County Observing Farm Safety Week

Farm Bureau Spearheading Annual Event

County Judge Jim McCoy has officially proclaimed July 21-27, 1963, as FARM SAFETY WEEK in Martin County according to E. B. Howard, president of the local county Farm Bureau.

President Kennedy and Governor Connally have previously designated that week on national and state levels as a period to call attention to worth-while safety practices that can reduce disabling injuries and death.

The county farm leader said that farm accidents have been reduced in the past few years; however, farmers cannot afford to let down their guard against accidents. He emphasized that farming remains one of the most hazardous occupations in America today.

In his official proclamation, County Judge McCoy said: "All the citizens of Martin County are concerned about the safety and well-being of farm families from whom we receive our abundance of food and other essential agricultural commodities."

"Farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year. Farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state and nation. Throughout this special week, a statewide farm accident prevention (Continued on page 4)

Publisher Dies At Denver City

The publisher of the Denver City Press, Cal Snyder, 41, died of cancer Monday.

He had undergone an operation at Lubbock three weeks ago, then returned to his business, but was forced by illness to enter the Yoakum County Hospital Wednesday.

He was in business with his brother, Gene Snyder, who publishes the Morton Tribune at Morton.

Survivors include the widow and a son, David, who is a junior in high school at Denver City.

All civic leaders and interested persons are invited to attend the meeting.

Plans will be made to have a survey of the town made during Fire Prevention Week in October. The association hopes that after the survey is completed, the key rate will be lowered, which would place the town in a lower insurance group.

Members of the Association of Independent Insurance Agents are Paige Eiland, Jimmy Stallings, and Clayton Burnam.

Funeral services were held Friday, July 12, for Mrs. Louetta Phillips, 83, who died Wednesday, July 10, at 9:50 p.m. in the local hospital.

Mrs. Phillips, a resident of Colorado City, had been in Stanton for (Continued on page 4)

Roy Mitchum Speaks To Methodist Men

The Methodist Men met Monday night, July 15, at the First Methodist Church. Cecil Bridges, president, was in charge of the business meeting.

Roy Mitchum, of the First Methodist Church in Midland, spoke to the group on "A Better Understanding of Your Fellow Men." He was accompanied by Bob Baker, also of Midland.

Mrs. Warner To Head Rebekah Lodge

Mrs. H. C. Warner was installed as noble grand of the Stanton Rebekah Lodge 287, at a formal installation of officers Monday night at the IOOF Hall.

Mrs. Leroy Fincher was installed as vice grand.

In charge of the installation services were Mrs. H. F. Jarrett, district deputy president, and staff of John A. Kee Rebekah Lodge No. 153 of Big Spring.

Other officers installed for the ensuing term were: Mrs. C. S. Bevers, Jr., conductor; Mrs. Walter Graves, outside guardian; Mrs. Virgie Johnson, left supporter, noble grand; Mrs. Jeanie Burton, chaplain; Mrs. Walter Graves, musician; Mrs. Loyd Hastings, left supporter to chaplain; Mrs. John A. Wilkes, Jr., past noble grand; Mrs. Bobby Hanson, right supporter to the past noble grand; Mrs. Herbert Overby, left supporter to the past noble grand; Mrs. C. E. Christopher, right sup-

Services Held Friday For Mrs. Phillips

Funeral services were held Friday, July 12, for Mrs. Louetta Phillips, 83, who died Wednesday, July 10, at 9:50 p.m. in the local hospital.

Mrs. Phillips, a resident of Colorado City, had been in Stanton for (Continued on page 4)

4-H Dress Review Set For Tuesday

Martin County 4-H girls are making final plans for their annual County Dress Review to be held Tuesday, July 23. The review will be held at the Cap Rock Electric Cooperative auditorium.

The judging of the costumes will begin at 9:30 a.m. Tuesday. The girls will model their garments for the judges at this time. The girls are judged on the construction of the garment, general appearance, costume selection, accessories, poise and grooming.

The final program will be open to the public. The program will begin at 8 p.m. at the Cap Rock.

Mrs. Maxine Mays, home demonstration agent at Odessa, and Pauline McWilliams, home demonstration agent of Midland County, will judge (Continued on page 4)

Joe Pickle Speaks To Lions Club

The Stanton Lions Club met Tuesday at noon at the Belvue Restaurant. Bob Johnson, president, presided over the meeting.

Bob Deavenport, program chairman for the month, introduced Joe Pickle, editor of The Big Spring Herald, who spoke to the group. Mr. Pickle gave the history of the Colorado River Municipal Water District, and told of the plans of the proposed new dam to be built south of Colorado City.

The song service was directed by F. O. Rhodes, accompanied by Mrs. John Wood.

Twenty members and one visitor, Karl Peltier, minister of the Tarzan Church of Christ, were present.

Insurance Conference Slated Today

Stanton Association of Independent Insurance Agents, have called a public meeting for 2:30 p.m. Thursday, July 18. Les Bearss, assistant public director for Texas Insurance Advisory Association, will meet with the group.

All civic leaders and interested persons are invited to attend the meeting.

Plans will be made to have a survey of the town made during Fire Prevention Week in October. The association hopes that after the survey is completed, the key rate will be lowered, which would place the town in a lower insurance group.

Members of the Association of Independent Insurance Agents are Paige Eiland, Jimmy Stallings, and Clayton Burnam.

Funeral services were held Friday, July 12, for Mrs. Louetta Phillips, 83, who died Wednesday, July 10, at 9:50 p.m. in the local hospital.

Mrs. Phillips, a resident of Colorado City, had been in Stanton for (Continued on page 4)

Errant Couple Sent Home To West Virginia

Through the help of some public spirited Stanton citizens, the aid of Chief Johnny Murdock of the police department, the Chamber of Commerce, and the newspaper, an errant couple is speeding home to West Virginia.

The youthful couple, age 15 and 19, "got in with the wrong bunch" and found it out after they had been apprehended for forger.

An older couple actually performed the forging act at a local store and Midland officers made the arrest. The youthful couple, in tears, promised Chief Murdock that they would return directly to their home in West Virginia if transportation could be provided.

Chief Murdock contacted parents of the pair and assured them a one-way bus ticket had been provided and the ticket cannot be redeemed for cash — they used it to ride out of Stanton for their home.

"I am confident we have all aided a young couple to find a new start," Chief Murdock said.

Local FFA Boys To Attend State FFA Convention

Two members of the Stanton Future Farmers of America Chapter will attend the State FFA Convention in Lubbock, July 17-19, according to Larry Merrifield, president of the chapter.

The three day meeting of representatives of over 900 FFA chapters throughout the state will include the awarding of advanced degrees, scholarships and awards to outstanding members of the organization.

Members of the Stanton chapter attending the convention are Larry Merrifield and Jackie Hankins. Larry has been selected by chapter members as delegate of the Stanton chapter to the state convention. Jackie will serve as alternate delegate.

Among the important business to be transacted at the convention will (Continued on page 4)

City, County Join To Buy 40-Acre Dump Site

The City of Stanton and Martin County have joined in the purchase of an approximate 40-acre site east of Stanton to be used for a dumping ground.

Mayor Stanley Wheeler advised the newspaper this week that the land had been located, the price agreed on, and but for a very minor technicality, a public announcement could be made at this time.

He stated that Roy Pickett, local lawyer, was preparing the necessary papers for the transfer of the land to the city and county.

Pickett confirmed Wheeler's statement, and said that Roy Crim had

TOUCH OF PRIDE—Of all participants in the annual Martin County Old Settlers Reunion parade Tuesday, July 9, none was prouder than these. Each was born in Stanton, the county seat, at least 50 years ago.

FROM 52-COUNTY WEST TEXAS AREA—

Cotton Congress Meeting To Attract 200 Delegates

About 200 persons are expected for the Midland session of the twenty-fourth annual meeting of the American Cotton Congress from 9 a.m. until 3:30 p.m. Thursday at the Sands Motor Hotel on West Highway 80.

Charles Green, Midland County agricultural agent who is in charge of arrangements, stressed the session is a "once in a life-time chance for Midland area farmers to make one of these meetings without having to travel a great distance."

Every five years, the American Cotton Congress departs from its normal convention schedule and holds several one-day sessions in different parts of Texas. Midland was selected this year for the first time because of "its progressive farmers," Green said.

As the final session speaker, Green will review a cotton production de-

monstration program which has caught the attention of farmers throughout West Texas. Delegations from a 52-county area extending within a radius of 300 miles from Midland are expected.

"This meeting comes at a hard time for our own farmers, who are busy in the fields," Green commented, "but I hope as many as possible can attend, as well as

any other persons who have an interest in cotton."

The session, generally, will emphasize methods of lowering the cost of cotton production. Burriss Jackson, chairman of the American Cotton Congress, will make the opening statement.

Speakers for the morning assembly will be Charles A. Taylor of Fort (Continued on page 4)

Spraberry Discovery Completed In County

By JAMES C. WATSON
Gordon Knox & Associates of Midland has completed No. 1 University as a Spraberry discovery in extreme Northwest Martin County, 16 miles northwest of Tarzan.

On the 24-hour potential test it flowed 28.65 barrels of 43-gravity oil, plus 19 per cent water through a 12/64-inch choke and from perforations at 8,469-8,501 feet. Gas-oil ratio was 1,390-1.

The pay section has been treated with 2,500 gallons of acid and fractured with 60,000 gallons.

The project is 660 feet from north and west lines of section 42, block 6, University survey and six miles northwest of Spraberry production in the multipay Breedlove field.

A re-entry of the former Chambers and Kennedy and Zapata Petroleum Corporation No. 1 University, a 12,235-foot Devonian failure, which was abandoned in February, 1958, the discovery was cleaned out to 9,010 feet and 4 1/2-inch casing was set at that point for the Spraberry testing.

The prospect is 1 1/2 miles west of (Continued on page 5)

Rotary Club Meets At Noon Wednesday

The Rotary Club met at noon Wednesday. President Martin Gibson presided over the meeting.

The invocation was given by Owen Kelly.

Elmore Johnson presented the program. He spoke to the group on parabars.

Beryl Clinton, superintendent of Stanton Schools, was introduced as a new member.

Ten members and one visitor, Bill Milam, Stanton High School coach, were present for the meeting.

By NEAL ESTES

Sen. Ralph Yarborough is having a difficult time avoiding a stand on the civil rights issue. But he's working overtime at it. The Texas Democrat, who has not murmured a word in favor or in opposition to the bill, it getting lots of press releases turned out by his office staff. But none have any bearing on civil rights. Among the releases this week were one on a bill to build a residence for pages working on Capitol Hill and another on a request for federal aid on the mysterious deaths of birds in East Texas.

Orville Freeman, Sect. of Agriculture, is spending a month's vacation in Russia. It has been reported from the Potomac Country that Freeman plans to inspect farming methods of Communists. It appears that Freeman is leaving a horde of needed farm legislation to die on the vine while he makes his trip. But since Freeman & Company took a lot of lumps over the Billie Sol Estes case, and then got knocked down by the nation's wheat farmers when they turned down his referendum, the old boy probably deserves a vacation. Everyone likes a little praise and Dear Orville can possibly find more "backers" of his wheat plan and ag policies over there in the land of the Bloody Bear than he can here in the good old U. S. A.

We received a message concerning "midmorning hunger" in our mail this week. More and more people are falling into the habit of skippy breakfasting. Skip breakfast and by noon you have lost your appetite or else are afraid to eat for fear of being groggy all afternoon. Then for supper you eat the food that your body has been demanding all day. Now you go to bed and your supper is converted into fat rather than energy as would have been the case had you eaten properly during hours of greatest activity. An adequate breakfast pattern is essential. Midmorning hunger therapy, nutritionists say, calls for the "patient" to eat a solid breakfast. We must admit the authors of the press release mailed us know their business. We just couldn't make the day without a big breakfast. If we must miss a meal, it isn't going to be the first meal of the day. Our breakfast menu runs the scale. We like the works—juice—fruit—toast or biscuit—eggs, meat and coffee. We top this off with jelly for toast and East Texas ribbon cane or sorghum syrup when we have biscuit. The noon meal is the easiest for us to skip.

