NO. 56

General Election On Tap Tuesday

Voters will go to the polls Tuesday throughout the state to elect 18 state officials and 11 district, county and precinct posts. In addition, the blanket-sized ballot will have 16 amendments to the state constitution.

Voters in Newcastle will vote at City Hall. Posts will be open from 8 a.m. until 7 p.m.

Candidates in four political parties are on the ballot, but only the Democratic Party has a candidate for each post.

Forecasters predict a heavy turnout for the election, but not as heavy as during a presidential voting year.

Candidates and the office they seek by political parties include:

DEMOCRATIC PARTY

United States Senator - Waggoner Carr.

Representative to Congress 13th Congressional District - Graham Purcell.

Governor - John B. Connally. Lieutenant Governor - Preston Smith.

Attorney General - Crawford Martin.

Commissioner of Agriculture - John C. White.

Commissioner of General Land Office - Jerry Sadler.

Comptroller of Public Accounts - Robert S. Calvert.

State Treasurer - Jesse James.

Railroad Commissioner - Byron Tunnell.

Chief Justice Supreme Court - Robert W. Calvert.

Associate Justice Supreme Court, Place 1 - Clyde E. Smith.

Associate Justice Supreme Court, Place 2 - Joe Greenhill.

Judge, Court of Criminal Appeals - John F. (Jack) Onion.

Associate Justice, Court of Civil Appeals, 2nd District - Thomas J. Renfro.

Member, State Board of Education, 13th District - James W. Harvey.

State Senator, 24th Senatorial District - David Ratcliff.

State Representative, 86th District - Charles A. Finnell.

District Attorney, 90th Judicial District (unexpired term) - T. Jean Rodgers.

District Clerk - George E. Berry.

County Judge - Raymon Thompson.

County Clerk - Hugh Grubbs.

County Treasurer - Vesta McCluer.

County Surveyor - J. Walter Moreland.

Commissioner, Precinct No. 2 - Truman Mayes.

Commissioner, Precinct No. 4 - M. J. (Red) Nall.

Justice of the Peace, Precinct No. 1 - G. L. (Lam) Miller.

Constable, Precinct No. 1 - Emmett Birdwell.

Justice of the Peace, Precinct No. 3 - Sam Furr, Jr.

REPUBLICAN PARTY

United State Senator - John Tower.

Representative to Congress 13th Congressional District - D. C. Norwood.

Governor - T. E. Kennerly.

Lieutenant Governor - Kellis Dibrell.

Attorney General - Robb Stewart.

Commissioner of Agriculture - Jack Garrett.

Commissioner of General Land

AIDS IN TEST PLOT - This group of Newcastle FFA boys helped in the planting of a demonstration wheat plot. They are, from left to right, Mike Choate, Wayne Bullock,

Larry Williamson, Buster Mitchell, Robert Carr, Kent Creel, and John Bullock, members of the FFA, and Gene Lowe, who donated the tractor for the planting.

Eagles Crush Cats 63-16 Friday Night

Led by a seven touchdown scoring spree by Eddie Hunter, the Chillicothe Eagles spurred the Newcastle Bobcats 63-16 in district play last Friday night in Chillicothe.

The Eagles jumped off to an early lead and were never

headed as Hunter went wild. Charles Hibbitts, Bobcat coach, said Hunter is the finest half-back the Cats have seen all season.

Hunter scored the first Eagle touchdown with 9:42 left in the first quarter on a 17-yard left tackle. The extra points were good as quarterback Sammy Bivins kept.

Tony Tallant, an end, intercepted a pass from John Bullock on his own 25 and scampered 75 yards for the score with 3:52 left in the first period. Hunter went off left tackle for the two points and the score was 16-0.

Hunter capped a 25 yard scoring drive for the Eagles as he went off left tackle for a yard with 11:01 left in the second period. The extra point try was no good and the score was 22-0.

On the first play from scrimmage a Bullock pass was picked off by Herman Smith who returned the ball from the 40 to the 25. Three plays later Hunter scored around right end from three yards out with 9:20 remaining in the second quarter. Donnie Hinsley kicked the extra point and the score was 29-0.

A Newcastle fumble on the 46 yard line set up the next Eagle score. Hunter scored a round left end from the 12 yard line with 4:49 left in the first half. The extra point try was no good, but the score was 35-0.

The Eagles gained possession at the Bobcat 46 and five plays later Hunter skirted left (Continued on back Page)

Bobcats Host Bobcats Friday

"The Bobcats will win Friday night," coach Charles Hibbitts remarked early this week.

The coach's remarks will come true as the Rule Bobcats invade Newcastle Friday night for a 7:30 contest with the Newcastle Bobcats.

Rule, a district competitor, has only one win this season against six losses. The coach remarked that it has been several years since Newcastle has defeated Rule and he expects a hard-fought contest between the two teams, neither of which is in contention for district honors.

The Junior Bobkittens tied Olney's Junior Cubs last Thursday night 6-6 in a game played at Newcastle. Quarterback Kent Graham threw a 25 yard pass to Jack McWhorter in the fourth quarter. The Olney score came in the second period. Outstanding on defense for the Kittens was Randall Beckem, while McWhorter, Graham and Ricky Creel stood out on offense.

The Bobkittens will play next Tuesday at 7 p.m. in Throckmorton.

FFA Aids With Demonstration Plot

The Young County Crops Sub Committee has for the third consecutive year established a small grain variety demonstration plot, according to L. M. McCarroll. This was planted October 28 on the Woodrow Taack farm located about 4 miles North of Newcastle.

Gene Lowe, a member of the committee, furnished the tractor, drill, fertilizer and did the planting in cooperation with the Newcastle FFA Chapter.

