General Election Slated For Tuesday

By NEAL ESTES

A letter arrived this week from MRS. HUGHLYN TODD, the former MARSHA BRISTOW, daughter of MR. and MRS. PRENTICE BRISTOW, this city. HUGHLYN and MARSHA are students at TEXAS TECH. He is the son of the former Methodist pastor here and MRS. TODD. MARSHA wrote that they enjoyed reading the paper each week and that it helped keep them informed about their friends and family here.

It is that time again to remind every citizen in the county to be sure and vote on November 3. How you vote, is your personal business, but be sure and vote. Most of the facts are in—the platform planks have all been discussed, walked and worn pretty thin. Few last minute changes are anticipated—so be sure and mark a ballot. It's the American way.

If LYNDON is elected president on November 3, the vote will carry a mandate to push Medicare. His plan would be to have medicare paid for out of social security. Social security is the paid up insurance of all of us Americans. We are certainly for our social security system. We are a depositor in it. We are looking forward toward drawing our fair share in the future. We are worried about tacking on things that might bankrupt the social security fund. But, this can and will possibly happen, if social security payout gets bigger than the take in under the added medicare payments—nationalization of all insurance companies. That means, my friends in the insurance business, that you will simply collect the premiums—but under government control, all disbursements will be made from Washington. This is food for serious thought. It is not "way-out-thinking" either. They voted in a left-wing government in England the other day and the head man, labor leader WILSON, is already yelling for what—"for nationalization of steel." How about that? Don't think these things can't happen in this country—with a high court—nine guys I wouldn't trust around the corner—ruling against GOD, the Bible, and prayer, and with a man accepting the highest nomination for a political office in the land not mentioning GOD'S name a single time—yes—anything can happen in America. And I like the TEXAS pronunciation of AMERICA—not that grinding "R" sound a Texan who has been too long in the vicinity of the Potomac River uses.

They are liquidating editors in Russia these days. Perhaps no small number of them have been lined up and shot. Somebody from RANDOM HOUSE, INC., in New York eliminated the present editor of THE STANTON REPORTER by the simple use of naming a replacement by mail. A fourth class postal package labeled "educational materials" was mailed to MR. PERMIAN BASIN, care of the local paper, Stanton, Texas. A small paperback novel was on the inside of the package. The title read: "My Hope For America," by LYNDON JOHNSON. When and if the federal snoots come calling at the newspaper office for one reason or the other, we are simply going to tell them that the old editor has departed—but that MR. PERMIAN BASIN is in.

The truth is always the best defense against a lie. We have been hearing a lot and will continue to hear a lot more about the LOU HARRIS poll. (Continued on page 5)

Festival, Auction, Chili Supper Apparent Success

The Fall Festival, the Chili Supper, and the Auction Sale, all Martin County Chamber of Commerce and Stanton Reporter sponsored events here on Monday, October 26, were apparent successes.

Tickets for the Festival were printed free by the "Ole Reliable" and sales were considered brisk.

A financial report on the amount of money returned to the till of the Chamber of Commerce through proceeds from the chili supper and the

auction sale percentage will be announced next week.

Merchants participated graciously in the annual event. It is interesting to note that merchants who advertised their sidewalk sale specials in The Stanton Reporter enjoyed beneficial results.

Deavenport Dry Goods sold completely out of bargain table specials in less than two hours. It was fantastic.

Seagraves Wins Over Stanton Buffs Friday

Seagraves returned to winning ways in District 5-A football play Friday night, by defeating Stanton by a score of 32-13.

Each team is now 1-1 in league standings. Wink leads the race with a 2-0 mark.

Stanton moved the ball very well against the Seagraves line, gaining a total of 352 yards on the ground and in the air. The Buffs made a total of 24 first downs.

Dink Polson put Stanton on the scoreboard early with a

30-yard scoring run in the initial round. Mike Hill booted the PAT.

Johnny Swanson put Bill Milam's team in double figures in the third when he climaxed a drive by going over on the one.

Seagraves gained a total of 383 yards in a game that was practically all offense and chalked up 18 first downs.

Ronnie Huffman led the Roughnecks to victory, scoring touchdowns on runs of (Continued on page 5)

Stallings Named Census Crew Leader

Raymond Stallings of Big Spring, has been named crew leader for the 1964 Census of Agriculture. Percy R. Millard, director of the regional office of the U. S. Bureau of the Census at Dallas, announced today. The new crew leader is one of about 1,825 persons throughout the U. S. to receive this appointment.

The new crew leader will supervise a team of census enumerators who will visit all farms and ranches in Martin County to collect official census questionnaires from farm operators. Enumeration of all farms in the county will take place in November and early December.