In hot and cold weather — in all four seasons—subscriptions continue to roll into the official Martin County newspaper. We wish to acknowledge with gratitude and appreciation these new and old subscriptions from our readers.

Urban Renewal Meeting To Be Held July 23

A meeting to discuss the pros and cons of Urban Renewal will be held in Stanton at the courthouse on Tuesday evening, July 23, at 7:30 p.m. Announcement of the meeting was made by the Stanton municipal council.

The meeting will take the form of a public information session and a question and answer period will follow those who will be present to

discuss the program.

It is expected that Urban Renewal authorities from two or possibly three major cities will be present to interpret the workings of the program.

A few days ago, the Stanton council, voted to hold a special election. The people will have an opportunity to ballot affirmative or negative on the referendum to be submitted.

The date for the election is due to be scheduled following the meeting to be held in the city on the evening of July 23.

Interested taxpaying and property owning citizens have been invited and urged to be present by city officials.

Urban Renewal is already in operation in Stanton. Renewal Adminis-

Hospital Meets Payroll; Will Continue To Operate

A hastily called meeting concerning the possible closing of the local hospital due to the fact that money was short to pay off the help, was held here last Friday night in the courthouse.

The crisis call was made by County Judge Jim McCoy, after he was advised by Dr. J. M. Shy and Dr. Leland Nelson that the labor payroll could not be met unless some outstanding accounts were quickly collected.

Two county commissioners were absent at the meeting. Two were present and expressed surprise at the

quick assembly of about 100 people, mostly from Stanton, who met to give assistance to any logical plan that could be worked out between the county officials and the doctors who have the hospital facilities under lease for \$1 a year.

Martin County owns and maintains the hospital building and equipment, including an air-conditioning system, x-ray facilities, and pays \$600 a month for care of indigent people to the hospital.

A private non-profit corporation, leases the hospital for one dollar a year. The plant is reported to be

worth more than half-million dollars.

Dr. J. M. Shy, Dr. Leland B. Nelson and District Judge Ralph Canon, are the three persons making up the corporation.

Under state law the county cannot subsidize the hospital. The law concerning such action was explained at the meeting by County Attorney Roy Pickett.

County Judge Jim McCoy stated that he called the meeting after news of the lack of payroll money was relayed to him.

County commissioners W. W. Atchison and Mason Coggin attended the meeting in the courthouse. Commis-

sioners Sam Cox and Joe Froman were unable to attend the sudden session.

Several interested people spoke concerning the hospital. No criticism, either of hospital facilities furnished by the county, nor of the professional care given patients by the doctors and staff was voiced at the meeting.

The entire affair must necessarily, by Texas law concerning contracts, and considerations, be worked out in the commissioners court between who ever they choose to lease the hospital to and the county commissioners.

Health And Safety Tips

From The American Medical Association

There will be an eclipse of the sun visible all over the United States on Saturday, July 20.

DON'T LOOK AT THE ECLIPSE unless you have first obtained expert guidance on how to do it without injuring your eyes.

Ophthalmologists (medical eye specialists) know that with each recurring eclipse of the sun they can anticipate cases of serious eye damage, even blindness.

Dark sun glasses are no protection. There are **NO FILTERS** generally available that make safe viewing of an eclipse possible. This includes the sooted glass that many people once believed safe. Even heavy welders' glasses do not protect.

Telescopes and binoculars trained on an eclipse are particularly dangerous. They magnify and intensify the burn. **DON'T PHOTOGRAPH THE ECLIPSE** unless you are an experienced professional. Looking into the viewfinder of a camera pointed at the sun is highly dangerous. Even special filters don't help, unless they are chosen with great care.

Most people, **ESPECIALLY CHILDREN**, don't realize that less than one second's exposure to the direct rays of the sun can, under some circumstances, cause permanent blindness. There isn't even necessarily any immediate sensation of pain before the damage is done.

The only safe method of watching an eclipse is by the "projection method." That is, the viewer looks at an image of the eclipse, rather than at the eclipse itself. The image is projected onto a white surface and the observer, **WITH HIS BACK TO THE SUN**, watches the image.

Most of us have set fire to a piece of paper by focusing the rays of the sun through a magnifying glass. It is this same burning power that damages the retina of the eye in eclipse blindness. The sun's rays are brought to focus on the interior of the eye by the optical system within the eye.

In fact, the safest way to view the eclipse is on television or through photos in magazines and newspapers. Unless you obtain professional advice from an expert — an ophthalmologist, astronomer or optical scientist — don't look at the eclipse.

It's time again for that first sunburn of the season. Here's how to do it. Go to the beach or pool on the first hot day. Stay all day in the sun in your swim suit, particularly through the noon hour, when the rays are most penetrating. Don't bother with protective lotions. It really is easy to get a painful, almost crippling burn. If you stay out long enough, you can ever get a deep third-degree burn.

The Exchange Desk

STAMFORD AMERICAN: "Petitions bearing signatures of several hundred persons were presented the city council Friday in protest of the proposed plan to make a recreation charge at Lake Stamford."

THE FOARD COUNTY NEWS: "Mayor Henry Black and City Councilmen Recie Womack, Robert Kincaid and Leon Speer, attended the Greenbelt Municipal and Industrial Water Authority meeting in Childress on Friday of last week, Dr. S. H. Townsend of Childress, president of the Greenbelt board of directors, discussed the Greenbelt reservoir with the Crowell men and invited the City of Crowell to become a member of the authority."

THE MEMPHIS DEMOCRAT: "The Hall County Commissioners Court sat in regular session Monday morning, and passed an order eliminating two voting precincts. It was explained that this was effected by the court decision March 11 which changed the boundary between Precinct No. 1 and No. 2."

THE BIG LAKE WILDCAT: "Value of all taxable properties in the Reagen County Independent School District was increased by 25 per cent in a called meeting on June 25 when the board of trustees and the board of equalization met jointly, it has been announced by Supt. Ben Featherston. The board also set the tax rate at \$1.87 per \$100 valuation, a decrease of three cents under the rate of last year."

THE SLATON NEWS: "Salary increases for each of the three district judges serving Lubbock County were approved Monday at a meeting of the County Commissioners Court."

THE MUNDAY TIMES: "Every unmarked grave of a Civil War veteran in Knox County will be officially marked and recorded," Mrs. H. A. Smith, president of the Knox County Historical Survey Committee announced today."

THE FORT STOCKTON PIONEER: "Twenty-three fast moving and colorful and exciting acts comprise the Fort Stockton Water Carnival of 1963 to be staged at Comanche Springs Pool July 18, 19, and 20, and under the direction of Fleeter Eason."

ANDREWS COUNTY NEWS: "Two Andrews men died Monday night, victims of deadly crude oil fumes, as they worked inside a 130-barrel tanker trailer about 7:45 at Carruth Trucking Co. plant south of Seminole. Dead were John Byrd, 36, and David Howell, 30, co-owners and operators of Globe Kote Inc. of Andrews narrowly escaping death was Sammie Webb, Seminole volunteer fireman."

THE WINK BULLETIN: "Winkler County Judge W. E. Cook has received word that construction of a new Federal Aviation Agency Flight Station at Winkler County Airport has been authorized by the Federal Aviation Agency."

DENVER CITY PRESS: "A delay in the arrival of the general manager of Care Homes, Inc., of Fort Worth, has delayed a meeting of the Chamber of Commerce industrial committee until Friday, July 12, at 5 p.m. but the plans to get a nursing home underway in Denver City will be launched at that time."

Bible Comment—

Man Is A Partner In Concept Of Creation

The foundation of a great religion was laid when man dared to conceive of himself as made in the image and likeness to the God who made him. Here was spiritual insight, the full significance of which we can appreciate when we see the type of religion that had man cowering before the forces of nature, or bowing down to grotesque idols.

The writer of Genesis saw man in God's image, with dominion over lesser creatures and with dominion over his world.

In this view of man that is demonstrated throughout the centuries. Man, like God the Creator, is himself a creator.

He has conquered seas and oceans; he has bridged great rivers and chasms; he has ascended high mountains and delved far into the depths

of the earth. In spite of the limitations of human weakness, we see man as exercising dominion.

God who created man is on the side of man to help strengthen him.

Man, consecrated to God, may live a life of faith above fear and anxiety. To seek first the Kingdom of God and His righteousness is to establish all of life upon an unshakable foundation.

It is the tragedy of our times that God-like man should choose to make himself so devil-like, destroying where the whole purpose of God and of man at his best is to create and build.

The Bible is a great revelation of what man and human society could be, if men fulfilled the character and destiny for which God made them.

Twenty Years Ago

W. F. Rogers is here from Abilene visiting friends.

Mrs. Fred Basham and two daughters of Houston, are visiting her mother, Mrs. Ann Davis.

In the special election following a called meeting of the Council, Mrs. R. J. Shortes of the Brown Club, and Mrs. Ross Petree of Stanton Club, were elected delegates to attend the Texas Home Demonstration Association meeting in Dallas, August 17, 18, 19. Mrs. E. L. Wade was elected alternate.

The Tarzan Baptist Church will begin a revival Friday, July 16. Brother Fields will do the preaching. Everyone invited to come.

Philosopher Put Out By Washington Official Who Finds Farmers' Handshakes Are Flabby

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw seems a little miffed this week, but he'll get over it.)

Dear editor: While it never has bothered me, some farmers I've been reading about are worried over the public image they present to the rest of the country.

As I understand it, some city people think farmers are getting richer because the price of food at the grocery store is so high, and some farmers think they ought to hire a public relations outfit to correct this and tell the true story.

Well, I've never had much trouble along this line myself, don't ever recall having a city man come out here to this Martin County grass farm asking for a loan, not even a newspaper man, but there is

Insect Guide Book Released

Revised guides for controlling insects on cotton and fruits and nuts have been released by the Texas Agricultural Extension Service.

"Texas Guide for Controlling Cotton Insects L-218 and "Texas Guide for Controlling Insects and Diseases on Fruits and Nuts," L-245, both emphasize the correct timing of insecticide applications for proper control.

The cotton guide explains that pests must cover the entire plant to kill insects and that growth which occurs after spraying is not usually protected from insects. It outlines the control program for 1963 as early season control, late season control, and early stalk destruction and farm cleanup.

The leaflet also discusses treating seed or the soil with systemic insecticides at planting time, when to apply insecticides, and three-way insecticidal mixtures. Recommendations for the control of the many cotton insects are given in chart form.

The fruit and nut guide, L-245, says that the health and vigor of the trees, as well as the quality of the fruit they produce, depend on a well-planned and well-executed control program. It states that losses due to insect and disease can be reduced by carrying out a spray program and by diligently following an orchard sanitation program. It also contains information on when and how to spray, spraying equipment, and some precautions on the use of insecticides and fungicides.

For more information on the control of insects and diseases on cotton and fruits and nuts, obtain these two leaflets from your local county agricultural agent or write the Agricultural Information Office, College Station, Texas.

Campers Embark For Boulder Site

A Stanton youngster and 16 young Midlanders left Midland Friday to spend four weeks at Camp Rojan, Boulder, Colorado.

Debbie Nelson, daughter of Dr. and Mrs. Leland B. Nelson attending from Stanton.

Those from Midland include: Robin, Billy and Paul Rutter; Kathy White, Jack Hightower, Catherine, Sally and Nancy Zoller, Tag and Claudia Webb, Kathy Dunn, Stanley and Sam Weiner, Barbara Beverly and Olie Olsen.

