**Dollar Freedom**

The true nature of some federal policy makers' thinking was revealed this week in a statement by Secretary Orville Freeman.

He said he felt certain if wheat growers in the May 21 wheat referendum will vote on the basis of dollars instead of on the basis of a philosophical argument over government's role in agriculture the proposed wheat control plan will carry. So, there it is, too plain to miss: If you can't win them over by persuasion, buy them.

But the farmer who sells tomorrow's freedom (and he doesn't have much of it left) for today's dollars may wake up some day with neither freedom nor dollars.

—The San Angelo Standard Times.

**Crocodile Food**

"An appeaser is a person who feeds a crocodile, hoping it'll eat him last." So writes Tom Anderson, a well-known observer and commentator on the American scene.

Mr. Anderson goes on to point out that too many of us "... haven't realized that if we have socialized agriculture and socialized power, we will have socialized medicine, and a socialized America."

Every person—whether in business, or labor, or government—who wants his children to enjoy individual freedom and opportunity and the privilege of a meaningful vote on election day, has personal and immediate need to oppose the pressure for the welfare state idea in the United States because of its strangling size, its overwhelming costs and its dictatorial areas of life.

It is all right to act friendly—but don't feed the crocodile. He may shed those "crocodile tears" just before he swallows you.

Spending Mother's Day with Mrs. Faye Rhodes and Jan were all of Mrs. Rhodes children: Mr. and Mrs. James Rhodes of Liberal, Kansas, Mr. and Mrs. Bub Rhodes of Monahans, Mr. and Mrs. Dale Smith and China of Big Spring, Mr. and Mrs. Sam Rhodes, and Mr. and Mrs. Phil Foreman and children all of Midland. Calling on Mrs. Rhodes in the afternoon was Mr. and Mrs. Ray Wright and sons, Mr. and Mrs. Bob Howard, all of Midland, Mr. and Mrs. Lester Gurham, and Mrs. Sam Jones.

Which of the Following is Spelled Correctly?

Turbulant Terbulant Turbulent  
(Meaning: Agitated or uncontrollable.)

**MORTON TRIBUNE:** "A colored woman, mother of four children, was pronounced dead at the scene following a point-blank shooting episode about 3:45 Tuesday afternoon at the corner of N. W. First and Tyler Streets here."

**THE McCAMEY NEWS:** "Gary Wayne Thomas and Judy Miller were named valedictorian and salutatorian, respectively, for the 1963 graduating class of McCamey High School. Thomas, son of Mr. and Mrs. Irby Thomas of McCamey, had a four-year scholastic average of 94.56 and Miss Miller, daughter of Mr. and Mrs. C. J. Miller of McCamey, had an average of 94.21 for the four years. When these two students graduated from Junior High School here, Miss Miller was valedictorian and Thomas was salutatorian."

**THE GRAHAM REPORTER:** "Type III polio vaccine will be given to residents of this area on Sunday, May 19, from 11:00 a.m. to 5:00 p.m. in the American Legion building."

**STAMFORD AMERICAN:** "A \$200 across-the-board pay increase for Stamford school teachers was approved by the board of education Thursday night. This will mean that teachers will receive \$200 more than the state salary scale."

**THE MUNDAY TIMES:** "The Tri-County Medical Society has announced that Type III Sabin oral polio vaccine will be given in Knox County on Sunday, May 19, in cooperation with other counties in the Wichita Falls area."

**MATADOR TRIBUNE:** "Patton Springs School will dismiss for the summer, following commencement exercises at 8:00 p.m. Monday, May 20, it was announced this week by Supt. C. W. Giesecke. The senior class will present their own commencement program."

**THE FOARD COUNTY NEWS:** "Heavy rains, accompanied by high winds and hail, buffered Foard County Sunday morning, with some damage reported to wheat. Several fields just south and southeast of Crowell reported heavy hail damage, with total loss reported to a few fields. Elsewhere in that area, damage was estimated as high as 50 per cent. The affected area will cover around 500 acres of wheat."

**Questions And Answers**

Q—What is the best source of current information on veterans programs and facts about the VA?  
A—The Annual Report of the Administrator of Veterans Affairs, available at the Governor's Printing Office, Washington 25, D. C., for \$1.25 per copy.  
Q—I'm going to college under the War Orphans Educational program administered by VA. I want to get married. Can I continue with my schooling?  
A—Yes. Marriage does not affect eligibility.  
Q—I am planning to take advantage of GI Bill vocational rehabilitation training. Is there some new regulation about disabled Korean Conflict veterans eligibility?  
A—Part of the law passed by the last Congress eliminated the general deadline for vocational rehabilitation for disabled Korean Conflict veterans. The veterans who falls under this classification now has nine years after his discharge to complete his training. Prior to this deadline for completion of such training was January 31, 1964.

**1963 Cotton Support Set At 31.72c**

The Agriculture Department has announced premiums and discounts at which it will support grower prices of 1963-crop cotton. Supports will be provided by means of loans on cotton withheld from marketing. The schedule will have the effect, the department said, of supporting a pound compared with 31.32 cents the crop at an average of 31.72 cents for 1962 crop. The premiums and discounts are designed to reflect market demand and supply of the various grades and staple length of cotton. The base rate — 32.47 cent a pound — would apply to one inch middling cotton stored at an average location with regard to textile mill centers. This is the same base rate that was in effect last year. Cottons of longer staple length and of better qualities will draw premiums over the base rate, that was in effect last year. Cottons of longer staple length and of better qualities will draw premiums over the base rate, while those of shorter length and lower qualities will be subject to discount. For example, a top premium of 8.06 cents a pound will apply to white good middling or better cotton of 1.25 inches or longer in staple lengths. The support rate for such cotton at average locations will be 40.52 cents compared with 38.82 cents last year. A lubricating oil for watches is made from the oil in Brazil nuts.

**A Sound Fishing Tip**  
Don't let muddy water discourage you from fishing. Murky water often is better than clear water, because when a fish's vision is obscured it feeds by sound—carried to it either by radar-like nerve endings, or its hollow bones that act as sound chambers. Fish pin-point the location of your lure by its vibrations. So, in murky water, or any water after dark, use a good noisy lure which gives off heavy vibrations that a fish can hear. Reel from slow to faster, until you feel the lure's strongest pulsations, then maintain that speed throughout retrieve. Fish pin-point the location of your lure by its vibrations. So, in murky water, or any water after dark, use a good noisy lure which gives off heavy vibrations that a fish can hear. Reel from slow to faster, until you feel the lure's strongest pulsations, then maintain that speed throughout retrieve.

