VARIETY

By NEAL ESTES

This is the week in the year when America marks Fire Prevention Week. The time is right to make sure your business place and your home is free from any possible fire causes.

PAIGE EILAND, local Chamber of Commerce president reported a fine trip to Austin Monday. The group appeared before the Texas Highway Commission. EILAND was the spokesman for the delegation from Martin County. It is the hope of all county residents that the commission grant some relief to the community by arranging for a good traffic outlet to break the bottleneck now existing in the north part of the county. Somewhere, sometime, somebody charged with responsibility slipped up. But nothing can be gained from casting blame. Teamwork has been known to get results and the trip to Austin by the group who are really interested in Martin County should accomplish the desired goal — a connecting link between Highway 80 west or IS 20 and one or two state roads in the area.

Monday will be observed as October Dollar Day. Many merchants have advertisements in this issue. Read them all and get your part of the fine bargains at home.

Congratulations are in order for the Stanton Buffs on their third victory of the season. The Bisons easily won a third straight non-district contest over Rotan Friday night. Next few will be Coahoma. The Bulldogs are always tough. Follow the team to Howard County Friday night to back them when they play Coahoma.

It is nice to have DAN SAUNDERS home from the hospital in Big Spring after his airplane accident. Sheriff SAUNDERS has a legion of admirers over the state and a host of friends here in his native county.

MR. and MRS. EL SAUNDERS of Midland are having a nice residence built in Stanton. They plan to move back to Martin County. Their new home will be located on the corner of Carpenter and St. Joseph streets.

The second game of the World Series will be played in St. Louis today. The last time I attended a series was in 1934. The Cards and Tigers were the participating clubs that year too. The famous DEAN brothers were the top pitchers on the Cardinal club. St. Louis won the series in seven games. The most exciting game as I remember it was played in St. Louis with PAUL DEAN. I believe a young righthander. TOMMY BRIDGES pitched for Detroit. I was a St. Louis fan in those days and have remained loyal to the Red Birds since.

Continued complimentary comments on this column and THE LAUNCHING PAD are received daily at the office. Many letters, phone calls, and personally delivered comments are about our frank, open and neutral discussion of the presidential race. Truthfully, it is easy to find a following for a

Buff's Journey To Coahoma Friday

October 7 Dollar Day In Stanton

Stanton merchants will observe October 7, as Dollar Day, and have availed themselves of the opportunity to use the columns of the newspaper to advertise their specials.

Back - to - School, and new fall merchandise is available at prices marked to meet all area competition.

One merchant who has an advertisement in this issue of the paper said: "I think we have the finest line of fall merchandise it has been our good fortune to present to the patrons of this county in years and they must be seen to really be appreciated."

Stanton stores will all have generous bargains for shoppers to select from and a large crowd is expected to take advantage of this opportunity.

Eiland Says Labor Survey Is Lagging

President Paige Eiland of the Martin County Chamber of Commerce, advised the newspaper Wednesday that the chamber sponsored labor survey is lagging.

Eiland requested the immediate return to his office of the previously distributed survey cards.

"It is vital that we be in a position to furnish any prospective industry with data concerning available labor in the community," he said.

Persons wishing to become associated with any worthy industry the chamber might interest in locating in the county are urged to sign up now.

Mail your application of availability to the Chamber of Commerce today.

Stanton School Officials Concerned About Absentism

Stanton Independent School Superintendent Russell McMeans, speaking for the official board, has advised the newspaper that a problem concerning excessive absenteeism in the local school system is in existence and growing.

Supt. McMeans attributes the cause for the classroom delinquency or absenteeism on lack of understanding of the laws on compulsory education. He attributes much of the tardiness on failure of parents to see that their children are in school every day.

Article 2892 says: "Attendance requirements. Every child in this State who is seven years and not more than 17 years of age, other than a high school graduate, shall be required to attend the public schools in the district of his residence, or in some other district to which he may be transferred as provided by law, minimum of 1065 days of the

County Trippers Return From Austin Jubilant About Ramp

Thirty Martin County citizens returned home from a one-day round trip to Austin Monday on a chartered bus very tired but jubilant about their appearance before members of the Texas Highway Commission at 10 a.m. Monday morning.

The county group left Stanton at 3 a.m. for the state capitol. Purpose of the trip was to present the picture of a confused citizenship over lack of a ramp and connecting link between IS 20 and state roads in the north part of Martin County.

The group appealed to the commission to consider the problem which is currently bearing down hard on various economic situations in the area. Lack of an access road to the north of Stanton in the vicinity of the "five mile store" created the problem. Citizens driving west to Midland have only one opportunity to leave IS 20 without

driving several miles. The only existing exit is very close to the city limits of Stanton.

Ranchers, farmers, business people, ginners, and others wanting access to IS 20 and from IS 20. A ramp would be desirable.

Paige Eiland, leader of the delegation to Austin and president of the Martin County Chamber of Commerce, was the chief spokesman for the local delegation before the commission.

Testimony was also given by Joe Stewart, Mrs. Lila Flanagan, Mrs. G. W. Wald, I. D. Stripling, and others before the highway panel concerning the need of a cutoff road leading from IS 20 to State Highway 829. The above people are doing business in the area and own property in the vicinity.

Highway commission chairman Jack Kuitgen of Waco, said the request of the Martin Countians was just the kind

(Continued on page 8)

DESTINATION AUSTIN—Thirty citizens started the day at 3 a.m. Monday to ride a chartered bus to Austin to appear before the Texas Highway Commission to seek a break in the traffic bottleneck existing in the area five miles north of Stanton. Among the group making the one-day round trip to the state capitol were Mrs. Lila Flanagan, Mrs. Vanita Wade and Mrs. Faye Rhodes. The three ladies are pictured above on the inside of the bus. Those shown lined up ready to climb into the bus made up the delegation making the trek to Austin. Paige Eiland led the group. See story about the trip elsewhere in this issue.

Martin County Groups Urge Fire Prevention

Fire Chief Bob Haislip, and Owen Kelly, president of the Martin County Farm Bureau, urge Martin County citizens to pay special heed to the observance of National Fire Prevention Week, October 6-12.

"We ask that everyone develop good fire safety habits including care with matches and smoking, good housekeeping to rid the home of rubbish and proper use of electrical fuses, appliances and extension cords," the chief said. He added, "Fires killed more than 12,200 persons and cost more than \$1.7 billion in the U. S. last year."

Kelly said the fall and winter months are the most vulnerable times of the year for rural fires. "When fire occurs on farm or rural property, damage is three to six times greater than in the average city fire," the Farm Bureau president added.

Farm Bureau has two programs designed to help curtail fire losses. The county Farm Bureau, in cooperation with the Texas Farm Bureau, sponsors the attendance of local volunteer firemen to the

School each summer in College Station. More than 600 firemen have attended under Farm Bureau sponsorship during the past six years.

The state and local Farm (Continued on page 8)

Stanton Trims Rotan Eleven By 24-7 Count

STANTON	ROTAN
13 First Downs	13

3 Fumbles Lost	4

Stanton quarterback David Jones passed for two touchdowns and sneaked 80 yards for a third to place the Bulldogs to a 24-7 win over a Rotan team Friday night.

(Continued on page 8)

Stanton High School News

By PUG DEAVENPORT

The Mighty Mites of Stanton High School, under the direction of Coach Bryan Boyd, continued their winning ways last Friday night, when they "put the hurt" on the Rotan Yellowhammers and posted a 24-7 victory.

The Buffs overcame scoring deficits in the first and third quarters to win their third game in as many starts.

The Bisons posted the first TD of the game early in the second quarter with quarterback David Jones connecting with Benny Avery on a 14 yard pass. Alan Gregston's PAT was blocked.

With only 1:15 left in the first half, the Stanton line busted through to the Hammer quarterback and sent the ball up and away. Tooter Harrell, defensive end, nabbed the loose ball in the air, and sprinted 33 yards to the end-zone. Jones' pass to Steve Stallings for the extra points was cancelled on a holding penalty.

The half-time score showed Stanton leading 12-0.

The third period was a rough one for the Bisons. The opening kick-off was fumbled and Rotan recovered the miscue on the Stanton 10. Only seconds later Yellowhammer Mickey Early scored on a 4

yard run, and Hargrove booted the EP.

Rotan threatened to score on another drive, but Alan Gregston came up with an interception to spoil the scoring jaunt. Alan put in another effort in the third period with a fumble recovery, but the Buffs still could not penetrate to the goal line.

Stanton got on to the score board again in the fourth period when Jones called a quarterback sneak then raced 80 yards for the TD. The PAT was intercepted.

With 25 seconds left in the game, Jones again connected with Benny Avery, deep down field, on a 38 yard pass. Lindsay Jones' kick was wide.

Final score was 24-7.

In statistics, the Bisons and Hammers were tied in first downs with 13 apiece. Yards rushing showed Stanton with 254 and Rotan gaining 117. Leading ground gainer for the Buffs was David Jones with 18 in 13 carries. Alan Gregston collected 95 yards in 13 carries. In the passing division, Jones connected with Avery four times and Gary Kitchens three times for 7 out of 10 attempts and 44 yards. Rotan, noted for taking to the air, passed 21 times, making

(Continued on page 8)

Thundering Herd Will Be Seeking Fourth Victory

Coach Bryan Boyd will lead his football charges to Coahoma Friday night and the Bulldogs will be seeking their fourth straight victory.

Coahoma always has a fine team. For years the Bulldogs presented a threat to the Stantonians when both clubs were playing in the same district.

Stanton Lions Met Tuesday

The Stanton Lions Club met Tuesday noon at the Belvue Restaurant, with President Russell McMeans presiding. F. O. Rhodes led the sing - song accompanied by sweetheart Pauline Wood. The pledge to the flag was led by Billy Reagor, and Rev. S. R. Rivera voiced the invocation.

Tom Angel, president of the Martin County Unit of the American Cancer Society, announced that another civic organization had pledged full support of the public education of the Cancer Society. Under presentation to the local Lions, they voted unanimously to endorse the "Public Education program of the American Cancer Society."

Paige Eiland, president of the Chamber of Commerce, reported that 22 local citizens went to Austin for a visit to the Highway Commission. They requested more access on and off of IS 20 west of Stanton. Eiland gave a very favorable report from the commission.

Cecil Bridges presided at the installation rites for Roland Swanson. Swanson was presented to the club for membership by Bill Terry.

David Adkins and Peggy Anastasio were introduced as students of the month by J. R. Dillard. Henry Watson and Vaughn Thomas were also guests. Twenty-seven members were present at today's meeting.

Immediately following the adjournment, a board meeting was called to order, where important business matters were discussed.

