By JAMES E. KELLY

NEXT YEAR FOR THE FIRST time journalism textbooks will be issued to Texas public schools. This year, at the regular session, the Texas Legislature added journalism to the list of subjects for which textbooks may be supplied by the state.

Adding journalism to the school curriculum in the public schools of Texas will be heartily welcomed by Texas newsmen. It is good to know that young people can soon get training for the jobs to be done on the newspapers of tomorrow.

REPORTS FROM PEOPLE LIVING within the city limits of Stanton are to the effect every now and then they see a covey of quail feeding on their premises or crossing their yard. This year for the first time in many years past quail are plentiful in this vicinity and are seen roaming on land adjoining the city limits as well as in the city limits.

Heretofore, hunters have taken advantage of the property owner by hunting on the land without his consent. The birds have been destroyed, leaving behind many with wings shattered and otherwise crippled to die.

IN 6-A FINALE—

Stanton Defeats Coahoma, 46-20

The Stanton Buffaloes closed out their most successful season in many years here Friday night, bombing Coahoma 46-20. Tommy Newman went on his biggest scoring rampage of the season for Stanton, rolling for four touchdowns. Buzzy Brewer accounted for another two.

Brewer raced five yards for Stanton's second score in the second period, then followed with a 20-yard scoring jaunt that put Stanton ahead, 20-0, at half time. Coahoma finally generated a drive in the third that counted when Paul Graves scooted eight yards across the double stripes. Harold Aberegg ran for the two extra points.

Stanton came right back to add to its margin when Brewer skipped 10 yards. Newman followed by getting another TD on an eight-yard run. Thompson passed to Donelson again for the two extra points.

A 62-yard pass play, in which Royce Aberegg and Dewayne Richter figured, gave the Buffaloes their second score in the third quarter.

Newman opened the final round by capping a drive with a three-yard scoring run. Brewer had set up the TD on a 60-yard run after taking a punt.

The Aberegg boys, Royce and Harold, teamed up to get Coahoma's final score in the fourth. (Continued on page 5)

Stanton Schools To Dismiss For Thanksgiving

Stanton High School and Elementary students will receive two days for Thanksgiving holidays.

School will be dismissed at 2:10 p. m. Wednesday, November 25, Jimmy Bickley, high school principal said. Students will be out school Thursday and Friday, and will return to classes at the regular time Monday morning, November 30.

Courtney Elementary School will follow the same schedule as Stanton.

CC Membership Drive Extended

The membership drive for the Martin County Chamber of Commerce has been extended to December 15.

H. M. McReynolds, Chamber of Commerce manager, said that so far 18 new members have joined the Chamber of Commerce.

The drive was originally set to end in November, but during a meeting of the membership committee the drive was extended. Connie Mack Hood is chairman of the membership committee.

School Nurse Employed By County Schools

Mrs. Stanley Reid has been employed to serve as school nurse at Grady School and Flower Grove Schools, L. M. Hearn, Grady principal said this week.

Mrs. Reid is to be at Flower Grove Schools Monday through Wednesday noon each week. Beginning at Wednesday noon and through Friday she will be at Grady School each week.

Hearn said Mrs. Reid went to work on Monday, November 9.

Stores To Close For Thanksgiving

Stanton business houses are scheduled to be closed on Thursday, November 26 in observance of Thanksgiving.

Thanksgiving was one of the holidays merchants voted to observe by closing in a Chamber of Commerce poll.

Also to be closed are the offices in the courthouse, the bank, and the city hall.

The post office is to be closed and there will be no rural delivery. The windows in the post office will be closed but mail will be boxed as usual.

Thanksgiving Proclamation

WHEREAS, it is the duty of all people to acknowledge the providence of God, to obey His will, to be grateful for His benefits and humbly implore His protection and favor:

AND WHEREAS, a day of public Thanksgiving and prayer will be observed by grateful hearts throughout the length and breadth of this great nation:

AND WHEREAS, Thursday, November 26, has been officially designated as a holiday by all federal and state agencies, and has been designated as one of the days of the year Stanton merchants voted to observe:

AND WHEREAS, the people of Stanton and Martin County have been especially blessed with good crops and bountiful business during this harvest season:

THEREFORE, I, Stanley Wheeler, Mayor of the City of Stanton, Texas, do hereby proclaim Thursday, November 26, a legal holiday.

S. W. WHEELER
Mayor

Reporter Staff Requests Early Newspaper Copy

The entire town will close up next Thursday to observe Thanksgiving Day.

Mayor Stanley Wheeler has issued an official proclamation, and merchants and the citizens of the city and county, have made complete plans to pause and really give thanks for the generous blessings the Master has bestowed on this area.

The Stanton Reporter will deeply appreciate the cooperation of our friends and patrons in getting advertising and news copy by Tuesday morning. If we can go to press just a few hours early, public messages built around the Thanksgiving Day theme can be carried, and the paper placed in circulation before Thursday.

And to be perfectly honest about it, maybe The Reporter staff members can be off on Thursday too — and we won't mind whether cranberries are on or off the dinner table.

Police Chief L. C. Waits, 46, died at 3:10 p. m. Tuesday after being rushed from his home to Physicians Hospital here.

News of the sudden death of the popular policeman shocked the community he has served so well for the past two years.

City Judge George Shelburne, a close associate and friend of the late Chief Waits said: "Stanton has lost a good man, a fine officer, and a citizen of top calibre."

Chief Waits had been confined to his home for the past few days with a light case of flu, but his friends did not realize the seriousness of his condition.

