

THE DEATH LAST WEEK OF James L. Dow, 79, removed one of the pioneer newspapermen and printers of West Texas. He passed away at his home in Seminole where he was business manager of the Seminole Clinic Hospital since 1946.

Dow published newspapers at Colorado City, Sweetwater, Merkel, Stephenville and Brownwood.

In 1909 he bought the Lubbock Avalanche, a handset weekly newspaper, later converting it into a daily newspaper. He sold his daily in 1926 to the Lubbock Evening Journal.

Dow is the father of Melvin Dow, owner and publisher of the Wink Bulletin, one of West Texas' progressive newspaper enterprises.

This scribe made the acquaintance of James L. Dow, in Lubbock, while he was publisher of the weekly Avalanche. There was not much to Lubbock then but the wind swept prairie and oodles of prairie dogs. At the time we happened to be in the newspaper business at Hereford at a time when trainloads of emigrants from the Northern states were being brought into the Lubbock and Hereford areas to purchase land for wheat farming. The land in that Plains Country which was in cultivation.

4-H Clubbers Plan For Fall Capon Show

Martin County 4-H Club members have started over 800 baby chicks to select their capon demonstrations from for the Fall capon show in Stanton.

The capon show usually held in November is one of the largest poultry shows of its type held in Texas. Some 125 capons were exhibited last year by Martin County exhibitors.

Boys and girls that have started chicks are Steve Springer, Pat Springer, Mike Springer, Allen Springer, Gary Doshier, David Poe, Fran Britton, Porky Britton, Mark Bentley, Craig Beckmeyer, Billy Davis, Otis Lord, Billy Graves, John Graves, Smitly Smith, Barbara Smith and Anthony Hanson.

Several feeders are going to start caponized birds in the near future.

PARADE PLANNERS—Lila Flanagan and Allen Singleton were the principal planners of the Easter Bunny Parade held in Stanton this year for the seventh time. It was the first participation in preparations for Singleton, the new Chamber of Commerce manager, but it was old stuff for Lila. Mrs. Flanagan has been chairman of the Bunny Parade committee since Hilo Weathers nominated her for the post when she served as chamber manager. She continued under the Ed Davis administration and this year served with Singleton.

Stanton Second In Dist. Track Meet Thursday

District 125-B track meet was held in Big Spring Thursday afternoon with 14 high school events being reeled off on a clear, near-perfect day as far as weather was concerned.

Roby captured the team championship for the senior section with Coahoma taking grade school honors.

With 59½ points, Roby took the title formerly held by Merkel. Stanton scored a total of 39 points to place second with David Brewer accounting for 14½ points in another display of all-around athletic ability. In the 100-yard dash, Brewer set a new record with time of 10.4.

The previous record was held by Robert McLeod, Merkel sprinter who negotiated the distance last year in 10.5.

Jimmy Miller, another Stanton runner well on his way to a string of triumphs, smacked the

The Cancer Crusade got underway this week in Martin County.

April has been designated as Cancer Control Month by the President and April 15 was observed as Cancer Control Day.

Plans call for literature giving statistics and vital information about cancer to be distributed throughout the county during the drive.

A goal of \$875 has been set for the county to raise during the cancer drive.

Mrs. Stanley Reid is serving as county crusade chairman.

In Stanton deminishing coffees to benefit the drive started Monday. They will continue the rest of the month. On April 15 members of the Stanton Senior Girl Scout troop began a house to house canvass distributing literature. The girls will also take contributions.

All county communities plan to take part. The home demonstration clubs in each community will spearhead the drive. Chairmen include Mrs. Orvis Davis, Flower Grove; Mrs. Delmar Hamm, Lenora; Mrs. Houston Woody, Tarzan and Mrs. Owen Kelly, Courtney.

In each community workers plan to see that each family is contacted. Literature will either be distributed by the women making a house to house canvass or it will be sent home by school children. Various money raising projects have been planned.

At Courtney, home demonstration club women will hold an all day coffee on April 23 for the drive. It will be at the Stewart grocery and all members of the

Reunion Officials Plan Series Meetings To Discuss Anniversary

Plans are progressing for the celebration of the silver anniversary of the Martin County Old Settlers Reunion.

