City Ready To Host Festival Throng

Hundreds Expected For Event

Stanton will be mecca for hundreds of visitors Monday, May 6, when the first Spring Festival opens officially. It will also be Dollar Day in town and local merchants have gone all-out to bring the best bargains ever advertised in the local newspaper to the populace.

Farmers Coop Stockholders Slate Meeting

A special meeting of the stockholders of the Farmers Cooperative Society will be held May 10 at the Cap Rock Electric Cooperative. The meeting will begin at 7 p.m.

A barbecue supper will be served before the business meeting. The public is invited to attend the supper.

The dividend checks will be passed out at the close of the business meeting. The board of directors have declared all book credit on the 1962-63 gins season be paid at this time.

The day, Festival Day, will be devoted to the bringing together of people from all areas in the county. Sidewalk displays will be set up and bargains galore offered by merchants.

It will be sort of a one-day, downtown fair. The gaiety will be here Monday and the mood of the visitors is expected to be cut from the same pattern. Values—good values—will prevail.

The all-day festival will get started early and continue through the evening hours. A pancake supper, with the proceeds going to the Martin County Library fund will be held from 5 to 9 p.m. Some stores downtown will remain open late.

Gifts—very attractive gifts—will be awarded those who have purchased tickets to the pancake party and whose names are announced during the serving.

Be in Stanton on Monday, May 6.

Miss Judy Pinkerton To Carry Colors At C-City

Miss Judy Pinkerton, attractive daughter of Mr. and Mrs. Elmo Pinkerton, and a solid town favorite, will carry the Martin County colors into the Tumbleweed Festival to be held in Colorado City in May.

The winner of the Colorado City event will participate in the Miss Universe Contest to be held at Lake Whitney at a later date.

Friends all over the Permian Basin are applauding the nomination of the talented and staturesque Martin County beauty by the Chamber of Commerce to represent them at Colorado City.

Bob Deavenport, chairman of the

committee, said: "We know that Miss Pinkerton will do well and bring much recognition to the county."

Mauryne Varnadore, manager of the chamber, said: "Judy is a sweet girl with lots of personality and charm and she could be a sure winner for us. We are happy to have her as our representative."

Neal Estes, editor of The Stanton Reporter commented: "You could have looked a year and Judy would have been the best prospect to bring recognition to our county. We have run the gamut in these queens contests in the past—this time we have a natural—a winner."

Little League Practice Session Started Here

Practice for the Little League Baseball Teams began Wednesday, May 1, with 160 boys entered in the league.

There will be three leagues this year. The major league will be for boys 10, 11, and 12 years old. The minor league will be for boys nine, ten, and 11 years old. The Pee Wee teams are for six, seven, and eight year old boys. There will be four teams in each league.

The manager for the Blue Caps is Udell Morris. Alan Taylor will be managing the Green Caps. The Black Caps is under the direction of Bill

Gillum. Jimmy Stallings will be the manager of the Red Caps.

Team managers for the farm clubs will be announced later.

League play will begin June 3 in the new "George Shelburne" Little League Park located in the city park. Sponsors for the teams are Stallings Insurance, Thriftway Grocery, Friendly Food Grocery, E & H Pump Service, Cap Rock Electric Cooperative, Franklin Gulf, Holder Humble, Eiland Insurance, Cain Tractor and Supply, Blocker Oil, Stanton Chemical, Walgreen Drug, and Thornton Implement.

G. H. Chastain, Dies Sunday In Sweetwater

Mrs. Nelson said persons who have not donated and wish to do so may send their contribution to Box 635, Stanton, Texas.

Champion Rabbit Catcher Operating In Martin Area

Finley O. Rhodes, chairman of the Martin County Industrial Committee, has advised the editor of the presence of a champion rabbit catcher in Martin County.

The visiting trapper is Floyd S. Taylor, a resident of McClellan County. Taylor takes the jackrabbits alive — and occasionally he

snares some cottontails. He has a market for the jacks in Florida and in Maryland for the cottons.

Rhodes met Taylor when his truck broke down in Stanton. He invited Taylor to come to this area for his rabbit catches. Taylor has accepted, hunted on several ranches in the

For many years Texas Aggies kidded we Texas U. Longhorns about being teapipers. Now that women will be admitted to Aggieland as students, it would be very appropriate if the Cadet-Farmers would plan a suitable, seated tea for the ex-students of the Orange and White. Perhaps the finest comment we can make on the fact that A&M is to admit women students is that it—the decision of the board—shocked and surprised many students—but knowing and admiring the Aggies as we do, we can repeat the legend that has always characterized a good A&M man: "We've seen 'em win, we've seen 'em lose, but we've never seen 'em quit."

It was a real treat to go with our neighbor, Arthur Mexiner out to Mike Anderson's place the other evening. Arthur was working with one of Mike's horses and while he was in the saddle, Mike invited us to take a look at the interior of the very spacious and attractive Anderson home. The plan of construction is perfect. It is above all liveable, airy and there is enough room in one unit of the residence to house a small sized convention. As a matter-of-fact, several singers have gathered in the home on occasions to enjoy the evenings. Mr. and Mrs. Anderson have many beautiful antiques, but the one that caught our attention was the folding bed they own. The bed is in perfect condition. It has been well cared for and well preserved. So is a beautiful antique-type dresser in another room of the house. And Mike has an old-style telephone—crank and all. And there is an above-ground storm celler on the outside of the house. It is built into a deep concrete, foundation, is braced, sided with steel, has watertight windows and is completely furnished. Mrs. Anderson, a gracious lady, loves her flowers and she gets plenty of pleasure out of attending to them. The Mike Andersons are really and truly living the good life.

Discovery In Northwest Martin County Being Treated With Acid

By JAMES C. WATSON

Texas Crude Oil Company and Sinclair Oil & Gas Company developed a swabbing production averaging 20 barrels of oil hourly from upper Devonian perforations at 11,910-930 feet after a 500-gallon acid wash and a 5,000-gallon acid treatment, in No. 1-253 Knox, indicated discovery in Northwest Martin County.

