Chamber Votes Swimming Pool Survey

Snooter Knows
By JAMES E. KELLY

THERE ARE MANY BUSINESSMEN in Stanton who would like to have the opportunity of swimming in a nice, clean, attractive natatorium after office hours. There are many who would like to have a place for the entire family to enjoy the water recreation. The youths of the county would be tickled to death to have a modern pool to swim in and relax around the pool walks and concession stand after a brisk and muscle building workout in the water.

Well, Stanton doesn't have a pool, but several other area towns do.

In recent weeks Eden in Concho County, about the size of Stanton opened the first swimming pool it ever had to the public. Support of three local organizations and a few individuals contributing their time and financial assistance, built Eden its swimming pool. The reception the pool has been receiving at the hands of the public is nothing short of amazing. The young people of the community and outside communities are flocking to the pool for a dip in its refreshing waters. The pool officials have employed a swimming instructor. On the first day he announced he was prepared to take non-swimmers and those in need of further swimming lessons—the lessons free—65 persons enrolled in the class, most of them youngsters, coming from the area around Eden.

The manager of the swimming pool remarked to the editor of the local newspaper, the response to providing the young people a swimming pool was far greater than anticipated, and that the help of volunteers were needed to properly conduct the swimming classes.

Cattlemen To Attend Meet In Monahans

Martin County cattlemen and other interested persons have been invited to attend a Brucellosis Law Explanation meeting Friday, July 31 in Monahans, Bob Johnson, county agent said.

Dr. C. M. Patterson, state extension veterinarian at Texas A&M College, will be in charge of the meeting which will be held in the Livestock Exhibition Building. The meeting will begin at 1:30 p. m.

Dr. Patterson will discuss and explain the recently passed animal health law.

Johnson said a group of Martin County men plan to attend the meeting. Any persons interested in going with the group should contact Johnson.

Week day services will be held at 10 a. m. and 8 p. m. The public is invited to attend.

TPA Editorial Board Appointed

Newly elected President Tom Whitehead, Sr. of the Brenham Banner-Press has named four daily and four weekly publishers to the Texas Press Association Editorial Board.

The complete Editorial Board, which is officially a part of the Board of Directors, is composed of the eight appointees, plus vice presidents of the five regional press associations.

Publishers appointed by Whitehead are: James N. Allison, Jr., Midland Reporter-Telegram; James C. Gresham, Killeen Herald; Forrest Weimhold, Levelland Sun-News; Richard E. Dwell, Athens Daily Review; W. B. Crossley, Madisonville Meteor; Rowland R. Peters, Nacoma News; Steve Elam, San Benito News; Norman J. Dietel, Fredericksburg Radio-Post.

The general manager of the TPA, Vern Sanford is chairman of the Editorial Board.

Agriculture Committee To Meet Monday

A meeting of the agriculture committee of the Martin County Chamber of Commerce has been set for Monday evening, August 3, at the Chamber of Commerce office.

The meeting will begin at 8 p. m. Gerald Hanson, chairman said.

Members are to discuss the annual Martin County agriculture tour and the sale of the first bale of cotton.

District 4-H Dress Revue To Be Friday

Two Martin County 4-H Club girls will be in Crane Friday to participate in the District Six 4-H Dress Revue.

Gordine Froman and Leta Johnson, Martin County dress revue winners, will enter the revue. Parents of Miss Froman are Mr. and Mrs. Walter Froman and Leta Johnson is the daughter of Mr. and Mrs. Ellmore Johnson.

Judging of the dresses will be Friday morning, at 1:30 p. m. The final revue will be held. The public is invited to attend the final revue.

Winner of the district senior contest will enter the state contest.

George Blocker Elected Bank Director In N. M.

George Blocker, former Martin County resident, and son of John Blocker, Stanton, was appointed to the board of directors of Lea County State Bank in New Mexico recently.

Blocker, a state representative from Lea County, has a wide variety of business interests, including oil, gasoline distribution and ranching.

