

## Tower debate to linger

WASHINGTON (AP) — The Democratic-controlled Senate is striving to put the rancorous debate over John Tower's failed nomination behind it, but many Republicans say the wounds are deep and will not easily heal.

"Never in all my years in the Senate have I encountered anything like the feeling of outrage that exists today among my former Republican Senate colleagues," Vice President Dan Quayle said in a speech prepared for delivery today in Indianapolis. "Never have I encountered such anger and bitterness in the Senate chamber."

"This goes into the memory banks," said Senate Republican Leader Bob Dole of Kansas, after the Senate scuttled Tower's bid to become defense secretary and prepared to begin the confirmation process anew for the replacement President Bush will soon select.

Quayle accused Tower's critics of engaging in "a McCarthyite mud-slinging campaign" that he said had "degraded the Senate."

Tower's 53-47 rejection on Thursday, just 49 days into Bush's presidency, represented a major setback for his administration and opened the floodgates of speculation on who might be the next choice to run the Pentagon.

On various lists were: former defense secretaries Donald Rumsfeld and James Schlesinger; Sen. William Cohen, R-Maine, a principal defender of Tower in the Senate debate; and former Rep. Jack Edwards, R-Ala.

## Prom night scheduled at coliseum

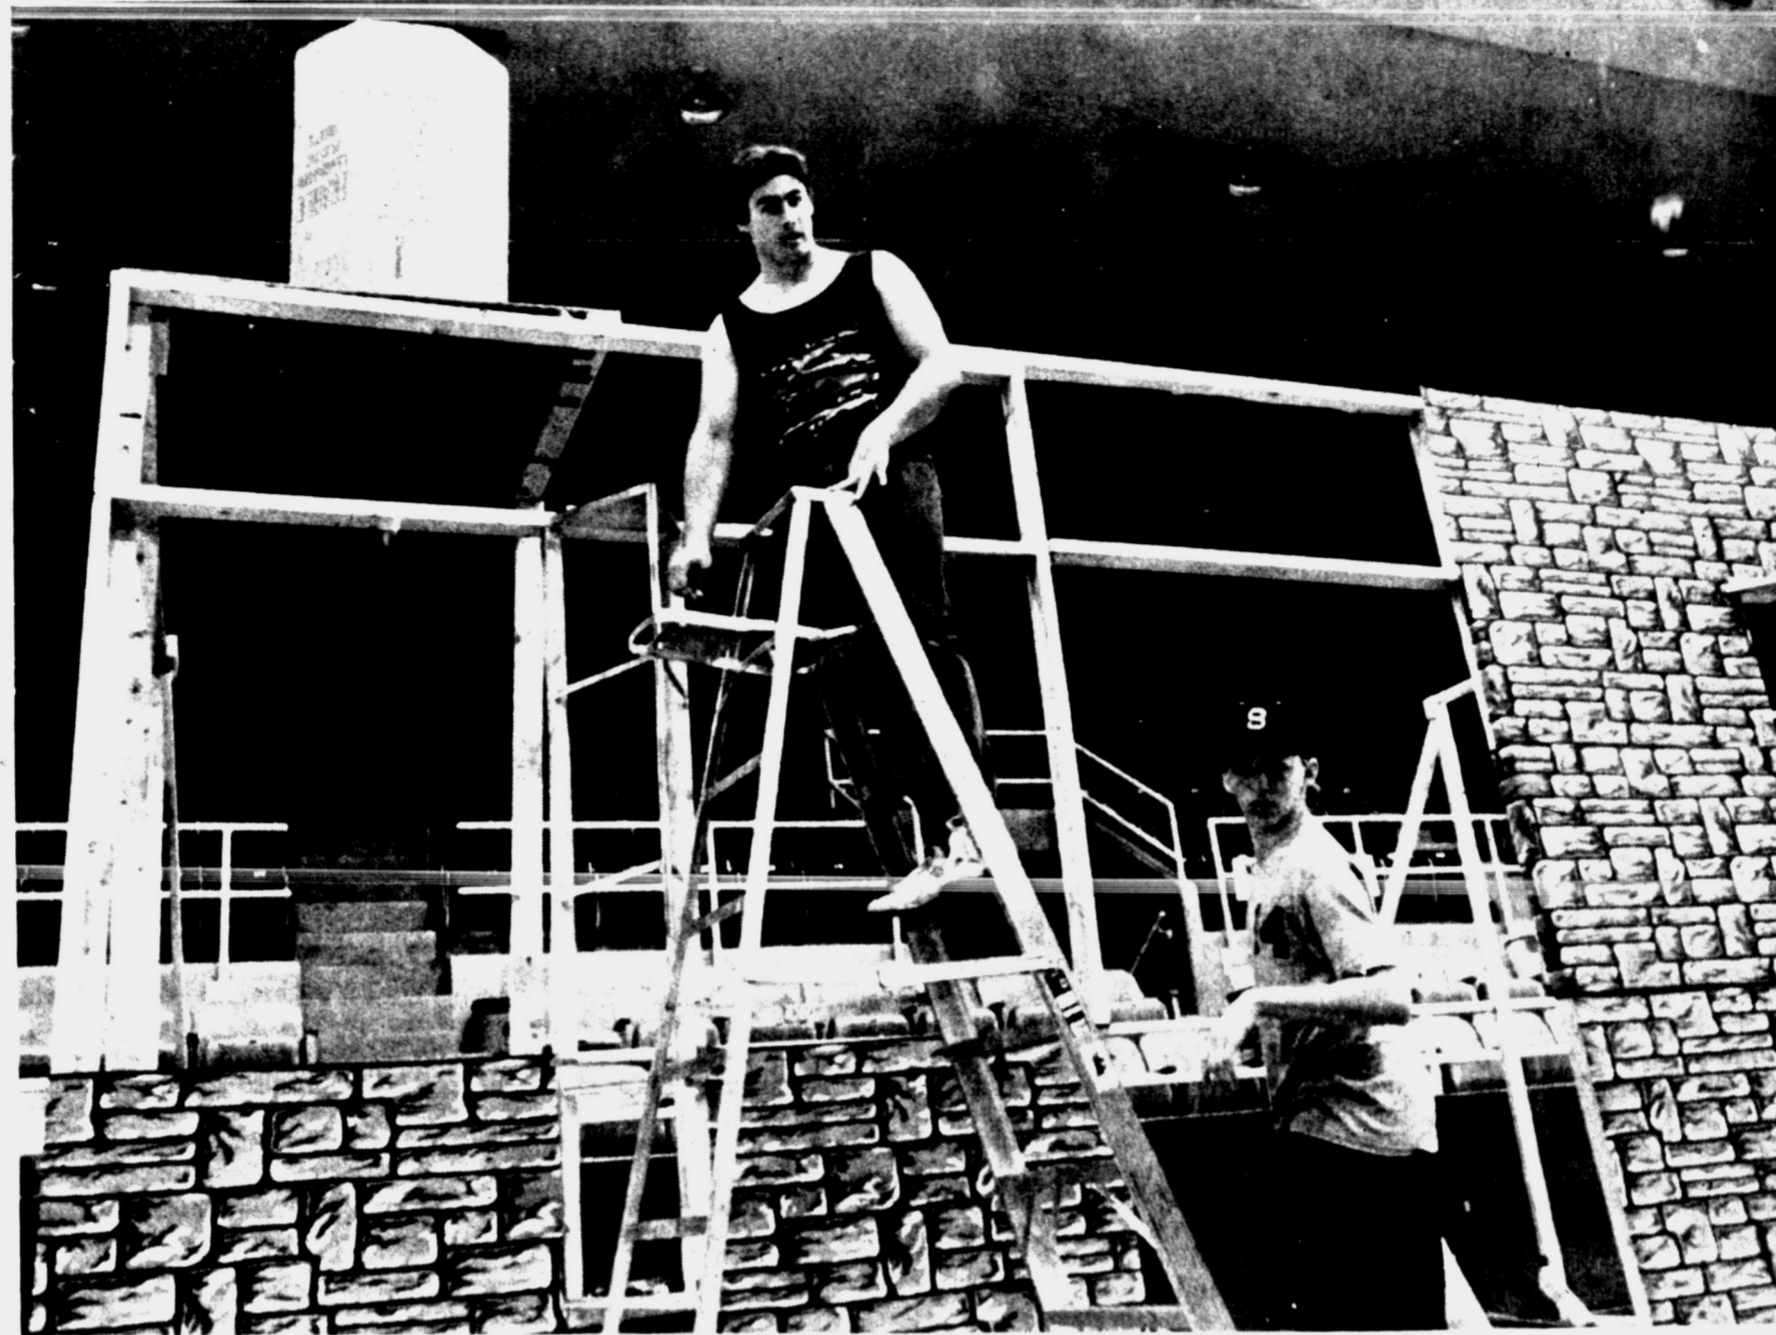

The 1989 Junior-Senior Prom will be staged in the Scurry County Coliseum Saturday from 8 until midnight.

The theme this year is "Journey in Time," which will feature such large scale decorations as the Garden of Eden, a brontosaurus from the era of the dinosaurs, a castle from medieval times and a replica of the pyramids.

Other decorations will include an Old West ghost town, an early drive-in movie theatre complete with antique automobiles, a 1950s-style diner where the night's food will be served, a 1960s-style light show and, for the future, a spaceship in flight.

Promgoers will enter the coliseum floor through a "time tunnel" which will introduce them to the Garden of Eden.

Members of the SHS junior class have planned and decorated for this year's prom. Family and friends of students will be invited to view the decorations from the upper seating area of the coliseum.

## Snyder teacher salaries...

# Board tables pay question

By DONNY BROWN  
SDN Managing Editor

Faced with such unknowns as an exact tax base estimate for next year and the level of state funding for local school districts, Snyder school board members Thursday, by a 4-2 vote, postponed a decision related to salary levels above "state base" to be offered to beginning teachers.

The board opted to table the decision until an April 4 meeting. The postponement, in the words of one board member, is to "allow more time to think."

Tabling the motion was en-

dorsed by trustees Terry Martin, Ygnacio (Junior) Benitez, Mike Jordan and Billy Bob McMullan. Voting to move ahead with the decision Thursday, arguing that the board currently had as much information as it is likely to receive in the months ahead, were Ken Branam and Ann Walton. Trustee Luann Burleson was absent.

Superintendent Dalton Mosely had asked for the board decision prior to the annual spring recruitment of new teachers preparing to graduate from college.

The decision was complicated since a majority of the board members seemed to agree that whatever level above state base was set for new teachers would be viewed as a precedent for teacher salaries throughout the district.

Since Snyder teacher pay has been frozen the past three years, the amount paid locally above state base—the level which the state directs a teacher must be paid based upon year's experience—has been gradually eroded.

For the first time next school

year, some local teacher pay levels will automatically have to be adjusted upward since they would otherwise fall below the state's minimum requirements.