The census will be taken in the following way: Shortly after November 5, the Bureau of the Census, an agency of the U. S. Department of Commerce, will mail census questionnaires to all rural boxholders. Those required to fill out the form should do so and hold the questionnaires until a census enumerator comes to collect them. At that time, the enumerator will help answer any questions that may have proved troublesome.

The crew leader is a key person in conducting a Census of Agriculture. He recruits and trains the enumerators, schedules their work, reviews the accuracy of completed forms, and conducts difficult interviews.

The Census of Agriculture is taken every five years in years ending in "4" and "9" to gather information on the nation's agricultural resources and production. Such information is vital in making decisions affecting many segments of the U. S. economy. Data gathered include the number and size of farms, acreage and harvest of crops, livestock inventories, and information on farm equipment and improvements and income and some production expenditures.

The information will be published starting in 1965 for counties, states, and the nation.

Stanton Booster Club To Sponsor Carnival Oct. 31

Stanton White, president of the Stanton Booster Club, announced that the club will sponsor the Halloween carnival, to be held in the Stanton High School gymnasium Saturday, October 31.

Starting off the activities, will be a spaghetti supper at 6:00 p.m. in the cafeteria. Tickets for the supper will be priced at \$1.00 for adults, and 50 cents for children under 12. Dinners will be served until 8:00 p.m.

The carnival's games, and booths will open at 7:00 p.m. in the gym. There will be fortune telling, a spook house, fishing pond, wishing well, dart board, basketball pitch, bottle throw, keg pitch, cat throw, cake walk, and many

other traditional games. Tickets for these activities will be 10 and 20 cents.

Costume judging will be at 8:00 p.m., with prizes given for the top three costumes.

Chairman of the booths and games will be Booster Club members and their wives, with assistance from the members of the high school athletic teams. Proceeds from the carnival will be used for projects of the club.

White urged all Booster members' wives to send a cake for the cake walk. Members who have not picked up their work assignments, should check with him or Jimmy Stallings.

Everyone is urged to come to the carnival and have a good time.

Johnson, Goldwater In Texas Toss-Up; Yarborough Behind

Hunter McLean, State Democratic campaign manager for the Johnson-Humphrey ticket and Peter O'Donnell, state campaign manager for the Goldwater-Miller ticket, both agreed this week that Texas could go either way on election day.

Not only the polls, but radio stations, newspapers and many, many former supporters of Ralph Yarborough, are of the opinion that George Bush will be the next United States senator from Texas. By-and-large, Bush has a much greater chance of defeating Yarborough than Goldwater has of upsetting Johnson. Governor John Con-

Election holding machinery has been completed in the county with full judges and clerks ready to report for duty early Tuesday. Voters will mark ballots in nine voting places in the four precincts here. Two boxes will be staffed in Stanton, one at the Junior High School gym and the other at the Methodist Church.

The general election ticket has the name of all party candidates, plus three constitutional amendments on it. There will be only one ballot. Voters who hold regular poll tax receipts or exemptions will be qualified to vote for all candidates. Those holding receipts for the special federal election will be able to vote for only candidates for federal offices.

For those who hold certificates stamped "Poll Tax Not Paid" election judges will hand them a ballot with only the federal candidates names on it. They cannot participate in the election on the state, district, and local level without a paid Texas poll tax receipt.

Bible Comment—

Resurrection Was Start Of Jesus' Mission

If one thinks of the earthly life of Jesus as lived in its Palestine homeland, the Resurrection was its triumphant climax.

It was not only the victory over death, it was also the victory over those who sought to destroy Him.

But for the world at large, into which Jesus had come, it was not a climax, but a beginning.

It was now that He told His disciples to go forth and preach the gospel. In obedience to that great commission, 20 centuries have seen the growth of Christianity.

But even greater than the outward power of churches and organizations is the mystic fellowship of all believers, who have taken to themselves the Christian name and who have sought to live according to the teaching and example of the Master.

The evil that Jesus fought and that crucified Him is still abroad in the world, seeking to destroy His teaching, set-

ting up other standards of selfishness, violence, worldly power, and caring nothing for justice, mercy and right.

So great is this evil, so apparently overwhelming and successful, that it is easy to underestimate the power of good, the forces of righteousness and the strength of Christian progress toward what may still be a far off goal.

But the power and impulse of Christianity are not in the past. Jesus still lives and leads in every devout soul whose daily life, no matter how lowly or great its place and environment, is attuned to love.

He lives and leads in every service for one's fellowmen, in the schools and colleges and in the missionaries.

We sing in our prayer, "Jesus Still Leads On," and that prayer has its answer before it is spoken, for the surest, truest, most hopeful thing in all the world that Jesus is still leading on.

Refreshments were served to those attending by the mothers of the eighth grade students.

should you pamper a Princess?

Depends on which princess—the teenager or the telephone. All teenage princesses—so we're told—glory in a little pampering.