The prospector, 12 miles north of Tarzan, now is testing lower Devonian perforations at 11,952-972 feet, which have been treated with 5,000 gallons of acid.

It is 3½ miles southeast of the Breedlove (Devonian) pool and 6,310 feet from south and 660 feet from west lines of league 253, Ward County School Land survey.

The operation drilled to total depth of 12,520 feet. It found both the Fuselman and the Ellenburger barren. The same companies have staked three offset projects to the prospective discovery. Each is contracted to 12,100 feet and is approximately 12 miles north of Tarzan.

South and 330 feet from west lines of league 253, Ward County School Land survey, and a south and slightly west offset to the No. 1-253 Knox.

No. 3-253 Knox is 4,990 feet from south and 1,950 feet from west lines of the same league and a southeast offset to the indicated discovery.

No. 1-254 Knox is 6,310 feet from south and 660 feet from east lines of league 254, Ward County School Land survey, and a direct west offset to the prospect.

It is understood that drilling will be started first at No. 1-254 Knox and operations at the two others are to follow—one at a time.

Also in Northwest Martin, Chambers & Kennedy of Midland No. Wade is making hole below 8,388 feet in shale and lime, on a 12,300-foot Devonian contract.

The location is four miles south of Patricia, 1¼ miles east of the Breedlove, North (Devonian) pool and 660 feet from south and east lines of labor 3, league 260, Borden County School Land survey.

C. W. Guthrie of Big Spring spotted locations on the outside of the two-well Zant (San Andres) pool in Northwest Glasscock County, 11 miles south and slightly east of Stanton.

Each of the operations are projected to 4,000 feet and were to be drilled one at a time.

No. 1 Harry Echols is 330 feet from north and east lines of section 34, block 36, T-2-S, T&P survey.

No. 1 John F. Priddy is 330 feet from south and east lines of section 27, block 36, T-2-S, T&P survey.

No. 3 John W. Zant is 900 feet from south and west lines of section 26, block 36, T-2-S, T&P survey.

W. A. Black & Sons of Midland will drill No. 1 L. S. McDowell, Jr., as a 3,250-foot wildcard in Northwest Glasscock County, 15 miles southeast of Garden City.

Civic Center, Courthouse Bonds Beaten In Midland

Midland voters Saturday turned thumbs down on improvements at the courthouse and a \$2.5 million civic center.

More than 66 per cent of the qualified voters in the county marked defeat by a 2 to 1 margin for the civic center. Totals showed 2,014 for the center, 4,628 against.

The margin against improvements at the courthouse was much less, 3,041 for and 3,620 against.

The courthouse expansion program, including the enlargement of the county jail, would have consisted of adding two new wings to the present structure. Cost was about \$1.1 million.

Total bond issue was \$3.6 million. The combination coliseum-auditorium would have been constructed in west Midland, on land already owned by the city.

Mrs. Barbara Culver, county judge, said, "I'm quite glad we had such a good turnout of voters. We know the people expressed their desire."

"We do have problems at the courthouse, but we'll just have to work out some solution."

Retail Sales Up Slightly For March

Texas retail sales in March rose slightly from February and totaled even with the same month last year, the University of Texas Bureau of Business Research reported Saturday.

Total estimated retail sales for March ran \$1.04 billion, almost precisely the March 1962 figure.

Sales for the first quarter ran barely ahead of the 1962 January-March period.

Spending on durable goods showed a slight decline, but this was offset by a small increase in estimated non-durable buying, the bureau reported.

The slow, but steady advance over the past quarter paralleled sales increases throughout the country.

Throughout Texas and the nation, several influences appear to be favoring the retail merchant, the bureau said.

Total unemployment reached in March its lowest point this year.

Program On Japan Given

The fourth grade of the Knott school, accompanied by its teacher, Mrs. Loyd Lie, gave a unit on "Japan," presented in Midland.

The audience was comprised of 27 teachers of a social study extension course at Sul Ross College, Alpine.

The children made the trip Tuesday night and were accompanied by Mrs. Larry Shaw, Mrs. Barney Nichols, Mrs. Charles Williams, Mrs. Vernon King and Mrs. B. J. Williams.

Bible Comment—

Positive Thinking Helps Make 'Good Life'

What is the conception of the good life, the best life of all, as we see it set forth and exemplified in the teachings and example of Jesus?

Though there are profound and striking exceptions, there have been many followers of Jesus who, inspired by Him, have lived lives of conspicuous devotion and service. In our time there have been men like Father Damien of Molokai, and Sir Wilfred Grenfell of Labrador; women like Jane Adams of Chicago.

And their name, in spite of all the shortcomings of professed Christians, has been legion; for many unknown to fame have not been unknown to God for their sincerity and goodness.

But in general the emphasis in historic Christianity and the church has been negative, rather than positive. It has been upon sins, rather than upon the great, positive expressions and acts of righteousness and truth.

If one doubts this, he need only make a wide observation of life to see how many lives of "good" men and women, well-intentioned and free from evil, are none the less inconspicuous for evidence of the "Fruit of the Spirit."

The thirteenth chapter of I Corinthians, next to the Sermon on the Mount, the greatest sermon ever written, in its simplicity, conciseness and brevity, makes plain the nature of the good life as the Apostle Paul learned it from his master.

In the positive emphasis upon the good life, such as Jesus made, there is no danger that there will be less inhibition against sin and sins.

The positive attuning of the heart to truth and righteousness is, in fact, the surest guarantee that one's life will be inwardly and outwardly correct. A world concentrating more upon righteousness and the spirit and acts of love will be, correspondingly, a world free from sin and evil.

Philosopher Hopes Rule Against Betting On Self Won't Be Applied To Farmers

(Editor's note: The Martin County Philosopher on his grass farm at Mustang Draw takes a look at gambling this week, his letter indicates.)

Dear editor:

As I understand it, some professional football players have been caught betting on football games they've played in themselves and as a result have been suspended. They can't play for at least a year, maybe longer. It's just against the rules to bet on yourself.