The new bank director moved to Monument, New Mexico in 1944, where he operated a gasoline refinery for Cosden Petroleum Corp. for four years before moving to Jal, where he has lived since.

Mr. and Mrs. Blocker are the parents of two sons, Gary and Chris. In addition to his business interests, Blocker is widely known for his activities in community affairs.

Rotary Club Met July 22

Plans for the new year were discussed at a meeting of the Stanton Rotary Club Wednesday, July 22 at Belvue Restaurant.

S. W. Wheeler, president, was in charge of the meeting and led the discussion concerning the program and work for the club during the coming year.

George Shelburne gave the invocation. Leading a number of songs was Floyd Jennings.

H. M. McReynolds introduced guests. They included A. W. Simpson and L. A. Lisle of Midland, Floyd Jennings and Roy Pickett.

Twelve members were present.

August 3 Dollar Day In Stanton

Monday, August 3, is Dollar Day in Stanton.

This once-a-month event has been good for the community with both the customers and merchant benefitting immensely.

Many merchants have continued to advertise specials in the issue of The Reporter before the Monday sales. It would be a fine thing if all the merchants would list a few items and run them in the paper for the Dollar Day event. It wouldn't take a lot of space, and just two or three items would be appreciated by the buying public.

Some of the merchants who have not been advertising have been getting the benefit of the Dollar Day program, but have not realized what they should because of lack of publishing specials for the day.

Now is a good time to make a resolution that will help keep Martin County money at home by planning advertising space in the county newspaper.

If the price is right and the merchandise in demand there is no question but what businessmen will profit and at the same time prove to the people that their trade is appreciated.

In this issue of the paper we have some Dollar Day specials listed. We suggest our readers take advantage of the bargains. Be in Stanton Monday.

Mr. and Mrs. Carlton Chapman, Carla, Stevie and Myrna of Brownwood visited in Stanton last week with friends.

Mrs. Murrill Latimer of Amarillo has returned home after visiting with her parents, Mr. and Mrs. Jack Jones.

FRIENDS AND NEIGHBORS—Paul Peters and Jim Kelly have been good friends for many years and at the present time are neighbors in east Stanton. They are pictured at a barbecue given by Peters during the county's seventy-fifth birthday celebration. Peters, known to many friends as "Pulley" plans to make the barbecue an annual event and hold it on his place in July when the Old Settlers return to Stanton for the reunions.

State Commission Releases Martin County Road Report

The State Highway Commission today released a status report on the highways in Martin County. State Highway Engineer D. C. Greer stated that the increased number of motor vehicles traveling Texas highways today makes it necessary that newer, more modern highways be constructed.

"In Martin County, for example, 3,726 vehicles were registered in 1958, compared with 2,100 in 1948, an increase of approximately 56.4 per cent during the ten-year period."

The Highway Department currently maintains 196 miles of highway in the county. The Department spent \$160,618 on maintenance last year compared with \$18,620 in 1948. Construction expenditures last year amounted to \$59,817. There was no construction in the county in 1948.

Currently, there is one project under construction in Martin County. The project is on FM 87 from the Andrews County line, east to State Highway 349, a distance of approximately 2.1 miles. The contract calls for grading, structures, flexible base, and hot mix asphaltic concrete at an estimated cost of \$46,130. Two other projects are planned for future construction. These projects are under the supervision of District Engineer Archie J. Sherrod of Odessa.

The following projects are planned for future construction:

1. On U. S. 87 from the Dawson County line to the Howard County line, a distance of approximately 1.4 mile; structure, surfacing, and shoulders for two additional lanes at an estimated cost of \$97,000.
2. On Interstate 20 from the Midland County line to the Howard County line, a distance of approximately 1.2 miles; this project is financed for right of way acquisition at this time.

