

## Commissioners approve vehicle swap

Parmer County Commissioners Court met in regular session on Monday May 23, 2022 at 10:00 a.m. in the County Courtroom of the Parmer County Courthouse in Farwell, Texas. The meeting began with prayer and the Pledge of Allegiance to the American Flag and Texas Flag.

Minutes from the May 9th and May 16th meeting were read and approved. Commissioners approved the payment of the accounts payables as presented by County Treasurer Sharon May. The Treasurer's Payroll Report was also approved.

Commissioners approved a vehicle trade between the Sheriff's Office and the Extension Office. The SO will trade their 2014 Suburban with 80,000 miles to the Extension Office for their vehicle which has over 250,000 miles. The SO will

use that vehicle as a trade-in sometime in the future. Extension agents Wendy Case and Janelle Duffey will be transporting kids on various trips and it was felt that they needed a vehicle with less mileage.

Bonds for Deputy County Clerk BreAnn Saenz and Deputy County Treasurer Lucy Martinez were approved. Consideration to obtain a 2019 Traverse for the Juvenile Probation Office was tabled until the next meeting.

Parmer County Sheriff Eric Geske reported that the Parmer County Law Enforcement Center was currently housing 41 inmates. Of those, 25 are paying customers from Deaf Smith County.

All meetings are open to the public. Information in this article is only a summary. Any questions concerning specific actions should be directed to the Commissioners Court.

## Friona grieves the loss of a friend

Saturday morning around 10:13 a.m. the Castro County Sheriff's Office received a 911 call of two persons found deceased on property near FM 1057 and FM 2397 in western Castro County approximately 1/2 mile east of the Parmer County line and roughly 13 miles east of Friona.

Upon arrival at the scene, Castro County Sheriff's Office law enforcement personnel determined that the deaths were suspicious. Texas Rangers were called immediately to assist in the investigation. Through further investigation it was determined that the individuals at the scene were involved in an incident in the city of Friona where the Friona Police Department was investigating a suspected kidnapping.

Castro County Justice of the Peace pronounced both persons deceased and ordered autopsies on both persons to be done in Lub-

bock. The autopsies were performed on Monday.

The Texas Department of Public Safety confirmed Monday that Friona ISD teacher and coach Adilene Adame, 27, was one of the two people found dead in Castro County on Saturday morning. DPS identified the other individual as 37-year-old

Osiel Rodriguez. DPS said that the investigation is still ongoing.

Adilene Adame was a member of the Friona High School Class of 2013 and received a Master of Science Degree in Physical Education from Eastern New Mexico University. She holds the ENMU track record in the weighted throw.

"Addie" had been employed at Fisd for past two years as a Special Education Teacher and Coach. She was just recently assigned to be the new sponsor for the high school cheerleaders.

As of Tuesday, a GoFundMe page set up for an Adame memorial fund had raised \$17,430 toward its \$20,000 goal.

Coach Adame and Coach Carrillo celebrated with Destini Nava last Tuesday as she signed to run track at Eastern New Mexico University.

## Remembering Loved Ones on Memorial Day!

We are decorating the graves with flags, flowers, wreaths and ribbons.

Memorial Day is a special day. It marks what many people think of as the first summer holiday of the year. It's a time for remembering all of the people who have died serving our country. It's a time for decorating the graves of those who have fought for our freedom and have fallen.

Memorial Day is a day of parades and speeches. People sometimes follow the parades to a cemetery to place flowers and ribbons on the graves of soldiers or other people they knew and loved. Often, prayers, songs or memories are shared.

On this long weekend, there are also cookouts, family visits and even trips to the beach. It's a great time to ask questions to learn more about your family tree. What memories can your grandparents share?

Yay! Chicken, potato, salad, vegetable sticks, milk and brownies!

Fill in the crossword puzzle with these words about Memorial Day:

family	soldiers	love	picnics	remember
graves	flowers	flags	parades	decorate

### Flyover!

## Grape Popsicles

Friday, May 27 is National Grape Popsicle Day. You could go the easy route and buy some at the store, but here is a recipe to try in case you want a popsicle with simple ingredients.