Questions And Answers

Q—If I borrow on my GI insurance policy, must I repay a specified amount every month?

A—No. While it is desirable to repay the amount borrowed as soon as possible to save interest charges and to return the insurance principal to its full value, there is no required repayment schedule.

Q—If I should remarry, in addition to losing my widow's pension, will my Government Insurance proceeds cease?

A—Your remarriage will have no effect upon your receipt of GI insurance proceeds.

Q—I recently retired with 20 years of enlisted service. Is it true that I have until January 31, 1965, to start my schooling under the Korean GI Bill?

A—January 31, 1965, is not the last day to START schooling but the day

that Korean GI Bill schooling benefits come to an end. Thus, only a year a half remain to take advantage of this program. However, you should consult your nearest VA office since individual eligibility expires after the first discharge or release upon which you would have been eligible for complete separation from active service. Immediate re-enlistment without loss of service time does not extend this three-year deadline.

Elizabeth and Donna Ward, daughters of Mr. and Mrs. Elvin Ward, spent last week in Beaumont, visiting with relatives.

Mrs. Floyd Sorley is home from Sul Ross College, where she has just completed a six weeks course at the college.

Mr. and Mrs. Stanley Barnes and children, The Laymon Bakers, Richard Barnes, and Linda Louder spent Sunday at Lake Colorado City.

Marsha Bristow

Engagement Told At Stanton Tea

The approaching marriage of Marsha Bristow to Hughlyn Todd was announced at a tea given in her honor Saturday in the country home of Mrs. Leo Turner. The wedding has been set for 6 p.m. September 7 in the First Baptist Church.

The bride is the daughter of Mr. and Mrs. P. M. Bristow. Her fiancé is the son of the Rev. and Mrs. E. A. Todd of Haskell, former residents of Stanton.

Receiving guests with Mrs. Turner and Miss Bristow were Mrs. Bristow, Mrs. Todd and Mrs. David Hamblin, sister of the bridegroom-elect.

The tea table was laid with a white silk cloth overlaid with organza and centered with a silver urn of white stock and roses. Silver

punchbowl and appointments were used on the table. Satin banners on the table in moss green, the bride's chosen color, revealed the wedding date.

Jean Mott of Stanton registered the guests. Other members of the house-party were Gay Gates of Stanton; Mrs. Kenneth Yates and Mrs. Ronald Hubbard, both of Lubbock, and Mrs. Bill Lane of Lamesa.

Hostesses were Mrs. Elmer Long, Mrs. Glenn Brown, Mrs. Glen Gates, Mrs. Bob Latimer, Mrs. Stanley Reid, and Mrs. Turner.

Two hundred guests registered from Midland, Big Spring, Odessa, Lamesa, San Angelo, Lubbock, Tornillo, Haskell, O'Donnell and the Stanton area.

Purcell Sees Little Likelihood Of Wheat Bill

Rep. Graham Purcell, D-Texas, says it doesn't appear likely now that Congress will enact new wheat legislation this year.

He made this comment after a closed-door meeting of a House agriculture subcommittee of which he is chairman to discuss the possibility of a new wheat measure to deal with the 1964 crop.

The nation's wheat farmers in a May 21 referendum turned down by a heavy margin the administration's wheat program calling for sharp controls under a two-price program.

As a result, farmers are free to plant any wheat acreage they desire for the 1964 crop. Secretary of Agriculture Orville Freeman has predicted that wheat prices will drop next year. Wheat is supported at \$2 a bushel for the 1963 crop, but this won't apply to 1964 wheat.

Purcell set hearings for July 22 and 23 to hear witnesses on Republican-backed bills to tie 1964 wheat into the voluntary feed-grain program for next year.

1963 Cotton Acreage Dips

The Agriculture Department reported Monday this year's planted cotton acreage totaled 14,856,000 acres, down nine per cent from last year.

Texas acreage was 6,250,000, down 9.7 per cent from the 1957-61 average.

This reduction was in compliance with a federal control program to keep a cotton surplus from becoming larger.

The department made no forecast on production. First estimate will be made August 8. Should the yield per planted acre be as good as last year, the crop would be about 13,073,000 bales of 500 pounds gross weight. The 1962 crop was 14,867,000 bales.

Because of a slump in exports and domestic usage, the department set mandatory controls at 16,300,000 acres or 2,000,000 less than in 1962. In recent years, the planted acreage has fallen short of the allotment because some growers do not use their full shares.

Trends In Food Costs

Lower prices for soft fruits are features at Texas food markets this week, reports the Agricultural Marketing Service.

Peaches, plums, nectarines, apricots and bananas were slightly lower. Supplies increased.

Heavy holiday demand absorbed watermelons already in trade channels, so new shipments brought higher prices than a week ago.

Offerings of seedless grades were plentiful and prices declined. Red grapes moved in volume.

Limited supplies of sweet red cherries pushed prices higher. Mangoes from Mexico and blueberries from Middle Atlantic areas were among the specialty items.

Listed as good buys were okra, tomatoes, onions, squash, potatoes and cabbage.

Meat counters featured special prices for large turkeys, broiler-fryers and some beef cuts. Pork moved higher as hog prices hit \$18 per 100 pounds again.

Eggs and some dairy foods trended slightly higher due to summer heat.

Mr. and Mrs. Richard Adkins and Mr. and Mrs. Kenneth Yates and Todd were in Duncan, Oklahoma, over the weekend for a family reunion.

Mr. and Mrs. Lolie Badgett and Tami spent the weekend in Duncan, Oklahoma, attending a family reunion.

Visiting last week with Mrs. H. R. Caffey, and Mrs. J. C. Scott, was their sister, Mrs. O. R. Smith of Big Spring, and Mrs. Smith's daughter, Mrs. Pherlow Grisson of Hopeville, Virginia.

38 Enrolled For Drivers Ed Course

Thirty-eight high school students enrolled for the Drivers Education Course which began Monday, July 15, at 8 a.m. at the High School. Classes are conducted each week day from 8 to 10 a.m. The students will begin off-the-street driving Monday, July 29, after the morning classes.

The members of the class will be given a restricted license after completing the 30 hours of class instruction and passing the written examination given by the Driver's License Division of the Department of Public Safety. This license entitles the student to drive a car with another licensed driver as a passenger in the front seat with the student.

After completing six hours of driving a car and six hours of observing another driver, the students are ready to apply for the driving test, which is given by an officer of the Driver's License Division of the Department of Public Safety.

The classes are being taught by Bill Milam and Doyle Edmiston. One half credit is awarded each student completing the course.

The Brotherhood of the First Baptist Church of Knott heard R. B. Reeder of Big Spring, when it met Monday night with Bruce Parker presiding. Fried chicken was served during the supper hour.

RA Camps Conducted This Week

The District Eight Royal Ambassador Camps are being conducted this week at the District Eight Encampment grounds north of Stanton.

The Crusaders and Pioneers camp began Monday and concluded Wednesday afternoon. This camp was for boys from nine to 12 years of age.

The Ambassador camp begins today, Thursday, and closes Saturday night with a District Brotherhood meeting.

The director of the camp is Clifton Igo. The camp pastor is Roy Edgmon. The missionary is Dr. E. M. Howell.

The boys participate in recreation, which includes swimming and games. They also have competitive sports. The boys began each day with general assembly. Other activities include the missionary message, group training, and worship services under the tabernacle.

Fourteen boys from the First Baptist Church attended the first session of camp for the junior boys.

Youth Camp Held At Encampment

The District 8 Baptist Youth Retreat was held last week at the Baptist Encampment grounds. The retreat began Thursday and dismissed Saturday at noon.

Mrs. E. M. Howell of Nigeria, was the missionary guest; Tommy Jones, pastor of Northside Baptist, Midland, was camp pastor, and DeWayne Richardson, music-youth director, First Church of Seagraves, was in charge of the music.

Specialties included Talent Time on Thursday and a play Friday by Abilene's Hardin-Simmons drama department, in charge of Ralph Perkins, field director.

Conferences were scheduled for 10 a.m. and 6:30 p.m. When your Bible knowledge is inadequate was taught by H. W. Bartlett, First Church, Colorado City; when your world is lost, Mrs. E. M. Howell; when your standards are confused, Dr. Jimmy Nelson, Second Baptist of Odessa; when you choose a college, Dr. Nell McElroy, president of College of the Southwest, Hobbs; when cupid strikes, Art Brewer, Customs Kitchen, Inc., Lubbock; when it's the good ole summertime, Ken Crickett, education youth director, First Baptist, Denver City.

Those attending from the local church were Lila Phillips, Ray Loudon, Mike Wilson, Taylor Etchison, Evelyn Doyle, Linda Doyle, Robert Renter, Linda Caffey, Beverly Clements, and Mike Hall.

County - - -

(Continued from page 1) and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Texas Safety Association and the Martin County Farm Bureau with the theme "Inspection plus correction Equals protection."

County Farm Bureau President E. B. Howard said that a different phase of safety would be emphasized each day during the week: Sunday — reverence for life; Monday — safety begins at home; Tuesday — agricultural chemicals; Wednesday — prevent falls; Thursday — rural highway safety; Friday — farm machinery; Saturday — recreation safety.

County Farm Bureaus are becoming increasingly active in safety work, President E. B. Howard said. This is evidenced by the County Farm Bureau cooperating with the Texas Farm Bureau Safety Department in sponsoring and conducting safety education demonstrations in high schools all over the state as well as participating in fire extinguisher and auto safety seat belt projects.

The county farm leader said that in six years of sponsoring and conducting the safe driving demonstrations, some 170 different county Farm Bureaus have staged the program in 566 high schools across the state. About 145 county Farm Bureaus have sold over 6,000 pressurized dry chemical fire extinguishers and some 1,600 auto safety seat belts, Howard continued.

Increased emphasis is being placed on fire prevention and protection by Farm Bureaus across the state. County Farm Bureaus from all parts of the state are sponsoring members of local volunteer fire departments as students attending the annual Firemen's Training School at Texas A&M held during Farm Safety Week, July 21-26. Farm Bureau is paying \$45 of the \$50 registration fee, lodging and meals for each of 110 volunteer firemen sponsored.

The Farm Bureau will also pay any local organized fire department for answering calls outside the city limits to fight fires involving the property of Farm Bureau members carrying fire insurance with the Farm Bureau insurance company, he said. The amount of payment will be \$75 per call.

Another area of emphasis on fire prevention and protection is a new safety education demonstration to be conducted in high schools all over the state commencing with the 1963-1964 school term.

At one time Haiti was the most productive of New World colonies supplying Europe with all its sugar and France with his revenue.

First Baptist Plans Revival For August

The First Baptist Church will hold its annual summer revival, which will begin August 4 and continue through August 11.

Dr. C. B. Jackson of Dallas, will bring the messages. Dr. Jackson is a fulltime evangelist, devoting his work to preaching revivals.

Services will be held twice each day. Definite times for the services have not been made.

In preparing for the revival, an all night prayer meeting will be held Saturday night, August 3. The prayer meeting will begin at 7 p.m. Saturday and conclude at 7 a.m. Sunday morning. Different groups will come each hour to the church.

Rev. W. H. Uhlman is the pastor of the church. Robert Smith of Odessa, is the Interim of Music.

Snodgrasses Observe 70th Year Together

Mr. and Mrs. Mac Hillary Snodgrass, 8 W. 31st, San Angelo, celebrated 70 years of marriage recently with a party at their home.

The couple was married May 25, 1893, in Abbott with the Rev. Walker officiating. Mrs. Snodgrass is the former Elizabeth Segrest.

