HOSPITAL WEEK

This is National Hospital Week and is being properly observed throughout the nation. You might be one of the Americans who faces hospitalization sometime this year. If so, you will probably wonder what it will be like, particularly if you are a "first timer." Approximately one person out of eight will enter the hospital in 1964. Here are some vital suggestions for the would-be patient: (1) Do not worry. (2) Relax. (3) Try and enjoy your stay. Being a patient in a hospital is safer than driving a car these days. You are actually in one of the most efficient places in the world when in a hospital. A hospital is the only place which concentrates its total effort to making each patient well. You are in the competent hands of good doctors and good nurses and surrounded by friendly personnel. That is especially true in Stanton. We are all proud of our local institution of mercy—PHYSICIANS HOSPITAL & CLINIC.

The rain last week was wonderful. It brought a new green to the grass, and made the flowers perk up right snappy like. Our white carnations, planted along a picket fence, should be in bloom by the weekend. In the meantime, flowers from the ERNEST PRICE yard have been brought to the office to add a bright spot. The fragrance of the white rain lilies is comparative to deluxe French perfume.

Four 4-H Club Girls, BETTY ANDERSON, DEBBIE GRAVES, MELISSA McARTHUR and ZANNA ANGEL brought a sample cookie to our office Tuesday afternoon. The club girls had put the recipe together under the direction of MRS. MILDRED EILAND at their regular meeting in the agent's office in the courthouse. They requested we print the recipe for Old-fashioned Sugar Cookies and here it is:

OLD-FASHIONED SUGAR COOKIES
 2 1/2 cup shortening
 1 cup sugar
 1 egg
 2 tablespoons milk
 1 teaspoon vanilla
 2 cups flour
 1/2 teaspoon baking powder
 1/2 teaspoon soda
 1/2 teaspoon salt
 Cream shortening, add sugar, egg, vanilla and milk. Add dry ingredients. Roll and cut into shape. Bake 5 to 7 minutes in 400 degree oven.

The editor always appreciates the graduation announcements we receive from seniors. It is a privilege to be recognized as a true friend of members of the younger generation. It also proves to us that our high schoolers are almost daily observing the record we as adult individuals are writing in the community. Seniors order very few invitations and they are mailed to a select circle of friends.

Bobby Sale, a student in Texas Tech, visited in the home of his parents, Mr. and Mrs. J. C. Sale, during the past weekend. Another guest was Janet Cunningham of San Antonio, also a student at Tech. Sunday guests were Mr. and Mrs. Tommy Newman, and Mrs. J. R. Sale.

Baccalaureate Services Sunday

W. H. Uhlman Will Speak To Graduates

Baccalaureate services for the Stanton High School graduating seniors will be Sunday night May 17, and the graduation exercises will be on Friday night, May 22.

The program will begin at 8:00 p.m. in the High School auditorium.

Speaker for the services will be Rev. W. H. Uhlman, pastor of the First Baptist Church.

Rev. C. R. Mathis, pastor of the Lenora Baptist Church, will give the invocation.

Superintendent Beryl D. Clinton will appear on the program and make the necessary announcements preceding the sermon.

Forty-nine candidates for graduation will be present for the baccalaureate address. The graduating class of 1963 had 36 graduates.

The professional and recessional will be played by Mrs. Beryl Clinton.

Benediction will be voiced by Rev. Ralph Coffey, First Baptist Church of Tarzan.

Seniors taking part in the baccalaureate services are:

Bobby Adkins, Mickey Allen, Jack Bone, Roger Boyce, Roger Brantley, Gary Clinton, Bobby Cranford, Garry Doshier, Ronald Driggers, Ronald Hartzell, Ronnie Hays, Darr Huckaby, James Lewis, (Continued on page 5)

Mahon Succeeds To Vital House Post

U. S. Congressman George H. Mahon of this district has assumed the chairmanship of the powerful House Appropriations Committee succeeding the late Rep. Clarence Cannon of Missouri who died suddenly Tuesday.

Cannon, one of the senior members of Congress from a standpoint of service and years, died of heart failure.

Mahon announced this week that he planned to retain his chairmanship of the Military Appropriations Sub-committee, which is a part of the full group he now heads.

A member of the Appropriations committee since 1939, the Lubbock lawmaker has been chairman of the Military Sub-committee since 1949. In that capacity he has been a major force in the handling of cold war spending and has earned a reputation for keeping close watch on the taxpayer's dollar.

West Texas colleagues paid tribute to Mahon and predicted the soft-spoken solon will continue to strive to keep

George H. Mahon

down government spending when he takes active charge of his new duties. Rep. O. C. Fisher of San Angelo, Omar Burleson of Abilene and Ed Foreman of Odessa said they expect Mahon to be an "excellent" chairman.

Martin County Schools To Dismiss Classes May 22

Martin County schools will dismiss early on Thursday, May 21 and Friday, May 22. Final day of classes will be May 22. School will be dismissed at 2:20 each day, and final examinations will be given on these two days.

Stanton Elementary and Junior High schools will dismiss at 2:20 p.m. on both Thursday and Friday.

Stanton High School will dismiss school at 2:20 p.m. on both of these days, with final examinations being given Thursday and Friday.

Approximately 16 members were present for the meeting.

Honor Grads Are Named At FG Junior High

Dee Shortes

Dee Shortes, son of Mr. and Mrs. Mavis Shortes, has been named valedictorian of the Junior High School graduating class at Flower Grove. Dee has an average of 94.38. He is the secretary-treasurer of his class, and won third place in number sense and fourth in declamation at the district Interscholastic League meet this year.

Mike Waldrop

Mike Waldrop, son of Mr. and Mrs. Robert L. Waldrop, is the salutatorian. Mike has an average of 93.29, and has won several athletic awards, being selected all-tournament four times this year in local basketball contests.

Graduation exercises for the class will be held Thursday, May 21, at 8:00 p.m. at the school auditorium.

Lions Club Met Tuesday At Belvue

The Lions Club met Tuesday at noon for their regular meeting at the Belvue Restaurant.

Udell Morris, vice president, conducted the business meeting in the absence of the president, Bob Johnson.