The annual affair will be held July 7-8.

Mrs. Bob Cox, publicity chairman, said officials will welcome any ideas for the celebration from old settlers. Anyone who knows of some event, contest or anything which will make the celebration bigger and better is asked to present his ideas to one of the officials.

Future planning meetings are planned and the ideas can be discussed then.

A beard growing contest will get the county in the spirit of the celebration. After June 15 any man caught on the streets of Stanton without a beard will be fined. Women must wear at least one item of old fashioned attire after June 15.

In charge of the beard growing contest is Bernard Houston. Mrs. Floyd Smith and Mrs. Finley Rhodes will be in charge of the women's wardrobe department.

A giant get-together on the night of July 7 will begin the celebration. Alton Turner will be in charge of an old fiddlers

contest at the meeting. T. W. Haynie will be responsible for the entertainment for the gathering.

Higginbotham-Bartlett Lumber Company will serve as official headquarters all day July 8 with Harry Halslip in charge. On the afternoon of July 8 a parade will be held and the celebration will be climaxed with a barbecue, business meeting and memorial service. Billy Houston is parade marshal.

Officers of the organization are O. B. Bryan, president; Alton Turner, vice president, and Mrs. Morgan Hall, secretary-treasurer.

Official City Financial Report In This Issue

The official financial report to the people from the city administration appears in this issue of the newspaper.

The present city council adopted a policy many months ago to follow the law to the letter and have published a financial report of city affairs every three months. That report has been well prepared and properly submitted since that time and is always informative.

In comparing similar reports to the public published in other papers we find the one here in Stanton is far superior from a standpoint of understanding and content of information.

Winslow Jaycee President

Yuel Winslow was installed as president of the Stanton Junior Chamber of Commerce for the 1958-59 term Friday night at Belvue Restaurant.

W. E. (Pete) Snelson of Midland, president of the Texas Junior Chamber of Commerce was present for the meeting and spoke to the group.

Snelson discussed the accomplishments of Jaycees throughout the state and brought greetings from other state Jaycees. He also outlined the principal aim and purposes of the Jaycee organizations. In his address he invited local Jaycees to attend

the state convention which is being held this week in Austin.

Binnie White was recognized as Stanton Jaycee of the year and was presented with an award by Bill Wheeler, outgoing president. Bob Halslip was given a special award for his work in the Jaycee sponsored Little League. Wheeler also presented the guest speaker with a gift of appreciation.

New officers were installed by Bob Dean, outgoing president of the Midland Junior Chamber of Commerce. They include Jack Ireton, first vice president; Robert Herzog, second vice president;

Binnie White, secretary-treasurer; Bob Wheeler, Bill Wheeler and O. L. Snodgrass, Jr., directors.

Accomplishments during the past year were outlined by Bill Wheeler, retiring president. Different projects included the sale of Christmas trees, helping with the Christmas program in Stanton, improving the city park, sponsoring Little League during the summer.

Connie Mack Hood who served as master of ceremonies presented Wheeler with a past president's plaque.

Jack Ireton gave the invocation.

Yuel Winslow gave a brief summary of plans for the coming year in his acceptance speech. Projects planned include continuing work on the park, hospital, Little League and various other programs.

James N. Allison, Jr., incoming president of the Midland Jaycees was introduced by Hood. Other guests introduced were Mr. and Mrs. Spencer Blocker of Midland, formerly of Stanton, and Charlene Fryar of Midland. Approximately 30 persons were present for the occasion.

★ WEATHER BULLETIN ★

Calm breezes and clear skies dominated Martin County's weather picture Monday, Tuesday and Wednesday in the wake of general weekend rains which were accompanied by high winds at times.

Prospects are for continued fair and warm today and Friday forecasters said. Conditions were expected to be ideal for all outdoor activities, and ideal also for farmers seeking topsoil dry enough to permit plowing and planting.

Over the weekend moisture in the amount of one inch or better fell in the county. Farmers and ranchers described rain, following high winds the week before, as truly a "million dollar rain."

Stanton Bands To Offer Second Spring Concert

The second annual Spring Concert by Stanton School Bands will be presented at 8 p. m. Tuesday, April 22 in the elementary school gymnasium.

Taking part in the program will be the high school band, junior high band and elementary band.