Mr. Waits, accompanied by members of his family, visited a hospital in Big Spring only a day before his passing. He had been advised by physicians there to make arrangement for admission to a U. S. Hospital in Albuquerque, New Mexico, and had returned to Stanton to seek a (Continued on page 5)

Former Stantonite Delivers Address At SHS Homecoming

Stanton ex-students and ex-teachers heard Dr. Deward H. Reed of Portales, N. M., at a special homecoming program Friday afternoon at Stanton High School gymnasium.

Dr. Reed, who is vice president of Eastern New Mexico College at Portales, is formerly of Stanton. He is the brother of Mrs. Walter Morris of Stanton and was a member of the first Stanton High School football team.

Homecoming activities included a bon fire Thursday night at the high school, a pep rally for the public Friday afternoon, the program for ex-students, a dinner and the Stanton-Coahoma

football game. Dr. Reed also spoke at the pep rally. Jiggs Hall, president of the ex-students association, served as master of ceremonies at the program and welcomed all to the homecoming. Giving the response was Carl Wright, president of the Stanton High School Student Council. The invocation was given by Rev. W. H. Kirby.

Mrs. P. M. Bristow and Mrs. Merle Miller were in charge of registration. Mrs. Bristow and Hall recognized all classes present and introduced ex-teachers who attended. Several numbers were played (Continued on page 5)

Thanksgiving Services Set For Sunday

A community wide Thanksgiving service will be held Sunday night, November 22 at the First Baptist Church.

Everyone in the community is invited to attend the services which will begin at 7:30 p. m. Several of the Protestant churches are in charge of the service.

Dr. H. Clyde Smith, district superintendent of the Big Spring district of the Methodist Church, will be the speaker.

The combined choirs of the churches will sing an anthem, "I Will Magnify Thee." Ernest Hock will be in charge of special music for the services. Choir practice was held Sunday afternoon at the church. Another choir practice will be held at 5 p. m. Sunday, November 22. All singers in the community who wish to sing in the choir are asked to be at the Sunday afternoon practice.

HD Officers Plan Training Meet Thursday

A training meeting for home demonstration club officers and council delegates will be held Thursday in the county agent's office.

Bonnie Cox, organization specialist from Texas A&M, will conduct the training. She will discuss the duties and responsibilities of the officers and council delegates.

Methodists To Have Thanksgiving Service Sunday

A Thanksgiving service will be held Sunday morning at the First Methodist Church.

The morning service begins at 10:55 a. m. A Thanksgiving message will be given. After the morning worship a dinner will be held in the basement of the church.

HD Women Made County Tour Thursday

Martin County Home Demonstration Club women held their annual Achievement Tour Thursday.

Fifty-two persons made the tour of Martin County homes and viewed various articles made by the home demonstration club women during the year.

The tour began at the home of Mrs. Max Everetts where the group went through a broiler house and viewed her Evergreen yard. From there they went to the home of Mrs. Jim Jones to see articles made by the Tarzan Home Demonstration Club during the year. This included sewing, dried arrangements and different accessories for the home including picture frames, (Continued on page 5)

SHS Students Taking Tests This Week

Stanton High School students are taking six weeks tests, achievement and aptitude tests this week.

Senior students are taking achievement tests. They are the Iowa Tests of Educational Development. Aptitude tests are being given to sophomores. The aptitude and achievement tests were scheduled for Monday, Tuesday and Wednesday. Tests for the second six weeks of school are also being given this week. Jimmy Bickley, high school principal, said because of the giving of the achievement and aptitude tests, some of the six weeks tests may be given next week. Students are to receive their report cards Monday, November 30.

Robert Haggard's Capon Named Martin Champion

The Martin County Capon Show held Friday and Saturday was declared by show officials as the best in the history of county capon shows.

Bob Johnson, county agent, said despite bad weather a record total of 170 birds was entered by 37 boys and girls in Martin County's FFA and 4-H clubs. This compared with 153 entries last year. Johnson also said the auction did better than last year, when an average of \$12.28 per head was paid for the capons.

Robert Haggard, nine-year-old Stanton boy, showed the grand champion single capon. Haggard's 10.5-pound bird brought top money of \$30 at an auction held after judging in the county show barn. The grand

champion was purchased by Stanton Chemical and Seed Company.

The reserve champion single capon was owned by Buddy Shanks, 10, of Stanton. Dub Bryant of Big Spring, who served as auctioneer, got \$20 for the reserve champion from Guitler Gin.

Bill Sims, assistant Howard County agent, classified the birds, most of which weighed eight and one half pounds and above. Show judge was Marshall Miller of College Station, associate poultry marketing specialist for the Texas Extension Service.

Porky Britton exhibited the champion trio, which brought a total of \$52. Buyers were Co-Op Gin, Ector Thornton Implement

Company and Stanton Chemical and Seed Company.

Reserve champion trio was shown by Robert Haggard. His birds sold for a total of \$39 to Guitler Gin, Robert Haggard, Sr. and B&J Drug Company of Stanton.

The Haggard boy's grand champion capon placed first in the heavyweight division. First place in the lightweight division went to a bird owned by Arvil Fincher Payne Dry Goods Store bought Fincher's capon for \$15. The show was sponsored by the agriculture committee of the Martin County Chamber of Commerce.

Gerald Hanson is chairman of the agriculture committee of the Martin County Chamber of Commerce. James Eiland is chamber president.

Census Takers Begin Work In County

Field work in the 1959 Census of Agriculture got underway locally on Wednesday, November 18 when a force of census takers began visiting Martin County farms.

Workers will visit every farm in the county. Field Director James W. Stroud of the Census Bureau's regional office at Dallas said.

