

Editorial . . . Poor Bargain

Dr. Clare E. Griffin, who is Professor Emeritus of the School of Business Administration at the University of Michigan has published a book called "The Free Society." In a searching discussion of governmental regulation he says: "The regulated first tolerate and then embrace the limitations of their own freedom. Who then is left to resist the trend? Not the consumers, for the only protection they know is the regulating commission. Not the companies, for regulation does for them

what the Sherman Act would prohibit if attempted by themselves."

In other words, people representing all the facets of our complex society accept regulation because it seems to serve a material self-interest. That this alleged benefit may be fleeting or illusory is not recognized. And, in the lust for material gain, freedom is sacrificed.

This is how regulation can become an accepted way of life in a nation. And this is the way liberty can be destroyed.

Texas Tourist Income Drops In 1964

The Texas tourist industry income for 1964 was below that of the previous year, the annual tourist report issued by the Texas Highway Department shows.

While the number of tourists who came to Texas by automobile last year increased by about 50,000, they did not stay as long and spent less money.

The survey, normally released in the spring but delayed until mid-summer this year, showed 11.75 million automobile visitors entering Texas. Last year's report showed 11.7 million in 1963.

The 1964 auto tourist expenditure was listed as \$524.7 million, while the 1963 figure was \$532.2 million.

Highway department statistics

blamed the decrease on the fact that the average tourist's stay was only 5.6 days in 1964, compared to 5.8 days in 1963.

The average tourist spent \$7.97 a day last year, the report showed, 12 cents more than in 1963.

In addition to the auto travelers, the highway department cited Texas tourist

Rattler Rampage Halted By Mouse

Eugene Willmann, district chief for the Texas Parks and Wildlife Department, reports an employee of the Brown Ranch near Bergheim, Kendall County went "fishing" under his house with a live mouse for bait and caught an obstinate rattlesnake.

After all efforts to dislodge the rattler had failed, Lechow rapped a mouse and baited it on a small fish hook, all attached to a long fishing line. By next morning, Lechow had his "limit."

council figures that an additional 2.4 million persons came to the state by airplane, bus and ship, and spent \$150 million.

Plentiful Food List Announced For August

August usually is the key hot-weather month.

So it's especially nice that so many "cool" foods are plentiful during August, says the Texas Agricultural Extension Service.

Leading the list are fresh plums, closely followed by grapes, frozen concentrated orange juice and broiler-fryers.