**Grape Popsicles**  
cookingfromheart.com

**Ingredients**  
2 cups Grapes  
3-4 tablespoon Sugar  
¼ cup Water

**Instructions**  
Wash the grapes, remove the

stems, and add them to a blender jar along with sugar. Grind into a smooth puree, adding water if needed. Strain the pulp in batches until any seed residue/skin is filtered. Pour the grape pulp in popsicle mold and freeze for 8hrs

to overnight. If not using popsicle lid, cover it with aluminum foil and halfway through, insert ice cream sticks. To remove the popsicles from the mold, run it through tap water and gently pull it out. Serve immediately.

## Test Your Knowledge of Memorial Day

(questions provided by [www.brittannica.com](http://www.brittannica.com))

Amidst the day at the lake or in the park of wherever your family gathers on Memorial Day, find the time to share with the young members of the family what this federal holiday recognizes. Unlike Veterans Day, which is inclusive of all servicemen and servicewomen who have enlisted in our armed forces, Memorial Day specifically acknowledges the sacrifice of lives lost during conflicts in which our country has been involved, from the Civil War to the present time.

Aging World War II veterans and Vietnam Veterans especially will be mindful of those who did not have the chance to live see their children reach adulthood. Many recent veterans of war came home and have become ill and died from cancers caused by Agent Orange or burn pits in Middle East desert areas. Sadly, many veterans have died by their own hand, often the result of complications from PTSD.

Some who died in service to our country are still coming home. Just next month, the remains of Patrick Lloyd Chess will be returned and buried next to his parents in Yakima, Washington. The U.S. Navy shipfitter was only twenty-four and stationed on the USS Oklahoma at Pearl Harbor on December 7, 1941. Researchers used DNA to confirm Chess's identity, who was reported Missing in Action in a telegram to his family in 1941.

Enjoy your barbecues.  
Eat those hotdogs.  
Wave your flags.

And also factor in some somber time to share what Memorial Day truly represents. President Lincoln spelled it out so eloquently when dedicating the cemetery at Gettysburg where over 7,000 Union and Confederate soldiers were killed in just three days (July 1863).

"...from these honored dead we take increased devotion to that cause for which they here gave the

last full measure of devotion—that we here highly resolve that these dead shall not have died in vain—that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth."

## LETTER TO THE EDITOR

City of Friona,  
Happened to find you guys online. Being from NY State I would like to say it must be a wonderful place to live. I also came across a business called Tyler Gun Works. I decided to do a little business with them. It did not take long to realize what a real gentleman and family man the owner was – Bobby Tyler.

It was truly an experience dealing with him. Wish our businesses in New York State had half the integrity and business ethics that Tyler Gun Works has. You are very lucky to have a business like his as part of your community.

Thank you,  
Frank P. Colucci

## Fuel prices hit new records

By GasBuddy

Average gasoline prices in Texas rose 13.9 cents in the last week, averaging \$4.27 per gallon, according to GasBuddy's survey of 13,114 stations in Texas. Prices in Texas are 50.6 cents per gallon higher than a month ago and stand \$1.52 per gallon higher than a year ago. The price of diesel has risen 22.6 cents nationally in the past week and stands at \$5.518 per gallon.

According to GasBuddy price reports, the cheapest station in Texas was priced at \$3.37 while the most expensive was \$5.20 per gallon.

The national average price of gasoline has risen 11.0 cents in the last week, averaging \$4.57 per gallon. The national average is up 45.4 cents per gallon from a month ago and stands \$1.55 per gallon higher than a year ago.

"Gasoline prices surged over the last week to new record highs, but have finally started to slow their rise with diesel also finally cooling off," said Patrick De Haan, head of petroleum analysis at GasBuddy. "With more Americans planning to hit the road for Memorial Day this year compared to last, prices will be over \$1.50 per gallon higher than last year. Though, prices are appearing to slow down, for now."