Now at first glance this doesn't seem too important as far as me and my Martin County grass farm are concerned, but then I got to thinking.

What if somebody in Washington for example comes out with a rule against betting on yourself in farming? There'd be more suspended farmers than you could count.

First, when a farmer starts a new year, he bets on the weather's being normal, whereas I have never seen a normal weather year over once or twice in my lifetime.

Then of course there's the matter of insects, and since there are so many millions more insects than farmers, you can see what the odds are. It almost falls to be a sporting event.

Then if you make it through the year's weather pattern and fool the insects and get a crop to market, the odds against the price being what you want it to be are so great the favorable ones come up only a time or two a decade, and it sometimes takes a war to swing that.

In fact, looking the thing over, I sometimes figure us farmers would be smarter and come out a lot better if we bet against ourselves, but it's hard to get any bets of that sort.

They can maybe enforce a rule against betting on yourself in football, but if they apply it to farming, they'll wreck it.

Yours faithfully,
J. A.

BUILDING or BUYING A NEW HOME?

YOU'LL WANT TO KNOW ABOUT THE ADVANTAGES OF A **FLAMELESS ELECTRIC WATER HEATER**

There's no better time than right now—while you're planning your new home—to discover the wonderful benefits of a flameless quick recovery electric water heater. Besides the dependable hot water supply you'll get, here are other reasons you'll be glad you chose electric:

FAST—High-speed electric heating elements are immersed in the water, heating it and not the tank. The tank is insulated all around—including the bottom—to prevent heat loss.

SAFE—Flameless electric water heating gives you peace of mind. No flame to blow out, no pilot light to worry about.

CLEAN—No by-products of combustion. No unpleasant fumes. No flue to accumulate soot. An electric water heater is as clean as an electric light.

SILENT—No annoying start-up or shut-off sounds. No noise at all while water is being heated. A flameless electric water heater is completely silent and carefree.

INSTALLS ALMOST ANYWHERE—Because a flameless electric water heater needs no flue, it can be installed almost anywhere in the house, close to the point of greatest use. This saves long pipe runs and waste due to water cooling in the pipes.

Who needs muscles?

Do you know how easy it is to take a corner with a Corvair or park one? Turn this newspaper sideways and it will give you a pretty good idea. The wheel handles just about that easily.

The Corvair's engine is in the rear, for not only greater traction, but more balanced weight distribution. And that's what makes the steering so completely effortless.

The engine is air cooled, too. No radiator. No water or antifreeze. No boiling over or freezing up to worry about. It takes the weather and the terrain as it comes.

So think about those trips to the beach this summer, those bright sunny days and balmy moonlit nights.

And besides, looking at it from a very practical point of view, it's Trade 'N' Travel time right now at your Chevrolet dealer's. He's got some beautiful buys.

But you had better hurry before somebody muscles in ahead of you. Spring's here. Summer's coming fast. And with those sporty, good-looking Corvairs selling the way they are, he who hesitates will want to kick himself.

Notice Of Sale

FLOYD SMITH
Executive Director

The Urban Renewal Agency of the City of Stanton (further referred to as the LPA) will accept sealed bids, on the following structures to be demolished, at the office of said LPA located at 400 North Saint Peter Street until 2:00 P. M. May 20th, 1963, at which time said bids will be opened and publicly read. The Agency reserves the right to reject any and all bids. The successful bidder must enter into a written contract with the LPA to demolish the structures on site, remove all salvage and debris from lot and level same. A cashier check payable to the Urban Renewal Agency for \$100.00 must accompany said bid as a guarantee bond that said successful bidder will demolish the structures and clear the lot to the satisfaction of the LPA. Upon satisfactory completion the cashier check will be returned to the contractor and if lot is not cleared and leveled to the satisfaction of the LPA, the \$100.00 shall be forfeited to the LPA so they may clear the lot.

A cashier check in the amount of the bid payable to the Urban Renewal Agency must accompany each bid and if not successful the bid check and the performance check will be returned to the unsuccessful bidder. A period of 30 days from notice of acceptance of bid will be allowed for demolishing and clearing the site of all debris.

The following structures located as follows are open for bids and may be inspected until 1:00 P. M. May 20th, 1963.

CARD OF THANKS

We sincerely thank our friends
from the depth of our hearts
for the expressions of love and sym-
pathy, the beautiful flowers, the
many cards and letters, the visits
to our home, and the prayers ex-
tended to us during the loss of our
loved one. We appreciate your
thoughtfulness more than we can
find words to express. May God rich-
ly bless and keep each of you in
the days to come as our prayer.

Mr. and Mrs. Emmet Pittman
and Larry,
Mr. and Mrs. Clyde Nichols
and Carolyn,
Mr. and Mrs. Wayne Parum
and Children.

We are deeply grateful and appreci-
ative for the many friends who
manifest their love and interest dur-
ing the recent sorrow in our family
which saw death claim our husband
and father. We shall always remem-
ber the many kind acts, the sym-
pathetic words spoken, the under-
standing gestures and display of loy-
alty made in the illness and passing
of our loved one. We are especially
aware of the many who so patiently
and sincerely visited the hospital and
through their presence made our bur-
den lighter. May God bless you all.
The family of James S.
Manning.

We wish to express our thanks and
appreciation for the kindness and
sympathy, floral offerings, food, and
other courtesies extended to us in the
loss of our loved one. We especially
want to thank Dr. Nelson and staff
for their consideration and service.
The family of Mrs. Ruby
Graham.

Col. Woodrow W. Wilson Awarded AF Merit Medal

FORT BELVOIR, PA., April 19, 1963 — Colonel Woodrow W. Wilson, Fort Belvoir's Chief of Staff, was presented the Air Force Legion of Merit during a ceremony here on April 9, in the Office of the Commanding General.

The award which is the second highest decoration for meritorious service was presented to the colonel by the U. S. Air Force for meritorious conduct and outstanding service

while serving as Director of Construction of Atlas "F" bases for the Army Corps of Engineers Ballistic Missile Construction Office with the Air Force, with headquarters at Los Angeles, California.