If salaries are again frozen next year, the result will see some local teachers paid at state base while others would be receiving up to \$2,660 above.

In addition, while the board has expressed its intent to "equalize" teacher pay, it must also address the continued shrinkage of the district's tax base. The "best guess" estimate

## Measles vaccine here said over for present

The suspected case of measles for a 21-year-old male student attending Western Texas College has now been officially confirmed and, as a result, some 294 persons identified as coming in contact with him have now received inoculations.

A second suspected case reported Thursday has, to date, proved inconclusive, college officials say.

Regarding the first case, Stephanie Knipe, the nurse for the Snyder-Scurry Health Unit, said Friday that most persons linked to the student have now likely received their immunizations.

Once a person comes in contact with the measles virus, such immunizations are recommended within a 72 hour period.

Unless a second case is confirmed, no further actions are now planned, although both health officials and college administrators note they will continue to monitor the situation.

## Science fair exhibits on display Saturday

Entries were to be accepted Friday afternoon for the third annual Snyder Junior High Science Fair with winners to be announced Saturday during a program to begin at 10:30 a.m.

At that ceremony, awards will be presented for first through sixth place at each grade level. Students in grades 4-8 have been encouraged to enter projects.

These will be displayed for public viewing from 9 a.m. until 11 a.m. on Saturday.

The judging of entries is scheduled at the junior high gym-

nasium Friday evening.

A contingent of Chevron employees will serve as judges as well as representatives from Western Texas College and Snyder High School.

From Chevron, judges will include John Walter, Kevin Lahay, Bruce Murray, Robert Musgrave, Kirk MacIvor, Kelly Brezger and Dennis Young. Joining the Chevron group will be Debbie Walter and, as an alternate judge, staffer Bill Rogers.

Also serving as judges will be

## Local pageant entry is Seymour graduate

RHONDA JO HORN

(Editor's Note: The SDN continues its profiles of the 12 candidates who will vie for the title of Miss Snyder at the Miss Snyder Scholarship Pageant.)

Rhonda Jo Horn, who will be an entrant in the Miss Snyder contest March 18, is a 20-year-old coed at Texas A&M University, currently listed as a sophomore majoring in speech communication.

The Seymour High School graduate says she plans to enter law school upon her graduation. She will sing as her talent at the local competition.

In 1989, she was first runner-up in the Miss Texas A&M Scholarship Pageant. Her other college honors include serving on the Ag-See ENTRANT, page 8

Keeping tabs on our neighbors: Easy credit, especially the plastic variety, can be fatal to the financial well-being of many folks. O. G. Nieman, in the Hereford Brand, told about one homemaker who found a way to cool her recurring department store spending binges.

She didn't want to give up her credit cards, but she also didn't want them so handy that they'd be always tempting her.

In desperation, she put them in a glass jar, filled it with water and set the jar in the depths of her freezer.

It wasn't long before she was examining an item in a store. A helpful clerk asked if the shopper needed assistance.

"Oh, no," she replied cheerfully, "I can't buy anything here. My credit is frozen."

Concerned about violence in children's lullabies, Nashville music producer J. Aaron Brown has released a tape of nine new "non-violent" lullabies.

The new versions are free of such things as "breaking tree boughs" and "falling babies."

Q — The donation recently of the two-way radios for Snyder school buses sounds like a great thing. Any idea what this equipment would have cost if it had not been donated?