They are the parents of Mrs. Early Bell White, Phoenix, Ariz.; Lee Olan Snodgrass, Stanton; Mrs. Laura Shoemaker, Stanton; Mrs. Gertrude Warshaw, Roby; Mrs. Eva Marie Lineburger, Austin; Lewis Snodgrass, Midland; Mrs. Leona Brown, Austin; Mrs. Ruby Henry, Seneca, S. D.; and Mac Hillary Snodgrass, Jr., San Angelo.

They have 43 grandchildren and 61 great-grandchildren. Fifty-five guests turned out to honor the couple Sunday. Many spent the weekend in San Angelo for the event.

Mr. Snodgrass was born October 16, 1871, in Alvarado. His wife was born December 30, 1878, in Spring Hill. Mrs. Snodgrass enjoys sewing and making hooked rugs.

Urban - - -

(Continued from page 1) tration authorized a \$478,543 grant for a 123-acre neighborhood rehabilitation project in Northwest Stanton last year.

Last May, the agency made application for a \$65,325 loan to plan the second phase in South Stanton. This second phase would involve excavating a lake area and disposing of water, paving main streets, clearing substandard houses and relocating any displaced persons, landscaping and moving three cotton gins outside the city limits.

Services - - -

(Continued from page 1) the last six weeks, staying with her son, George Phillips. She was born April 10, 1881, at Nancy, Kentucky.

Services were conducted at 2 p.m. in the First Methodist Church. The Rev. C. R. LeMond, pastor, officiated, assisted by Brother Eugene Brown of the Assembly of God Church. Interment was in the Lone Wolf Cemetery, seven miles north of Loraine.

She is survived by five sons; Everett and Parker, both of Colorado City, Ernest of Odessa, Willie of Knott, and George of Stanton; two daughters, Mrs. E. R. Graham of Irvin, and Mrs. Pearl Cox of Ackerly; two sisters, Mrs. Carrie Shields of Garland, and Mrs. Matte Jones of Somerset, Kentucky; 10 grandchildren, and ten great-grandchildren.

Official Proclamation

By JIM McCOY, County Judge MARTIN COUNTY, TEXAS

WHEREAS all the citizens of Martin County are concerned about the safety and well-being of farm families from who we receive our abundance of food and other essential agricultural commodities; and

WHEREAS farm accidents result in over 150 deaths and thousands of disabling injuries in Texas each year; and WHEREAS farm accidents are responsible for needless suffering and incapacity, and greatly effect the economic well-being and progress of our agricultural population in our county, state, and nation; and

WHEREAS the President of the United States and the Governor of Texas have designated the period of July 21-27, 1963, as FARM SAFETY WEEK; and

WHEREAS throughout this special week, a statewide farm accident prevention and educational program will be undertaken by the Texas Farm Bureau, the Texas Farm and Ranch Safety Council, the Texas Agricultural Extension Service, the Safety Association, and the Martin County Farm Bureau with the theme, "Inspection plus Correction Equals Protection," and

WHEREAS records show a notable and steady decline in the number and rate of accidents among farm people as a direct result of such worth-while safety education program;

NOW, THEREFORE, I, JIM McCOY, County Judge of Martin County, do hereby designate the week of July 21-27, 1963, as FARM SAFETY WEEK and urge all farm families, persons, and organizations allied with agriculture to engage in a purposeful concerted effort to reduce further the number of farm, home, and highway accidents.

IN OFFICIAL RECOGNITION THEREOF, I hereby affirm my signature this 9th day of July, 1963.

(Signed) JIM McCOY, Martin County Judge.

Four Teachers Employed At Stanton Schools

Beryl Clinton, superintendent of the Stanton school, stated the School Board met Monday night, July 8, and hired four new teachers for the school system.

Jimmy L. Conner of Rising Star, has been employed as the junior high science teacher. Mrs. Mary Bruton of Abilene, will be the new fifth grade teacher.

John E. Butterfield will be the band director. Mr. Butterfield is formerly of Kermit.

Charles Worley of Canyon, will be the high school speech and dramatic teacher.

Mr. Clinton stated there is one more position to fill, the junior high girls coach. He stated applications are being considered for this position.

Cotton - - -

(Continued from page 1) Stockton, area farm management specialist for the Agricultural Extension Service; Dr. Luther S. Bird of College Station, plant pathologist for the Agricultural Experiment Station; Dr. J. C. Gaines of College Station, head of the Department of Entomology at Texas A&M, and Dr. Paul J. Lyerly of El Paso, research coordinator and superintendent of the experiment station there.

Dr. Donald E. Longnecker, agronomist for the El Paso experiment station, will lead off the afternoon assembly with a discussion of soil factors in cotton production. He will be followed by Lambert H. Wilkes, associate professor of agricultural engineering at Texas A&M, and Fred C. Elliott, cotton specialist for the Agricultural Extension Service, who will stress two phases of machine harvesting.

C. Of C. Assists
Green then will explain pioneering work done in Midland County to increase cotton yields through the control of parasitic nematodes and through use of trace element fertilizers.

The Midland Chamber of Commerce is assisting with arrangements for the session.

Mrs. Warner - - -

(Continued from page 1) porter to the vice grand; and Mrs. George Shelburne, Sr., left supporter to the vice grand.

Mrs. John Wilkes, Jr., was presented a past noble grand jewel.

Mrs. Hattie Bell Boland of Big Spring, sang two vocal selections. Miss Sammye Laws, financial secretary, was presented a certificate of merit.

The new noble grand, Mrs. H. C. Warner, distributed year books. Her emblem for the new term will be "Friendship, Love, and Truth"; her flower will be the talisman rose. Her scripture, Love Thy Neighbor as Thyself, and motto, "Do Good for Its Own Sake — Return Kindness for Hostility."

Refreshments were served. Sixteen members and nine guests were present for the installation service.

Visiting over the weekend with Mr. and Mrs. R. C. Vest and girls, and Mr. and Mrs. T. B. Hudson of Palestine, Mr. and Mrs. Preston Vest and son and Mr. and Mrs. Donald Vest, all of Lubbock, and Mrs. Eunice Crawford of Midland.

More Arrests In Gang Fight

Dan Saunders, sheriff of Martin County, said Thursday that he had mailed warrants to the sheriffs of Dawson and Howard counties for the arrest of Coy Ray Hatch and Bill Smith, for aggravated assault, and Dean Newsom for simple assault.

Hatch lives in Vealmoor as does Newsom. Smith lives in Dawson County near Ackerly. The three were involved with other youths in a gang fight on a county road near Ackerly last Sunday. One youth, Joe Salazar, Ackerly, was shot in the leg during the fight. He is in a Big Spring hospital.

Two other youths, Frank Salazar and Frank Ochoa, have been charged with aggravated assault in Martin County Court. Bond has been set at \$500 each and they have been released. Both live in Ackerly.

4-H Dress - - -

(Continued from page 1) the girls and the costumes. Mrs. R. P. Odom, Mrs. Billy Mims, and Mrs. J. A. Wilson will be in charge of the stage decorations.

Mrs. L. C. Hazlewood, Jr. and Mrs. Troy Bradshaw are in charge of the refreshments. Glen Reid, home economist student, will be narrator for the program.

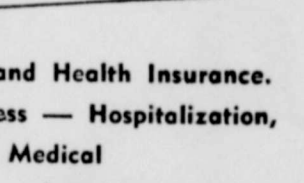

The first place winner of the junior and senior division will represent Martin County in the district dress review in Odessa on July 30. The winner of the senior division in the district review will go to the state dress review, which is held in Dallas in October.

Ray Briggs of Odessa, was a visitor in Stanton Tuesday.

Rev. Charlie Cox of Dallas, preached at the morning and evening worship services of the Tarzan Baptist Church Sunday.

Wayne Church and family of Silver City, New Mexico, visited over the weekend with his parents, Mr. and Mrs. Steve Church, and other relatives.

Mrs. Don Lilly of Big Spring, and Carolyn Wilborn of Ackerly, were recent guests in the home of Mr. and Mrs. James Jeffcoat of Knott.

Rites Are Solemnized In Vealmoor Church

Vealmoor Baptist Church was the setting for an exchange of nuptial vows by Miss Kay McBride and Lonnie Taylor. The marriage was solemnized Friday evening at 6 o'clock in a double ring service performed by the Rev. M. M. Crawford. Feathered mums and gladioli centered the altar and were flanked by fern and gladioli in smaller arrangements. Wedding music was provided by Mrs. Porter Hanks, pianist, who accompanied Miss Dixie Todd as she sang "I Love You Truly" and "Because."

The bride is the daughter of Mr. and Mrs. Otis McBride, Vealmoor, and Taylor's parents are Mr. and Mrs. W. C. Taylor of Ackerly.

The bride, given in marriage by her father, wore a day dress of white polished cotton and lace. The lace bodice was designed with sweetheart neckline and cap sleeves. The dress was belted with bow and streamers of polished cotton. The bridal bouquet, formed of feathered mums with detachable corsage of white carnations, was carried with a white Bible.

Miss Marie Graham of Ackerly, a cousin of the bridegroom, wore a pink, polished cotton sheath and carried a bouquet of white mums and carnations. Larry Taylor, the bridegroom's cousin, was best man.

Reception
The honored couple, the parents and members of the wedding party received guests in Fellowship Hall immediately after the ceremony. Mrs. Corky Kruse, sister of the bride, was in charge of the register.

The refreshment table featured a floor length, white taffeta cloth which was overlaid with nylon tulle detailed with eyelet beading, pink satin ribbon and bows. A pyramid of tiny tulle ruffles, interspersed with nosegays of pink rosebuds, was the centerpiece which was topped with figurines of a bridal couple. Tapestry ribbons, bearing the names of the bride and groom, were draped from the center of the table to the crystal candle holders and pink tapers. Silver and crystal appointments were used.

Miss Dixie Todd served the three tiered wedding cake which was white and embossed with clusters of pink confection roses. Frosted pink punch was served by Mrs. Eric Looney, sister of the bridegroom.

Out of town guests attending were Mr. and Mrs. Eric Looney and children of Dublin; Mr. and Mrs. C. T. Clanton, Abilene; Mrs. Charles Sisler, Tucson, Ariz.; Mr. and Mrs. M. M. Crawford, their children, Melvin, Aaron and Obie, and Mr. and Mrs. Corky Kruse and children, Jan, Perry and Sheila, all

of Ira. **Wedding Trip**
After a wedding trip to points in Central and South Texas, the couple will reside in Vealmoor where he is engaged in farming. For travel the bride chose a pale blue brocade cotton sheath, white patent accessories and the corsage from her bouquet.

She is a 1963 graduate of Sands High School. Taylor is a 1962 graduate of SHS.

Girl Scout Activities

Martin County Girl Scouts will be returning home today, Thursday after completing the fourth session of established camping in the West Texas Girl Council, which began at Camp Boothe Oaks Friday, July 12.

Camp Boothe Oaks, the West Texas Council's permanent campsite, is located eight miles southwest of Sweetwater. The 1963 season marks the eleventh year of the camp's operation.

Eighty girls were enrolled for the fourth session. Total registration for the 1963 season is 520 campers, this includes 80 girls for each of the five regular sessions of established camping — plus 13 Pioneer campers, and seven Senior Girl Scout trip campers.

Activities include hiking, swimming, cooking and eating out, living in tents, archery, nature study, and star gazing.

During Session IV these girls from Martin County were campers at Boothe Oaks: Anita Woody, Sandra Kay Pugh, Mary Sue Mashburn, Ginger Pribyla, Rita Sue Pribyla, Mary Ellen Pribyla, Leila Kay Stewart, Pamela Jean Hartsill, and Nancy Add Madison.

Mr. and Mrs. Billy J. McClane and children of Norwalk, California, left Stanton Wednesday, where they had been visiting with Mrs. Viola McClane, Mr. and Mrs. Jim Webb, and other relatives.