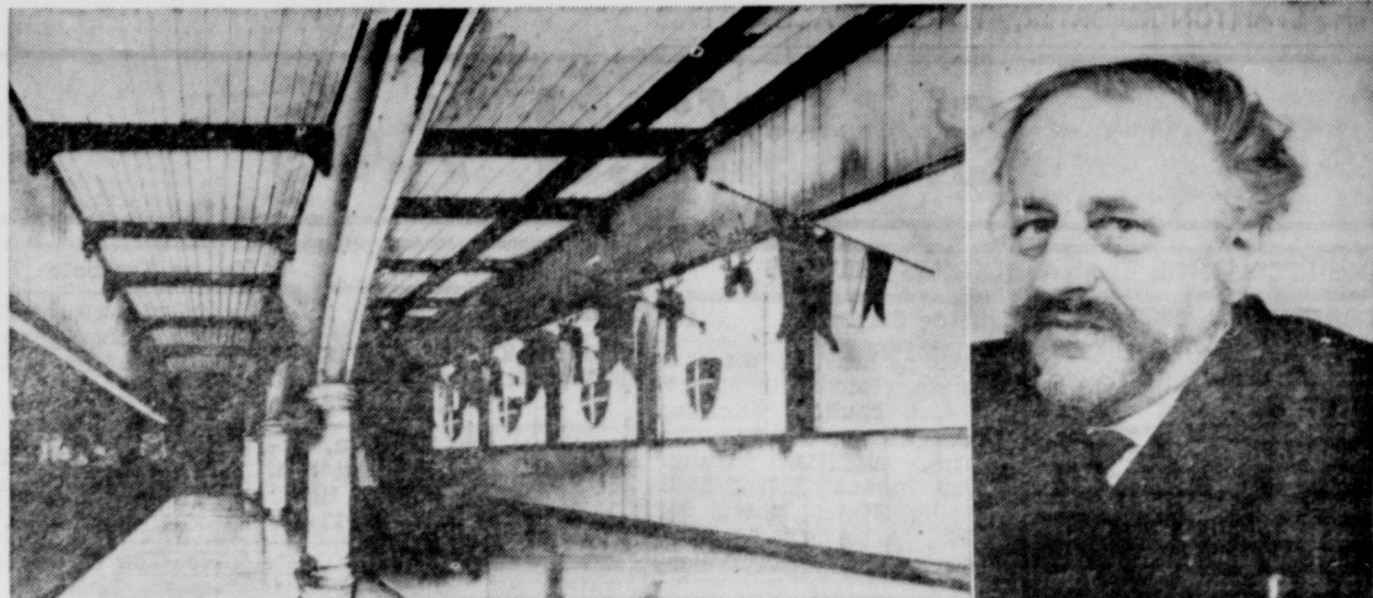

Think of how refreshing plums and grapes are when served for either appetizer or dessert nibbling. And fresh plum wedges, seedless green grapes, pineapple chunks and mandarin oranges along with miniature marshmallows, coconut and sour cream combine deliciously in Plum-Ambrosia Salad.

With USDA's Consumer and Marketing Service reporting such a plentiful supply of broilers this month, you'll find fried chicken the perfect hot-weather protein dish. For variety, try oven-baked Chicken Legs Imperial, which features a well-flavored coating of bread crumbs, Romano cheese, chopped parsley, garlic, salt and pepper.

Corn - crisped chicken, also oven-baked, is first dipped in evaporated milk, then in seasoned corn flake crumbs. For added variety, use crushed potato chips as the breading for fried chicken.

Supplies of frozen concentrated orange juice may reach as high as 100 million gallons, and lowering prices favor budget costs.

The Ainu remain one of Japan's mysteries. Although they live among Mongoloid people, the Ainu look more like Europeans. Most have light complexions, round eyes, heavy beards and wavy black hair. They speak a language unrelated to Japanese.

Magna Carta Hall is one of several halls at the Douglas MacArthur Academy of Freedom depicting the history of freedom from 4,000 B.C. to the present time. It was designed specifically to establish the Northern European and English tradition in the development of America. Osborne Robinson, one of England's outstanding designers and authorities on historical fashion has been commissioned by the Academy to paint a mural in the hall. Robinson began the work in early July after completing some eight months of research on the project. The Academy of Freedom is an honors program operating under the Department of Social Sciences at Howard Payne College in Brownwood, Texas. Non-political and non-sectarian, its basic philosophy is to make freedom meaningful and real to those who follow its course of study.

PUBLIC NOTICE

Proposed CONSTITUTIONAL AMENDMENT NUMBER FIVE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 2, 1965. SENATE JOINT RESOLUTION NO. 27 proposing an Amendment to the Constitution of the State of Texas, amending Article III of the Constitution of the State of Texas by adding a new Section thereto to be designated Section 48b, so as to create an agency of the State of Texas, vesting the general administration and responsibility of the proper operation of said system in a state board of trustees to be known as the State Board of Trustees of the Teacher Retirement System of Texas, authorizing said Board to invest assets of said system in various obligations and subjects of investment, subject to certain restrictions stated therein and such other restrictions as may hereafter be provided by law; providing that such Amendment shall be self-enacting and shall not alter, amend or repeal Section 48a of Article III of the Constitution of the State of Texas or any legislation passed pursuant thereto except insofar as such legislation may limit or restrict the provisions of this Amendment; providing for the necessary election, form of ballot, proclamation, and publication.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. That Article III of the Constitution of the State of Texas be amended by adding Section 48b thereto to which shall read as follows: "Section 48b. There is hereby created an agency of the State of Texas the Teacher Retirement System of Texas, the rights of membership in which, the retirement privileges and benefits thereunder, and the management and operations of which shall be governed by the provisions herein contained and by present or hereafter enacted Acts of the Legislature not inconsistent herewith. The general

administration and responsibility for the proper operation of said system are hereby vested in a State Board of Trustees, to be known as the State Board of Trustees of the Teacher Retirement System of Texas, which Board shall be constituted and shall serve as may now or hereafter be provided by the Legislature. Said Board shall exercise such powers as are herein provided together with such other powers and duties not inconsistent herewith as may be prescribed by the Legislature. All moneys from whatever source coming into the Fund to provide retirement, disability, and death benefits for persons employed in the public schools, colleges, and universities supported wholly or partly by the state shall be deposited in the Fund. The Treasurer of the State of Texas shall be custodian of said moneys and securities. Said Board is hereby authorized and empowered to acquire, hold, manage, purchase, sell, assign, trade, transfer, and dispose of any securities, evidences of debt, and other investments in which said securities, moneys, and assets have been or may hereafter be invested by said Board. Said Board is hereby authorized and empowered to invest and reinvest any of said moneys, securities, and assets, as well as the proceeds of any of such investments, in bonds, notes, or other evidences of indebtedness issued, or assumed or guaranteed in whole or in part, by the United States or any agency of the United States, or by the State of Texas, or by any county, city, school district, municipal corporation, or other political subdivision of the State of Texas, both general and special obligations; or in home office facilities to be used in administering the Teacher Retirement System including land,