A — School officials estimate the equipment, donated by Sun Exploration and Production as well as the City of Snyder, would have cost in excess of \$66,000.

## In Brief

### North trial

WASHINGTON (AP) — Oliver North angrily complained about having to answer "asinine" congressional questions, according to a witness in his trial on charges of lying to Congress about the Iran-Contra affair.

Daniel L. Conrad, the liaison between North and conservative fund-raiser Carl "Spitz" Channell, said North made the comment in the fall of 1985 and then told Conrad the two had to stop meeting at North's office.

Conrad's name appeared on a log at the Old Executive Office Building each time he visited North and "he didn't want meetings to be so often," Conrad testified Thursday.

### Tibet update

BEIJING (AP) — Chinese troops rounded up suspected separatists and kept a tight lid on Tibet today as the embattled region marked the 30th anniversary of a failed attempt to cast off Chinese rule.

Police and the military already had detained many Tibetans in house-to-house searches and planned to move swiftly to crush any demonstrations to commemorate the anniversary, according to Tibetan and foreign sources.

A Tibetan woman, contacted by telephone today, said the capital was calm and that the army occupied all roads.

China imposed martial law in Lhasa at midnight Tuesday to quell three days of anti-Chinese riots that took 16 lives, according to official count.

# Best attack: fool it

BOSTON (AP) — Scientists reported today that the next best thing to a cure for the common cold — a way to prevent it — may have become possible at last by using a kind of cellular illusion to trick the relentless virus.

Two teams, working separately, have deciphered the chemical hitching post that about half of all cold viruses use when they latch onto cells in the nose and infect them.

This seemingly arcane discovery may be an important key to defeating one of humanity's most universal miseries.

"It is clearly feasible to develop a treatment based on what we have learned," said Dr. Timothy A. Springer of the Center for Blood Research in Boston.

Their anti-cold strategy is simple: Fool the virus.

The scientists have developed a detailed picture of the rhinovirus receptor on the cells that make up the lining of the nose. A cold occurs when a virus attaches itself to one these receptors and infiltrates the cell.

Researchers have isolated the gene responsible for making the receptor, and as a result, they can produce it in limitless quantities.

They believe they can keep people healthy by flooding their noses with copies of the receptor. If a cold virus wanders by, it will harmlessly attack a dummy receptor and never find a susceptible nose cell.

No one knows for sure whether this ploy will work, although it looks promising in a test tube. A similar scheme is being tested against AIDS.

Even if the scientific hunch is right, it will be several years before such treatment is available.

"This is not a cure. It is a scientific step," said Dr. Michael E. Kamarck of Molecular Therapeutics in West Haven, Conn.

Reports on the two teams' conclusions were published in the journal Cell. One study was conducted at the Center for Blood Research, the Dana-Farber Cancer Institute in Boston and Boehringer Ingelheim Pharmaceuticals in Ridgefield, Conn., and the other at Molecular Therapeutics, part of Miles Inc.

# Bombardier who dropped bomb on Nagasaki is dead

HOUSTON (AP) — Kermit Beahan, who said he wanted to retain the distinction of being the last man ever to drop an atomic bomb on humans, has died after suffering cardiac arrest. He was 70.

Beahan was the bombardier on the plane that dropped an atomic bomb on Nagasaki, Japan, on Aug. 9, 1945, killing an estimated 70,000 persons.

Beahan died Thursday, a day after he underwent prostate surgery in a hospital in Nassau Bay, near his home in suburban Clear Lake.

In 1985, on the 40th anniversary of the bombing, Beahan told reporters he hoped to retain that dubious distinction.

He said he would never apologize for his deed, adding that 25 Japanese sought him out a few years ago and told him the bombing was the "best way out of a hell of a mess."

Beahan, a native of Joplin, Mo., attended Rice Institute, now Rice University on a football scholarship and hoped to be a professional football player until

World War II came along.

Beahan joined the U.S. Army Air Corps, hoping to be a pilot, but became a bombardier after washing out as a pilot candidate.

He took part in 40 missions over Europe, including the first B-17 raids. His B-17 unit was commanded by Paul W. Tibbets, who later assembled the team that dropped the two atom bombs on Japan.

In addition to dropping the second atomic bomb, Beahan flew in a plane that escorted the Enola Gay, Tibbets' plane that dropped the first bomb, on Hiroshima on Aug. 6, 1945.

Beahan recalled the Nagasaki bombing in an interview with the

Houston Chronicle.

"I saw a mushroom cloud bubbling and flashing orange, red and green," Beahan said. "It looked like a picture of hell. The ground itself was covered by a rolling black smoke. I was told the area would be destroyed, but I didn't know the meaning of an atomic bomb."

Beahan retired from the U.S. Air Force as a lieutenant colonel in 1963 and worked for Brown & Root Inc. as a technical writer until he retired in 1985.

Survivors include his wife, Teresa, a daughter and two sons.

Funeral arrangements are pending.

# DR. GOTT PETER GOTT, M.D.

By Peter H. Gott, M.D.

DEAR DR. GOTT: My 86-year-old mother has been taking 30 milligrams of Restoril every night for two years. Until recently, she would roam the house at night and sleep all day, besides being cranky. Two months ago I started giving her empty capsules. She seems much better, but I'm wondering if I'm doing the right thing.

DEAR READER: You have convincingly demonstrated the concept of "placebo therapy," the beneficial effect of an inert substance.

Because your mother believes she is receiving sleeping medicine, she thinks she is having an effect from it. I agree with what you did because your mother seemed to be having an inappropriate response to the medicine.

Restoril, a sleeping pill, will occasionally produce wakefulness and overactive behavior, followed by a hangover reaction that causes elderly patients to be awake at night and sleepy during the day.

You should, however, bring this to your mother's doctor's attention. He may choose to alter the present program or change your mother's medication altogether.

For more information, I am sending you a copy of my Health Report "Sleep-Wake Disorders." Other readers who would like a copy should send \$1 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

DEAR DR. GOTT: My 1½-year-old nephew has ectodermal dysplasia. He has no hair, two fangs for teeth (and

will never get any more). Could you tell me more about this disease?

DEAR READER: The ectoderm is the outermost layer of tissue in the developing embryo. From it are derived the skin and associated organs, such as nails, hair, teeth, many nerves, eyes, ears and the dermal glands.

Ectodermal dysplasia is a rare congenital condition marked by insufficient development of the ectoderm. Affected children show a variety of abnormalities, including disorders in hair and tooth growth, as well as poorly developed eyes and ears.

Although there is no treatment for this condition, with family support and caring — coupled with careful medical monitoring — most children with ectodermal dysplasia can be helped to live relatively full lives.

DEAR DR. GOTT: Does eating polyunsaturated fats actively lower blood cholesterol or are they just the lesser of two evils?

DEAR READER: Several years ago, researchers concluded that the substitution of polyunsaturated oils for saturated fats in the diet did actually reduce cholesterol. As far as I know, up-to-date studies have not confirmed this.

Unsaturated fats appear to be the lesser of two evils. Nutritionists recommend that Americans eat less fat of all kinds (no more than 30 percent of the daily caloric intake) and substitute unsaturates or olive oil wherever possible.

