Three Vacancies In System To Be Filled

Opening of Stanton schools for the Fall term is scheduled for September 4, Superintendent L. M. Hays announced today.

Hays stated that pre-registration dates would be announced in the near future.

Six new teachers have accepted places on the Stanton faculty for the coming year. They are Wayne Grable, formerly head football coach at O'Brien who will serve here as assistant to Bowden Cook; Mrs. Grable who will instruct the first grade; Mrs. Gladine Cox, elementary; Mrs. Anna Lee Locke, homemaking; Mrs. Betty Johnson, commercial subjects; and Mrs. T. Knox, elementary.

The new assistant coach attended Howard Payne College and played football while a student there.

Stanton Residents Get New Phone Numbers This Week

Manager Cliff Fisher Says Everything Is Ready For Big Change In Stanton

Stanton residents will begin dialing new telephone numbers Sunday.

Everything is set for the number change, according to Manager Cliff Fisher of Southwestern Bell Telephone Company.

He said the change will go into effect at 1:01 a. m. Sunday. At that time it will be necessary to dial the first two letters of an exchange name, "SKYline," and five digits on all local telephone calls. For example, to call "SKYline 6-5111," you'll dial S-K-6-5-1-1-1.

Fisher said this new numbering plan is designed to increase the speed and efficiency of long distance telephone service. It is being put into effect in all cities throughout the United States that have dial telephone systems.

"Such cities as Midland, Odessa, Big Spring and Fort Worth put this new numbering plan into effect earlier this year," the manager added.

He said that all Stanton residents have been notified what their new telephone numbers

will be. The new telephone directory which has been delivered also lists these new numbers.

The manager urged everyone in Stanton to begin looking up the new numbers in the directory when the change goes into effect Sunday.

"All the old telephone numbers that you've memorized or have been dialing from habit will be wrong numbers starting Sunday morning," Fisher said. "So, for fastest service, be sure and check the new numbers in the telephone directory

Constitutional Amendments In This Edition

Nine Constitutional Amendments appear in this issue of The Stanton Reporter.

The amendments will appear in three more issues of the paper and upon completion of four insertion dates an affidavit of publication will be forwarded to the Secretary of State, Austin.

Later, in the general election in November, the amendments will be submitted to the people for vote and either approved or rejected.

The amendments are all vital. Take time to read and study them.

Dr. Pepper Starts Ad Program In Stanton Reporter

A series of advertisements for the Dr. Pepper Bottling Company starts in this issue of The Stanton Reporter.

The popular bottling company has one of the most attractive plants in West Texas right here in Stanton. Frequently the reception rooms of the plant are made available for various group meetings through courtesy of local officials.

The series of ads about Dr. Pepper will continue for several weeks.

HELPING PLAN GOLF TOURNEY—Three members of the Stanton Country Club who are helping with plans for the second annual West Texas Sand Greens championship golf tournament this weekend are pictured above while on the course. They are, left to right, Dwan Henson, Neal Estes and Jack Arrington. Players can qualify for the meet through Saturday. Match play takes place Sunday. All qualifying scores should be mailed to Harry Haislip by 7 p. m. August 4. The tournament is being sponsored by the Xi Alpha Beta Chapter of Beta Sigma Phi and entrance fee is \$6.50.

Midlanders Visit Local Rotary Club

Stanton Rotarians met Wednesday in their regular session with five visiting Rotarians from Midland present.

President James Webb presided and Stanley Wheeler introduced Harry Gossett, H. G. Orson, Paul Brooks, Joe Ward and Jack R. Mogle, all of Midland.

Program chairman Alton Turner presented Gerald Hanson, Martin County agent who spoke on "Operation of the Soil Bank."

Following the discussion of his subject Hanson conducted a question and answer forum which was enthusiastically participated in by all present.

President Webb announced plans for the visit here next week of District Governor and Mrs. Rex Webster of Lubbock.

Varel Field Gains Another Producer

By JAMES C. WATSON

The Varel (San Andres) field of West Howard County gained another producer with completion of D. W. Varel No. 1 T. W. Huddleston, 16 miles east and slightly north of Stanton.

On 24-hour potential test, the well pumped 67.10 barrels of 170-1.

Production was through perforations from 3,176 to 3,205 feet. Pay section was fractured with 5,000 gallons, acidized with 350 gallons of mud acid, and treated with 500 gallons of regular acid.

Location is 660 feet north of the closest other production in the Varel field, 330 feet from south and east lines of the north half of section 13, block

Stanton Misses Brunt Heavy Sand And Windstorm Monday

Poles Topped On Highway 80 West As Sand, High Winds And Showers Struck Area

Twister-like winds struck Southwestern Martin County on Monday afternoon, flattening 16 telephone poles and causing other damage. No one was injured in the freakish weather which also brought rain up to .75 inch in the area about five miles west of Stanton and extending into Midland County.