equipment, and office building; or in such corporation bonds, notes, or other evidences of indebtedness, and corporation stocks, including common and preferred stocks, of any corporation created or existing under the laws of the United States or of any of the states of the United States, as said Board may deem to be proper investments; provided that in making each and all of such investments said Board shall exercise the judgment and care under such circumstances then prevailing which men of ordinary prudence, discretion, and intelligence exercise in the management of their own affairs, not in regard to speculation but in regard to the permanent disposition of their funds, considering the probable income therefrom as well as the probable safety of their capital; and further provided, that a sufficient sum shall be kept on hand to meet payments as they become due each year under such retirement plan as may now or hereafter be provided by law. Unless investments authorized herein are hereafter further restricted by an Act of the Legislature, no more than one per cent (1%) of the book value of the total assets of the Teacher Retirement System shall be invested in the stock of any one (1) corporation, nor shall more than five per cent (5%) of the voting stock of any one (1) corporation be owned; and provided further, that stocks eligible for purchase shall be restricted to stocks of companies incorporated within the United States which have paid cash dividends for ten (10) consecutive years or longer immediately prior to the date of purchase and which, except for bank stocks and insurance stocks, are listed upon an exchange registered with the Securities and Exchange Commission or its successors; and provided further, that so long as less than \$500,000,000 of said Fund is invested in the government and municipal securities enumerated above, not more than thirty-three and one-third per cent (33 1/3%) of the Fund shall be invested at any given time in common stocks. This Amendment shall be self-enacting and shall become effective immediately upon its adoption without any

enabling legislation. This Section shall not alter, amend or repeal the first paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto. This Section shall not alter, amend or repeal the second paragraph of Section 48a of Article III of the Constitution of Texas as amended November 6, 1956, or any legislation passed pursuant thereto, except insofar as the provisions of the second paragraph of Section 48a and any legislation passed pursuant thereto, may limit or restrict the provisions hereof and only to the extent of such limitation or restriction."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 2, 1965, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund, and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

"AGAINST the Constitutional Amendment amending Article III of the Constitution of the State of Texas by adding Section 48b relating to the Teacher Retirement Fund and the Teacher Retirement System of Texas, revising provisions for investment of moneys and other assets of the Fund and changing other existing provisions and making other new provisions with respect to the administration of the Teacher Retirement System."

Sec. 3. The Governor of Texas shall issue the necessary Proclamation for the election and this Amendment shall be published in the manner and for the length of time required by the Constitution and laws of this state.

Nation's 4-H'ers Take Pride In Achievement

Pride in achievement is a mark of maturity. And to nearly 2 1/4 million boys and girls across the nation it is a constant reminder as they acquire knowledge and skills in the National 4-H Achievement program.

Regardless of residence, economic and social background, boys and girls take pride in their 4-H work, says Kenneth H. Anderson, associate director of the National 4-H Service Committee. Variety of opportunity is offered in programs ranging from automotive, photography, public speaking, health and dog care to conventional agriculture and home economics projects, he points out.

Adding incentive in the 4-H members' pursuit of excellence are awards provided by the Ford Motor Company Fund. Medals of honor are offered as county awards. And nearly 9,500 4-H'ers earned county recognition in the achievement program during 1964. State winners receive expense-paid trips to the National 4-H Club Congress, Nov. 28 - Dec. 2, and during this event, educational scholarships of \$500 each will be awarded 12 national winners.

A 1964 national 4-H achievement winner from the Empire State proclaims "4-H membership is only a starting point . . . a first session in learning with which no classroom, no lecture or essay can compare." She shared this

First Graders Need Self-Help Clothing

Self-help clothing for nursery-schoolers can do much to build a child's confidence, says Lynn Parks, Texas A&M University Extension consumer education specialist.

Proper clothes for tiny pupils need not be expensive or even "fashionable." They are clothes that child can handle himself without having to ask the teacher for help.

Easy-care, washable fabrics are important for the small fry. When little garments can be put through the washer and dryer quickly mother needs to buy fewer of them, points out the specialist.

Self-help features that mothers might look for when clothes shopping or buying patterns to make garments for a child are elastic banding instead of buttons or buckles wherever logical, a few larger buttons and buttonholes instead of a dozen very tiny ones, and no complicated sashes on little girl's dresses which teacher has to tie.