DEAR ABBY: You need to know how much good you do with your column. I teach a class of special children. There are 12 children, grades 1 through 5, at Skeen Elementary School in Leesburg, Fla.

A letter in your column stimulated them to get involved. We call our program "Litter Perfect."

They want you to know what they (along with family and friends) have done about cleaning up their surroundings since Nov. 29, 1988.

I am enclosing a letter from that class. I hope you have room for it.

THEIR TEACHER

DEAR TEACHER: I made room. Here's their letter:

DEAR ABBY: Our class is studying ecology. We read your list of how long it takes things to rot.

We are helping to clean up America. We are recycling. We have recycled 140 1/2 pounds of cans, 23 pounds of scrap aluminum, 966 pounds of glass and 4,370 pounds of newspaper. Sincerely,

More travel for pleasurable purposes could be in the offing for you in the year ahead. You're not apt to take distant trips, but you may find several places you'll enjoy revisiting.

**PISCES (Feb. 20-March 20)** This is the type of day when you're apt to feel restless unless you have a lot to do. Usually it's not wise to do several projects simultaneously, but today could be an exception. Know where to look for romance and you'll find it. The Astro-Graph Matchmaker instantly reveals which signs are romantically perfect for you. Mail \$2 to Matchmaker, c/o this newspaper, P.O. Box 91428, Cleveland, OH 44101-3428.

**ARIES (March 21-April 19)** Don't feel guilty about focusing in on situations today that could spell personal gain. Sometimes it's necessary to look out for ourselves even if it excludes others.

**TAURUS (April 20-May 20)** This is one of those days when you may innately know what to do and say to make good things happen. Your bubbling personality will automatically pump pep into any proceedings.

**GEMINI (May 21-June 20)** Someone with whom you've been friendly for a long time will deeply appreciate hearing from you today. If you can't drop in for a visit, at least phone.

**CANCER (June 21-July 22)** You're not apt to be comfortable today associating with people who have narrow perspectives. Seek companions who are open-minded and free from prejudice and bias.

**LEO (July 23-Aug. 22)** There are indications that you are likely to be a shade or two superior to your competition today. If or when you win, accept your laurels with grace and humility.

**VIRGO (Aug. 23-Sept. 22)** If you truly have faith in yourself today it will be obvious to others and serve as an inspiration to those of fainter hearts. Think positive and encourage by example.

**LIBRA (Sept. 23-Oct. 23)** It is not necessary for you to accept the status quo at this time, because you have the wherewithal to change conditions more to your liking. Be a victor, not a victim.

**SCORPIO (Oct. 24-Nov. 22)** You're a self-sufficient person who usually prefers to operate as independently as possible. However, today your best successes are likely to come from partnership arrangements.

**SAGITTARIUS (Nov. 23-Dec. 21)** You're not likely to be happy today if your hands and mind are idle. Try to involve yourself in meaningful projects that will provide you with a sense of accomplishment.

**CAPRICORN (Dec. 22-Jan. 19)** There's a possibility you'll be in a more sociable and gregarious mood than usual today. If you can't be near the people you love, at least appreciate the people you're near.

**AQUARIUS (Jan. 20-Feb. 19)** Family-oriented involvements will be the ones that are likely to afford you the greatest pleasures today. It's OK to have friends around, provided you focus the action on your home court.

DEAR MRS. DUNCAN: I cannot answer for Dr. Koop, but his excellent record speaks well for itself. To suggest that perhaps we should encourage people to smoke so they won't live "too long" is both foolish and inhumane. We do know, however, that the quality of life for most people who are not addicted to tobacco is infinitely better.

## Smith named second high

Ben Smith of Hermleigh, a member of the Western Texas College meats judging team, was 2nd high individual in lamb judging at the Houston Stock Show, Jim Judah, team coach, said.  
 The WTC meats team was 3rd in beef grading, 4th in lamb judging, and 5th in pork judging. Team members besides Smith were Carl Daugherty, who was second high in pork judging, Michelle Cox of San Angelo, Dave Ince of Mason and Janna Bradford of Lovington, N. M.

The livestock team ranked 9th in sheep judging and 12th in horse judging, competing against 150 students from 30 colleges. Jeff Roemisch of Hermleigh was 4th in the overall contest. Other team members were Carl Daugherty, Shane Gann and Shondra Robinson of Snyder and Tiffany O'Brien of Morton.  
 "The Houston collegiate meats contest is the largest in the nation, comparable to a national tournament," Judah said. "About 100 contestants or 20 teams entered, coming from all parts of the nation including Cal Poly in California, Clemson University in South Carolina, Laramie College in Wyoming and Louisiana State University.  
 "We were especially proud of Ben, who has finished in the top 10 at all the collegiate contests this semester," Judah added. "His work has been consistently good, as his ranking in the Houston contest shows."

fought organized labor at Continental Airlines, Eastern's sister.  
 Eastern, whose parent is Houston-based Texas Air, filed for protection from creditors in a New York federal bankruptcy court Thursday morning, the sixth day of a strike by Machinists that virtually shut down the nation's seventh-largest carrier and cost it up to \$7 million a day.  
 Striking Machinists have made Lorenzo the target of their hatred. Picket signs carried at various airports this week have read, "Lorenzo is scum," "Labor Yes, Lorenzo No," and "Lorenzo Makes Millions at Eastern's Expense."  
 Pickets have chanted "Eastern yes! Lorenzo no," and some even have burned signs carrying his name.  
 Hostile emotions run deep among Machinist Union members who believe the 48-

year-old Lorenzo would like nothing more than to get rid of Eastern's unions, which he accomplished shortly after putting Houston-based Continental under bankruptcy protection in 1983.  
 Lorenzo's interest in airlines began at an early age. The son of Spanish immigrants who lived in New York, Lorenzo already owned stock in Trans World Airlines when he graduated from high school in 1957.  
 His father, a beauty salon operator, sent Lorenzo and his two brothers to prestigious Forest Hills High School in Queens, N.Y.  
 Lorenzo studied economics at Columbia, where some fraternity brothers called him "Frankie Smooth Talk." He received a master's degree in finance from Harvard Business School in 1963.  
 He helped pay for his education by driving a delivery truck, a position that required him to join the Teamsters Union.

Lorenzo lives in Houston's exclusive River Oaks neighborhood with his wife, three daughters and a son. He is an avid runner and has a private pilot's license.  
 He avoids the spotlight and rarely grants interviews.  
 Robert T. Sakowitz, president of the Sakowitz Inc. retail chain and a member of Continental's board of directors, told the Houston Post this week that Lorenzo is "very intense, extremely intelligent and very zealous about his family and everything he undertakes."

## Kilgore man reported killed

**FORT WORTH, Texas (AP)** — A man who died when his car slammed into an 18-wheeler never went faster than 20 mph while being pursued by police, authorities said.  
 Eddie Lynn Spencer, 25, of Kilgore died early Thursday morning when he tried to elude police who were attempting to stop him for a traffic violation.  
 "Radar clocked him at 18 mph," said a police spokesman who declined to identify himself.  
 Forest Hill police officer Clint Turner began following Spencer's vehicle in Southwest Tarrant County after he noticed it moving erratically in an east-bound lane of Interstate 20, police said.  
 Turner told investigators he watched the vehicle stop at an exit, then continue on I-20 at the point where it veers off into Interstate 820.  
 While following the car, Turner saw it stop two more times.  
 The officer then attempted to pull over the car, but it kept going and began weaving across other lanes, according to a statement by Forest Hills Police Chief Les Irvin.