Mr. and Mrs. Ronnie Hubbard of Lubbock, visited over the weekend with her parents, Mr. and Mrs. Marvin George.

Bob Latimer is visiting this week in Fort Worth with relatives.

LeMond Family Honored By Congregation

Rev. Claude R. LeMond and his family were honored by the congregation of the First Methodist Church Wednesday night. Rev. LeMond took over his duties as new pastor of the church June 6.

Rev. and Mrs. LeMond have two sons. Their oldest son, Alfred, is a student at McMurry College in Abilene. Their other son, Neel, lives with his parents.

The LeMond family formerly resided in Haskell, where he was pastor of the Haskell Methodist Church for two years. Prior to that, he pastored churches in Abilene and Amarillo.

The church gave the new pastor and his family a pounding. Ice cream and cake were served to those present.

Mrs. Byrd Honored With Stork Shower

Mrs. Eugene Byrd was honored with a stork shower Thursday, July 11, in the home of Mrs. Udell Morris. Members of the Koffee Kup Kraft Club were hostesses.

Mrs. Homer Lee Hull, club president, conducted games. The gifts were placed in a blue baby bathtub, which formed the centerpiece on the serving table. Coffee and cookies were served.

Those present were Mrs. Byrd, Mrs. James Doyle, Mrs. Billy Sales, Mrs. Vernon McQuerry, Mrs. Homer Lee Hull, Mrs. Stanley Barnes, and Mrs. Darrell Payne.

Mr. and Mrs. W. H. Munn of Andrews, visited in Stanton last week, while attending the Old Settlers Reunion.

Nola Gay Blocker of Midland, is visiting this week with Mr. and Mrs. J. W. Graham and boys.

Visiting over the weekend with Mr. and Mrs. Ernest Hock were Mr. and Mrs. Carl Johanning, Saurdra, and Orville of Baldwin, Kansas. Mr. Johanning is Mr. Hock's nephew.

Mrs. O. L. Rush of Big Spring, and Mrs. Bame of Waxahachie, spent the day with Mr. and Mrs. W. D. Bryant and Brenda Monday.

Methodist Church Activities

The Women's Society of Christian Service school of missions will be held July 22 through July 26, at Lubbock.

Mrs. Bob Cox, district president, and Mrs. J. W. Graham, president of the local group, are making plans to go. Other members of the local society are also planning to attend the school.

The youth of the First Methodist Church were special guests of the youth of St. Mark's Methodist Church in Midland Tuesday night. The Midland church is observing Youth Week.

Twelve members of the Stanton MYF and their sponsors were present for the "Around the World Dinner."

Sponsors attending were Mr. and Mrs. Bob Cox and Rev. Claude R. LeMond.

Lydia SS Class Plans Social

The Lydia Sunday School Class of the First Baptist Church, will meet Thursday night for a class social and business meeting at the home of Mrs. John Graves.

Mrs. Woodford Sale is the class teacher. The class officers are Mrs. John Graves, president; Mrs. Jimmy Henson, vice president; and Mrs. James Johnson, secretary-treasurer.

The class will elect new group captains at the meeting. The social is for class members and their husbands. A devotional will be given and games will be played. Ice cream will be served.

Mr. and Mrs. Crawford Have Open House

Mr. and Mrs. G. T. Crawford, Ridge Drive, Midland, celebrated their fiftieth anniversary with an open house Saturday.

The couple was married July 13, 1913 in Paris. They lived in Snyder from 1922 until 1932, when they moved Midland.

Children of the couple are Herman, Oscar and J. D. Crawford, all of Midland, Mrs. C. J. Pike of Dexter, N. M., C. E. Crawford of Rapid City, S. D., and Mrs. E. A. Spann of Colorado City.

Martin Gibson Installed Pres. Of Rotary Club

The Rotary Club met at noon Wednesday in the Rite Way Restaurant for installation of new officers.

Martin Gibson was installed as president. Other officers installed were Roy Phemister, vice president, and Arthur Wilson, secretary and treasurer. The officers were installed by Stanley Wheeler.

The invocation was given by Max Maguire. The program was presented by Johnny Richter, minister of the Northgate Church of Christ of Irvin, Texas.

Ten members and five visitors were present for the meeting. The visitors were Preston Harrison, Champ Rainwater, Max Maguire, and W. W. Paris, all of Big Spring, and Bruce Frazier of Stanton.

Mr. and Mrs. Roland Davis of Midland, visited Thursday with Mr. and Mrs. Charlie Eckert. Mrs. Davis is a daughter of Mr. and Mrs. Eckert. The Davises were moving to Houston to make their home there.

Mr. and Mrs. Bill Varnadore attended the Landers family reunion in San Angelo over the weekend.

Mr. and Mrs. Howard Corber and sons, Mike Busby, Keith and Scott, of Dallas, visited over the weekend with Mrs. Corber's mother and her husband, Mr. and Mrs. Kay Bryant.

Mike Busby and Scott Corber are spending the week with his grandparents, Mr. and Mrs. Kay Bryant.

Brenda Bryant spent the weekend in Ruidoso, New Mexico, with Mr. and Mrs. Cecil Mauldin and girls of Artesia, New Mexico.

Mrs. Jake Hodges and Jane were in Hamilton last Tuesday, where they attended funeral services for Mrs. Hodges' uncle, Charlie Williams.

Jane Hodges spent last week in Hamilton visiting with Mr. and Mrs. George Williams.

Mrs. Delbert Franklin is a patient at the Brown's Clinic in Cisco.

John Connell of Dallas, visited over the weekend with Mamie Tom and Greta Connell.

Hosts and hostesses for the open house were their Midland sons and their wives and Mr. and Mrs. Spann.

Home Demonstration Club Activities

Six members of the Knott HD Club met in the home of Mrs. Bill Williams Tuesday afternoon. The devotion was given by the hostess.

The president was in charge of the business meeting. The minutes of the last meeting were read and approved.

A salad luncheon was planned for July 23 in the Downtown Tea Room, Big Spring.

The program was a fashion show given by members who had purchased dresses and accessories, sight unseen, from each other as a fund raising project.

Refreshments were served from a

table covered with light green linen cloth, centered with a cutglass punch bowl.

The Koffee Kup Kraft Home Demonstration Club will meet Thursday morning, July 18, at 9:30 a.m. with Mrs. Billy Sales.

Mrs. Homer Lee Hull, president, will be in charge of the business meeting. The program will be presented by Mrs. James Eiland.

The club is meeting once a month during the summer months. The regular meeting dates are the first and third Thursday mornings of month.

Stanton. They attended the Old Settlers Reunion.

Mrs. Tom Ed Angel and new baby boy are home from the Malone Hogan Hospital.

Mr. and Mrs. S. L. Vann of Midland, spent the weekend with Mr. and Mrs. Francis Kennedy and children.

John Pinkston is a patient in the Midland Memorial Hospital.

Mr. and Mrs. Earl Douglas of Oton, Texas, visited last week with their son, Mr. and Mrs. W. A. Douglas and family. The Douglas' attended the Old Settlers Reunion.

Mr. and Mrs. Cecil Gilmore and J. L. Baugh of Big Spring, attended the Baugh family reunion in Ballinger over the weekend.

Mr. and Mrs. E. A. Baugh spent last week in Bronte visiting their daughter and son-in-law, Mr. and Mrs. Brad Hughes. The Baughs went to Ballinger over the weekend where they attended the Baugh family reunion.

Mr. and Mrs. Stanley Reid, Glen and Garry, spent the weekend in the Dallas-Fort Worth area vacationing.

Mr. and Mrs. Duane Connell and children of Dallas, are visiting with Mrs. Laura Shoemaker, and Mrs. Morris Connell, and other relatives.

Major 8:15 — 9:45 6 Innings

A growing toll of accidents on city streets and freeways, heavier damage claims and an act of the Legislature . . . all have combined to cause insured motorists in Texas a double-dip premium increase during the next five months.

First boost for most drivers will come on policies renewed after August 1, when new auto insurance rates set by the State Board of Insurance go into effect.

Many others face a second increase in liability insurance premiums after January 1. This is effective date of a new law requiring financial responsibility of \$10,000 per person and \$20,000 per accident.

Present law requires \$5,000-\$10,000. So those now carrying minimum insurance will pay an average of \$4 more after January 1.

Increasing accident losses, mainly in urban areas, forced the Insurance Board to hike liability and collision rates in most sections of the state.

Average premium boosts after August 1 will be 5.2% for bodily injury, 9.7% for property damage and 9.4% for collision. This will cost policyholders a total of \$12,000,000. Drivers in some rural areas, however, escaped the rate increase.

PHYSICAL EDUCATION — Atty. Gen. Waggoner Carr has been asked to come to the aid of hard-pressed physical education departments in the 20 state-supported universities and colleges.

Commission on Higher Education asked Carr for an opinion on the legality of the "rider" in the new appropriation bill, which goes into effect on September 1. Rider declares that state funds for physical education can be used only for mass calisthenics unless the students are majoring in PE. Net effect would be special fees charged by the schools if they wanted to give instruction in games.

Some schools have protested that the rider would seriously curtail physical education programs.

JOBS ASSIGNED — Speaker Bryon Tunnell has more than 60 appointments to make on interim study committees. He is making them at the rate of one or two a week.

Reps. George Cook, Odessa; J. Collier Adams, Lubbock; Maurice Dike, Wichita Falls; George Hinson, Mineola; and Ben Jarvis, Tyler, will study the oil and gas industry. Their assignment is no small chore . . . how to restore prosperity to the Texas oil industry.

Reps. Ben Atwell, Dallas; Dick Cory, Victoria; and David Crews, Conroe, will take up membership on the Committee on State and Local Tax Policy. Lt. Gov. Preston Smith has named Senators George Parkhouse, Dallas; W. T. Moore, Bryan; and Jack Strong, Longview. Balance of the committee will be composed of three citizens to be named by Governor Connally.

Reps. W. H. Miller, Houston, Myra Banfield, Rosenberg; Raleigh Brown, Abilene; Charles Scoggins, Corpus Christi; and John Traeger, Seguin, will investigate public school testing.

Rep. Bob Fairchild of Center has been named chairman of the House General Investigating Committee by Speaker Bryon Tunnell.

Other new members are Reps. Ben Barnes of DeLeon, Hudson Moyer of Amarillo, Bill Parsley of Lubbock and James Siders of Naples.

Previous investigating committee's probes ranged from alleged basket-

ball game fixes to the East Texas slant-hole scandal.

MENTAL HEALTH — National Institute for Mental Health has awarded a \$302,000 grant to the State Hospital Board for research and training in mental health.

Houston State Psychiatric Institute received a grant of \$114,873 for research in early clinical drug evaluation.

Remainder of the funds went to Baylor University College of Medicine for various research projects.

AFL-CIO LOSES — A suit by State AFL-CIO leaders alleging improper lobbying activities by Texas Employment Commission members and four employees was dismissed in 53rd District Court at Austin.

Suit, filed last February, claimed TEC pushed 11 pro-employer bills in the Legislature. Judge Herman Jones said the union failed to prove its case.

Union said it would appeal the decision.

COTTON — Texas cotton farmers planted 670,000 fewer acres this year than in 1962, U. S. Department of Agriculture reports.

Decline amounted to 9.7%, which is more than the national decrease of 9.6%. Reduction, made in compliance with the federal control program, would mean a cut of about 475,000 bales in the state's cotton production if yield-per-acre is the same as last year.

POLL TAXES — Folks who are past 60 and living in towns with 10,000 or more population should get their poll tax exemptions on October 1 or as soon as possible thereafter. Exemptions for those over 60 are free under the old law, which will be in effect at least until November 9. That's the date for the vote on repeal of the poll tax as a voting requirement.