Tax Man Sam Sez:

GETTING HELP ON YOUR TAX RETURN

Most of us are well convinced that the tax laws are complex. Most of us feel that we lack the necessary knowledge to prepare a correct tax return. Each year thousands of people call on the Internal Revenue Service offices for help. Internal Revenue offers help both by telephone and at their offices. However, millions of taxpayers needing help don't find it convenient to go see Internal Revenue. These folks must select a qualified tax practitioner to help them solve their tax difficulty or prepare their returns. Internal Revenue Service says there are many qualified tax practitioners. They do caution taxpayers to be sure that the tax practitioner is well qualified and that he will be in business in the community to help the taxpayer in case there is a question about the return later. This is pretty good advice, because a ditch digger doesn't become a tax expert during the filing period.

will save considerable effort on the part of teachers and busy parents.

BETA SIGMA PHI NEWS

Mu Lambda chapter in sponsoring a White Elephant auction for members of Beta Sigma Phi and their friends on Thursday evening, August 5, at 7:30 at the Cap Rock auditorium.

Miss Linda Brice of Clovis, New Mexico, is a visitor in the M. L. Koonce home this week.

Ralph Caffey and Debbie went to Abilene Monday to take their daughter, Dianne. She will attend Glen and Lotie's School of Beauty in Abilene.

Benjamin Franklin, 200 years ago, devised the first bifocal lens, explaining he was tired of carrying two pairs of spectacles.

Mr. and Mrs. Gearl Koonce and family were Sunday visitors with his parents, Mr. and Mrs. M. L. Koonce.

Library Lines

MRS. RALPH CAFFEY, Librarian

Library Hours: Monday, Tuesday, Wednesday, Thursday, 1-5 p.m.; Saturday, 9-1 p.m.

Would you like to know more about The National Apprenticeship Program offered by U. S. Department of Labor? Or how about facts and figures on the credit unions of Texas? The library has available these and many other pamphlets that just might answer some questions you have.

Three Zane Grey books were given by Community Aid by Stanton teenagers in memory of Alton (Butch) McCormick. Mr. John F. Priddy sent a donation in memory of his wife, Cora Priddy. These provide a most appropriate and usefull community memorial that will live on and on.

Salad Supper Planned By Rebekah Lodge

The Stanton Rebekah Lodge No. 287 met Monday night at 8 p.m. at the Odd Fellows Hall. The group set Monday, August 16, at 8 p.m. as the date for a salad supper to which both the Rebekahs and Odd Fellows and their families are invited to attend. The occasion will also be a "tacky" party and a Stanley party.

Mrs. Granville Graves, noble grand, had charge of the business meeting, assisted by Mrs. Lewis Carlile, vice grand. Nineteen visits were reported made during the week. Mrs. A. L. Frith was the chaplain.

The group sang "Count Your Many Blessings," accompanied on the piano by Mrs. John Wilkes, Jr.

Attending were: Mrs. Virgie Johnson, Mr. and Mrs. Clayton Burnham, Mrs. Lewis Carlile, Mrs. A. L. Frith, Mrs. Granville Graves, Miss Sammie Laws, Mrs. John Wilkes, Jr., and Mrs. Walter Graves.

Mr. and Mrs. George Blocker visited with relatives in Stanton the past week end.

Methodist Church Activities

A number of Stanton youths are attending Camp Butman this week. This is a Methodist camp located 17 miles southwest of Merkel. Various camps are held there during the year, and this week the Junior High Camp of the Big Spring district is in session.

Attending from the Stanton Methodist Church are Debra Ann Linney, Deborah Hazlewood, Sheila Manning, Frances Deavenport, Steve Stallings, Randy Nichols, Kenneth Spencer, and David Adkins. The boys the group rode with Jimmy Stallings, and the girls rode with Mrs. Cliff Hazlewood, Jr. Mrs. Lawrence Adkins and Mrs. Bob Deavenport will pick them up Friday at noon.

Methodist Men will meet in their regular meeting on Monday evening, August 9, at 7:30 p.m. The place of their meeting will be in Fellowship Hall of the First Methodist Church in Stanton. The speaker for the event will be the Rev. Hubert H. Bratcher, district superintendent of the Big Spring district. Dr. Bratcher is an interesting speaker and the men of the town are extended a cordial invitation to hear him.

There will be a covered dish supper served.

Summer cooking make your kitchen "like an oven"?

Change to cool flameless electric cooking!