Udell Morris introduced Floyd Walker, who gave a report on the Little League program, which is slated to begin soon. Walker stated that more adult workers were needed to assist in the program.

It was announced that the Lions would honor all students of the month in Stanton High School with a banquet on Tuesday night, May 19, at 8:00 p.m. in the basement of the First Methodist Church.

Committee for the banquet arrangements will consist of Rev. C. R. LeMond, Jimmy Stallings, Cecil Bridges, Jack Iretson, and Bob Cain.

The noon meeting next Tuesday will not be held due to the banquet.

Mrs. Zella Graves To Attend Convention

Mrs. Zella Graves

Mrs. Zella Graves, administrator for Physicians Hospital and Clinic, will leave Stanton May 17 to attend the 35th Annual Convention and Exhibit Show of the Texas Hospital Association to be held May 17 through 20 at the municipal auditorium in Austin.

In addition to daily general sessions, activities will include workshops, panels, and exhibits.

Keynote speaker for the convention will be Dr. Harry

Hunt Ranson, Chancellor of the University of Texas. Dr. Ranson is described as the university's "energetic and imaginative galvanizer of educational life," and has fostered numerous projects at the school.

Speaker for the banquet to be held on the 19th at 7:00 p.m., will be John Connally, Governor of Texas. Installation of officers will also be conducted at the banquet.

Mrs. Graves will return to Stanton on May 20.

Old Settlers Map Plans For Reunion In July

The Martin County Old Settlers met May 11 at the Cap Rock Electric auditorium to map plans for the annual Old Settlers Reunion to be held July 13 and 14.

Theme of the reunion this year will be "How Time Flies."

Ohmer Kelly, president, conducted the business meeting.

A large group was present for the meeting, and committees were named for the events to be held on July 13 and 14.

Parade time was announced as 4:00 p.m., with the parade beginning at the First Methodist Church. A barbecue will be held at the Stanton Park at 7:00 p.m. Price of the plates will be \$1.35, and in event of bad weather another place will be provided.

Rho Xi To Sponsor Heart Fund Drive

Rho Xi chapter of Beta Sigma Phi will sponsor a heart fund drive in the city on Monday night, May 18.

Mrs. Benny Welch, president of the sorority, will head the 1964 fund drive for Martin County as chairman of the campaign.

The sorority will be assisted by the FHA girls, who will make a door to door visit on Monday night to receive contributions, and distribute information about the heart and its diseases.

Proceeds of the campaign will be used to fight the heart and circulatory diseases now responsible for more than 54 per cent of all deaths in the United States. These diseases include heart attacks, strokes, high blood pressure, and hardening of the arteries, rheumatic fever, and inborn heart defects.

The police department answered 218 complaint calls, recovered three stolen automobiles and one stolen bicycle.

Chief Smith reported that his department investigated 15 accidents in the city limits with an estimated property damage of \$4,445.00. No personal injuries resulted from the accidents, Chief Smith said.

In addition to regular police work, the department also investigated three major fires which resulted in \$4,850.00 in losses.

Why does this water heater need no flue?

IT'S FLAMELESS... IT'S ELECTRIC! And because it's flameless, it needs no flue or ventilation, so it can be installed almost anywhere—under a kitchen counter, beneath a stairway or even way back in a tightly enclosed closet. In addition to this flexibility of location, a flameless electric water heater gives you these other important advantages: **SAFE**—no flame, no pilot light to worry about. **CLEAN**—no by-products of combustion to soil walls or ceiling. **SILENT**—no start-up or shutdown noises, no sound while water is being heated. **FAST**—high-speed electric heating elements are immersed in the water for maximum efficiency and quick recovery operation. You'll have all the hot water your family needs—worry-free—with a flameless quick recovery electric water heater. See the new models now on display at your dealer's.

Top Cotton Yields Possible Only If Insects Controlled

The chairman of the cotton production committee of Texas, C. B. Spencer of Dallas, cautioned farmers last week that cotton plants must receive needed protection from injurious insects from the time the plant emerges from the ground until boll maturity if yields of a bale an acre or better are expected.

Spencer said farmers ought to use insecticides to control the damaging thrips and other insects that delay growth.

"When insecticides are applied before squares are a third grown, their use should have little influence on the bollworm problem," said Spencer.

"Beneficial insects that often aid in keeping down bollworm damage usually move into cotton fields after the crop starts blooming. This is about 11 days after the third-grown stage," he said.

Spencer added the killing power of poisons applied to control early season insects should be gone when blooms appear.

The thrips usually, when

uncontrolled, stunt cotton during the 30-day period from stand to squares. During the next 21-day period, the square-to-bloom stage, a cotton plant that is protected from insects will put on more than a bale of squares, said Spencer.

Bible Comment—

Blessedness Of Work Is Told

Work is more than just a task, more than a drudgery, Saint Paul says. "Whether therefore ye eat, or drink, or whatsoever ye do, do all to the glory of God."

The spirit in which one's work is performed is important. One may take great satisfaction in performing his part in the fabrication of finished, marvelous products.

Also there is a great compensation in the fact that every monotonous routine has been offset by shorter hours of labor, which leaves the worker more time for family and the real business of living.

Nevertheless, the old debate remains as to whether work is a curse or a blessing. The original conception of Genesis suggests that it is some-

thing of a curse:—"In the sweat of thy face shalt thou eat bread"—. But in the Old Testament that conception received another interpretation. To extract from the soil abundance and prosperity became a national and social ideal. A glory was attached to work, and to achievement of craftsmanship.

The blessedness of work, too, became more emphasized and vindicated in all that Jesus said. "My Father worketh hitherto, and I work." . . . Work was what Jesus called his "Father's business." It was Christian work, and as such Paul commended it by precept and example.

And St. Paul had a message as a tent-maker as well as in the role of an Apostle and Christian leader.

Philosopher Has New System For Making Things Hum. Faster With Time Payments

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw takes a look at the economy this week. We're not sure what he sees.)