Farm census questionnaires have been mailed to all farm operators. The census takers will visit all local farms to collect the questionnaires and, if necessary, assist the farmer in filling out the report form.

Philosopher Finds New Financial Idea In Castro's Method Of Buying Land, Cattle

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw discusses a big Cuban cattle deal this week.

Dear editor:
While I don't own any cattle in Cuba, a head or two of my livestock have been known to turn up on, while not exactly foreign soil, at least on soil not my own, as my neighbors have been quick to point out, still I have been very interested in what Dictator Fidel Castro has been doing to some American cattle he found over there. As I understand it, some Americans own a big ranch and about 7,000 head of cattle in Cuba, and Senor Castro, now that he has won his revolution and discovered keeping it won takes a lot more money than mountain fighting did, has decided to appropriate the ranch. Well, maybe appropriate isn't the right word. He's paying for the land and cattle, but not in cash, in bonds, the land to be paid off in the next 20 years, the cattle in the next 5, provided the Castro government survives. I don't think the Americans

who owned the ranch will like this; in the first place they probably weren't interested in selling at this time and in the second place if they had to sell nothing beats cash and probably a lot of things beat Castro bonds, but Senor Castro's idea has great possibilities for this country.

For example, Senor Castro himself was in Washington not too long ago and he wasn't there for the social season. What Washington ought to do is tell him it has finally decided to make him a loan, but in lieu of cash we're sending over a large stack of Civil War Confederate currency. When that runs out, we'll send over a large stack of Russian bonds we've been holding for 30 or 40 years. If that isn't enough, I'm sure we have a good many old World War I notes put up by a wide assortment of European countries, and he can take his pick. Stuck away in the inactive files, Washington must have enough old notes to keep Castro in television time for years to come, if he can get the stations to accept them. If Washington runs out of old notes, I imagine private banks all over the country, including those around here, could dig up a few. Whose, I won't say. Yours faithfully,
J. A.

Tarzan 4-H Club Met In Robertson Home

"Money Management" was the topic of study at a meeting of the Tarzan Do and Learn 4-H Club Wednesday, November 11 at the home of Mrs. O. Robertson. Present were Sandra Pugh, Mary Eribyla, Carol Ann Pribylo, Marva Cox, Carolyn Nichols, Dena Robertson, Anita Woody, Lou Wanda Pierce, Mrs. Robertson and one new member, Janelle Tate. Mr. and Mrs. Jiggs Hall and children and Mr. and Mrs. J. D. Renfro were in Odessa Sunday to attend the Ice Capades. Mrs. James Bullard and Tommy, Mr. and Mrs. Jim Franklin and children and Mrs. Bob Thrallkill and Pat were in Odessa Sunday to attend the Ice Capades.

Baptist Choirs To Hold Dinner

Members of the choirs of the First Baptist Church will be entertained with a dinner at 7:30 p. m. Thursday at the church. Attending will be members of the junior choir, adult choir and young people's choir. Those who attend are to bring dishes of food. The program will include songs and games. Mr. and Mrs. Dick Thrallkill and Karen of Gravette, Arkansas, visited over the weekend with Mr. and Mrs. Bob Thrallkill and daughters. Donald Avery and Shirley Chesser were in Stinnett Friday.

WEST TEXAS PRESS COMMENTS

Questionnaires for the 1959 Census of Agriculture have been mailed and are now in the hands of local farmers. Field Director James W. Strour of the Census Bureau's regional office at Dallas, has announced. The advance mailing is for the purpose of giving farm operators time to consult their records before filling in the answers required by the questionnaires and getting them ready for the census takers to pick up. This procedure is designed to insure greater accuracy of reporting and to save time both for the farmer and the census taker when the latter calls at the farm. The questionnaire is designed to provide information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment, selected farm expenditures, farm values, and mortgage debt.

Strict compliance with the law requiring vehicles to stop before passing a halted school bus, has been urged by Captain E. I. Posey of the Texas Highway Patrol, Lubbock. He said: "An unusually toll of casualties in school bus accidents since schools opened this fall should serve as a challenge to all motorists to save their children from death and injuries, simply by obeying the law." The school bus law is very simple and specific. It requires vehicles from either direction to come to a complete stop before passing a school bus which is discharging or taking on passengers. After stopping you may proceed around the bus at a speed not to exceed 10 miles an hour. The law carries penalties up to \$200 fine for violation, but he added: "The real penalty lies in the possibility of killing or injuring a small child." Perhaps it would be well for every driver to think about every school bus he approaches as if it were

carrying one of his own children. In Howard County, adjoining Martin County on the east, several skunks have been killed. They were found to have rabies. The close proximity of the infected county there could be some rabid skunks in this county. The report from Howard County is ample warning to the people of Martin County to run no chances, kill every skunk they see. Other counties report rabid fox. Destroy these animals if one is seen. As a means of serving more people in Young County the two local extension agents, Thurman Kennedy and Mrs. Josephine Childress, have provided homemade bulletin boards. These will be placed at various places throughout the county. The bulletin racks were provided by the commissioners court of Young County.

K. F. Campbell recently installed about 6,000 feet of asbestos cement pipe as laterals for two sprinkler irrigation systems in his ranch near Tarzan. Campbell is participating in the Great Plains Conservation Program and will receive cost share assistance on this work. Campbell also did some brush control work this year by spraying with chemicals and by root plowing, and range reseeding on some of his rangeland and terracing on cropland. Campbell is practicing deferred grazing and proper use on his ranch.

"All the soil conservation science in the world isn't going to be of any practical benefit unless it is made available to the farmers and is applied to the land."
Dr. M. L. Nichols

Clyde Nichols, who farms on A. E. Pittman's farm near Tarzan, plans to install underground concrete lines for his irrigation system this year.