Women who cook electrically will tell you that electric cooking makes a big difference in kitchen comfort during hot weather. That's because flameless electric surface cooking units transfer heat by direct metal-to-metal contact with utensil bottoms. They send their heat through the utensils and into the food, not into the kitchen air. Electric oven cooking is cooler, too. There's no flame, so no intake and exhaust of air is needed to support combustion. The oven is insulated all around, including the bottom, to keep heat inside where it belongs. See your electric range dealer soon and start cooking the cool, flameless electric way!

TEXAS ELECTRIC SERVICE COMPANY

Stanton Youth Enrolled At U. Of Kansas

John Michael Wood of Stanton is enrolled in the 6-week Midwestern Music and Art Camp at the University of Kansas. The program of intensive instruction by university faculty will end August 1. Now in its 28th season, the camp enrolled high school students in divisions for music, art, ballet, theater, speech, journalism, and science and mathematics.

He is enrolled in the music division. Wood is the son of Mr. and Mrs. John Wood of this city.

New Arrivals

Mr. and Mrs. Roy L. Barnhill are parents of a son, born August 2, 1965, at 5:30 p.m. at Medical Arts Hospital in Big Spring. He weighed eight pounds, 10 ounces.

Paternal grandparents are Mr. and Mrs. W. S. Barnhill of Stanton, and maternal grandparents are Mr. and Mrs. Frank Bean, Gustine, Texas.

Visiting Mr. and Mrs. G. A. Bridges recently were Mrs. Ida Woodward, Rodgers, Arkansas; Mrs. V. W. Sikes and Larry of Tulsa, Mrs. Lonnie Curry of Rayville, Mrs. Mary Bridges, and Mrs. Vera Paterson of Big Spring.

Mrs. Ralph Jones, Connie and Webb, of Wilcox, Arizona, are spending this week with Mrs. Jones' mother, Mrs. Lila Planagan, and her sister, Mrs.

Former Ackerly Resident Dies In Big Spring

Grady Dorsey, 72, who is credited with helping build the town of Ackerly, died Saturday in a Big Spring hospital.

Dorsey was a cotton buyer and ginner in Ackerly and Knott. He moved to Big Spring and operated the Packing House Market until his retirement in 1956.

Funeral services were held Monday at 3 p.m. in the First Presbyterian Church in Big Spring, followed by interment in Trinity Memorial Park.

Survivors include the widow; a son, Grady Dorsey, Jr. of Big Spring, a daughter, Mrs. Bill Merrick of Dallas, and two grandchildren.

Philosopher Says Evidence Shows you Don't Have To Be Handsome To Get Elected

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw has been seeing some news programs on television, his letter this week indicates.)

Dear editor:
According to a serious article I read last night in a newspaper a neighbor had used to wrap up some vegetables he brought me, Sir Alec Douglas-Home has resigned as leader of Britain's Tory party because his television image is so bad he loses more votes than he makes every time he shows up on the screen.

They tried everything, changing the light, photographing him from this angle and that, teaching him how to smile, how to tell a joke, what a joke was, etc., but it wouldn't work. When his face showed up on television, he just didn't look like a leader, so he resigned in favor of a man who photographs better.

Now according to a news analyst, what this proves is that from now on no home-looking man can ever get elected, that unless a man shows up good on television, he might as well stay out of politics. Maybe try banking. Right away though I'd like to say that I have never considered bankers any home-lier-looking than anybody else and if it'll help swing a loan I'll say they're handsomer than everybody knows they are.

But about having to have a certain style face to get elected, I don't know about that. I have seen some Congressmen on television that would explode this theory, although it's possible they got in before television was invented. Or that whoever they were running against looked

less like leaders than they, which stretches the imagination pretty far, at least further than mine will go.

I don't like to argue with an expert, but there may have been some other factor in Sir Alec's failure on British television. Maybe how he said something wasn't as important as what he said although I don't know any-American politicians, but having thing about American politics, but having seen lots of Senators and Congressmen and Governors on news programs, I'd say that the theory that you have to be handsome and leader-looking on television to get elected is apple sauce. Most of em look about like the rest of us.

Yours faithfully,
J. A.

Grassroots Opinion

Kemmerer, Wyo., Gazette: "The location of any economic activity such as the production of fertilizers is, in a free market economy, governed by the various factors of availability of natural resources, labor, unpolluted distance to and size of the markets to be served. Whenever governmental decree upsets the balance by arbitrary heavy subsidization of any of the cost elements that go into the process, he balance of the whole economic structure is upset. Government should not have the power to select one process over another or more particularly, to select any producer for special favoritism. Any deviation from this fundamental principle means planned economy by the Federal government and leads to ultimate destruction of our free market economy in America."