**Bible Comment—**

**We Defeat God's Plan For Mankind When We Allow Dishonesty, Corruption To Live**

Perhaps the one great, comprehensive, all-inclusive definition of Jesus' mission and redemptive purpose is in the declaration, "I am come that they might have life, and that they might have it more abundantly." In that declaration, Jesus specifically contrasted the purpose of God, in His own mission, with the purpose of others to steal and destroy. The long course of history is one of bloodshed, but our own age has revealed evil fully as appalling. The great tragedies and evils of life are apparent. What is not so apparent is that they have their roots in the lesser evil of men, and in the lack of basic morality. Dishonesty is at the root of crime, even in the hearts and lives of men who are not legally criminal. The businessman who takes unfair

**Twenty Years Ago**

Mrs. Curtis Erwin is in Marlin with her mother, Mrs. Lay Powell of Colorado City.  
Mr. and Mrs. E. W. Bounds, Jr. of Laredo, returned Tuesday morning to their home after a visit with Mr. Bound's sister, Mrs. Earl Powell, and Mr. Powell.  
Mr. and Mrs. Albert Baugh, Jr., of Stamford, spent two days with Mr. and Mrs. G. A. Bridges and relatives week before last. Mrs. Walter Graves and son, Granville, returned home with them to spend a week.  
Mrs. E. Jones and daughters, Lorene and Florene, and Mrs. Geo. Caple of Midland, were the Sunday guests of Mr. and Mrs. Wilmer Jones.  
Billy Gene Keisling spent Sunday in Midland, the guest of her sister, Mrs. L. P. Holder.  
Horry Poindexter and Jerry Hall returned Tuesday night from Friona where Horry had gone to take a load to the recently purchased home there.

Mr. and Mrs. Jack Smith of Colorado City, spent the weekend with their daughter, Mrs. Charles Donaldson, and Mr. Donaldson. They went out to the Earl Powell ranch Sunday to visit Mrs. Smith's brother, E. W. Bounds of Laredo, who with his wife, was a guest last week.

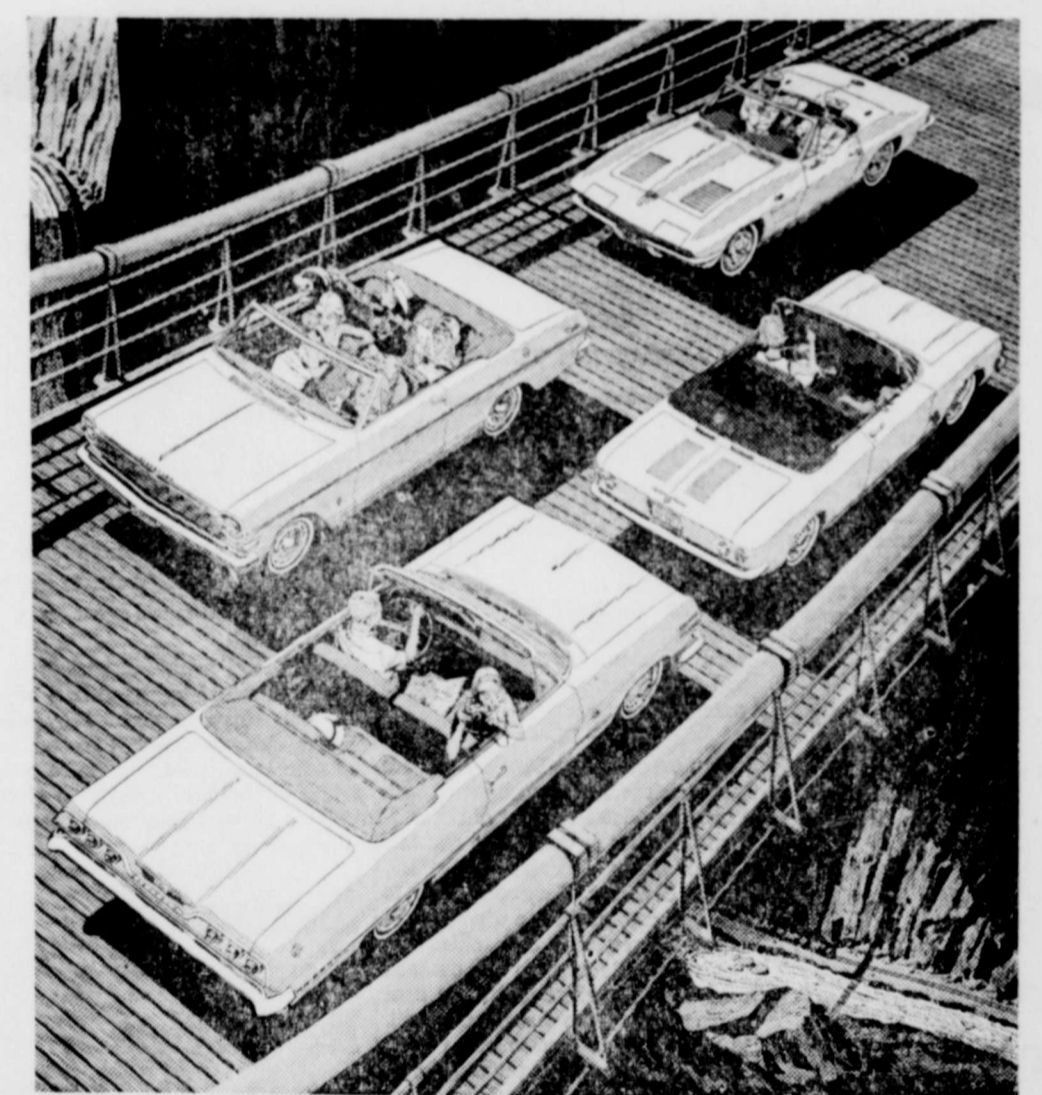

**Philosopher Advises World Leaders On How To Hold A Successful Disarmament Meeting**

(Editor's note: The Martin County Philosopher on his look at a world problem this week.)  
Dear editor:  
I've noticed that along about this time every spring there's considerable talk about banning further testing of atomic bombs and when nothing comes of it the world leaders shake their heads gloomily and say it forebodes evil days ahead. I don't like to advise world leader, although I've never seen a man yet who wouldn't undertake the job at the drop of a hat, me included, but it seems to me the idea of a ban is sound, they're just picking the wrong item. Trying to ban the testing of atomic bombs is like trying to get a kid to give up bicycle riding the day after the Christmas he got a new one. Wait till he's old enough to drive a car and you can turn the trick without any trouble. If the world leaders want to have a really successful disarmament con-

**Grassroots Opinion**

Odessa, Texas, American: "Apparently the Amish of Independence, Iowa, are going to be fined or jailed again and again unless they bow down to the awesome might of the state. They must either send their children to the tax-supported institutions or must provide teachers approved by the state for their own church school. . . . It would seem that every individual who claims to believe in freedom would jump in to help these farm folk who seek to train their own young people in the way they believe they should. For, if those in the school hierarchy are successful in closing the 'unauthorized' schools of the Amish, they'll start next on the Free Methodists, the Baptists, the Seventh-Day Adventists, the Jews, Episcopalians, Lutherans and Catholics."  
Midlothian, Ill. Messenger: "The use of averages can be confusing. As a prominent economist put it recently: 'If a man stands with his right foot on a hot stove and his left foot in a freezer, some statisticians would assert that, on the average, he's comfortable.'"