North thought he had too much to just raise to two spades, although 10 high-card points with so many queens probably should be downgraded. A limit raise would have been best, but today's North used jump raises as game-forcing. At any rate, almost any bidding method would have landed South in four spades, and the problem is in the play.  
 At first glance, it would seem that declarer should win dummy's heart king and take the spade finesse. However, if that loses and a second heart is played, declarer can no longer take 10 tricks. Is there an alternative? One type of finesse available in this deal that will make the contract secure is playing for West to hold the diamond king. Furthermore, if declarer takes this finesse and it loses, he can still take the trump finesse. Here is how the play should go. Declarer wins the first trick in his hand with the heart ace. Next he plays a diamond toward dummy's queen. West will win the king and continue with another heart. South wins dummy's king, cashes the diamond queen and then comes to his hand with the spade ace, refusing the trump finesse, so that he can shed dummy's losing heart on the ace of diamonds. That will make the contract.  
 What would happen if East held the king of diamonds? The declarer would have to fall back on the trump finesse to make his contract. But first playing up to dummy's diamond queen allows him to make the contract if either the diamond king or the spade king is favorably located, a much better plan than simply taking an early trump finesse.

TRACY BRAZIEL

JEFF FRANKLIN

HAYWARD CLAY

**Braziel makes First Team...**

**Tiger trio all-district**

Snyder junior Tracy Braziel has been named to the 4-4A All-District Basketball Team for the second straight season.

Braziel, who averaged 18.2 points and 10 rebounds a game for Coach Larry Scott's Tigers, was one of only two underclassmen named to the 10-man squad.

Snyder senior Jeff Franklin was selected to the Second Team, and freshman Hayward Clay was honorable mention.

Tim Taylor of Sweetwater was the only other junior on the First Team, led by Most Valuable Player Gym Bice of Andrews.

Others - all seniors - were Carlton Clark of Monahans, Ar-

mando Trevino of Fort Stockton, Doug Young and Abner Shellman of Big Spring, Damon Clay of Andrews, Bobby Ray Smith of Pecos and Tony Allen of San Angelo Lake View.

Second-Team selections were Franklin, Andrews junior Ara Baten, Pecos junior Tommy Cobos, Lake View senior Will Lisenby and Big Spring's Joe Downey, a junior, and Thane Russey, a senior.

Franklin averaged 13.1 points and 9.7 rebounds for the Tigers. Clay, called up to the varsity after an early-season injury to Dewayne Clinkinbeard, averaged 10 points and 7.2 boards.

Braziel's selection to the First

Team was the second for him. He was Sophomore of the Year last year - an honor coaches chose not to award this season.

Coach of the Year was Boyce Paxton of Big Spring.

**4-4A All-District Basketball Team**

First Team: Carlton Clark, sr., Monahans; Armando Trevino, sr., Ft. Stockton; Doug Young, sr., Big Spring; Damon Clay, sr., Andrews; Abner Shellman, sr., Big Spring; Bobby Ray Smith, sr., Pecos; Tracy Braziel, jr., Snyder; Tony Allen, sr., Lake View; Tim Taylor, jr., Sweetwater.

Second Team: Jeff Franklin, sr., Snyder; Ara Baten, jr., Andrews; Joe Downey, jr., Big Spring; Tommy Cobos, jr., Pecos; Thane Russey, sr., Big Spring; Will Lisenby, sr., Lake View.

Honorable Mention: Tony Lewis, sr., Big Spring; Ricky Flores, jr., Pecos; David Pipes, jr., Andrews; Hayward Clay, fr., Snyder; Kenneth Norman, sr., Sweetwater; Gabe Espino, so., Ft. Stockton; Carlos Garcia, sr., Lake View; Mark Valencia, sr., Monahans.

**Tigers to face Lamesa**

LAMESA - Coach Albert Lewis' Tigers take the field against an old rival here Saturday afternoon.

The Tigers matchup with the Lamesa Golden Tornadoes at 1 p.m. in a non-district baseball game.

Snyder goes in with a 4-2 season record. Earlier in the week, the Tigers swept San Angelo in a double header, 13-2, 5-2.

Lamesa, which defeated Big Spring 9-5 recently, was 1-1 going into a Friday ballgame with Kermit.

Following Saturday's action, the Tigers will trek to Brownwood next Tuesday, then prepare to host the March 16-18 Snyder Tournament.

**Young Tigers rip Lake View**

Snyder junior varsity baseball team improved to 2-0 on the season with a 15-5 victory over San Angelo Lake View.

The young Tigers will play again Saturday, taking on Abilene Cooper in Abilene at 12:30 p.m. A freshman game will follow.

Brian Crawford earned the win over Lake View in three innings of work. He gave up just one run on one hit, struck out six and walked six. John Conger finished up and earned the save. He went three innings, gave up four runs on six hits, fanned two batters and walked one.

Snyder's sticks were led by John Wright, who slammed a triple and two doubles for three rbi. Ronnie Pruitt hit two doubles and Blair Williams and Chad Fox had one apiece. Les Rinehart smacked a triple. Williams had three rbi, Rinehart two and Pruitt, Fox and Mark King one each.

In all, Snyder managed 15 runs on 12 hits, including six doubles and two triples.

Snyder's next home game will be Monday at 5 p.m. when the young Tigers host Abilene High. Snyder freshmen will entertain Lubbock Christian at 4:30 p.m. on the Snyder High School field.

**Lady Duster point guard...**

**Smith not flashy; just gets job done**

A year and a half ago, Stacy Smith seemed destined for all-conference basketball honors.

Her deceiving quickness, accurate shooting and all-around talent made her one of the best 3-guards in the area. But the Amarillo native wasn't to receive any awards. She was a casualty of grades and sat out the second-half of Western Texas' abbreviated season.

More determined when she hit the hardwoods this season, Smith got off to a good start. She tossed in 12 points against Odessa and Ranger in November, and it seemed just a matter of playing time before she would be averaging in double figures again.

But everything changed once more.

Western lost its starting point-guard to a discipline problem at the holiday break and Smith - who had played the position one year in high school - was called into the office by Coach Kelly Chadwick.

"I told her that I felt like if we were going to get to nationals she would have to move to point guard," said Chadwick. "She said 'Coach, I'll do whatever I have to do.' I think says something really good about Stacy. She did it for the team."

Smith's point-production went down, but the team's success didn't. The Dusters captured a Western Junior College Athletic Conference co-championship and the Region V Tournament crown. The squad will carry an impressive 25-8 record into Monday's first-round NJCAA National Tournament game at Wagstaff Gym in Tyler.

"When coach told me he wanted me to play the point I was scared to death. I didn't think I could do it. But the team got behind me and encouraged me and Coach really helped me," said Smith. "He patted me on the back when I made a mistake and told me to keep my head up."