The female hookworm attaches itself to the small intestine in humans, and can lay up to 10,000 eggs a day.

UP 13 PER CENT OVER 1963

Serious Crimes Came At Rapid Clip Last Year As Rate Climb Continued

Serious crimes rattled off at a 5-a-minute clip last year as the national crime rate soared 13 per cent over 1963, the FBI reported this week.

One of every 10 policemen was assaulted and 57 were murdered. For every 1,000 Americans there were 14 serious offenses reported.

The crime rate has increased six times as fast as the U. S. population since 1958. These and other crime statistics were published by the FBI in its annual uniform crime reports.

Murder, rape, aggravated assault, robbery, burglary, larceny of \$50 or more and auto theft are considered by the FBI as serious crimes for statistical purposes.

lowed by the Northeast and Western states, up 14 and 13 per cent, and north central states, 12 per cent. population remained the same as 1963, with 19 police employees 1963, with 19 police employees for every 1,000 citizens.

—Statistically, the crime rate breaks down into a murder every hour, a rape every 26 minutes, an assault every 3 minutes, a burglary every 28 seconds, a grand larceny —Geographically, the South

Attorneys Blamed For High Rates An insurance association executive charged recently that excessive fees by claims attorneys have contributed to the rise in automobile insurance rates.

F. Darby Hammond said 20 cents of every dollar the public pays for personal injury insurance "finds its way into the pockets of claimant attorneys."

Tax Man Sam Sez:

Planning for retirement is a popular subject nowadays. However, most folks fail to think of their tax problems as a part of their retirement plan.

The Launching Pad

By NEAL ESTES

It's just about Back-To-School time again and that means parents should insist on their children getting personal checkups before the gong sounds starting the march back to classes. Be sure and take the little one over to **DR. ALLEN HAMILTON'S CLINIC**, just across the street from the Howard County courthouse in Big Spring for the traditional eyes checkup. **DR. HAMILTON** and his capable staff have served Martin County residents for more than 20 years. You can always count on seeing someone in the waiting lobby at **HAMILTON OPTOMETRIC CLINIC** from the city or area you know. So, another bonus you can pick up in the eye examination landmark for efficiency in this section, is the good conversation you can enjoy with old friends while waiting for other good friends to test the children's eyes. You can be sure they won't put glasses on patients at **HAMILTON'S** unless they are needed after examination.

WE sure like to get good letters from satisfied subscribers. This week we had a nice note from a lady in San Antonio expressing her appreciation for the paper and the postal service. We want to thank you **ELSIE GILL** for your thoughtfulness.

PLEASE send the paper to our daughter and family for her birthday. She is **MRS. RONNIE LYDA**, 2608 Field Street, San Angelo. Thank you. The communication was signed by **MRS. WOODY SMITH**, Seagraves, Texas, Rt. 1, Box 294. Thanks **MRS. SMITH** and we hope your daughter and family appreciates your selecting the 'OLE RELIABLE' for a birthday gift. Everytime the family rips the wrapper off they will be reminded that you chose a fresh and constant reminder for a birthday present.

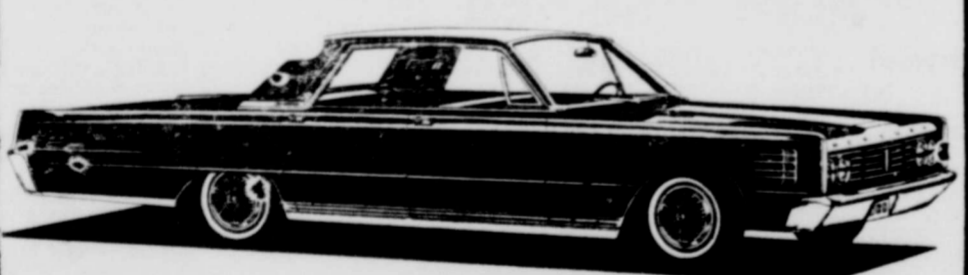

HERE'S a prediction on football right from the Captain's mouth. **MIKE HALL**, the 1965 leader of the local Buffaloes, told your editor Tuesday that "we are going to have a good team. It's going to be light but fast, and we are going to try very hard to win some games." Good luck to you and your teammates **CAPTAIN MIKE HALL** of the SHS Bison for a fine and successful season in 1965. By-the-way, **MIKE** said football practice gets started the middle of this month and the Bison's journey to Roscoe for the opening game on Sept. 3.

NEAL'S NUGGET: The press is full of information concerning the controversy stirred up by former key Kennedy men when they reported JFK didn't want LBJ on the ticket in 1960. It has been concluded that JFK finally agreed to take LBJ so he could carry the South for him. I wonder who is going to carry the South in 1968 for **LYNDON** and **HUBIE HORATIO**.