Philosopher Says Russian Propaganda Can't Sweep Him Off His Feet, He's Off Now

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw turns his thoughts to a world problem, his letter this week indicates. Anything to avoid farming.

Dear editor:

I was reading in a newspaper I borrowed out of my neighbor's mail box the other day and returned before he got there — there's one thing you can say for reading a neighbor's newspaper, it's like looking at a sunset, your looking at it doesn't lessen the fun he can have from looking at the same thing, although I'll admit you don't have to subscribe to the sun, however on the other hand you'd miss a lot of information by confining your reading to it — at any rate, to get on with this, I was reading how Russia has scored a great propaganda victory by announcing it is suspending all atom and hydrogen bomb tests, which I suspect is sort of like a man's saying he's suspending plowing on this

year's crop, along in the fall of the year when it's already in his barn.

This news has upset a lot of people, who are afraid it will sweep the world and convince everybody Russia is a dove of peace and the United States an ogre out to poison the atmosphere.

Well now I'll tell you, I don't believe it. In the first place, anybody who believes Russia, on anything she's unwilling to let free men check up on, is a mighty poor prospect for basing the foundations of world freedom on. If Russia can sweep you off your feet with boasts, you were tottering already and probably don't know the difference between up and down. There's a difference between conquering space and the hearts of men. And in the second place, a propaganda victory is one of the most temporary things there is.

I've seen politicians who rode into office on propaganda, and some of them stay there a long time on that, but in the final analysis the people catch on.

And as for people who are swayed by propaganda, like the people who invariably vote for the last man they heard speak

West Texas Press Comments

Call this whatever you will peering its head around the corner — recession, depressions — mostly the dumps — we'd say, Colorado City refuses to settle with anything else but prosperous. At least that would be the conception placed on it that read last week's Colorado City Record. We cite the lead paragraph published in the Record:

"Bank deposits in Colorado City this spring show one of the greatest rates of increase in all West Texas. One million in local bank deposits."

This fact was revealed in the March 4th bank statement issued as per call made by the comptroller of currency.

A malcontent drove of dogs have been raiding stock pens in the Morton area of Cochran County the past month. They have been charging the pen of the FFA boys badly chewing up one hog; killed a hog being prepared to show at the stock exhibition, and destroyed about \$45 worth of animals. The Morton Tribune brought out one of the reasons 'pet dogs' are often waylaid by irate citizens is because they are let to roam at night in packs.

Robert S. (Bob) Weddle, editor and publisher of The Menard News, gave reference to an economic professor who had this definition of a panic:

"When you have to tighten your belt, that's a recession."
 "When you don't have a belt to tighten, that's a depression."
 "When you don't have any pants to tighten a belt on, then that's a panic."

A Mrs. Gordon Koehler, president of the "Crataleus Harridus Club" Latin name for Timber Rattlesnake, has returned to her home in Milwaukee, Wis., from hunting rattlesnakes in Motley County. The total catch of rattlesnakes numbered 29 and four coach snakes, reports the Matarador Tribune. The rattlers were made a gift to zoos in Milwaukee and Chicago.

At least here's one cotton gin in West Texas done the best business last year since it started operation in 1938. It is the Colorado City's Producers Co-op Gin. It paid a dividend of \$10,000 to its members for the year 1957. The gin processed 3100 bales of cotton the past ginning season.

W. A. Lindsey, Jr., chairman of the board, said "During the past 20 years the gin had paid out a total of \$129,895.75 in dividends to their members."

Just before the election, you haven't won much when you win a propaganda victory over them. You'll lose em the next time somebody else speaks.

Understand, I don't know anything about testing hydrogen bombs. I don't even know how to test for a stuck valve on my tractor or guess what a teenager will do next, but I learned long ago the only satisfactory way to get along in life is to figure out what is right for you and go ahead, regardless of what anybody else thinks. I don't care how shinning a speech a man makes at a luncheon club, if he doesn't pay his bills, most folks soon catch on he's a deadbeat. You can borrow money on promises, but you demonstrate your worth only when you pay it back in cash.

Any nation you can win by propaganda alone, well, you ain't won much when you get it. There's nothing under the sun or on TV Russia can say that'll sweep me off my feet. I'm the one that decides when I'll get off my feet, and I decide it frequently.