Clockwise from bottom: Jet-smooth Chevrolet Impala, Chevy II Nova 400, Corvette Sting Ray, Corvair Monza Spyder

**Summer's coming, get going!**  
If this isn't a great time to get yourself a new Chevrolet—well, we just don't know when is. Why, you'd almost have to be anti-summer not to let one of these four convertibles get to you. Or any of Chevrolet's sedans, wagons, sport coupes and sport sedans, for that matter. And there are a lot of other buy-now reasons besides the season. Like the care-free feeling you get on a long vacation trip in a brand-new car. And it's a smart time to trade, what with your Chevrolet dealer all stocked up for a busy summer. Chances are, he has just the model and color you want—be it Chevrolet, Chevy II, Corvair or Corvette—ready to go right now. So maybe now you're all wound up? Then spring into summer at your Chevrolet dealer's.

## Lyndon's Cousin Oriole Bailey Breaks Into The Headlines

There is Lady Bird and now there is Oriole. Could be singers and talkers run in the family of the veep.

A wire service out of Washington was real interesting. Very interesting, and we are passing along some of the well prepared story for it appears to us that we would like Mrs. Oriole Bailey a lot.

We all know that Lyndon Johnson is somewhat of a talker, but when he's around his cousin, Oriole Bailey, the story goes that he just listens.

"Oriole," as she's known throughout the Texas hill country, lives in a ramshackle house on the LBJ Ranch near Johnson City, and draws out her gems of refreshing wisdom of everyone "Lyndon" brings by to meet her.

"Everyone" takes in such personages as President Mohammed Ayub Khan of Pakistan; President Lopez Mateos of Mexico, and a string of Washington politicians and diplomats.

It's a regular evening ritual when Johnson is back at the ranch to call on Oriole, and heaven help those who don't tag along. A tall, handsome, grey-haired woman in her 70s, "Co' Oriole" has a girlish femininity and personality which hold an audience in rapt attention.

When the vice president brought partygiver Perle Mesta to Oriole's house, it was aptly described as an encounter between "the hostess with the mostes" and "the hostess with the leastes."

But lack of worldly goods doesn't bother Oriole. She greeted Mrs. Mesta wearing a tight-fitting black crepe dress but no shoes and they quickly sized each other up as friends.

When it occurred to Oriole just whom Mrs. Mesta was, she turned to the former minister to Luxembourg, who was sitting on a broken-down sofa on her porch, and excitedly said: "Why, honey,

you're world-renowned, you rich thing, you."

Mrs. Mesta joined in the laughter that followed and Johnson said admiringly, "that's laying it on the line."

Oriole is hard of hearing. But there's a strong suspicion she just tunes some folks out.

Every year the vice president gives her a car. She recently collided with the postman which led exasperated Johnson to exclaim, "One car goes down the road in front of her house each day, and she waited to hit him."

Oriole is up on all the hot news on the Pedernales River which flows through the LBJ Ranch. She also is a poet of sort. She said she began writing poetry after her husband died in 1950 when she "couldn't sleep."

### Displays Set For Air Show

Planning for the National Air Show to be staged May 25 at Howard County Airport continues to mushroom. Arrangements are now complete for static and flying displays.

Dealers of Cessna, Beechcraft and Piper aircraft will have their planes, ranging from the smallest to executive craft, on display at the airport from about 10 a.m. At 1 p.m., these planes will be used to kick off the show.

All of the planes will take off and rendezvous overhead, then fly by the spectators at low altitudes while an announcer describes each plane, its uses and other significant facts.

Providing aircraft will be Champ's Aviation, Inc., Midland Air Terminal, Cessna dealer; Rich-Air Company, Midland Air Terminal, Beechcraft agent; and Big Spring Aircraft, Piper dealer.

Champ's will provide a Cessna 310, Cessna 205 and Cessna 172 Skyhawk. Rich-Air will have on hand a Bonanza, Musketeer and Barron. Big Spring Aircraft will show a 180 Cherokee, 250 Comanche and an Artec B.

# Xi Alpha Beta Chapter In Charge At Annual Banquet

The annual Xi Alpha Beta Mother-Daughter banquet was held Saturday, May 11, at the Cap Rock Electric Cooperative. Xi Alpha Beta chapter was in charge of all arrangements.

The buffet luncheon consisted of chicken salad on lettuce leaves, broccoli casserole, relish plate, rolls, butter, tea, and an orange frozen dessert. The food was prepared by members of the Xi Alpha Beta chapter.

Mrs. Glen Gates, president of the Xi Alpha Beta chapter was mistress of ceremonies. The grace was offered by Mrs. Louis Ruten.

Mrs. Glenn L. Brown introduced

Mrs. John Wood and her high school choir, who presented the program. The group presented a one-act opera entitled the "Neifty Shop." The group was accompanied by Joanna Epley on the piano.

Mrs. Leo Turner presented the door prizes. They were won by Lynn Gilmore, Carolyn Woody, Katina Johnson, Glee Ann Henson, Mrs. Johnny White, Mrs. Eddie Bulter, Mrs. Bob Cox, Reba Saunders, Cindy Britton, Mrs. P. G. Smithson, and Gay McIntyre.

Approximately 130 members, their mothers, daughters, and guests attended the luncheon.

**LIONS LEADERS VISIT**—Lionism in West Texas undoubtedly was the subject as these officials of Lions District 2-A1 conferred at the Lions convention underway in Midland. They are, left to right, Robert H. Pine, Midland, secretary; J. L. Daniel, Big Lake, deputy governor; Cecil Bridges, Stanton, international counselor and membership-retention chairman, and Ken Peeler, Midland, public relations chairman.