Officers, The Press, The People

Former Highway Commission Chairman Marshall Formby of Plainview, in a speech in Odessa last week, urged the sheriffs of Texas to work closely with the press because "the people are entitled to know what the police and sheriff's department are doing."

Formby addressed the Texas Sheriff's Association at their annual convention. The delegation recorded heavy applause when the former highway official finished his oration.

Newspapers have the same responsibility to serve the people as do the officers, both state and local. The voters and taxpayers are entitled to all of the news, not just part of it. Most newsmen are willing and ready to cooperate with the officers on any type case, and will keep confidences where requested until solutions are forthcoming. Most newsmen will not interfere with an officer at the scene of a crime or accident by asking questions. But he does depend on the officers to bring his accident report to the attention of the editor or the facts in any case, whether misdemeanor or felony, after they have been established.

We know of no active member of the press who is interested in suppressing the news. It is not the policy of this paper to do so, and never has been, but sometimes when information is not reported to the newspaper that the public is entitled to know about and have knowledge of, then we are "up against a stone wall." For a competent writer must have facts, accurate information and full details to complete a word picture of what might be a story of public interest.

Congratulations Marshall Formby for your frank and forthright statement concerning cooperation of officers with the press.

The Texas Sheriff's Association selected Dallas as the site of the 1960 convention and elected Sheriff C. V. (Buster) Kern of Houston, one of the state's outstanding officers as president for the coming year.

Lions Make Plans For New Year

A meeting of directors and officers of the Stanton Lions Club was held Sunday afternoon at the First Baptist Church.

Plans for activities for the new year were discussed. Included were tentative plans for a teachers appreciation night to be held soon, plans for service projects, discussion of money raising ideas and a discussion of weekly programs.

Paige Eiland, president, was in charge. Also attending were Ernest Hock, Jim Eiland, Gerry Hanson, F. O. Rhodes, Bob Johnson and Harvey White.

Mr. and Mrs. Guy M. Eiland of Midland visited Sunday with his parents, Mr. and Mrs. G. A. Eiland.

Mr. and Mrs. Lawrence Roddam of Houston spent last week with her mother, Mrs. Annie Herzog.

City Leaders Discuss Plan For City Pool

Directors of the Martin County Chamber of Commerce met for their monthly meeting Monday night at the Chamber of Commerce office.

James Eiland, president, presided over the session. It was reported that one new member had joined the Chamber of Commerce during the month and that the Chamber now has a balance of over \$1400 in the bank.

John Davis, chairman of Parks and Recreation committee, met with the group to discuss establishing a park in the southwest part of Stanton. After discussion it was decided for Davis and his committee to look into the matter further.

Also brought before the group was the idea of building a swimming pool for Martin County residents. Present to discuss the idea with the directors were Paige Eiland, president of the Lions Club; S. W. Wheeler, mayor of Stanton and president of the Rotary Club; Jimmy Mills of Midland, who is a contractor for swimming pools.

A meeting of the agriculture committee was called by Gerald Hanson, chairman, for Monday night at the Chamber of Commerce office. The committee is to discuss the annual agriculture tour and the sale of the first bale of cotton.

Present were Gerald Hanson, Leo Turner, F. O. Rhodes, James Webb, James Eiland, H. M. McReynolds and guests John Davis, S. W. Wheeler, Paige Eiland, Jimmy Mills and Mr. Porter of Midland.

Northwest Martin County Test Drilling Below 11,212 Feet

By JAMES C. WATSON

Husky Oil Company and Pano Tech Exploration Company No. 1 Carter, one mile north of the nearest completed Devonian producers in the Breedlove and Breedlove, North (Devonian) pools in Northwest Martin County, was drilling below 11,212 feet in line following a drillstem test in the Devonian.

Scheduled for a 13,000-foot bottom, it is 1,980 feet from south, 660 feet from west lines of section 14, block 36, T-3-S, T&P survey.

Texas Pacific Coal & Oil Company was preparing to test the Devonian after gauging gas and distillate from the Stawn section in No. 1-B McAllister.