Stanton missed the brunt of storm.

After the intense wind snapped off telephone poles along Highway 80 toll service was interrupted for a while.

Earlier reports of a mild twister were discounted. Apparently hard, gusty wind snapped off a pole that started a chain reaction. Electric power lines on either side of U. S. 80, where the damage occurred, were undisturbed.

Southwestern Bell Telephone Company reported that the damage occurred near the Pecos loading rack and in open farm country. No building damage in the area was reported.

Each of the 16 poles carried five cross arms with open wire, plus a new 2,100-pair cable which will terminate in Pecos. The cable, however, was still under construction and not in

use.

Three crews and supervisors worked all night seeking to restore the damage. There was some delay in toll service to Midland and Odessa during Tuesday because temporary circuits could not carry all the load.

The cable, when completed, will replace all the open wire circuits.

Five State Highway Patrolmen went to the scene of the downed power poles to direct traffic. A. C. Fleming, Martin County deputy sheriff was one of the first

Stanton Country Club Will Host Linksters From Area

Beta Sigma Phi Chapter Sponsoring Second W-Texas Sand Greens Tourney

An anticipated entry list of 80 golfers are expected to tee off Saturday in quest of the second annual West Texas Sand Greens Golf Tournament title at Stanton Country Club.

This is the second tournament of its kind in the area, and it is expected to draw outstanding golfers from the West Texas region.

The tournament is being sponsored by the Xi Alpha Beta chapter of Beta Sigma Phi and the entrance fee is only \$6.50.

Present plans call for 16 players to a flight and it is hoped that at least five flights will take shape.

The course record of 31 for the 3,186-yard layout is held by four players. They are Troy White, Big Lake; Yuel Winslow, Stan-

ton; Jack Arrington, Stanton; and Bobby Wright, Big Spring.

There has been only one hole-in-one recorded on the Stanton course. Corky Blocker, this city, used a seven-iron to get his ace on the 150-yard seventh hole.

The Stanton Country Club now has a membership of 37. It has grown steadily since its conception.

Houston Woody serves as club president, and James Biggs is vice-president of the Stanton C. C. June Graham is secretary-treasurer.

Harry Haislip, long-time golfing enthusiast, and a man who has been charged with plenty of responsibility in getting the local tournament off to a good start is accepting entry fees and qualifying scores. Haislip will accept qualifying scores until 7 p. m. on August 4. If you fail to mail your score in a telephone call to 4-2372 will do the trick. Haislip will take your entry.

Bob Haislip has announced that plenty of golfing equipment including tees, balls and other needs will be available for those participating in the tourney. Bob is also in charge of getting the greens in good shape and has done a wonderful job with his crew of assistants.

Linksters can qualify all this week for the tournament. However, only those who qualify on Saturday will be eligible for the medal prize, a set of Wilson staff woods.

Those unable to play the course can qualify on their home courses and forward their cards to Harry Haislip.

A Bag-Boy golf cart will be awarded to the runner-up in each See—Golf Tourney—Page 5

O'Daniel Top Man In Martin

HALEY, DANIEL, YARBOROUGH, TRAIL FORMER GOV. HERE

Martin County voters gave Lee O'Daniel a 293 vote total in the governor's race and voted solidly in favor of all the segregation propositions in Saturday's primary.

Evetts Haley received 218 votes for governor to take second man honors with Price Daniel just three votes behind with a 215 total. Ralph Yarbrough gained the fourth place slot in the balloting with 167. Senterfitt polled 23 votes and Holmes trailed the ticket with five.

O'Daniel carried six out of the 10 boxes in Martin County and tied Daniel in one. Daniel, Yarbrough and Haley each carried a box. Voters in Stanton, Box 2, Flower Grove, Old Flower Grove, Lenora, Courtney and Brown, Daniel and Pappy tied at Ackery with eight votes each. Haley took Stanton, Box 1, with 93 votes; Price Daniel carried Tarzan with 22 and Ralph Yarbrough carried Pleasant Valley by one vote over Haley. He received 13 there.

Ray P. Simpson upset Bob Deavenport for Precinct No. 1 party chairman, 236 to 116.

Veteran Investment . . .

The GI Bill of Rights for World War II veterans has just expired after an impressive 12-year record in adult education.

Aid was extended the former service men and women on the premise they had been denied educational opportunity during their wartime service to country. During the 12 years, about eight million veterans of World War II attended school or college or took on-the-job training. The program cost \$14½ billion, and was deemed so satisfactory that it was extended to Korean veterans, some 350,000 of whom are now attending schools or colleges.