If Texans vote FOR the repeal, those over 60 who live in towns above 10,000 population then will have to pay a 25-cent registration fee. Ditto for all voters under 60.

Those past 60 who live in rural areas or in towns under 10,000 population will not be affected by the changes. They can vote without paying under both the old and the new law.

The attorney general informed tax assessor-collectors that they must accept the \$1.75 poll tax payments, starting on October 1, from those who insist on paying rather than waiting to see if the charge will be cut to 25 cents by the November 9 vote.

DISTRICT ATTORNEY — Governor Connally has appointed Calvin (Pete) Burnett of Crane to replace Dan Sullivan as district attorney of Andrews, Crane and Winkler Counties.

Sullivan resigned to hold up Sen. Ralph Yarborough's state office in Austin.

FINAL MEETING — At the Game & Fish Commission's last meeting, the eight remaining commissioners were presented with engraved plaques by the 2,700-member Bayshore Rod, Reel and Gun Club. Executive Secretary Howard Dodgen then presented them with gold-framed certificates for their service on behalf of the department's staff.

Those receiving the awards were Ben F. Vaughn Jr. of Corpus Christi, chairman, Howard Carney of Atlanta, Morris Higley of Childress, H. E. Walsh of El Paso, Frank M. Wood of Wichita Falls, J. F. Corley of Houston, W. O. Reed of Dallas and Carl

DPS Releases June Report On Accidents

Captain Ray B. Butler, Commanding Officer of the 24 county Midland Highway Patrol District today released the June Monthly Accident Summary along with the first six months summary of rural accidents for the Midland area.

"Thirty-six rural fatal accidents were recorded both years during the first six months, with 43 persons being killed this year as compared to 42 deaths last year," Butler stated.

"Injury accidents dropped from 206 in 1962 to 209 this year with 540 injuries last year compared to 429 this year. The overall total accidents for 1963 stands at 844 compared to 854 for the first six months of 1962. We are indeed grateful to our motoring public for this reduction," Butler stated. "However our property damage for the first six months this year is \$851,641.00 compared to \$787,090.00 for the same period last year," he said.

"My we encourage all motorists in this area to use caution the rest of this season as we need your cooperation in keeping this figure as low as possible," Butler asked.

DuPuy of Lufkin.

Ninth member, Wilson Southwell of San Antonio, resigned last spring. Commissioners are making way for the new 3-man Parks and Wildlife Commission. It will handle both State Parks and Game and Fish matters under the merger of the two agencies.

SHORT SNORTS — Texas railroads, trying to block federal court approval of the \$911,000,000 Trinity River canal project, have asked the State Water Commission to delay its feasibility hearing from July 30 to August 26.

U. S. Bureau of Roads has released \$33,438,664 in federal road funds to Texas to speed up current highway projects, aiding both the interstate highway system and other federal-aid construction projects.

Texas Commission on Higher Education elected Dr. Lester E. Harrell Jr. as its director. Harrell has been acting director since Dr. Ralph Green resigned a year ago.

In Report to General Kennedy

FBI Accomplishments Under Director Hoover Hit High

Attorney General Robert F. Kennedy announced today that according to FBI Director J. Edgar Hoover, new all-time highs were recorded in FBI accomplishments in all major phases of operations during the 1963 fiscal year.

Mr. Hoover disclosed in his report to the Attorney General that fines, savings and recoveries in cases investigated by the FBI during this period reached a new peak of \$186,225,348 — a figure representing a return of \$1.37 for every dollar appropriated for the FBI. A new record was also set for the eighth successive year with the location of 19,192 stolen motor vehicles in FBI cases.

During the past fiscal year, convictions in FBI cases increased to 12,816, the largest number for any peacetime fiscal year. Mr. Hoover noted that convictions were recorded against 96.1 per cent of all persons brought to trial and that 93 per cent of these resulted from guilty pleas. As a result of these convictions, slightly over 87,000 years of actual, suspended and probationary sentences were meted out. In addition, seven life sentences were imposed.

According to Mr. Hoover, a total of 11,887 FBI fugitives were located, an increase of 724 over the previous year. Included in this number were nine members of the FBI's "Ten Most Wanted Fugitives" list and 2,514 violators of the Fugitive Felon Act who were being sought at the request of state and local authorities after they had fled across state lines to avoid prosecution, custody or confinement.

Commenting on internal security investigations, Mr. Hoover pointed out that as a result of evidence developed and witnesses supplied by the FBI, the Communist Party, USA, was convicted in December, 1962, for failure to register with the Attorney General under the Internal Security Act of 1950, and a maximum fine of \$120,000 was imposed. Following this action, two national leaders of this organization were indicted for failure to register for the Party and 27 additional petitions were filed with the Subversive Activities Control Board against individuals who failed to register as required by law.

Blue Caps 0 6 2 2-10
Winning Pitcher, L. Jones.
Losing Pitcher, Sorley.

Recipes

LEMON PECAN OATMEAL COOKY RINGS

1 cup sifted flour
1/2 tsp. soda
1/2 tsp. salt
1/2 cup soft shortening
1/2 cup brown sugar, packed
1/2 cup granulated sugar
1 egg
1 1/2 tsp. grated lemon rind
3 tbsps. lemon juice
1 1/2 cups rolled oats
1/2 cup coarsely chopped pecans
Combine flour, soda and salt; sift into large bowl of electric mixer. Add shortening, sugars, egg, lemon rind and juice. Beat at medium speed with electric mixer or by hand until smooth, about 2 minutes. Fold in rolled oats and pecans. Mix well. Turn level tablespoons onto well-greased baking sheet 2 inches apart. Make a hole about 1 inch in diameter in center of each cookie, using the back of a small spoon or the handle end of a washed wooden spoon. Shape into ring with fingers. Bake in a moderate oven (350 degrees F.) until done and lightly browned, 10 to 12 minutes. Remove from baking sheet at once and cool on wire rack. Yield: About 3 1/2 dozen cookies.

DEVILS FOOD CAKE

3/4 cup shortening
1 1/2 cups sugar
3 eggs
2 1/2 sqs. melted chocolate
2 1/2 cups flour
1 tsp. soda
1 tsp. salt
1 1/4 cups buttermilk
Cream shortening and sugar until fluffy, then add eggs, beating thoroughly, and blend in chocolate. Sift dry ingredients together. Stir in alternately with buttermilk. Pour into 9-inch oblong pan. Bake at 350 degrees, 30 to 35 minutes in round pans. (Longer if other shape). Cool and frost with fudge icing.

FUDGE ICING

3/4 cup cocoa
1 1/2 cups sugar
1/2 tsp. salt
1/2 cup milk
2 1/2 tbsps. butter
1 tsp. vanilla
Combine cocoa with sugar and salt, add milk; bring to boil, stirring frequently. Cook until a small amount of mixture forms a soft ball when dropped in cold water. Remove from heat; drop in butter, add vanilla, cool. Beat until mixture thickens, makes enough icing for two layer cake or oblong cake.

BARBECUE

3 or 4 cups chopped leftover roast or steak
1/2 cup chopped onion
1 tsp. brown sugar
1/2 cup prepared barbecue sauce
1/4 cup catsup
1 tsp. salt
1 tsp. pepper
2 cups water
Combine all ingredients in heavy skillet and simmer about 30 minutes. Serve on barbecue buns. Can be frozen and used for quick sandwiches.

ROLLS

1 pkg. yeast
Dissolved in 1 cup lukewarm water
Set mixture aside.
Combine:
1 cup boiling water
1/2 cup sugar
1 tbsps. salt

Farm Fire Toll Heavy In Tragedy, Money Loss

Nearly 1 in 10 of the 8,700 farm residents killed in accidents in 1961 died in fires.

Fire losses have increased from an average of \$74.1 million annually in 1940-1944 to \$162 million a year in 1957-1961. In 1961 alone, fire cost the nation's farmers \$163 million, despite decreases in 1960 and 1961.

More than half the farm fires happen in the home. The most frequent victims are two helpless groups, the very old and the very young, which need aid in case of fire.

Every family, and especially farm families, should be fire conscious and learn to recognize fire hazards. Nearly every farm fire could be prevented, according to the National Safety Council. Periodic inspection will reveal most hazards, which should be promptly corrected.

The Council lists these eight causes for most farm fires:

- Defective chimneys.
- Chimney sparks on combustible roofs.
- Unsafe stove and furnace installations.
- Inadequate lightning protection.
- Improper use of electricity.
- Spontaneous ignition.
- Misuse of gasoline and kerosene.
- Carelessness with matches.

Proper maintenance and safe work habits eliminate nearly all fire causes. Safeguards recommended by the Council include at least one pressure-type hand fire extinguisher in each home, chimney spark arresters

and fire resistant roofs, approved lightning protection, and electrical wiring adequate to handle the heavy loads on modern farms.

Grain driers should be provided with thermostatic controls to prevent overheating in the heat transfer chamber, and the driers should be vented to direct gases and heat outdoors.

Newly stored hay should be inspected daily for several weeks for overheating that could lead to spontaneous ignition.

Electric lights in barns should be protected with glass guards to prevent hay and dust from coming in contact with them. Portable electric lights should have heavy-duty cords and protective guards.

Field burning should be discouraged. If done, a fire break at least six feet wide should be plowed around the field.

Every member of a farm family should know how to summon the local fire department without delay. Its telephone number should be posted prominently near the telephone. Adult members should cooperate in helping provide community fire protection.

A pond within pumping distance of farm buildings provides a good emergency water supply. If a pond is impractical, build an emergency cistern of at least 3,000-gallon capacity. Stock tanks are another source of water. Buckets of sand can be used to smother small blazes before they get out of control.

Falls Lead Farm Accidents

Falls are a leading type of accident everywhere — ranking second only to motor vehicle accidents as a cause of accidental death.

On the farm they are certainly no less important. Because farmers work under such varied conditions, the possibility of falling is perhaps even greater than elsewhere, according to the National Safety Council.

The farm worker must repeatedly climb on and off the machines with which he works. Often he does heavy work in areas with poor footing. He works in all kinds of weather, when frozen or wet ground makes slipping easy. The farmer usually is his own maintenance man and requires the skills of many trades.

A bit of oil or grease on a tractor step, a slip on loose straw while working in a loft, a loose or cracked rung on a ladder—these and many other little things can lead to a painful and expensive fall if unnoticed or ignored.

Nor is the home exempt. About two-thirds of the nation's fall deaths are in homes; and the farm home is little different from one in town.

Falls happen when you get in too

much of a hurry. Then you are likely to pay too little attention to your surroundings, use the wrong equipment for the job, and put off removing tripping hazards.

Positive steps that require only a moment if taken immediately will eliminate many causes of falls, says the Council.

Keep stairways and passageways clear of clothing, tools, and toys. Protect outdoor steps and porches from ice, weather damage, and rotting.

Fasten rugs securely; avoid loose scatter rugs. Shine waxed floors evenly to a high polish.

Keep ladders in good repair, and use them instead of makeshifts. See that they are placed in a firm footing and at a safe angle. Move the ladder instead of trying to reach too far.

Wipe up all spills immediately. Provide adequate lighting in halls and on stairs. Keep a night light burning in or near the bathroom.

Prevent falls in bathtubs and showers by installing grab bars and using rubber bathmats.

A Long Distance Call... makes you feel this close to someone faraway

Miles melt away when you call a distant friend or relative by Long Distance.

FARM REVIEW AND FORECAST

Representatives from every segment of Texas and the Southwestern multi-billion dollar livestock and meat industry are expected to attend the August 1st and 2nd Livestock and Meat Marketing Institute at Texas A&M College.

Ed Uvacek, extension livestock marketing specialist and chairman of the program committee, says this will be the first such meeting held at A&M. It will involve livestock producers, packers, wholesalers, retailers, marketing agents, and other industry personnel. It will give all levels of the livestock and meat marketing industry, Uvacek explains, an opportunity to examine problems of common interest and, through open discussions, develop solutions to them. Since the program will feature panel discussions, everyone, including the audience, will have many opportunities to participate, the specialist adds.