The project, 1 1/2 miles southwest of the Germania (Devonian) field in Northeast Midland County, flowed gas at the rate of 454,000 cubic feet per day, plus 34.1 barrels of 57-straw distillate, from the Strawn through casing perforations from 10,354 to 10,364 feet.

Operator now will test the Devonian through perforations from 11,368 to 11,432 feet.

Location is 1,320 feet from south and west lines of section 41, block 37, T-1-S, T&P survey, two miles southeast of Germania.

County Agents Will Attend Meet In Andrews

Mrs. Mildred Eiland, county home demonstration agent, and Bob Johnson, county agent, are to be in Andrews Thursday, August 6 to attend a committee meeting on office management.

Selected agents from Extension Districts Six and 12 are to attend to help set up a handbook for extension office management.

Dan Pfannstiel, assistant director of the Texas Extension Service from Texas A&M, will meet with the group.

Blue Caps On Top In Pony League

In Pony League play the Blue Caps are in top position with six wins and two losses.

Close behind the Blue Caps are the Red Caps with five wins and two losses. The Green Caps are in last position.

Saturday night saw the Red Caps beat the Green Caps 9-7. In Monday night action the Red Caps won over the Blue Caps 14-1.

New Telephone Directories Mailed July 29

The new Stanton telephone directories were mailed to subscribers here July 29, Cliff Fisher, manager for the Southwestern Bell Telephone Company, has announced.

"The new directory contains approximately 800 alphabetical listings," Fisher said.

Old directories should be thrown away after the new issue is received. However, care should be taken to remove any items such as photos, letters, and notes which might have been placed between the pages, the manager advised.

The Stanton directory has a gray cover and contains 12 "white" or alphabetical pages and 24 "yellow" or classified pages. Approximately 1,475 copies of the directory have been printed.

"A number of extra copies are printed as replacements for those used in the public telephone booths and other places where much use occurs," Fisher said.

"The telephone directory," he added, "remains one of the 'best read' books in Stanton. You can save time by referring to it if you are not sure of a number or need assistance of any kind."

BIBLE COMMENT

Miracles Live In Jesus' Name

The miracles in the Gospel are numerous and significant. There is the miracle of the turning of water into wine at the marriage in Cana. Again visiting Cana, Jesus heals a nobleman's sick son at Capernaum. In Jerusalem, at the pool of Bethesda, He cures an infirm man, and because it was on the Sabbath incurs the intense hostility of certain Jews. Then comes the miracle of the feeding of the 5,000. There is also the miracle of Jesus coming to the disciples, walking on the sea. There is the story of the restoration of sight of the man born blind. The crowning of the miracles is the raising of Lazarus from the dead. The testimony of these mighty works will vary in value according to one's attitude toward miracles in general. For some the wonder-working aspect of Jesus seems larger than the spiritual significance of Jesus and His teaching. For others the miracles are evidence of a wonderful life in which the supreme importance was the teaching and the life-giving power that brought new life, not to the body, but to the soul. Jesus Himself disparaged the materialistic aspect of the miracles. To those who thronged about Him after the feeding of the 5,000 He said: "Ye seek me, not because ye saw the miracles, but because ye did eat of the loaves and were filled." If men once believed in the Christ because of the miracles, today they believe in the miracles because of Christ.

WEST TEXAS PRESS COMMENTS

The Rebekah Lodge of Andrews has a representative attending the Tenth Annual Odd-fellows "United Nations Pilgrimage for Youth" in New York City. She is Sherry Brown, who was selected by the lodge on character traits of leadership, personality, dependability, character, and intelligence. Miss Brown will be a senior in Andrews high school this year and has been a majorette with the band.

The Seminole Sentinel reported in its last week's issue that the city was planning to hold a \$250,000 water and sewer bond election, an expansion program aimed at serving a city of 11-150 population by 1970. Tentative day for the bond election is August 1.