Coach Boyd said Wednesday that the Buffs had sustained several injuries. Boyd said most of the injured players could be replaced by reserves. He said his 25-man squad were all capable of playing fine football.

Johnny McMeans, stellar fullback, will miss the game due to an infected throat. Weldon Posey is in a Big Spring hospital. Mike Currie will also be out due to a badly cut arm. Boyd said Rusty Hicks was out of service because of a broken collar bone. Mark Hursh will undergo knee surgery Thursday and will not play.

Coach Boyd stated that Larry Pinkston, middle guard, who has been sidelined because of illness would be back. Other players are reported in good shape.

Bill Wilson will take over the fullback's chores for the ailing McMeans. Lindsay Jones has been training to take over Weldon Posey's spot, Boyd said.

Alan Gregston was named "Back of the Week" for his fine performance against Rotan last week. Weldon Posey was voted the most valuable lineman last week.

Coach Boyd said that Coahoma would probably be one of the finest teams played to date.

He said: "Coahoma is aggressive and will be tough on defense."

Coahoma has won two games and dropped one. The Bisons will be after their fourth triumph.

Boyd said: "Our boys are in good spirits despite the injuries and they have worked hard for this one. I feel like the Bisons will be up for Coahoma and certainly am looking forward to victory."

Sheriff Dan Saunders Injured In Plane Crash

Sheriff Dan Saunders set some sort of record during the past week.

The top county officer was in an airplane accident, reported seriously injured, rushed to a Big Spring hospital, declared to be on the critical list, visitors were barred, then he was released, returned home and visited his office awhile Monday of this week.

Sheriff Saunders' zeal and determination and his fine physical fitness contributed to his speedy recovery.

Friends commented: "You can't keep a good man down." Those same friends were delighted.

Sheriff Saunders experienced the accident at about 8 p.m. on Wednesday, September 25. His plane, owned by a local flying club, was a single-engine Cessna.

Sheriff Saunders was in the process of landing the Cessna at the local airfield three miles north of Stanton. He was making his approach as he had many time before. There is a ditch about 50 feet beyond

the beginning of the strip. The sheriff said he was aware of the ditch, but that he must have miscalculated in the near darkness and his plane swooped down into the ditch.

His wheels touched the ground about 60 feet beyond the start of the strip and the plane rammed squarely into the ditch and flipped over. It was demolished.

The sheriff was left hanging upside down from his safety belt.

"I must have passed out," he said. "When I came to, I began to untangle myself. I managed to get out of the plane. I was about a quarter of a mile from the hangar where I had left my car. I set out walking to the car. A fellow drove up about the time I got to the hangar and gave me a ride to the hospital."

Sheriff Saunders was taken to Big Spring and hospitalized. At the time news of his accident was made known in Stanton it was reported he had suffered a fractured cheek.

Farm & Ranch Review

Good fall and winter pastures can make a tremendous difference in the dairy feed bill. Temporary pastures, says Texas A&M University Extension dairy specialists, are the most dependable sources of grazing and that the use of adapted varieties, proper seedbed preparation and fertilization are most important in getting maximum plant growth.

Safe Driving Tip — Watch for farm and road-maintenance vehicles and machinery whenever you drive on the highway. Two types of devices warn you of these slow-moving vehicles. One of red flashing lights. The other gaining in use throughout the country, is a triangle that has a fluorescent orange center for day visibility and a red reflective border for night.

Co-Op Month — Each October is designated as Co-Op Month in most of the states of the nation. Theme for this year's observance — Cooperatives — Community Builders. Cooperatives will be holding special events for members and the public and you are in-

Moving to Midland Call

FHA — VA — EQUITY
Grube, Realtor, 682-1621

vised to attend. "Let October," said President Johnson, "be a time of re-education to the co-op spirit and to co-op ideals."

Cotton Root Rot — Cotton is not the only plant affected by the well known "killer" cotton root rot. Dr. Wendell Horne, extension plant pathologist, says about 2,000 plant species are susceptible and many are ornamentals used in home landscape plans. Nothing can be done once a plant becomes infected except remove it and replace with one more tolerant to the disease. Local county agents have a list which rates the resistance and susceptibility of most commonly grown Texas plants to the disease. Horne suggests using the most resistant plants available in your area.

Tax Man Sam Sez:

If your spouse is so cantankerous that you can't live with him (or her) the Texas community property law may cause you an income tax problem: IRS must consider the income of each spouse as community income up to the date of divorce. Even if you haven't seen or spoken to them all year, before you file separate returns you have to take the income of both spouses and split the community income, with each filing on his or her half. If

Philosopher Says If Candidates Can't Debate On TV, Use Their Speech Writers

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw has another idea he won't get very far with, we suspect.)

Dear editor:

According to an article I read in a newspaper last night a lot of people are wondering why we can't have another big debate on television between the Presidential candidates, and the answer was, Congress would have to pass a special law allowing it.

As I understand it, if the television networks give time to the major candidates, they have to give equal time to all the minor candidates, like the Greenbacks, the Prohibitionists, and others nobody ever heard of, probably including Harold Stassen. This obviously would take up all time on television for nights on end.

Of course I suppose if the major candidates really wanted to debate they could haul off and buy a couple hours of time some night on their own and have at it.

However, there's a way to get around the law.

Instead of the candidates, let their speech-writers do the debating. There's nothing in the law that says you have to give equal time to all speech-writers, and the minor candidates don't have any anyway.

After all, when a candidate makes a ringing statement forthrightly dodging an issue, everybody knows it was written up in advance by a bunch of hired writers. Let those fellows debate and let's get at the source of what the candidates really think.

Actually of course the equal-time law isn't being enforced. For example, the same page I was reading last night reported that 90 per cent of people in this country now live on 1 per cent of the land, which suits me fine, but what it failed to point out is that of that 90 per cent, about 2 per cent get all the television publicity. For instance, I doubt if more than 2 per cent of them have been on television, at least outside of a football stadium, certainly not wrecking the president's office.

This is clearly against the law.

Yours faithfully,
J. A.

Stanton Club To Observe Federation Day

The Stanton Study Club will be observing Federation Day, when they resume their fall activities for the 1968-69 club year. The first meeting will be their annual Opening Coffee, which will be held Monday morning at 8:00 a.m. in the Martin County Library. Guest speaker will be Mrs. Richard Story of Midland, who is third vice-president of the TPWC.

Mrs. Jimmy Wheeler, president, stated that they were looking forward to a very rewarding year as the result of a number of interesting projects which were to be undertaken. Members are reminded that the regular meeting date has been changed to the second Tuesday of each month at 3:00 p.m.

You itemize your deductions, these may have to be split too. Don't blame the tax folks — they didn't get you into the community with your problem spouse. The good tax folks may be sympathetic, but they still have to follow the law. In Texas, for married folks, it's either a joint return, or each spouse filing on their half of the community income.

Farmers Union Announces Convention

Newell Tate of Tarzan, president Martin County Farmers Union, has announced that the annual convention of Martin County Farmers Union will be held, Saturday evening, October 5, at 7:30 p.m. in Stanton at the Cap Rock Electric Cooperative auditorium.

Tate announced that business of the convention would include election of new officers, adoption of county resolutions, appointment of commodity committeemen and a brief address.

Wayne Bodkin of Waco, assistant to the president, Texas Farmers Union, will be a special guest and speaker of the convention. Bodkin will explain the policies and objectives of Farmers Union. The young assistant will also talk about the important role of Farmers Union in getting legislation which will benefit farmers and ranchers.

Tate stated that the convention is open to the public

Bible Comment—

City Of Sin Was Springboard For Christianity

The new disciples of Jesus were called "Christians" first in Antioch, in Syria. This city of outward grandeur and proportions was a city of paradox. The moral corruption of its people beneath the grandeur and the seeming culture was such that when a Roman orator deplored the moral decay of Rome, he did so by saying that "the Orontes had overflowed the Tiber."

Surely this was a strange place for Christianity to take its rise. The beliefs, character and ideals of these early Christians were so much at variance with the life of the prosperous and licentious city that not only was the contrast so extreme, but it seemed incredible that so small a group, probably called Christians as a nickname or term of reproach, could presume to attain any supremacy. Yet, the great city on the Orontes is a thing of the past, centuries ago gone down in ruin, while the Christianity that the

little group represented coming from Jerusalem and taking hold in Antioch, has spread and taken root in every part of the world.

Yet the more one thinks of it, Antioch was a fitting place for Christianity to assume its new missionary beginning; for is not the purpose of Christianity to conquer sin and licentiousness, to take root in an evil world and grow, conquering the evil?

Associated with this city of Antioch is the missionary journey of Paul and Barnabas. When the disciples, at Jerusalem heard how deeply the new faith had taken hold at Antioch, they sent Barnabas, a good man and true, as their representative to this new Christian community. Barnabas went to Tarsus, where he found Saul, the new convert, henceforth know as Paul, and from Antioch, these two men stretched out through Asia Minor in their first missionary journey.

Political Calendar

- Oct. 1—First day of voter registration period for 1969 elections, in County Tax Office.
- Oct. 16—First day for absentee voting by personal appearance in County Clerk's Office.
- First day for absentee voting for persons otherwise qualified to vote with the exception of six months residence.
- Oct. 21—First day to vote in person in County Clerks' Office for new Texas residents who made application by Sept. 20 for voting for President and Vice President.
- Oct. 31—Last day for transfer of registration receipt in order to qualify for General Election, in County Office.
- Nov. 5—General Election.

Twenty-Three Years Ago

The Lenora school opened Monday with an enrollment of 51. Teachers are Mr. and Mrs. Grover Springer, and Mr. and Mrs. A. C. Fleming.

Cecil Brown, who brought the first bale of cotton in for 1945, received a total of \$341.50 for his bale. The bale brought \$137 with a premium of \$204.50 being contributed by the local merchants and businessmen. Brown has 80 acres in cotton and farms on Mrs. R. L. Henson's farm in the Lenora community.

Mr. and Mrs. C. C. Kelly have been visiting in Alpine with their daughter, Mrs. Charlie Ross and family. They also visited Mexico and the McDonald Observatory in the Davis Mountains. They were accompanied by Ruth Kelly and June Ross, who were returning home after spending two weeks vacationing in Stanton, and Mr. and Mrs. J. W. Stephens, Jr.

Mary Virginia Castleberry, daughter of Mr. and Mrs. Clifford A. Castleberry of Lenora, became the bride of PFC. W. H. (Dub) Clements, son of Mr. and Mrs. W. L. Clements of Valley View, Saturday evening in the home of the bridegroom's uncle. Dr. and Mrs. Cal Wright, pastor of the First Methodist Church of Lamesa. Attending the couple were Mr. and Mrs. Billy Clements, brother and sister-in-law of the bridegroom.