Texas, long known for the production of both feeder cattle and feed grains, may soon be combining the two into a new industry for the state.

There are many areas of the state that have for some time produced a surplus of feed grain, says MP-626, "Demand for Feed Grain by Livestock in Texas." The new bulletin of the Texas Agricultural Experiment Station points out that some of these areas are now becoming centers of feeding operations.

The publication is described as an analysis of production and consumption conditions existing in local areas and should serve as a basis for evaluating feeding potentials in these areas. It explains, however, that a large amount of grain is not the only factor that determines if cattle feeding will be profitable.

Evidence is disclosed in the publication that grain is shipped out of some areas during the harvest season and other feed grain shipped back in when feed demands arise. The unnecessary transportation costs thus created add to the expenses of the buyer and the seller of the feed, it says.

In addition to transportation costs and feed quantities, factors that affect profitable feeding operations are the competitive location to meat processing plants and meat markets, and the managers' capabilities.

MP-626 analyzes the state feed grain situation by districts and indicates that some districts are deficit producers of grain while others produce a surplus. The study covered the years 1949, 1954 and 1959.

Copies of the publication are available from the Agricultural Information Office, College Station, Texas.

The water-intake rate of 12 million acres of slowly permeable Southern Great Plains Soils can be almost doubled by deep tillage with a disk plow, says the U. S. Department of Agriculture.

Experiments conducted by the USDA and the Texas Agricultural Experiment Station found that plots disk-plowed 24 inches deep had a water-intake rate 1.9 times that of check plots not deep plowed.

Pullman and associated soils which predominate on the Plains, are moderately permeable clay loam underlain by 16 to 20 inches of dense compact clay, says the department. Immediately after irrigation or rainfall, water enters these soils at 0.5 to 1.0 inch per hour, but the water-intake rate declines to less than 0.1 inch per hour after four hours and to 0.05 inch per hour within 10 hours.

To determine the effectiveness of deep tillage, moisture measurements were taken 20 minutes following an irrigation. Moisture was distributed to a depth of six feet in the disk-plowed soils but entered the check plot to a depth of only one foot.

Deep tillage appeared to have a permanent effect on the soil permeability, say the scientists. Three years after the disk-plowing the water-intake was undiminished, they report.

This improvement of the soil was attributed to the mixing of more permeable layers with less permeable ones. The USDA says that the mixing of the less fertile soil with the fertile top soil will probably not reduce the productive capacity of the land if moisture and soil fertility remain adequate.

Inspection Plus Correction Equals Protection" is the theme for National Farm Safety Week, July 21-27. President John F. Kennedy, in proclaiming the week, called upon all Americans, especially those allied with agriculture, to unite their efforts to cut down the number of farm, home and highway accidents.

The Texas Farm and Ranch Safety Council, long active in the promotion of rural safety, points out the need for making farm and home safety a year-round effort. Prevention of accidents takes action by people and it must be continuous throughout every year, says the Council.

A very high percentage of all farm accidents can be traced to a specific cause, and carelessness is a major contributor, the councilmen say. A little checking close to home, they add, will likely reveal that most crippling or fatal accidents on the farm or in the home result from actions wherein people should know better.

The accident record of agriculture is not good and with the ever-increasing use of power machinery and allied equipment, the rate can be expected to move higher unless the people involved make up their minds to do something about it, warns the Council. Therefore, they add, it's up to farm families to find and remove hazards which can cause accidents and to practice safety in their daily living.

The outstanding records in accident prevention by other industries of the nation haven't just happened, says the Council, but are the result of well-planned and conducted safety educational programs.

National Farm Safety Week is sponsored by the U. S. Department of Agriculture and the National Safety Council. They work in cooperation with the state Agricultural Extension Services, farm organizations, the farm press, radio, television and other interested individuals and groups.

Mrs. Ellis Todd of Haskell, was in Stanton over the weekend.

We were happy to learn that our hospital is not going to close as that is one of our attractions here. We have good schools, nice churches and a good hospital. These three things go into making a good community in which to live.

The Chamber office will be closed all next week, due to the fact that I will be in Houston attending the Chamber of Commerce Institute at the University of Houston. This is the finest training that can be offered to Chamber of Commerce executives, and I do want to publicly express my appreciation of the directors of the local Chamber for sending me to Houston. At the directors meeting the 29, there will be a complete report made on the week-long training session.

Due to the fact that the office will be closed for a week, this is my last column until August 1. So until that time, to all of you—goodbye, have fun and take care.

Bye, now.

Government Set To Take Over Stored Cotton

The Agriculture Department plans to take over August 1 all 1962-crop cotton still stored under its grower price support program.

This means owners have a little more than two weeks in which to pay off loans and redeem cotton pledged under the loans. In the case of some grades and staple lengths, there has been an incentive in recent weeks to redeem cotton because market prices have been slightly above the amount of the loans.

The department reported that on July 5, loans had been made on 6,853,000 bales of last year's cotton. Of this amount, 2,053,000 bales had been redeemed, leaving 4,800,000 still under loan.

Cotton taken over through cancellation of unpaid price support loans will be added to stocks already owned by the department as a result of take-over of cotton from previous crop. On May 31, the department owned 4,676,150 bales on which it had \$808,000,000 invested.

A year ago, the department stocks totaled only 1,448,000 bales on which it had \$245,000,000 invested. This year's increase reflects in a large measure a decline in both domestic use and export of cotton.

Mr. and Mrs. H. K. Lawson and family have just returned from a vacation visiting with relatives in Arkansas and Tennessee.

Up in Arkansas at that great fishing lake called Bull Shoals there is an unusual man.

Formerly he was a Chicago executive. Then one day he decided he wanted to become a perpetual fisherman. So Sam Welch moved to the Ozarks and began fishing.

While he was on fishing trips his wife got lonesome. So she took a school job.

It wasn't long until neighbors began to talk. They characterized Sam Welch as a fishing bum whose wife had to make the living.

To save his reputation he had to do something. So he organized the fishing camps around Bull Shoals and became their publicity man. His job now is to check the fishing catches and send the data via a weekly bulletin to newspapers and radio-TV stations.

Naturally this information needs verifying. So several times a week he samples the water himself. A bit of laboratory work, you know.

When a man likes to fish so well, and is so good at it, he also becomes a philosopher. For instance in one of his recent bulletins Sam said:

"Legends are usually associated with events of an historical nature, going back over considerable passage of time. The Bull Shoal impoundment has been in existence only since 1952, but already rumors of legendary bass of Bull Shoals Lake often become a topic of discussion when big bass men get together.

"Obviously, every bass that breaks a line and goes its way with a minimum or maximum display of strength doesn't fall into the category of super-lunkers.

"For these occurrences are commonplace from one end of the impoundment to the other. What then, is the distinguishing characteristic that put one bass far ahead of others... separates the chaff from the wheat, or the men from the boys as far as brute strength and fishing ability are concerned?

"It is the lunger that defies capture not once but often. And one that is fought by experienced veterans who specialize in big bass fishing.

"There are lots of men, and some women, in this category on Bull Shoals Lake. Naturally, quite a few of them are guides, but others of equal competence have emerged over the years and have built reputations that land them in the weekly box score with considerable regularity.

"Undoubtedly every reporting area of the Lake Association has one or more of these legendary bass in its lunger habitats. I don't have sufficient information about all of them, however, so will have to confine these paragraphs to a couple that I have heard about most frequently. They are indeed something special.

"One of these super-lunkers has been a resident of a pocket along a rocky bluff bank near a point on the main channel. He has been hooked on jigs, spinner-lures and live bait. But to no avail as far as landing was concerned.

"One angler — estimates him at 15 pounds or better. But it is seldom indeed that this largemouth is ever seen. He takes to the branches of submerged trees and racks up another lure on many limbs. . . . At last accounts he was still indulging in his favorite hobby — collecting momentos.

"Lunker No. 2 is certainly as powerful, if not more so. He resides about midway along a steep, ledgy bank in the immediate vicinity of a deep drop-off.

"When I contacted him he zipped off the line (totally unmindful of the hard-set drag on the reel) until he reached his sanctuary . . . a sunken tree of better than average size.

"This bass is a master at breaking off lures, and he has the strength to reach his citadel no matter how far away he may be at the time he feels the hook.

"Unless he dies of old age, he will continue to raise the hackle of those who know his whereabouts every time they make a cast in his domain.

"The largest bass ever taken from the impoundment was a 13 lb. 4 oz. largemouth caught by Marvin Bushong in April, 1961. According to the scale reading, this lunger was going into its ninth year of life, indicating it had been around a full eight years, or thereabouts. Which meant that it took on weight at approximately 1 1/4 pounds annually. Another 11-9 bass . . . bloomed into obesity at the rate of almost 2 pounds per year. The impoundment is almost 11 years old. So there should be some largemouth bass weighing 17 pounds or more . . . in that lake, and still others larger that were river bass of seven pounds or better when the reservoir was created.

"So little wonder there's talk of legendary bass in Bull Shoals. It seems to be fully justified.

"Every time I approach a spot where I have come out second in battle with lunkers too big to handle I make the cast almost in fear of the possible outcome. That's what you call respect for what is waiting at the end of the line."

Sam makes it sound tempting, doesn't he?

Accommodations Settlement Eyed

Will there be a compromise on the Administration's civil rights package later this summer or in the early fall?

The answer is an evasive one, drawing both affirmative and negative replies and depending on who is asked the question dominating Capitol Hill conversation these days.

Despite vocal Southern opposition to the most of the 5-part program, the talk persists among both Democrats and Republicans that a bill without the controversial equal accommodations title might get through after a token filibuster.

The administration itself is catering to compromise talk, but unwilling to admit it. The President is still going through the motions of pushing the equal accommodations feature, but many are doubting his stubbornness on it.

Some Republicans in the Senate feel the Administration wants congress to perform the compromising chore, then blame the Republicans in next year's election campaign for anything falling short of the full bill.

Their suspicions have been aroused by continued comment from Administration hierarchy that 22 to 25 GOP votes will be needed in the Senate to cut off a filibuster.

One of the men to be reckoned with in any compromise maneuvering is Sen. Richard B. Russell, D-Ga., head of the Dixie caucus comprised of 17 Southern Democrats and Texas' Republican Sen. John G. Tower.

In a speech in his home area last weekend, Russell was talking anything but compromise. And, while one might not expect a Southerner like Russell to admit any compromise in the making, the harshness of his words was hardly indicative

New Arrivals

Mr. and Mrs. Glen Bunn of Fort Worth, are the proud parents of a son born July 11. The baby weighed seven pounds 15 1/2 ounces and has been named William Joseph.

This is the first child for Mr. and Mrs. Bunn.

Mr. and Mrs. Tom Ed Angel are the proud parents of a son born July 12 in the Malone-Hogan Hospital in Big Spring. The baby has been named Bryan Thomas.

The infant boy weighed eight pounds, 10 ounces.

The Angel's have one other child, Lisa Bess, age three.

The maternal grandparents are Mr. and Mrs. O. B. Bryan. The paternal grandparents are Mr. and Mrs. Jess Angel.

Mrs. Bob Cox has returned home after a week in Abilene, where she taught a course at McMurry College.

Linda Manning has returned home from McMurry College, where she attended a week's school.

Mrs. Kenneth Yeager of Carlshad, New Mexico, visited this week with her parents, Mr. and Mrs. Floyd McArthur. Mrs. Yeager's children returned home with her. They had been visiting with the McArthurs.