Marvin Graham has received a Nazi soldier's arm band worn on his uniform with swastika insignia on it. It was sent by S/Sgt. Kenneth Casey, son of Mrs. Bill Wilson. He is serving with Gen. Patton's Army. Capt. Paul Martin of Camp Barkley spent the weekend visiting his brother, Hubert Martin in Stanton. Bob Schell is here from Denver, Colo., visiting his daughter, Mrs. Chester Blackford and Mr. Blackford and looking after his farming interests. Mercury slipped to 40 degrees and rain is falling today. The

pretty weather that prevailed up to now for harvest of cotton crop is forced to take a back seat. Mrs. Coats Bentley of Breckenridge is here visiting with Mr. and Mrs. T. E. Bentley, parents of Coats. He is serving with a hospital corps in England. At the close of Northwest Conference held in Sweetwater Sunday, Rev. Noel Bryant was appointed pastor of the Methodist Church here. He came to Stanton from Coahoma to fill the unexpired term of Rev. Wayne W. Cook, who resigned to enter the Army as chaplain.

Frost Hits Vegetables, Field Work

An early frost damaged tender vegetables in South Texas and hampered field activities, the U. S. Department of Agriculture said in its weekly crop report.

The report said livestock and cotton suffered along with the commercial vegetables from the frost which was three weeks early in South Central Texas and six weeks early for South Texas.

Considerable shrinkage was reported among unprotected livestock but the animals should recover quickly on abundant feed when temperatures moderate.

Harvest of hardy vegetables, cabbage, spinach, cauliflower and broccoli resumed.

Cold damp weather slowed harvest last week and gave gins a chance to work down long lines of loaded trailers waiting in gin yards. Peanut harvest was slowed and low temperatures damaged some of the crop. Harvest, however, is about three-fourths complete.

Mr. and Mrs. Jarrell Barbee and children of Coahoma visited Friday with her parents, Mr. and Mrs. Jess Burns, and attended homecoming at Stanton Schools.

Betty Smith, who attends Hardin - Simmons University, Abilene, visited over the weekend with her parents, Mr. and Mrs. Woody Smith, and attended homecoming at Stanton Schools.

Mr. and Mrs. Ladd Laws and daughter of Hobbs, N. M. visited over the weekend with Mrs. Margaret Laws and Sammie Laws.

Bible Comment

Witnessing Is Mark Of Christianity

The Christian church had its beginning following the work of Christ, in witnessing; and its continuance and strength through the centuries has been in witnessing. The simple process of telling to others the good news that one has heard, and of witnessing to the experience that one has undergone, has been at the heart of all Christian progress. When Christians cease to be witnesses, and the church ceases to be a witnessing church, pretension has taken the place of reality. The spirit of Christ is not there. "Ye shall be witnesses," said Jesus (Acts 1:10); and the Apostles became witnesses indeed. One can hardly overestimate, too, the transformation that

took place in the Apostles themselves. It was not simply that they became humble, and unselfish, and filled with the spirit of service, where formerly they had been self-seeking and jealous of power for themselves. It was that they became men of power, but what a different sort of power it was. "Ye shall receive power," said Jesus, "after that the Holy Ghost is come upon you." With what completeness a few men of everyday pursuits became transformed into leaders and world-builders of faith, the world has long been witnessing. The apostolic achievement goes on and is repeated wherever and whenever the apostolic conditions are fulfilled. We witness. Jesus leads.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars... and what they want most in their 1960 cars. Here's what the people tell us they want... and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort, and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid thunk of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"We for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: value. Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came...

Braceros Disappear And Strippers Are Moving In

Braceros are rapidly vanishing from the cotton fields of West Texas counties and more and more mechanical stripping machines are taking the places. An average of 85 per cent of the 1959 crop has already been ginned in most of the area, according to surveys of the Texas Employment Commission.

Howard County gins have processed 29,923 of an estimated 32,000 bale crop—84 per cent of the total. Glasscock County, where the estimated total crop was cut last week has been raised again to 10,500 bales. A total of 8,797 bales have been ginned. Martin County, with an estimated

crop of 65,000 bales, has 81 per cent of its crop in storage. The gins have handled \$2,638 bales so far this season.

The next two weeks, according to the TEC, weather permitting, will see the end of the cotton harvest. Strippers are in many fields and more will be showing in Howard, Glasscock and Martin counties in the next few days.

Dawson County has ginned 138,401 bales of an estimated 145,000 bale crop and is within 5 per cent of having its crop finished. No figures were available from Borden County but it was said the cotton is nearly all ginned in that county. Gaines

County was estimated to be at least 85 per cent complete with perhaps 75,000 bales ginned. Strippers are moving in.

Nolan County is 72 per cent complete with 9,678 bales reported. Forty strippers are now in the county. Mitchell County has ginned 16,140 bales. Forty strippers are operating in that county.

Scurry County has more strippers on hand—50—than any other county in the area. It has ginned 18,796 bales. This is 63 per cent of the crop. Fisher County has ginned 22,084 bales. Five strippers are on the job so far and others are expected.

The Flower Garden

Cold winter prevents the gardener from having flowers in his yard, but you can have lovely blooms in your home.

Now is the time to pot up some fancy amaryllis and caladium bulbs in light rich soil with a spoon of bone meal in each pot.

Paper white narcissus and Dutch hyacinth will make a welcome addition to any indoor garden when placed in water and pebbles and kept in a dark place in the house until well rooted and then placed in a sunny window or on a table to display their lovely blooms.