Bill Blocker and George Blocker and their families of Hobbs, N. M., spent the weekend visiting friends and relatives in Stanton.

Jack Jones has been appointed chairman of Martin County for United War Chest drive that will get underway October 1. Judge B. F. White has been made rural chairman.

Miss Beryl Tidwell has returned to Corpus Christi to resume her position in the school there.

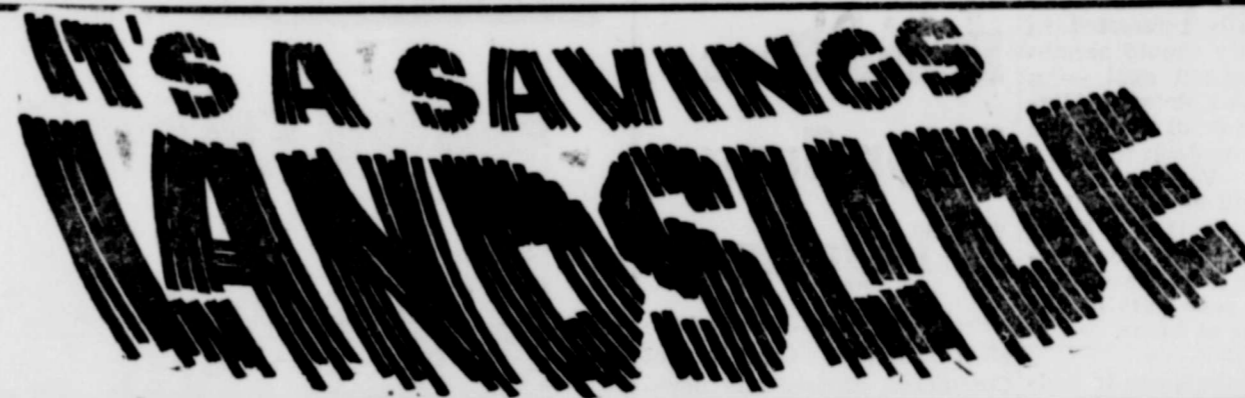

The temperature dropped to 55 degrees Thursday, which was a big drop from 90 degrees. Wednesday the sand blew.

Recent visitors of Mr. and Mrs. Walter Harlow, have been her sister and family, Mr. and Mrs. Lee Wood of Denver, Colorado, her parents, Mr. and Mrs. W. I. Barron, and Mr. and Mrs. H. A. Barron and Nita Sue, of Loraine.

Mark Twain (Samuel Clemens) was born in the village of Florida in Monroe County, Mo., not in Hannibal.

We Have Just Received A New Shipment of Ladies Red Ball Shoes
Prices Start Thursday

J. A. Wilson Dry Goods

We're one-fifth Rambler, and all the rest is new.

There was a time when all we made were Ramblers.

And, those Ramblers made our image. With the predictable result that we got a reputation for building dependable, little cars that were high on economy and low on sex appeal.

We still make the Rambler. It's a smarter buy than it ever was. But it's no Javelin.

When American Motors can build a hot, sporty car that out-sports the other sporty cars, that's news.

So far, more than 45,000 sporty-car drivers have decided that the Javelin is a better car for the money.

The Ambassador SST 4-door sedan is our luxury car. It comes with standard air-conditioning, standard V-8, standard auto-

matic transmission, optional velour seats, a long, long wheelbase for an elegant limousine ride, and an astonishingly low price for the package.

We also make the Rebel. The Rebel is the family car that dared to cross the treacherous Baja peninsula. Most of the specially equipped cars that start this trip never finish. The Rebel did.

But, if anything changes our image, it will be the AMX, our two-seater sports car. The AMX, specially equipped and modified, has set 106 American, national and international speed records.

At this point, it looks like our image will never survive.

Pictured is Second Chief Fulton Battise of the Alabama - Coushatta Indian Reservation thanking City Manager O. C. Galloway of City of Beaumont for the buffalo that will be at the animal compound on Texas only Indian Reservation. Second Chief Battise jokingly commented to Manager Galloway, "Those buffalo will sure make some good buffalo steaks."

Reagan Blasts 'Professionals'

One of the troubles with America, Gov. Ronald Reagan of California said Saturday in Dallas, is that "we have turned it over to the professional politicians."

He made the statement in backing Paul Eggers for governor has held a planeside rally at Love Field.

Eggers, like former actor Reagan was recently, is a newcomer to the task of seeking public office. The Texas Republican candidate is a Wichita Falls lawyer, 48 years old, who has been campaigning vigorously against the Democratic candidate, Preston Smith.

"We are supposed to run the show," Reagan said of non-politicians, and declared America was founded by citizens

and not professional office holders. Police estimated 600 attended the rally while GOP spokesmen estimated 1,000.

Reagan walked along the rope barricades holding back the spectators and shook hands. Police security was in evidence throughout the area.

Eggers made a brief speech saying he and Reagan have much in common because of their political newness. "There were those who said he (Reagan) couldn't win because he had never run for public office," said Eggers. "And since then he has become a nationally known political figure and one of the most respected governors in the country."

Eggers and Reagan are operating under the buddy system where each of the 26 Republican governors has accepted the job of assisting a Republican hopeful in a state where there is a Democratic governor in office.

Reagan also campaigned in South Dakota and Iowa this week-end.

The California governor and Eggers climbed on a platform arm-in-arm.

Reagan told any Democrats in the audience that they should consider switching to the GOP. "You've got to join

and throw the rascals out," he said.

Talking about his programs in California, Reagan said, "Suddenly Washington is horrified because I vetoed more poverty programs than anyone in the country."

He listed as an example rehabilitation program "in which juvenile delinquents would have been put to work," he said, at \$8,000 a year.

"This could induce a number of good kids to get on the gravy train," he said.

At a news conference, he

Indian Thanks Beaumont For Herd Of Buffalo

The Beaumont City Council felt that their buffalo herd was costing considerably for maintenance without the benefit of the public enjoying seeing them. Since the Alabama - Coushatta Tribes on Texas only Indian Reservation have started a tourist attraction centering around the Indian history and culture with an attendance of over 120,000 guests per year; the City Council felt that more people would be able

to see the buffalo at the Reservation. The buffalo family includes a 1,500 pound bull, a steer, a cow and calf. Another calf is expected shortly. An extra strong pen is being constructed at the Reservation for the buffalo, because the bull is reported to be mean and very powerful. The pen is along the "Indian Chief" railroad track so that visitors can view them from the safety of the train. The Indian Reservation is

located in the East Texas Big Thicket between Livingston and Woodville on U. S. Highway 190. The fall will offer the most picturesque time to visit the Reservation as the many colors will be changing and showing the many shades of forest greens. Activities which will be in full swing each weekend are the Tribal Dances, Living Indian Village, Museum, Train Rides and Tours. The buffalo can be seen in some of the remaining virgin forest of Texas.

As reported in Oil Facts, published by the American Petroleum Institute, "The world's food production will have to be increased two and a half to three times in the next 30 years to feed a population expected to double in

that time. This warning came in a recent report from the President's National Advisory Commission on Food and Fiber. The increased production would be attainable, some experts believe, if other areas of the world could achieve a level of productivity approaching that of U. S. agriculture."

Additional Cent Sales Tax Now Being Collected

Texasans started paying an additional one cent on the dollar in sales taxes Wednesday. That's when the 1 per cent increase in the state sales tax voted by the legislature this summer takes effect.

The state sales tax rate will be 3 per cent, but most of the state's citizens will be paying 4 per cent because they live in the 304 cities that also have 1 per cent local sales taxes.

Also taking effect Wednesday will be an increase from the present 2 per cent to 3 per cent in the auto sales tax — just in time for consumers who have been captivated by Detroit's 1969 products. This adds about \$20 to the price of a \$3,000 car.

With the increase in effect, the state sales tax would start at a penny on purchases of 17 cents. In cities with local sales taxes, the breaking point would be 13 cents.

Vending machine sales of 16 cents or less would be exempt. In cities without a local sales tax, the rate will be 1 cent on sales of 17-49 cents, 2 cents on sales of 50-83 cents, and 3 cents on transactions of from 84 cents to \$1.16.

Where local taxes are in force, the rates will be 1 cent on

sales of 13-37 cents, 2 cents on purchases of 38 - 62 cents, 3 cents on sale of 63-87 cents and 4 cents on purchase of 88 cents—\$1.12.

The legislature did not change the exemptions from the tax, which are the same for both state and local levies.

Library Lines

Mrs. Ralph Caffey, Librarian

Library Hours: Monday, Tuesday, Wednesday, Thursday, 1-5 p.m., Saturday, 9 a.m.-1 p.m.

The end of the month gives us a chance to review what has been accomplished in the past month. Fine, and rental of the punch bowl and cups, brought in \$10.02, with \$1.12 paid out. A total of 94 books was added with 89 of these being Adult and Young Adult, the majority being fiction. Books discarded found one each from the Adult and Juvenile sections.

There were 10 new patrons registered, with 18 expired cards. The expired cards for October are: Steve Stallings, Fuel Earl Blocker, Linda Rolan, Travis Watkins, Roger Graves, Charlie Rene McClister, Linda Walker, Roy Kelly, Terry Kelly, Vickie Morrison, Glenna Sue Wolfe, Bennie Klein, Mrs. George Hamilton, Mrs. James Wheeler, Clifton Parker, and Leo Klein.

FARMERS

You and your families are invited to attend the first annual Martin County Farmers Union Convention OCTOBER 5, at 7:30 P. M. at the Cap Rock Electric Co-op auditorium in Stanton.

Business includes election of officers and directors; selection of delegates and adoption of resolutions to state convention, discussion of boll weevil threat, and possible steps to take to counteract this threat.

