## Beta Sigma Phi Activities

Mrs. Juil Reid, president of Perceptor Mu Chapter, Beta Sigma Phi, introduced the year's programs at Thursday's dinner meeting in her home. The topic is "The Science of Psychology — Know Thyself." She discussed "What is Psychology?" Mrs. P. M. Bristow II, ways and means chairman, reported on summer rummage sales, and said the chapter has purchased dishes for the hospital and hypodermic supplies to be used for indigent children.

## Knott Arena Gains Sprakle

Several improvements have been made at the Knott Saddle Club arena, thanks to help from businesses in Lamesa, Big Spring, and Stanton. New lights were recently installed with Cap Rock Electric Coop, Stanton, donating the lights, poles, and labor of setting them up. Several businesses in the three towns gave paint for a new look on the gates and

## Authentic Longhorns Auctioned

One of the largest privately owned herds of Texas Longhorns went on the block Saturday in Rockdale. H. H. Coffield placed 186 authentic Longhorns on sale. They were all bought, with the top animal drawing \$1,000. The Seven-J Ranch at Madisonville in Central Texas paid the top price for a 12-year-old steer weighing over 1,000 pounds with a five-foot horn spread. About 60 of the giant steers were sold at an average price of over \$500 each. In preparation for the sale, a special chute more than seven feet wide was built to bring the animals into the sales ring. Auctioneer Johnny Watkins of Waco, said some of the animals still had to get through the chute.

## Beta Sigma Phi Activities

Mu Lambda Chapter of Beta Sigma Phi met in the home of Obera Angel, Sept. 5, with president, Dorothy Pinkston, presiding.

Minutes from the last meeting were discussed. The ways and means committee, Maxine Kelly and Polly Atchison, gave reports.

Announcement was made of the area convention to be held in Odessa, Sept. 20 through 22, with several making plans to attend. Final plans were discussed for the fall banquet.

Beulah Mae Hall presented and interesting and very informative program on "Introductions and Invitations." Preceding the meeting refreshments were served to: Polly Atchison, Obera Angel, Allie Anderson, Shirley Clay, Faye Graves, Beulah Mae Hall, Maxine Kelly, Gene Nowlin, Dorothy Pinkston, Peggy Sorley, Bonnie Faye Sorley, and Judy Thompson.

Vertical distance, instead of height, originally was the object of pole vaulting.

**BIG MOVER** — GTX, top of the Plymouth Belvedere intermediates line for 1969, comes ready for action with and all-new, cool air induction system, fed through stylish functional hood scoops.

## All-New Fury Model Leads Plymouth Lines For 1969

The 44 models in the 1969 Plymouth line, led by the all-new Plymouth Fury, go on sale Sept. 19. The Stanton dealer is Rhodes Motor Company.

Substantial improvements have been made in the appearance and operation in each of four Plymouth series: the standard-size Fury, the intermediate Belvedere, the compact Valiant and the specialty sport Barracuda.

The Fury, Plymouth's volume leader, has 17 models, all new, cleaner, leaner and larger. It is 1.5 inches longer than last year's models, nearly two inches wider, and the wheelbase has been increased to 120 inches from 119 inches.

In station wagon models, Fury introduces a new and efficient air deflector, mounted at the rear of the roof to divert air around and across the big rear window, significantly reducing vision obstruction by blowing clean air over the window and preventing rain, dust and grit from accumulating on it.

There are two new models in the Belvedere line—a Sport Satellite four-door sedan and a Road Runner convertible—and a complete series of performance cars.

New for 1969 is a vinyl Mod Top roof in blue floral print and a matching interior available on the Satellite two-door hardtop.

GTX and Road Runner performance models introduce a new cool-air induction system—called Air Grabber on the GTX, Coyote Duster on the Road Runner—which pulls air through functional air scoops into the engine for increased powerplant efficiency.

A new high-performance series called the 'Cuda 340 has been added to the Plymouth Barracuda line. All models in the new line have new equipment and ornamentation, new

## Newest Miss America Likes Casual Dress

An 18-year-old Illinois beauty who prefers cutoff blue jeans and sweatshirts to evening gowns, began her reign Sunday as Miss America 1969. Judith Anne Ford, a bouncy, natural blonde trampoliner artist who spiraled her way to the crown Saturday night with an amazing acrobatic display, was radiant as she appeared at a 9 a.m. news conference after only two hours sleep.

"I got up and expected it to be yesterday and last night was all a dream," said Judi, smiling and flashing her green eyes.