Dear editor:

I have often heard that economists break out in a cold sweat at the thought of everybody's suddenly becoming thrifty, that if people adopted the old-fashioned methods of paying cash or doing without, the wheels of industry would grind to a halt, on account of the whole system of manufacturing and selling is geared to installment buying, from washbuds to roller skates, dishwashers to fishing tackle, automobiles to summer vacations, but I have a notion they're worrying over nothing. People are going to start paying cash about the same time Washington does, which leaves the future unlimited. Modern man does everything from fighting wars to getting married, if there's any difference, on credit.

What got me to thinking about this was an advertisement I read in a newspaper last night announcing the price of a new car which is generally admitted to be a few notches ahead of the two more popular brands in power and status. This car, the ad said, cost just \$7 a month more than the lower-priced cars. That's all the price it gave, no mention of the total.

For example, I have long contended that if the government would let the post office sell me a \$50 money order on the installment plan, I could use that to make the down-payment on a \$250 item out of a mail order catalog. I could make the economy hum even faster. I don't know why the government is asleep on the splendid idea.

Yours faithfully,
J. A.

Questions And Answers

Q—Several years ago I received a widows' pension under the "old" law. Later, I started to work and my income exceeded the limitations allowed. I plan to retire soon and will reapply for benefits. Will I still be entitled to them under the "old" law?

A—If you were receiving the pension on or before July 1, 1960, and are otherwise eligible, you will resume payments under the "old" law automatically, unless you elect the current pension system.

Q—Is there a special provision on eligibility for VA hospitalization for mental illness?

A—For purposes of hospitalization, veterans, with service during World War II or the Korean Conflict, who developed an active psychosis within two years from the date of their separation from such active service, and before July 26, 1949, in the case of a veteran of the Korean Conflict, are deemed to have incurred

this disability in active service and hence are admitted to VA hospitals under the first priority group.

Q—Since the Civil War is now 100 years ago and all the veterans on both sides are dead, how come more than 1,000 widows are still alive to collect pensions?

A—Many of these old veterans married women many years their junior.

Chamber Chatter

By MAURYNE VARNADORE

Hello again—Mother's Day has come and gone and for me it was most enjoyable. My son and his wife, Mr. and Mrs. Vance McCright, of Colorado City, spent the weekend with us and we just enjoyed a quiet time at home. Hope all of you enjoyed a pleasant day.

—CC—

We attended the Armed Forces Day luncheon in Big Spring at WAFB on Friday. General Moody of San Antonio, was the speaker and was very entertaining. Following the luncheon, Mr. Spence and Mr. Ivey of CRM-WD spent some time discussing the water pollution hearing coming up May 27 in Austin on Martin and Andrews counties. Bob Cox, chairman of the Legislative Committee, will be in Austin to register our protest to the Board on Water Pollution in connection with the use of open salt pits in Martin County. This pollution endangers the economy of not only our county but that of all the counties around us where the Ogallala Water Formation carries our fresh water. All interested parties are urged to contact the Chamber office or send in resolutions to the Water Pollution Board in Austin before the hearing on May 27.

—CC—

The Stanton Baseball Club, under the management of Barney Arguello and Agostino Ramos, will play Odessa here next Sunday. The club notified the Chamber that they are in need of funds and support, so go out Sunday afternoon to the West Texas Compress and watch an exciting game.

—CC—

The Chamber office now has a new Photo-Copier, so if you need any copies of papers, let the Chamber do them for you.

Congratulations are in order for a few outstanding young ladies and gentlemen in our county. Linda Lawson, valedictorian, and Mary Glaspie, salutatorian for Stanton High School; Pam Williams, valedictorian, and Linda Glaspie, salutatorian for Courtney. Also, Guy Brown for winning first place in the 70 yard high hurdle at the Midland Junior Track Contest. Guy will represent Stanton in the state Junior Track meet June 5-6 in Irving, Texas. Best of luck to all.

If you find that life is empty, try putting something into it. Bye, now.

Health And Safety Tips

From The American Medical Association

Is your family already beginning to plan for a vacation trip this summer?

Your doctor recommends a real vacation for the entire family, to get away from customary home and office chores, forget your day-to-day worries for a short time, and generally get rejuvenated and ready to face another year.

Whether your vacation will be a short trip to a nearby lake, camping out in a national park, a plane trip abroad, or what have you, there are a few things to keep in mind that will help avoid having the holiday spoiled by illness.

Depending on where you're going, you may need some vaccination shots. Tetanus, certainly, for anyone who expects to include some out-of-doors activities. Typhoid, if your journey includes areas where the water supply is uncertain. Smallpox, if you're planning to leave the United States to visit a foreign land, and want to re-enter the United States. Ask your doctor about these, and possibly other, immunizations.

Use common sense about your vacation diet. Many a family trip has been spoiled by too many roadside ham-

burgers and soft drinks. A sound rule while driving cross-country is to eat lightly. Be cautious about heavy, rich meals, particularly if you're not accustomed to such fare at home.

Know what sort of climate you will encounter at your vacation spot and dress accordingly. It can get cold in the mountains at night, even in midsummer. Good walking shoes are important to the travel wardrobe.

If you wear glasses, take along an extra pair. Or, at least a copy of your prescription. If you're taking a regular medication, make certain of your supply before you leave.

And, finally, don't overdo it. Almost no one other than a trained athlete is fit for 35 holes of golf or five sets of tennis under a broiling sun.

Schedule your vacation to allow daily rest periods. Do most of the driving in the morning hours and stop for the evening in early or mid-afternoon. Your vacation should be a holiday for rest and relaxation. It should not be a grind that necessitates another vacation to rest up from the vacation.

Miss Miller In Band Concert At Sul Ross

Miss Patricia Miller, a member of the Sul Ross State College concert and stage band, recently participated in the spring concert held at the college main auditorium.

The band is under the direction of Jim Johnson.

The program included twentieth century compositions, including works by Bartok, Persichetti and other eminent composers. The stage band performed nostalgic music of the late swing era, blues, folk, and authentic Latin-American compositions.

The concert ended with a stirring new arrangement of the school alma mater scored by the conductor.

Patricia is the daughter of Mr. and Mrs. Clyde Miller, and plays the French horn in the band.