But the Princess® telephone is so well made and trouble free that no pampering is required. Just dust it occasionally or wipe it with a damp cloth.

That, plus a little care in handling, is all the attention any phone needs. And phones almost never need repair—but if something does go on the blink, we'll fix it promptly at no extra charge.

We think it's our job to keep right on improving your telephone service and making it of greater personal value to you.

**The 1965 Ford rides quieter
than a Rolls-Royce!**

Prior to the introduction of the 1965 Fords, the country's leading automotive writers drove the new models at Dearborn. Most of these experts remarked about the extraordinary quietness and smoothness of the Ford ride. An automotive writer, in *Mechanix Illustrated*, said, "If there is a quieter car made in this country, I haven't driven it."

Quiet Means Quality . . . Since quiet is a traditional measure of car quality, Ford engineers designed the '65 Ford for maximum quietness. To illustrate

this quality achievement, Ford chose to make a documented test against the world's finest luxury car—Rolls-Royce.

Bolt, Beranek and Newman, Inc., world's leading acoustic consultants to government and industry, conducted the tests under supervision of the authoritative United States Auto Club. All cars were tuned to factory specifications.

The Result... The Fords proved

to be slightly quieter at all speeds.

The official test report reads, in part: "At all moving speeds, on both courses, the Fords were quieter than the Rolls-Royces."

The Difference . . . The sound level difference, to be sure, is small—but it is there. At 60 miles an hour, Ford was actually 2.8 decibels* quieter than Rolls-Royce. At 40, Ford was 5.5 decibels* quieter. At 20, Ford was 4.9 decibels* quieter. However small these advantages over Rolls-Royce may be, they are significant evidence of quality—important to anyone buying a car in Ford's class.

The Launching Pad

By NEAL ESTES

WE attempted to keep up with the Olympic Games as televised by NBC. It was a chore. Night after night—day after day—we grew tired and disgusted with the pink-skinned announcers "apologizing" for the United States winning the gold medals. We won 36 as compared to 30 for the Reds. But the announcers—all of them—kept saying that Russia was going to win — that the Communist athletes were "bound to come from behind." It made me sick to the bottom of my stomach and that slush, mixed up with the WALTER JENKINS mess and their fake polls was enough to make any red-blooded American skip breakfast. Who hires those pinkos? —LP—

NOW is as good a time as any to caution the people about the "fixed" propaganda due to come off the "Revolution Stations" Tuesday night. You are going to hear a bunch of hog-wash, bunk, meaningless chatter, truly speculative hokum, hot-air, ballyhoo, bumcomb, and in many cases plain, unadulterated misstatements and untruths. Nobody—but nobody—knows how this election is coming out until several hours after the polls are closed. We have a complicated national ballot and since the people and not the computers are going to mark the ballots, then none of us are smart enough to figure out the results regardless of what any loud-mouth announcer has to say. Remember that! Don't panic and don't allow the pinkos to make your decisions at the ballot boxes. —LP—

It was nice to see ALTON TURNER out of the hospital and back home again this week. He is beginning to get out some again and in a few days the genial grocer and local civic leader will have completely recaptured his health. —LP—

ONE of the most desperate, despicable, depraving acts I ever witnessed in a political campaign, was use of the sacred name and photograph of the late PRESIDENT KENNEDY in a YARBOROUGH sponsored tv clip Monday. To go back into history for a cursory endorsement by remote control at the time, more than a year ago, and before the scandals started skyrocketing around the head of the senior senator from Texas over the ballooning business of BILLIE SOL, is to me unthinkable and what I would like to say in judgment is unprintable. Like millions of other Americans, I voted for the late PRESIDENT KENNEDY. I resent now the desecration of his memory by a vote-hungry, self-serving self-seeking, political puppet of the power-mad potentates, would cause to be cast on the martyred chief executive. I venture to say today that had JACK KENNEDY'S life not have been snuffed out by an admitted Communist down in Dallas and were he with us now heading his kind of Democratic ticket that not only would his endorsement of RALPH YARBOROUGH have changed but neither would LYNDON JOHNSON be running as his Democratic running mate for Vice President of the USA. That fact, the last part of the last statement above, is based on the "JOHNSON TREATMENT" given BOBBY KENNEDY when he was rejected as a vice presidential running mate for LBJ and summarily and sadly shipped out of Washington and into New York where he is trying to recapture the KENNEDY influence in America now. Make no mistake about it — neither, RALPH YARBOROUGH or LYNDON JOHNSON cares a hoot about whether or not Catholic BOBBY KENNEDY is elected U. S. Senator from New York. In the meantime, please, RALPH, let's have no more testimonials from the sacred grave of our late beloved president.