The 5-foot-7 beauty from Belvidere, Ill., handled questions from reporters with the poise she showed throughout the four nights of competition.

Are you a romantic girl? she was asked. "It depends on whom I'm with."

Do blondes have more fun? "I've never been a brunette to compare it with."

Pageant officials instructed her not to answer when asked what she thought of the Miss Black America contest held at the same time in a hotel four blocks from the pagant in Convention Hall.

The Miss Black America contest was sponsored by a Negro-owned modeling agency and a civil rights organization

## HD Club News

The Martin County Home Demonstration Council met Tuesday afternoon at the Cap Rock auditorium. Mrs. Albert Pitman presided. Mrs. R. P. Odom reported on plans made for achievement day to be held on November 7.

It was decided to change the council's meeting time from 2:00 p.m. until 2:35 p.m. for future meetings. Mrs. James Eiland, county home demonstration agent, announced the date of Ector County's achievement day as October 11, Howard County, October 16, and Glascock County, September 28.

The meeting was adjourned, and Mrs. Eiland introduced Mrs. H. H. Stevens of Big Spring, who is council representative for the National Foundation for Research on Birth Defects for the March of Dimes. She spoke briefly to the group about the foundations work, stating that there are 250,000 children born each year with major birth defects. She showed a film entitled "Children to Remember," about children in the Texas area who have been helped by the three Texas centers of the foundation.

There were 12 members, Mrs. Eiland and Mrs. Stevens present. Those members present to protest "the white stereotype of beauty represented by Miss America."

## Legion Elects New Officers

### SHS News

By PUG DEAVENPORT

Class meetings were held Tuesday, September 17, for the purpose of electing Student Council representatives. The seniors chose: Linda Holder, David Greenhaw, Weldon Posey, and Dianna Mims, alternate. Representing the juniors will be: John Anastasio, Scotty Fisher, Steve Stallings, and Debra Robinson, alternate. Sophomores on the council will be: Mark Hursh, Sandra Chandler, Roy Kelly, and Cindy Avery, alternate. Chosen for the freshmen were: Gary Posey, Doyla Doggett, Lyn Herzog, and Glora Bryant, alternate.

Representatives to the Student Council must maintain an 80 average in all subjects, and show their competence through leadership. Officers for the Student Council are: David Adkins, president; Pug Deavenport, vice-president; Doris White, secretary, and Rusty Hicks, treasurer. Permanent members, those who have held an office previously, are Bill Wilson, and Claude Straub.

The pride of winning the first football game of the season, is mirrored on every team member's face this week. The mighty Buffaloes stamped to a 26-7 victory over the Bulldogs from Tahoka, last Friday night. The Bisons raked up 20 points during the first quarter of play.

Senior quarterback David Jones got the ball rolling when he intercepted a Tahoka pass and dashed 20 yards into the end zone for the TD. Johnny McMeans put in the next two TD's. The first was a 93 yard run, the second was from 13 yards out. Kitchen's PAT made it 20-0.

Tahoka finally got on the scoreboard in the fourth period with a keeper from Bulldog quarterback Charlie Brown from the two. All hopes the Bulldogs might have had were diminished, when Jones connected with Benny Avery late in the fourth stanza for the final score of the game. When the final buzzer rang, the scoreboard showed Stanton 26 to Tahoka's 7, and the victory bell rang!

America, participated in the informal initiation Tuesday, September 17. Each girl was required to wear a cute apron anklet made of spoons, pot holder and tape measure hat, and cup towel purse. New members were only allowed to speak to the boys when reciting a recipe, and had to bow once to old FHA members, and twice to FHA officers.

Formal initiation was held Tuesday night at 7:00 p.m. New members received into the club were: Peggy Butler, Theresa Louder, Lovia Stewart, Carol Smith, Dianna Payne, Judy Mims, Zanna Angel, Darla Sawyer, Sherry Hankins, Jo Lankford, Carla Perry, Tere Hazlewood, Cindy Gregston, Betty Anderson, Judy Costlow, Rosalyn Louder, Deborah Doyle, Kathryn Pickett, and Brenda Holloway.

The first of the year's Southern Assembly programs, was presented Wednesday, September 18, in the SHS auditorium. President of the Student Council, David Adkins, introduced Jim Manning, who entertained the junior high and high school students with his folk singing and stories of his travels.

The Buffalo "B" team, under the direction of Coach Phil Stovall, met their first test of the year last Saturday, when they met the tough Big Spring sophomores and fell 20-6. All the Big Spring scoring came in the first half. During the second half, the junior varsity held the Steers scoreless. Late in the game Larry Adams connected with Bill Pardue on a twelve yard touchdown pass.