Benjamin Franklin defined man as "a tool-making animal."

IF FINANCIAL HARDSHIP SUFFERED

Methodist Conference Okays Help Racial Demonstrators

The General Conference of the Methodist Church, which earlier toned down a resolution condoning civic disobedience, set up a fund to help any Methodist who suffers hardship by joining in a racial demonstration.

The vote was somewhat of a surprise and passed over Southern protests.

Contained In Report Provision for the fund was contained in a report by the Committee on the Ministry and came up unexpectedly for debate with routine matters.

The 900-odd delegates approved the fund but voted down an attempt to name it the civil disobedience relief fund and to set a date for a collection.

The money will be collected

at Sunday services and through special drives organized on a local level.

Funds also will be available to ministers and laymen who suffer "economic deprivation" or who are arrested for acting as their conscience directs.

This means a minister who loses his pulpit for going against the wishes of his congregation also could be eligible.

The fund will be administered by the Interboard Commission of the Local Church.

The resolution, which passed over the protest of Southerners, says that all Methodists will be given a chance to contribute to Methodist ministers and laymen who, on the basis of conscience, witness to a racially inclusive

church (and) may suffer economic deprivation."

The original resolution pertained only to ministers. It was amended to include laymen.

Establishment of the fund allows by two days consideration of a report which would have condoned civil disobedience in "rare instances where legal recourse is unavailable."

Delegates toned down this resolution in two ways before adopting it. First they rewrote a section referring to laws that were "clearly unjust or immoral" to read "laws that are unjust or immoral on their face."

They also deleted the word civil disobedience but the meaning remained clear.

Conservative tone of the Texas Legislature was little changed by May 2 primary results.

Thirteen members of the Senate and 101 Representatives won re-nomination.

There will be two new Senators. Former Rep. Jack High-tower of Vernon will replace veteran Sen. George Moffett of Chillicothe who is retiring.

Successor to Sen. Frank Owen III of El Paso, who did not seek re-election, will be decided in the runoff between Rep. George Cook of Odessa and former Rep. Pete Snelson of Midland. The winner still must face Republican opposition on November 3.

Democratic incumbents in state offices polished off their primary opponents, and turned to the job of running against their Republican opponents in the November general election.

The two primaries resulted in two runoffs, to be held on June 6.

Republicans George B. H. and Jack Cox, both of Houston, will vie for the right to face Sen. Ralph Yarborough in November for the U. S. Senate seat Yarborough now holds.

Democratic Congressman-at-large Joe Pool of Dallas will be in a runoff with Robert W. Baker of Houston for nomination to that statewide office.

Outside the U. S. Senate race, all Republican primary candidates for state office were unopposed.

Trial Coverage Discussion Set — A State Bar subcommittee will meet here on June 18 with the state's major press associations to discuss coverage of court trials.

Representatives of United Press International Managing Editors, Associated Press Managing Editors, Texas Daily Newspaper Association and Texas Press Association have been invited to the first of three conferences. Radio and television broadcasters and law enforcement officials will be invited to confer with the Bar's subcommittee on "Trial News Coverage" in subsequent meetings.

The subcommittee has instructions "to study and make recommendations concerning

proposed standards of conduct or statements of principles governing parties involved in news stories related to prospective or pending litigation, civil and criminal."

Higher Education Boosted — The Committee of Governing Boards of State Colleges and Universities called for "a giant step" to upgrade higher education in Texas next year.

In a new brochure, the voluntary group from different institutions terms 1965 a "year of destiny" for education.

Meanwhile, Gov. John Connally's Committee on Education Beyond the High School got together to edit its preliminary draft of a report on how to achieve that "giant step" necessary to make Texas colleges and universities the best in the U. S.

Textbook Committee Named — The new State Textbook Committee was sworn in on May 8.

Group, which will read and evaluate 250-300 school textbooks before making recommendations to the State Board of Education, is made up of:

Edsell F. Bittick, Texas City; Mrs. Edna B. Boon, Austin; Henry Bennett Cooksey, Longview; Durward Grubb, Abilene; Mrs. Steve Ross Harris, Denton; Mrs. Ruth Hicks, North East San Antonio; Fred W. Hunter, Beaumont; Mrs. Evelyn Kidwell, Mr. Vernon; Smith Markham, Richardson; James W. Martin, Arlington; Bruce E. Oberholzer, Mexia; Mrs. Fay Richey, Bonham; Manuel Salinas, Jr., Fairburn; Mrs. Hester Still, Amarillo; and Keene C. Van Orden, San Antonio.

Judges Appointed — Governor Connally named James F. Parker, Sr. of Beaumont associate justice of the Ninth Court of Civil Appeals to fill the unexpired term of W. T. McNeill, deceased.

Connally also appointed Charles L. Reynolds, Childress County attorney, judge of the 100th District to fill the unexpired term of Judge Luther Gribble, deceased.

Both appointees are Democratic nominees for the judicial posts. Connally said earlier he would appoint winners of the party primaries to the unexpired terms.

Scabies Order Eased — California has eased a dipping order for Texas cattle, reports Animal Health Commission Director Dr. R. G. Garrett.

Only those cattle shipped to California from the counties of Childress, Cottle, Garza, Kent, King, Lynn, Stone-wail, Terry, and Yoakum need to be dipped under the new regulation, Dr. Garrett said. All cattle still need a permit from California and an inspection certificate certifying freedom from scabies.

Constitutional Amendment Places Drawn — Three constitutional amendments to be voted on at the general election on November 3 will appear in this order on the ballot.

No. 1. Amendment to remove authority for transfer of one per cent annually of the permanent school fund to the available school fund.

No. 2. Requiring advance publication of bills to create conservation and reclamation districts or amend finance powers and boundaries of

Perfumed Rose Jars Make Lovely Gifts

Roses are now in bloom and it is an ideal time to consider using the petals for making perfumed rose jars which produce such enticing fragrances.

These rose jars make lovely gifts and can be enjoyed daily throughout the year. Various types of containers may be used and these add to the beauty of the gift. Antique sugar bowls, Japanese ash trays, candy jars, hand painted ceramic jars, and many types of clear glass containers may be used to hold the rose petals. A lid is preferable in order that the scent may be prolonged as long as possible.