Generally speaking, the veteran-students have been a serious lot intent upon making up for lost time and equipping themselves for life. The dearth of radicalism among the veterans has been evidence of success of the educational plan. In becoming better prepared to earn livelihood the former veteran-students have been made more productive members of the economy, incidentally paying their due share for support of the government.

The GI program in part made possible the training of 238,000 teachers, 450,000 engineers, 180,000 doctors and nurses, 113,000 scientists and 36,000 clergymen. Many youths whose college training was interrupted by war duty resumed their studies under the GI program and took postgraduate courses to fit them better for specialized tasks. It is doubtful this would have been possible in many cases had it not been for the GI bill.

Some 600,000 disabled veterans have received vocational training to make them more productive rather than dependent upon the government. One official familiar with the GI program pointed out that the combination of wartime service to country and subsequent education had imbued many veterans with a strong sense of citizenship and interest in public affairs. Such considerations accent the value of the GI program as an investment in doing justice to those serving their country.—The Fort Worth Star-Telegram.

Cars More Deadly Than War . . .

More Americans died on the highway in 1955 alone than on the battlefield during the entire war!

The National Safety Council's statistical year-book, "Accident Facts," just off the press, shows there were 38,300 traffic deaths in the United States in 1955. Official Defense Department records list the battle deaths in the Korean War at 33,629.

"We don't for a moment want to imply that the highway is as hazardous as the battlefield," said Ned H. Dearborn, president of the Council. "But the fact is that the loss to the nation from 1955 traffic toll is greater in terms of human life than the loss sustained in the Korean War. Therefore, it's certainly worth getting excited about."

Approximately 1,350,000 Americans were injured in motor vehicle accidents during the year, the Council said.

The solution for this alarming situation is one that rests in the hands of every driver. Constant vigilance and consistent courtesy must be coupled with careful maintenance of motor vehicles if we are to find an answer to this growing threat to life, limb and property. Safety is everybody's business!—The Fort Stockton Pioneer.

Philosopher Favors Piping Water Over Entire Countryside

(Editor's Note: The Martin County Philosopher on his Johnson Grass farm on Mustang Draw apparently has a water on his mind, or brain, as you prefer, his letter this week indicates.)

Dear editor:
While coming back from town the other day I found a newspaper some roadside picnicer had used to wrap his lunch in, newspapers are a lot better and a far cry from the models we used to get 25 years ago even if they aren't any more anti-proof now than they were then, and I brushed the crumbs and the ants off and brought it on home with me and headed straight for a shade tree in the pasture without going by the house, women have no sense of intellectual values and consider household chores like patching the floor or emptying the garbage as important as mental nourishment.

I hadn't been reading long when I ran across an article that got my mind off the international situation and down to common ordinary living.

According to it, the time may come when man will whip the water shortage situation, not by producing rain but by figuring out a cheap way to eliminate salt from sea water and piping the stuff inland to wherever a dry spot shows up. Have a network of pipe lines running all over the country.

According to the expert making this prediction, it may be around 1990 or the year 2000 before this takes place, and I don't believe my crops can hold out that long, still I think somebody ought to be giving some thought to the matter and while I'm waiting on a rain and don't have anything else to do, that's what I've been doing.

As I see it, say they get the thing perfected and there's a 12-inch water pipe running by my farm ready to turn on and make the present crop surplus look like the sixth year of seven years of want in Egypt. This will be fine, except that some bureaucrat will come along and put in a water meter just ahead of my hydrant, with the result that all the fun will be taken out of turning it on and financially I'll be broke with green crops instead of broke with dry ones.

Before this pipe line network gets started, while it's still in the talking stage, is the time to get Congress to outlaw the water meter. Freedom of the seas has got to be brought inland, all the way to my farm. I think you ought to get our Congressman to working on this right now. Time is short. You've got to consider how long it takes Congress to thresh out a problem.

Yours faithfully,
J. A.

BIBLE COMMENT

Paul Found Life's True Purpose

Have you ever stopped to think about the purpose of your life? Have you ever stopped to think why you are doing the particular job that you are doing? Or have you ever thought why you are the kind of person you are?

There are a number of reasons why we chose to do certain things with our lives. Many of them are valid reasons and at the time of our choice I am certain that they were worthwhile reasons. Perhaps we made the choice because of certain talents or abilities which God had given us. These talents made our choice of what to do with our life an easy decision. Or perhaps it was because of economic necessity that we found it necessary to take the first job that came along. Maybe it was because we felt that we could make more money or climb higher on the social ladder if we prepared ourselves for a certain position in society.

There are many reasons why we have chosen different purposes in life. Many of these reasons are good, yet sometimes our lives seem to be useless when we look at the total impression we make on the society in which we live. Life seems to have no meaning other than a day-to-day existence which is slightly adorned with a shallow something we call "pleasure." And when we look at our lives we see that they have lost their meaning and have become dull and routine.