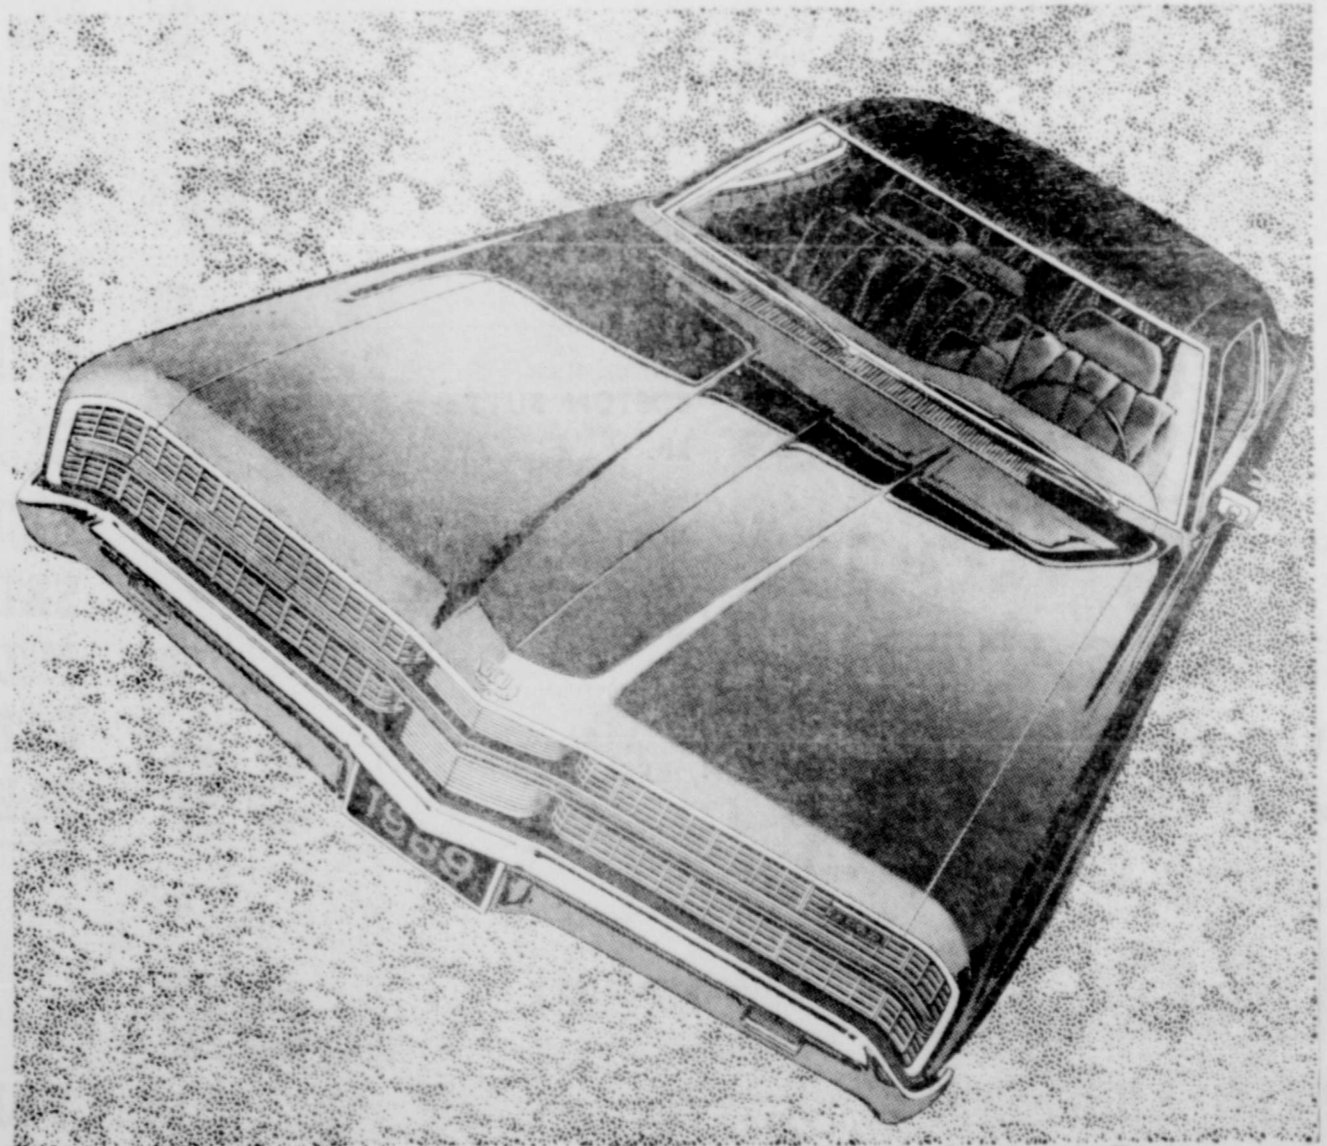

Wayne Bodkin of Waco, assistant to Farmers Union State President, will be the guest speaker.

REFRESHMENTS WILL BE SERVED.

Farmers Union is the only national farmers organization in Martin County that supports, not only on a county basis, but also on the state and national level, the 1965 farm act, Rural Electric Co-op's, and FHA.

Let's support a Farm Organization that supported Farmers all the way to Washington.

Former Stanton Man Named To Midland Post

John A. Wilkes

A native West Texan and a veteran of many years in construction has been named Superintendent of Inspections for the City of Midland.

He is John A. Wilkes, 48, who assumed his post as building official today. Wilkes comes to Midland from a similar post at Grand Prairie.

Prior to the tenure at Grand Prairie, Wilkes was a construction contractor and made his home at Stanton from 1937 until 1966. Mrs. Wilkes is the former Daisy Crow of Stanton.

The department headed by Wilkes issues permits for all construction in the city and maintains surveillance to insure compliance with zoning, building, plumbing and electrical codes as required by the city. The inspection department headed by Wilkes consists of two clerks, a plumbing inspector, an electrical inspector and a building inspector.

Concerning his new Midland post, Wilkes said, "It is a real pleasure to work with a strong, fair and sensible code such as the one Midland has. It is patterned after the Southern Standard Code which I feel is the best in the nation."

Wilkes is a third generation construction man; his father and grandfather both were builders.

Local Students Are Attending Various Colleges

Martin County students are attending various colleges in a wide area over the state, and a few out of state. They include: Margaret Uhlman, Lynda Ann White, David Avery, Tommy Glynn, and Mr. and Mrs. Terry Franklin, who are enrolled at Howard Payne. At John Tarleton, we find Rhonda Reid and Jane Hodges.

Mike Wood, Mike Barnett, and Roy Powell are attending Amarillo Junior College. Denver Allen Springer is at Hardin - Simmons, and Larry Adkins at West Texas State. Wayne Bradshaw is attending Baylor Hospital School of Nursing at Dallas. Also in Dallas is Smitty Smith, who is continuing studies at the Dallas School of Mortuary Science.

Mary Bradshaw chose East Texas State Teachers College. Beverly Clements is a student at Odesa Junior College. Howard County Junior College was chosen by Nealu Ferguson, Christine Woodrow, Steve Hall, Freddie Newman, and Mr. and Mrs. Jerry Thompson.

Gary Reid and Gene Hodges are at Texas A&M.

Choosing McMurry was Cindy Pickett and Kathy Biggs. Pat and Mike Springer returned to Baylor.

Bob Hamm and Frankie Joe Saunders are at Graceland College at Lamoni, Iowa.

As in the past, Texas Tech drew the largest number of students, including: Becky Long, Eunice Stephenson, Judy Kokel, Sherry Vest, Karen Therwanger, Kathy Therwanger, Mary Stuard, Cathy Hazlewood, Cathy Workman, Jerry Cox, Butch Robnett, Mike Hall, David Hicks, Clinton Miller, Carroll Anderson, Lynch Hightower, Tim Bristow, Roger Boyce, Karl Herzog, Kenneth Pribyla, Bill Wilson, and Bobby Atkins.

If there are students you know of not listed, please call the information in, and we will continue the list next week.

Living Costs Climb Again

Living costs rose three-tenths of 1 per cent last month, continuing 1968's sharpest price spiral in 17 years, the government reported today.

Big increases for food and housing caused most of the August rise which continued this year's jump in living costs at an annual rate of 4 per cent or more.

The latest jump boosted the Labor Department's Consumer Price Index to 121.9. This means it cost \$12.19 last month for every \$10 worth of goods and services in the 1957-59 period on which the index is based.

The Bureau of Labor Statistics reported at the same time that average weekly earnings of some 45 million rank and file workers hit a record peak of \$109.16, up 29 cents. But the rise in living costs more than wiped out the monthly wage gain.

Former White House Aide Raps LBJ 'Incompetence'

Historian and former White House aide Arthur M. Schlesinger, Jr. charged President Johnson's incompetence and Hubert H. Humphrey's outmoded politics have placed the Democratic party "in deep, very deep trouble."

But Schlesinger pleaded with dissident Democrats not to scuttle the party entirely and to help elect liberal Democrats to Congress and state offices even if they cannot vote for Humphrey for president.

Warns Of Jeopardy
In a speech at a dinner honoring Democratic State Rep Anthony Scarnano of suburban Park Forest, Schlesinger warned that disunion with the Humphrey candidacy jeopardized the chance for reelection of Sens. George McGovern of South Dakota, Gaylord Nelson of Wisconsin, Abe Ribicoff of Connecticut, Wayne Morse of Oregon, Mike Monroney of Oklahoma, and possibly J. William Fulbright of Arkansas.

It also could prevent the election of such "promising new candidates" for the Sen-

ate as Harold Hughes of Iowa, John Gilligan of Ohio, Leroy Collins of Florida, Alan Cranston of California, David Hoeh of New Hampshire, Tom Eagleton of Missouri, and William Clark of Illinois, he said.

Urges Voting
"However you decide to vote for president — whether you decide to vote for president — I urge you not to sit this campaign out," Schlesinger said.

"The Democratic party is in deep, very deep trouble," Schlesinger said. "Even if Mr. Richard Nixon should oblige by handing us the election, the Democrats will still be in difficulties."

The historian and former aide to the late President John F. Kennedy placed much of the blame on Johnson who he said had "badly confused his own party" by his foreign policy and "proved himself an incompetent and ineffective national politician."

Read the Ole Reliable for the latest hometown news!

Thunderbolt's "Lexus in All the World" model is enhanced for 1968 with design and engineering improvements and new options. Two-door Landau models (above) feature a more formal roof line with wide pillars replacing the rear quarter windows. Highlight of the 1969 options is the electrically-powered sun roof (below). Available on Landau models, the sun roof is opened and closed by the flick of a switch on the roof console.

Keeping pace with customer companies are expected to demands for natural gas is spend nearly \$1 billion in 1968 expensive business, says the to extend their systems and American Gas Association. Lo-replace older facilities.

Thousands Are Missing Classes

Thousands of pupils in schools across the country are missing instruction because of racially tinged disorders which have disrupted classes.

In Boston, young Negroes in the Roxbury slum section have been on a rampage of beatings, robberies and lootings that have reached into private homes.

DEATH
The disorders which have brought one death, injury to 36 persons including 14 policemen and scores of arrests, began after Negro high school students were refused permission Monday to wear African native dress to classes.

Thursday a husband and wife were beaten in their home, a man was robbed of

\$150 in daylight on the street, and firemen were made the targets of stones and bottles.

In Seattle, the city's troubled Washington Junior High School may re-open Monday with a security task force of parents and community workers.

The school had been the scene of three days of thefts, beatings and classroom terror when Supt. Fobres Bottomly ordered it closed for the week.