Yours faithfully,
 J. A.

CHEVY TAMES THE TOUGHEST TRANSCONTINENTAL HIGHWAY!

Turboglide* shows its velvet competence in fantastic foothills of Andes. Jolt-free powerflow of triple-turbine transmission was particularly important in keeping traction on hundreds of gravel turns.

Mighty Turbo-Thrust V8 seemed virtually unaware of astonishing grades up to 30 percent. Even at summit, 12,572 feet high, drivers found terrific reserves of torque from its 348-cubic-inch displacement.

Precision of Chevy's famous Ball-Race steering was a lifesaver on cliff-edge curves; its silk-smooth ease sharply reduced driver fatigue. Vital safety factor was full panoramic visibility of windshield.

Racking hairpin turns on Chilean slope of Andes tested superior torsional strength of Chevy's new Safety-Girder frame, demonstrated the better road-holding permitted by its lower center of gravity.

Turnaround at Valparaiso on Pacific—and car starts return leg of trip called impossible by A.C.A. experts! Engine was never stopped, oil dip-stick still said "full" at end of 1,900-mile test!

Full Coil suspension, with a deep coil spring at each wheel, took big rocks and deep chuckholes in stride. Stability of four-link rear suspension held car true and steady on worst sections of road.

Jumbo-Drum brakes got a real workout in emergency stops for roving livestock, loose boulders, stream gullies cut across road. Drivers particularly liked Turboglide's special Grade Retarder on long hills.

Paul's Letters Reveal His Philosophy

We have no formal biographies of the great apostles and leaders in the first generation of the Christian church.

It is interesting that, on the whole, we know more about Paul than we do about any of the original 12 apostles. We are fortunate in having the letters. They tell us more about Paul than the formal facts of his life and career as they are recorded in the Book of the Acts.

In the passages by Paul, we have an indication of the intimate relationship he maintained with the churches and with the disciples.

Apparently there were two attitudes on the part of these disciples. Some there were whose loyalty to Paul was so intense that there was a danger of their religion making them disciples of Paul rather than disciples of Christ.

Others were inclined to be critical of Paul and to adhere more closely to other preachers or leaders who had come into the church.

Paul found it necessary to remind both these classes of disciples that their primary allegiance was to Jesus Christ, that their faith should not stand in Paul or in any other man, but in their Master.

He was insistent upon maintaining his integrity as a preacher of the Gospel. He had received his commission, not from man but from the Lord Jesus.

His counsel to Timothy is advice that any young man who would follow the Christian life might well take to heart.

LEGAL NOTICE

RESOLUTION PROVIDING FOR MEETING OF AND PUBLIC HEARING BEFORE CITY COUNCIL OF CITY OF STANTON, CONCERNING CERTAIN PROPOSED ACTIONS UNDER THE URBAN RENEWAL LAW OF TEXAS, AND PROVIDING FOR NOTICE OF SUCH MEETING AND HEARING.

WHEREAS, the urban renewal law of the State of Texas finds and declares the existence in the incorporated cities, towns and villages of said state of slum and blighted areas (as therein defined) and that such areas constitute a serious and growing menace injurious and inimical to the public health, safety, morals and welfare of the residents of the state; and,

WHEREAS, said urban renewal law authorizes the exercise of certain powers thereunder by any such city, town or village, and by an urban renewal agency as provided for in said urban renewal law, for the elimination and prevention of the spread of such slum and blighted areas, providing that the governing body of such city, town or village shall have:

(A) Caused to be published at least twice in the newspaper officially designated by such governing body a notice that on a certain date, (which date shall be stated in the notice and shall be not less than sixty days after the publication of the first of such notices) such governing body will consider the question of whether or not it will order an election to determine if it should adopt a resolution substantially in the form set forth in Section One hereof;

(B) Determined (on or after the date specified in such notice) to call such election;

(C) Given (after its determination to call such election) at least thirty days notice of such election; and provided further that at such election so called and held, (at which only qualified voters residing in such city, town or village, owning taxable property within the corporate limits thereof, who have duly rendered the same for taxation, shall be entitled to vote) a majority of those voting thereat shall vote in favor of such governing body's adoption of and such governing body thereafter adopts, such resolution; and,