Junior class members selected their new class president Tuesday. John Anastasio was selected to fill the vacancy. Football! Football! The seventh grade, eighth grade, and junior varsity teams will play Thursday afternoon, on the home field against the Rankin representatives. The first game will kick-off at 4:30.

On Friday, the "Mighty Mites" will tangle with the Seagraves Eagles, top pick in District 5-A. Seagraves was defeated last week 18-6 by a tough Eunice, New Mexico, squad. The game is guaranteed for action, so everyone be there at 8:00 and boost the Buffaloes on to victory! Some to the pep rally, too. It's scheduled for 3:10 in the gymnasium. High school students! Don't forget to decorate your car and line-up for a super-big parade Friday afternoon. Beat Seagraves!

**Q**—The exemption I claimed for my uncle is being disallowed. Can I talk to anyone else about this besides the agent who examined my return?

**A**—Notify the examining agent that you do not agree with his disallowance of the exemption you claimed and request that a district conference be arranged. At this conference, your side of the story as well as the agent's will be reviewed on the basis of the facts and law involved.

If the tax in question in any one year is \$2,500 or less, no formal or written protest is needed to obtain such a conference. The people who handle these conferences are specially trained and are not attached to the units responsible for examining returns. This helps assure an impartial review.

### 1969 American Legion Meeting Set For Austin

Newly elected Department Commander Robert P. Walsh has announced that the 1969 convention of the American Legion will be held in Austin July 17-20.

He also announced that the fall Department Executive Committee meeting will be held at the Stephen F. Austin Hotel in Austin on Oct. 6.

Tentative plans call for the committee to meet in San Antonio next spring.

San Antonio was the site of the original caucus where the American Legion, Department of Texas was organized on San Jacinto Day, April 24, 1919.

### 4'H-ERS ALERT TO AUTO SAFETY DRIVING HAZARDS

"Will my son or daughter become a 1968 automobile accident statistic?" Parents of teenage drivers would like to be sure the answer is a decisive NO! But they can't be sure.

Deaths from motor vehicle accidents are at a peak period right now and will increase month-by-month through December. This prediction is based on estimates made by the National Safety Council for a similar period last year.

For the first six months of 1968, motor vehicle accidents caused 35,300 deaths and 900,000 disabling injuries, according to the Safety Council. This was an increase of 6 percent over the same period last year.

How to reduce this terrible toll? One thing parents and young drivers can do is get into a 4-H Automotive Safety program. Nearly 57,000 girls and boys are enrolled. Parents help by volunteering as project leaders.

This program supplements driver education in school and other driver training efforts. Its primary purpose is to develop the right attitude toward safe driving. In so doing, youngsters learn what makes an auto "go" and how the "go" can be safely maintained.

The Cooperative Extension Service supervises 4-H Clubs and projects, promotes community auto safety campaigns and helps to prepare the pre-driver for a driver's license. Parents, traffic officers, safety and highway engineers, and auto dealers help this all-out 4-H effort.

The Firestone Tire & Rubber Company is national sponsor of the 4-H Automotive Safety program. The company provides incentive awards annually in recognition of outstanding individual and community achievements.

Here are a few tips offered by Fred Bergsund, extension agricultural engineer at Kansas State University: (1) Drive defensively. Condition your mental reflexes to expect dangerous accident situations just as you have conditioned your reflexes in steering, breaking and accel-

erating. (2) Drive courteously. It pays immediate and continuous dividends. (3) Keep the whole traffic scene in view... not just the car ahead. (4) Don't drive if you are irritated or fatigued. (5) Keep your car in shape at all times.

For more information about the 4-H Automotive Safety program, contact the County Extension office or a local Firestone dealer. Inquiries also can be directed to Donald E. Osburn, National 4-H Service Committee, 59 E. Van Buren St., Chicago, Ill. 60605.

**DISTANT GALAXY**  
Most distinct object visible to the unaided eye is a hazy wasp in the constellation Andromeda. This was once thought to be a nebula or luminous cloud of gas, but now is known to be a galaxy like the Milky Way. This galaxy is so distant from the earth that its light, traveling 186,000 miles a second, takes about two million years to reach us.

It has a diameter of 100,000 light years.

## School Report Highlights

Here are highlights of the recommendation made Saturday by Gov. John Connally's public school study committee:

—Immediately increase teacher salaries by \$1,298 over the next two school years for beginners with bachelor's degrees, and by a greater amount for experienced teachers.