The apostle Paul was one of the outstanding men of his day. He tells us that he was of a good family, had a good education, was a man of position and authority. In fact, Paul had as much right to boast about himself as any man. Yet there was something lacking. In spite of Paul's good intentions his life was meaningless.

It was not until Paul came face to face with Jesus of Nazareth that his life took on a purpose. After his experience with Christ, which included a fearful period of blindness, Paul began to see purpose in his life. It meant that his energies now had direction, rather than being hit-and-miss. The impetus for this new purpose came from the Christ.

Paul explains this purpose for his life in a letter to his young friend Timothy and commends it to him as the purpose for his life. "The saying is sure and worthy of full acceptance, that Christ Jesus came into the world to save sinners. And I am the foremost of sinners; but I received mercy for this reason, that in me, as the foremost, Jesus Christ might display his perfect patience for an example to those who were to believe in him for eternal life." (I Timothy 2:15, 16.)

Perhaps we, like Paul, could find purpose in our lives through faith in Christ Jesus.

Texas Business Best In History First Part Of '56

Total business in Texas enjoyed the best six months ever recorded during the first half of 1956, despite some weak spots in the economy, the University of Texas Bureau of Business Research reports.

The increase in business volume for this year, however, has not been as great as in some other years, the Bureau explains. Retail sales and some types of building decreased.

The largest decline was shown in building permits issued, but that decline was concentrated in the residential category. Non-residential building, which includes industrial, commercial, institutional, public utility and public building, increased 23 per cent over the first half of 1955.

The only other component of the Bureau's index of business activity that declined between the first half of 1955 and the like period in 1956 was retail sales. Sales of non-durable goods, however, were 2 per cent higher.

Consumer income continued to rise during the first half of 1956. Industrial building increased 58 per cent; industrial electrical power consumption rose 19 per cent, and total electrical power consumption increased 16 per cent.

Bob and David Hill finds Blue Panic grass a good crop even in the driest of years. The Blue Panic grass was planted last summer and a fair stand was obtained. This June the field was combined with a yield of 25 pounds of cleaned seed per acre. Mr. Hill expects to sell the seed for 75 cents per pound thereby yielding a gross return of \$18.75 per acre. Another seed crop could be taken but Mr. Hill is grazing the grass with sheep. Under these dry conditions Mr. Hill believes the Blue Panic grass will carry 1 to 2 ewes per acre from March 1 to November 15.

More than half the teacher vacancies exist in high and junior high schools, TSTA records show. Most of the others are in primary and intermediate grades, with the remainder in administrative and special service positions.

Demand is greatest for teachers of science, mathematics, English, music, home economics, physical education, and commercial subjects. On the other hand, supply exceeded demand for such subjects as history, social studies, Spanish, Latin, and industrial arts.

A recent survey by TSTA's research division adds weight to these alarming figures. Eighty-six per cent of Texas school districts, representing 98 per cent of the professional personnel, reported:

The 98 per cent figures show 12,848 school employes "new to the district," or in jobs with

TSTA Points Out Critical Teacher Shortage In Texas Public Schools

With opening of public schools a month and a half away, critical shortages of teachers exist, particularly in high schools, the Texas State Teachers Association reported today.

Based on reports through July 20 from school districts employing 20 per cent of Texas school personnel, the TSTA estimated that 7,615 teaching positions still are vacant in Texas, with only 1,310 teachers available to fill them. This means almost six openings for every teacher wanted by a job.

Charles H. Tennyson, TSTA executive secretary, explained that 371 school districts—representing 20 per cent of school personnel—still have 1,523 teaching jobs listed with TSTA's registration service. Only 262 teachers have offered themselves to fill the jobs. TSTA does not operate an employment agency; administrators and teachers must contact each other from lists furnished by the association.

Supporting this general condition, Tennyson reported specific instances such as Brownville, with 46 of its jobs vacant, and Mineral Wells, where one-third of the teaching jobs still are without any takers at this crucial stage. Midland, which has already employed over 100 teachers as replacements this summer, still has 16 vacancies. Teaching contracts normally are about completed by this time, he noted.

USDA Says Fryers, Broilers, Turkeys All Plentiful

Supplies of broilers and fryers are making prices which should prove popular with consumers. August supplies are expected to be 20 per cent above a year ago with an average of nearly 29 million birds going to market weekly. Prices are running 20 to 22 per cent below last year.

Too, the USDA announced that the turkey crop is at least a third larger than a year ago with heavy breed hens and toms making up most of the excess.

Food shoppers will also find plenty of beef available. Large quantities of all grades are expected for August.

