

A&M Service Names Defense Specialist

Tommy Hollmig, Tarrant County assistant county agent since 1960, on February 16 will be transferred to the headquarters staff as a specialist in rural civil defense.

In making the announcement Extension Director John E. Hutchison, said Hollmig would work under the supervision of Associate Director J. D. Prewit who has been given the responsibility for the overall direction of Extension's activities in the field of rural civil defense in Texas.

Hollmig will work with state and county extension personnel, civil defense agencies and others in planning and conducting an educational program in this vitally important field, the director said. It will include information on fallout shelters, fallout related problems, stocking shelters, organizing for survival and many other subjects related to living in the nuclear age.

Hutchison said a federal appropriation has made possible the employment of a specialist in rural civil defense.

Hollmig is a native of Medina County; a graduate of Texas A&M College and was first employed by the service as a junior assistant extension agent. He served in this capacity in Webb, Medina, Crockett and Kaufman counties before entering the U. S. Army in 1956. He was discharged in 1958 as a First Lt. in the standby reserves. He was named assistant county agent for Kaufman County in 1959 and was transferred to Tarrant County in 1960.

His work with Tarrant County 4-H Club members has been outstanding and many of the clubs have conducted active programs in farm and home safety including work in rural civil defense.

ALAMO, Texas, News: "A federal agency contemplates making a survey to determine how Americans spend their money." — Press report. Such a survey would most likely show that some 85 per cent of the money spent goes to support federal agencies which go around making surveys."

Talent Club Plans For '63 Announced

Top Texas 4-H Club members, since 1942, have eagerly sought membership in the Talent Club. During this period, more than 300 have been initiated into this unique club which is sponsored by the Producers Grain Corporation in cooperation with the Texas Agricultural Extension Service.

Plans for the 1963 program have been announced by Charles K. Baker, extension economist in farm organization. They include the selection of an outstanding boy and girl from each of the eight districts of the sponsoring organization; initiation into the Talent Club and an eight-day educational tour of Texas for the group. The Texans will be joined in Amarillo in August by two winners each from Oklahoma, Kansas and New Mexico and two Texas extension agents who will serve as chaperons for the tour.

Throughout the history of the Talent Club, its objectives have been to recognize the outstanding work being done by 4-H members and to interest this group of young agricultural leaders in cooperative activities. J. Frank Triplett, longtime official in the sponsoring organization, originated the idea for the Talent Club.

Baker said that county extension agents have all details on the program and reminded 4-H members to check with them on how and when to submit records for participation in the program. He added that this year's all-expense tour will include visits to educational, historic and cultural centers in Texas, the state capitol, farm cooperatives and recreation spots. Travel will be by chartered bus.

Leesburg, Fla., Commercial: "Americans are maturing in the machine age. They are learning to discriminate and to demand quality as well as quantity. The wise manufacturer knows this. And he knows that to achieve quality he must instill a sense of pride and self-satisfaction in his workers, even if many jobs involve only tightening the same bolt on the same part all day."

Feds Call For Tax Account Numbers

Taxpayers were reminded today by District Internal Revenue Director Ellis Campbell that under a recent law they are required to enter their identifying "tax account" numbers on 1962 income tax returns filed in 1963.

For the individual, this is his social security number, or similar number issued for tax reporting purposes if he has never had employment under social security coverage.

Use of identifying numbers is essential to electronic processing of returns, now being installed nationwide by Internal Revenue, Mr. Campbell said. He added that failure to show account number may delay any refund due.

Taxpayers still needing an account number should apply at once to the District Director's office, or to the District Office of the Social Security Administration, or by writing to Internal Revenue Service, Post Office Box 211, Baltimore, Maryland.

Director Campbell pointed out also that payers of dividends and interest are required to obtain the account numbers of their shareholders and depositors and to use them on information documents submitted to Internal Revenue.

He said receivers of income from these sources should comply promptly when they get requests for their account numbers from the paying organization. This also is required by law, he added.

First Baptist Church To Host Six Area Churches

The First Baptist Church of Stanton will be host to six churches in this area as they come together for special study on February 18-22. There will be a good variety of studies for your selection and the best in teachers.

Churches participating in this Group Training School will be Garden City, Courtney, Lenora, Tarzan, Knott, Lakeview, and Stanton.

A contest will be held among the churches on a percentage basis. At the close of the school a young couple, from the winning church, will be crowned Mr. and Miss Group Training School.