"Certainly it hurt her chances of getting more recognition. It may have cost her all-conference," Chadwick said. "But I think if Stacy played the point one more year she would be one of the premiere point-guards in the United States. She has all the tools."

In addition to her quickness, Smith's 5-10 size also helps her see the court well. She still averages a healthy 8.1 points, 4.3 boards, 3 steals and 3 assists a game. But she admits it hasn't helped her from getting a case of nerves before every ballgame.

"I just go into a game thinking I can do it but I still get scared. After I get the ball stolen a couple of times I settle down," she laughed. "Once I adjust to how an opponent is playing me then I do better. It is a lot of pressure."

STACY SMITH

having to bring the ball down and run the team."

Chadwick said Smith's contribution is a major reason why the Dusters are getting ready for the national tournament.

"In the (Region V) championship game against Odessa she was guarded by three different people and she was probably the only one on the floor that wasn't exhausted. She was still able to run the offense and set us up in those final minutes of the game," noted the coach. "I didn't really realize it until I'd watched the film later, but Stacy did a great job in that ballgame."

And Smith thinks the Dusters have a few more good ballgames left.

"I think we have a good chance to win nationals. With his (Chadwick's) coaching ability and the players on this team I think we can. I'm looking forward to it," she said. "I'm not ready to quit playing for Coach Chadwick yet."

The Lady Dusters' opponent for Monday's 10 a.m. tipoff game is Region XXII champion Lurleen B. Wallace State College out of Andalusia, Ala. Tickets are \$5 a day at the tournament or \$25 for all five days.

**Lincoln goes for fifth title; Andrews shot down at state**

AUSTIN (AP) - Port Arthur Lincoln squeaked to its ninth consecutive State Tournament win

**Boys shoot 389 in San Angelo**

SAN ANGELO - Snyder boys shot a 389 in first-round play of the San Angelo Golf Classic here Thursday.

The two-day event was to continue Friday.

Lubbock Monterey leads the tournament with a score of 310. San Angelo Central is holding down second in the Class 5A-dominated event with a 311. Snyder's 389 has the Tigers in 20th place. No individual scores were available.

with a 57-55 victory over Highland Park in a Class 4A semifinal game, setting up a chance for a fifth state title.

The Bumblebees counted on the stretch shooting of Brandon Tyler, who scored eight of the team's last 12 points including two free throws with four seconds left Thursday.

Lincoln, 30-7, will face Austin Travis in the 4A finals on Saturday after the Rebels defeated Andrews 73-62 in the other semifinal.

In Class 3A games Thursday, San Antonio Cole beat Hearne 69-56 and Clarksville defeated Brownfield 61-53. In Class A, Moulton beat New Home 65-61 and Fannindel was an 82-72 victor over Eula.

Class 2A semifinals scheduled today include Farwell vs. Edgewood and China Spring vs. Tidehaven. Class 5A semifinals this afternoon were San Antonio Jay vs. Dallas South Oak Cliff and Fort Worth Southwest vs. Houston Clear Lake.

Finals in all classes are scheduled Saturday at the University of Texas' Frank Erwin Center.

Lincoln has never lost a game in the state tournament, but had

to rally from behind to beat Highland Park, 31-4.

Travis will be making his first trip to the final after coming into the tourney with the worst record of any team, 24-12. Andrews, 31-5, got as close as 61-58 with 3:27 remaining, but the Rebels responded with eight straight points.

Unbeaten San Antonio Cole was led by 7'0" center Shaquille O'Neal, who scored 38 points and had 20 rebounds, in beating Hearne, 31-4. The 35-0 club faces Clarksville, 29-2, in the final.

Clarksville sank six 3-pointers in the third quarter to pull away from Brownfield, 31-4, after being tied 32-32 at halftime.

**UT coach says caliber of play in SWC better than perceived**

DALLAS (AP) - Tom Penders has just spent his first year coaching in the Southwest Conference and he says it has better basketball than the national perception.

The Texas coach who takes his team against Southern Methodist today in the first round of the SWC Post-Season Basketball Classic was at Rhode Island last year.

Penders said he was amazed by the talent in the SWC. "I'm impressed," he said. "There are at least a dozen players in this tournament who will be playing in the NBA in the next few years."

"One thing that impresses me is that a team like SMU is in seventh place yet has beaten a team like North Carolina State," Penders said. "There is good balance and it makes for a very interesting tournament."

"Arkansas is a legitimate Top 20 team or Top 10 team for that matter," Penders said of the team expected to earn the conference's automatic NCAA bid.

"We probably do have a homecourt advantage because of our great fans," said Arkansas coach Nolan Richardson. "We do think of Reunion Arena as 'Barnhill South.'"

The regular season SWC champion Hogs were flawless on their homecourt at Barnhill Arena against league foes.

Arkansas, which hasn't won the tournament since 1982, was to play No. 8 seeded Rice at 7 p.m.

In other first round games, third-seeded TCU was to meet six-seeded Texas Tech at noon;

**Owners will not okay Rangers-Gaylord deal**

OKLAHOMA CITY (AP) - Communications magnate Edward Gaylord says he wasn't caught looking when the American League owners threw strike three at his bid to purchase the Texas Rangers.

"It was no surprise to me. I was sure they were going to vote against us," Gaylord said Thursday. "I feel a little sorry for Eddie Chiles. He has to find a buyer. That's the main disappointment."

Chiles, who controls 53 percent of the team, said Thursday he was abandoning attempts to transfer majority ownership to Gaylord, who owns 33 percent of the franchise.

Gaylord has an option to purchase Chiles' portion of the club through March. As minority owner, Gaylord can exercise a right of first refusal to cancel a bid by any ownership group.

But Gaylord, who used his right of first refusal to block a sale last September because he was concerned the team would be moved to Florida, said he has no plans to block a sale of the Rangers if the purchasers "are good people ... good citizens. I've said that all

long."

Gaylord said the next move concerning the purchase "will be up to Eddie Chiles."

"If he finds a good buyer in Texas, then we would stay with our minority," Gaylord said.

**Almond named 4-5A all-district**

Shawn Almond, senior at Odessa Permian, has been named to the 4-5A All-District Basketball Team.

Almond is the grandson of Mr. and Mrs. Avon Rushing and Mr. and Mrs. Don Baxter of Snyder. He is the son of Bruce and Debbie Almond of Odessa.

Almond will be playing first base for the Permian baseball team this season.

# Countdown begins

CAPE CANAVERAL, Fla. (AP) — The countdown began early today for a Monday launch of space shuttle Discovery on a flight its commander says will demonstrate "we're a space-faring nation again."

The launch will be the third for the shuttle program since the

Challenger disaster more than three years ago, and the first of seven flights scheduled this year as NASA moves toward its target of safe, routine, once-a-month missions by 1992.

"The countdown started right on time," said NASA spokeswoman Lisa Malone. The

ambitious 1989 schedule is getting a late start, with Discovery's flight delayed nearly four weeks so faulty or suspect engine parts could be replaced.

The countdown clock began ticking at 12:01 a.m. after test conductor Jerry Crute issued the traditional call to stations that summoned members of the launch team to their posts. The initial task was to electrically activate the spaceship's systems.