New York Mayor John V. Lindsay said today he expected the city's public schools to be open for 11 million days after a 10-day teachers' strike that has racial overtones.

The largely white teachers'

union is pitted against predominantly Negro and Puerto Rican forces seeking total community control of local schools including the power to hire and fire teachers.

But Albert Shanker, head of the union, said only that an opening was possible providing that outstanding issues in a peace settlement could be agreed on.

In New Jersey racial problems led to student boycotts at three high schools including Trenton High School where two-thirds of the students did not report to classes Thursday.

It was the fourth shutdown of the school in the last nine months. This time the trouble stemmed from a boycott by

several hundred white students protesting alleged assaults by Negro students.

Pittsburgh School Supt. Bernard J. McCormick says he won't back down to threats of a band of Negro students who, he said, barged into his office Thursday and demanded curriculum changes.

PROTESTS

In Elmira (N. Y.), the high school has been temporarily closed after four days of protests and counterprotests by Negro and white pupils. The school is predominantly white.

Kenneth S. Weaver, the principal, said classes would not meet until after a student assembly to discuss means of alleviating tensions over Negro student representation on class councils.

WTCC Committee Favors Five State Amendments

West Texas voters were urged this week to support five of the constitutional amendments which will be voted upon in November. The State Affairs committee of the West Texas Chamber of Commerce in session in Abilene unanimously supported five of the fourteen and took no position on the other nine amendments.

Foremost in the discussion

was the approval of the amendment which will permit governmental bodies (cities and counties) to issue industrial revenue bonds for the expansion and development of industry in Texas. This amendment is number 12 on the ballot.

Also given approval by the committee, were amendments which set the salary for legislators at \$8,400 per year, provide for the exemption from ad valorem taxes on air-water pollution equipment required by law, elimination of the State ad valorem tax after 1978 except for the 10 cents allocated for buildings for certain colleges and universities, and the exemption from State ad valorem taxes on goods stored in transit.

Ruben Senterfitt, San Saba attorney and former Speaker of the House of Representatives, is chairman of the State Affairs committee. He stated at the meeting that the approval of only five of the amendments should not be construed to mean that the committee was opposed to the others.

"Some of the other amendments are local in nature, some are to correct inequities in the existing constitution and some are of such a nature that the business people of West Texas should exercise their individual choices."

It was pointed out that Texas should be in the same competitive position as other states insofar as industrial revenue bonds are concerned al-

though current Internal Revenue Service rulings limit their use.

In supporting the increased salaries for legislators, the committee members agreed that a higher calibre of candidate would be attracted to legislative service and those who now serve would be more reasonably compensated for their services, which require an increasing amount of their time from their usual occupations.

A committeeman pointed out that the ad valorem taxes on equipment required by law for air and water pollution should not be levied because the expenditure is a requirement of law and does not necessarily increase the value of the property, plant, or product.

Senterfitt expressed the feeling that ad valorem taxes in general were in disfavor and probably would be gradually eliminated by the Legislature without the proposed amendment. The committee expressed a desire to see such state taxes eliminated as soon as possible.

The inequity of taxing goods in transit which do not belong to the warehouseman was clearly denounced by the committee. It also brought out that many warehousemen escape the present tax on such goods simply by not reporting their presence in the warehouse in Jan. 1, thus avoiding the tax unless the tax assessor has knowledge of the situation.

Two Stepouts Announced In Martin

Petroleum Exploration & Operating Corp. of Abilene has spotted locations for two stepouts to production in the Martin County segment of the Spraberry Trend Area.

Both are proposed to 9,400 feet which will permit testing both the Spraberry and the Dean-Wolfcamp horizons.

No. 1 Lewis - McCreless is 1,200 feet from south and 1,320 feet from west lines of section 15, block 37, T-1-S, T&P survey, 1/2 mile north of a well, 6 1/2 miles west of Stanton. It is also nine miles northeast of Midland.

No. 1 Jalonick - McAllister, a 1/2-mile north outpost, is 1,980 feet from north and west lines of section 21, block 37, T-1-S, T&P survey. It is seven miles west of Stanton and nine northeast of Midland.

Union Texas Petroleum, a division of Allied Chemical Corp. No. 1-35 Currie is to be a 9,600-foot Strawn wildcat in Glasscock, six miles southeast of Garden City, 2 1/2 miles southeast of the Garden City, Southeast (Strawn) pool which has one producer with an allowable of 21 barrels daily.

The drillsite is 1,980 feet from north and west lines of section 35, block 33, T-4-S, T&P survey.

Beta Sigma Phi Activities

Mu Lambda Chapter of Beta Sigma Phi met at the Martin County Library Sunday, September 29, at 3:00 p.m. to hold a Ritual of Jewels ceremony for the following new pledges: Mrs. Polly Atchison, Mrs. Nettie Byrd, Mrs. Jerry Belshiem, Mrs. Shirley Clay, Mrs. Faye Graves, Mrs. Maxine Kelly, Mrs. Peggy Sorley, and Mrs. Judy Thompson.

PERSONALS

Mr. and Mrs. Claude Nowlin visited in Lubbock over the week-end with Mr. and Mrs. J. W. Tippit and family.

Mrs. Vivian Tippit has returned to Stanton after visiting with her son and family in Odessa, Mr. and Mrs. Beryl Tippit.

Visitors in the home of Mr. and Mrs. Roy Martin, have been her niece and family, Mr. and Mrs. Mick Curl and Olen, from Bellaire, Texas.

Visiting in the Raymond Pribyla home over the week-end, were his parents, Mr. and Mrs. Raymond Pribyla of Bomarton, Texas, and their daughters, Carol Ann and Mary Ellen, who are attending Ranger Junior College, both of whom are members of the Range-Ann basketball team. Carol Ann serves as secretary on the student council, and Mary Ellen is the freshman representative on the council. Carol Ann was elected head cheerleader by the student body. The girls returned to Ranger Sunday.

Visiting with Mr. and Mrs. Ezelle McKaskle last week, was Mrs. McKaskle's sister and family, Mr. and Mrs. John Grub of Galveston. A barbecue was held in their honor, with other relatives and friends.

Mrs. Cecil Bridges Hostess To Garden Club

The Stanton Garden Club held their first meeting of the season in the home of Mrs. Cecil Bridges, who is also the 1968-69 president, Tuesday, September 24, at 9:30 a.m.

The year books were reviewed by Mrs. Arthur Wilson. The theme for the year is "Involvement."

Mrs. James Elland gave the program on "Individual Involvement."

Coffee and cake was served to Mrs. W. W. Clements, Mrs. L. M. Estes, Mrs. Harry Hallisp, Mrs. L. C. Hazewood, Mrs. James Jones, Mrs. Ray Kelly, Mrs. John Pinkston, Mrs. B. F. Smith, Mrs. Edmund Tom, Mrs. W. T. Wells, Mrs. S. W. Wheeler, Mrs. J. A. Wilson, Mrs. Arthur Wilson, Mrs. Ohmer Kelly, Mrs. Cecil Bridges, Mrs. Elland, and a guest, Mrs. Oma Womack.

Former Stanton Man Named To Midland Post

John A. Wilkes

A native West Texan and a veteran of many years in construction has been named Superintendent of Inspections for the City of Midland.

He is John A. Wilkes, 48, who assumed his post as building official today. Wilkes comes to Midland from a similar post at Grand Prairie.

Prior to the tenure at Grand Prairie, Wilkes was a construction contractor and made his home at Stanton from 1937 until 1966 Mrs. Wilkes is the former Daisy Crow of Stanton.

The department headed by Wilkes issues permits for all construction in the city and maintains surveillance to insure compliance with zoning, building, plumbing and electrical codes as required by the city. The inspection department headed by Wilkes consists of two clerks, a plumbing inspector and an electrical inspector.

Concerning his new Midland post, Wilkes said, "It is a real pleasure to work with a strong, fair and sensible code such as the one Midland has. It is patterned after the Southern Standard Code which I feel is the best in the nation."

Wilkes is a third generation construction man; his father and grandfather both were builders.

Local Students Are Attending Various Colleges

Martin County students are attending various colleges in a wide area over the state, and a few out of state. They include: Margaret Uhlman, Lynda Ann White, David Avery, Tommy Glynn, and Mr. and Mrs. Terry Franklin, who are enrolled at Howard Payne. At John Tarleton, we find Rhonda Reid and Jane Hodges.

Mike Wood, Mike Barnett, and Roy Powell are attending Amarillo Junior College. Denver Allen Spruier is at Hardin - Simmons, and Larry Adkins at West Texas State. Wayne Bradshaw is attending Baylor Hospital School of Nursing at Dallas. Also in Dallas is Smitty Smith, who is continuing studies at the Dallas School of Mortuary Science.

Mary Bradshaw chose East Texas State Teachers College. Beverly Clements is a student at Odessa Junior College. Howard County Junior College was chosen by Nealu Ferguson, Christine Woodrow, Steve Hall, Freddie Newman, and Mr. and Mrs. Jerry Thompson.

Gary Reid and Gene Hodges are at Texas A&M.

Choosing McMurry was Cindy Pickett and Kathy Biggs.

Pat and Mike Springer returned to Baylor.

Bob Hamm and Frankie Joe Saunders are at Graceland College at Lamoni, Iowa.

As in the past, Texas Tech drew the largest number of students, including: Becky Long, Eunice Stephenson, Judy Kokei, Sherry Vest, Karen Therwanger, Kathy Therwanger, Mary Stuard, Cathy Hazlewood, Cathy Workman, Jerry Cox, Butch Robnett, Mike Hall, David Hicks, Clinton Miller, Carroll Anderson, Lynch Hightower, Tim Bristow, Roger Boyce, Karl Herzog, Kenneth Pribyla, Bill Wilson, and Bobby Atkins.

If there are students you know of not listed, please call the information in, and we will continue the list next week.

I certify that the statements made by me above are correct and complete.

Neal Estes, Editor.

Living Costs Climb Again

Living costs rose three-tenths of 1 per cent last month, continuing 1968's sharpest price spiral in 17 years, the government reported today.

Big increases for food and housing caused most of the August rise which continued this year's jump in living costs at an annual rate of 4 per cent or more.

The latest jump boosted the Labor Department's Consumer Price Index to 121.9. This means it cost \$12.19 last month for every \$10 worth of goods and services in the 1957-59 period on which the index is based.

The Bureau of Labor Statistics reported at the same time that average weekly earnings of some 45 million rank and file workers hit a record peak of \$109.16, up 29 cents. But the rise in living costs more than wiped out the monthly wage gain.

Former White House Aide Raps LBJ 'Incompetence'

Historian and former White House aide Arthur M. Schlesinger, Jr. charged President Johnson's incompetence and Hubert H. Humphrey's outmoded politics have placed the Democratic party "in deep, very deep trouble."