Dr. Criswell Plans To Visit Soviet Union

Admitting the possibility of "being sent to Siberia," the pastor of the First Baptist Church of Dallas said Friday he is going to Russia Aug. 9 to "encourage Russia's religious non-Communists" and "try to plead face to face with Russian leaders for religious liberty."

"Pray for me," said Dr. W. A. Criswell. "I'm sure the Russian leaders, being atheists, will frown upon my mission, and it's not impossible that I might need CARE packages inside Siberia."

Dr. Criswell said he has been working on the trip for 1 1/2 years. He will be accompanied by Dr. Bob Ramsey, a Baptist pastor from Brookhaven, Miss., and Dr. W. O. Vaught, a Baptist pastor from Little Rock, Ark.

They will fly to New York Aug. 9, then to Copenhagen, Oslo, Stockholm and Helsinki before flying to Berlin, Russia and several Communist satellite countries, he said.

They plan to visit Baptist ministers in Leningrad, Moscow, Kiev, Kharkov and Odesa.

"The plight of 500,000 active Baptists in Russia is bad," Dr. Criswell said. "We want to assure them that millions of us around the world pray for them every day, and to try to encourage them in any way we can."

Russia's population is listed at 210,000,000. Russians are not allowed to join a church until they are 18 years old — "after they have been indoctrinated in atheism in the Communist youth programs," said Dr. Criswell. "Then," he explained, "if they do join a church they are expelled from the Communist party, and they and their children cannot get the same educational and other benefits enjoyed by party members."

WT Stockmen Ask Commission On Screwworms

A delegation of Mexican and U. S. livestock owners asked for a joint international commission to be set up for screwworm eradication during a visit to Agriculture Sec. Orville Freeman's office Thursday.

The producers presented Freeman a joint declaration affirming the interest of both countries in supporting such a campaign until its successful completion.

About 30 Mexicans from livestock producing areas all over that country were in the delegation.

Dolph Briscoe Jr. of Uvalde, president of the Southwest Animal Health Research Foundation, headed the 15 American producers from several states.

Briscoe said the secretary received the delegation warmly and said he was pleased to see the people-to-people support for the program between the two countries.

Other Texans in the group were Alvie L. Cole of Sterling City and T. A. Kincaid of Ozona.

Dove Hunt Spans 120 Part Days

Texas will have a total of 120 half days, to pursue the popular sport of dove hunting this year. Many other states have only 60 full days.

The season set by the Texas Parks and Wildlife Commission provides a substantial bonus for white-winged dove hunters in the Rio Grande Valley of Texas. This year, a full limit of mourning dove is permitted in addition to the limit of whitewings.

For mourning doves, the daily limit is 12 and 24 in possession (after the first day). For whitewings, the daily limit is 10 and 20 in possession (after the first day).

Dates for the white-winged dove season which attracts gunners from as far away as New York City, are Saturday and Sunday, September 4 and 5, and Saturday and Sunday, September 11 and 12. Shooting hours are from noon to sunset.

On mourning doves, the season is the same as last year in the north zone. Dates are September 1 through October 30, and the south zone from September 25 through November 23 except in those counties having a whitewing season where it will be September 25 through November 19. Shooting hours are from noon to sunset.

Counties in the whitewing zone are: Brewster, Brooks, Cameron, Culberson, Dimmit, El Paso, Hidalgo, Hudspeth, Jeff Davis, Jim Hogg, Kinney, La Salle, Marverick, Presidio, Starr, Terrell, Val Verde, Webb, Willacy and Zapata.

Stanton - - -

(Continued from page 1) this year. He turned in some dazzling performances for the Buffs last season. Springer will be used either in the line at a guard position or as full-back, Coach Milam said.

Mike Hall received honorable mention last season both on offense and defense. He really loves to play the game, and possesses the fiery, peppy spirit it takes to lead a team of fighters.

LBJ In-Law Will Head New Office

A new Fort Worth office of the Federal Aviation Agency which will open in September will be headed by Birge D. Alexander, President Lyndon Johnson's brother-in-law, the FAA announced this week.

Alexander is now of the system maintenance division of the Southwest region. He began his career with the Civil Aeronautics Board in 1939 as chief of the facilities construction branch.

A native of St. Paul, Minn., he has lived in Texas for all but eight years. He attended Southwest Texas State Teachers College and the University of Texas.

The new office will be located in one of the main buildings at the present regional headquarters at Greater Southwest International Airport in Fort Worth. More than 100 employees will staff the operation.