De Haan continued, "While the coast isn't clear yet, and prices will be at their highest Memorial Day level ever, I'm hopeful that we could avoid a dreaded national average of \$5 per gallon this year. Whether or not we're able to depends on Americans cutting demand in the face of sky high prices."

GasBuddy data is compiled from more than 11 million weekly price reports covering over 150,000 gas stations across the country.

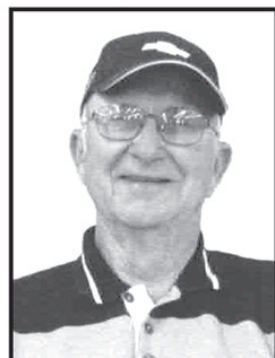

A Retirement Reception was held for Tommy St.Clair last Thursday at the new Ag Texas offices at 1502 W 1st St. in Hereford. St.Clair worked 22 years for Ag Texas which included stops in Plainview, Muleshoe, and 15 years in the Friona office. Tommy said his future plans include spoiling grandkids, playing golf, and becoming a professional goat rancher. He currently has a herd of 200+ head. Good luck. Helping him to celebrate the occasion were: (l-r) Gerrod Salyer (VP/Branch Manager), Jim Murphree, Robert Jones (Ag Texas), Tommy St.Clair, Andy Carthel, Fred Cook, and Koen Ally.

# As They Pass, Will We Remember?

By Jeff Procter, Minister, 6th Street Church of Christ

I came across an article from 2011 saying we are losing World War II Veterans at a rate of 1000 a day. There were over 16 million in the military during WWII and now give or take 1000 a day are leaving us.\*\* UPDATE: There are only roughly 240,000 of that 16 million left in the US. Their current rate of death per day is 234. \*\*\* Simple math says in roughly 10 years they will be gone. Then it will be up to us not to forget. Will we remember?

I have a deep respect for those who serve and have served our country. Memorial Day is a time to remember those who did not come home. The highest price paid so that we can have more than a day off and a barbeque with friends and family. I could rail against the commercialization of this holiday, but would rather not waste any ink there.

Freedom is way too precious and the price way too high to relegate it to a hotdog eating contest. I just know this. We can have a day off, we can have a barbeque and if we wanted we can have a hotdog eating contest because many

throughout the history of this nation stepped up and defended the very freedom that allows such activities. I fear we may be squandering that freedom and take for granted that there will always be someone to take that bullet for us.

Jesus was big on freedom. He died for it on a larger scale than any one nation could. He offers freedom eternally through His blood. Yet, sadly I fear we have taken that for granted as well, making grace cheap and putting lipstick on sin and calling it good.

I want to ask you to open your Bibles and read the four gospel accounts of the crucifixion this week. Worship the Lord come Sunday with thanksgiving. Then next Monday, walk among the flags out at our cemetery, and thank those men and women for their service and honor that service by being good citizens. God bless.

# The Refuge in Troubled Times

By Brett Hoyle, Pastor, First Baptist Church

We live in a world that has not just gone crazy, but a world that is severely broken and plagued by tragedy and disaster. Fires rage to the West, war grinds on in Europe, the Asia-Pacific region has constant saber rattling, drought had grasped a massive portion of our lands, and our political leadership is driving the economy down and prices up. Tragedy has landed in our town as well, as Friona ISD has lost a stellar teacher and coach to a tragic death, and in our own state, the evil slaying of students and teachers in Uvalde is beyond heartbreaking and infuriating. When you survey the difficulties of our day and the tragedies we are wading through, where do you turn?