This year why not try an African violet or one of the new miniature roses? They can provide your home with blooms all winter when purchased as mature plants.

Culture instruction are usually sent with these plants.

Buffaloes Experience Best Football Season In Years

Eight victories in ten games isn't a bad record any way you look at it.

Stanton's Buffaloes posted that record in 1959, and so did Roscoe's Plowboys. But the Plowboys go on to greater things while Harlin Dauphin and his Stanton athletes turn to thoughts of a promising basketball season.

Roscoe, District 6-A champ with a 4-0 loop record, goes to Lamesa for a 7:30 p. m. Saturday meeting with Sundown in a bi-district tilt.

Stanton finished the year by whipping Coahoma, 46-20, to take third in the district behind

Roscoe and Rotan. Tommy Newman scored four touchdowns for the Buffs, while Buzzy Brewer capped off a fine year by marking twice to give himself 114 points for the year on 17 TDs and six conversions.

Out of the current patients 53 per cent are men and 47 per cent are women. Dr. Marcum concluded by saying that early diagnosis can save between 60 to 80 percent of persons who have cancer and that there are 800,000 persons living who have been cured of cancer.

Grover Springer, president, was in charge of the meeting. The invocation was given by Rev. W. H. Kirby. Mrs. Dwan Henson, 1959 Crusade Chairman, reported that \$1,324.18 was raised in Martin County for the 1959 crusade. She also gave the nominating committee's report.

It was decided for the group to meet on the first Monday night of alternate months beginning January 4, 1960.

Elmo Osbourne, who is with the district office in Midland, showed a film on cancer statistics and then introduced the speaker.

All citizens have been urged to attend the meetings of the unit.

Snooter Knows

(Continued from page 1) A new trespass law became effective in Texas, October 14, making it illegal for any person to hunt, fish, or camp on the enclosed property of another person without the consent of the owner or other person in authority.

The law covered in HB 35, provides penalties of up to 30 days in jail and a \$500 fine and forfeiture of hunting or fishing licenses for a period of three years upon conviction.

The new law is enforceable by any peace officer, and arrests may be made without a warrant. A BIG HUSKY LAD FROM THE Cumberland Mountains of East Tennessee enlisted in the service of the Army in World War I. The lad was Alvin C. York. His marksmanship piercing the eye of a squirrel with a rifle bullet, so it is said, stood him in good stead while carrying out his duties serving Uncle Sam. Single handedly, York killed 25 Germans and captured 132 more. Performance of this feat spread to all corners of the world.

In recognition of this gallantry during the heat of World War I conflict, the European Countries and the United States, awarded York the highest honor for bravery.

York has spent the past five years bedfast, following a paralytic stroke. Framed photographs covered the walls of York's bedroom. Captions read: "Sgt. York gets Croix de Guerre from France," "Sgt. York gets Medal of Honor from Congress," "Sgt. York gets Croix de Guerre from Italy."

Mrs. York, his wife, serves him meals in bed. She is the girlhood sweetheart of York's. Referring to the Germans he killed and captured, York said: "It's pretty good isn't it, to come through all that and then be captured by someone like her?"

Among the several rifles at the foot of his bed, is the squirrel gun with which he learned to shoot, and the Army Springfield rifle with which he picked off a charging squad of Germans.

York has a 368-acre farm he calls a place to live and receive the many visitors who stop to chat. His only source of income is \$60-a-month disability pension plus an additional \$10 as a Medal of Honor winner.

Speaking of his five years' confinement in bed, York said: "But if a fellow's able to kick, I guess he should not holler."

HOSTED BY CECIL BRIDGES, local manager of the Texas Electric Service Company, the writer attended the 1959 annual dinner, honoring members of the Quarter Century Club of the company held at Odessa Thursday night of last week. Two other occupants of the automobile of which Bridges was the driver on our journey to and from Odessa, were Mrs. Cecil Bridges and Sammye Laws, efficient clerk in the office of Texas Electric, here.

The dinner was held in the spacious building of the American Legion Hall. It was estimated between 600 and 700 people were seated at the table devouring the delicious food set before them. Majority of the guests were employees of the company located in the district.

There were 12 members of the TESCO Quarter Century Club.

Census - - -

(Continued from page 1) ture is the 17th in a series of nation-wide farm canvases, the first of which was conducted in 1840.

The Census of Agriculture is taken at five-year intervals to provide up-to-date statistical information about the nearly five million farms which supply food and raw materials for manufacture of goods used by the people of the United States, now numbering about 178 million. The current census will yield information on the number and size of farms, acreage and harvest of crops, livestock production and inventories, selected farm facilities and equipment and selected farm expenditures.

The field director emphasized that all information about individuals and their farm operations furnished to the Census Bureau is held in absolute confidence under Federal law. It is used only to provide summary figures such as totals, averages, and percentages. The information on an individual report cannot be furnished to any one other than sworn Census employees and thus cannot be used for investigation, taxation, or regulation.

Mr. and Mrs. Bonnie White were in Lubbock Monday.

Arrington remained with Chief Waits after reaching the local hospital until he passed away at 3:10 p. m.

The deceased police chief was born July 3, 1913, in Texas. He is survived by his wife, Pauline; three daughters, Cheryl Ann and Theresa Dienna of Stanton, and Mrs. Annetta Hopper of Big Spring; one son, Jimmy Leon, who is with the U. S. Army in Germany; his mother, Mrs. May Waits of Shamrock; a brother, Gene Waits of Shamrock; two sisters, Mrs. Pearl Southern and Mrs. May Henry of Shamrock; and one grandchild.