Regional headquarters will transfer some personal and functions to the area offices and two other Southwest Region locations.

Alexander also will have full responsibility for FAA activities in North Texas, Arkansas and Oklahoma.

Students: - - -

(Continued from page 1) "that's all a mule can do."

It will not be of any benefit to teachers who have not yet signed contracts to teach in our city, or to those who may change their minds after acceptance of a job here, but it will be of interest to our old teachers that on August 25 at 9 a.m. a convocation of teachers will be held.

On August 26-27 all students will enroll. We do not have the times or classifications for enrollment at this time. Possibly it can be secured for the benefit of interested parents and taxpaying patrons of the district, along with the tentative teacher list next week.

Classes are scheduled to start August 30. That's the last Monday in August.

A calendar of events including the Labor Day holiday to be observed September 6, just a week to the day after students get settled back in routine work after a long summer vacation, will be found in this issue of the paper.

Variety - - -

(Continued from page 1) peal. The other three favoring repeal are generally classed as extreme liberals.

I want to make a prediction right now before the football season officially starts and here goes. The Stanton High Buffaloes are going to be heard from all around the district loop this Fall. One thing I certainly believe at this writing and that is the boys lack no fight or courage. The fans will witness a light bunch but a group with that don't quit attitude. Plan now to lend your support all the way.

Things are beginning to pick up — activity wise — in the community with the approach of the opening of school. The classes open on August 30. Pre-registration will be held before that date. Soon clubs will be reactivated and all activities will be back in the old groove. Be sure and get your news to the paper. You'll want to keep the clippings about you, your family, and your friends. Plan a family scrapbook today and see that there is something to paste in it by reporting your news regularly to the local paper. Names make news and we want your name in your hometown paper.

From The Wall Street Journal: "Irresponsibility continues to be a conscious preachment. It issues from those in the ranks who deliberately seek to loosen moral standards. It is taught by those who insist the unformed schoolchild must have total freedom of expression. It is proclaimed by sociologists who say the criminal has no responsibility for his crime. It is evidenced in countless ways in the responsibility — diminishing efforts of the national government. It is sometimes declared the law of the land by our highest magistrates."

An estimated six million persons in the United States have some degree of hearing loss.

Editorial - - - Director Hoover Writes

(Editor's Note: The following article was written by FBI Director J. Edgar Hoover and passed along to law enforcement officials and to members of the press.)

"Paper Problems" are considered to be necessary by products of our complex, modern-day society. However, and notwithstanding in the apparent reasoning of some courts and social workers, criminality in our Nation today does not fall into the "paper problem" category. On the contrary, it is a real and absolute menace, a serious danger to the ideals and principles under which we live.

Law-abiding citizens have every right to be greatly concerned over the spiraling crime rate. Each day increases their chances of becoming victims of crime. Even if they escape the rising statistical columns of victims, they are exposed to crime "fallout" in the form of higher crime costs, inadequate police protection, fewer personal liberties, and the ever-present threat to life and property.

Consider also the plight of the law enforcement officer whose responsibility it is to prevent crime and protect lives and property. His effectiveness is being diluted by judicial gymnastics and turnstile justice which all but drop a legal curtain around hardened, unformed criminals. In addition, law enforcement in the United States is subjected to more criticism by outside theorists and pressure groups than any other profession. I am continually amazed at the number of "enlightened" groups and "freedom-loving" individuals who are so anxious to promote justice

by attacking law and order. Experience shows that swift and impartial justice is one of the most effective deterrents to crime. Yet, swift justice, with all the technical loopholes and unwarranted delays in the law, is almost passe in several jurisdictions, and the rights of peaceful citizens are taking a terrific beating from the "impartial justice" meted out in some courts.

Crime causations are many and varied. Few, however, are more serious than misguided leniencies, including abuses of parole, probation, and suspended sentences. A young bank robber recently blamed such leniency for his turn to serious crime. The 20-year-old youth pleaded guilty in Federal court to robbing three banks. He told the judge that if previous courts had been more severe with him on lesser violations instead of granting probation, parole, or suspended sentences, he would not have resorted to bank robbery.

Law enforcement, innocent victims, and society as a whole seek no special privilege from the courts or rehabilitation services. All that is asked is that the balance be kept true.

The answer to our critical crime conditions cannot be found in the shuffling of paper. Neither can it be found in a theory that coddles and favors vicious criminals at the expense of the public. Rather, I submit that we need to devote more attention to protecting means of ferreting out crime and to securing convictions and adequate punishment of those responsible.

J. EDGAR HOOVER, Director.