## Mothers Honor Eighth Graders At Banquet Here

The eighth grade students of the Stanton Junior High were honored with a banquet by their mothers Saturday night, May 11, at the Cap Rock Electric Cooperative.

The master of ceremonies was Guy Brown. The invocation was given by Charles Lewis. Butch Robnett presented a piano solo. A coronet solo was presented by Rodney Ruten. The class will be given by Mark Bentley. A pantomime was given by Cindy Pickett and Anna Thompson. The class prophecy was given by Gary Reid. Shannon Womack sang a solo, accompanied by Beverly Clements.

The girls chorus sang a song. Singing in this group are: Judy Kokel, Linda Lawman, Sarah Saunders, Cathy Workman, Brenda Hightower, and Suzanne Poe. They were accompanied by Eunice Stephenson. The benediction was given by Alma Nell Mashburn.

The mothers took the group to a show at the Texas Theatre following the banquet.

## Methodist Men Meet May 20

The Methodist Men will meet Monday night, May 20, at 7:30 at the First Methodist Church. Cecil Bridges, president, will be in charge of the meeting.

The program will be presented by the Rev. Carroll Jones, assistant pastor of the First Methodist Church in Midland. He will show a film on the loading and transporting of livestock to Korea. This is the first part of a program sponsored by the Methodist Men of transport livestock to the occupants of Korea.

Mr. and Mrs. Al Allen of Phoenix, are visiting with Mr. and Mrs. Paul K. Jones.

Rev. and Mrs. W. H. Uhlman have returned from Kansas City, Missouri, where they attended the Southern Baptist Convention.

Mr. and Mrs. Kenneth Gilmore and children visited her parents, Mr. and Mrs. Walter Heldreth of Lenorah, Sunday afternoon.

## High School Choir Gives Operaetta

The Stanton High School choir presented a one-act operaetta during activity period at the Stanton High School auditorium, Thursday, May 9.

Characters were: Kay Bryan, Nancy Robnett, Phyllis Long, Elizabeth Pickett, Brenda Bryant, Sheila Turner, Diana Caffey, and the remaining members of the choir were models.

The choir is under the direction of Mrs. John Wood. They were accompanied on the piano by Joanna Epley.

The proceeds from the show were to purchase choir robes for the members of the choir group.

## 12 Modern Aircraft To Be Displayed

"With 12 different Air Force aircraft for static display at Webb for the Armed Forces Day Open House 1:00 to 5:00 p.m., Saturday, May 18, we will have the largest array of aircraft to be seen in recent years at Webb," according to Col. Harold C. Collins, Armed Forces Day Project Officer.

Aircraft in this display include the T-33 "T-Bird," T-37 Primary Jet Trainer, T-38 Talon, F-100 Super Sabre, F-102 Delta Dagger, F-104 Starfighter, H-43 Huskie, C-39, Sabreliner, KC-135 Stratotanker, C-130 Hercules turbo prop cargo aircraft, C-123 Provider, and C-124 Globemaster.

The F-100 is coming from Cannon AFB, New Mexico; the T-39 will be in from Randolph AFB, Texas; the KC-135 is from Walker AFB, New Mexico; the C-130 is from Dyess AFB, Abilene, Texas; the C-123 is from James Connally Air Force Base in Waco, Texas and the C-124 is from Travis AFB, California.

The air show portion will be an exciting fast paced hour to hour and a half packed with parachute jumps, a sonic boom, a helicopter fire fighting demonstration, F-104 Starfighter scramble, and fly-bys of Webb's T-33, T-37, T-38, and F-104's.

Static displays will be set up inside the hangar. These will include displays of chaplain activities, Civil Defense, Civil Service, Family Services, Red Cross, Pilot Training Group academics, Air Base Group, Maintenance and Supply Group, Civil Engineering Group, Base Hospital, and the 31st Fighter Interceptor Squadron.

The organized youth activities at Webb will set up a refreshment stand in the static display area. Proceeds from this stand will go to support Webb youth activities.

A T-37 in the static display area

## First Baptist Brotherhood Met Thursday

The Brotherhood of the First Baptist Church met Thursday night, May 9, at the church. J. C. Sale, president, was in charge of the meeting.

Minutes of the last meeting were read and roll call was answered by 25 members present.

Eugene Byrd was in charge of the program. He showed a film on "He That Winth." After the film, comments and a discussion on the program was conducted by the members.

## Stanton FHA Group Closes Year's Program

The Stanton Future Homemakers of America met Tuesday, May 13, in their last meeting of the current term. Joanna Epley presided over the meeting in the absence of the president, Kay Bryan.

The group elected officers for the 1963-64 school term. They are: Carolyn Springer, president; Charlotte Kuhlman, vice president; Nanette Pardue, secretary; Mary Glaspie, treasurer; Linda Manning, reporter; Brenda Standefer, historian; Susan Brent, parliamentarian; and Brenda Bryant, song leader.

Joanna Epley presented the president's gavel to the incoming president, Carolyn Springer.

will be made available for those who wish to get photographs of their youngsters while sitting in a jet.

Col. Wilson H. Banks, commander of Webb AFB, said, "I hope as many people as possible accept our invitation to visit with their Armed Forces on Saturday. We welcome you all."

Read the classified ads!

## Sky Divers To Appear At AFB Show

Sky diving, a popular sport in recent years, has brought parachuting activities to a high state of the science of parachute jumping and control.

While many people think of parachute jumping as an emergency means of departing a stricken aircraft, Capt. Malcolm Thompson and his team of six sky divers from the 149th Fighter Group Support Parachute Team consider jumping a desirable activity to engage in. The 149th Fighter Group is a part of the Texas Air National Guard located at Kelly AFB, Texas.

The sky diving team will jump from an altitude of approximately 12,000 feet over Webb and will land in front of the crowd in the grass area just off of the west edge of the ramp. Capt. Thompson and his team will make two jumps Saturday afternoon — one at 2:00 p.m. to open the aerial portion of the Webb Armed Forces Day Aid Show and one at approximately 3:00 p.m. to close the show.

## Survey Cards To Be Mailed To Patrons

Postmaster L. B. Eidson reminds rural patrons of the Stanton Post Office to be on the lookout for June Livestock Survey cards. Next week, mail carriers will leave survey cards in a sample of boxes along their routes.

"USDA bases livestock and poultry estimates on replies to this survey," Mrs. Eidson explains. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings."

Carriers assisting with the survey are: O. C. Johnson, Route 1, and D. H. Rogers, Star Route.