"The Church Music Manual," will be taught by Mrs. Hock, organist at First Baptist, Stanton. Charlie Mathis, pastor at Lenora, will teach "The Baptist Faith." "The Baptist March in History" will be taught by Rev. W. H. Uhlman, pastor Stanton.

"The Christian in the Modern World" will be presented by Rev. J. Brandon, pastor at Tarzan. Courtney's pastor, J. R. Williams, will teach "A Church Revival."

A special book will be taught for the young people by Horace White-side, pastor of Bethel Baptist, Big Spring. This book is entitled, "Tomorrow You Marry."

Vernon King, pastor at Knott, will teach "It's Up To You." "Eight Steps Toward Maturity" will be presented by Mrs. J. Brandon. These two books are for Intermediates.

The Juniors will have their choice of "When I Grow Up" presented by D. D. Smith, pastor at Garden City; or "The Talking Penny," taught by Mona Epley.

For seven and eight year old primaries, Mrs. J. R. Williams will teach "The World We Live In." The six year old primaries will also be taught "The World We Live In," presented by Mrs. Robert White and Mrs. John Pinkston.

"Friends Who Help Us" will be presented to the Beginners by Mrs. Billy Louder and Veronica Sorley.

For the two and three year old nursery children, Mrs. Jay Dee House will tell them of "Good Things To Eat." Mrs. Calvin Scoggins will be in charge of the one year old toddlers. Mrs. L. Shoemaker and Mrs. C. E. Walker will handle the bed babies.

The above listed books are offered for credit in the church study course. This study is to begin each night at 7:30 and will dismiss at 8:55.

Nazarenes Nip Baptist Team

The two top teams in YMCA Church Basketball league play suffered losses in games unrec'd here Monday night.

First Baptist of Stanton was surprised by Church of the Nazarene, 41-37, while First Baptist of Big Spring lost to Temple Baptist, 28-27.

In the third game of the evening, the YMCA outlasted Westside Baptist, 47-37.

First Baptist of Big Spring still leads the standings with a 5-1 record. The win for the Nazarenes was their first in six assignments.

John Turner led the Nazarene attack, with 16 points. Kenneth Gilmore had 14 for Stanton.

A 14-point surge by Tom Enloe had a lot to do with Temple's narrow victory over First Baptist of Big Spring. Three players on the losing club wound up with six points each.

Only one point separates those clubs at the end of each period.

Robert Grant banged in 13 points for the YMCA team while Jesse McElreath kept the Westside club in contention with 17 points.

Church of Nazarene (41) DeVore, 4-2-10; Thursby, 1-1-3; Martin, 1-0-2; Bridges, 2-0-4; Mize, 3-0-6; Turner, 7-2-16. Totals 10-5-41.

First Baptist of Stanton (37) Gilmore, 6-2-14; Taylor, 2-0-4; Badgett, 2-1-5; House, 3-0-6; Hopper, 4-0-8. Totals 17-3-37.

Score by quarters:

Church of Nazarene	9	13	25	41
First Baptist Stanton	10	22	34	37
Standing	W	L		
First Bapt. of Big Spring	5	1		
First Baptist of Stanton	4	2		
Temple Baptist	4	2		
YMCA	2	4		
Westside Baptist	2	4		
Church of Nazarene	1	5		

Mr. Campbell said individual and business taxpayers particularly should carry forward to proper lines on the face of the return data from any attached schedules.

Director Campbell said it is important that returns filed this year be accurate and complete. Internal Revenue is turning to electronic computers to maintain taxpayer accounts. For this system to function beneficially for the Government and for taxpayers, manual editing of defective returns must be reduced to a minimum, he said.

Mr. Campbell also called attention to the legal requirement effective this year that taxpayers enter their tax account identifying numbers on returns. For the individual, this is his Social Security number, or a similar number assigned for tax purposes. Director Campbell said his office will supply application forms

Martin County Teachers To Attend Meet

Martin County teachers will attend a TSTA meeting Monday, February 11, at 7:30 p.m., at Grady School. The teachers will have installation of officers for 1963-64.

The program will be several vocal numbers by Mike Springer. Mike will be accompanied by Janelle Tate on the piano.

Dinner will be served to the group by the Grady cafeteria attendants.

SHS Citizens Announced By Bill Johnson

Mary Glaspie and Don D. Thompson have been chosen as Citizens of the Month of January, according to Bill Johnson, high school principal.