Making these rose jars is a simple, intriguing hobby, and one that gives pleasure to both the giver and receiver.

A simple recipe for making a perfumed rose jar is as follows. Pick two gallons of loosely packed rose petals (measured when fresh), add 1/2 ounce of oil of geranium, 1/2 ounce of oil of lavender, 1/2 ounce of oil of cloves, and 1/2 ounce of oil of spike.

Because it is sometimes impossible to gather two gallons of rose petals at one time, gather one half gallon just before they shatter from the stems. Spread the gathered petals loosely on newspapers in a cool room. Mark the date the petals are gathered on each paper.

The petals must be stirred each day so they will properly dry. It takes from four to six weeks for the petals to dry. After they are properly dried put them in an aluminum pan (other pans will absorb the precious oils.) Mix the oils together and pour over the petals which are stirred well.

Before placing them in an attractive container rub the inside of the container with glycerine in order to prevent loss of the oils. Pack the petals loosely, and you will have a spicy rose fragrance that will give your house a delightful touch of summer all year long.

Place of the proposals on the ballot was determined by drawing numbers in the office of Secretary of State Crawford Martin.

Missing Persons Search — The State of Texas is looking for hundreds of "missing persons" who have left possessions ranging from a 50-cent piece to a \$239.62 unclaimed payroll check in various depositories for seven years or more, and failed to provide forwarding addresses.

In a final effort to find these people, before their property is escheated by the State, Atty. Gen. Waggoner Carr has filed a lawsuit in the 53rd District Court of Travis County, entitled: The State of Texas vs. R. E. James Gravel Co. and others.

Names of the "missing persons" filled three and one-half newspaper columns in the May 1, 1964, Austin American, to fulfill the requirement for advertising for missing owners of property subject to escheat. Persons with any claim to the property listed should file their answers to the suit in the 53rd District Court before June 8.

Opinions — The "Calcutta Pool," a betting system used in some sporting events, such as horse races, golf tournaments, tennis matches, skeet and trap shooting, is illegal, according to Atty. Gen. Waggoner Carr. He says the Calcutta Pool system constitutes a lottery.

Carr also held a district court may not commute (shorten) the sentence of a parolee, since state law vests the power to grant reprieves and commutations in the governor.

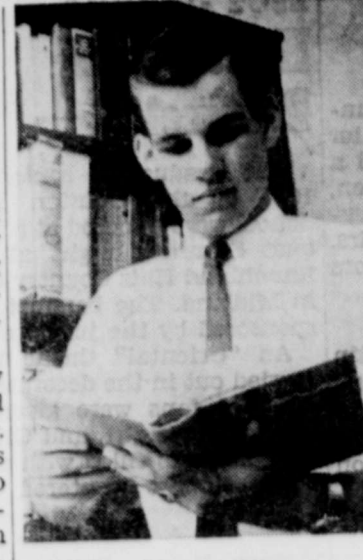

In another opinion, Carr gave the state insurance board a go-ahead to prevent insurance firms from offering credit as a customer come-on.

Farm-To-Market Roads — State Highway Commission announced "a sweeping program" to build more than 1,000 miles of new farm-to-market roads in 166 Texas counties.

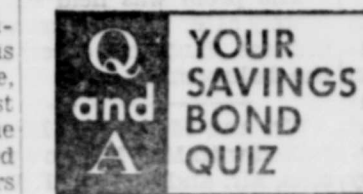

With 37,143 miles of FM roads now in the state, the estimated \$23,000,000 project would bring the total to more than 38,075 miles.

The sprawling Farm-to-Market system began with a 6-mile stretch built in 1963 between Mount Enterprise and Shiloh in Rusk County. Commission's goal is 50,000 miles of FM roads.

SHORT SNORTS A May 5 oil and gas lease sale of state-owned lands (124,795 acres) brought \$4,700,000 to the public school permanent fund, swelling it to \$557,000,000. . . State Treasurer Jesse James reported April 30-May 5 income of \$40,300,000 wiped out a \$38,400,000 deficit in the state's general fund. . . A new state plan for hospital construction under the federal Hill-Burton Act now is available for inspection in the State Health Department. . . Another open enrollment period has been authorized for Texas 65 and over to obtain health insurance under the Texas 65 insurance plan at costs ranging from \$9 to \$19 a month. . . Texas' 58 parks may draw as many as 8,000,000 visitors this year. . . State Securities Board authorized sale of \$27,400,000 in securities in Texas during March.

YOUNG TEXAN FOR APRIL — John Michael Keeling, 17-year-old junior at Kilgore Senior High School, has been chosen by Texas Optimist Clubs to receive the Troy V. Post Award designating him Young Texas of the Month. Mike is a straight-A student, is an outstanding baseball and football player and trackman. He has been a member of his high school student council for two years, is very active in Hi-Y activities and public speaking. Mike is also a leader among the young people in his church. The Kilgore youth will compete with the 11 other monthly winners for one of three valuable scholarships to be awarded at a state-wide banquet in early 1965. Mike was chosen Young Texas of the Month in competition with nominees throughout the state by a panel of state leaders headed by U.S. Supreme Court Justice Tom C. Clark.

Question: We plan to move soon. What should I do, if anything, to insure that I get interest checks on my H Bonds promptly?

Answer: Give prompt notice of your new address to the Bureau of the Public Debt, Division of Loans and Currency, 536 South Clark Street, Chicago, Illinois 60605, listing the serial number and issue date of each bond, the series, and the inscription appearing on the face of the bonds. If at all possible, this notice should be given at least one month in advance of any interest payment date.

Question: Don't a lot of people cash in their Savings Bonds as soon as possible after buying them?

Answer: Some people do because of unforeseen emergencies, but the average dollar invested in Savings Bonds remains there for seven years. More than \$20.4 billion in Series E and H Bonds outstanding have passed their original maturity date and are being held into extended periods.

Question: Is it permissible to report, for income tax purposes, the gain in value of my E Bonds each year rather than waiting until they finally mature and reporting it in one lump sum?