YOUNG TEXAN FOR JULY—John S. Odell of San Antonio has been named "Young Texan of the Month" for July by the 8,000 Optimist Club members of Texas and the Troy V. Post Foundation. Odell is gifted in many fields, having won numerous awards for excellence in debate and oratory, skill as a student conductor of a full orchestra, and fluency and precision in the use of the Spanish language. As a result of his selection as "Young Texan of the Month," Odell will receive the state's highest youth recognition award—the Troy V. Post Award, and becomes eligible for one of three valuable scholarships to be awarded monthly Young Texan winners at year end. Odell was chosen for the honor in competition with hundreds of other nominees by a panel of state leaders headed by U.S. Supreme Court Justice Tom C. Clark.

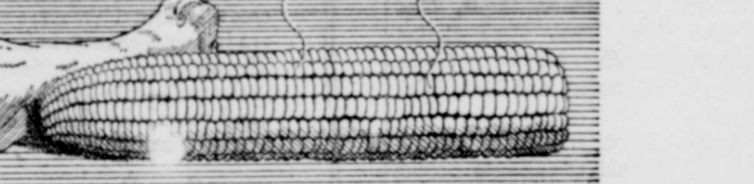

Fort Davis Historical Site Becomes Official

Sen. Ralph Yarborough said Monday in Washington that the U. S. Department of the Interior has received title to the old Fort Davis property in Jeff Davis County.

He predicted it would be one of the great tourist attractions of the state. It is called the old Fort Davis National Historical Site.

"Secretary of Interior Stewart Udall has advised me that title of this old fort in Jeff Davis County in the rugged Davis Mountains is now held by the United States. There are 447 acres. "This is the old fort where Jefferson Davis as secretary of war spearheaded the cattle traffic to the Pacific over the desert of the south-west before the Civil War — the place where frontier cavalrymen held off Indian attacks until about 1890."

COOK AHEAD

BAKE AHEAD

BE MEALS AHEAD

You can store up leisure with an **ELECTRIC REFRIGERATOR-FREEZER**

You can save hours of cooking and baking time by making smart use of your Electric Refrigerator-Freezer. Instead of baking one pie, make two or more while you are at it, and freeze the extra ones for future use. And when you prepare a dish like stew, chill, meatballs or meat pie, double or triple your recipe and freeze the surplus. You'll soon accumulate tasty complete meals that need only warming to serve. An Electric Refrigerator-Freezer saves shopping trips, too, and stretches your food budget by letting you take advantage of food specials. See your appliance dealer soon.

The Launching Pad

By NEAL ESTES

THE family household in the old days was a busy, happy place, with the big kids taking care of the little ones, mother was kept busy in the kitchen, cooking, ironing, sewing and peeling and cooking vegetables out of the garden or cellar and chopping off a chicken's head and picking it. Dad worked twelve hours a day without overtime to keep things going. For some reason in those days folks were paying their bills, the divorce courts had no business, folks were not suing each other for an easy buck, and no one was having a nervous breakdown, and nobody knew what a tranquilizer was. Isn't it odd how we lived?

WHAT would happen if this nation turned her microscopes away from studying the selfish, the lazy, the crafty and confused and focused them instead on the industrious, the able, the honest and the morally strong? We remember when the late U. S. Congressman SAM RAYBURN used to come to our house for a chicken dinner back in the days of PRESIDENT WOODROW WILSON'S administration. We had no tv—no radio—one or two daily papers—and the people liked to have the congressman visit in his district in person to bring news of what was going on in Washington, D. C. MR. SAM used to tell our dad that the only thing wrong with Washington was that too many people there were trying "to get on the country." He meant more and more people were trying to get on the public payroll, get something for nothing. We still have those men in our communities today who have but one ambition "to get on the country."

RAY BRIGGS, the well known Trail Boss, was by the office Tuesday afternoon to ask us to thank the many fine people in Martin County who helped make the recent drive to Pecos a successful event. Next year, RAY hopes to make the drive even better. The ride to Pecos will start next time in Stanton, same as this year. RAY has extended your writer a personal invitation to "get with it" in '64 for the four-day trip. We might go along with the idea. After all MIKE ANDERSON made the drive this year, won all the medals, and looks better than he did a month ago by a whole of a lot.

WITHOUT being critical of the people who own many of the vacant corner lots in Stanton, we wish to point out the need of a significant community project. The unsightly weeds in some areas need cutting badly. We observed three intersections where accidents could occur because the weeds are blocking vision. The beauty of our town is marred by failure to get the weeds down off vacant lots.

WHY this country continues to attempt to negotiate about anything with Russia is a mystery. Everytime AYERELL HARRIMAN, age 70, has been in a meeting we have lost another chunk of our national honor. Right at this moment, HARRIMAN is in Moscow representing the U. S. at a nuclear test ban conference. We have been warned by both former Presidents TRUMAN and EISENHOWER that you can't deal with KHRUSHCHEV. And we can't afford to be caught napping again. As the old college maxim has it, honor systems don't work when one side has the honor and the other the system.

LOOK for the announcement that the U. S. has agreed to turn over a big chunk of Texas soil to Mexico sometime this week. KENNEDY visited our neighbors in Mexico, was loudly cheered, wined and dined and agreed to give the Latins 60 city blocks in El Paso. Now this announcement of the "give-a-way" will come soon. It will be a fact and not Republican propaganda. We now have a list of 33 examples of why our citizens are paying more for the simple things under the BROTHERS. Just to name a few there is sugar, coffee, candy, tea, syrup, steel, chocolate, feed, chemicals, postage stamps, social security, car insurance, cigars, sweet milk, ice, popples, gasoline, etc. This is not Republicanism either—just facts—plain facts.

Bridegroom's Father Officiates At Vows

The father of the bridegroom officiated for wedding vows which united Jo Ann Maxwell and Thomas Robert Drago, both of San Angelo. The marriage was solemnized at 8 p.m. in the Midkiff Baptist Church. The bride is the daughter of Mr. and Mrs. C. C. Maxwell of Midkiff. The Rev. and Mrs. Robert O. Drago of Defiance, Iowa, are parents of the bridegroom. Doyleene Little of Midland was organist. Serving as best man was Tim Adams of Atlanta, Ga. Sandra K. Maxwell was her sister's maid of honor. Sharon Schneider of Midland was candle lighter and Lynn Maxwell and Kynn Maxwell, both of Ackery, were ushers. Given in marriage by her father, the bride wore a gown of heavy white satin with Chantilly lace in the fitted bodice. The tapered sleeves were long and the floor length skirt was designed with a long chapel train. Attached to her crown of seed pearls was a fingertip veil of silk illusion. She carried a cascade bouquet of white feathered carnations and love knot ribbon centered with two white orchids. Miss Maxwell chose a yellow taffeta dress with yellow lace over the skirt and bodice. She carried a bouquet of yellow and white feathered carnations. A reception at the church followed the wedding. Following a wedding trip to New

Mexico, the couple will be at home in San Angelo where the bride is a nurse at Shannon West Texas Memorial Hospital and the bridegroom is stationed at Goodfellow Air Force Base. The bride is a graduate of Rankin High School and Shannon School of Nursing. Her husband is a graduate of Irwin High School in Irwin, Iowa, and attended Westmar College, Le Mars, Iowa. Mr. and Mrs. Bill Johnson and children vacationed in Brownwood last week. Mr. and Mrs. Bill Lane of Lamesa, visited over the weekend with her parents, Mr. and Mrs. J. C. Epley, Joanna and Jimmy. Mr. and Mrs. Jerry Stallo and children spent last week at Roselea Dam on the Concho River. They met Mr. and Mrs. B. H. Stallo and Mr. and Mrs. Minny Stallo and children there. Mrs. Burley Polk and children have returned from Kileen, where they visited with friends. Mr. and Mrs. Richard Parker honored his mother, Mrs. Fred Parker, with a party Saturday night in observance of her birthday. Fred Parker and Mr. and Mrs. Bruce Parker and daughter attended.

Baptist Church Circle News

The Mary Stamps Circle of the First Baptist Church met Monday afternoon with Mrs. H. B. Hicks. Mrs. B. F. White, circle leader, was in charge of the meeting. Mrs. Guy Eiland opened the meeting with a devotional taken from the fourth chapter of Mark. The calendar of prayer was read by Mrs. J. R. Sale. The prayer was given by Mrs. L. D. Stripling. Mrs. Paul K. Jones was in charge of the program, "Unto The Statues of Christ," taken from Ephesians 4:13. Others on the program were Mrs. W. H. Yater, Mrs. L. D. Stripling, Mrs. J. R. Sale, and Mrs. Harry Billington. Mrs. H. R. Caffey gave a prayer. Refreshments of ice cream and cake were served to Mrs. H. R. Caffey, Mrs. Roy Martin, Mrs. J. R. Sale, Mrs. Harry Billington, Mrs. Bill Gillum, Mrs. B. F. White, Mrs. W. H. Yater, Mrs. Allie Spravls, Mrs. Paul K. Jones, Mrs. L. D. Stripling, Mrs. Guy Eiland, Mrs. J. C. Sale, and Mrs. Hicks. Mrs. Bill Gillum dismissed the group with prayer.

The tenth annual open house for the Women's Missionary Union will be held at Waco August 27 through August 30. The program will begin at 7:30 p.m. Tuesday evening and conclude at noon on Friday. The group will meet at the Baylor University campus. The women will stay on the campus and all meals will be served in the lunchrooms of the school. Those attending the meeting last year from the local church were Mrs. T. R. Louder and Mrs. Judson Nowotny. The Girl's Auxilliary of the Tarzan Baptist Church met Thursday at the church for mission study. The calendar of prayer was read and prayer was given for the missionaries. The program was taken from the Tell magazine. The title of the program was "The Sounds of the City" and the "Home Mission Board." Those present were Nancy Pugh, Pamela Hartsell, Patricia Coggins, and the leader, Mrs. B. E. Coggins.

The Vivian Hickerson and the Judy Towery circles of the Women's Missionary Union of the First Baptist Church met Tuesday morning with Mrs. Bob Johnson. Mrs. T. R. Louder, president of the WMU, was in charge of business meeting. Program chairman was Mrs. Gene Butler. The title of the program was "Qualities of Good Leaders." Those taking part on the program were Mrs. Kenneth Gilmore, Mrs. Darrell Payne, Mrs. Paige Eiland, and Mrs. T. R. Louder. The calendar of prayer was read by Mrs. Eugene Byrd, and the prayer was given by Mrs. Udell Morris. Refreshments were served to Mrs. Kenneth Gilmore, Mrs. Darrell Payne, Mrs. Paige Eiland, Mrs. Bob Johnson, Mrs. Eugene Byrd, Mrs. Gene Butler, Mrs. Ralph Caffey, Mrs. Jerry Stallo, Mrs. T. R. Louder, and Mrs. Udell Morris. A district quarterly business meeting will be held at Hillcrest Baptist Church in Big Spring, Monday, July 22, from 9:30 to 11:30 a.m. Mrs. Ralph Caffey dismissed the group in prayer.

Relatives of the late Mrs. John Cox Atchison, Sr., met at Sweetwater Sunday for a family reunion. Approximately 50 people attended from all parts of Texas. Those present from Stanton were Mr. and Mrs. W. E. Kelly, Mrs. Cora Turner, Mrs. Alta Henson, Mrs. S. H. Blocker, Forg Atchison, Mrs. C. C. Kelly and her daughter, Mrs. J. N. Clark, and Andrews. Mrs. David Hamlin of O'Donnell, was a visitor here over the weekend.

Mr. and Mrs. Robert Smith and son of Odessa, visited Sunday in Stanton. Mr. and Mrs. Bill Clements have returned to their home in Franklin, Texas.

Mr. and Mrs. Bill Lane of Lamesa, visited over the weekend with her parents, Mr. and Mrs. J. C. Epley, Joanna
