emergencies of all kinds could then be relayed quickly.

The present unit is being monitored for emergency calls only on Channel 11. The service is available to anyone having a CB unit. By calling "Security Police Control" you may transmit your message or request emergency assistance 24 hours a day. The SP Desk is never closed for business.

In addition, some SP personnel are purchasing CB units for their private cars, which will greatly shorten the time necessary to recall SP personnel in crisis situations.