The certificate accompanying the medal further cited the colonel for his "thorough tact, superb technical understanding, and exemplary leadership in addition to having successfully overcome a multitude of difficulties to achieve timely and effective completion of all facilities of the system."

Colonel Wilson, a native of Stanton, Texas, is a veteran Army officer of nearly 24 years of active military service. He was commissioned as a second lieutenant in the Army in 1939 following his graduation from the U. S. Military Academy, West Point, N. Y.

During World War II, he served in the South-West Pacific with the Eighth U. S. Army. Following the war he was assigned to Japan with the occupation forces.

After serving as director for the construction of the Atlas "F" bases, he was assigned to Fort Belvoir as Chief of Staff in July 1962.

Prior to entering the U. S. Military Academy, Colonel Wilson attended the Texas College of Mines, El Paso. He received his Masters degree in Civil Engineering in 1961 from Texas A&M. In 1956 he graduated from the Industrial College of the U. S. Armed Forces.

Colonel Wilson is married to the

Texas Lutheran ex-students living in Stanton are members of the Lower Cap Rock Chapter.

Baptist Church Circle News

The King's Daughter Sunday School Class of the First Baptist Church met Friday at the home of Mrs. Guy Eiland for a social.

The group elected officers for the coming year. They are Linda Holder, president; Cindy Davis, vice president, and Melrae Angel, secretary-treasurer.

Refreshments were served to Linda Holder, Cindy Davis, Melrae Angel, Barbara Scoggins, Jerry Walker, and Mrs. Eiland.

Mr. and Mrs. Tom Ed Angel entertained friends in their home Saturday night. Ice cream, cake, and coffee was served.

Those present were: Mr. and Mrs. Terrell Pinkston and children of Brownfield, Mr. and Mrs. Charlie Pinkerton and children of Midland, Mr. and Mrs. John Pinkston, Mr. and Mrs. Jess Angel, and girls, Mr. and Mrs. Minter McReynolds, Mr. and Mrs. L. R. Stripling, Mrs. Charles Pierce and girls, and Mr. and Mrs. Tom Ed Angel and Lesa.

Opportunity, Wn., Spokane Valley Herald: "I was raised on a farm, where you have the advantage of seeing my basic philosophy working. Sometimes I feel I did my three sons a disservice by not making their home on a farm. In a modern push-button home it is not hard to understand why young people sometimes miss the point of life. On a farm, they would learn that if they wanted to eat they would have to plant the seed and then labor mightily until their muscles ached to see that seed bear fruit for their use. In more primitive times, they would thus learn that failure to labor thus would have resulted in a hungry winter."

Mrs. Cornelius Shower Honoree

Mrs. Wayne Cornelius was honored with a miscellaneous bridal shower April 22 in the home of Mrs. Prentiss Hightower.

Serving in the houseparty were: Mrs. Bobby Henson, Mrs. Wayland Wood, and Mrs. Tom Johnson. Mrs. Henson registered the guests. Mrs. Wood and Mrs. Johnson served refreshments.

Hostesses were: Mrs. Elmer Mashburn, Mrs. Alton Turner, Mrs. Hoot Tom, Mrs. Leon Martin, Mrs. Dortha Hayes, Mrs. D. P. Bland, Mrs. Glen Petree, Mrs. Bud Shaw, Mrs. Alon Hopper, and Mrs. Hightower.

The table was covered with a white lace cloth over white. An arrangement of spring flowers formed the centerpiece.

Mrs. Cornelius was presented with gifts which were opened and displayed.

Approximately 12 people attended. One out-of-town guest, Mrs. Gene Taylor of Midland, attended.

Mr. and Mrs. Walter Harlow were in Houston last week with her niece, two and one-half year old, Chris Jay Barron, daughter of Mr. and Mrs. A. J. Barron. Chris died after having heart surgery in an attempt to save her life at the Texas Children's Hospital in Houston.

Barron Funeral Services Held In Loraine

Funeral services were held Friday, April 26, in the Loraine First Baptist Church, for Chris Jay Barron, two and one-half year old daughter of Mr. and Mrs. A. J. Barron of Loraine. The child was the niece of Mr. and Mrs. Walter Harlow of Stanton.

The child died at 2 a.m. Thursday in Texas Children's Hospital in Houston, after undergoing surgery Tuesday. Young Chris was born with a heart defect and had been in the hospital in Houston several times for observation and treatment.

Burial was in the Loraine Cemetery, under the direction of Kiker and Son Funeral Home of Colorado City.

Other survivors are the maternal grandparents, Mr. and Mrs. C. D. Taylor of Loraine; and the paternal grandparents, Mr. and Mrs. W. I. Barron of Loraine.

Mr. and Mrs. W. E. Allgood, San Miguel, Mr. and Mrs. Earl Allgood of Fresno, California, and Kenneth and Billy Allgood of San Jose, California, were in Stanton last week to attend the funeral services of Mrs. Cherry Allgood.

Lions Candidate

Louis D. Carothers, Big Spring, is being advanced as a candidate for governor of Lions International District 2A-1 by the Downtown Club of Big Spring at the district convention in Midland this weekend. Carothers has held virtually every office in his home club, has served as a zone chairman and district deputy governor as well as having taken an active role in crippled children's work.

Mr. and Mrs. Troy Pierce visited in Lamesa Sunday with their brother-in-law, James Walker, who is seriously ill.

Knott WMS Has Program Study On Missions

Mrs. Charles Williams was in charge of a program presented to members of the Women's Missionary Society Tuesday at Knott First Baptist Church. The program subject, "Enlistment for Missions," was given with the purpose of creating the desire among women to use their capabilities for God through WMU, and to bring others into the experience of missionary endeavor.

A discussion followed, concerning the ways women are influenced to become members of WMS. Time was given each member to answer the question "Was it a friend, a visit, or a special invitation?"

Visitors were Mrs. Gene Long, Mrs. Robert Cheatham and Mrs. T. M. Robinson.