Funeral arrangements at press time Wednesday were pending. Burial will be at Trinity Memorial Park, Big Spring, and the body will lie in state at Arrington Funeral Home until the funeral hour.

Mrs. Dwan Henson and children spent the weekend in Midland visiting with her parents, Mr. and Mrs. Roy Polk.

Eastern Star Plans Party

Plans for a Christmas party were made at a meeting of the Order of Eastern Star Tuesday evening, November 3 at the Masonic Hall.

The party will be held December 1 at the hall. Each member will bring a gift to exchange.

Mrs. Doris Stephenson, worthy matron, was in charge of the meeting. Refreshments were served after the meeting.

Former - - -

(Continued from page 1) by the high school band under the direction of Jack Gray, director.

The program was closed with the school song and several yells led by the pep squad leaders.

Dr. Reed, who was introduced by Hall, compared the present school to what it was when he attended school in Stanton. He complimented the school students on their fine school spirit and said that loyalty, spirit and cooperation in athletics as well as other phases of school life are important.

About 150 persons were present for the dinner which began at 6 p. m. in the high school cafeteria.

A highlight of the half-time performance at the football game was the crowning of Donna Swanson as football sweetheart. Other candidates were Cheryl McArthur and Joetta Franklin.

Also during the half-time performance Mr. and Mrs. W. A. Kaderli were recognized as the oldest married couple now residing in Martin County who attended Stanton Schools. Their children also graduated from Stanton Schools.

A "This Is Your Life" theme, and a "Sweetheart" theme were featured in the half-time performance.

BRUCE FRAZIER IN FRONT OF HOME . . . His flag draws visitors.

OIL RIG LOOMS . . . A few miles from historic spring.

Flag Waves, Oil Plays Near Mustang Spring

By FRANK DAVIS

Oil rigs in the vicinity of historic Mustang Spring in Martin County seem as incongruous as a flag flying at an out-of-the-way ranch house.

Drive out Farm Road 1208 in this predominately agricultural area and likely you can see both, and the flag may not be American but Confederate.

Stop at the white frame home of Bruce Frazier, owner of Mustang Ranch, and conversation may skip from producing oil sands in the Howard field to owls that committed hari-kari in his overhead water storage tank.

The 71-year-old man you are talking to is one of the pioneers in oil development in the vast Permian Basin.

He bought the Mustang Spring section in 1943. The spring was running then, and ducks and geese stopped there on their migratory travels. He stocked the pond, which had been described

as early as 1849, with fish.

A 1911 graduate of Texas A&M Frazier had moved to Big Spring in 1927 from Electra in Wichita County, where he had served as deputy supervisor of the Oil and Gas Division of the Texas Railroad Commission.

Tried Oil Drilling

At Big Spring, he formed a drilling company with two other men. The company punched three wildcats—all dusters.

Their first attempt in Archer County was abandoned at a total depth of 2,020. Later, in 1938, a major oil company reentered the hole and brought in a 7,000-barrel oil well from a depth of 3,700.

Frazier remains unimpressed by such a turn of fate. "We didn't have the equipment to get deeper," he remarked.

One of Frazier's ventures relating to the oil industry, however, will stand, possibly for a long, long time. He and a partner,

the late George Clayton Stewart, founded the Howard County town of Forsan in 1948.

The town was so named after the four producing oil sands in the nearby Howard field. Forsan, although a small community, now has approximately 1,000 students in its school.

In 1934, Frazier became the first secretary-treasurer of the Midland Production Credit Association, now Western Production Credit, with offices in Stanton. It was not until 1946 that Frazier and his wife moved to Mustang Ranch.

They were on the scene in 1931 when Tidewater Oil Company brought in E. B. Dickenson No. 1 a few miles from Mustang Spring. Although the first producing oil well in Martin County had been completed in 1945 on the Mabee ranch near the Martin-Andrews County line, Martin County was not considered a source of deep petroleum until 1950.

That year, Texaco, Inc.'s No. 1-X University opened the Block 7 (Ellenburger) field, now abandoned. The following year, E. B. Dickenson No. 1 struck pay from the upper and lower Spraberry and was deepened to a total depth of 12,140 for production from the Ellenburger.

The well was abandoned in 1952, but this year the area again became an oil "hot spot," with rigs running to the north and west of the E. B. Dickenson well.

Frazier's respect for the flag originated with his mother, who always observed flag courtesies at their home in Belton.

His mother's flag was brought to Mustang Ranch, and until this year, Frazier unfurled the flag from its short staff on suit-

able occasions. This year, he put up a flag pole in the front yard, and periodically he has been running up either the American, Texas or Confederate flag.

"When I don't like what they're doing in Washington, I run up the Confederate flag," he said.

Flag At Half Mast

Recently, Frazier flew the American flag at half mast for four days to mourn the death of Gen. George Marshall, whom he greatly admired. Frazier had served during World War I in Europe as an artillery brigade communications officer under Brig. Gen. F. C. Marshall, a relative of the future secretary of Defense and Army chief of staff.

Another passing Frazier mourns and which he thinks deserves dramatic note is Mustang Spring. Increased demand for subsurface water caused the spring to go dry in the early 1950's.

Frazier says the last inhabitants, a pair of owls, protested the event by taking their own lives. For unsympathetic persons who think this is nonsense, Frazier admits the owls probably flew into the tank for a drink of water, got their wings wet and drowned.

Frazier has two children. His son, James Bruce Frazier, a 1946 graduate of Texas A&M, teaches agriculture at Howard County Junior College in Big Spring. A daughter lives in New York City.

"IT'S CERTAINLY THE MOST BEAUTIFUL CAR OF ITS SIZE!"