The Student Council is in charge of this program and the faculty selects a boy and a girl each month. This honor is based on cooperativeness, willingness to apply themselves, and dependability.

Mary is a junior in high school. She was a cheerleader for the football team, is a "A" team basketball player, and a member of the Student Council.

Don is also a junior. This is his first year at Stanton High. He is originally from Garden City. Don is coming out for basketball this season.

Stanton Wins From Lake View

The Lake View Maidens suffered their first district loss to Stanton here Monday afternoon 51-50.

Marilyn Sale scored 34 points for the winners while Norma Benson had 16 for Lake View. Zula Tomlinson had 13, Betty Watner 11 and Patsy Rabb 10.

Stanton also won the B-team contest 30-27. Tony Morgan scored 15 for Lake View while Linda Pierce notched 16 for Stanton.

for any persons still needing numbers. This also applies to business taxpayers, who must enter their Employer Identification Number on their returns.

Evangelist Talks To Lions

The Stanton Lions Club met at their regular Tuesday noon meeting at the Belvue Motel, February 5.

Rev. Ellis Todd, program chairman, introduced Hubert Carson of Pampa, who sang "McNamara's Band." Mr. Carson was accompanied by Mrs. Roy Pickett.

Rev. Todd also introduced Rev. Lyman Wood, pastor of the Pleasant Valley Methodist Church of Amarillo, who spoke to the Lions.

The students of the month, Mary Glaspie and Donnie Thompson, were introduced by Jimmy Stallings.

Twenty-three members and nine guests attended the meeting.

R. L. Gipson Died Saturday

R. L. Gipson, 76, step-father of Mrs. J. S. Morrison of Lenora, died early Saturday morning, February 2, in Fort Worth.

Funeral services were held at 2 p.m. Monday, February 4, at Min-ton's Funeral Home Chapel in Brecken-ridge with burial in the Brecken-ridge cemetery.

Mr. Gipson was survived by one other daughter, Mrs. E. M. Muncy, Savannah, Oklahoma; two sons, John W. Haggin, Fort Worth, and R. F. Haggin, Austin.

Mr. and Mrs. John F. Davis, Italy, Texas, visited with their daughter and son-in-law, Mr. and Mrs. Gary Batte, over the week end.

Official Memorandum

By
JOHN CONNALLY
Governor of Texas

AUSTIN, TEXAS

GREETINGS:

Special observance of increased emphasis on our education system has been marked annually for thirteen years by a Public Schools Week in Texas.

During this period, parents are encouraged to visit the public schools, and all citizens are urged through special programs to recognize the tremendous importance of our system of education. Our goal is to make Texas public schools the finest in the Nation, and to achieve this our citizens are urged to take an active interest in the school systems and to cooperate with their school boards, superintendents, principals and teachers.

Never before in our history has there been a greater need for educated leadership. As we rush to train young people in science and technology to keep pace with world events, it is also important to remember that our public schools will furnish our leaders tomorrow with the basic human, moral and spiritual foundation necessary for more advanced training and knowledge.

THEREFORE, I, as Governor of Texas, do hereby designate the period of March 4-8, 1963, as
PUBLIC SCHOOLS WEEK
in Texas.

In official recognition whereof, I hereby affix my signature this 21st day of January, 1963.

(SEAL)

JOHN CONNALLY
Governor of Texas

Mrs. Calvin Jones Presents Program To FHA Group

The Future Homemakers of America met January 29 during their class period. A guest, Mrs. Calvin Jones, presented the program. She showed the group her slides from Ireland and Denmark. She gave a talk on each country and explained each picture she showed.

She also told the girls about the other countries she visited and encouraged the girls to finish high school, go to college, and get a job to finance a trip some day to Europe.

Jody Towery Circle Met January 29

The Jody Towery Circle of the First Baptist Church met January 29, in the home of Mrs. Jimmy Henson. Mrs. Bob Johnson was in charge of the meeting.

Mrs. W. H. Uhlman and Mrs. Judson Nowonty gave chapters from the mission study book, "The Chains Are Strong." Mrs. Udell Morris read the calendar of prayer.

Cookies and coffee were served to one visitor, Mrs. A. C. Childs, of Lufkin, and the members: Mrs. W. H. Uhlman, Mrs. Judson Nowonty, Mrs. Udell Morris, Mrs. Bob Johnson, and the hostess, Mrs. Henson.