Fresh plums and Bartlett pears are two plentiful fruits listed. The plum market has its peak supply in August and prices usually break.

Other plentiful listed for August include fresh and processed lemons, peanuts, peanut butter, rice and hens.

The USDA suggests that menus featuring broilers and fryers or even turkeys be used during the coming month because of the supplies and favorable prices of these food products.

Highway 80 To Get First Federal Cash

U. S. Highway 80 will be one of the first interstate roads in Texas to participate in the new federal road program, State Highway Engineer D. C. Greer has announced.

One of the initial projects on which the new federal aid funds will be spent, he said, is the construction of a grade separation on U. S. 80 at its intersection with Farm Road 1856 east of Sweetwater.

"We hope to get into the new money for the August letting in the amount of \$12,000,000," said Greer. "Of this, \$8,000,000 will be for the new interstate system."

The \$8,000,000 represents seven projects that tentatively have been scheduled for August lettings.

Under the highway bill, the government pays 90 per cent and the state 10 on interstate highway work. For primary and urban roads, the federal government shares only half the cost.

Five Home Demo Clubs Represented At Council Meet

Five home demonstration clubs were represented when the Martin County Home Demonstration Council met Tuesday, July 24, in the county agents' office.

Representatives attended from the Tarzan, Stanton, Valley View, Flower Grove and Courtney clubs.

Mrs. Jim Miller, chairman, was in charge of the meeting. A report on yearbook plans was given by Mrs. Shirley Eiland, home demonstration agent. It was recommended the clubs study foods and home furnishings during the new year.

Members decided to sponsor a tea for 4-H Club girls August 9. It will be held after the 4-H Club county dress revue.

Mrs. O. D. Green was elected alternate to the state and national conventions.

Attending were Mesdames Jim Miller, Delmar Hamm, Chalmers Wren, Earl Douglas, R. J. Deatherage, W. T. Wells, Houston Woodly, O. D. Green and Shirley Eiland.

Sunday visitors in the home of Mr. and Mrs. Jim Zimmerman were their son, Mr. and Mrs. J. B. Zimmerman of Midland, and Dorothy Ann Guyton of El Paso.

to be distributed entirely in accordance with our statutes of descent and distribution as explained in previous columns, a will can perform useful functions. Among other uses, a will could provide for an orderly and economical partition of your property, preventing any waste of the assets by heirs impatient for a settlement.

What happens to property which escheats to the State? Following certain required legal formalities and court proceeding, all escheated lands are set apart to the Permanent Free School Fund of the State, and may be leased and sold by the Land Commissioner under certain regulations. Escheated personal property is sold by the local sheriff under a court writ and the money received therefrom paid into the State Treasury.

Now, before you shrug the matter off with the idea that these statutory provisions could not possibly apply to you, better think a minute. Suppose you and your spouse have no heirs besides each other and your children. Many people do fall into this category.

In event of a catastrophe resulting in death for you and your entire immediate family, no legal heirs would remain. Therefore if you had no will, your property would go to the State. In preparing a will, it is possible to provide for such an eventuality.

In this hypothetical case, you would probably want to designate some friend as executor, to take care of all necessary arrangements and then distribute the estate according to your wishes.

On the other hand, if you have plenty of possible heirs, a will could be used to designate which of them shall participate in the division of the estate. And even if you wish your property

before you call." Fisher said work has just about been completed on modifying the dial switching equipment so it will operate the new numbers. Just after 1 a.m. Sunday, a signal will be given and this modified equipment will go into operation.

He added that this new numbering plan is pointed toward the day when Stanton residents will be able to dial their own long distance telephone calls without requiring the aid of an operator.

"While this direct distance dialing system is still several years in the future for Stanton, the number change is one of the initial steps in making it a reality," Fisher said.

He pointed out that one requirement of this direct distance dialing system is that no two telephone numbers can be identical. The number change will achieve this goal.

SENATE JOINT RESOLUTION NO. 23 proposing an amendment to Section 49b, Article III of the Constitution of Texas, so as to change the membership of the Veterans' Land Board, so that the total amount of bonds or obligations that may be issued by the Veterans' Land Board shall be increased to Two Hundred Million Dollars (\$200,000,000) providing for the acquisition of land and the issuance of the bonds or obligations for the use of the Veterans' Land Fund, providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 49b, Article III of the Constitution of Texas be amended so that the same will hereafter read as follows:

"Section 49b. There is hereby created a Board to be known as the Veterans' Land Board, which shall be composed of the Commissioner of the General Land Office, and two citizens of the State who shall be appointed by the Governor, with the advice and consent of the Senate. The Governor shall biennially appoint one such member to serve for a term of four years, with the initial appointments to the Board to be for terms of two and two years, respectively, and all subsequent appointments to be for terms of four years. One such appointive member shall be appointed to represent veterans' affairs and the other such appointive member shall be well versed in finance. The Commissioner of the General Land Office shall act as Chairman of the Board and shall be the administrator of the Veterans' Land Program under such terms and conditions as may be set or hereafter provided by law. The compensation for said appointive members shall be as fixed by the Legislature, and such shall be paid in such amount as may be provided by the Legislature. The Veterans' Land Board may issue not to exceed Two Hundred Million Dollars (\$200,000,000) of bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund. Such bonds shall be secured by said Board as an obligation of the State of Texas, in such form, denomination, and upon the terms as may now be provided by law or as may hereafter be provided by law. Provided, however, that said bonds shall bear a rate of interest not to exceed three per cent (3%) per annum, and that the same shall be paid for not less than par value and accrued interest.

"In the sale of any such bonds, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, and the Permanent Uniform Funds, and the Permanent School Funds, such bonds to be issued as needed, in the opinion of the Veterans' Land Board.

"The Veterans' Land Fund shall be used by the Board for the sole purpose of purchasing lands suitable for the purpose of the Veterans' Land Program, and the same shall be owned by the State of Texas, and shall constitute obligations of the State of Texas. Of the Two Hundred Million Dollars (\$200,000,000) of bonds heretofore authorized, the sum of One Hundred Million Dollars (\$100,000,000) has heretofore been issued, and the balance of the same shall be issued as needed, in the opinion of the State of Texas.

"The additional bonds heretofore authorized may be sold in such installments as deemed necessary and advisable by the Veterans' Land Board. All monies received from the sale of land and for interest on deferred payments, shall be deposited in the Veterans' Land Fund for use in purchasing additional lands to be sold to Texas veterans, as herein provided, in like manner as provided for the sale of lands purchased with the proceeds from the sale of the bonds heretofore issued, for a period ending December 1, 1955, provided, however, that so much of such monies as may be necessary to pay interest on the additional bonds heretofore issued shall not later than the maturity date of the last maturing bond be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be provided by law.

"This amendment shall be effective on and after January 1, 1957.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State of Texas on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon the following:

"FOR the Amendment to Section 49b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board, increasing the Veterans' Land Fund by \$100,000,000, said fund to be used for the purpose of purchasing land to be sold to Texas veterans of World War II and in Texas veterans of service in the Armed Forces of the United States of America subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law.

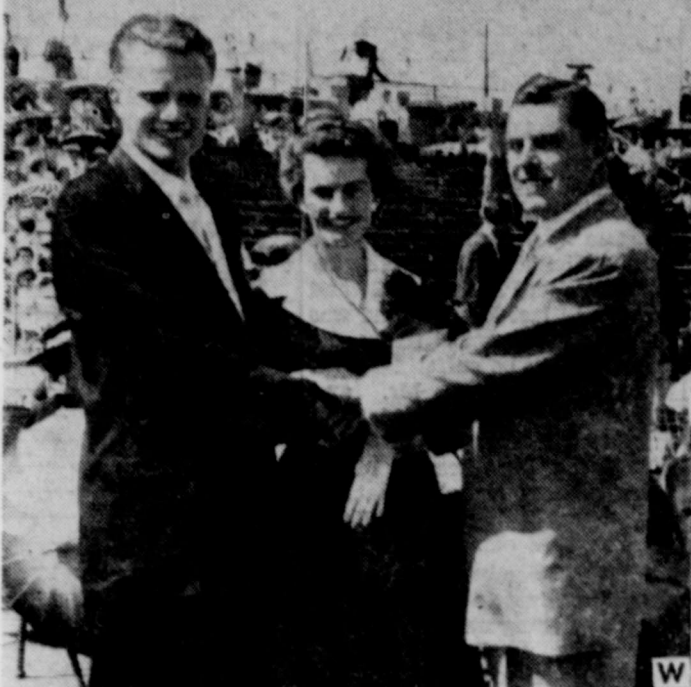

"AGAINST the Amendment to Section 49b of Article III of the Constitution of Texas to change the membership of the Veterans' Land Board, increasing the Veterans' Land Fund by \$100,000,000, said fund to be used for the purpose of purchasing land to be sold to Texas veterans of World War II and in Texas veterans of service in the Armed Forces of the United States of America subsequent to 1945. Such funds shall be expended in accordance with instructions and requirements that may be provided by law.

If it appears from the returns of said election that a majority of the votes cast were in favor of said amendment, the same shall become a part of the Constitution and be effective from the date set forth in said amendment. The Governor shall issue a proclamation in keeping therewith.

Sec. 3. Should the Legislature pass legislation with regard to this amendment which is in violation of its anticipatory nature.

Sec. 4. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and Laws of this State.