Editor-Publisher Tom Wade of the Jayton Chronicle comes up with this one about the people who live in a small town:

A small town is a place where everyone knows what everyone else is doing, but they read the local paper to see if they have been caught at it.

The Morton Sheriff's Posse won the most sought riding trophy on the South Plains, known as the Will Rogers Range Rodeo trophy. The event was held at Amarillo recently. There were fifteen Morton Posse horseback riders in the parade, competing with nine other riding groups.

Don Boston, manager of the newly organized Big Lake Chamber of Commerce, published a column and a half of interesting reading about Big Lake. One mention of facts was the City of Big Lake has more than 200 square blocks of paving more than any other West Texas town per capita. It was also reported there are more than 25 individually owned farms in Reagan County totaling about 4500 acres under cultivation, and there are 80 ranches in the county with average of 16 sections. The bank deposits December of 1951 totaled \$181,523 and today they are \$3,358,202.

Eden has the distinction of being the home town of the newly elected president of A&M College. J. Earl Rudder was a member of the 1927 high school class. He was a member of Eden's first football team in 1925. Rudder was also one-time mayor of Brady and a World War II hero. In 1955 he was appointed by Governor Shivers to straighten out the scandal-plagued Texas General Land Office.

Not many months ago the farmers of Motley County were complaining of drought — rain needed badly. This week's issue of The Matador Tribune reported the farmers of its county were all in a "dither" over too much rain which has been keeping them from getting in the fields to bring the weeds under control and to replant cotton destroyed by washing rains.

The Merkel Mail is reporting the land, comprising 19 lots, has been purchased to build 24 low rent housing units. The purchase price was \$6,500. The overall development cost of the project is estimated to be \$302,991. Financing of the project is obtained from the Federal Housing Authority.

Some little confusion has been stirred up in Stamford over it being blacklisted by the Mexican government. Ban effecting nationals coming to Stamford created quite a surprise to Stamford citizenship, and an investigation into the matter.

BEST ENGINES!

one of 7 Big Bests Chevy give you over any car in its field

You've got more to go on than our say-so: Every motor magazine has given Chevy's standard passenger car and Corvette V8's unstinted praise. SPORTS CARS ILLUSTRATED says it this way: "... surely the most wonderfully responsive engine available today at any price." And if you want the thrift of a six, you still get the best of it in a Chevy.

BEST ECONOMY
No doubt about this: a pair of Chevy sixes with Powerglide came in first and second in their class in this year's Mobilgas Economy Run—getting the best mileage of any full-size car, 22.38 miles per gallon.

BEST BRAKES
Not only bigger, but built with bonded linings for up to 66% longer life. Just to prove what's what, Chevy out-stopped both of the "other two" in a NASCAR*-conducted test of repeated stops from highway speeds. *National Association for Stock Car Advancement and Research

BEST RIDE
A few minutes behind the wheel will leave no doubt about this. MOTOR TREND magazine sums it up this way: "... the smoothest, most quiet, softest riding car in its price class."

BEST TRADE-IN
Check the figures in any N.A.D.A.* Guide Book. You'll find that Chevy used car prices last year averaged up to \$128 higher than comparable models of the "other two." *National Automobile Dealers Association

BEST ROOM
Official dimensions reported to the Automobile Manufacturers Association make it clear. Chevy's front seat hip room, for example, is up to 5.9 inches wider than comparable cars.

BEST STYLE
It's the only car of the leading low-priced 3 that's unmistakably modern in every line. "In its price class," says POPULAR SCIENCE magazine, "a new high in daring styling."

Open invitation to excitement, the Impala Convertible... and America's only authentic sports car, the Corvette.

Fran Britton Honored With Kitchen Shower

A kitchen shower honoring Fran Britton was held Thursday evening at the Delbert Franklin home.

Miss Britton is to be married soon to Eddie Avery.