The following varieties will appear in this year's plot: Elbon Rye, Zora, Harrison, Rogers, Will Cordova, Moregrain, Dubois, Cimarron, Alamo X, Ora, Bronco, New Nortex, Mustang, Norwin, Gains, Knox, Gage, Bison, Scout, Warrior, Sturdy, Caddo, Crockett, Kaw Kaw 61, Triumph, Early Triumph.

The public is invited to visit the plot at anytime and compare these varieties as they grow side by side. Clips will be taken in March and compared for grazing yields, also clips will be made in June and threshed for a comparison of grain yields.

First Cotton Is Ginned Thursday

The Newcastle Gin ginned its first bale of cotton Oct. 27 for A. M. Preston. He had 2 bales load of 3740 pounds of seed cotton and got a turnout of 995 pound lint. As of this date there has been 13 bales ginned, the season should get in full swing in a few days after last night's freeze.

Mr. Graham says the gin is in tip top shape and he is looking forward to a good season.

Nell's Notes

It's Cold this Morning !!!
Hallowe'en is over and all the children can say they had fun. Other than a few drawings in "Soap Art," some misplaced trash barrels and bathroom fixtures, I'd say we had a pretty sane Hallowe'en. Also everyone was so generous to our little "Trick or Treaters."

November brings our year to a close and we can look back over the past year and count our blessings. It also brings Election, Veteran's Day, Thanksgiving and Children's Book Week.

Through reading we acquire new ideas, obtain needed information and broaden our interests. The world of books offers endless hours of pleasant and varied enjoyment to young and old. From the time a child is old enough to like pictures, parents should start reading to their children. They should read good stories, books, and poems. These should be on a level the child can understand. Answer their questions and be willing to explain the answers to them. Since this is National Children's Reading Week, take them to a library and let them browse around, it will be a day well spent.

I think beauty runs in the Phillips family. Ann Phillips was selected Football Queen at Homecoming game twenty years ago, her mother, Jean was Football Queen at Chillicothe. Neil maybe you will be Football Romeo one of these days.

The Bobcats ball game this

Faculty Club Elects Officers

The Newcastle - Olney Faculty Club met in the Newcastle High School auditorium Oct. 19, at 3 p.m. The meeting was called to order by Roland Reese, vice-president and Harlen Lowe led the opening prayer.

The following officers were elected for the 1966 - 67 school year: Roland Rose, president; Jerry Howard, vice-president; Jenny Edge, secretary/treasurer.

The principals of the Newcastle and Olney schools introduced the new teachers for the 1966 - 1967 school year.

Rose made an explanation of A.S.T.A.'s plans for the 19-67 Legislative Program as explained to him at a district Texas State Teachers Association meeting. The three main goals of this legislative program are: salary increment, teacher retirement increase and the introduction of a sick leave bill.

The business meeting was adjourned to a social hour in the Home Economics Department.

Housing Authority Reviews New Plans

The Commissioners of the Housing Authority of the City of Newcastle met in a special session at the Newcastle School Monday night. All commissioners were present for the business meeting.

The plans and specifications for the housing project, which were submitted by Stanley Brown, Architect, were approved.

As soon as the titles to the land are cleared, advertising for bids will begin. The Board feels confident this will be accomplished soon, and actual construction can begin.

Kinser To Undergo Skin Grafting

Gene Kinser is now in Ft. Hood Army Hospital. He is to undergo skin grafts on Thursday. In a telephone call here to relatives Mrs. Gene Kinser said that Gene may be able to be dismissed from the hospital in about two weeks to come back home to Newcastle to recuperate.

Wyly Completes Army Medical Course

FT. Sam Houston, Tex. — (AHTNC) — Private Leonard B. Wyly Jr., 25, son of Mr. and Mrs. Leonard B. Wyly, Woodson, Tex., completed a clinical psychology procedures course at the Brooke Army Medical Center, Ft. Sam Houston, Tex., Oct. 28.

During the seven-week course, he was trained to assist clinical psychologists in administering diagnosis test and interviewing patients.

PTA Will Meet Next Thursday

The next PTA meeting will be held on November 10, at 7:30 p.m. in the school auditorium. The topic of the month is "The Individual Learner Comes First." A film will be shown and as a special feature the 4 - H girls trio will sing and Mrs. Moreland's students will present a skit.

PERSONALS

Mr. and Mrs. James Shepard of Graham, Martha Carnley of Mineral Wells and Mr. and Mrs. Cotton Shepard of Graham visited here with Mr. and Mrs. J. O. Musgraves.

PERSONALS

Mrs. J. O. Musgraves visited recently in Odessa with Mr. and Mrs. Edward Shepard and girls and Mr. and Mrs. Alvis Moore and children of Andrews.

Service Tuesday For Mrs Evers

Mrs. Wessie Evers, a resident of Olney for 18 years and a nurse at Hamilton, died while on duty Sunday morning, Oct. 30. She was 58.

Services were held Tuesday, Nov. 1 in St. Paul's Episcopal Church in Olney, with the Rev. Ralph Bible, vicar, officiating and the Rev. Eugene McCrary, pastor of St. Nicholas Episcopal Church in Fort Worth, assisting. Lunn Funeral Home directed the funeral arrangements and the burial in the Olney Cemetery.

Mrs. Evers was born Jan. 25 1908 in Springfield, Mass. She came to Olney in 1948, and was a member of the Episcopal Church.

Survivors include: a daughter, Mrs. Joyce Husky of Olney; a sister, Mrs. Inez Brinkman of Prescott, Ariz., and three grandchildren.

Bracey Funeral Held Monday

A retired gas line maintenance man, William Powell, died at his home Saturday morning, Oct. 29, here in Olney. Services were held at 10 a.m. Monday morning, Oct. 31, in the Assembly of God Church.

Rev. J. A. Allard, pastor, officiated. Burial in Olney Cemetery was directed by Lunn Funeral Home.

Bracey was born Dec. 18, 1896 in Bosque County. He was 69.

In 1919 he married the former Jennie Lou Lindsey at Cleburne, Texas.