—Provide teachers 5 per cent annual raises over the first five years of experience and 2 1/2 per cent over the next five years.

—Increase the ratio of teachers and other professional staff workers to pupils.

—Reorganize school districts so, with certain exceptions, all have at least 2,000 pupils. Exceptions would be made for districts covering a full county or more, for sparsely settled areas and for special cases, such as military bases.

—Provide incentives for metropolitan school districts to decentralize into smaller sub-districts with some neighborhood control.

—Revise the methods of fig-

uring the local share of the basic state-aided education program, increasing local participation and using actual property values in figuring each district's proportion.

—Provide state supported kindergarten for five-year-olds.

—Raise state operating allowances to local districts.

Provide greater use of schools in the summer to help pupils who have fallen behind and to add year-round school programs.

—Give teachers 10 hours a week or more on the job for lesson preparation, conferences and paper grading and provide teacher aides to handle many non-professional chores such as lunchroom supervision.

peacefully in offshore waters," stated the American Petroleum Institute publication "Oil Facts." "U. S. government statistics indicate that in the Gulf of Mexico off Louisiana, where offshore oil operations have been concentrated, the annual fish catch actually increased two and one-half times during the years 1950-1965."

**1969 DODGE MONACO**  
So you're looking for a more luxurious car than you've ever owned before. How can you swing it? Meet Monaco for 1969. The big Dodge. The plush Dodge. The all-new Dodge. The car for the man who wants a luxury car at a standard car price.

**1969 DODGE CORONET**  
Some people buy Coronet because it's a good-looking car. Others buy it because it's a nimble, easy-handling car. But Coronet appeals to more people because it's the car that's very big for its price. One look proves it. At the Dodge Boys'.

**1969 DODGE CHARGER**  
Dodge Charger's the car with a 343% increase in sales. And you can't do much to improve on success. But look what we've done. Made Charger still sharper-looking, front and rear. With a new grille and new taillights. We also added a new model. A Charger Special Edition, with splashes of genuine leather.

**1969 DODGE DART**  
A brand-new edition of America's favorite compact. Dodge Dart for 1969. Built for the young and the young at heart. It doesn't look, ride, perform or squeeze you like a compact. Then why do we call it a compact? The price. Compact all the way.

**1969 DODGE POLARA**  
Big, luxurious and totally new. With such standard items as foam-padded seats, carpeting, concealed windshield wipers and a 230-hp V8. All this at a surprisingly low price.

## Drifting Sands

By JAMES ROBERTS

Not a few wives who spend endless hours on their husband's shirts refer to the chore as white collar crime.

We really cannot understand the hullabalo about the confirmation by the Senate of LBJ's appointment of Abe Fortas to the Supreme Court.

A study of a few key decisions by federal judges in recent months would indicate that stalling the appointment of anyone to the bench nowadays is a lot like covering up the syrup two days after the arrival of the sugar ants.

In other words, it's too late—we've had it. Three gates have been opened . . . and in this country, once opened, seldom, if ever, are they shut again as far as the public treasury is concerned.

**Gate One:** A certain Miss Juanita Smith, 24, the unwed mother of five children, moved to Philadelphia from Delaware. She applied for relief and was told that Pennsylvania required a year of residence. Displeased, she promptly brought suit and a three-judge court then ordered the Department of Public Welfare to pay her. The state tried to get a federal judge to hold up payments until an appeal could be made to the U. S. Supreme Court. Nope, pay her.

**Gate Two:** The Supreme Court recently sanctioned "free love". The Court ruled that a woman and her lover of the moment may engage in a continuing affair without any fear of losing her Aid to Dependent Children payments from the federal government.

But gate three really takes the foam off the suits to paraphrase Snuffy Smith.

Now, at long last, no Cupid-bitten female need worry about settling carried away with moon, June, spoon atmosphere and marrying her man of dreams . . . in Brooklyn, New York, a Supreme Court justice has ruled that city must pay all expenses involved in procuring a divorce.

In New York State, a necessary step in procuring a divorce is publication of legal notices. That's expensive business. A woman who could not afford to pay for such expenses but who mightily wanted to rid herself of a husband, applied to the City Finance Department and asked them to pick up the tab. They refused.

An enterprising attorney took her case to establish a precedent for others.

As a consequence of his effort, the Great Society is now full circle. If the precedent stands, the partner to marriage who can't afford the price of a divorce can send the bill to the local government—city or county—and save the trip to Mexico or Las Vegas.