Toppenish, Wash., Review: "When we sit back and do not express our viewpoint or raise objection to ideas that we do not believe in, we are hastening the time when we will not have the privilege of expressing our views. If we fall into the habit of taking the path of least resistance or if we fail to say NO when we feel no is the right answer—even if it is not the popular one then we are saying that the ideals that our forefathers died for were not important. . . . Express yourself! Whatever the results, whether they go for the moment more in the direction of extremism or away from it, we will know in our hearts that our own attitudes and actions contributed to the results. A nation gets the kind of government it deserves! Let us deserve government "by the PEOPLE!"

HERE'S THE TRUTH:

You May Vote For Anyone You Please On November 3rd!

There is no legal requirement—no moral obligation

Regardless of how you have ever voted . . .

Or in which primary you voted . . .

Or whether or not you voted . . .

Or how your poll tax receipt was stamped . . .

YOU CAN VOTE FOR ANY CANDIDATE OF ANY PARTY ON THE NOVEMBER 3RD BALLOT

Governor Price Daniel, while Attorney General, wrote an opinion on the question of party loyalty in which he said, "The courts of Texas have answered this question by holding that the pledge taken at the time of voting in the primary election DOES NOT create a legal obligation."

Governor Daniel repeated that opinion by saying that the pledge on the primary ballot does not obligate anyone "legally or morally" to vote for the Democratic ticket in the general election.

Bush Introduces Himself To Rival

Republican George Bush introduced himself Friday to the U. S. senator he is trying to defeat, Ralph W. Yarborough.

Their first meeting was brief and cordial, although their campaigning is the fiercest in the state-wide political picture.

Two hours earlier, Bush accused Yarborough of conducting a "vicious personal campaign."

The meeting took place in a private club at Tyler's Carlton Hotel, where they attended a luncheon honoring distinguished guests in town for the annual Rose Festival. Bush walked over to Yarborough and introduced himself. It was an outwardly polite "pleased to meet you" sort of exchange. Later on, at the luncheon, Yarborough was introduced along with others at the head table. Bush, who sat in the audience, was introduced individually and got heavy applause.

Tyler and Smith County are strong for Bush and also for Barry Goldwater. Both are expected to lead in the county, with Bush running ahead of Goldwater.

Supreme Court Wrangle Is Bitter Campaign Issue

The constitutional debate in the presidential campaign is full of bitter controversy.

In the foreground of current dialogues on the Supreme Court and federal-state relations loom such "gut" issues as religion, race, welfare, crime, Communism and smut.

The constitution wrangles assumes such vast proportions because it embodies the basic philosophies of the two parties and the presidential candidates.

By denouncing the growth of the federal power growth and recent decisions of the Supreme Court, the Republican party strikes at the roots of recent trends in American politics. The Democrats, satisfied that current constitutional doctrine represents a broad public consensus, would continue to pursue national policies they say will create a "Great Society."

In addition to its general warning against the mounting assault of centralized and expanding power, the Republican platform, singled out recent Supreme Court decisions for reversal — the 1963 ruling against prayers in public schools and the 1964 order for equal population in state legislative districts.

MRS. RALPH CAFFEY, Librarian

The library is happy to report that some of the required books for the English department of the high school, have just been purchased with the money given during the open house. Other books are on order and anyone desiring to contribute to the book fund is welcome to do so.

Some of the books just received are: Modern English Reading — a compilation of biography, short stories, poems, essays, plays and novel by English authors.

Leaves of Grass — by Walt Whitman — a collection of poems.

Of Human Bondage, and South Sea Stories, both by Somerset Maugham.

Wuthering Heights, by Emily Bronte.

Vanity Fair, by William Thackeray.

Best American Plays, which is a collection of plays that have been presented on Broadway recently.

Two copies of The Warren Report, are now available also.

Many people do not know that they may call the library during the hours it is open, SK 6-2472, to renew their books, for one time only, if they are unable to bring them in when due.

(Continued from page 1) state, living in that block of counties, are actively working for George Bush. Many of the newspapers have endorsed Bush, including the Sulphur Springs News-Telegram, a publication that has always backed Yarborough. Incidentally, Hopkins County has heretofore been considered Yarborough country.

Sulphur Springs is the home of two former Texas Attorney Generals, Gerald C. Mann and Grover C. Sellers. Reports from a string of Texas counties, including Dallas back to Bowie — Texarkana is the county seat there — is considered heavy Bush country.

Titus County, Mt. Pleasant is the county seat, is the home of one of the young pilots killed in Viet Nam. People residing in that section of Texas are of the opinion that the war in Viet Nam is not just a skirmish miles away from the USA — but hot and real and bloody and life-taking indeed.

Here in West Texas, Bush is reported way ahead in the El Paso, Odessa - Midland, and Lubbock area. Bush also picked up a giant block of support when the powerful editorial support of the Fort Worth Star-Telegram called for the election of George Bush and the defeat of Ralph Yarborough the past Sunday.