Survey cards will be forwarded to Cary D. Palmer, State Agricultural Statistician in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the State's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets.

"Information from this survey will guide livestock and poultry producers in making important business decisions," Mrs. Eidson concludes.

## Baptist Slate Bible School For June 1

The First Baptist Church has scheduled their summer Vacation Bible School to begin on June 1 and continue through June 7. The Rev. W. H. Uhlman will be the principal of the school.

Registration will be on Saturday, June 1. The children will enjoy activity and refreshments as they register for the annual event.

The superintendents of the departments will decide the time of day the school will begin. The commencement exercises have been tentatively for 7:30 p.m. on Friday, June 7.

## 35 Students Tapped For Tech Salutes

Thirty-five students have been selected to the 1963 Tech Salutes, annual roster of outstanding campus citizens listed in La Ventura. They were named Monday by executive officers of next year's Student Association.

Glen Reid, daughter of Mr. and Mrs. Stanley Reid, was one among the 35 students. Miss Reid was recognized for home economics.

"The students so recognized by this honor have devoted their time and talent to make a vital contribution to some area of Tech Campus," Royal Furguson, newly-elected student body president, said of the selections.

The purpose of Tech Salutes is to "consider and include those students who have maintained and continued to build the traditions, spirit and academic potentialities of Texas Tech," Furguson said.

**Tarzan Ladies Bible Class Met Thursday**

The Ladies Bible Class of the Tarzan Church of Christ met Thursday at the church for Bible study.

The group studied the entire fifth chapter of the second volume of the Student's Guide to the New Testament. This was taught by Karl Peltier, Jr., minister of the Tarzan Church of Christ.

Those present were: Mrs. Bob Hazlewood, Mrs. Van Glaze, Mrs. Houston Woody, and Mr. and Mrs. Karl Peltier, Jr.

## Women's Missionary Union Mothers, Daughters Hold Tea

The members of the Women's Missionary Union and the Girls' Auxiliary were honored guests at a tea in Fellowship Hall of the First Baptist Church Saturday, May 11. The event was for the mothers and their daughters.

The WMU was celebrating their 75th anniversary. The GA's are in their 50th year of activity.

Music was played throughout the program by Mrs. Bob Johnson.

The room was decorated with high buttoned shoes, relics, and old pictures. Pictures and names of the past presidents of the WMU were posted on the bulletin board.

The guests were registered by Katina Johnson. The registering table was decorated with a kerosene lamp and the guest registered with an old fashioned quill.

Mrs. T. R. Louder, current president of the WMC, was in charge of

the program. She introduced Ann Graves, played by Mrs. D. E. Ory. Miss Graves was one of the first women were in WMU. Mrs. H. R. Caffey played Annie Armstrong. Fannie Heck was played by Mrs. Roy Martin. Kathleen Mallory was played by Mrs. Harvey White. These ladies were all in appropriate costume.

Margaret Uhlman, Beverly Clements, and Bonnie Glenn served refreshments to the guests. A three tiered cake with 75 candles, small cups of nuts, and punch were served. The napkins had 75th year seal stamped on them. The nut cups were stamped with the GA emblem and the 50th anniversary seal.

Forty-six girls are enrolled in GA's this year. The girls will represent a recognition service at the church on May 29, beginning at 8:00 p.m. The girls who have passed their current steps will be in the service.

## Webb Air Force Base To Sponsor Armed Forces Day

Citizens of the West Texas area will have an opportunity to hear a sonic boom at the Webb Armed Forces Day Open House Saturday, May 18.

At 2:30 p.m. Capt. Bob Daley, Chief of the Pilot Training Group Standardization Section, will push his T-38 Talon into supersonic flight right over Webb at an altitude higher than 10,000 feet.

This sonic boom demonstration has been carefully planned so that the boom will be localized right at Webb. The altitude and speed of the Talon and its direction of flight for the boom demonstration will be calibrated to demonstrate a very modest sonic boom that could not cause any sonic boom damage.

The sonic boom, a much discussed and sometimes controversial result of the modern military jet aviation is created when an object such as an aircraft flies faster than the speed of sound. When this happens such

as Capt. Daley will demonstrate Saturday afternoon, a conical sound shock wave is radiated from the aircraft. Where the bottom portion of this conical wave strikes the ground, a boom is heard.

The intensity of any sonic boom is dependent upon the altitude, speed, size of the aircraft, and density of the air at the time any supersonic flight is achieved and while the aircraft remains supersonic.

For example, the T-38 Talon, as a relatively small supersonic aircraft, can go supersonic at altitudes above 30,000 feet and no boom will be heard on the ground since the shock wave created is not of sufficient size or intensity to reach the ground.

Though many in this area may have heard aircraft sonic booms, this may be the first opportunity for many to hear a sonic boom with the knowledge a few second before that the boom is coming.

## Stantonites Kin Dies In Midland

Forrest King, 71, longtime area rancher, died Tuesday at his home in Midland after a long illness.

Funeral services were conducted at 4 p.m. Wednesday in the First Baptist Church in Midland, with Dr. L. L. Morris, pastor, and the Rev. Robert Gartman, pastor of Memorial Christian Church, Midland, officiating. Interment followed in Fairview Cemetery under the direction of Newnie W. Ellis Chapel.

A native of Lane, Texas, King moved to the Midland area in 1910 and began ranching in Upton County. At the time of his death he held extensive ranching interests in Midland and Andrews Counties.

For 13 years, King was associated with J. E. (Bob) Hill in the ranching business in Martin County and was later associated with an automobile agency in Midland for two years.

Survivors include the widow; a daughter, Mrs. John Casselman, Jr., of Midland; a brother, Guy King of Midland; three sisters, Mrs. Alma Thornton and Mrs. Marguerite Plummer, both of Stanton; and Mrs. Eunice Keahay of Detroit, Michigan; and three grandchildren.

## GA's Marking Focus Week In Stanton

GA's around the world are being spotlighted this week during GA Focus Week, which began Sunday, May 12. This year being the golden anniversary of the organization, the 1963 Focus Week will include special activities recognizing this 50th birthday.

The local group, sponsored by the First Baptist Church, W.M.U., which is celebrating its Diamond Jubilee, has five auxiliaries, numbering 48 girls and six counselors.

The members of the GA's at the Stanton church were honored with a mother-daughter tea Saturday afternoon, May 11, in the Fellowship Hall of the church. The girls will have their presentation service on May 28, beginning at 8:00 p.m. The theme of the presentation will be star ideals.