Hostesses were Joetta Franklin, Sandra and Sharon Sale, Veronica Sorley, Jean Mott, Nancy Johnson, Linda Saunders and LaRue Adkins.

Green punch and green and white sandwiches were served from a table laid with a lace cloth over green. White napkins decorated with bridal couples completed decorations. The hostesses alternated at the refreshment table.

For the occasion the honoree chose a green and white checked dress trimmed in green. She wore a white carnation corsage.

Thirty-seven persons attended including out-of-town guests, Bobbie Bennett, Bobbie Newman and Jo Ann Durham, all of Big Spring.

Wayne Keaton of Kermit spent the weekend with relatives in Stanton.

Rebekahs Install New Officers

Mrs. C. S. Bevers was installed as noble grand of the Stanton Rebekah Lodge Monday evening at the IOOF Hall.

Other officers installed were Mrs. Leroy Fincher, vice grand; Mrs. Mason Coggin, treasurer; Mrs. Granville Graves, secretary; Sammye Laws, warden; Mrs. Virgie Johnson, conductor; and Mrs. Leman Henson, inside guardian.

Other officers who were absent will be installed later.

In charge of the services was an installing team from Big Spring.

Twenty guests were present from Big Spring.

Dorcus Sunday School Class Holds Luncheon

Members of the Dorcus Sunday School Class were entertained with a luncheon Tuesday, July 28 at the First Baptist Church.

Mrs. J. G. Sprawls gave the devotional. Leading in prayer was Mrs. L. H. White.

The class meets the fourth Tuesday of each month.

Present were Mesdames L. H. White, Matt Elland, J. O. Hardin, I. T. Graves, Joan Long, Eula Eubanks, J. G. Sprawls, Emily Scott, Misses Maude Alexander and Carrie Alvis and one guest, Mrs. W. O. Clinton.

Mrs. Koonce Honored With Bridal Shower

Mrs. Roy Koonce was honored with a bridal shower Tuesday evening, July 21 at the Reorganized Church of Jesus Christ of Latter Day Saints.

Mrs. Koonce is the former Jean Wheeler of Independence, Missouri.

In Thermopolis, Wyoming, the family visited the world's largest mineral hot springs. They visited the Buffalo Museum and Art Gallery at Cody, Wyoming and spent two days at Yellowstone National Park. On their return trip they went through the Teton National Park, Jackson Hole, Wyoming, and visited the cliff dwelling and the Mesa Verda National Park at Durango, Colorado. While they were at Durango a forest fire destroyed over 4,000 acres of forest near Durango, the Franklins said.

DA To Discuss Law On Libel At Press Meeting

One of the extra worries of the Fourth Estate will be aired at the West Texas Press Association convention in Big Spring August 6-7-8.

E. C. Grindstaff, district attorney of the 11th Judicial District including Tom Green, Runnels, Coleman and Concho Counties, will lead a panel on libel. The topic: "Is It Libelous? Why? Why Not?" Several newsmen also will appear on the panel.

Problems dealing with news coverage, employe relations, public affairs, etc. will be on the convention program prepared by Francis Perry, Ballinger, first vice president.

Grindstaff began his career as a rural school teacher in Runnels County. In 1935 he was elected county school superin-

tendent and served in that office for six years. He became county judge of Runnels County in 1941 and served in that office until November 1951 when he was appointed district attorney, which he is still serving.

In addition to his political career, he has been extremely active in the Baptist Church, teaching a Sunday School class and a prominent lay speaker at numerous church programs and conventions.

He is a member of the Ballinger Lions Club and in 1946 was elected to serve District 2A as governor for one year. He has held many other places of importance in his club.

He has been active in Boy Scout work and recently served as a director of Boys Ranch.

SOIL CONSERVATION DISTRICT NEWS

MARTIN-HOWARD SOIL CONSERVATION DISTRICT

Jack Buchanan, Ollie Robertson, Bernard Houston, Larry Shaw, J. D. Crawford.