WHEREAS, the City Council of the City of Stanton, Texas, deems it to be desirable that such city avail itself of the provisions of said urban renewal law, including the provisions thereof pertaining to an urban renewal agency created in said city by said law; and,

WHEREAS, it is the purpose and intent of the City Council, on the day and at the time and place specified in Section One hereof, to hold a public hearing on the question of, and to consider and determine, whether or not it will order an election to determine if it should adopt a resolution substantially in the form set forth in said form of notice;

NOW, THEREFORE, be it resolved by the City Council of the

City of Stanton, Texas, as follows:

Section One: The City Clerk is hereby authorized and directed to cause to be published in the April 10, 1958, and April 17, 1958, editions of The Stanton Reporter (the official newspaper of the City of Stanton) the following notice:

"NOTICE OF MEETING OF AND PUBLIC HEARING BY CITY COUNCIL OF CITY OF STANTON, TEXAS, CONCERNING CERTAIN PROPOSED ACTIONS UNDER THE URBAN RENEWAL LAW OF TEXAS.

Pursuant to the provisions of the 'Urban Renewal Law' of the State of Texas, notice is hereby given that the City Council of the City of Stanton, Texas, will meet at the City Hall, in said city, on the 12th day of June, 1958, at 10:00 o'clock a. m., C.S.T., at which time and place said council will conduct a public hearing on the question of, and will consider and determine, whether or not it will order an election by the qualified voters residing in said city, owning taxable property within the boundaries thereof, who have duly rendered the same for taxation, to determine if the City Council should adopt a resolution substantially as follows:

"RESOLUTION MAKING CERTAIN FINDINGS, DETERMINATIONS AND ELECTIONS UNDER AND PURSUANT TO THE URBAN RENEWAL LAW OF TEXAS.

"BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF STANTON, TEXAS, as follows:

Section One: It is hereby found and determined that one or more slum or blighted areas exist in the City of Stanton.

Section Two: It is hereby further found and determined that the rehabilitation, conservation, or slum clearance and redevelopment, or a combination thereof of such slum or blighted area or areas is necessary in the interest of public health, safety, morals or welfare of the residents of said city.

Section Three: It is hereby further determined that the City of Stanton shall exercise the powers granted to the city by the urban renewal law of the State of Texas, except the urban renewal project powers as defined in said urban renewal law.

Section Four: It is hereby further determined to be necessary and in the public inter-

est that the City of Stanton elect, and, accordingly, the City hereby elects to have said urban renewal project powers exercised by the urban renewal agency of the City of Stanton, which agency is created by said urban renewal law.

Section Five: The findings and determinations and elections herein made are made in accordance with and the various terms used herein are used in the same sense as used or defined in said urban renewal law.

"At the aforesaid public hearing, each person will be given full opportunity to be heard, either in person or by his counsel, relative to the subject being considered, and likewise to present to and file with the City Council, for its consideration, his written comments and recommendations relative to such subject.

**CITY COUNCIL
CITY OF STANTON,

COTTON GROWERS
Seed is scarce... make everyone pay off!
Treat your cotton seed furrows with ORTHOCIDE Soil Treater X - the new ORTHO soil fungicide.

You need no special equipment with this easy planter-box treatment. Just sift the dust (1 1/2 lbs. per bushel) directly on the seed in the planter-box. It's as simple as that! The dust gives previously treated seed added protection from seed rot. The excess material filters down into the furrow and forms a "protected zone" around the seed and seedling. With planter attached duster equipment, apply 10-12 lbs. of ORTHOCIDE Soil Treater X per acre.

Reduces losses due to damping-off, sore shin, sore shank, seedling blight, seedling root rot and other seed and soil diseases.

Order ORTHO Soil Treater X from your planter today.

Howard B. Cox Services Held

Funeral services were held
Saturday afternoon in San An-
gelo for Howard B. Cox, 90, pio-
neer rancher who had served as
first mayor of Stanton.

Mr. Cox had ranching inter-
ests in several counties and one
of his spreads includes the fam-
ous Mt. Livermore near Marfa.
The late Mrs. Cox had inherited
a portion of the Noelke ranch in
Crockett County, and thus oil
and gas in later years was add-
ed to his holdings. He was found-
er of the Texas and National
Palomino Horse Breeders Asso-
ciation.