Bracey is survived by: his wife; one daughter, Mrs. J. H. Brothers of Beeville; two brothers, Jim of Archer City and John of Henrietta and by three grandchildren.

PERSONALS

Visiting in the home of Mr. and Mrs. Horace Pounds on Sunday were Mrs. James Bailey and children, Mendy and Jim Bob, of Olney, Mrs. M. J. Riggins, Mrs. Jerry McCormack and children, Becky Lancee, and Gary of Graham, Mrs. Elzy Smith and Mrs. Alto Bailey of Newcastle.

PERSONALS

Mrs. Terry Neal Wooldridge is home from Graham General Hospital. Glenda has had a bout with the flu.

TAX MAN SAM SEZ:

Internal Revenue Service receives many payments that cannot be identified or credited to the proper account. If you get a tax due notice, send the notice back attached to your check. In sending money to IRS be sure to include your name, address, zip code, and your correct Social Security Number. Let's make sure that we get credit for all pay.

Saturday Rites Held For King

Services were held Saturday afternoon, Oct. 29, for Bobby M. King of Olney. Rev. Paul Powell, pastor of the First Baptist Church and Rev. Lynn Wilson, pastor, officiated at the Southside Baptist Church rites.

Burial was in Fairview Cemetery in Gainesville.

King served in the U. S. Army in 1956 - 57. He was born July 5, 1933 in Bowie.

He married the former Barbara Young in Gainesville on Dec. 22, 1955.

An employee of Texaco Inc., King had been a resident of Olney since 1962. He died in a Dal-

las hospital Friday, Oct. 28. He was 33.

King is survived by his wife and two sons, Jim and Chuck. He is survived by his mother, Mrs. Vera Motley of Irving and two brothers, Charles W. King San Diego. He was the son of the late Charles A. King.

More than 671,400 school children in Texas need some form of eye care, says the Texas Society for the Prevention of Blindness. If a child constantly blinks, rubs the eye, squints excessively, or tries to brush away blur, it may mean there are eye problems.

TEXAS IS ON THE MOVE!

In virtually every field of endeavor, our state has made dramatic progress the past four years under the strong leadership of Governor John Connally. His administration's bold, yet sensible programs have helped provide new opportunity and a better way of life for all our people.

IMPROVED EDUCATION — Since 1963, state investment in higher education has doubled, and faculty salaries have increased 40%. State support of local public schools have increased 44% in four years, including a \$100 million teacher pay raise enacted in 1965. Technical and vocational training programs have been vastly increased; junior college enrollment doubled during the current bi-ennium. Special literacy programs for migrant workers and their children have been expanded. A college student loan fund of \$85 million has been established. And a special Governor's Committee on Public Education currently is studying all facets of elementary and secondary education.

WATER RESOURCES DEVELOPMENT — Long range planning and development have been given top priority. \$100 million in bonds have been issued for development of needed storage facilities; authorization has been granted to expand this program to \$200 million for the next two years.

CONCERN FOR THE AGED AND NEEDY — Since 1963, assistance to our elderly has been increased 27%. The Governor's Committee on Aging is continually working for the benefit of our senior citizens.

OUTDOOR RECREATION — More than \$2 million has been invested in improving ten of our most attractive state parks during the past two years to provide additional recreational facilities.

INDUSTRIAL EXPANSION — A record 855 new industrial plants have been established the past three years, moving Texas into second place in the nation in industrial expansion.

Last year, more than 23,000 new jobs were created in manufacturing alone — the best year ever for the Texas labor force.

INCREASED TOURISM — More than 12 million tourists visited Texas last year, adding more than \$900 million to the state's economy, and creating 140,000 new jobs. The state's tourist advertising program has been sharply expanded.

MENTAL HEALTH AND MENTAL RETARDATION — New emphasis on prevention of mental illness and mental retardation has been achieved through establishment of new community centers, replacing the former practice of "warehousing" patients. Investment for research into causes of mental disorders has doubled the past four years.

BETTER HIGHWAY TRANSPORTATION — Texas has more farm-to-market roads than any other state — more than 35,134 miles. We lead the nation in construction of interstate highways, at a cost 40% below the nation's average.

COMBAT AIR AND WATER POLLUTION — New legislation for public health, "The Clear Air Act of Texas," provides state action to combat air pollution. Similar vigorous action has been initiated to control pollution of Texas streams, bays and estuaries.

NEW CULTURAL GROWTH — The Fine Arts Commission was established in 1965 to nurture the cultural enrichment of Texans. The state's cultural heritage will be preserved and portrayed in the state's pavilion at HemisFair '68 in San Antonio.

BUSINESSLIKE ADMINISTRATION — With unprecedented teamwork, our state government has operated responsibly and efficiently. The Legislature has finished its work on time in each session. Following a pay-as-you-go policy, we have maintained a healthy surplus in the general revenue fund without curtailing essential services.

HEALTHY, GROWING ECONOMY — Business activity rose 11% last year, as Texas continues one of the brightest growth areas. Employment and income are at an all-time high, unemployment at an all-time low. Despite increased responsibilities, our state government costs only \$168.78 a year per citizen, fourth lowest in the nation. No broad-based tax has been enacted the past four years. Texas still has no personal income or payroll tax, no corporate income tax, and is one of few remaining states with a limited sales tax of 2%.

LET'S KEEP THIS KIND OF PROGRESS AND PROSPERITY FOR TEXAS! HELP GIVE AN OVERWHELMING MANDATE FOR THE VISIONARY LEADERSHIP OF DEMOCRATIC GOVERNOR JOHN CONNALLY AT THE POLLS NOVEMBER 8TH!

RE-ELECT GOVERNOR JOHN

County Agent's Corner

By
L. M. McCARROLL

Young County Wheat farmers have kept the tractors and drills rolling for the past two weeks, some around the clock. It is the general feeling that more than 90% of the planting has been completed.