Charles Henschel, chief of test operations at the Kennedy Space Center, told reporters today the early hours of the count had progressed well and that some checks were running ahead of schedule.

He reported gusty winds at Launch Pad 39B were delaying some engine closeout and other work but that this should have no impact on the countdown. He said the weather forecast for a Monday launch was "looking good."

Liftoff is set for 8:07 a.m. Monday.

The five astronauts for the five-day mission were to arrive this afternoon from their training base in Houston to make final flight preparations.

## Pay question is unanswered

Continued From Page 1

of this loss of tax dollars for next year is 20 percent.

Further complicating the pay issue is another state mandate related to career ladder pay supplements for teachers which will substantially increase the amount budgeted for salaries.

For the first time next school year, Snyder ISD will have possibly as many as 120 teachers qualify for Level III of career ladder, which involves another \$1,500 annual pay increase for each.

Current projections are that of the current teaching staff of some 235, approximately 208 teachers will be qualified for either Level II or Level III career ladder supplements next school year. This will equal a combined cost to the district of \$492,000. Of this amount, approximately \$211,000 will be newly added salary requirements linked to the additions of Level III and Level II teachers.

These facts were first discussed at a board workshop Monday. Following that session, trustees directed administrators to

prepare cost projections for each pay level of local teachers assuming three pay ranges, \$500 above state base, \$1,000 above state base and \$1,500 above state base. The figures provided are separate from expected expenses related to career ladder.

Even if teacher pay was frozen for the fourth straight year, it was noted, the district could expect an increase in annual payroll of some \$16,650. This raise is linked to mandated pay raises regarding state base pay.

Assuming all teachers were paid a minimum of \$500 above state base, the district's annual budgeted amount for payroll would increase \$56,015. Using a \$1,000 assumption, the increase is \$110,290 and, assuming \$1,500 above base, the increase is \$180,770.

Using current projections of the district's tax base for next school year, it is estimated that a 1 cent increase on the tax rate will generate some \$70,000 in additional funds. The current school tax rate is 99 cents per \$100 valuation.

## Obituaries

### Edith Lovett

Services for Edith Payton Lovett, 69, of north Avenue P in Snyder, are pending at Bell-Cypert-Seale Funeral Home.

She died Thursday afternoon at her home. She was born July 10, 1919.

She was married to Charley Edward Lovett on Dec. 18, 1938 in McAllen. He died Feb. 15, 1982.

She is survived by a daughter, Reva Lovett; and a son, Sam Lovett of Snyder.

She was preceded in death by a son, James Melvin Lovett.

### James Allen

Services for James Macy Allen, 36, of Fluvanna, formerly of Norman, Okla., are set for 3 p.m. Saturday at Bell-Cypert-Seale Chapel with the Rev. Dan Reaves officiating. Burial will follow in Fluvanna Cemetery.

He died at 2 a.m. Thursday morning at his home in Fluvanna. He was born Aug. 7, 1952 in Wynnewood, Okla. He had lived in Fluvanna since October of 1988. He was a store keeper and had served in the U. S. Army.

He is survived by a daughter, Katherine Michelle Allen of Norman, Okla.; his father, Wyman Allen of Fluvanna; his mother, Barbara Allen of Snyder; and a sister, Katherine Harless of Norman, Okla.

### Russell Strain

OLTON—Services are set for 2 p.m. Saturday in the First Baptist Church for Russell Strain, 56, who died Thursday in Lubbock's St. Mary of the Plains Hospital. Burial will follow in the Plainview Memorial Park.

He was the father of Paula Howard of Snyder.

Born in Plainview, he moved from Floydada to Olton in 1965. He was employed by Higginbotham-Bartlett Lumber Co., and was a member of the Olton Lions Club.

He married Pauline Williams on Dec. 2, 1950 in Clovis, N.M. He was an army veteran and a member of the Baptist church.

Survivors include his wife; another daughter, Relda Settiff of Tulsa; and four grandchildren.

### 2 wrecks noted

Police investigated two minor accidents Thursday, the first at 12:53 p.m. in the parking lot of Gill's Fried Chicken off the 3700 Block of College Ave.

A 1988 Mercury driven by Carolyn Elam of Ira was in collision with a 1971 Mercedes driven by Gloria Myers of 3601 Irving Ave., officers said.

The second mishap was at 8:54 p.m. at the Sonic Drive In in the 4100 Block of College, where a 1982 Ford pickup driven by Joe C. Newsome of Box 413 was in collision with a 1983 Ford driven by Michael E. Castillo of Box 272.

## Teacher contracts renewed by board

Contract renewals for the majority of the Snyder school district's professional staff were approved Thursday during the regular March meeting of the board.

This included 143 staffers serving under term contracts. Each were given one-year extensions of these contracts.

Sixteen other teachers were extended term contracts after serving the two year probationary period required of new staffers.

Another six were given term contracts after only one year with the district. When newly employed teachers have been in the teaching profession a minimum of five of the last eight years, they serve only one year probationary periods with Snyder ISD.

Also employed for another year were 16 teachers completing the first year of this two-year probationary period.

In addition, coaching contracts were renewed for 24 district staffers.

It was noted that 65 local teachers still come under "continuing" contracts, agreements which are automatically extended for one year without requiring board approval. Some years ago, the district switched from these continuing contracts to the cur-

rent term contract agreements.

In other action Thursday, the board gave formal approval to an addition to the district's discipline management plan.

This involves a "noon detention" period during which students at the high school are detained for disciplinary reasons. It is viewed as an alternative to either paddling or the In School Suspension (ISS) program, used for more serious violations.

In other action, trustees: —Officially called for the May 6 election which will name two at-large trustees. As part of this, six election clerks were named, June McGlaun, LaNell Ramin, Evelyn Mebane, Phyllis McGinnis, Anita Felan and Jeanie Linder.

—Approved a bid of \$13,527 from Key Brothers Lawn and Leisure for a four-wheel drive tractor and catcher to be used by the maintenance department.

—Ratified the local textbook committee report.

—Cast ballots for two nominees to two seats on the board of directors serving the Education Service Center, Region 14, based in Abilene. Nominees listed were Neil W. Wright of Sweetwater and Jewell Harris of Abilene.

—Approved monthly budget amendments.

## 'Spirit' performance reset from Thursday

Due to a malfunctioning lighting board, the opening performance of "Blithe Spirit" at Western Texas College was postponed Thursday.

Delivery of the needed equipment was expected Friday and the performance tonight was to go on as scheduled. Tickets from Thursday will be accepted for a performance of the play now set next Monday in the Fine Arts Theatre.

The performance Saturday night will offer a special treat to

theatergoers with "high tea" served at intermission. Included on the menu will be hot tea, cucumber and chicken salad finger sandwiches, crumpets, shortbread, fruit bar cake, a fruit plate and chilled cranberry cocktail.

Except for the Saturday show, tickets for the play are \$5. Saturday only, the price will be \$8. Curtain time nightly will be 7:30 p.m.

Tickets may be reserved by calling the box office at 573-8511, ext. 234.

## Rural barn destroyed after Thursday blaze

Firemen fought a barn fire that ended in a total loss Thursday afternoon at the east end of East 23rd St.