Billy Graham Diary Made Public

World renowned spiritual leader, Dr. Billy Graham (left) and the seldom photographed Mrs. Graham join hands with Robert Walker, editor of Christian Life Magazine, before 25,000 people, during a recent revival campaign, to commend Christian Life's publication of Dr. Graham's personal diary and the decision to distribute the magazine on newstands throughout the nation.

The first installment of the 30,000 word diary, which covers Dr. Graham's last "Around the World Cruise," will appear in the July issue of Christian Life Magazine making its initial newstand appearance.

This historic milestone in the 17 year publication history of Christian Life will give the magazine the distinction of being the only Protestant interdenominational magazine now being sold through newstands.

HOUSE JOINT RESOLUTION NO. 23 proposing an amendment to Section 7 of Article VIII of the Constitution of Texas so as to provide that the Commissioners Court in each county may levy whatever sums may be necessary for general fund purposes, permanent improvement fund purposes, road and bridge purposes and jury purposes so long as the total of these tax rates does not exceed Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year, and providing further that the Commissioners Court shall not impose any outstanding bonds or other obligations providing for the necessary election and form of proclamation and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 9, Article VIII of the Constitution of the State of Texas be amended so as to hereafter read as follows:

"Section 9. The State tax on property, exclusive of the tax necessary to pay the public debt, and of the taxes provided for the benefit of the public free schools, shall not exceed Thirty-five Cents (35c) on the One Hundred Dollars (\$100) valuation, and no county, city or town shall levy a tax rate in excess of Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year for general fund, permanent improvement fund, road and bridge fund and jury fund purposes, so long as the total of these funds does not exceed a maximum tax rate of Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year and no long as the Court does not incur any outstanding bonds or other obligations.

"AGAINST the Constitutional Amendment authorizing the Commissioners Court in each county to levy whatever sums may be necessary for general fund, permanent improvement fund, road and bridge fund and jury fund purposes, so long as the total of these funds does not exceed a maximum tax rate of Eighty Cents (80c) on the One Hundred Dollars (\$100) valuation in any one (1) year and no long as the Court does not incur any outstanding bonds or other obligations.

Sec. 2. The Governor of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.

HOUSE JOINT RESOLUTION NO. 11 proposing an amendment to Article I of the Constitution of the State of Texas by adding thereto another section, to be designated as Section 15-a, requiring medical or psychiatric testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of trial by jury where the person under inquiry has not been charged with the commission of a criminal offense.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article I of the Constitution of the State of Texas be and the same is hereby amended by adding another section thereto following Section 15, to be designated Section 15-a, to read as follows:

"Section 15-a. No person shall be committed as a person of unsound mind except on competent medical or psychiatric testimony. The Legislature may enact laws necessary to provide for the trial, adjudication of insanity and commitment of persons of unsound mind and to provide for a method of appeal from judgments rendered in such cases. Such laws may provide for a waiver of trial by jury, in cases where the person under inquiry has not been charged with the commission of a criminal offense, by the concurrence of the person under inquiry, or his next of kin, and an attorney ad litem appointed by a judge of either the County or Probate Court of the county where the trial is being held, and shall provide for a method of service of notice of such trial upon the person under inquiry and of his right to demand a trial by jury.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held throughout the State on the first Tuesday after the first Monday in November, 1956, at which election all ballots shall have printed thereon:

"FOR the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem.

"AGAINST the Constitutional Amendment requiring medical testimony for commitment of persons of unsound mind, and authorizing the Legislature to provide for trial and commitment of such persons and for waiver of the right of trial by jury by a person alleged to be of unsound mind or his next of kin, and his attorney ad litem.

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his view on the proposed amendment. In counties or other subdivisions using voting machines the above provision for voting for and against the Constitutional Amendment shall be placed on said machines in such manner that each voter shall vote on the machine for or against the Constitutional Amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

Food Poisoning Chances Increase In Hot Weather

Hot weather means an increased possibility of food poisoning if foods aren't handled carefully, according to Dr. Henry A. Holle, Commissioner of Health. Bacteria grow more readily when the weather is warm and this presents the danger of food poisoning. Modern refrigeration and sanitary handling can eliminate part of the danger, but food poisoning still occurs, largely because of carelessness.

Sickness from food poisoning usually strikes quickly and violently. Those who do not eat the infected food escape. Usually in one to four hours after eating contaminated food, victims feel ill. If it is a mild case of poisoning, recovery usually begins in eight to 12 hours, but victims may feel the ill effects for several days.

Usual symptoms of food poisoning are diarrhea, nausea, vomiting, abdominal cramps and weakness. The effects of food poisoning may be mild, causing only slight weakness and discomfort, or they may be severe enough to result in death. Unfortunately, you can't always tell if food is safe by its appearance, smell or taste. A physician should be called when any of the symptoms of food poisoning are felt.

