Luther Larimore Makes Statement To Voters

TO THE VOTERS OF PRECINCT 3

May I take this means to place my name before you as a candidate for Commissioner Precinct 3 of Young County and to ask for your vote and support in the Democratic Primary May 2.

I am 48 years of age. I was born at True, the third son of Jim Larimore and Della Watson Larimore. I was raised and educated at Newcastle, and studied Business Administration at Texas A&M College. During the war, I served four years with an Infantry Division, and since that time I have been engaged in livestock farming. I am a Democrat, and an active member of the First Methodist church of Olney where my family has made its home the last ten years.

I married Evelyn Tandy, born in Padgett, and the daughter of Mr. and Mrs. Clark Tandy now living in Olney. We have three children, Jack, who is a freshman at Texas Tech; Larry, a sophomore in Olney high school; and Sarah, in the 8th grade of the Olney schools.

I am asking you, the voters of Precinct 3, for this the second highest office in the county, in my opinion, because I feel I am qualified for it and I have always had a desire to be of service to my fellow man. I feel that my honesty and integrity will speak for itself with the people that know me. And for the ones that do not know me, please do me the favor to ask questions before you cast your ballot. This time you are the judge. I believe that I have enough education, intelligence, and common sense to hold my own in Commissioners' Court for Precinct 3 and enough honesty and fairness to maintain our road system. For these reasons, I ask you to make me your next Commissioner of Precinct 3.

If elected, I will perform the duties of this office to the very best of my ability and will attempt to merit the honor you have bestowed upon me. If I lose, I will lose like a man, still believing that this area in Young County is the finest place in the world to live and rear a family. Win or lose, I will know that I am better acquainted and have more friends than I started this campaign with, simply because of the ethics I have used in this campaign. Whether I win or lose, you will not be sorry or ashamed of supporting me.

May God's richest blessings be upon you, not only in decisions like this, but in every walk of life.

L. C. (Luther) Larimore
Candidate for Commissioner,
Precinct 3.

Texas public schools Week March 2-6

Astronauts, blast off, time capsules, moon shot—these words are all part of our space age vocabulary. Our changing times require many different things, most of all the ability to grow with the challenge presented by our awesome scientific development.

Never before in the history of America has our school system been so important! Never has such emphasis been placed on the development of projects which were unheard of ten years ago.

We, as Texans, have always been proud of our public schools.

Today, the public school system is faced with its greatest and most important challenge. For our schools must produce the scientists—the engineers—the physicists—the astronauts who will blast off to chart new courses toward an unbelievable future.

Our Texas public schools can meet the challenge, if they get the interest and support they require and deserve.

You can help by visiting a public school during the 14th Annual Texas Public Schools Week, March 2-6. Learn what your school is teaching and how. Find out what their needs are and what goals they are trying to reach.

You'll find it is an education for you and a vitally important contribution to your community and to our children's future.

Dear Mr Neal,

I am enclosing mother's check for the Register for another year. I am sorry to be late with it but mother is in the hospital with a back injury. She has a compressed fracture of the 3rd vertebrae. She is wearing a brace now, and is not in so much pain. The doctor seems to think she is getting along very well. But we do not know how long she will be in the hospital.

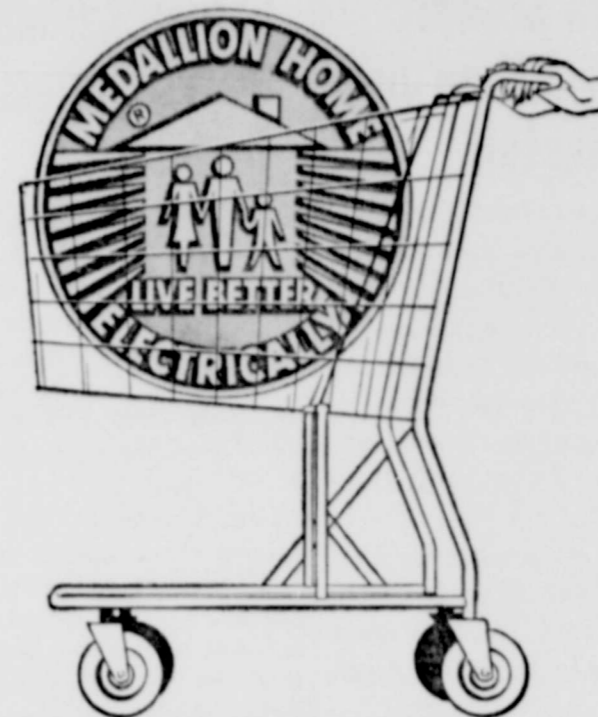

I am sure that she would enjoy hearing from any of her friends back in Texas. If anyone would like to write please send them to my address and I take them to her.