But Schlesinger pleaded with dissident Democrats not to scuttle the party entirely and to help elect liberal Democrats to Congress and state offices even if they cannot vote for Humphrey for president.

Warns Of Jeopardy

In a speech at a dinner honoring Democratic State Rep. Anthony Scarnano of suburban Park Forest, Schlesinger warned that disunion with the Humphrey candidacy jeopardized the chance for reelection of Sens. George McGovern of South Dakota, Gaylord Nelson of Wisconsin, Abe Ribicoff of Connecticut, Wayne Morse of Oregon, Mike Monroney of Oklahoma, and possibly J. William Fulbright of Arkansas.

It also could prevent the election of such "promising new candidates" for the Sen-

ate as Harold Hughes of Iowa, John Gilligan of Ohio, Leroy Collins of Florida, Alan Cranston of California, David Hoeh of New Hampshire, Tom Eagleton of Missouri, and William Clark of Illinois, he said.

Urges Voting

"However you decide to vote for president — whether you decide to vote for president — I urge you not to sit this campaign out," Schlesinger said.

"The Democratic party is in deep, very deep trouble," Schlesinger said. "Even if Mr. Richard Nixon should oblige by handing us the election, the Democrats will still be in difficulties."

The historian and former aide to the late President John F. Kennedy placed much of the blame on Johnson who he said had "badly confused his own party" by his foreign policy and "proved himself an incompetent and ineffective national politician."

Thunderbolt's "Unique in All the World" sunroof is enhanced for 1969 with design and engineering improvements and new options. Two-door Landau models (above) feature a more formal roof line with wide pillars replacing the rear quarter windows. Highlight of the 1969 options is the electrically-powered sun roof (below). Available on Landau models, the sun roof is opened and closed by the flick of a switch on the roof console.

Keeping pace with customer cal companies are expected to demands for natural gas is spend nearly \$1 billion in 1968 expensive business, says the to extend their systems and American Gas Association. Lo- replace older facilities.

Thousands Are Missing Classes

Thousands of pupils in schools across the country are missing instruction because of racially tinged disorders which have disrupted classes.

In Boston, young Negroes in the Roxbury slum section have been on a rampage of beatings, robberies and looting that have reached into private homes.

DEATH

The disorders which have brought one death, injury to 36 persons including 14 policemen and scores of arrests, began after Negro high school students were refused permission Monday to wear African native dress to classes.

Thursday a husband and wife were beaten in their home, a man was robbed of

\$150 in daylight on the street, and firemen were made the targets of stones and bottles. In Seattle, the city's troubled Washington Junior High School may re-open Monday with a security task force of parents and community workers.

The school had been the scene of three days of thefts, beatings and classroom terror when Supt. Fobres Bottomly ordered it closed for the week.

New York Mayor John V. Lindsay said today he expected the city's public schools to be open for 11 million pupils after a 10-day teacher strike that has racial overtones.

The largely white teachers'

union is pitted against predominantly Negro and Puerto Rican forces seeking total community control of local schools including the power to hire and fire teachers.

But Albert Shanker, head of the union, said only that an opening was possible providing that outstanding issues in a peace settlement could be agreed on.

In New Jersey racial problems led to student boycotts at three high school including Trenton High School where two-third of the students did not report to classes Thursday.

It was the fourth shutdown of the school in the last nine months. This time the trouble stemmed from a boycott by

several hundred white students protesting alleged assaults by Negro students.

Pittsburgh School Supt. Bernard J. McCormick says he won't back down to threats of a band of Negro students who, he said, barged into his office Thursday and demanded curriculum changes.

PROTESTS

In Elmira (N. Y.), the high school has been temporarily closed after four days of protests and counterprotests by Negro and white pupils. The school is predominantly white.

Kenneth S. Weaver, the principal, said classes would not meet until after a student assembly to discuss means of alleviating tensions over Negro student representation on class councils.

WTCC Committee Favors Five State Amendments

West Texas voters were urged this week to support five of the constitutional amendments which will be voted upon in November. The State Affairs committee of the West Texas Chamber of Commerce in session in Abilene unanimously supported five of the fourteen and took no position on the other nine amendments.

Foremost in the discussion

was the approval of the amendment which will permit governmental bodies (cities and counties) to issue industrial revenue bonds for the expansion and development of industry in Texas. This amendment is number 12 on the ballot.

Also given approval by the committee, were amendments which set the salary for legislators at \$8,400 per year, provide for the exemption from ad valorem taxes on air-water pollution equipment required by law, elimination of the State ad valorem tax after 1978 except for the 10 cents allocated for buildings for certain colleges and universities, and the exemption from State ad valorem taxes on goods stored in transit.

Ruben Senterfitt, San Saba attorney and former Speaker of the House of Representatives, is chairman of the State Affairs committee. He stated at the meeting that the approval of only five of the amendments should not be construed to mean that the committee was opposed to the others.

"Some of the other amendments are local in nature, some are to correct inequities in the existing constitution and some are of such a nature that the business people of West Texas should exercise their individual choices."

It was pointed out that Texas should be in the same competitive position as other states insofar as industrial revenue bonds are concerned al-

though current Internal Revenue Service rulings limit their use.

In supporting the increased salaries for legislators, the committee members agreed that a higher calibre of candidate would be attracted to legislative service and those who now serve would be more reasonably compensated for their services, which require an increasing amount of their time from their usual occupations.

A committeeman pointed out that the ad valorem taxes on equipment required by law for air and water pollution should not be levied because the expenditure is a requirement of law and does not necessarily increase the value of the property, plant, or product.

Senterfitt expressed the feeling the ad valorem taxes in general were in disfavor and probably would be gradually eliminated by the Legislature without the proposed amendment. The committee expressed a desire to see such state taxes eliminated as soon as possible.

The inequity of taxing goods in transit which do not belong to the warehouseman was clearly denounced by the committee. It also brought out that many warehousemen escape the present tax on such goods simply by not reporting their presence in the warehouse in Jan. 1, thus avoiding the tax unless the tax assessor has knowledge of the situation.

Two Stepouts Announced In Martin

Petroleum Exploration & Operating Corp. of Abilene has spotted locations for two stepouts to production in the Martin County segment of the Spraberry Trend Area.

Both are proposed to 9,400 feet which will permit testing both the Spraberry and the Dean-Wolfcamp horizons.

No. 1 Lewis - McCreless is 1,200 feet from south and 1,320 feet from west lines of section 15, block 37, T-1-S, T&P survey, 1/2 mile north of a well, 6 1/2 miles west of Stanton. It is also nine miles northeast of Midland.

No. 1 Jalonick - McAllister, a 1/2-mile north outpost, is 1,980 feet from north and west lines of section 21, block 37, T-1-S, T&P survey. It is seven miles west of Stanton and nine northeast of Midland.

Union Texas Petroleum, a division of Allied Chemical Corp. No. 1-35 Currie is to be a 9,600-foot Strawn wildcat in Glasscock, six miles southeast of Garden City, 2 1/2 miles southeast of the Garden City, Southeast (Strawn) pool which has one producer with an allowable of 21 barrels daily.

The drillsite is 1,980 feet from north and west lines of section 35, block 33, T-4-S, T&P survey.

Beta Sigma Phi Activities

Mu Lambda Chapter of Beta Sigma Phi met at the Martin County Library Sunday, September 29, at 3:00 p.m. to hold a Ritual of Jewels ceremony for the following new pledges: Mrs. Polly Atchison, Mrs. Nettie Byrd, Mrs. Jerry Belshiem, Mrs. Shirley Clay, Mrs. Faye Graves, Mrs. Maxine Kelly, Mrs. Peggy Sorley, and Mrs. Judy Thompson.

PERSONALS

Mr. and Mrs. Claude Nowlin visited in Lubbock over the week-end with Mr. and Mrs. J. W. Tippit and family.

Mrs. Vivian Tippit has returned to Stanton after visiting with her son and family in Odessa, Mr. and Mrs. Beryl Tippit.

Visitors in the home of Mr. and Mrs. Roy Martin, have been her niece and family, Mr. and Mrs. Mick Curl and Olen, from Bellaire, Texas.

Visiting in the Raymond Pribyla home over the week-end, were his parents, Mr. and Mrs. Raymond Pribyla of Bomarton, Texas, and their daughters, Carol Ann and Mary Ellen, who are attending Ranger Junior College, both of whom are members of the Range-Ann basketball team. Carol Ann serves as secretary on the student council, and Mary Ellen is the freshman representative on the council. Carol Ann was elected head cheerleader by the student body. The girls returned to Ranger Sunday.

Visiting with Mr. and Mrs. Ezelle McKaskle last week, was Mrs. McKaskle's sister and family, Mr. and Mrs. John Grub of Galveston. A barbeque was held in their honor, with other relatives and friends.

Mrs. Cecil Bridges Hostess To Garden Club

The Stanton Garden Club held their first meeting of the season in the home of Mrs. Cecil Bridges, who is also the 1968-69 president, Tuesday, September 24, at 9:30 a.m. The year books were reviewed by Mrs. Arthur Wilson. The theme for the year is "Involvement."

Mrs. James Elland gave the program on "Individual Involvement."

Coffee and cake was served to Mrs. W. W. Clements, Mrs. L. M. Estes, Mrs. Harry Hallisp, Mrs. L. C. Hazewood, Mrs. James Jones, Mrs. Ray Kelly, Mrs. John Pinkston, Mrs. B. F. Smith, Mrs. Edmund Tom, Mrs. W. T. Wells, Mrs. S. W. Wheeler, Mrs. J. A. Wilson, Mrs. Arthur Wilson, Mrs. Ohmer Kelly, Mrs. Cecil Bridges, Mrs. Elland, and guest, Mrs. Oma Womack.

Women Safety Leaders Told Apathy Can Kill

Apathy can kill on the highways as well as recklessness, Mrs. B. F. Seay, Andrews, vice president for Women's Activities, Texas Safety Association, told delegates attending a recent Texas Women's Safety Conference in Dallas.

"There are more ways than one to take life on the highways. It can be called 'killed in committee' when a needed traffic safety bill dies in the legislature from lack of public support," she said.

Mrs. Seay was one of several speakers who talked to the delegates — top officials of Texas women's organizations — attending the statewide gathering. The women leaders will work with the Texas Safety Association in promoting all phases of safety throughout the state. They represent organizations whose total membership in Texas is estimated at some 450,000.

Rockwall, urged the women to let their legislators know if they favor a bill or not. "Come down to Austin and ride herd on your legislator. Talk of him, write and have a signed petition to back up your position," he said.