Two small grain variety demonstration plots have been planted through the cooperation of the Texas Agricultural Experiment Station, the Texas Agricultural Extension Service, the Young County Crops Sub Committee and the Newcastle and Olney FFA Chapters. 100 lbs of 18-46-0 was put down with seed.

One was placed on the Woodrow Taack Farm near Newcastle and contains 1 rye, 5 barley, 9 oat and 18 wheat varieties. The one on the Raylon Kunkel place (Hightower Farm) near Olney has 1 rye, 5 barley, 9 oats and 11 wheat varieties. 100 pounds of 16-20-0 was put down with the seed. Both plots were seeded at the rate of 1 bushel of wheat, barley and rye per acre and 2 bushels of oats per acre.

All of the seed were furnished by the Experiment Stations except the Elbon Rye from Triangle Feed and Seed, More Grain Oats and Kaw 61 Wheat from Olney Feed and Elevator and Gains from Earl Allison. This is a soft wheat grown in Idaho, Washington, Oregon with yields up to 15 bushels per acre., Knox from Phillips, and Early Triumph from Ward Pendleton.

The variety demonstration plots in the past have always created a lot of interest as farmers compare their growth, in-

sect and disease resistance. Ability to stand and thrash and then produce a large yield of high quality grain. If any one has planted two or more varieties of wheat, oats or barley in one field or in adjoining fields for comparisons, I would appreciate knowing about them. The same is true of different fertilizer rates, especially if an area was left unfertilized. These make good demonstrations and I will be glad to visit these fields and collect samples at harvest time.

Joe Dunagan of the Olney Gin, and DeWitt Graham of the Newcastle gin report cotton harvest slow and far behind previous years at this same time.

Buddy Clayton, is credited with the first bale at Olney. Dunagan says Clayton has ginned 6 bales from 9 acres and expects 3 more. This is an average of a bale to the acre.

A. L. Brown has harvested 9 bales from 11 acres and expects 3 more bales from this area.

Harvey Hennig has gathered 3 bales through last week.

Cotton prospects over the county range from very good to poor. Boll worms did much damage as have boll weevils. Weather conditions prevented spraying for insects as well as proper weed control.

Young County is in the process of being re-accredited Bacteriosis Free, as of September 30, 1111 head of cattle had been tested with 1088 negative, 10 suspects and only 13 reactors. All tests were made from cattle consigned to local auctions. It

is possible that the county can be re-accredited through this manner and without testing individual herds.

I believe all ranchers will agree that this is the easy way.

The Upper West Fork Conservation District will meet in Graham Thursday. The board will visit the Grass Observation Plot on the Loving Highway during the afternoon. Mr. Haskell Easterling of Graham is director for Zone 1 which includes all of Young County.

The 4-H Halloween Carnival this past Saturday night was a great success. This was a good example of coordinated work of the 4-H Adult Leaders and the 4-H club members. A lot of work and planning was necessary but the results were rewarding. Many 4-H members, some their first year in the club, were charged with responsibilities that were carried out very well.

Mrs. Frank Pitts was overall chairman and ably assisted by many. To each a most hardy thanks for your interest in the youth of our county.

The 4-H Achievement and Awards Banquet will again be history after Saturday night. This is the one time during the year when Young County 4-H members, leaders and friends of 4-H are recognized for the year's accomplishments. These are many and continue to grow larger each year as higher goals are reached. As these gold medals, certificates, trophies, 4-H jackets and other awards are given, it is my sincere hope that this may be an incentive for even higher ideals for the future.

It is a requirement that a 4-H record book be submitted during the year to be eligible for a 4-H medal. Since these are limited to no more than 4 and sometimes only 1 in each subject matter (beef, swine, clothing, etc.) substitutions to a related field are sometimes necessary. These awards are made possible on a national basis and represent many individuals and business concerns.

The same is true on a local basis as many dollars and much time is devoted by individuals, businesses and organizations to help our 4-H club members. I am grateful to each.

Calendar of Events
November 3, Upper West Fork Soil Conservation District Board of Supervisors Monthly meeting, 1:30 SCS office.

November 5, 4-H Achievement Banquet, 7 p.m., Graham High School. (old gym).

November 7, TAP monthly meeting, 1 p.m. ASCS Office.

November 12, 4-H Horse Club Playday, 9 a.m. Olney.

Young County HD Clubs To Meet

Young County Home Demonstration Clubs will celebrate their fortieth anniversary Monday, Nov. 7, with an all-day meeting at Fort Belknap.

The Nov. 7 date will also mark the fortieth anniversary of the Texas Home Demonstration Association.

The meeting will begin at 9:45 a.m. with a regular council meeting. Each local president will give her annual report.

A covered dish luncheon will be served at noon and local club efforts will be exhibited.

Rev. Robert Foust, Graham minister, will speak during the afternoon and will demonstrate the use of driftwood in floral and decorative arrangements.

Judge Raymon Thompson will award ribbons to 40, 30 and 20 year members.

Bloodmobile Quotas Told

By Blood Program Reporter
Tuesday afternoon in the Chamber of Commerce office Lynn Rieves, chairman of the Olney Blood Program, was in charge of a planning meeting. Chairmen or their representatives of the organizations in town discussed new quotas, challenges between various organizations and letting employees off to donate blood.
The Red River Red Cross Bloodmobile from Wichita Falls will be in Olney a week from today, November 10th at the Olney Community Center. It is hoped that since blood is needed so much that the citizens of Olney and area will give more pints than ever before so we might be able to help those who are not doing as well as we are. In the beginning before the people of Olney realized the importance of the blood program, other counties and communities were helping us.