The GA's of the Courtney Baptist Church were honored with a mother-daughter banquet, sponsored by the WMU Wednesday night, May 15. Following the banquet the girls had their recognition service. The GA's of the Courtney church have been organized only a short time. The girls were presented their maiden awards.

Mr. and Mrs. Neal Rosamond of Odessa, visited Sunday with Mr. and Mrs. J. C. Epley and family.

# FARM REVIEW AND FORECAST

Cattle lice have been eradicated on a herd basis by scientists of the U. S. Department of Agriculture.

Success of the new eradication method, proved over a five year period in an experimental herd at the Beltsville Research Center, depends on the proper timing of insecticide applications to break the life cycle of the lice, plus quarantining and treating all cattle added to the herd.

Before the study began, the herd was infested with three species of cattle lice — short-nosed, long-nosed and biting lice. To eradicate these lice, the herd was thoroughly sprayed twice, 14 days apart, with malathion. Cattle to be added to the herd were placed in quarantine and given the same 2-spray treatment.

Most louse-control chemicals that are safe for use on livestock will kill the crawling lice, but they may not be completely effective against lice eggs, especially under pasture conditions. Some lice usually hatch after the first malathion spraying but the

properly timed second spraying kills the newly hatched lice before they can mature and produce eggs.

The Beltsville herd was first treated in October 1957. No lice were found on the animals during the following months but in April 1958 they were treated again. Regular checks of the herd showed no lice until October 1959 when a yearling heifer became infested. Although other cattle in the same pasture and a group in an adjoining one were not infested, both groups were given two sprayings. No lice have been found on the herd since, though about 90 animals have been added each year.

The second annual Ranch Management Conference of the Texas Section, American Society of Range Management, will be held in Abilene, May 17. The one-day meeting will be held in the Lytle Shores Auditorium with registration beginning at 9 a.m. and adjournment at 3:30 p.m. Purpose of the conference, accord-

ing to G. O. Hoffman, range specialist for the Texas Agricultural Extension Service, is to bring together ranchmen, technicians and others interested in ranch and range management in an effort to solve some of the problems facing the ranching industry.

The meeting, Huffman continues, will provide for discussions on the latest information on such important subjects as brush control, grazing systems, stocking rates, ranch investments, income tax problems on ranches, forage inventories, wildlife management, range reseeding, poisonous plant problems and others of concern.

Few people need to be told of the discomfort caused by poison ivy or

poison oak. And the time of the year when these plants are most dangerous is fast approaching, says G. O. Hoffman, extension range specialist, at Texas A&M College.

All parts of the poison ivy plant can cause skin inflammation but the sap is especially poisonous, says Hollman. Even small amounts of the toxins in its sap can cause dermatitis which can be transferred from one person to another. The smoke from burning poison ivy plants will also carry the toxins, he says.

A few simple precautions can avert much discomfort from poison ivy. First, don't come in contact with the plants and don't allow pets to run through them, as they may carry the toxins on their feet. Don't burn leaves that contain poison ivy plants.

Should you contact poison ivy, wash the contaminated areas with soap and water and be sure clothing is washed thoroughly before it is worn again.

During the last 10 years the number of dairy cattle in Texas dropped by one-half and the number of farms selling milk decreased the same amount. Yet the total production of the Texas dairy industry for the period remained at about 3 billion pounds of milk per year.

These changes in the Texas dairy business are reported in a new bulletin of the Texas Agricultural Experiment Station, MP-614, "Changes in the Texas Dairy Industry," goes on to say that the nation as a whole followed the same pattern of changes.

## Cheaper Way To Produce Cotton Asked

Cotton growers want congress to establish a research program to find ways of cutting the cost of producing the fiber.

Such a program, the growers have told congressional committees, might reduce costs by as least 11 cents a pound and make cotton more competitive with synthetic fibers and foreign cotton.

The proposed research program would involve control of insects and cotton diseases, reduced weed control and mechanization costs, improved fruiting and yield, and improved ginning-marketing-mill processing.

If production cost could be cut by 10 cents a pound, growers contend, U. S. cotton could:

Be priced to compete in world markets without the present 8 1/2 cent-a-pound export subsidy; discourage additional foreign production; and recapture markets lost to synthetics.

Also, as markets expanded cotton acreage could be expanded and the cost of the government cotton program would be cut, possibly eliminated.

To start the research program the industry is asking congress to appropriate \$9.5 million for the year beginning July 1. Of this 6.25 million would finance construction of five laboratories and \$3.25 million would be for research grants.

Jan and Jill Forest, daughters of Mr. and Mrs. Dean Forest, spent the weekend with their grandparents, Mr. and Mrs. James Jones.

Spending the weekend with Mr. and Mrs. Eugene Byrd and son were Mrs. Bryd's parents, Mr. and Mrs. E. W. Newton of Floydada, Mrs. Floyd Lynch of Floydada, Mr. and Mrs. Leonard Moore and girls of Lockney, Mr. and Mrs. W. L. Hollums and Carl Ray, and Mr. and Mrs. W. B. Hollums, all of Midland.

J. R. Williams, pastor of the Courtney Baptist Church, stated that a missionary from Nigeria will speak to the congregation at the Courtney Baptist Church during the morning service on May 19.

The Missionary is Miss Sarah Lou Hinley. She is home on furlough from Nigeria. Her home is at Lamesa.

Miss Hinley teaches English and Bible in the girls high school in Arbor, Nigeria.

Rev. Williams invites everyone to attend the services.

Mrs. Bill Clements of Franklin, spent several days last week with Mr. and Mrs. James Jones. Mrs. Clements was accompanied by a friend, Mrs. Monty Bennett.

Spending Mother's Day with Mr. and Mrs. Ellis Britton were her parents, Mr. and Mrs. James Jones, and her sister and family, Mr. and Mrs. Dean Forest of Big Spring.

Spending Mother's Day with Mr. and Mrs. J. D. House were Mr. and Mrs. Leo Payne and Philip, Mrs. C. D. Payne, Mr. and Mrs. J. M. Payne, Mr. and Mrs. Jay Dee House and boys, Frances House of Midland, Mr. and Mrs. Jerry Don Parum and baby, and Mr. and Mrs. Darrell Payne and children.

## Work Begins To Restore Ruins At Old Fort Davis

The assignment of Charles Woodbury of Petaluma, Calif., as resident architect at Fort Davis National Historic Site, marks the beginning of restoration work on the old Army post in the Davis Mountains. Shortly after his arrival in March, Woodbury began emergency stabilization work designed to prevent further deterioration of the old buildings and also began drawing up plans for the first phase of the restoration work. A contract is expected early this summer for roofing and porching about half the buildings.