Homemakers' Set Election

The Future Homemaker's of America met recently during their class period at the Stanton High School. The group elected Carolyn Springer as a nominee for Area II fifth vice president. This election is to be held in March.

Carolyn presented the program, "How Values Influence Your Decisions." Following her presentation, the group discussed "Discovering Myself and My Worth to Others."

The girls divided into buzz sections. The leaders for the groups were Linda Manning, Charlottee Kuhlman, Neldia Carr, Brenda Standefer, Janis Burgess, and Connie Gillum. The girls agreed religion, our families, and education to be the most important values to them.

Car Buyers' Bulletin

What do they have to compete with our middleweight Fairlane?

not a thing!

Fairlane is in a class by itself. It gives you the winning combination of big-car room, ride, performance—yet it handles and costs more like the compacts!
Fairlane is almost 15 inches longer than the compact Chevy II. It has more leg room, front and rear!
Fairlane is a foot shorter than the big Chevy... far easier to park and handle. Yet Fairlane has more effective front leg room... practically the same head room and trunk space! And Fairlane is priced even lower than some compacts!

Girl Scout Cookie Sale Going Strong In Stanton

It's Girl Scout Cookie Time again! The twelfth annual Girl Scout Cookie Sale is being held from February 1 through February 9 by the 4,000 Brownie, Intermediate, and Senior Girl Scouts in the West Texas Girl Scout Council.

The purpose of this cookie sale—as for those in the past—is to provide capital for maintaining and developing the council's established campsite, Camp Boothe Oaks, which is 10 miles southwest of Sweetwater in Nolan County. The cookie sale is strictly a capital funds campaign—none of the proceeds are for council operational use.

Part of the profit from the 1963 Cookie Sale will be used to buy additional new tents which will replace the remainder of the old tentage in use since 1953. Other improvements to be made at Boothe Oaks this season will include a better filter system for the swimming pool and purchase of a pickup truck. Since the first council-wide cookie sale in 1952, our Girl Scouts have sold enough cookies to invest almost \$1,400.00 in Camp Boothe Oaks. This income from past cookie sales has enabled the West Texas Council to buy a forty-acre campsite; construct a swimming pool, tent platforms, and five permanent buildings; purchase tentage for the four established units; build permanent latrines and shower houses; and erect a suspension bridge over the creek which cuts through the campsite. In the past 11 years of cookie-selling, troops in the West Texas Girl Scout Council have earned \$8,562.86 for their troop treasuries—since the troop receives 3c per each box of cookies sold by troop members.

Two types of Girl Scout Cookies will be available during the 1963 Cookie Sale: they are the Chocolate Mints and Sandwich Cremes (chocolate and vanilla with filling). These cookies are baked by Weston Biscuit Company of Waco, and the cookies will again sell for 50c per box.

Counties included in the jurisdiction of the West Texas Girl Scout Council are Haskell, Stonewall, Kent, Jones, Fisher, Scurry, Borden, Dawson, Taylor, Nolan, Mitchell, How-

ard, Martin, Coke, Sterling, and Glasscock. The headquarters of the council is at 304 Mulberry Street in Abilene. The president of the Council is Mr. Johnnie Ammons of Roby, and Mrs. J. R. Howard is the Executive Director.

Blot Rust Away
It's a fact. If you line your tackle box compartments with ink blotter paper (costs very little) it will soak up the moisture left on lures and stop rust and corrosion before it starts. Check paper from time to time as it will lose its absorbency after a while.

FARM REVIEW AND FORECAST

An overflow crowd of key Texas farm and ranch leaders, meeting in Austin on January 28, enthusiastically approved the continuance of the Southwest Screwworm Eradication Program and readied plans to raise the remaining \$1 million needed to insure the continuation of the project.

C. G. Scruggs, president, Southwest Animal Health Research Foundation, got a thunderous 'yes' when he asked the group if they wanted the project continued.

Nearly 600 representatives from

over 175 Texas counties agreed to go back to the individual farmers and ranchers who helped start the program less than a year ago and ask them to raise the balance of their \$3 million goal. The group included the chairmen of county animal health committees, extension service workers, vocational agriculture teachers, and representatives of several agricultural and livestock associations.

The eradication program is in danger of being terminated because funds from livestockmen are nearly

exhausted and at least 50% of the program's cost must come from non-federal sources.