The staphylococcus organism grows best in foods which are quite fatty, such as ham, pork, salads, or sandwiches with rich dressings, cream pies, cream puffs or any food with custard fillings. When you prepare a picnic lunch, or a lunch to take to work, it is best not to include these foods in it unless they can be kept chilled until eaten.

Possibly the worst feature of staphylococcus infection is the ease and speed with which it is transmitted to large numbers of persons. It can easily start from a small cut or sore on the hands or body of a careless food-handler.

Botulism, which is about the most dangerous kind of food poisoning, may be found in home canned vegetables that have not been preserved properly. Home canned string beans seem to be one of the chief foods carrying this poison. Commercially canned food is safe.

Canned food of any kind that appears foamy and smells bad should be thrown away. Never taste food which is suspected of being spoiled. A very small amount of botulism poison may be fatal. Home canned food that is spoiled should be kept away from small children and buried, where animals cannot find it.

Mr. and Mrs. Prentiss Hightower, Lendon, Lynch and Brenda, returned home Friday after a two-week trip to Galveston, Laredo, Mt. Vernon, Abilene and San Antonio.

Musical Prodigies in Dallas Opera Season

Thomas Schippers and Roberto Peters

Two youthful prodigies of the musical world will appear together in the Metropolitan Opera's new production of "Don Pasquale" in Dallas Saturday afternoon, May 12, in State Fair Auditorium. Conductor Thomas Schippers, 26, was called "the wonder boy of music" when he made his New York City Opera debut two years ago. This is his first year with the Met and the first time he will be heard in the Southwest. Soprano Roberto Peters, now a reigning prima donna at 25, was one of the youngest singers ever to be admitted to the Metropolitan when she made her debut at 20. Also scheduled in Dallas' civic-sponsored presentation of the Metropolitan Opera will be "Tales of Hoffman," May 11 evening; "Tosca," May 12 evening, and "Die Meistersinger," May 13 matinee.

SENATE JOINT RESOLUTION NO. 4 proposing an amendment to the Constitution of the State of Texas, amending Section 44, Article III of the Constitution of the State of Texas, as amended November 1954, or any enabling legislation passed pursuant thereto.

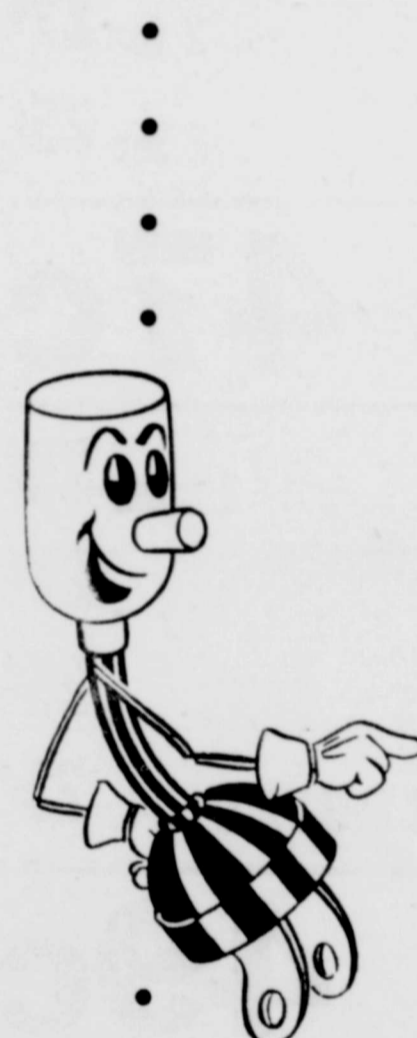

Section 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1954, at which election all ballots shall have printed thereon the following words:

"FOR the Constitutional Amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such employees shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars (\$504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund."

"AGAINST the constitutional amendment empowering the Legislature to revise the existing Teacher Retirement System and to broaden the benefits to employees of public schools, colleges, and universities supported wholly or partly by the State, authorizing that the State's contributions for such purposes shall equal contributions by such employees and providing that they do not exceed six per centum (6%) of the compensation paid each such employee by the State or school district or the sum of Five Hundred Four Dollars (\$504.00) for each year for any such employee, regulating the eligibility of such employees for retirement benefits and prescribing the manner of investing money accruing to the retirement fund."

Each voter shall mark out one of said choices on the ballot, leaving the one expressing his vote on the proposed amendment. If it appears from the returns of said election that a majority of the votes cast were in favor of said amendment, the same shall become a part of the State Constitution and be effective from the date of determination of such result and the Governor's proclamation thereof.

Section 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and shall have the same published as required by the Constitution and laws of this State.