After the program Mrs. L. O. Free conducted the business session. Mrs. Alton Free who has served for the past year or more as Sunbeam Nursery worker, was honored with a shower of gifts. She is moving to Dallas where her husband has enrolled in a special engineering school.

Visiting Sunday with Mr. and Mrs. Karl Peltier were Mr. and Mrs. Wayne Sazil and children.

Marilyn Sale

Marilyn Sale, Thomas Newman Will Be Married

The announcement of the engagement of Marilyn Sale of Stanton to Thomas Risher Newman of Big Spring and Lomax was made at a recent announcement coffee in the ranch home of the bride-elect's parents, Mr. and Mrs. J. C. Sale.

Cohostess with Mrs. Sale to the coffee were Mrs. B. H. Hicks, Mrs. John McIntyre and Mrs. B. W. Gillum.

Mr. Newman is the son of Mr. and Mrs. T. E. Newman of Lomax. The couple plans to be married at 8 p. m. June 21 in the First Baptist Church of Stanton.

Mrs. J. R. Sale, grandmother of the bride-elect, and Mrs. Fred McGowan of Big Spring, Mr. Newman's grandmother, registered the guests who attended from Andrews, Sem-

inole, Lamesa, Big Spring, Lomax, and Midland.

Guests were received by the honoree, her mother and Mrs. Newman.

The guest table was covered with a floor-length white silk cloth draped and trimmed with silk fringe and tassels. The centerpiece was an arrangement of Peace roses flanked by four white tapers. Silver appointments were used.

La Wanda Pierce of Brownwood and Judy Pinkerton presided at the serving table. Other house party members were Joanna Epley and Clauden Nowlin.

Elmer J. Long of the Long Motor and Equipment Company, attended a three-day, intensive product and sales training session at Vienna, Georgia, home of the Southern Training of Tractor and Implement Operators.

Mr. and Mrs. Shortie Airhart and family of New Home visited Sunday with Mr. and Mrs. Edgar Airhart of Knott.

The Sands 4-H Club of Ackerly met Tuesday evening at the Community Center. Miss Bula Moudy, Home Demonstration agent, showed 13 members and several parents how project reports were to be completed.

High School News

The students are beginning their final month of school for the 1962-63 school term. For the seniors, this will be the last month of their high school days. The students have many activities coming up within the next four weeks.

The juniors presented their annual play Friday night. The play, "Headin' For the Hill" was a comedy in three acts. The juniors did a good job presenting the show.

The halls of Stanton High School were overflowing yesterday when the school was host to students who will be freshmen next year. The students attended from Greenwood, Grady, and Courtney. This freshmen pre-registering day was sponsored by the Student Council.

A short assembly program for the school body and the guests was held during activity period. The president or representative of each of the school's organizations told of the activities of their organization.

The Student Council members took the guests on tours of the classrooms and the building. Pre-registration was held for the ones inter-

ested in attending Stanton High School.

The seniors have received their invitations to their graduation. The commencement exercises will be held May 25.

Citizens for the month of April and May were selected by the faculty. Citizens for April are Sandra Jones and Roger Boyce. Citizens for May are Mary Wilson and Ronald Hartsell and Ronnie Driggers. A tie vote was cast between Ronald and Ronnie by the faculty members. The five students will be guests of the Lions Club next Tuesday.

Saturday the Future Homemakers of America will honor their mothers at the annual Mother-Daughter banquet.

The juniors and seniors are looking forward to May 11. The Junior-Senior banquet will be held in Midland at the Caravan Restaurant. The juniors of the high school give a banquet each year in honor of the graduating seniors.

Questions And Answers

Q—What is the story of an "extra" dividend available to holders of certain types of GI insurance and what must I do to get it?

A—A special dividend is available only to those Korean Conflict veterans who still hold policies with the prefix RS in front of their policy number. The RS policyholder must take on of these two actions: (a)

Exchange his RS term insurance policy for a term policy that will generally cost about one-third of what he is now paying. The new policy cannot be renewed as term insurance after the veteran is 50—

but it can be converted to a low cost permanent plan insurance policy any time before the insured reaches age 50. (b) Convert his policy to a low cost permanent plan now.

Q—Can a veteran get a GI loan to buy a home or farm in Canada?

A—No. The property must be located in the United States, its ter-

ritories, or possessions.

Q—My wife and I want to be buried together. I am a veteran and would like to be buried in a national cemetery, like Arlington. Can my wife be buried there too?

A—Yes. And if your wife dies before you do she may be buried in a national cemetery, if you provide written intention to be buried with your wife.

Mrs. A. C. Ward is a patient in the Medical Arts Hospital in Big Spring.

Mrs. Tex Gibson of Baxter Springs, Kansas, is visiting her mother, Mrs. W. E. Towery, and her daughter, Mrs. Jimmy Wheeler.

Mrs. H. B. McMullen of Lamesa, visited over the weekend with Mr. and Mrs. Alan Taylor. Mrs. McMullen is Mrs. Taylor's mother.

15 YEARS EXPERIENCE

TOTAL PERFORMANCE:

IF YOU KNEW WHAT HE KNOWS...YOU'D BE DRIVING THE 1963 TOTAL PERFORMANCE FORD

Ford is traditionally the nation's Number One police car. The reason: Total Performance!

When it comes to cars the police don't take chances. Put yourself in a State Trooper's shoes. Every day you must patrol hundreds of miles in your cruiser. Mileage and time grind into a man and his machine, but when the bell rings you've got to be ready. Chase. Turn. Corner. Quick stop. You've got to be able to do it all if you're going to do your job.

Listen to a trooper list the reasons why he prefers a Ford and you realize how difficult it is for any car to measure up to his standards. The car must be strong . . . it has to stand up to big mileage. It must be silent . . . when you practically live in a car a rattle can sound like a kettle drum. It must be swift . . . powerful enough to catch any car on the road. It must be sure . . . dependable even in the face of the unexpected. Strong. Silent. Swift. Sure. A four-word outline of total performance. The police demand it. That is why they choose the total performance Ford. Why should you settle for anything less?