"AND IT'S THE EASIEST CAR IN THE WORLD TO OWN!"

FALCON, the New-size Ford, delivers the value and cuts the budget!

Handling that's really a breeze. The Falcon parks and turns on a dime. You'll be able to steer with power steering ease . . . without power steering. You'll be able to stop as though you had power brakes . . . without power brakes.

Room for six—and all their luggage. There's hip, shoulder, knee, and head room galore! Both two- and four-door models are a cinch to enter. Then, thanks to the Falcon's front-mounted engine, there's luggage space aplenty for everyone.

Up to 30 MPG on regular gas, too. And the Falcon's new Six actually crossed the country without any oil added. Speaking of thrift, the Falcon's finish never needs wax. Its aluminum muffler normally lasts up to twice as long.

Sweet performance from Ford's most modern Six. You'll have to feel the pickup and responsive power to believe it! And each Falcon Six is electronically balanced, while running under its own power, for top smoothness.

New luxury interiors. You'd expect to find these materials in cars costing twice the money. Seats are chair high. The front seat cushion is foam padded. And the Falcon rides smooth as silk . . . corners on rails.

Proved over 3,000,000 miles. To top off 3 years of testing, a fleet of Falcons has just been proved over every mile of numbered Federal highway. It's the world's most experienced new car.

STATE CAPITAL Highlights AND Sidelights
by Vern Sanford
TEXAS PRESS ASSOCIATION

Sometimes the law enforcement officer has the feeling of being alone. This statement was made by Abilene Police Chief Warren Dodson at the Texas Law Enforcement Foundation's banquet in Austin. It pinpoints one of the reasons for TLEF's existence — to effect a better partnership between the public and the law enforcement agencies. Public sympathy, it seems, is inclined to go out to the criminal, putting him in the role of "underdog," the hapless victim of hard-hearted policemen and prosecuting attorneys. "Texas Legislature has a poor record for crime fighting," Gov. Price Daniel charged at the meeting. "Of 27 law enforcement bills proposed last session, only three were passed — and these were partially crippled." Governor Daniel warned that crime is increasing three times as fast as the population, and it is the state's most serious social problem. During the first six months of this year, lawlessness flourished at the rate of three murders, three rapes and 125 burglaries each day. TLEF is a privately financed organization of outstanding citizens from over the state. ALL THE WAY FOR LBJ — Governor Daniel announced he will support Sen. Lyndon B. Johnson, not only for the presidential nomination, but for chairman of the Texas delegation to the Los Angeles national convention. Senator Johnson and former Gov. Allan Shivers fell out over who should be state delegation chairman in 1958. Johnson won. Daniel says he wants Johnson to be chairman, but that he (Daniel) will take an active role in working for the senator here and in other states. SAVE THE SEED — State Board of Education has gone on record as being unanimously opposed to spending anything but the income from the \$400,000,000 Permanent School Fund. Fund has been built up over the years, principally through sales of mineral rights on the school lands. It has been invested in government and municipal bonds which have an income of about \$12,500,000 per year. This investment income is used for school operating expenses. It is dipping into the principal — the \$400,000,000 — that the Board opposes. Board resolution compared the school trust fund to seed corn which "our forefathers saved to plant instead of grinding it for use as food." There has been some talk of tapping the permanent fund to meet current demands for a teacher pay raise. Board of Education approved the holding of a county-wide election to see if Cooke County residents would be willing to support a junior college at Gainesville. A study of the feasibility of establishing a junior college in Midland also was approved. Textbooks in seven subjects were adopted by the Board, including, for the first time, journalism books. RULE HITS 'CORPORATE OPTOMETRY' — Within the next few weeks Texas optometrists will vote on a proposed new rule prohibiting practice under any name except the name under which the optometrist is licensed. Before polling the optometrists, the Board of Examiners in Optometry got a ruling from Attorney General Will Wilson stating that the regulation would be legal and valid. While the board is not bound by the results of the balloting, it was predicted that a favorable response would almost certainly result in adoption of the rule. This, because there are hundreds of individuals engaged in optometry as compared with firms so engaged. If adopted, the rule would prohibit practice "under an assumed name, corporate name, trade name or any name other than the name under which the optometrist is licensed." This would mean the end of such firms as Texas State Optical, and Lee Optical, where glasses are available at considerable savings to the general public. HOSPITAL PROBLEMS STUDIED — State Hospital Board has under way studies aimed at three of its current problems. One is to find a way, other than providing expensive mental hospital facilities, to care for some 2,700 patients whose only ailment at present is old age. Two plans are being considered. One is state assistance toward the cost of caring for the oldsters in private nursing homes. Other is providing for state nursing homes. Under law, the state is not responsible for giving institutional care for the aged. But these patients were all admitted on court order as mental cases. Now they're too infirm to be "turned out." Another problem under study is that of tuberculosis patients who go "awol" from TB hospitals before they are completely cured. Danger is not only that they will relapse, but that they will infect healthy outsiders. Third matter under study is the facilities needed for present and future care of mentally retarded children under school age. CARR APPOINTS — Named by Speaker Waggoner Carr to the Joint Educational Standards Commission were Reps. C. T. Matthew of Yoakum, Leon Thurman of Anson and Maurice S. Pipkin of Brownsville. Commission is to search for ways to cut school costs without sacrificing necessities. Reps. Louis Anderson of Midland and W. C. Pearcey of Temple have been selected by Carr to serve on a committee to study the state fiscal system. Four big city solons will serve on a committee to study the possibility of merging some functions city and county government. They are Reps. Raymond D. Russell of San Antonio, Warren C. Cowen of Ft. Worth and Ben Atwell of Dallas County.