Fort Davis National Historic Site became a unit of the National Park System in January following study by historians of the National Park Service and evaluation by the National Parks Advisory Board. Bills introduced in Congress by Sen. Ralph Yarborough and Rep. T. J. Rutherford in 1961 were enacted to authorize addition of the site to the National Park System.

Fort Davis represents one of the best surviving examples of the typical frontier fort of the 19th century. This was recognized by the citizens of the town of Fort Davis who worked for years to have the old fort preserved by the federal government.

Michael J. Becker, the first superintendent of the site, moved to Fort Davis in January. He was formerly superintendent of Tumacacori National Monument, Ariz., and earlier served at the Blue Ridge Parkway in Virginia. Na-

tional Park Service Historian Erwin N. Thompson reported March 31, having transferred from Whitman Mission National Monument, Washington. Park Ranger Robert D. Dunningan was expected to move from Banderier National Monument, N. M., in April.

There are more than 25 buildings standing at Fort Davis in varying stages of decay. The National Park Service plans to stabilize, and in some cases restore, these buildings in order to save them from imminent collapse.

The long and dramatic history of Fort Davis will be portrayed in a museum to be erected at the site, with exhibits prepared by the Western Museum Laboratory of the National Park Service in San Francisco.

This history began in 1954 when General Persifer F. Smith, commanding the Department of Texas, selected the site on Limpia Creek as the location for a fort. It was designed to guard the road from San Antonio to El Paso. Stagecoaches, immigrant trains, and freighters had suffered repeated attacks from Apache and Comanche war parties raiding southward from their homes in New Mexico and Oklahoma.

The fort was built and garrisoned by Lt. Col. Washington Seawell and six companies of the 8th U. S. Infantry. The first buildings, located in a box canyon, were rude structures of upright pine slabs that rapidly deteriorated. The troops lived in these until the outbreak of the Civil War, when the fort was abandoned by federal troops and occupied for a short time by a Confederate company of the 2nd Texas Mounted Rifles. During this brief period occurred the famous Mays Massacre, in which a detachment of 14 men under Lt. Reuben E. Maws was wiped out by Apaches under Chief Nicholas.

Federal troops under Lt. Col. Wesley Merritt, famed Civil War cavalry general, returned to Fort Davis in 1867 and built a new fort of stone and abode at the mouth of the canyon in which Col. Seawell's fort had been located. It is the buildings of this second post that are to be seen at the site today.

For 15 years after 1867, Fort Davis was garrisoned by negro

soldiers of the 9th and 10th Cavalry and 24th and 25th Infantry. Arduous scouting, patrolling and skirmishing finally reached a climax in 1879-80 with the outbreak of the war with the skilled Apache chief Victorio. Under Col. Benjamin H. Grierson, the troops from Fort Davis fought Victorio's warriors in the deserts west of the Davis Mountains and finally drove them across the river into Mexico, where Victorio was killed by Mexican soldiers.

The last decade was routine. The railroads came and cattlemen filled the country. The frontier moved on, and Fort Davis was no longer needed. It was abandoned in 1891.

## Courtney Baptist To Hear Nigerian

J. R. Williams, pastor of the Courtney Baptist Church, stated that a missionary from Nigeria will speak to the congregation at the Courtney Baptist Church during the morning service on May 19.

The Missionary is Miss Sarah Lou Hinley. She is home on furlough from Nigeria. Her home is at Lamesa.

Miss Hinley teaches English and Bible in the girls high school in Arbor, Nigeria.

Rev. Williams invites everyone to attend the services.

Mrs. Bill Clements of Franklin, spent several days last week with Mr. and Mrs. James Jones. Mrs. Clements was accompanied by a friend, Mrs. Monty Bennett.

Spending Mother's Day with Mr. and Mrs. Ellis Britton were her parents, Mr. and Mrs. James Jones, and her sister and family, Mr. and Mrs. Dean Forest of Big Spring.

Spending Mother's Day with Mr. and Mrs. J. D. House were Mr. and Mrs. Leo Payne and Philip, Mrs. C. D. Payne, Mr. and Mrs. J. M. Payne, Mr. and Mrs. Jay Dee House and boys, Frances House of Midland, Mr. and Mrs. Jerry Don Parum and baby, and Mr. and Mrs. Darrell Payne and children.

## High School News

The students in the school system are entering their last week of school activities for the current year. Final exams will be given next Tuesday afternoon, Wednesday, and Thursday.

The juniors and seniors had a wonderful time at the Junior-Senior Banquet Saturday night, May 11, at the Caravan Motor Hotel. The juniors did a good job of planning the program and decorating the banquet room.

A representative from the Marine Corps spoke to the boys in the junior and senior classes Tuesday. The man told the activities and opportunities offered to Marines.

The annuals will arrive some time this week. They will be issued at the annual party. This party will be given at the high school.

The FFA will sponsor a jamboree show in the auditorium at 8:00 a.m. Friday, May 17. Admission will be 50 cents and \$1.00.

School will be dismissed early next Wednesday and Thursday. Students will get out at 2:30 on both days. Report cards will be issued at 11:00 a.m. on Saturday, May 25.

Baccalaureate services for the seniors will be Sunday night, May 19 at the high school auditorium. Speaker will be C. R. Mathis, pastor of the Lenora Baptist Church.

Commencement exercises will be Saturday, May 25, in the high school auditorium. For you seniors your high school days will be over.

The seniors will leave on their trip on Sunday, May 26. They are going to Six Flags Over Texas, between Fort Worth and Dallas. The seniors will return to Stanton Monday night.

Herb Sorley, student at Howard Payne College, was home over the weekend visiting with his parents, Mr. and Mrs. Floyd Sorley.

Mrs. Annie Thomason spent the weekend with her daughter and family, Mr. and Mrs. Tom Estes, near Lamesa.

Spending Mother's Day with Mr. and Mrs. John Pinkston were Mr. and Mrs. T. W. Angel, Mr. and Mrs. Terrell Pinkston and boys of Brownfield, Mr. and Mrs. Bill Williams and children of Midland.

### YESTERDAY'S INSURANCE

... may have protected yesterday's home, but it won't do the job today. Here's why:

- Building costs continue to rise, boosting the cost of home repairs or replacement.
- Additions and improvements may have further increased your home's value.
- Property insurance has been constantly improving. Broader coverages are being offered at "package discounts."