The understanding judge suggested that poor people who want to shed a mate and who do not have the do-re-mi can simply trot down to City Hall and deliver the bill.

Can't you just see our commissioners and councilmen at budget time each year trying to total up the number of divorces that will occur during the following fiscal year and what the lawyer's fees will be?

If you consider the possibilities opened up all three swinging gates, it provides a rather grim picture for the poor taxpayer.

As we understand it, the taxpayer will now support those who don't marry; will support those who live as if they were married, but aren't; and finally, will finance those who did marry and wish they hadn't.

Senators, approve Fortas! One more can't possibly make any difference.

## The Launching Pad

By NEAL ESTES

I read in THE DALLAS NEWS where HUMPHREY recently proclaimed in Houston that he would "proudly run on the Democratic Party record for the past eight years." That's all Texans wanted to hear HUBERT! And maybe that's the reason GOV. CONNALLY didn't show up for your rally. SENATOR RALPH YARBOROUGH was not in Houston either. Could it be that MR. HUMPHREY can't see the forest for the trees? He has been so closely tied to the inside of the JOHNSON machine that perhaps he really don't know about the administration's low popularity point in this nation. HUMPHREY learned in California, New York, Texas, Louisiana, and Florida the past week that the mainstream of America is against him. His candidacy is pitiful. I get almost sorry for him at times.

I have been following the campaign of RICHARD NIXON with a concerned eyeview. I don't like three statements attributed to him during the last week. First, it was unrealistic for him to get ROCKEFELLER, LINDSEY, and JAVITS, all of New York, to agree to work for his election. One can bet a lot of political bargaining went on in the Empire State. Then, DICK advocated sending Jets to Israel to guarantee their integrity as a nation against the Arabs. I don't think this nation has any business sending war planes to any country, be it Israel or any other country. I think NIXON is shooting the breeze when he says he hopes to stop the war in Vietnam and at the same time kindles another one. And NIXON capped his dialogue off Saturday last by stating that he planned to remain out of the ABE FORTAS nomination for the top place on the Supreme Court. He also said he was against filibuster. I figure that statement cost NIXON plenty. No. I'm not wedded to MR. NIXON by a long sight. I have defended his right to select a man of ethnic background to run with him. I admire the NIXON-AGNEW stand against crime in the streets. But I also think that crime has been caused by the courts too and the recent Supreme Court decisions stink. A blind man realizes that EARL WARREN, FORTAS, and company have just about stilled the hands of the law enforcement people in this country and definitely rendered decisions favoring the criminal element very foreign to the Americanism bequeathed us by the founding fathers.

GEORGE WALLACE has waited a long time to pick his running mate. He almost announced former Kentucky governor A. B. (HAPPY) CHANDLER as the Veep candidate recently but stopped short of making a big mistake. A majority of his warmest supporters had something to do with convincing GEORGE he could not win with CHANDLER tied around his neck. I have heard that GEN. CURTIS LEMAY might run with WALLACE. If GEORGE can draft this famed man of much knowledge and experience with his abiding devotion and genuine love of the true America, to run with him, the move will enhance the WALLACE chance of election a thousand fold. LEMAY headed the SAC for years and his job as chief of the Strategic Air Command was one of the reasons why Russia didn't try to move in on this country full force during the Cuban crisis. LEMAY had little use for LYNDON JOHNSON'S policies but after he told him so the General remained loyal because as a trained soldier he respected the Commander-in-Chief. LEMAY'S devotion to his country has never been questioned.

HOMER SWINSON has opened a new type of business in Stanton on Lamesa Road across from Motel Belvue. It is a self-operating car washing system. His advertisement naming some of the advantages of this quickie type washing and vacuum cleaning service will be found in this issue of the paper.

MORGAN HALL, local Democratic chief for Martin County, was hospitalized last week at PHYSICIANS. I talked with his grandson, MORGAN COX Monday afternoon and LITTLE MORGAN filled me in his grandad's condition. Friends of HALL wish of him a speedy recovery.

BILL COLLYNS, editor of THE MIDLAND REPORTER-TELEGRAM wrote an article for the Tall City newspaper saying he got lost in Oklahoma City enroute to Missouri. I knew country editors got lost in cities and most of the time remained lost but I didn't know it happened to city editors. I got lost once in New Orleans, wound up at the end of Canal Street near water and threatened to come back to Texas by boat rather than turn around and try to find my way through thick traffic to Alexandria. BILL was thinking too strongly about that country ham he will enjoy in the state of Missouri when he reaches relatives homes when he got lost. I know COLLYNS is a good man with directions because I was with him once in Old Mexico with the late JIM KELLY, and he brought us out safely.