Whatever your special demands and needs, the total performance Ford is the car most likely to satisfy you all the way down the line. You can prove this for yourself.

First, look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside and Atlanta 500's, and in the demanding Pure Oil Performance Trials. Only a car with total performance could roll up so many impressive wins.

Second, before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery — if it's built by Ford, it's built for performance . . . total performance.

Stanton Couple Announces Date

Nona Langley and Herman Wayne (Butch) Cain, both of Stanton, are planning a June 8 wedding in the First Baptist Church of Stanton. The Rev. W. H. Uhlman will officiate for the double ring ceremony.

The approaching marriage is announced by her mother, Mrs. L. I. Langley. Miss Langley also is the daughter of the late Mr. L. I. Langley. The bride-groom-to-be is the son of Mr. and Mrs. Herman O. Cain, Stanton.

Miss Langley is to graduate from Stanton High School in May. She has served as vice president of the Student Council two years, is editor of the "Buffalo Heard" and also is an officer in the Furtue Homemakers of America Chapter and Choir. Her fiancée, a 1961 graduate of SHS, is self-employed at Cain's Body Shop.

New Arrivals

Mr. and Mrs. Jack Ward of Pecos, are the proud parents of a son born at 1:54 p.m. Saturday, April 27, in the Pecos Memorial Hospital. The baby has been named Randall Scott, and he weighed seven pounds, two and one-half ounces.

The maternal grandparents are Mr. and Mrs. J. Woodford Sale. The paternal grandparents are Mr. and Mrs. Barton Ward of Sulphur Springs. The great-grandmother is Mrs. J. R. Sale.

Highlights and Sidelights FROM YOUR State CAPITOL

If the 58th Legislature's final version of a loan shark law is that which passed the House, folks who do business with the money men still would pay charges up to 500 per cent on the smallest, shortest-term loans.

Small-small loans — those under \$100 — would be regulated by an amendment to Corpus Christi Sen. Bruce Reagan's bill which provides that on loans from \$19 to \$35, the lender could collect a flat 10 per cent charge plus a \$3 handling charge for each month of the loan, up to no more than two months.

In addition to this, lenders also could collect \$3.50 per month up to four months on loans between \$35 and \$70, and \$4 per month for up to six months on loans from \$70 to \$100.

The over-\$100 clause sets these rates per year per \$100: \$19 up to \$35, \$16 from \$35 to \$70; \$13 per \$100 between \$70 and \$100. This is scaled to the rate of \$7 per \$100 on loans between \$100 and \$1,500.

Rep. Joe Cannon of Mexia called the House-passed bill "a Robin Hood in reverse bill—it robs the poor and gives in to the rich."

A work-out on the measure—which carries 19 Senate amendments and 23 by the House — is expected in a Senate-House conference committee, but it won't take long if Gov. John Connally and Speaker Byron Tunnell have their way. Both want a loan bill passed this session, and neither wants an extended — or a special — session.

COLLEGE BILLS — Governor Connally, Speaker Tunnell and Lt. Gov. Preston Smith all are anxious to see the Pan American and San Angelo college bills passed. Bills finally were pulled out of the House State Affairs Committee, chaired by reluctant Rep. John Allen of Longview.

Allen threatened to resign over the pressure (committee men kept him from doing so) because he couldn't see the money in sight to support

the 20 colleges already in the state family.

NO TUITION HIKE IN SIGHT — Dallas Reps. Ben Atwell and Dick Morgan's college tuition increase bills may never come out of the House Tax and Revenue Committee. This, even though Atwell is chairman and Morgan is a member of the committee.

Atwell proposed a doubling of state college tuition, as endorsed by the Commission on Higher Education. Morgan offered a compromise of a 50-per-cent increase.

But word already had come "from above" that there will no tuition hike this year. That virtually ended it.

NO MONUMENT FOR THE 49TH — A Senate resolution to place a monument honoring the 49th Armored Division of the Texas National Guard on the State Capitol grounds was all but killed by the House State Affairs Committee, after Alpine Rep. Gene Hendryx called it "a disgrace to every veteran who ever served overseas in every war that Texas ever participated in."

The former Marine said, "The greatest battle this organization ever fought was the battle of the canteen at Fort Polk, Louisiana."

Sequin Rep. John Traeger defended the 49th but the resolution was defeated by a vote of eight to seven.

However, a spark of life remains, since Rep. Ben Atwell used a device by which the resolution may be called up for another vote.

RAILROAD COMMISSION CHANGE PROPOSED — A plan to take the railroads and trucks away from the Railroad Commission has been proposed by Rep. Henry Grover of Houston, who told the House:

"Recent developments indicate that the Railroad Commission is over-worked, and has more to do than it can handle."

signation of former Commissioner William J. Murray Jr.

Grover introduced H. B. 1041, to ease some of the workload by removing the commission's authority over the transportation industry, and leaving it with just oil and gas regulatory authority.

The "Texas Commerce Commission" to regulate railroads, bus lines, truck lines, and so forth, would be made up of three \$15,000-a-year commissioners.

Railroad Commission was set up in 1891 to regulate the railroads. But authority over oil and gas, since 1917, has caused most of its time and attention to turn in that direction.

CONGRESSIONAL REDISTRICTING — A crowd of witnesses from the late Speaker Sam Rayburn's 4th Congressional district is due to oppose the Congressional redistricting bill which would abolish the old 4th, and relocate it in South Texas.

Sen. Ralph Hall of Rockwall succeeded in delaying Senate committee action on the measure to May 7 so the opponents can come of Austin.

House passed the bill to the Senate, over protests from Rep. Don Hefton of Sherman. Delay on the hearing may put the redistricting proposal, authored by Rep. Rayford Price of Frankston in jeopardy.

Governor Connally has said he saw no need for Congressional redistricting this session. He thought it could be handled in 1965.

Meanwhile, U. S. Congressman Ray Roberts, who now represents the old 4th, doesn't seem worried about losing his job. He's looking for a press liaison man for his Washington office.