Supporters of the Martin-Howard Soil Conservation District and persons interested in commemorative stamps will be able to purchase a 4-cent soil conservation stamp locally starting August 27.

Although the Post Office Department is printing 120 million copies of the 3-color soil conservation stamp, which portrays a modern conservation farm, the edition won't last long.

The stamp is being issued at Rapid City, S. D., on August 26 as a tribute to conservation farmers and ranchers, their local soil conservation districts, and the professional conservationists of State and Federal agencies who assist them.

Those who are interested in a "first-day cover," a souvenir envelope, can mail addressed envelopes plus a remittance for postage, to the postmaster at Rapid City, S. D., who will place the Soil Conservation stamp on the envelopes, cancel with a special cancellation mark used only on that day and at that place, and mail as addressed anywhere in the country.

Technicians from the local Soil Conservation Service report that range seeding trials are being started on Bernard Houston's ranch South of Stanton this week. There are to be about ten plots seeded by various methods in an attempt to learn more about the most successful method of seeding range grasses in this area. Similar trials are planned for next year also.

Martin County Philosopher Up In Arms Over High-Faluting View Of What Laziness Consists Of

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw discusses a topic he no doubt is an authority on, laziness.

Dear editor:

One of the troubles with the world today is that it has to have an explanation for everything.

You take laziness. You'd think the word lazy means what it says, just lazy. But psychologists have to go into a long ramble explaining the deep psychological causes of it.

For example, I read in a newspaper yesterday afternoon while I was resting under a shade tree out here on my Mustang Draw grass farm — well, technically I wasn't resting, at least I hadn't done anything to make me tired, what I was doing was just sitting there because I wanted to—where a prominent British surgeon has been analyzing laziness. According to him, "laziness

implies a lot of intelligence. It is the normal, healthy attitude of a man with nothing to do. We should study its techniques."

This is what I'm talking about. Thunder, laziness doesn't imply a lot of intelligence, you can be lazy whether you've got any sense or not. You can be dumb and be lazy, and you can be intelligent and be lazy. Some of the busiest people I know ain't very bright, and some of the brightest people I know ain't very busy.

And as for it's being a "normal, healthy attitude of a man with nothing to do," I can tell you real quick that British surgeon doesn't know the first thing about laziness. Anybody can be lazy if he hasn't got anything to do. The real test of laziness comes when you can practice it when you've got plenty to do, when you're snowed under, when you're three weeks behind with your plowing and the work is stacking up and you're able to look at your tractor with great moral strength of character and pick up your fishing pole and head for the river or the lake. Furthermore, if while you're fishing you're being gnawed by your conscience, if you keep thinking you ought to be back on your tractor going up one row and down another contributing to the surplus, you ain't really practicing laziness. Laziness is something very few people have the strength of character to acquire.

I'm not a complete success at it yet, but I'm working on it. It's not something you acquire in one week. It takes years.

Yours faithfully,
J. A.

Local Hospital Qualifies For Blue Cross Plan

The Physicians Hospital and Clinic has been approved as a full member hospital of the Texas Blue Cross Plan, Dr. L. B. Nelson, Administrator, has announced. This acceptance into the Blue Cross Plan has followed a provisional membership period in which the hospital has offered full member benefits to its patients.

With final acceptance, Physicians Hospital and Clinic is joining 541 Texas hospitals and approximately 6,000 throughout the nation who are a part of the Blue Cross Plan. Making use of the facilities of these Member Hospitals are more than one million members in Texas and fifty-five million throughout the nation.

Blue Cross is an outgrowth of the original prepayment plan which was born in Dallas on December 20, 1929. By 1937, Blue Cross had its first million members. In 1939, the first statewide movement in Texas was begun and was known as Group Hospital Service, Inc., and in 1942, it gained approval of the American Hospital Association as the Blue Cross Plan of Texas, a non-profit organization. The companion plan, Group Medical and Surgical Service, Inc., was created in 1945, and has been approved by the Blue Shield Commission as the Blue Shield Plan of Texas.