Organizations, their quotas and chairmen are: Aero Commander, 30, Mrs. Geneva Hopkins; Hamilton Hospital Employees, 10, Mrs. Floydene Roland; Knights of Columbus, 5, George Kulhanek - Megargel; Hamilton Hospital Auxiliary, 10, Mrs. Howard Farmer, Rotary Club, 10, Rich Fisher; Lions Club, 10, Gene Speer; Olney Manufacturing, 20; Dave Harris; DAV Post 166, Newcastle, 5, J. D. Mitchell; Masonic Lodge, 5, Jim Richerson; American Legion & Auxiliary, 10, Mr. and Mrs. John Murphy; Future Farmers, 2, Bob Wright; Olney High School Students 5, Mrs. R. L. Spivey, Jr., Olney - Newcastle Teachers 10, Johnny Vaughn; VFW, 5, Edgar Hall; Boots & Saddle 5, Bud Milie; Olney Fire Department, 5, Clyde Stuteville; Rising Star Baptist Church 5, Evelyn Dean and Gloria Gallagher, and IOOF, 5, Kenneth Agnew.

It is hoped that everyone will really work and meet and exceed their quota so others may live. If Aero Commander can bring their people about five miles into town to give blood so others may have the opportunity to live and be of service to their community.

Mrs. Byers, Secretary of the Red River Red Cross Regional Blood Program Association and Consultant for the Texas Counties of the organization, gave a report of the Associations annual meeting held in Wichita Falls last week.

FHA Rally Day Scheduled

The F. H. A. Rally Day to be held here in Olney was the topic of discussion of the Olney Chapter of the Future Homemakers of America, last Wednesday in the home of Kathy Hamilton.

The Rally Day will be held Saturday, November 12, at the high school from 10 a.m. to 2 p.m. Seven area chapters have been asked to send delegates to the meeting. The purpose of this meeting is to promote better relations between the towns and to better the FHA program of work.

The day's activities will begin with a general assembly in the auditorium. Next, the group will divide and go to various workshops held in different classrooms. After the workshops, lunch will be served to everyone in the homemaking lab. After lunch, an educational recreation will be held in the auditorium by each attending chapter who will give skits concerning their chapter's program.

The various workshops and their instructors include: Program Planning - Kathy Hamilton; Recreation - Kathy Murphy; Degrees - Susie Bernhardt; Parliamentary Procedure - Cindy Bernhardt; Money - making projects - Beverly Monkres and Jackie Blancett; Scrapbooks - Judy Lee; Publicity - Linda McCauley; Presidents - Pochy Kilrease; Chapter Projects - Sandra Cope.

Other committee chairmen include: Registration - June Lee and Ila Mae Crosthwait; Food - Paula Davis.

Each Olney FHA member is urged to attend and help make this Rally Day a big success.

Also, discussed at the meeting was the chapter's program on "Morals Do Matter" which will be held on Nov. 17 at activity period in the high school auditorium. A panel of high school students will discuss various questions asked by the student body through a secret ballot. Any adult who is interested is asked to come.

FORT BELKNAP NEWS

A surprise birthday party was held Saturday night at Fort honoring Jimmy Burkett, on his eighteenth birthday. The Fort was decorated beautifully. This was a well kept secret and supposedly a Halloween party. A delicious Mexican Supper was served and also a lovely decorated cake by Mrs. Frank Pounds. Music was provided by Sue Myers. Approximately 40 guests were present. Adults present were Rev. Don Reed, Mr. and Mrs. Frank Pounds, of Newcastle, Mr. and Mrs. R. L. Perkins of Abilene, Mrs. J. F. Burkett and Jeana Burkett of Olney, Terry Boroughs and Wayne Davis of N. T. S. C.

Also attending were Jimmy's parents Mr. and Mrs. Claude Burkett of Newcastle.

Graham Firm Gets SH 199 Road Contract

A contract for 21.748 miles on Highway SH 199 in Young County has been awarded to a Graham firm, it was announced in Austin this week by the State Highway Commission.

Zack Burkett Co. submitted the low bid of \$730,785.27 on the project. Grading, structures, flexible base and two course surface treatment is expected to take 200 working days, according to L. B. Dean, District Highway Engineer at Wichita Falls.

T. H. Sutherland, Resident Engineer at Graham will be in active charge of the project while it is under construction.

4-H Achievement Banquet Saturday

Final plans have been laid and the time is drawing near for the annual Young County 4-H Achievement banquet. The banquet will begin at 7 p.m. Saturday, November 5, in the old gym of Graham High School.

Five hundred club members, parents, and special guests are expected for what is hoped to be the largest and most successful banquet yet.

The purpose of the banquet is to give recognition to the many county 4-H club members who have done outstanding work for the year just ending. Many various medals, trophies, ribbons, and other awards will be presented to over 125 members who have put forth the extra effort required to be more than just an average 4-H club member.

The banquet will get underway with a barbecue dinner catered by Underwoods. Presiding over the banquet will be this year's gold star boy and girl, Randy Clerihew and Kathy Ramsey. Following a list of the year's 4-H achievements, the awards will be presented. Following the awards will be a special presentation of 4-H jackets donated by Morrison - Smith Lumber Company to 20 deserving and qualified club members.

It is hoped by the agents and adult leaders alike that this banquet will serve as a special incentive for the less active club members to take a larger role in the future and take advantage of some of the many opportunities and activities available to all 4-H club members.

TO THE VOTERS OF YOUNG COUNTY

I would like to take this opportunity to thank you for the votes you have given me in past elections and request your support in the November 8th General Election. I hope that I have never given you any reason to regret your support for me. It has always been my desire to make the office of County Judge truly an office of the people of Young County. I have tried to be of service to all of the people of Young County in every way possible.

I hope to see all the voters in the county prior to the November 8th election. However, the duties of the office require that I stay at the office most of the time. If I fail to see you, I hope you will consider this a personal request for your vote in the General Election.

I have at all times tried to conduct the affairs of Young County in a prudent manner being conservative in every way possible. Young County is in excellent financial condition and has no outstanding bonds or warrants and owes nothing except the current monthly bills. Such has been true for the past eight years I have served as your County Judge and we have no plans to alter this condition.