AT-LARGE ELECTIONS SUGGESTED — Eighty Texas counties, in which two county precincts or more, represent a fraction of the total county vote, would be affected if a constitutional amendment by Rep. Lindsey Rodriguez of Hidalgo ever comes to a favorable vote by the public.

Under Rodriguez' plan, if the total number of votes cast in two or more commissioners' precincts amount to less than 20 per cent of the total vote cast in the election of all four commissioners, the commissioners in the small precincts would be required to run on a countywide-at-large basis.

Rodriguez described the most extreme example of a situation he's trying to cure — that in Kleberg County where two of the county's four commissioners' precincts "are

behind locked gates" on the King Ranch, where 89 voters reside.

Witnesses from around the state appeared in favor of Rodriguez' proposal.

But Gaines County Judge Charles Lawrence said the County Judges and Commissioners Association is opposed.

DOCTORS BEING CALLED — State draft boards have issued a call for 60 doctors for the Army, Navy and Air Force, according to State Selective Service Director Col. Morris S. Schwartz.

The 60 physicians would be the state's share of a national call for 1,350.

Physicians — either fathers or non-fathers — would be subject to call if they were born on or after January 1, 1935.

ONE-DAY SESSION — A special, one-day (\$8,000) session of the Texas Legislature would be held on December 1, 1964, under the House-approved resolution by Rep. Bill Dungan of McKinney.

Purpose would be to swear in House members and elect a speaker. Aim is to enable the speaker to make appointments so the 1965 session could get underway immediately.

EIGHTH REPUBLICAN — When Charles R. Scoggins of Corpus Christi was sworn in to fill the vacancy created by the recent accidental death of Rep. James L. Lattimore of Corpus Christi, Texas had its

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

SOIL CONSERVATION DISTRICT Jack Buchanan, Bob Cox, Bernard J. D. Crawford.

The time has arrived for farmers and ranchers in the Martin-Howard Soil Conservation District to begin brush control measures on mesquite-infested pastures and rangelands.

One of the most practical and effective methods of mesquite control is aerial spraying, using chemicals such as 2, 4, 5-T with a base mixture

eight Republican member of the current Legislature.

The 31-year-old Scoggins, a geologist by trade, is the second Humble Oil Company employee in the House. Rep. William S. Davis of Midland, a petroleum engineer, is the other Humble employee. He, too, is a Republican.

of water and diesel. The most effective kills are usually obtained 40-90 days after the first leaves appear in the spring. The optimum time for spraying mesquite is after leaves are fully formed and start turning from the characteristic light green to dark green. This is the time that maximum transport of chemicals from the leaves to roots takes place.

Applications before the leaves have developed in the spring or during summer and fall after mesquite has ceased active growth usually results in only partial kills of mesquite.

To obtain maximum benefits, pastures which have been sprayed should be deferred the entire first growing season following treatment. Failure to manage grazing properly on treated areas may result in little or no improvement. After spraying, grasses that were previously inaccessible to livestock may be destroyed under poor grazing management.

The adage: "It takes grass to make grass," should be kept in mind at all times.

Mr. and Mrs. Terrell Pinkston and children of Brownfield, visited over the weekend with his parents, Mr. and Mrs. John Pinkston.

JAMES JONES HARDWARE

The Launching Pad

By NEAL ESTES

A traveling man dropped this one off at the office this week. He said the Republicans are already building up the ROCKFELLER legend for '64. They are saying he was born in a log skyscraper. ROCKY is also described by some as a "born executive." That's a guy whose father owned the business.

A lot of us will regret to see the BAKER HOTEL in Mineral Wells close up May 31. And that's what is slated to happen unless a buyer can be found, the story goes. The hotel was opened in 1929, and was the second hotel in the country to feature its own swimming pool, and first with a drive-in entrance. Some of the nation's better known stars and business tycoons regularly used the facilities of the BAKER. One was J. W. Neal who established a coffee company and sold out its product (Maxwell House) for 30 million dollars. MARY MARTIN taught dancing classes in the hotel's rooftop studios before she went off to Hollywood and Broadway stardom.

THE COLORADO CITY TUMBLEWEED FESTIVAL is continuing to do well. This big show—the fourth one—will be held this year on May 10-11. Texas Supreme Court Justice ROBERT W. CALVERT will be the top speaker at the Dignitary Luncheon at noon on May 10. Two prominent Houston attorneys, JAMES and ROBERT SHEPHERD, who grew up in Colorado City, will also be present for this affair. We can only hope that the Spring Festival, being started here this May, will turn out to be as fine a thing as has the C-City one.

BE sure and make it a point to be in Stanton on Monday, May 6. That's festive time in town and it will also be the regular Dollar Day here. Merchants are going all-out for this event and we trust you will be in town to enjoy the fellowship, and take advantage of the many specials advertising in this issue of the newspaper for the day.

ON many occasions, in the course of our profession as a newsmen, we are requested to hold certain stories until all the legal details can be worked out—until the drives and campaigns for funds are over—and to cooperate with officials and individuals interested in securing some extra good service, institution, or industry for the area. We have tried to cooperate and adhere to the wishes of some sincere people in the past—but invariably there is a "flap-mouth" loose somewhere and sometimes in a place of public trust that blabs. Without being designated to hire anybody, these "flaps" start peddling secrets—calling friends—ruining the entire picture of the planned community facility. There's one way of stopping these kind of people—put them where they won't know what is going on officially.

HERE'S a humor break. A fellow told us the other day that things got so bad in West Texas once that rabbits traveling from one ranch to another packed lunches.

MY Tennessee medicine company calendar hit it right on the head, when hail and rain started falling early Sunday morning. I pick this calendar up every year at GLENN BROWN'S drug store. I post it on the door of the store room at my residence where quick consultations can be made day and night. When the cloud started forming and thunder roared the warning of the storm's entrance about two a.m. Sunday morning, your writer was awakened—checked his calendar—walked out into the yard—scanned the skies—said a brief ritual for the cotton farmers—folded up the yard furniture and tucked it away in a sheltered place—and brought our dog, BILLIE SOL, into the kitchen. We named our pet after the Pecos flash because he got into the habit of hiding things where your editor couldn't find them. Kind of an early to bed—early to rise—throw me a bone—and I'll fertilize sort of thing.