Any Texan, under 65 years of age and in good health, is eligible for individual Blue Cross-Blue Shield membership, while formerly, memberships were open primarily through employment groups. A continuous program of individual enrollment in the Plan is now available.

The remarkable acceptance of Blue Cross is demonstrated by the fact that 85 per cent of the general beds are now available to one out of every four citizens in the U. S. as Blue Cross members.

Blue Cross home offices are located at 2208 Main St., Dallas, Texas.

LIFE ON THE PLAINS

Lamesa Pioneer's Book Recalls High Adventure

Vivid memoirs of an old-time plainsman and cowboy, S. R. Simpson are related in his recently completed book, "Llano Estacado," or the Plains of West Texas, published by Naylor and Company, San Antonio.

Mr. Simpson, a native Texan who has retired and lives in Lamesa, has retired and roped all over West Texas in what was "undoubtedly the good old days." Because of his desire to leave some kind of written record of the things that occurred during the 63 years he spent in this area lest they become lost history, Simpson compiled his book, valuable for its history and its entertainment facets.

Thin Volume

The fact that Simpson's book is a small one, only 38 pages long, does not mean it is thin in content. It is filled with reminiscences of the many men who have crossed his path. There are Indians, rustlings, gun fights, hold-ups and murders to furnish all the salty ingredients of early days in West Texas.

On the humorous side of the story of a young lady who had a rifle with a bent barrel and thought, therefore, it would shoot around the corner. There is the tale of the handsome and brave dog of doubtful ancestry who became adept at bulldogging buffaloes.

The Lamesa author was on "first name" terms with many of the men who gave the Plains their true and inimitable character, and was himself, one of the important men who endowed West Texas with its peculiar, lasting and fascinating qualities.

Ross Simpson came to West Texas in June, 1893, with his father, G. W. Simpson, who settled on what is known as Tobacco Creek about 25 miles southeast of Lamesa when he was six years old.

He tells that the nearest post office and shopping facilities were at Gall, county seat of Borden County. It was the only post office between Big Spring and Lubbock, and Snyder on the east and Carlsbad, N. M., on the west, then known as Eddy.

At that time Gall was larger than Lubbock; the 1890 census showed Borden County with a population of 222, and Lubbock County, 33.

In March, 1905, Dawson County was organized. Simpson's father wanted to move his family once more, so they settled in Lamesa where "Simpson" remains a familiar name.

Visits Dick Ware

During the year of 1899, Mr. Simpson accompanied his father to visit R. C. (Dick) Ware at his ranch in Borden County. During the conversation, the subject of Ware's participation in the gunfight at Round Rock where he killed Sam Bass was introduced and Ware showed the 45 Colt pistol with which he killed Bass to the Simpsons. Ware was a Texas Ranger for many years, and later was sheriff at Colorado City.

Simpson relates his work on ranches on the Plains until Feb-

Retail Sales In West Texas Show Large Increase Over Rest Of State

Retail sales in West Texas last year increased over 1957 at a rate 19.7 per cent greater than the rest of the state, according to a story in the July issue of West Texas Today, official publication of the West Texas Chamber of Commerce.

Based on copyrighted figures reported by Sales Management, Inc., the article also reveals that the 132-county region of the WTCC recorded an increase for the year of \$245,616,000 in effective buying income.

The county-by-county listing

of retail sales for 1958, 1957 and 1956 in the magazine article indicates that increases in 1958 over 1957 were realized by all eight of the eight counties in the over \$100 million category, in three of four of the \$50 million to \$100 million group, in seven of nine in the \$25 million to \$50 million group, in 25 of 42 in the \$10 million to \$25 million category, and 11 of 33 in the \$5 million to \$10 million group, in nine of 29 in the \$2.5 million to \$5 million group, and in two of seven in the less than \$1 million category.