Program officials told the group that the eradication effort has been enhanced by recent cold weather which has reduced the number of screwworm infestations. A good opportunity now exists to overwhelm screwworm flies that survived the cold weather by continued release of sexually sterile flies, they said.

The difference between the price of steak and the price the producer gets for his cattle is due to marketing costs, according to a new publication of the Texas Agricultural Extension Service.

"From Steer to Steak," L-582, states that these marketing costs include all the costs of processing and distribution required to convert the live animal to the salable product. It says these costs can be divided into three groups: marketing live-stock, slaughter-wholesaling and retailing.

The costs involved in the marketing process begin when the animal is sold by the producer. The costs of transportation sale or handling of the steer must be included in these expenses, the bulletin explains.

The next phase of marketing is slaughtering the animal and wholesaling the carcass. A U. S. Choice grade animal will yield about 59 pounds of carcass beef from every 100 pounds of live weight. Thus the values of the by product and carcass determines the price that can be paid for the live animal, the publication says.

The final step in marketing beef is retailing and of the 59 pounds of carcass beef left 12 more is lost in trimming and cutting the meat into retail cuts. This leaves only 47 pounds of the original 100 pounds of live animal and this is not all steak. The retail price of this meat must be at least twice the live steer price to pay for the weight loss and doesn't include the costs involved in marketing, the bulletin says.

All steer is not steak and when marketing costs are added it is easily seen why the price we pay for steak must be considerably higher than the price the producer gets for his product, the bulletin explains.

Light work and cold weather can take a heavy toll in the form of excessive engine wear on the farm tractor, says Henry O'Neal, extension agricultural engineer. Farm tractors are designed with a large cooling capacity to prevent overheating during hot weather and under heavy loads. This capacity will prevent the tractor from reaching an optimum operating temperature in cold weather under light loads unless shutters or curtains are used over the front of the radiator, he adds.

Cylinder wear at an operating temperature of 40 degrees F. can be as much as 27 times greater than at 180 degrees F., O'Neal explains. Carbon dioxide and water, as combustion products, combine to form a corrosive acid on cylinder walls which removes the protective oil film and corrodes the cylinder walls, he says. Minimum operating temperatures of 140 degrees F. under full load and 160 degrees F. under part load are required to maintain cylinder wall temperatures high enough to prevent the condensation of water in the cylinders. When operating temperatures are kept above these levels, the water remains in a gaseous state and is expelled with the exhaust.

O'Neal also states that fuel consumption and power are affected by operating temperature. Fuel consumption decreases and horsepower increases as the operating temperature nears 180 degrees F.

The use of shutter or curtains can bring the tractor engine to its proper operating temperature quickly, and excessive wear and fuel consumption avoided, the engineer concludes.

Treasury Lists Sample Tax Returns Under Reform Plan

The Treasury released Thursday some examples of how the proposed changes in income tax rates, combined with the new floor on personal deductions, might affect the tax returns of some typical taxpayers.

Taxpayers could claim a deduction only for that portion of their combined outlays for charity, casualty losses, interest and local taxes which exceeds 5 per cent of adjusted gross income.

The tables show how this would affect the federal tax bill of a married couple with two children; the taxpayer gets all his income from wages and salaries and itemizes his deductions:

	Present Law	Proposed Program	Present Law	Proposed Program
Adjusted gross income	\$5,000	\$5,000	\$10,000	\$10,000

THE STANTON REPORTER, THURSDAY, FEB. 7, 1963—7

Stanton Remains Unbeaten

With Robert Stephenson scoring 40 points on 29 field goals, the Stanton Buffaloes maintained their undefeated record in District 7-AA in McCamey Tuesday night with a rollicking 85-42 victory over the McCamey Badgers.

The win for the Buffs was their third in as many district games and leaves them one game ahead of Sonora and Crane as the first half of the district campaign nears its conclusion.

The Bison lost little time showing that they had come to play basketball as they shot out to a 22-13 lead at the end of the first period. They

increased the bulge to 45-25 at half-time and coasted home safely.

The 40 points tallied by Stephenson is believed to be a new Stanton individual scoring record. Bud Glaspie chipped into the Stanton cause with 15 points while Billy Clary led the Badgers with 22 points.

In the preliminary game Donnie Thompson scored 17 points to lead the Stanton reserves to a lopsided 69-28 victory over the McCamey shock troops.