Tax Payers in Young County know that tax values on property are very low in comparison with the actual value of the property assessed. Our tax rate is also low. It has ever been the desire of the Commissioners Court to keep both the assessed value and tax rates as low as possible. I do not believe Young County's business could be operated efficiently at a much lower rate of expense.

I have lived in Young County almost 59 years and I believe I know the needs of the people. I worked hard for the improvement of all the roads and bridges in the county and for the designation of new highways and the improvement of the existing highways. We have expended many thousands of dollars for right-of-ways and have tried to see that every section of the county was served by good roads and highways. To the best of my knowledge no favoritism has ever been shown through this office.

As County Judge I have worked for and received the cooperation of all the officers of the county, as well as, the city and state officers throughout the county. As County Judge I preside over the Commissioners Court, Probate Court and Juvenile Court, as well as the trial of cases in the county criminal and civil Courts. I invite your inspection of the record I have made. I do not contend that no mistakes have been made, however, I believe the record I have made is good and it is on this record I ask your support on November 8th.

If re-elected I shall continue to work for all the people of Young County with prejudice toward none but with fairness to all.

I shall appreciate your support and pledge to devote my time and best effort toward conducting the affairs of Young County in a prudent, sound, business-like manner.

Amendments Explained

(Editors Note: this is an analysis of the sixteen proposed amendments to the Texas Constitution which will be presented to the voters on Tuesday, Nov. 8. These analyses are presented to help the voter understand the proposals - not to prejudice his vote.)

PROPOSITION ONE

This amendment proposes to exempt farmers and ranchers from paying full taxes on high-priced land, as long as the land is used for farm or ranch purposes.

This proposition conflicts with other parts of the Constitution, which state that all taxation shall be equal and uniform and that all property taxation should be based on land value.

In addition, the proposition does not outline how the land would be assessed for agricultural use.

The owner of the property, a natural person, not a corporation, would have to file his property annually with the tax assessor to receive the exemption.

Each year, the tax assessor would make a note of what valuation the land would have had, if it had not been in agricultural use.

If the owner decides to sell his land, the tax assessor would be able to collect the difference between the tax actually paid and the tax payable on the higher valuation. This would be applicable for the previous three years and would constitute a lien on the land.

Due to the vagueness in the proposition, concerning how the assessment is to be made, and due to the fact that the proposition is in conflict with other portions of the Constitution, the Proposition will have to be clarified by Texas courts or by the Legislature before it will be valid.

Those in favor of this amendment believe a farmer or a rancher should not be forced to pay taxes on the actual worth of his land if he is not going to use it for a purpose which makes it more valuable.

They point out that farming has always received special consideration and that it has value as a way of family life which this country wants to preserve.

In addition, some argue that this would keep land values from snowballing too fast and would make development around cities more orderly.

Those opposed to the amendment believe it is fundamentally wrong to extend special tax exemptions to any special group of citizens to the disadvantages of others.

Local districts, they point out, are paying off bonded indebtedness based upon a tax rate which assumes that all property will be taxed according to its real value and that, especially in rural counties, there might be a very substantial reduction in the assessed value of property.

They add that if the tax assessor makes the real property val-

uation on his records, the valuation would not be checked until time to sell the land, at which date it might be too late to protest.

PROPOSITION 2

This proposition would authorize the Legislature to provide by law for the creation, establishment, maintenance and operation of airport authorities composed of one or more counties.

The airport authority could be given authority to issue general obligation bonds or revenue bonds. The Board of Directors would be either elected or appointed, according to the desires of the local governing agency.

This amendment does not create any airport authorities, it merely enables the Legislature to create such an authority if the citizens of an area wish it to be established.

PROPOSITION 3

Last year the Legislature passed a law to shift Arlington State College from Texas A&M University System to the University of Texas System. At the time, the Legislature intended that Arlington should be one of the state colleges which is financed through the existing ad valorem tax, and not from the University Permanent Fund.

This Proposition will clean up the wording of our Constitution by removing the college from the Permanent University Fund list.

PROPOSITION 4

In 1912, the state Legislature attempted to attract men of high qualifications and ability to serve on conservation and reclamation boards. They did so by passing a law stating that terms of office on such boards would last six years.

In 1964 the Attorney General ruled that since many conservation and reclamation districts are not state agencies, local and regional directors are limited to two year terms.

This Proposition would clarify the situation and set the term of office at not more than six years.

PROPOSITION 5

This Proposition would provide a statewide system of retirement, disability and death benefits for all officers and employees of a county or any other political subdivision in the state.

There are several provisions all ready made for such benefits at present; apparently the existing provisions could be merged into the proposed state-wide system. It appears that there might be considerable overlapping of benefits, since the language of the Proposition is quite broad.

The government of a county or political subdivision would be able to participate in the plan without a vote of its citizens, and the county, not the state, would pay all the cost of the benefits.

The Proposition leaves the Legislature free to establish the kind of system it deemed best and how it would be administered, in addition to how much each individual would contribute, ma-

tched by county or district funds.

The result of Proposition 5, if adopted would be to place most state employees on a separate and restricted system and county and city employees would be on a state-wide, virtually unrestricted system.

The language employed in the Proposition is vague and confusing, so that the exact meaning of this amendment if it is adopted will probably have to be interpreted by the Legislature or the Courts.

PROPOSITION 6

This Proposition would enable the Legislature to provide for State assistance to any surviving spouse or minor children of a law enforcement officer, full-paid fireman or custodian in the Corrections System who dies violently while performing his duty.

This assistance would not be limited to state employees, but could be given to anyone the Legislature wished.

The Proposition involves selectivity on the part of the Legislature. It chooses a certain class of public employees for this special treatment and further allows the Legislature to select certain members of this certain class.