Needless to remind anyone here, Pecos, the former home of Billie Sol Estes, is expected to go overwhelmingly for George Bush.

Shouldn't any medical care be offered on the basis of need? And if free medical care becomes a right of every American, can we stop there? Will not the next logical step be to provide free legal service, free utilities, free food?"

The increased number of visitors to Stanton to shop on the pin-pointed Fall Festival day was evidence of the pulling power of the press when local merchants have something to offer.

With one banner headline and another three-column headline, on the front page, announcing the fact that the Martin County Chamber of Commerce was going to sponsor a festival, brought the people to town. '65 Comet completes 16,200-mile durability run from Cape Horn to Fairbanks, Alaska, in 40 days

Shades of Daytona! Comet is famous for durability. Last year, specially equipped Comets ran 100,000 miles at Daytona in 40 days. Regular production-model Comets used, just like Showroom Comets. Want to see the car that made it from Cape Horn to Fairbanks? Visit your Mercury dealer's. Check a 1965 Comet Caliente, with smooth Multi-Drive Merc-O-Matic. The only difference: the run cars had an extra gas tank, because service stations are frequently so far apart in South America.

Comets are ready for immediate delivery. No waiting, if you order yours now.

Livelier Comet proves once again why it's the World's Durability Champion. Uses show-room models in day-and-night grind from the bottom to the top of the world.

FAIRBANKS, Oct. 22 — Three Mercury Comets today finished a run no car has ever attempted in so short a time — the rugged 16,200-mile grind from Cape Horn to Fairbanks.

En route, day and night, the cars had no major repairs, just routine maintenance. That's ample proof that 1965 Comets are powerful and tough, not just lively and beautiful.

Bottom to top, 16,200 miles.

In South America, Spring was near. Thaws flooded the roads.

(Continued from page 1) Election judges are in agreement in urging people without poll taxes to remain away from the balloting places. This year, the entire national vote will be carefully counted after the polls close.

Persons not having either a paid poll tax or a certificate should not clutter up the election areas. They will be in violation of the election laws if they cast an illegal ballot.

A voter can either mark a straight ticket or switch from one party to another to cast a vote for the individual of their choice. In marking a mixed ticket, voters should draw lines through the names of the persons listed under a party head they do not want. If the party ticket is voted straight down the line it is necessary to start at the very top of the ballot — including the party's name to be marked out and run a line all the way down. Do not tear or mutilate your ballot.

The election Tuesday will be the last of three held this year. Twice previously voters have journeyed to the polls to vote in the primaries, and in the run-off election.

When the curtain drops at 7 p.m. Tuesday, Nov. 3, either Lyndon Johnson or Barry Goldwater will be tapped as the next president.

Be sure and vote!

VOTE FOR THE TEXAN WHO LEADS THE FREE WORLD!

For the past eleven months, for the first time in our history, a native son has led our nation and the free world. And every Texan can take pride that President Johnson has met the awesome burdens of the office with courage, wisdom and restraint.

THE ISSUE TUESDAY IS SIMPLE: WHO CAN BEST LEAD OUR NATION IN A TIME OF CHALLENGE AND PERIL?

To which man do you feel most comfortable entrusting the security and well being of yourself and your children for the next four years—

A man who wants to turn back the clock of achievement... a man who has worked consistently against progressive measures in the Senate... a man virtually untested in a time of crisis?

Or a man who has dedicated his entire life to public service... who has demonstrated, under five administrations, progressive leadership in working for a better way of life for all Americans. A man who has proved his courage under fire... has demonstrated his unwavering strength to meet any aggressor with firmness, yet restraint?

PRESIDENT JOHNSON HAS PROVIDED RESPONSIBLE LEADERSHIP FOR MORE THAN A QUARTER OF A CENTURY

For almost three decades, President Johnson has been a pillar of strength for Texas and the nation. As Congressman, as Senator, as Majority Leader, as Vice President, and now as Chief Executive, he has written a proud record of progress.

ONLY TEXAN PRESIDENT LYNDON JOHNSON OFFERS THE EXPERIENCE, THE PATIENCE, THE WISDOM, AND THE STABILITY NEEDED BY THE NATION AND THE FREE WORLD IN THESE CRITICAL TIMES!

Truman Out Of Hospital

Harry S. Truman has left Research Hospital after spending nine days there recovering from injuries suffered in a fall.

The 80-year-old former president was wearing pajamas and a robe when he left for home Thursday with Mrs. Truman and Lt. Mike Westwood of the Independence, Mo., police department.

Truman received a cut over his right eye and fractured two ribs when he fell Oct. 13 in the bathroom of his home. A maid found him there, semiconscious, and called police. He was taken to the hospital, 13 miles away, in an ambulance.