Miss Butchee, W. L. Grigg Are Wed In Ackerly Church Saturday

A wedding service, read just about dusk in the Ackerly Baptist Church Saturday, united in marriage Penny Beth Butchee and Wilbur Leo Grigg. Parents of the couple are Mr. and Mrs. J. G. Butchee and Mr. and Mrs. C. C. Grigg, all of Ackerly. The Rev. Gary Martin, pastor of the Pleasant Ridge Baptist Church, Lubbock, read the double ring ceremony in front of an arch of greenery, showered with white chrysanthemums. Baskets of white mums flanked the arch. The bridal aisle was marked by cathedral tapers in candelabra entwined with the white mums and satin bows. Nuptial music, played by Dorothy Williams, pianist, included The Lord's Prayer, Bells of St. Mary's and the traditional wedding marches. Miss Williams accompanied Bessie Smart and Margaret Seary, who sang Very Special Love and Wonderful One. As the bride stood at the head of the aisle, she repeated the 16th and 17th verses from the book of Ruth, as the pianist played the selection, Whither Thou Goest. White bridal satin made the gown of the bride, who was given in marriage by her father. Re-embroidered lace marked the neckline of the dress and extended into a floor-length panel in front. In the back, gathered lace, attached at the shoulders, ended at a bustle of organza puffs, reaching the front panel. From the bustle, pleated satin swept into a chapel train. Seed pearls and silver beads enhanced the lace. Attached to a tiara of seed pearls was a circular veil of illusion, and the bride carried an orchid in a bed of roses and stephanotis on a white Bible. Ann Rogers of Lamesa was maid of honor, while bridesmaids were Mary Beth Butchee of Fort Worth, a cousin of the bride; Joyce Franks and Gordine Froman, both of Ackerly, and Judy Shoultz of Midland. Attendants were gowned in velveteen off-shoulder frocks with bell sleeves lined with matching satin. Roses of the satin were repeated at the top of the sleeves. Bow belts and hats with mitts of the same material as the dresses completed the ensembles. Miss Rogers wore cinnamon velveteen and the bridesmaids were in frosted orange. All carried colonial bouquets of single bronze chrysanthemums. Flower girl, Debbie Grigg of Big Spring, a niece of the bridegroom, was dressed identically to the other attendants in beige velveteen and she carried a basket of satin and illusion holding white rose petals. Reggie Hambrick of Ackerly was a page boy. Ancel Harry served as best man; groomsmen were the bridegroom's brothers, Bill of Big Spring; Pete of Midland, Dab and Buster, both of Ackerly. Ushers, who also served as candle lighters, were Don Shortes, of Ackerly; Jerry Kilgore of Lingville; Larry Taylor of Tazan. During the reception, held at the church, the couple's parents and the attendants assisted in greeting guests. In the house party were Joy Barkowsky, Billie Foster, Sue and Joyce Grigg. A three-tiered cake was topped with a bridal pair between two wedding bells and was placed on an organdy-covered table. Flowers of the feminine attendants served as a centerpiece. When the couple left for a wedding trip to Rudoso, N. M., the bride was attired in a brown tweed suit with collar of orange velveteen. Her accessories were beige, and she pinned the orchid from her bridal bouquet to her jacket. When the Griggs return from the trip, they will be at home in Ackerly. The bride is a senior in Sands High School; the bridegroom is a graduate of Ackerly High School. Guests attended the wedding from Fort Worth, Abilene, Midland and Lovington, N. M. Supper was served buffet style in the home of the Butchees following the rehearsal Friday evening. A handmade lace cloth covered the table, where brown and yellow were used in a centerpiece. Gifts were presented by the couple to their attendants.

**Rural Carriers
To Distribute
Survey Cards**

Rural carriers will begin distributing Livestock Survey cards on November 19, Postmaster Leta B. Eidson said this week.

Mrs. Oma H. Saunders, Route One, and Mrs. D. H. Rogers, Star Route, will be leaving cards with farmers and stockmen along their routes.

Patrons receiving livestock cards are requested to complete and return them to their mail box. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating numbers of cattle, hogs, sheep and chickens on Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Services releases, newspapers, radio and television.

This annual survey has been a joint undertaking of the post office and the Department of Agriculture since 1924, concluded Mrs. Eidson.

Rev. and Mrs. J. R. Murdock visited recently in Midland with Mr. and Mrs. Johnny Murdock and family.

1959 Cotton Yield Second Biggest In Area's History

Quality statistics on what will probably be the second largest cotton crop in history as produced on the Texas High Plains — estimated at 1,828,000 bales — have been announced by George W. Pfeiffenberger, executive vice president of the Plains Cotton Growers, Inc. They show data better than the 1957 crop but slightly below that of the 1958 crop.

Average staple length of the 1959 crop thus far — represents 550,000 bales, is 31-32 inch. White cotton accounted for 66 per cent with about 53 per cent Middling White and above. Light spots totaled 30 per cent with some 28 per cent being Middling Light Spot and above. Full spots totaled only about 1 per cent. Some 32 per cent of the crop is measuring one inch and longer and only 11 per cent falls below 15-16 inch. Micronaire

average is 3.9 with 79 per cent above the tenderable limit of 3.5. Fiber strength averaged 74,000 pounds with some 43 per cent testing about 75,000 pounds. On Nov. 10 approximately 785,000 bales had been ginned and classed in the 23 High Plains counties, according to figures from the U. S. Department of Agriculture cotton classing office at Lubbock. New estimates are for 1,828,000 bales.