A department spokesman said the barn, owned by Jerry L. Jackson, caught fire from a burning trash barrel that ignited some hay.

A large quantity of hay, gardening equipment and antiques were lost, he said.

The call came in at 2:58 p.m. and firemen were at the scene until 4:45 p.m.

The next two calls were both small grass fires, one at 7:16 p.m. in the backyard of a residence at 3707 Noble Dr. and the other at 8:03 p.m. in a front yard at 1800 38th St.

The firefighters were at the first call for less than 20 minutes, and the fire was already out when they arrived at the scene of the second.

The spokesman said the property owners were not at home at either location.

## Cause determined for large grass fire

Fire Chief Terry Don McDowell said Friday that a fierce grass fire that burned a large area in southern Snyder last week was caused by a cigarette discarded on the roadside a half-mile south of town beside the Big Spring Hwy.

"I dug around for a couple of hours and finally found the cigarette that did it," McDowell said. "I had heard stories about a cutting torch, but somebody threw a cigarette down. It could have been a motorist, or it could have been workers."

He said the tell-tale burned area on the highway right of way was six inches wide and six feet long.

The fire moved rapidly in a strong west-southwest wind to College Ave. by Cedar Creek Dr., charring a large area of pasture and mesquite trees, jumped the road and heavily damaged the fence along the southern edge of the Windridge Village Apartments.

It was finally stopped between the apartment complex and Grace Lutheran Church between the 5400 and 5500 Blocks of College.

More than 20 full-time and volunteer firemen used four trucks, two county roadgraders and a city loader during the emergency, from 11:50 a.m. and 12:45 p.m. March 3.

## Leaders agree on program

AUSTIN (AP) — More prison beds, reduced caseloads for probation officers and financial incentives to counties for community correction facilities are part of a general agreement between lawmakers and Gov. Bill Clements on trying to help the state's ailing prison system, officials said.

"Taken together," the proposals represent an "overhaul of the criminal justice system," state Rep. Richard Williamson, D-Weatherford, said Thursday.

The proposals will be detailed in a number of bills that will be filed within the next several

days, said Williamson, who is chairman of a subcommittee studying prison alternatives.

"It's real sweeping, it's a new path, a complete shift in how we approach the corrections problems," he said.

## Births

## More Texas thrifts taken over

HOUSTON (AP)—Twenty-one troubled savings and loans with total assets of \$7.32 billion were taken over by the Federal Deposit Insurance Corp. and officials say an additional 17 thrifts will be put under conservatorship next month.

The thrifts taken over Thursday brings to 36 the number of Texas savings and loans under federal supervision. In all, 45 institutions in 24 states with total assets of \$13.6 billion were taken over Thursday.

The takeovers are part of a \$200 billion program announced by President Bush last month to rescue 224 savings and loans.

Business at the ailing institutions, however, will remain as usual, said Ken Blincow, an FDIC spokesman.

"No changes are anticipated in officers or employees," he said.

Blincow said the S&Ls will remain open as usual and that all deposit accounts up to \$100,000 are fully protected by federal insurance.

Included in the latest wave of takeovers were Benjamin

Franklin Savings Association of Baytown; Century Savings and Loan Association, Baytown; Continental Savings, Bellaire; Trinity Valley Savings and Loan Association, Cleveland;

Other Texas thrifts taken over Thursday include: Western Gulf Savings and Loan Association, Bay City; Citizens of Texas Savings and Loan Association, Houston; Southeastern Savings Association, Dayton; Bankers Savings and Loan Association, Galveston; Village Savings, Houston.

## Tower backers say his rejection hurts Texas, Senate, U. S.

DALLAS (AP)—Some of John Tower's allies say the Senate's rejection of his nomination as defense secretary cast a new set of standards upon politicians.

The White House said President Bush will move quickly to submit a replacement nominee to the Senate, but Gov. Bill Clements said Thursday that Tower's qualifications couldn't be matched.

"It is unfortunate that the Senate has rejected such a talented individual whose knowledge and background in defense matters is unparalleled," said Clements, who served as deputy secretary of defense from 1973-1977.

Republican Sen. Phil Gramm of Texas said Tower's defeat was a loss to the state and the nation.

The Senate's 53-47 vote Thursday ended a week of cutting debate which focused on Tower's drinking habits, behavior toward women and lucrative consultant contracts with defense companies.

L. Brent Bozell, executive director of the Arlington Va.-based Conservative Victory Committee, which bought newspaper advertisements in support of Tower, said, "The ground rules for politics have officially changed."

"What I'm saying is that well-known womanizers and drunks voted against Tower," Bozell said. "And that will be an issue in their own re-election campaigns."

Paul Eggers, part of the Tower, Eggers and Greene consulting firm in Dallas that Tower left when Bush nominated him for the defense post, said he was disgusted with the senators who

voted against the nominee.

"I'm deeply hurt for John because I know what this meant to him," Eggers said. "He'd been heading toward this post for 15 years. It's tragic, not only for John but for the country because I cannot think of anyone more qualified to be secretary of defense."

"But what irked me most was the senators playing holier-than-thou," Eggers said. "They've created an atmosphere that will be thrown back at them."

"I guess John Tower's unhappy experience proves again that adage, that in the politics of Washington, D.C., if you want to be sure that you always have a friend, you better buy a dog," Gramm said.

Clements said Tower conducted himself during the confirmation proceedings "with the same courage, dignity and conviction that have characterized his career in public service." Tower served 24 years in the U.S. Senate.

Gramm said Texas will suffer from Tower's rejection.

"His confirmation would have been good for Homeport in Corpus, for the completion of our new medical center at Brooke Army Medical Center, and it would have been helpful in getting the rail-garrison MX to Abilene," he said. "It doesn't mean we're not going to get those, but we'll have to work a lot harder."

Tower's rejection was only the ninth time in 200 years that the Senate voted to reject a president's Cabinet choice.

Tower said after the vote that he will return to Texas and leave public life.

## INS starts deporting all rejected asylum seekers

BAYVIEW, Texas (AP)—Nicaraguans are receiving special handling under a new get-tough procedure for political asylum applicants in southern Texas by which many Central Americans are now being deported.

"We have not deported any Nicaraguans," said INS spokeswoman Virginia Kice. "The Meese directive stands."

Former U.S. Attorney General Edwin Meese in 1987 issued a directive calling for special treatment of Nicaraguan political asylum cases. Some INS critics blame the Meese directive for an influx of more than 40,000 Nicaraguans and other Central Americans seeking asylum after crossing the border illegally into southern Texas since last spring.

Ms. Kice said the Meese directive does not prohibit the INS from deporting Nicaraguans, but "it says we need to make a careful and thorough review of cases involving Nicaraguans." However, many from Marxist-ruled Nicaragua have been rejected for asylum.

The INS spokeswoman said cases of Nicaraguans not granted asylum would be referred to the Justice Department in Washington.

Nine Central Americans were taken Thursday from the INS detention center 20 miles northeast of Brownsville, and sent on buses to Houston, Ms. Kice said. The two Hondurans, three El Salvadorans and four Guatemalans will be flown to their countries Friday afternoon.