Terrell Blodgett, Austin, Governor's Highway Safety Representative, and Highway Safety Administrator, pointed out that 3,367 persons were killed in traffic accidents in Texas last year and that an additional 205,308 were injured. The economic loss resulting from traffic accidents last year was some \$793 million.

"The job rests on us, the drivers, to reduce these figures," he said. Also speaking to the group were C. G. Conner and Newman Jackson, both Inspectors for the Inspection and Planning Division of the Texas Department of Public Safety, State Senator Ralph Hall of Austin.

WATERVILLE, MINN., ADVANCE "This guaranteed annual wage looks to me like just another in a series of steps aimed at demoralizing the American working man — or is it another step toward a Welfare State — which isn't far from being a Socialistic Nation. After Socialism comes . . . Would you believe Communism?"

CUTTING BIG HOLE—The bit used to drill 440 feet of 140-inch surface hole on a 5,125-foot shaft being sunk in the Nevada desert by Loffland Brothers Co. for the Atomic Energy Commission, is checked by Layton Duer, floorman on the world's largest rotary rig. The bit and 320,000-pound drill collar are supported on a special super-gauge railroad flat car. The hole is to be drilled from 400 feet to the total depth as a 120-inch diameter operation.

Largest Rotary Being Used On 10-Foot Diameter Hole

Loffland Brothers Co. is now making hole with the largest inch diameter drilling line. This provides a static hook load capacity of 1,125,000 pounds with 12 lines to the traveling block.

The Lee C. Moore mast is 142 feet tall, 38 feet square at the base and capable of racking all the same time:

- 6,100 feet of 13 1/2-inch drill pipe.
- 6,100 feet of 7-inch casing.
- 6,100 feet of 5-inch drill pipe.
- One 65-foot-long, 320,000-pound drill collar with 60-inch outside diameter and 120-inch diameter stabilizer and reamer.

In terms of cubic footage of formation removed, the project compare to one million feet of 8 3/4-inch hole.

Loffland has put to work its new Rig 32 on the project. Reportedly the largest rig ever put in service, the mast has a two million-pound gross nominal capacity. The rig and its accessory equipment has a rating of approximately 8,000 horsepower.

Twelve Lines
The crown block is rated for 650 tons and is grooved for 12 lines.

er. The 140-inch diameter surface hole was drilled to 400 feet. Surface casing with an inside diameter of 122 inches was then set and cemented. From this point to 5,125 feet, Loffland will drill a 120-inch diameter hole, then run 54-inch inside diameter casing with a 110-inch inside diameter by 30-foot-long chamber on bottom. The annulus from the top of the chamber to the surface will be cemented.

Other Equipment
Rig 32 has a new 3,000-horsepower drawworks with two Baylor 7838 dynamite electric auxiliary brakes powered by two Fairbanks - Morse diesel engines. The rig has two 37 1/2-inch rotary tables.

The shaft is being drilled with air-assisted reverse circulation. The air system has these components:

- Four Gardner-Denver WEN air compressors with 3-stage TCDL11 Cyclo blowers powered by four Caterpillar D-398 diesel engines.
- Three Joy W. B. 102.2, 2-stage 14 1/2-inch by 7-inch air compressors powered by three GMC12V71 diesel engines.
- One Gardner - Denver RLE booster powered by a GMC 12-V71 diesel.

For future use on potentially bigger or deeper shafts, the mast is designed to accept a crown block with a 900-ton capacity which would provide a static hook load capacity of 1,500,000 pounds with 14 lines to the traveling block.

PERSONALS

Mrs. Fji Brandt and Mr. and Mrs. Howard McReynolds visited last week-end in Lockney, guests of Rev. William McReynolds and his family.

Mr. and Mrs. Ray Simpson, Jr. and children from Hereford, visited their parents, Mr. and Mrs. Ray Simpson, Sr., and Mr. and Mrs. D. E. Ory, last week-end.

Mr. and Mrs. Bill Blocker from Hobbs, New Mexico, visited relatives here last week.

Mr. and Mrs. L. F. Clark have returned from a visit in Oregon and Arizona. Their daughter, Mrs. Lawson Stateham, from Yarnell, Arizona, brought her parents home and will visit here a few days.

Mr. and Mrs. Smitty Smith from Dallas, visited their parents, Mr. and Mrs. Floyd Smith, and Mr. and Mrs. Glen Gates last week-end.

Attending the Saturday night football game in Lubbock were: Mr. and Mrs. P. M. Bristow, Mrs. Elma Nichols, and son, Randy, Mr. and Mrs. Elmer Long, Mr. and Mrs. Clyde Miller, Mr. and Mrs. Ed Hall, Mr. and Mrs. R. C. Vest, Mr. and Mrs. Jimmie Stallings, and others.

Guest of Mrs. Flora Morris last week-end was her daughter, Mrs. W. E. Neill, from Tornillo.

Mrs. W. H. Munn of Andrews, visited relatives here last week.

Mr. and Mrs. Leo Turner visited in Dallas, Fort Worth, and Denton the past week.

Mr. and Mrs. John Blocker of Jal, New Mexico, visited relatives here last week.

Baptist Church Activities

The Intermediate GAs of the First Baptist Church, had an "after - the - game" slumber party at the home of their leader, Mrs. Philip Stovall, on Friday night, September 27.

Each girl brought her favorite snack and record albums, prepared to spend a sleepless night.

Those attending were: Carol Smith, Betty Anderson, Zanna Angel, Rosalyn Louder, and two guests, Annette and Nanette Stovall, daughters of the leader.

Breakfast was served before the group returned home.

Re-Assembly Coffee Was Held By Stanton Club

The Federation Re-assembly Coffee of the Stanton Music Club TFMC, was held Sept. 28, in the home of Mrs. Paige Elland, with Mrs. Jimmy Wheeler, as co-hostess.

The president, Mrs. Elland, presided, and presented Gordon Elland, who played a piano solo, "Born Free."

Mrs. Roy Koonce distributed announcements of the 1968-69 Midland-Odessa Symphony Chorale. Mrs. Glenn Brown gave a report of the State Board Meeting held in Killen, and introduced Mrs. J. H. Bowman of Odessa, Twelfth District President, who spoke on the subject of "Federation." The Texas Music Club was federated the club year of 1915-16, under the leadership of Mrs. John F. Lyons, and received its charter in 1918 at Houston. Mrs. Bowman also announced that the Twelfth District Convention will be held in Big Lake, October 26.

Refreshments were served to: Mrs. J. H. Bowman, Mrs. C. F. Huling, Mrs. R. O. Anderson, Mrs. Glenn Brown, Mrs. George Dawson, Mrs. G. A. Elland, Mrs. John Caffey, Mrs. Claude Houston, Mrs. James Jones, Mrs. Roy Koonce, Mrs. Carl Leonard, Mrs. Edmund Tom, Mrs. Arthur Wilson, and the hostess, Mrs. Elland, and Mrs. Wheeler.

Next meeting will be October 15, at 7:30 p.m. at the Cap Rock auditorium. James Gammeter, concert master of the Midland - Odessa Symphony Orchestra, will direct the Midland String Symphony program.

Dallas News Endorses Dick Nixon

The Dallas Morning News, one of the Southland's greatest newspapers has endorsed the Nixon - Agnew ticket for the presidency.

In the past Sunday edition the publishers declared their support of Richard Nixon and offered the following statement for doing so:

"Evidence is compelling that the people want, and the nation needs, a drastic change from a course which has led to political, social and economic instability."

The Dallas News enjoys a wide circulation in Texas and throughout the nation. The voice of the newspaper is considered one of authority throughout Dixie.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw,

Cattle grazing belly-deep in waving grass, frequent water holes marked by an occasional tall tree, acres and acres of lush grassland dotted with fattening livestock—does that sound like West Texas?

The first picture is what everyone wants, but seems like a day dream to most West Texans. Look back a few decades (there are a few old timers around who remember) and that is the exact picture presented to early West Texas pioneers. West Texas was once a land of seemingly endless grass.

What has happened? First and foremost, Man With him came livestock, then overgrazing and other misuses of the land. Finally with continuous misuses of the land, came the brush infestation. Brush that robs every Texan of precious water that could be used to grow grass, irrigate cropland or provide a city with cheap clean water. West Texas landscape is being transformed into a scraggly unprofitable, meagre cluttered wasteland.

But the past, in this instance, can be repeated. Evidence exists to indicate that with proper application of management and cultural methods, West Texas can be reclaimed. With this accomplished, the 60 per cent to worthwhile brush can be reclaimed for

beneficial uses. Land supporting a few livestock now, will support many times that amount. Aquifers will have a source of recharge, and irrigation wells and municipal water supply will have an adequate supply of water. The economy of an entire area will be improved immeasurably.

Three Negroes Held In Death Tahoka Woman

Three Negroes have been arrested in connection with a killing in Tahoka.

Officers held the black men in the Lubbock County jail Wednesday. The trio was apprehended after the death of Mrs. Naomi Wall, 85, was announced.

The men were charged with murder and burglary. Sheriff Carl Spears of Lynn County said the three were arrested in Brownfield.

Sheriff Spears said someone broke into the home of the 85-year-old woman Friday and robbed her of "about \$8 or \$10 dollars and a couple of flashlights."

Trade with the merchants in Stanton and keep your money in Martin County.

JOB OPPORTUNITIES

Neighborhood Center Director—

Prime qualification — ability to work with people, some record keeping involved, background in teaching desirable, but not required.

Clerk-Typist

Capable file clerk, good typing skill, shorthand desirable, but not required.

Spanish speaking ability would be helpful in either position.

Putting-you-firsts:

(A quick tour of some of the thoughtful new features the 1969 Chevrolets offer that other cars in Chevrolet's field don't.)

Headlight washers

You push the windshield washer knob and hold it, and your headlights come clean.

Fluid is diverted to two jet nozzles at each light lens. (Outer lights only on duals.)

The spray removes up to 80% of accumulated dirt.

The feature is standard on 1969 Corvettes. It comes with the hidden headlights available on Camaro, Caprice and Kingswood Estate Wagons. It is available on all other models except Corvair.

Heated glass

In a moment your rear window will self-defrost.

Because we've built onto it a network of tiny ceramic strips capable of heating the entire surface.

Fog and frost disappear quickly and quietly. You just flick a switch.

The heated rear window is available on the 1969 Caprice Coupe and Impala Custom Coupe.

Pushbutton tire chains

You press a button on the instrument panel and the rear tires get a shot of "liquid tire chain."

You spin your wheels once, wait a moment, and you're off—with traction you wouldn't believe possible on slick ice, or packed snow.

Available on all 1969 big Chevrolets.

Steering wheel lock

When you own a car as desirable as the 1969 Chevrolet, you don't take chances.