Answer: Yes, if this serves your need. In the case of a parent buying bonds in the name of his child to provide an education fund, some advantage might be gained.

Screwworm Workers Urge Vigilance

Screwworm eradication officials last week warned Texas farmers and ranchers to be especially watchful the coming week for infestations.

"During May and early June screwworms generally become very active and are known to make large gains," said Delmar Deterling, extension information specialist for the program.

He said more infestations were reported in May of last year than during any other month except October and November.

Only 29 cases were confirmed in 16 Texas counties during April this year compared to 357 cases in 78 counties for the same month last year, Deterling reports.

Officials feel if the number of cases can be kept down the next two months, the hot, dry weather the rest of the summer will keep the native fly population low.

Deterling said stockmen should take every precaution with their livestock — treating wounds and reporting larvae samples to prevent the insect from spreading.

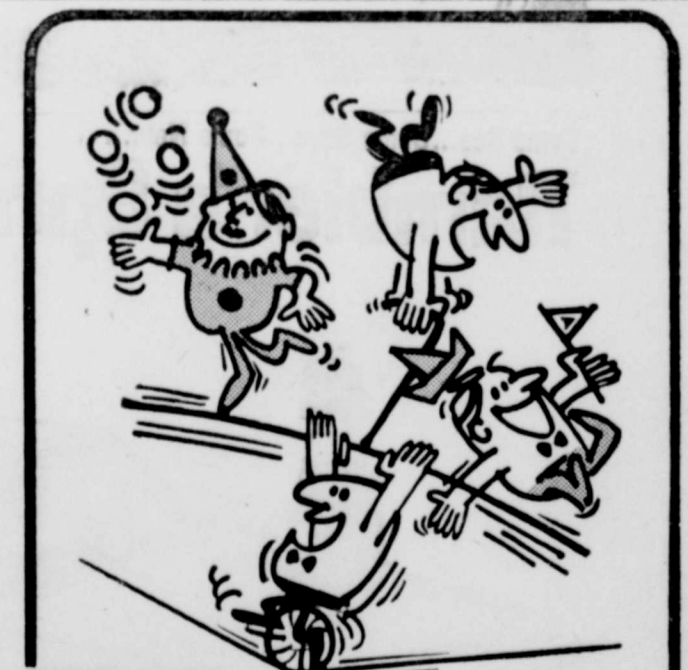

Sterile male fly drops are being carried out on both sides of the Rio Grande River, and areas where cases are reported are "hot-spotted" with sterile flies produced at the Mission, Texas, plant.

Prices Drop 1963 Pork

Texas farmers marketed a few more hogs in 1963 than the previous year but got 6 per cent less money for them.

Last week the Texas Crop and Livestock Reporting Service of the Agriculture Department reported 1963 cash receipts of 34.4 million dollars from the sale of hogs. The number marketed was 1,101,000 head compared with 1,096,000 head in 1962.

The average price dropped \$1.20 a hundred. Farmers got an average of \$15.10 a hundred for their porkers.

Hog inventory on Texas farms January 1, 1964, was 885,000 head or 11 per cent less than a year earlier.

Producers marketed 253.5 million pounds of pork in 1963. Texas is generally a pork-deficient state with processors having to import live hogs from the Midwest to meet the demand.

RLDS Group Met At Church Annex May 7

The Women's Department of the Reorganized Church of Jesus Christ of Latter Day Saints met May 7 at 7:30 p.m. in the church annex.

Mrs. O. E. Saunders, women's leader, was in charge of the business session.

The group sang "In Christ There Is No East or West," and the invocation was led by Mrs. Douglas Church.

Mrs. Carl Leonard, Jr. brought the devotional on "One Blood."

The lesson on "Integrity and Intergration" was brought by Mrs. William Miller of Big Spring.

Another hymn, "Thy Kingdom Come O Lord," was sung by the group.

During the social hour Mrs. Robert Reagan served refreshments to those attending.

Members present were Mrs. M. L. Koonce, Mrs. O. E. Saunders, Mrs. Carl Leonard, Jr., Mrs. Fred Church, Mrs. Tommy Hursh, Mrs. Douglas Church, Mrs. Robert Reagan, and Mrs. William Miller.

Benediction was voiced by Mrs. M. L. Koonce.

Members present were Mrs. M. L. Koonce, Mrs. O. E. Saunders, Mrs. Carl Leonard, Jr., Mrs. Fred Church, Mrs. Tommy Hursh, Mrs. Douglas Church, Mrs. Robert Reagan, and Mrs. William Miller.

Benediction was voiced by Mrs. M. L. Koonce.

Missionary Of RLDS Honored On May 2

The Reorganized Church of Jesus Christ of Latter Day Saints honored Seventy Herbert A. Lynn of Amarillo, Texas, with a farewell party at the church annex on May 2 at 8:00 p.m.

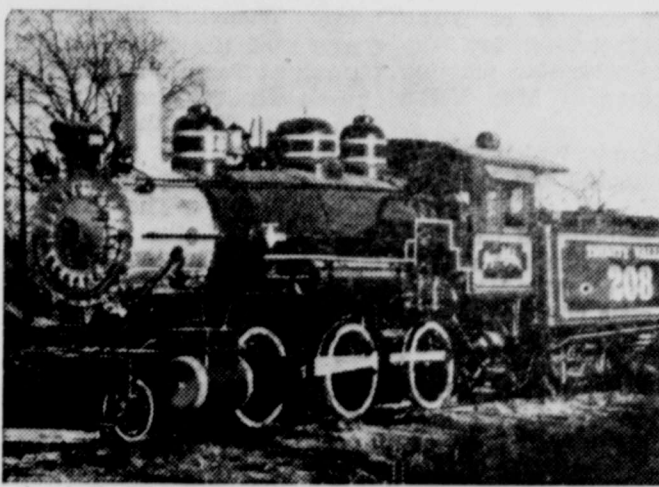

Seventy Lynn will be moving to Garden City, Kansas, where he will be missionary for Western Kansas. He has been missionary for the Western Texas and New Mexico areas for the past eight years.