There is a general prohibition in the Constitution against granting public money to private individuals, but exceptions have been made to allow aid to soldiers, sailors, their wives or widows, the Texas Rangers, the needy blind, needy children, etc. This Proposition would become another exception to the prohibition.

Often local governments do not make sufficient provisions for the survivors of its protection agencies, supporters of the amendment argue. Opponents argue, that these decisions ought to be made at the local level.

PROPOSITION 7

The proposed amendment would require annual registration of voters without payment of a fee. Since the poll tax was nullified by the 1966 February Supreme Court decision, this amendment, or some other, is necessary to register Texas voters.

Those who oppose this amendment think a voter should be able to register for a number of years or permanently.

Those who favor this amendment argue that the fundamental right to vote should be protected by annual removal of the names of the dead or people who have moved from the lists of voters.

PROPOSITION 8

With our increasingly mobile population, a great deal of attention has been given to the plight of those who move from one state to another and thus cannot vote.

This Proposition would authorize the Legislature to enact laws and provide a method of registration to permit a new citizen to vote in national and state wide elections.

It would also authorize the

Legislature to enact laws and set up a method of registration for voters who have moved away from Texas to enable them to vote in a presidential or vice-presidential election.

Opponents of this Proposition fear that this would make it even more difficult to hold elections and to protect ballots from fraud.

Those in favor of the proposal feel that growing numbers of people are being disenfranchised and denied the right to vote on state and national questions.

PROPOSITION 9

This amendment would increase our Court of Criminal Appeals from three Judges to Presently the Court has three five Judges.

Judges with two commissioner assistants. The two present Commissioners would become Judges one to serve a two year term and one to serve four years.

The Governor would select a Presiding Judge out of the five; when the Presiding Judge's term expired, a successor would be elected by the bench.

The Proposition would also allow the Court to conduct business the year around, from the first Monday in October to the last Saturday in September.

It would also require the court to sit in Austin, the State Capitol.

PROPOSITION 10

This Proposition would allow an independent school district or a junior college district, to change its boundaries or to consolidate with another district, without cancelling the school taxes.

If two districts were to unite, the Proposition states that the tax rate voted by the citizens of the district with the largest portion of the scholastic population, would apply to all the citizens of the district. And that after the merger, only the bonds of the area with the largest scholastic population could be sold.

PROPOSITION 11

This proposal would allow the state to expand and round out its program of conservation and development of water resources. It would authorize buying or building new systems for the treatment, filtration and transportation of water. And it would approve the issuance of \$200,000,000 more in state bonds to finance the enlarged program.

In building reservoirs and water storage areas, the State is providing for the future needs of its people. Such reservoirs will probably not pay for themselves immediately, but will eventually be purchased or leased by the citizens who will use them.

The Texas Water Development Board will try, as much as possible to build facilities and transportation systems only when there is an immediate demand.

The amendment would prohibit the transfer of water from one watershed system to another if the water is necessary to supply the water requirements of the original basin for the next 50 years.

It does not prohibit temporary, interim transfer of water from one basin to another.

PROPOSITION 12

In 1954 the legislature was empowered to set up hospital districts in populous counties. At the time, no provision was made to enable the Legislature to dissolve the districts it sets up.

This proposal would remedy this situation and provide basic conditions which must be included in a law or laws, if the Legislature is to be able to dissolve a hospital district.

The majority of citizens within the district would have to be in favor of dissolving it, and the assets of the hospital district would have to remain in the area.

PROPOSITION 13

Since part 1 of this Proposition deals with counties having a population of 1,200,000 or more, and since Harris County is the only such county in the state, Part 1 deals only with Harris County at this time.

This Proposition would allow the political subdivisions within a county to consolidate its governmental functions, with those of any other political subdivisions, if the voters in the area so desire.

Part 2 of the Proposition could be interpreted to allow any county or its political subdivisions to contract or consolidate its governmental functions.

If this amendment were to be supplemented with broad legislation, it might set a statewide pattern of combining many of the functions of local government, either by contract or by outright consolidation.

PROPOSITION 14

This Proposition would allow a member of the Armed Forces, who lives in Texas, to vote in Texas. The result would be that military men would be able to vote if they meet the requirements of age, citizenship and residence.

Military men were originally not allowed to vote because in 1876, when the law was passed, they were stationed here as occupying troops, and not through Texans' own desire.

This Proposal, if adopted, will allow American military men, who are qualified voters, to vote.

PROPOSITION 15

This Proposition would allow the State to accept private or federal funds for the assistance of physically or mentally handicapped people.

The actual wording of the amendment is much more vague and broad than that which appears on the ballot.

The inclusion of the phrase "provide other services" (for the handicapped) apparently would bring several state agencies under the amendment. These agencies are already required to provide "services" for the handicapped to be able to receive federal assistance.

Since the amendment states that the money received for the purpose of aiding the handicapped must be considered "state funds", it may jeopardize federal assistance in several areas.

There is a serious question if federal money received by state agencies may even be considered "state money."

The amendment also stated that no other money may be spent by state agencies for this purpose. Does that mean that if federal assistance is given, no state money may be spent? Since the amendment's wording conflicts with other parts of the Constitution, would it raise a further question about the use of state funds for aid and medical assistance to the handicapped and needy?

The vagueness of this proposal which might affect agencies authorized by a patchwork of law and provisions, might jeopardize some existing programs.

PROPOSITION 16

This Proposition would write into the Constitution a definite date on which Senators and Representatives would take office. It would provide that the term of office of both Senators and Representatives shall begin on the day set by law for the convening of the Regular Session of the Legislature.

Senators had previously begun drawing pay when they took their oath of office, but this is tradition, and is not provided in the Constitution.

The Constitution presently provides that the two year term of a Representative dates from the day of his election.

Confusion over the exact date when a Senator's term of office begins has been one of the major obstacles to special sessions of the Legislature in "off" years.

County 4-Hers Win Fair Honors

Young County had fifteen 4-H Club members participating in the Dallas Livestock Show during the State Fair October 17-22.