Psalm 46 invites you to turn to God Almighty. Verses 1-3 say, "God is our refuge and strength, a very present help in trouble. Therefore, we will not fear though the earth gives way, though the mountains be moved into the heart of the sea, though its waters roar and foam, though the mountains tremble at its swelling. Selah." God is a refuge you can run to when you are overwhelmed, when life quakes and earth shakes, because He is over all, but He is also in the midst of it all with His people. When tragedy strikes, you can take refuge in the Rock of Ages, or you can be swept with the spirit of the age. God will one day make all things new, and expel the

presence and power of sin forever, but until that day, take refuge in Him. He is the Refuge that will never fail, who can uphold you through trials, comfort you through tragedies, and help you make sense of the brokenness and craziness in our world. The light of God's truth, found in scripture, shines clarity on the darkness and fallenness in our world and in our own lives, showing why things are such a mess, and pointing you where to turn in the midst of it.

Scripture doesn't dismiss the tragedies and trials we face but calls us to be grounded in the Lord through them. Even in Psalm 46, scripture acknowledges the raging around us, but that's not all it acknowledges, but also acknowledges that as the world and problems boil the Lord is sovereign over all. This truth and trust in the Lord, leads to the proclamation in Psalm 46:10, "Be still, and know that I am God. I will be exalted among the nations, I will be exalted in the earth!" Your soul can be calm and still in the Lord's presence because of who He is and His steadfast love for his children, and the future reality that one day all things will be made new. Even as you go through tragic and difficult days, the hope we have in Jesus calls us to look ahead to a great and glorious eternity with Him for all who have trusted him as their Lord and Savior.

# Letting God Work

By Teena Hughs

A few months after we settled into our house, I noticed a problem with our flooring. I told Feller I bet we would be getting a new floor in the next five years. I think he thought I was crazy, until the flooring started coming up in the laundry room.

Long story short, our contractor, the manager of the store who sold our contractor the flooring, and an inspector came out to see what was wrong with the flooring. Everyone was blaming everyone else, and no one wanted to take responsibility for a bad floor. The store manager did admit to Feller that it was a bad product, but they weren't going to replace it. As it stands right now, we will probably end up paying for a new floor.

So, what do you do when you aren't being treated fairly, and everyone knows it, but you don't seem to have any recourse? We won't be doing business with the store who sold the flooring. We aren't people to get on social media to trash the people involved. We aren't lawsuit people; while there is no guarantee we would win, we could probably re-floor this house four times with what it would cost us to hire a lawyer.

A friend from Rocksprings recently

asked me what we were going to do. I told her I was studying a book on forgiveness for the third time, and I guessed I was "going to forgive, forgive, forgive, and let God handle the rest!"

At this point, God is the only One who knows which party is at fault, whether it is our contractor, the manufacturer, or the store for selling a bad product. Yes, it is going to cost us money that we don't feel like we should have to spend, but worse than that, it will be our responsibility to move our furniture out so the floor can be replaced. When that happens, I will have to do A LOT of forgiving, because I have my house like I like it, and I don't want to have to move everything.

We won't be able to get this taken care of until July or later. I am working on being more patient these days, and I am just going to wait and see what God does between now and the time we can focus on this. I am anxious to watch God work; and, in my effort to be patient, I am trying to not give Him a time limit to get this fixed. He always handles things better than I do, and I am trusting Him to handle this! I will let you know what happens in a few months! Take care, and I hope we all get some rain very soon!!!!

## Royce Grissom

On June 21, 1952, in Artesia, New Mexico, Royce Lane Grissom stepped up to the first tee box with a smile on his face and a driver in his hand and on May 2, 2022 he dropped a 30-foot double-break putt for eagle and headed to the Great Clubhouse in the sky.

Royce was the third member of a foursome coached by Herman and Mardee Grissom which already included brothers Larry and Don and a few years later would see Chip added to round out the team. As Royce readied for 8th grade the family moved from Artesia to Bovina, Texas. Here he would encounter that special lady who would become his caddy and partner for the rest of his life.

While in high school Royce played on the baseball team as well as playing drums in marching and concert band. He would enjoy drumming throughout his life, jamming in the garage or playing for various churches, always managing to sneak a little bit of "Wipeout" into whatever he was playing.