Truman was visited Wednesday by President and Mrs. Johnson who made a detour in a campaign trip. The President said afterward that Truman looked fine and was in good spirits.

While in the hospital, Truman also underwent a routine checkup which his physician, Dr. Wallace Graham, said was long overdue. Results of the checkup have not been made public.

The former president received few visitors at the hospital.

Mr. and Mrs. Clark Hamilton recently visited with their daughter and son-in-law, Mr. and Mrs. Jerry Kenemer and children of Arlington. They also visited in Dallas with Mr. Hamilton's mother, Mrs. Rosa Hamilton.

ON NOVEMBER 3 BALLOT

Three Changes In Texas Constitution Set For Vote

Voters decide Nov. 3 on three changes in the state Constitution. On the ballot, as "for" or "against" propositions, are what could be the 156th, 157th and 158th amendments to the 1876 Constitution.

None has stirred up much debate. In their order, the amendments would:

1. Remove the legislature's authority to transfer up to 1 per cent of the permanent school fund annually to the available school fund.
2. Require notice to the public and to the Texas Water Commission of intent to introduce legislation creating or substantially altering a conservation and reclamation district.
3. Authorize the legislature

to enact a program, under the federal Kerr-Mills Act, of financial help of Texans 65 and older who are not on the old age assistance rolls but who can't pay for medical services.

Power To Shift
Since 1891 the legislature has had power to shift not more than 1 per cent a year of the permanent school fund into the available school fund for current state school aid expenses. It has used this authority 12 times.

The permanent school fund of \$535 million is invested in government bonds and some corporate stocks and bonds. The interest and dividends go into the available school fund. Increases in the investments' value and mineral income — such as oil and gas royalties from school lands — are not subject to automatic transfer to the available fund. They increase the permanent fund, which has been growing since 1948 at an average of \$26 million a year.

Advocates of the proposed amendment say it will prevent depletion of the permanent fund by removing from legislators the temptation to dip in the fund to avoid new or higher taxes, which might be politically unpopular. They argue that mineral income is declining and the day may come when the fund will no longer be growing.

Opponents contend the legislature has used prudently and reluctantly its authority to draw on the permanent fund. They say the lawmakers should be allowed to retain the power for emergency use and such revenues as oil and gas royalties should be treated as income for the available school fund anyway.

The second amendment, obscure in its wording on the ballot, requires newspaper publication of a legislator's intent to introduce a bill creating or substantially changing a conservation and reclamation district 30 to 90 days before the measure is submitted.

Also required would be delivery of the proposed bill to the governor for submission to the Texas Water Commission for its recommendation, which would go to the gover-

nor, lieutenant governor and speaker of the House.

Included in the scope of the amendment is legislation adding land, altering and taxing authority or bond issuance authority and amending the qualifications or terms of office of the governing board of a district.

Those Favoring
Those favoring the amendment say it would be a safeguard against creation of new units of government, with taxing powers, before those affected can prepare and argue a case against it. Requiring the water commission's opinion will provide expert advice on whether the proposed district would harmonize with the needs of the area and benefit the statewide water program.

Opponents say adequate notice already is given. They also argue that the amendment would add to the load of an already over-burdened water commission.

The medical care proposition has gotten the most attention. It would expand Texas' participation in the federal-state program of medical assistance to the aged under the Kerr-Mills Act of 1960.

Texas already participates in a portion of the act that raised the amount of federal matching funds available for medical care to recipients of old age assistance. Since 1962, the state has paid a monthly group health insurance premium for each recipient plus direct payments to nursing homes.

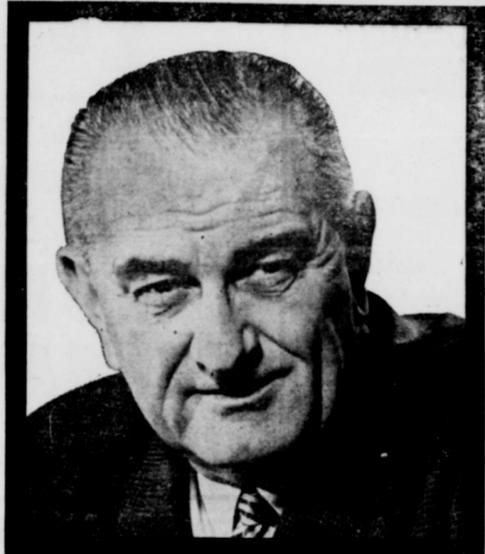

Program Costs
The program costs about \$30 million a year, with three-fourths of the money coming from Washington and the rest from Austin.

Medical services authorized by the proposed amendment include fitting of glasses.