Exhibiting blue ribbon market steers were Shirley Kunkel, of Olney who placed second in her weight division. Also from Olney were Jenny Stuteville placed third in her weight division and Kim Boone placed fifth in her weight division. All three steers were hereforths.

Red Ribbon Steers were exhibited by Mike Schlegel, Janet Kunkel, David Clerihew, Ike Neal, and Wilson Oatman.

A white ribbon steer was shown by Stacey Schlegel. Others exhibiting steers included Elizabeth Oatman.

Market barrows were shown by Sharon McCarroll, Dean Singleton, and Wilson and Elizabeth Oatman. None of these barrows earned a placing.

Lambs were shown by Bobby Loving, Obbie Loving, Greg Loving, and Sharon McCarroll.

Top placing among the lambs was a 38th place ribbon registered by Bobby Loving with his Hampshire Lamb.

Field Reentry Brings Oil Well

A new North Texas Strawn sand oil pay in Archer County has been opened by D. R. Criswell of Olney, who will ask a discovery allowable and new field designation for his No. 1 Cowan and McKinney.

The discovery is eight miles southwest of Archer City, block 22, Jefferson CSL survey.

Daily pumping potential was 83.68 barrels of gravity crude, plus 55 per cent water, from 20 perforations at 3250-62 feet. Gas-oil ration was 500-1. Pay was treated with 300 gallons acid.

The hole was plugged back originally drilled by D. D. Feldman and plugged in December, 1948, at an old total depth of 5597 feet.

Jefferson (Strawn) Field is the suggested name for the new pay area.

Birthday Party Honors Mrs. Pounds

The home of Mr. and Mrs. Horace Pounds was the scene of a surprise birthday party on last Friday night. The occasion being the birthday of Mrs. Pounds. The honoree received many lovely gifts. Refreshments were served to: Mr. and Mrs. George Clifton, Mr. and Mrs. Rhea Foster, Mr. and Mrs. L. L. Tate, Mr. and Mrs. Alto Bailey, Mr. and Mrs. Ed Tate and Mrs. Edna Morgan.

Assembly Of God To Have Speakers

The Assembly of God Church will have a guest speaker for both services Sunday, Nov. 6.

Rev. H. E. Allen, Presbyter for the Wichita Falls Section of the North Texas Assemblies of God, will be ministering in the absence of the pastor.

Pastor D. H. Moore cordially invites the public to hear Rev. Allen as he ministers in the morning services at 11 and in the evening service which begins at 6:30.

PERSONALS

Harold Whiteley and Mike Howard of N.T.S.C. were weekend guests in the home of Harold's parents Mr. and Mrs. Wiley Whiteley. Also a dinner guest on Sunday was Mr. Jerry Howard.

end for 26 yards and the score with 2:04 left in the half. Hinsley's kick was good and the score was 42-0.

Hunter intercepted a Bullock pass and returned it to the Cat 30. On the second play from the 17, Bivins passed to Smith for the score and Hinsley's kick was good as the first half ended with the Eagles leading 49-0.

Newcastle took the second half kickoff and moved down the field. The drive was halted at the Eagle 36. On the first play from scrimmage Hunter went off left tackle for 64 yards and a score with 8:13 left in the third period. Bivins kicked the extra point and the score was 56-0.

Newcastle got possession of the ball at the Eagle 37. Mike Mitchell picked up three around right end and Preston Pitts turned left end for 23 yards down to the nine. Pitts skirted left end again for the score with 4:48 left in the third period. Pitts went around right end for the two points and the score was 56-8.

The Eagles took possession on the 16 and quickly moved the ball out to the 21 in one play. The second play Hunter went off right guard for 79 yards and a score with 1:50 left in the third quarter. Bivins kicked the extra point and the score was 63-8.

Newcastle stormed back as they took the ball on the Eagle 26. Pitts picked up 9 around right end, Bullock kept for six, Mike Mitchell picked up four and then Pitts went around left end for five and the score with 8:27 left in the contest. Mitchell turned right end for the two points and the final score was 63-16.

We've also received subscriptions that we wish to acknowledge, they are: Mrs. M. B. Ivie, Mrs. Emma Ward, D. W. Young, Ed Morgan, C. C. Farabee, Community Public Service, Ward Pendleton, D. D. Cusenberry, Mrs. R. B. Allison, Frances Jones, Mrs. Lola Remington, Mrs. Myrtle Holbert, Mrs. Grady Hendricks.

W. P. Burch Jr., T. J. Pendergrass, Cecil Nowokowski, Mrs. A. E. Reese, E. W. Foster, J. M. Webb, Mrs. W. T. Fischer, Mrs. Jack Trimble, Bruce Ward, N. D. Graham, Gene Harmon, Mrs. P. L. Steele, J. B. Kee, Ed Tate, and J. O. Musgraves. "Thanks Folks."

Have you and your children kept up your immunity against

polio? Texas has reported 42 cases of paralytic polio this year. Three viruses causes polio. The newest vaccine is in an oral form. It protects against all three types of polio. Many people took the two first vaccines but haven't received their third. It can strike young and old alike.

Some of the T. V. commercial don't quite add up. Things like winding your hair while skiing or hanging upside down from a flying plane, and who but Mrs. Olson carries a pound of coffee in her purse? What about cutting a cake with a feather or cramming a boys dirty sock in a pants pocket? Whats with Josephine, the ajax queen, Wanda the Witch, Merry Mild, Mr. Clean and The Jolly Green Giant, Count Sore Throat and Phyllis Diller, who can say?

Birthday wishes go to Carla Graham, Sharon Martin, Jimmy Burkett, and Emmitt Reynolds.

PERSONALS

Jackie Jordan has been a medical patient in the Olney Hamilton Hospital. Jackie is the two year old son of Mr. and Mrs. Tommy Jordan.