I enjoyed my office visit with COACH BRYAN BOYD Tuesday at noon. The young handsome mentor is enthusiastic about his boys on the Stanton team. He is as equally proud of the young quarterback he has training in his home. His wife, JANIE, is the trainer BOYD'S team is off to a good start and here's wishing good luck to the coaches and the football boys.

NEAL'S NUGGET: A preacher told me that it was two high a price to pay for a man to give up his life while putting up with the sometimes premeditated and faked infirmities of a stubborn individual.

**PREMIUM FOR BALE**—Midland County farmer T. O. Midkiff, center receives checks for the county's first bale of cotton from David Workman, left, and "Hoot" Leonard Workman. Leonard is the president of Western Production Credit Association of Stanton, and Leonard is the manager of the Midland Farmers Co-Op Gin. The two companies are paying Midkiff a premium of \$1 a pound for his 420-pound bale, while the going rate is 32-34 cents a pound.

### Mistrial Ruled In Glasscock

A mistrial was entered last week in the trial of Curtis Malvern Chaney, 46, charged with murder with an automobile. Judge Ralph Caton, 118th District Court, entered the order when George Thomas, defense attorney, was advised that his mother, Mrs. Clyde E. Thomas, Sr., had died in a Big Spring hospital a few minutes earlier.

### H. Fitzhugh Of FLB Announces New Program

H. M. Fitzhugh, assistant manager of the Federal Land Bank Association of Lamesa, announced this week that the Federal Land Bank System has adopted as a permanent slogan, "Serving America's Farmers: Providers of Plenty." The local association is a part of a national network of 12 regional bank and 695 local associations. The Land Bank System, which last year celebrated its 50th anniversary, is moving ahead into the second half-century of operations with renewed dedication of purpose to meet the essential long term financial needs of the nation's farmers and ranchers.

"Our system has coped with a variety of great demands made upon it during the past 50 years, all the while maintaining a dependable loan service to farmers and ranchers. As agriculture continues to increase its productive capacity through technology, it will be our purpose to continue to serve the changing credit needs of farmers and ranchers," Mr. Fitzhugh stated.

The Land Banks and associations comprise a system which is operated entirely on private funds and is owned by its 394,000 member-borrowers whose elected directors formulate its policies.

The local association will hold open house Monday, Au-

gust 12, 10 a.m. to 2 p.m. showing their recently remodeled building at 214 North Houston Avenue, Lamesa, Texas. Following this the 50th annual stockholders meeting will be held, all members are urged to be present.

The case, in its second day, had progressed slowly. Only two of the state's witness had been heard and examination of second of those was still underway at noon. No date for a new trial was set.

Chaney, a longtime resident of Glasscock County, was indicted in the May 7, 1967, deaths of Joseph John Sotkovski, 49, of Midland, and his son, Robert Charles Sotkovski, 26, of Marble Falls. They were killed when their parked car was rammed by another vehicle, allegedly driven by Chaney. The accident occurred 6.8 miles west of Garden City on the Midland road.

### Tax Man Sam Sez:

If your tax return is selected for audit, there is no reason for panic — on the other hand, there is no reason for you to be enraged or feel "picked on." Internal Revenue audits several million returns each year after the computer has corrected the math and taken umbrage at a number of careless errors. The Internal Revenue agent is a well-trained, professional employee. A part of his training is to be fair. He has the same responsibility for seeing that you get extra deductions that you missed as he does for seeing that the government gets all the tax due from you. A large part of the tax audits result in the taxpayer verifying his questioned items and receiving no change in his tax liability. About seven per cent of those audited receive a refund, due to the Internal Revenue agent finding additional tax credits or deductions.

So — gather your records, review your return with the agent in the business-like manner. If you don't agree with his findings, exercise your appeal rights.

### New Material

Fake leather is an intriguing new material being used in the men's fashion arena. Made of husky cotton coated with a plastic material, it has the appearance and "hand" of fine leather when made into apparel. It is inexpensive, breathable, crack- and stain-resistant, pliable and — most importantly — it is entirely washable in soaps or detergent suds.

### White House Grizzlies

President Thomas Jefferson kept an eagle on the White House grounds the grizzly bears that Capt. Meriwether Lewis brought back from his 4,000-mile expedition to the west with Clark.