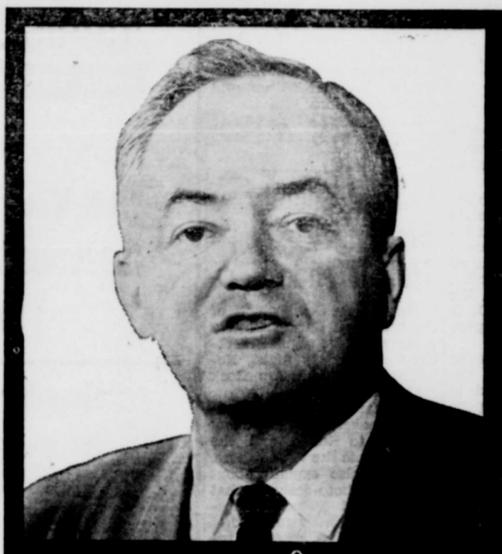

The amendment is strongly supported by the Texas Medical Association, which says privately purchased health insurance and the old age assistance program already take care of the medical needs of 72 per cent of Texans 65 and over. The association says the Kerr-Mills program is preferable to Medicare under social security.

Opponents say the program would place a heavier tax load on Texas citizens and is not needed. Some argue also that adoption of the amendment would be a step toward socialized medicine.

Herb Sorley, student at Howard Payne College in Brownwood, recently visited his parents, Mr. and Mrs. Floyd Sorley.

HUBERT H. HUMPHREY

IF YOU VOTE FOR THIS MAN

YOU'RE VOTING TO MAKE THIS MAN PRESIDENT

WHY?

Lyndon Johnson had a serious heart attack in July, 1955. Doctors say that the average life expectancy of a man Johnson's age following such a heart attack is less than 10 years. (Ask your own doctor about this.) Therefore, the medical odds are that if Johnson is elected in 1964, Humphrey will be President before the term expires.

Girls Scouts Met At Methodist Church Monday

The Junior Girl Scouts met Monday, October 26, for their first meeting of the school year. Mrs. Doyle Land will serve as troop leader, and Mrs. Bill Decker is assistant leader.

The troop will meet every Monday afternoon at the First Methodist Church. Girls in the fourth, fifth, and sixth grades are eligible to become a Junior Girl Scout.

Those present were: Duffy Land, Betty Anderson, Erma Mashburn, Judy Costlow, and Kathy Decker.

Mrs. Land and Mrs. Decker urge all girls interested in becoming Scouts to attend the meeting next Monday, as officers will be elected and plans for the year will be discussed.

Texas Dailies Supporting George Bush

Nineteen Texas daily newspapers have endorsed Republican senatorial candidate George Bush, his headquarters said Monday.

The statement said latest endorsements include Sunday editorials for Bush by the Fort Worth Star-Telegram and the El Paso Times. Other recent editorial boosts came from the Lubbock Avalanche-Journal and the Sulphur Springs Daily News-Telegram, the office said.

The Fort Worth Star-Telegram editorial said Bush "is moderately conservative where Sen. (Ralph) Yarborough is a captive — though apparently a willing one — of the ultra liberals and their philosophy of government."

Tech-A&M Frosh Football Game Tickets On Sale

A good supply of choice reserved seat tickets for the Texas Tech-Texas A&M freshman football game in Midland Nov. 12 is now on sale at the Midland Chamber of Commerce office, 100 S. Main Street.

The reserved seat tickets, at \$2 each, are the only tickets which will be available prior to the game. Unreserved seat and student tickets will be available at the gate only.

If outcomes of games played by the two teams to date are any indication, the fans who attend the game at Midland are in for an offensive treat.

In their opener, the Aggie Fish lost a 40-21 decision to Texas Christian's yearlings then last week dropped a 34-6 outing to the Baylor frosh. Tech's Pledors were beaten by Arkansas 20-18 in their first endeavor, with a game against Rice coming up Friday night.

All proceeds from the game will go into the scholarship funds of the Midland chapters of Texas Tech exes and Texas A&M exes.

Tickets may be ordered from the Midland Chamber of Commerce, Box 1606. Enclose \$2 for each ticket and 25c for mailing. Specify if seats are desired in Tech or A&M section.

Jenkins To Get Pension

Here's one for the history books from now until eternity!

Walter W. Jenkins, who resigned as the top aide to President Lyndon Johnson after 25 years of close, personal business and professional service, after being arrested on moral charges in the YMCA in Washington, D. C. is to get a government pension.

A Civil Service commission spokesman made the announcement but declined to give the amount of the pension the morals offender will collect each month at the expense of the American taxpayers.

President Johnson ordered the FBI to make an investigation of the Jenkins affair. They did and reported that as far as could now be determined Walter had not been blackmailed into giving up vital security information to any of our foreign enemies. Moral offenders are sometimes easy prey for blackmailers interested in espionage.

Since the American taxpayers are going to be required to pay Walter a pension, it has been suggested that a special agent from the government be assigned to watch his future movements 24 hours a day for the rest of his life. This method of shadowing Jenkins would serve a double purpose — his and the nation's protection.

