They will show you a good time—and from this end of the line we urge all you ex-Newcastleites to start making your plans now for August 22nd. Mark this date on your calendar. ## City cleaning up lots adjacent to business section

The City has had Howard Daniels working with his bulldozer knocking down mesquites on the vacant lots adjacent to the main business section.

It really makes things look different and the City Council is being commended on every side for the action they have taken.

Cleaning up a town is everybody's business, and the residents of Newcastle are requested to cooperate in cleaning yards and vacant lots of tall weeds and grass which constitutes a fire hazard.

All it takes to get these things done is a little energy and civic pride. We can have an attractive community, one to be proud of—if you want to. The business houses could be made more attractive with a little work and paint. Let's be on the move.

**4-H Youths Keep Fit**

When boys and girls club work first started in the early 1900's, the emblem was a 3-H clover symbolizing Head, Heart, Hands. Around 1911 the 4th H was added to represent Health. Ever since, both here and in about 75 other countries, this emblem has represented the equal training of "head, heart, hands and health for better living."

Health projects have grown over the years in knowledge, activities and membership, says the Cooperative Extension Service which supervises 4-H programs. And keeping fit is one important segment of the national 4-H Health program which today enrolls some 677,000 boys and girls.

It is easy to keep in good shape during summer months through sports, games, hikes, camping and outdoor work. But, cautions the 4-H Health bulletin, there is more to maintaining good health than strenuous exercise.

This recent publication points out the need for three nutritious meals a day, plenty of sleep, periodic physical checkups and a sensible balance of work and play. It also urges 4-H Club members to look for ways to improve family and community health.

Individual members and clubs can win awards for doing an outstanding job. Winners are selected by the Extension Service. Award donor and sponsor of the 4-H Health program for the last 10 years is Eli Lilly and Company.

The boy or girl judged best in the state will be a delegate to the National 4-H Club Congress at Chicago next fall, and will receive one of six \$500 scholarships. In the county, the best club projects will be recognized with a certificate and will be presented to as many as four top individuals.

### Star-spangled gift idea

You can put \$50 into someone's future with U. S. Savings Bonds—and the cost is only \$37.50.

You can also be pretty sure your gift will be used for something pretty important. Because most people hang onto their Savings Bonds until something important comes up. Like college tuition, a new baby, and retirement day.

Something else. You give more than money with U. S. Savings Bonds. In a small—but vital—way you give freedom, too. Because Bond dollars do a lot to help Uncle Sam stand tall in this troubled world of ours.

Prices start at just \$18.75 for the \$25 size. Why not give Bonds for special occasions to all those "special" people? Yourself included.

In many of our towns, fire protection comes from a volunteer fire department. An effective communications system summons these volunteers by ringing all members' telephones at the same time. ## HOW TO GET RICH SLOW (but sure)

Every dollar you invest in Series E Savings Bonds grows 3 1/2% bigger in 7 years and nine months. You can count on it.

It's not as exciting as drilling a wildcat oil well, or diving for sunken gold. But it's mighty reliable. Especially when you use the Payroll Savings Plan to help you make sure you buy Bonds regularly.

This famous plan takes the back-sliding out of saving money by making it automatic. You just tell your employer you want him to set aside a small amount from your check each payday.

(\$4.33 a week will add up to twelve \$25 Bonds a year. But you can have more or less deducted as you choose.)

Then you forget all about it. Savings come easily and almost painlessly. You never see the small amount that's deducted so you hardly miss it.

There's a unique satisfaction to saving money this way, too. Everytime you slip another Bond into your

pocket, you know you're helping your country as well as yourself. Uncle Sam uses the money to help America resist the forces that threaten our freedoms.

Another thing about getting rich slow with U. S. Savings Bonds is that almost anybody can do it. So why not sign up for Payroll Savings before next payday?

### Quick facts about Series E Savings Bonds

- You get \$4 for every \$3 at maturity
- You can get your money when you need it
- Your Bonds are replaced free if lost, destroyed or stolen
- You can buy Bonds where you work or bank