After graduating from Bovina High School Royce attended South Plains Junior College (now South Plains College) and West Texas State College (now West Texas A&M University). On April 1, 1972 (a date chosen so that Royce would have no trouble

remembering his anniversary), Royce married his life-partner, Karen Ann Bell, in Bovina. For the next 50 years they enjoyed playing a variety of courses including gardening, church activities, listening to music together, and especially camping. They put together their own foursome with the arrival of Caprice in 1973 while living in Lubbock and Denver Cody in 1977, also born in Lubbock but with the family living back in Bovina.

The front nine of Royce's work life included a variety of jobs including work for a crop-dusting service, an appliance store, contract work for the BLM and Forest Service, as well as managing the automotive shop for Montgomery Ward in Montrose. His vocational back nine began when he and Karen started the work he was most proud of, a brochure distribution company called Brochure Express. Royce threw himself into all aspects of the business from making phone calls and knocking on doors to develop clients all the way to custom-building

every rack to be placed in participating businesses. Added to all of this were weekly trips from Glenwood Springs and Carbondale to Montrose and Grand Junction to service the brochure racks. Indicative of Royce's warm and outgoing personality was the many friends he and Karen made among the business owners who utilized the services of Brochure Express.

Royce appreciated many things in life; a well-struck drive and a well-read green; a medium-rare steak and a quality whiskey; a shaded campsite with a morning cup of coffee; a fly rod in his hand and a mountain stream teeming with trout. But most important to him, and this is 100% true and not a platitude, were his wife and children, God, and the United States of America. All of these nurtured and shaped him and created the man we celebrate.

Royce was preceded in death by his parents and eldest brother Larry. He is survived by his wife Karen, daughter Caprice and son Denver Cody, grandson Shandon, and brothers Don and Chip.

A service of remembrance will be held at 5 p.m. on June 2, 2022 at Adobe Creek Golf Course (876 18 1/2 Rd, Fruita, Colorado) with a time following for drinks, golf words, and stories.

# A Time to Remember

By John Grimaldi and David Bruce Smith

The nation remembers the soldiers, sailors and airmen who perished in all its armed conflicts. The first known vigil honoring its heroes was in an Arlington National Cemetery gathering on May 30, 1868.

In the beginning, Memorial Day was known as Decoration Day. It “was inspired by local observances that had taken place in various locations in the three years since the end of the Civil War,” says History.com.

There are still those who might prefer to call it Decoration Day, but Memorial Day was declared a national holiday by a 1971 act of Congress.

Now, people are prone to associate the celebration with the opening of summer. That is nothing new. According to an Opinion article published by the Tribune News Service, West Point graduate Meaghan Mobbs wrote that “People have a ‘tendency ... to forget the purpose of Memorial Day and make it a day for games, races,

and revelry, instead of a day of memory and tears ... No, this is not a recent tweet or a pithy social media caption. It was uttered by a veteran in 1913, who felt the meaningfulness of Memorial Day was slipping through the American conscience.”

In her OpEd, Ms. Mobbs reminds her readers that Congress established a National Moment of Remem-

brance that was to be observed every Memorial Day at 3 p.m. local time.

### Buyer Beware

### New Scam Concerning Telephone Service

*Be aware that companies located outside our local communities are approaching customers telling them that "...telephone lines are going away and that if you currently have a telephone line you may see the cost of your service increase..." This is strictly a **Scare Tactic** that various VOIP companies are using to convince you or your business to switch your service to them. The FCC requires that when a telephone company upgrades their facilities that it be compatible with specialized customer premise equipment such as hard-of-hearing and closed captioning devices. Be assured that WT Services and West Texas Rural Telephone Cooperative will continue offering telephone services as we have the past 70 years, have no plans to increase the cost of this service in the near future, and our state-of-the-art Fiber Optic network is compatible with these type of customer devices. We are here to stay and serve you with locally based customer service and repair crews that live and work with you in our local communities and will never have to call Cairo Egypt when you have a question! Thanks for shopping local and keeping your money in your local communities.*