Delavan, Wis., Enterprise: "That there seems to be no way for governmental debt to go but upward seems to be fast becoming a proven maxim in this country today. The man on the street has grown accustomed to a steady increase in the federal and state government debts. . ."

The Stanton Garden Club met for their regular meeting in the home of Mrs. Philip White, Tuesday morning, October 27.

Mrs. W. T. Wells, president, conducted the business meeting. Members are again selling Corsicana fruit cakes for their fund raising project, and anyone wishing to purchase one can do so by contacting any member of the club.

Roll call was answered with "My Favorite Perennial."

Mrs. Arthur Wilson was in charge of the program, which was a discussion on "Perennials for Permanence."

The exhibit was brought by Mrs. Guy Eiland, and it was an arrangement of red roses. Those present were: Mrs. W. S. Decker, Mrs. Guy Eiland, Mrs. Hattie Estes, Mrs. B. F. Smith, Mrs. W. T. Wells, Mrs. S. W. Wheeler, Mrs. J. A. Wilson, Mrs. Arthur Wilson, and the hostess, Mrs. White.

Refreshments of coffee and hot rolls were served to those attending.

Cancer Society Meeting To Be Held Monday

The Martin County unit of the American Cancer Society will meet at its regular meeting time Monday night, November 2, at the Cap Rock auditorium.

Dr. Martha Madsen, principal speaker, will tell about her trip to Russia and the cancer clinic she visited there. She will also explain about the new photo-scanner that the Midland Memorial Hospital has recently received.

The public is cordially invited to attend.

Mrs. Otis Baker Leads Church Retreat Oct. 24

A Women's Retreat for the Reorganized Church of Jesus Christ Western Texas District was held October 24 and 25, in the home of Mr. and Mrs. James Welch, Dimmit, Texas. The retreat was in charge of the district leader, Mrs. Otis Baker, Jr., Odessa.

The devotional was presented by women from the Stanton branch. Classes of stewardship were taught by District President J. Welch, and Miss Jennie Allen, home demonstration agent at Morton. An old-fashioned sing followed a Mexican supper, directed by Mrs. Roy Koonce.

A pajama party was in charge of Mrs. Wayne Church of Hobbs, New Mexico, and the second devotional by Mrs. Paul Crooks, Clovis, New Mexico.

Those attending from Stanton branch were: Mrs. O. E. Saunders, Mrs. Denton Hines, Mrs. Carl Leonard, Jr., Mrs. M. T. Hursh, Mrs. Roy Koonce, and Mrs. M. L. Koonce.

The Stanton branch was shown slides on Germany by Captain Leonard Boswell, Lawton, Oklahoma, Saturday evening, and pie was served to 70 who attended. Fred Church was in charge of the program.

The Stanton Branch Choir in charge of Mrs. Roy Koonce and accompanied by Mrs. Carl Leonard, Jr., served at the evening service in Midland. Pastor Gearl Koonce was in charge, and the speaker was Seventy Jack T. Fears, missionary to the Western Texas District. Twenty-nine attended from the Stanton branch.

Myrtle Creek, Ore., Mail: "This writer wishes he could write some pungent intelligent material about the problem of the races. To hear the politicians and the theorists talk, all that is required is equalization by legislation. But there is no equality — nor has there even been for those in the same predominant race of the country.

As long as there are human beings, there will be competition for the limited positions at the top, and there will be various routes whereby certain persons may achieve them. In the race, many, many will suffer disappointments and readjustments will have to be made. Only the virtues in human relationships can ease these matters and they are here with us to be practiced now as in the future."

A letter to our Congressman from JOE B. PHILLIPS

The Hon. George Mahon
Congressman, 19th District
1211 New House Office Building
Washington 25, D.C.

Dear Mr. Congressman:

This letter is written to request you to let the people of the area know how you stand on the issues which confront us in this coming election. I have been specific in outlining my position and would like you to speak out in a letter or in a face-to-face meeting.

Your unqualified endorsement of Hubert Humphrey as a Vice-Presidential Candidate carries with it a disregard for the feeling of West Texans. Because Mr. Humphrey was one of the founders of the Americans for Democratic Action, commonly known as the A.D.A., we are suspicious of his stand on vital issues.

The A.D.A. calls for the admission of Red China into the United Nations and for the Recognition of Red China. This proposal I oppose with every ounce of energy I possess. I am also against the A.D.A. endorsement of foreign trade with communistic countries and its willingness to disarm our own country and let Russia remain armed.

I am opposed to the A.D.A. — its organization, its founders, and its soft attitude toward communism. The voters of West Texas are anxious to know your attitude toward the A.D.A.

They know mine.

Very truly yours,

JOE PHILLIPS