We enjoy receiving and reading the Register each week.

Sincerely,
Glenda Epperson,

Graham Industry Employment Survey

Roy Dies, president of the Graham Chamber of Commerce, and Sam Harbison, President of the Graham Industry Association, at the telephoned request of a rapidly expanding national manufacturer strongly considering the location of a plant in Graham and with whom they have been negotiating since early in the fall of 1963, have set in motion plans for a quick employment survey to determine the number and skills of male persons now living in the Graham area, who are interested in production employment in the proposed Graham plant.

Because of the urgency for the obtaining of this information, which will be used as the basis of initial employment interviews by plant management personnel in the very near future, an employment survey form is being printed in all weekly and semi-weekly newspapers within a 30 mile radius of Graham and this form may be clipped from the paper, filled out and mailed to address indicated.

Also to expedite the com-

pletion of this survey, radio spot announcements will be carried on Graham radio station KSWA. Additional survey forms can be obtained at most filling stations, and places of business in Graham and surrounding towns, according to Dies and Harbison.

The industrial committee of the Graham C of C under leadership of Chairman Guy Meacham will move the Chamber's "Welcome House" to the northeast corner of the Graham Square to be located in front of the Driver Hotel. Members of the Chamber's Industrial Committee will be available for the next few days to help expedite the completion of the survey.

Both Dies and Harbison stated that they have reason to believe that this Company's top management will make a final decision on the location of a plant in Graham in the near future. Once a favorable decision is made, the plant could be in operation within 90 to 120 days at the most, they say. Both men urge that all male persons interested in employment should promptly fill out the survey forms and mail them this week to Box 299, Graham, Texas.

"One of the most important rules," Mr. Hayes declared, "is never to fly kites where there is a possibility of their getting tangled in electric power lines."

Other "don'ts" include: don't use metallic cord or wire for kite string, don't use metal in frame of kite, don't pull on string or climb a power pole to loosen a kite snagged in electric wires, and don't fly a kite over television antennas.

To help publicize the safety rules that are so all important to kite-flying, Community Public Service Company has provided safety rule posters for school bulletin boards.

HD club to present concert

The Proffitt HD club met at the home of Mrs. C. L. Griffin and daughter, Mrs. Georgia Wells, Feb. 19. The president, Mrs. H. G. Blanton, presided at the meeting. 12 members and four guests answered roll call with "A Food I Keep on Hand for Unexpected guests."

A demonstration was given

on the care and storage of crystal, china and silver. Members experimented with various brands of polish on tarnished silver to determine the most effective.

The gospelairens will present a concert March 13, at 7 p. m. in New Castle, sponsored by the club. The proceeds will be equally divided with the Profit Cemetery Association and for improvement on club building, the old Proffitt school. It is hoped the public will be interested in this cause and come to hear these talented singers.

Mrs. Bob Wells gave the council report. A covered dish luncheon will be held March 4, at the club building. Members and guests are asked to bring a dish and be present at 10 a. m. Mrs. H. B. Blanton was elected to be a nominee for THDA chairman. Mrs. W. P. Burch conducted a recreation period.

Home for aged now open at Albany

The City of Albany in Shackelford county, recently opened a home for the aged and chronically ill. This home is up to date and modern in every respect, according to Mr. John Watson, Administrator. They are fully prepared to take care of most any situation, and invite your investigation of the service and atmosphere afforded at this home, known as the Bluebonnet Lodge.

The editor acknowledges a visit from Mr. Watson, also His Honor, Mayor John Earl Beall of Albany, Saturday afternoon. These gentlemen were out spreading the good word about this new institution in Albany.

Mayor Beall is a native of Newcastle and will be remembered by many of our citizens. He is the son of the late Mr. and Mrs. Benny Beall, citizens of this community for many years. We enjoyed the short visit from these two gentlemen and hope they can find it convenient to visit us more often.

If you are interested in the home, read the ad in this week's Register for particulars.

A buffet style luncheon was served at noon, with a variety of salads, vegetables and deserts. The hostess prepared the meats, hot rolls and drinks. Mrs. Harrell asked blessings.