Another special guest was Seventy J. T. Fears, who will be the new missionary for Western Texas and New Mexico.

Gifts of appreciation were presented to Elder Lynn, and a history of his last eight years of ministry was given by Mrs. Carl Leonard, Jr., entitled "This is Your Strife."

Refreshments were served to approximately 70 people. Benediction was voiced by Elder J. T. Fears.

Weatherford Offers Many Famous Tourist Attractions

WEATHERFORD — Ex-Angelina & Neches River Railway steam engine built in 1912, on display at Texas Railroad Museum in Weatherford. Weatherford is 28 miles west of Fort Worth and is the county seat of Parker county.

Want to get away from the busy city life? Then pack up the whole family and strike out for Weatherford, county seat of Parker County, 28 miles west of Fort Worth. Here you will find things of interest for all ages.

Weatherford can be reached on U. S. Highway 80 and 180, State Highway 171 and Farm Roads 51 and 920.

On Simmons Street, half a mile south of U. S. Highway 80, are the famous Chandor Gardens. Open the year 'round, the gardens are particularly beautiful in the spring when flowers and shrubs are in bloom.

The world-renowned portrait painter Douglas Chandor built these unique gardens, which have been described as "18th-Century English with Chinese sculptural motifs." The effect is a series of outdoor rooms — roofed, walled and decorated by a vast variety of plants, shrubs, trees, fountains and pools.

Just east of the city, on Holland's Lake, is a double log cabin, built in 1855, which is now a memorial to Parker County pioneers.

One of the most unusual and unique places to visit is the Texas Railroad Museum at the old Santa Fe station, the only such museum in the state, and the only one south of St. Louis. Sponsored by the Trinity Valley Railfans, the museum was established in 1961.

The members of the association have collected and placed on display relics of a bygone era; railroad spikes, photos, uniforms, menus, timetables, and even the front section of a San Francisco cable car.

On the tracks alongside the station is a Texas & Pacific business car which was withdrawn from service in 1957. Used only for "top level" assignments, the executive car contains a lounge, two bedrooms and a "master bedroom," dining room, kitchen and quarters for the staff.

The executive car is attached to an old locomotive of the Angelina & Neches River Railway built in 1912.

Children, who are always fascinated by trains, will get a real thrill out of this museum and its exhibits. But parents and grandparents will also enjoy this look into the past.

The museum is open Saturdays, 10 a.m. to 5 p.m., and on Sundays from 1:30 to 5 p.m.

Mother-Daughter Luncheon Held By Beta Sigma Phi

The annual Beta Sigma Phi Mother-Daughter luncheon was held Saturday, May 9, at the Cap Rock Electric Cooperative. Xi Epsilon Delta chapter was in charge of all arrangements.

Decorations were in an "old-fashioned" theme. Cameo name tags were pinned on each guest. Antique vases filled with roses were placed at intervals, and gathered nylon entwined with rose buds centered the tables.

A buffet luncheon consisting of chicken salad on lettuce leaves, deviled eggs, potato chips, tea sandwiches, pickles, ambrosia and old fashioned pound cake was served. The food was prepared by members of the Xi Epsilon chapter.

Mrs. Homer Schwalbe, president of Xi Epsilon Delta, was mistress of ceremonies. The grace was offered by Mrs. Tull Ray Louder.

Jerry Don Banks, band director at the local high school, presented a choral group of high school girls, who sang several selections. Members of the group were Mary Stewart, Janice Burgess, Brenda Stander, Beverly Tucker, Linda Caffey, and Linda Deavenport.

Approximately 85 members of the various chapters, daughters and guests attended the luncheon.

Miss Mills Honored In Turner Home

Miss Linda Mills of Midland, graduating senior at Lee High School, was named honoree when Mrs. Leo Turner entertained with a bridge luncheon in the game room of her country home near Stanton. Linda is the daughter of Dr. and Mrs. H. B. Mills of Midland, and a niece of Mrs. Turner.

The colors of yellow and white, representing Lee High School, were used in the decorations, and a graduation day theme was carried out. Pennants of Southwest Conference schools, and the Rebel flag of Lee High School were also displayed.

The serving table was laid with a yellow linen cloth centered with a white manseneta tree hung with graduation heads, diplomas, and pastel nets tied with satin ribbons in pink, green, blue, and yellow.

Guests were seated at individual tables covered with white cloths.

Place cards and favors were novelty coke bottle caps adorned with graduation caps.

The honoree was presented with a gift and she presented her aunt with a gift.

Guests present for the affair were Susan Davidson, Regan Kimberlin, Peggy Porter, Barbara Echols, Jo Reynolds, Susan Flowers, Sharon White, Beverly Girdly, Candy Poage, Janet Palmer, Jean Starr, Betty Clarkson, Trina Neimants, Lynda Danner,

Visiting in the home of Mr. and Mrs. L. C. Stovall recently were Mr. and Mrs. J. G. Swint of Hobbs, New Mexico. Mrs. Swint is a sister of Mrs. Stovall.

Rosholt, S. D. Review: "Too often forgotten in the emphasis on collective protests is that progress for a nation or for a race is made up of individual successes — persons who work diligently to develop an innate talent, to acquire a marketable skill, to overcome handicaps. . . . So, in spite of all the loud protestations heard and read about by the so-called do-gooder and one-world planner, progress is still a step by step process. Only when individuals advance in a community can a group take another step forward."

Cathie Blackhaller, Helen Black, and the honoree, Linda Mills, all of Midland.

'Poverty War' In Spotlight

PRESIDENT Johnson's "war on poverty" has caught the public imagination as have few issues in recent years. Rarely has a subject received as much attention in the press and on public forums as has this crusade.

As might be expected, reactions to the program have been varied. Its most ardent advocates are backing it with almost evangelical zeal. Critics, on the other hand, see it as a political gimmick which Mr. Johnson is using effectively in an election year. They note that the program itself, is one which no one can afford to be against. It would be like being against religion, home and motherhood.

But the political critics have a point. They say the President is pursuing an impossible goal: that poverty always has been with us, and always will be. They fear—or claim to fear—that the public will be whipped into a frenzy of enthusiasm by campaign oratory about the elimination of poverty, and will be let down later when supporters of the program, after the election, realize that it cannot be achieved.