Mr. Cox became a cowboy as
a lad of 15. When he was 18 he
was put in charge of a trail
herd. In 1907-1908 he bought and
sold farms at Stanton for the
Higginbotham Bros. He led in a
successful move to incorporate
the town and pass a livestock
law. Mr. Cox served as Stanton's
first mayor, was a member of
the school board and also served
as surveyor of Gaines and
Martin Counties.

Freida Lynn White Becomes Bride Of Fred Clements Sunday

Freida Lynn White of Ackerly
and Fred Clements of Lamesa
were married at 4 p. m. Sunday,
April 6 at the First Baptist
Church, Ackerly.

The bride is the daughter of
Mr. and Mrs. Cartis White of
Ackerly. Parents of the bride-
groom are Mr. and Mrs. Roy
Clements of Lamesa.

Rev. J. D. Mabry, pastor, offi-
ciated for the double ring cere-
mony.

An archway entwined with
fern, white feathered mums and
blue ribbons and bows formed a
background for the wedding
party. Baskets of white mums
and candelabra flanked the
arch.

Given in marriage by her father,
the bride was dressed in a
ballerina length white taffeta
gown with an overskirt of white
chiffon. A baby blue chiffon
sash was tied around the waist
with streamers to the hem. Her
shoulder length veil was attach-
ed to a band covered with beads
and seed pearls. She carried a
white Bible topped with an
orchid surrounded by small
white carnations and streamers.
Mrs. Joe Gillispie of Ackerly,
sister of the bride, was matron
of honor and Fern Menix of
Ackerly was bridesmaid.

Butch Jarrell of Lamesa was
best man. Groomsman was Ned
Clements of Lamesa, brother of
the bridegroom. Ushers were Joe
Cook and Phil Wallace, both of
Ackerly.

Reggie Hambrick of Ackerly,
the bride's nephew was ring
bearer. Randy Hambrick and
Kenny Gillispie of Ackerly, both
nephews of the bride, lighted
candles.

Mrs. Bill Hambrick, the bride's
sister, was pianist. She accom-
panied Bill Hambrick who sang
"Because" and "Whither Thou
Goest."

The bride's attendants were
dressed in blue dresses designed
with scalloped necklines and
puffed sleeves. They wore white
picture hats and carried white
carnations.

A reception was held after the
ceremony at the home of the
bride's parents.

The bride's table was covered
with a white cutwork cloth over
blue taffeta. A bouquet from the
center of the archway was used
on the table. A three-tiered cake
topped with wedding bells and
blue punch were served by June
Oaks. Mrs. George Schaaf and
Jane McIlroy of Big Spring.

Mrs. George Schaaf was at the
register.

Guests were present from La-
mesa, Big Spring, Odessa, Albu-
querque, New Mexico, and Flow-
er Grove.

The bride is a graduate of
Ackerly High School and Ruth-
erford Metropolitan School of
Business in Midland. She was
employed by Phillips Petroleum
Company in Midland prior to
her marriage.

The bridegroom attended La-
mesa High School and is asso-
ciated with his father in oil field
work.

Mr. and Mrs. Clements are
making their home at 812 1/2 Ave.
H, Lamesa after a trip to Carls-
bad, New Mexico.

Hale-Aikin Committee Evaluating Schools

As thousands of Texas citizens join in their county Hale-Aikin committee's study of local schools, they have a wealth of information available to assist them in their timely evaluation of the schools.

Local committees have a deadline of May 1 for reporting their recommendation to the state-level Hale-Aikin committee, headed by Sen. A. M. Aikin, Jr. of Paris.

Much basic information has been provided by the Texas State Teachers Association in a book-

let, "Education . . . An Investment in the Future." Each committee member has been furnished a copy of this TSTA-developed booklet, which tells the story of Texas school statistically and graphically. The information it contains was compiled from authentic sources which are identified.

This survey points up the fact that the number of school-age children in Texas is growing at the rate of almost one-half million each five years.

To instruct this increasing

scholastic population, the numbers of teachers has increased from 50,000 in 1948-49 to 78,000 during the current school year. By 1962, the teacher total will soar to 93,285.