THE same calendar tells us that we are going to be in for some more storms and rain within the next ten days. This is definitely the season for the elements to start cutting capers in the skies. Twice in the history of Martin County in recent years tornadoes have switched a serpentine stampede across the area. We place more faith in the medicine company's weather calendar than we do in some area radio stations with "news rooms" in broom closets. We still laugh when we recount the broadcast a few months ago from an area station when the announcer shouted into the mike: "take shelter fast—get under the beds—in less than five minutes a tornado will strike"—and at that very time in the city from which he was broadcasting the sun was shining brightly and people intent on shopping downtown continued their tour of favorite stores unaware of the "warning."

FORGET the storms, tornadoes, accident tolls in the air, explosions and bombings, in "pink" centers in the U. S. briefly—just briefly—to read the headline in THE DALLAS MORNING NEWS Wednesday morning. Many of you do not have access to the paper—so we'll print the headline here: "DOMINICAN SAYS HAITI LINKED TO REDS, CUBA." If that is the truth—the text of the story that followed the headline was positive and we think it was one of the best articles we have read in months—then you, the people, are in for a bad time, along with your writer. We don't want to awaken some morning and find freedom shot out the window. This Communist encroachment in our hemisphere must be stopped and soon. We cannot longer tolerate the boastings of the braggart CASTRO and see American pride trampled in the dust. Talk about an election in 1964—talk about LYN-DON JOHNSON assured a place for re-election on the national ticket with KENNEDY. To insure that we will have an election in 1964 we must run the Red menace out of our backyard. And we must have a surge from the people. Write letters to Washington—protest the apparent indifference of some of our leaders in power. Write a letter to the National Broadcasting Company, New York, N. Y. and protests the fact that on Wednesday morning's "Today Show" on TV, one FRANK BLAIR, led off the news part of the program with a detailing of the celebrating of May Day in Russia. For crying out loud—why didn't he EVEN MENTION THE FACT THAT MAY DAY

Tuesday night, Taylor visited the Sam Wilkinson property. The evening before he took 60 jacks and several cottontails alive on another spread.

The live rabbits are used to train greyhounds for racing.

Rhodes would like for any landowner in the county interested in granting permission for Taylor to hunt to call him. Rhodes said: "This is a real service for our ranchers and farmers."

IN AMERICA IS HERE TOO! It is sponsored by THE AMERICAN BAR ASSOCIATION. Its purpose is to tell of the great freedoms that Americans fought for through the years to keep clear of such false ideologies as Communism.

NEAL'S NUGGET: "We supported PRESIDENT KENNEDY in the last election. We may vote for him again. Therefore, we are free to say to him, in answer to his question, 'What remedy is there short of war to solve the Cuban situation?' Perhaps there is none, Mr. President, and you will be surprised to find how many Americans who have cherished the freedoms our country fought for years ago are ready to fight and die for them again. 'Count me in on yours and my side, MR. PRESIDENT, but don't wait too long.'"

District Attorney Seeks Site For Myer's Trial

Gil Jones, district attorney, will soon begin a survey of Texas district courts seeking one which is willing to try John Edwin Myers, charged with murder. Judge James H. Moore, 145th District Court, Rusk, has informed Jones that he agrees with the local prosecutor that a change of venue is indicated for the second trial of Myers.

Myers was tried before Judge Moore and a Cherokee County jury, found guilty, and his punishment fixed at death in the electric chair. His attorneys attacked the verdict, alleging jury misconduct. The Texas Court of Criminal Appeals, reviewing the case, upheld the defense position. The case was reversed and remanded for new trial.

Myers had been tried in Rusk on a charge of venue from Howard County. He is under indictment here for the September 1, 1961 murder of Arthur Dekraai, a hitchhiker.

Now the problem before Jones is to find another district court where the case can be re-tried.

"I hope we can try the case somewhere in West Texas," said the district attorney. "I think the inconvenience of trial in a remote county imposes on witnesses and others is to be avoided if we can possibly do

so."

He said he had no idea at this time where he might try to get the case set.

Myers, in jail here, was represented by two court-appointed attorneys in Cherokee County. If the case is moved to another county for a new trial, new attorneys will have to be appointed to represent him.

Mrs. J. Greenhaw Club Hostess

Mrs. J. C. Greenhaw entertained the Thursday Bridge Luncheon Club in her home at Lenora April 25.

Board Of Equalization Meeting Of The Flower Grove Independent School District

MAY 15

At The Flower Grove School.

The Board Will Meet Beginning At 2 P. M.

Flower Grove Independent School District

FLOWER GROVE, TEXAS

Notice Of Special Meeting

May 10, 1963

The Farmers Cooperative Society of Stanton will have a special meeting of it's stockholders, May 10, 1963, at the Cap Rock Electric. A bar-b-que supper will be served before the business meeting. The public is invited to attend the supper.

The Board of Directors have declared all book credit on the 1958-59 gin season be paid at this time. The dividend checks will be passed out at the close of the business meeting.

The Board of Directors and the staff at the gin would like to take this opportunity to thank each of our customers for their steadfast belief in the cooperative way of doing business, and for having the insight to see that in the very near future, as long as we keep our freedom of life and liberty, that the cooperative way will be the only way in which the farmer can handle his own business in a way most profitable to him. Who have the right to gin their cotton, crush their seed, press their cotton, and market their cotton if it isn't the grower himself? How can we put others out of business by attending to our own business? The cooperative way is the only way in which you can get all of these services at cost, and have all the profits returned to you.

The Regular Annual Meeting will be held in August as usual, with dividends being paid on current business.

Again let us sincerely thank you for your past patronage and say that we look forward to serving you in the future.

Sincerely,
DIRECTORS, AND STAFF OF THE FARMERS COOPERATIVE SOCIETY OF STANTON.