There is some truth in these claims. There is some reason to believe that the elimination of poverty is an elusive goal. There also is reason to believe that the crusade has a strong political favor—as any issue would be likely to have in an election year. Likewise, the fight against poverty has been underway a long time. The elimination—or at least, amelioration—of poverty was one of the goals of the Woodrow Wilson Administration, 50 years ago.

But, the political angle aside, it is difficult to doubt the sincerity of President Johnson in his stand against poverty. The President was not born with a silver spoon in his mouth, as were many of his predecessors. He has known poverty. Brought up in the Hill Country of Central Texas he was a member of a family which was not affluent, as we know the term today. So, when he speaks of the trials of poverty, he speaks from experience.

Most people who have studied the phenomenon of poverty—except those of the extreme liberal school—realize that it cannot be eliminated through increasing Government hand-outs. Too much welfare aid dulls the sense of responsibility and destroys the initiative of the recipient. What the poor need is a chance to move forward on their own. And this can be provided best if private initiative is allowed to operate at the highest level of efficiency. The great progress this country has made in decreasing poverty and the raising of living standards has come about by the operation of the free enterprise system—not through the creation of larger welfare rolls. It is significant, in viewing the world situation, to note that the capitalist countries are doing far more to fight poverty than Communist nations.

What will come of Johnson's drive against poverty remains to be seen. But certainly, it has centered the attention of the people on the subject and it is likely that it will remain a topic of discussion long after the smoke of the current political battle has cleared away. And if something, is done to eradicate the most abject poverty—of which there is not too much in this country—the effort will have proved worthwhile.

PUBLISHER TOM ANDERSON OF FARM & RANCH MAGAZINE writes: "One of the eternal verities is that there is no such thing as equality. All men are deserving of equal treatment before the law and are equal in Heaven and Hell, but not in between." **HITLER, TITO, MAO TSE TUNG, CASTRO, and BOBBY KENNEDY** have tried to make all men equal—under them. Free men are not equal, and equal men are not free. As **J. EDGAR HOOVER** has said, "The negro situation is being exploited fully and continuously by Communists on a national scale."

METHODISTS will hold their 1968 General Conference in Dallas. It's good to hear this news. Dallas is the home of the denomination's largest church **HIGHLAND PARK**. Dallas is the home of **SMU**. In an editorial Monday welcoming the convention to Big D in 1968, **THE DALLAS NEWS** said: "Methodism has gained a special place in this city's affection." We might add that more than forty per cent of the entire Dallas County population is of the Methodist faith.

THE fact that teachers report an increasing number of youngsters smoking cigarettes regularly as early as the fifth grade should not be too surprising. Ever since adults first took up tobacco, children have been tempted to imitate their elders, but today's problem lacks the great leveler of our youth. When little **NEAL** got caught smoking a cigarette out behind the barn, no one called a conference to discover if he smoked to show off or to appear more mature. Our dad took us into the barn and with his favorite corrective weapon—razor strap—ended our smoking then and there. Correctional treatment is not the job of schools, churches or delinquency officers. It still rests with the parent.

WHAT is your tax money used for? There's an easy answer—to pay for the national defense, to maintain the executive, legislative and judicial departments of the government, and so on. But it's the safest of bets that the average citizen, having just survived the April 15 tax bite, would be amazed if he knew where some of his money goes. Examples: The federal government spent \$18,000 on a study to learn why patients break appointments at pediatric clinics. It spent \$1,250,000 to study the relationship between an infant monkey and its mother. It spent \$11,500 to study blood group genetics of Southampton Island Eskimos. It spent \$20,092 to study diseases of the great snail. Such a list could be continued almost endlessly. The individual amounts are small. But there is more to it than just the money involved. These are examples of what happens when a central government, peopled by avaricious bureaucrats all seeking more power and larger appropriations, try to do all things for all men and all interests. Is your snail sick?

LYNDON JOHNSON is getting twenty times more protection than any previous president of the U. S. ever got. And that is as it should be. But the fact remains and we must face it why didn't **PRESIDENT KENNEDY** get the same protection? Since the assassination of **MR. KENNEDY** in Dallas, the presidential car has been bullet-proofed—sides, glass windows and the dome. Everywhere **MR. JOHNSON** goes these days an army of guards goes along. **DIRECTOR J. EDGAR HOOVER** of the FBI revealed this week that he has been supplying additional agents to protect **JOHNSON** since **KENNEDY** was slain. We are happy to hear this. We are also unhappy to hear that a federal judge in Dallas has charged that an atmosphere of hate existed there before **MR. KENNEDY** made this trip to Texas to try and patch up political differences between feuding Democrats—namely **JOHN CONNALLY** and **RALPH YARBOROUGH**. We are also unhappy about a statement attributed to **PRESIDENT JOHNSON** and reportedly made in New York the past week—that hate existed in America. If our leaders and high appointees and feuding politicians all knew this—why—why—was **PRESIDENT KENNEDY** ever allowed to come to Texas in the first place? It appears a little late to yell foul now. A good man died for a worthless cause—in Dallas—**YARBOROUGH** and **CONNALLY** are still tugging for control of the Democratic party.

We drove 3,243 miles to make a point about our Super Turbine transmission

You can do it on the way to the grocery store

Would we drive a Buick with a Super Turbine transmission* all the way from Pasadena to New York City just to win Class C in the Mobil Economy Run?

Of course. And just in case anyone failed to get the message, we did it twice again. And won Class D and Class G. In all, Buick entered 4 classes, and won 3—more than any other make of car. (Remember when people used to think Buicks used a lot of gas?) Did we make our point about the Super Buick Motor Division

Turbine transmission? You bet. Obviously you aren't planning to drive 3,243 miles to prove your new Buick is economical. And you can't expect to get as many miles per gallon as the experts in the Economy Run. Still, it is nice to know you can win the economy run around town. And the good looks prize at the same time. See your Buick dealer about it. No doubt he'll think of a number of other reasons to drive a Buick.