Housing for these additional children will require expenditure of more than \$127 million a year by local school districts for construction of classrooms during the next six years.

In addition to statewide information about Texas schools, the handy booklet compares Texas' school system with those in other states.

For example, Texas ranks 32nd among the 48 states in the amount it spends for each pupil in average daily attendance, having spent \$255 per pupil during 1956-57 compared with the national average of \$295. Texas

PERSONALS

Visiting recently with Mrs. Houston Woody and family were her brother-in-law and sister, Mr. and Mrs. Hall McCrummen and children, Marshall, Lindsey and Roger of Lubbock.

Mr. and Mrs. Bill Blocker of Hobbs, N. M. visited last week with Mr. and Mrs. John Blocker, Mr. and Mrs. F. O. Rhodes and Mr. and Mrs. O. L. Snodgrass, Jr.

Mr. and Mrs. C. C. McKinney have moved from Lubbock to Stanton to make their home. Weekend visitors with Mr. and Mrs. C. C. McKinney were Mr. and Mrs. Charles Bond and children of Andrews.

Mrs. Douglas Church underwent surgery in a Big Spring hospital last week.

stands 27th in the percent of income spent for current educational expenses.

In training of its teachers, Texas ranks second in the nation with more than 96 percent holding bachelor degrees or higher. In contrast, the average salary paid Texas teachers ranks 24th in the nation, the TSTA booklet shows.

Average salary in 1956-57 of all instructional personnel in Texas — including classroom teachers, principals, and supervisors—was \$4,000. The national average was \$4,330.

Of all employe groups in business, industry, and the professions, classroom teachers ranked lowest in 1956. The average salary in Texas industry and business that year was \$4,445, compared with an average salary of \$3,842 for classroom teachers.

In 1956 Texas collected an average of \$70.36 from each person in state taxes, placing this state in 26th place in per capita tax collections.

The booklet also reveals many interesting facts about teacher demand and turnover. It indicates that 40,955 teachers will be needed as replacements and additions within the next five years. More than 10,000 teachers change positions each year, and 4,500 are lost from the profession. The turnover averages 14 percent per year, compared to a three percent employe shift in Texas industry.

Are enough teachers available? The trend is discouraging, the booklet reveals. In 1950-51, Texas colleges and universities had 7,275 graduates prepared to teach. By 1956-57 this number had declined to 5,096, and only half of them showed up in the classrooms last fall.

As the number of persons training to enter the teaching profession decreases, the number of emergency certificates issued to unqualified persons increases. In 1955-56, there were 1,121 such emergency certificates granted. In 1956-57, the Texas Education Agency issued 3,199.

Another significant trend is that more than 11,000 Texas teachers are nearing retirement. As they retire, the number of teachers needed will sharply increase.

How is State aid to education financed? Where does the money come from? Who pays what taxes and how much? These are some of the important questions answered by the TSTA publication.

Commonly used terms are also defined so that the booklet can be of practical use to local citizens. These terms include: minimum foundation program, minimum salary schedule, local fund assignment, permanent school fund, state available fund, foundation school fund, and others.

Many other items are contained in the colorful, comprehensive survey of the state's school system.

Citizens in Martin County with suggestions for making the public schools better can contact their respective school heads and their opinions may be incorporated in the report to the Hale-Aikin Committee.

Ford's Styleside box gives you 23% more loadspace than traditional pickup boxes, and it's standard at no extra cost!

Lowest-priced pickup with cab-wide box

Smoothest ride of any half-ton pickup—proved by scientific Impact-O-Graph road tests!

Official registration figures show: FORD TRUCKS FIRST IN SALES TO AMERICAN BUSINESS!

FORD TRUCKS COST LESS

... LESS TO OWN ... LESS TO RUN ... LAST LONGER, TOO!

• Ford's new Styleside pickup gives you all the advantages of a box that's as wide as the cab (easy side loading . . . extra capacity)—yet costs less. But low first cost is just the start of your savings. Running costs are low because of the economy of short-stroke design in Ford's new Six and V-8's. And a study by insurance experts proves that Ford trucks last longer—no wonder Ford's resale values are traditionally high.