So don't rely on yesterday's insurance to guard today's home and furnishings. See or call us today for an insurance check-up, without cost or obligation.

### EILAND INSURANCE

103 W. ST. ANNA SK 6-3481

Ready? First one to the garage gets the Comet!

That's the way people feel about Comet; it's fun to drive! Handles like a dream; all the power you want; especially with its great V-8! This car's really got it!

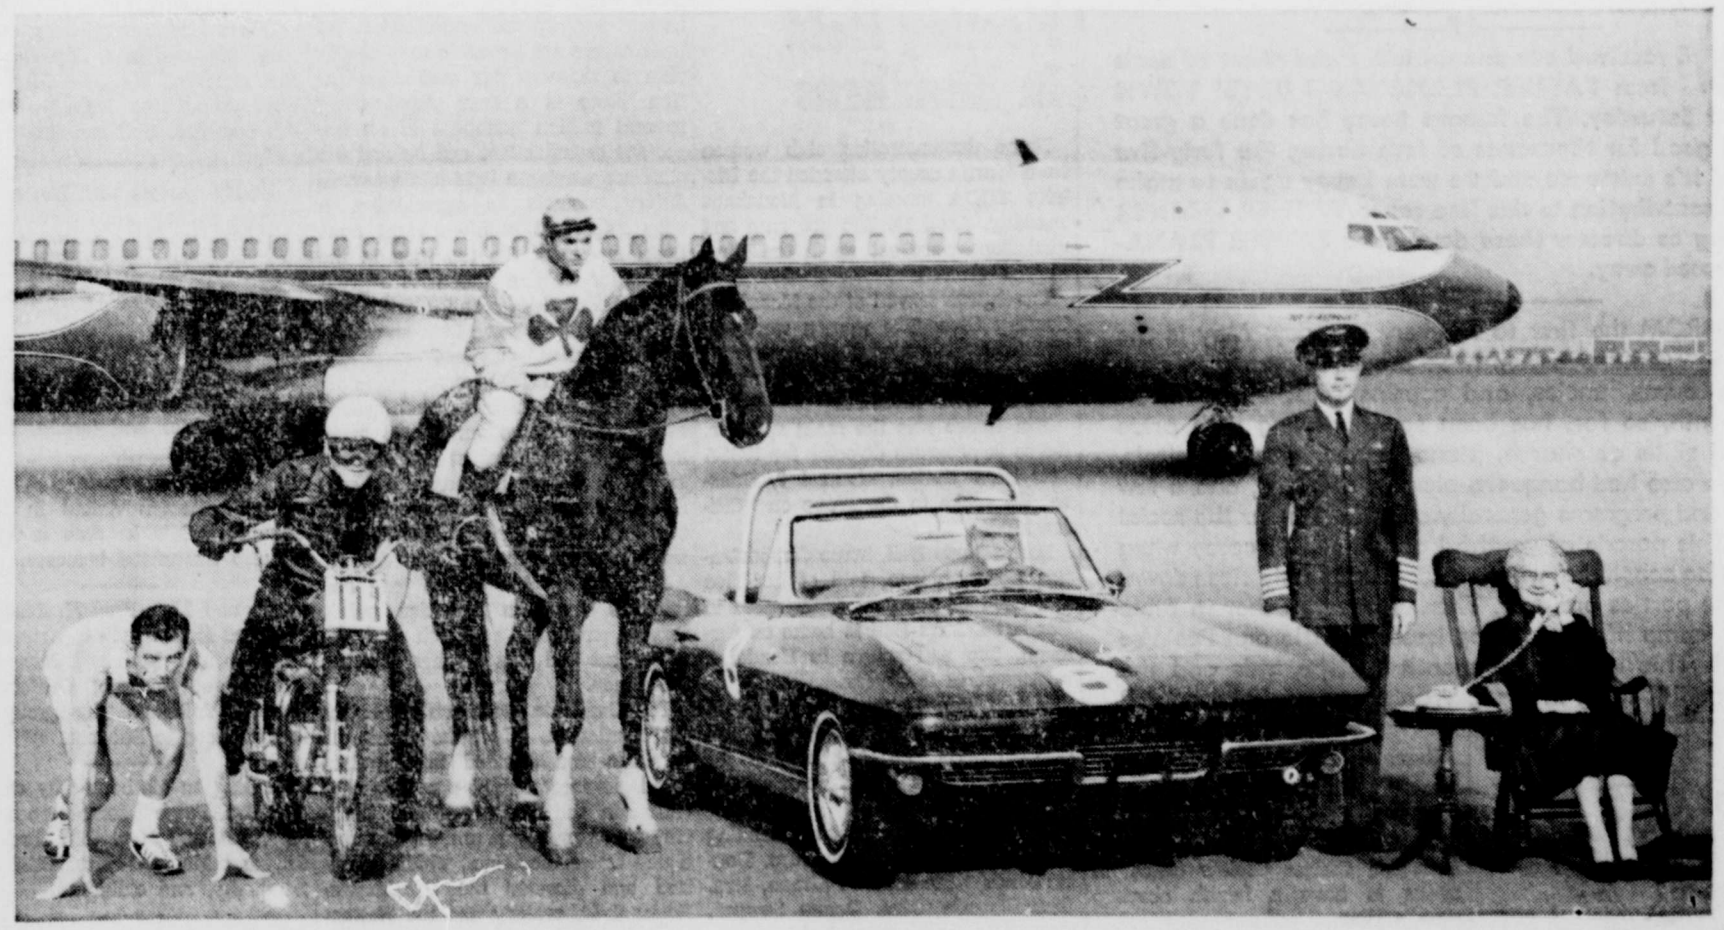

## MERCURY COMET

- Thrifty 6 or great V-8... either way you're goin' great!
- Longest wheelbase of any compact... rides smoother!

Who says you can't afford a new car? Come in right now... and we'll make you the greatest deal ever on a great new Comet! See you tonight!

### Long Motor & Equipment Company

100 SOUTH ST. MARY STANTON, TEXAS

### SPEED MERCHANTS!

...The little lady will pass them all with her bedroom telephone...every time!

Across town or across the continent, there's no faster way to get from one place to another than by telephone. Just spin the dial and seconds later you're talking.

This almost "instant" communication is made possible by a continuous flow of service improvements.

Modern equipment automatically guides your call to its destination. If one voice pathway is busy, electronic equipment routes your call another way — in fractions of a second.

These and many other improvements add up to greater speed, convenience and reliability. Our never-ending goal is to improve your telephone service and make it more valuable to you.

Making telephone service better to serve you better