When you leave it, you lock it. Not just the doors.

You lock the ignition, steering wheel and transmission lever, too.

Our new lock on the steering column takes care of all that.

Standard on all 1969 Chevrolets, Chevelles, Chevy Novas, Camaros and Corvettes.

Sorry, car thieves.

Power steering plus

The 1969 Caprice, Impala and Camaro are available with a new type of power steering.

Variable-ratio power steering. What it does is give you faster steering with fewer turns of the wheel.

Variable-ratio power steering is particularly helpful in short, full turns.

And parking becomes unbelievably easy. You'll see.

Walk-in wagons

The tailgate swings open like a door on most of our 1969 station wagons.

Which in itself is no big deal. But wait, there's more.

We've built a concealed step into the rear bumper.

You simply step up, over, and in.

(The way we build our wagons, you can do it without bumping your head, and without acrobatics.)

Walk into a wagon soon at your Chevrolet dealer's.

Putting you first, keeps us first.

The Launching Pad

By NEAL ESTES

FLIGHT AIRLIES BY PREVENTING THEM

Almost everywhere you look in the federal bureaucratic structure you can find instances of irrational spending. Mismanagement often is to blame. "Washington Report," official publication of the Chamber of Commerce of the United States, calls attention to a case of mismanagement which was brought to light in a report of the General Accounting Office on managerial shortcomings with regard to equipment at the Boulder (Colo.) Laboratories of the U. S. Department of Commerce. The laboratories are used by the National Bureau of Standards and the Environmental Science Services Administration. The laboratory equipment there originally cost \$33.8 million. GAO, in a study, identified 226 pieces of equipment as excess or unused. Most had not been used for three years or longer. Some had not been used of 10 years. All should have been disposed of for economy's sake. What's worse, GAO points out, certain pieces of equipment were purchased at a time when excess equipment of the same type was already on hand. It's incompetence like this that helps get us \$25 billion deeper in debt—the amount of the 1968 federal deficit—and unnecessarily builds up a \$186 billion federal budget for fiscal 1969. "Washington Report" comments that private business would not—could not—tolerate such mismanagement. It says it's doubtful if those responsible in this case got as much as a slap on the wrist for their misdeeds, and adds: "The guy who gets slapped is the taxpayers, who's already badly bruised from the buffeting he's getting from bureaucratic extravagances."

Let We Forget! Here's the starting lineup on the JOHNSON-HUMPHREY first team four years ago when the Great Society game was launched as a national attraction. WALTER JENKINS, right half — resigned under pressure and disgrace after being arrested in a rest room in Washington, D. C. under circumstances unbecoming of a chief executive's right hand pal for 20 years or more. DOCTOR JOHNSON said JENKINS was sick. Left halfback on the starting team was BOBBY

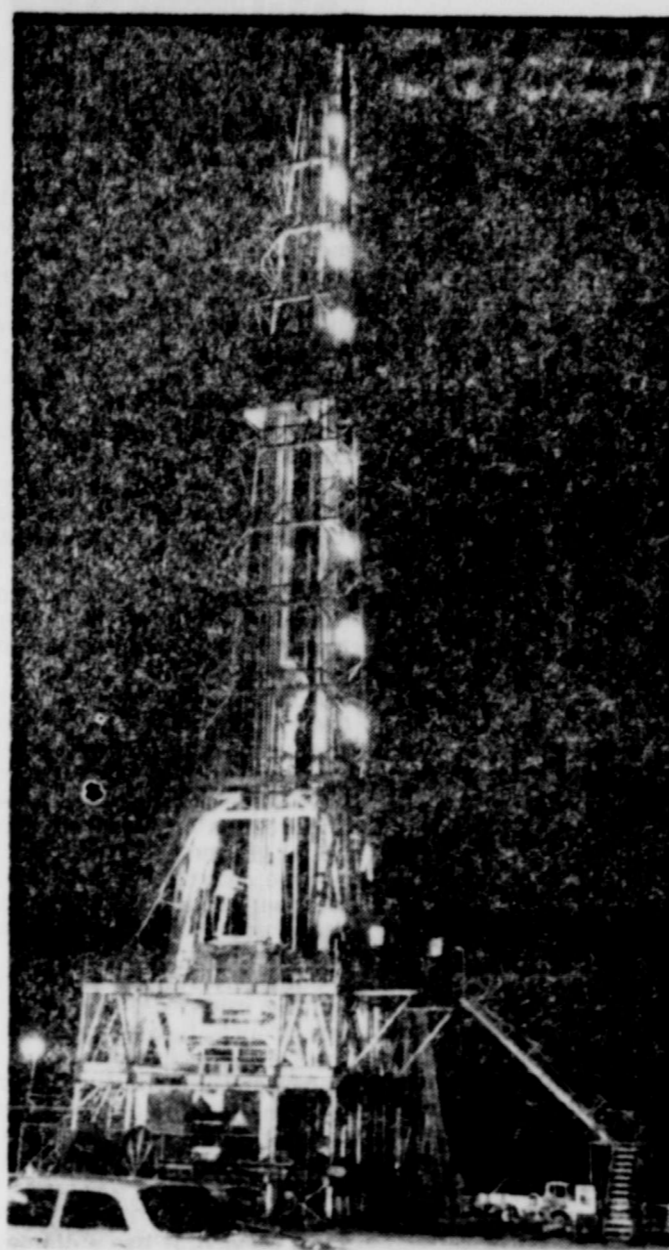

BAKER, fixer, punk, once referred to by COACH JOHNSON as "the last man I see before going to bed at night and the first man I see in the mornings." BOBBY made a million before a minnow could swim a dipper. Fullback on the team was a guy who wasn't good enough to make a staff place on an East Texas newspaper — one BILL MOYERS of Marshall, raised 14 miles from where LADY BIRD was born CLAUDIA ALTA TAYLOR, there in the bottomlands of the Sabine River and Caddo Lake country. He was a lay preacher too, they said. And he fell down on a ballroom dance floor in the White House doing the Watusi. His resignation was accepted by COACH JOHNSON shortly after the incident. In the quarterback's position was one ABIE FORTAS—LYNDON'S personal lawyer, go-between—still on the team but now performing as a ghost player—a background Man. COACH JOHNSON put him on the Supreme Court and is currently trying to cram him down the country's throat as Supreme Court Chief Justice. At the center position on the first team was a guy called GOLDBERG He was a former union labor lawyer. Then COACH JOHNSON moved him from the Supreme Court to the United Nations and then jerked his jersey. The late ADLAI STEVENSON started on the first team in the left guard position. He died suddenly in London after consuming some food some skeptics think to this day might have been doctored. STEVENSON had implied a few days earlier that he was leaving the team. PIERRE SALINGER, and LAWRENCE O'BRIEN, holdovers from the previous team, started at right guard and left tackle on the Great Society club. Both got out. They couldn't stand babecued ribs and beer. Starting at right tackle was GEORGE BALL, one of the trickiest men in the game. "Floating" GEORGE they called him. He was a prize player and only recently gave up to help HUMPHREY BALL was known for his dirty language and uncanny smear descriptions of the opposing players. At left end COACH JOHNSON had the help of THURGOOD MARSHALL and on the other wing he started with MARTIN LUTHER KING. KING rebelled and was removed from the squad. He met an untimely demise down in Tennessee a few days after he announced a march on Washington. MARSHALL, former counsel for the NAACP is now the only black man on the Supreme Court. COACH JOHNSON was blessed with a full bench of substitutes — mostly cronies and pals from Texas. They are now operating on the second team. CAPTAIN JOHN CONNALLY turned in his uniform in a moment of disappointment. He was long-time signal barker. CONGRESSMAN JIM WRIGHT of Fort Worth was called in but he has temporarily checked in his uniform to help ASSISTANT COACH HUBERT HUMPHREY who wants to move up to the place COACH JOHNSON will be vacating in January.

FHA Club News

The Future Homemakers of America began their annual magazine sale Tuesday. Each year the group sells subscriptions to many well-known magazines as their main money-making project. A representative from the Curtis Publishing Company, was on hand to give the girls some tips on salesmanship.

According to the National Association of Manufacturers, "Reaction to staggering budget deficits and accelerating inflation has clearly indicated that people are beginning to question and resist uncontrolled growth of the public sector. It's time for the people to be isolated from suburban and in government."

Read The Stanton Reporter for the latest news from your home county!

WIDELY WATCHED — One of the most interesting deep wildcats now being drilled in the Permian Basin is Adobe Oil Co. of Midland No. 1 Barstow Unit, 1½ miles southeast of Barstow in Southwest Ward County. Projected to a possible 22,000 feet as an Ellenburger prospector, it is five miles north of the Worsham-Bayer (Atoka and Ellenburger area in Reeves County and eight miles west of the Lockridge (Wolfcamp and Ellenburger field in Ward. It is being drilled by A. W. Thompson Inc. of Midland with that firm's Rig No. 10, shown above, one of the largest and most modern in the entire industry. The important prospector was spudded July 10 and at last report had reached 13,212 feet in lime shale and sand and was making more hole.

Oklahoma Man Heads Nixon Ag Committee

The following statement was issued Monday by U. S. Rep. Page Belcher (R-Okla.), chairman of the new Nixon-Agnew Advisory Committee on Agriculture, at a press conference in the Capitol: "The Nixon-Agnew Advisory Committee on Agriculture faces a challenge which will be exceptionally important and exciting for we are concerned not so much with the strategies of this campaign as we are concerned with the policies of the new administration which Richard Nixon will be heading in January.

"All members of this committee are impressed with the concern and knowledge which Dick Nixon has demonstrated for the problems facing rural America and its economy. "In Des Moines this month Nixon outlined an exciting new program for attacking the basic economic and social problems which the Johnson-Humphrey Administration ignored in its reckless policy of attempting to solve all problems through increased spending.

"One important element runs through all of Nixon's planning — that the problems facing rural America cannot be isolated from suburban and urban America. If rural America is sick, the malaise inevitably affects the great industrial areas of this country.

"In Des Moines Mr. Nixon outlined an impressive program. We share his commitment to expanding agricultural markets, extending from credit, bringing industry and job training to rural areas and protecting insecure farmers without perpetuating dependence.

"We applaud his efforts to focus the nation's attention on the poverty of rural areas. Above all, we are proud to serve a man who says frankly there are no easy answers and who refuses to promise that which cannot be delivered.

"But if the answers are difficult, that is all the more reason to pursue them with all the energy at our command. It is to that task that this Advisory Committee on Agriculture will be dedicated."

"The 'poor people's march' on Washington cost the U. S. and the District of Columbia governments \$1.7 million, according to Senator Robert C. Byrd, of West Virginia," notes U. S. News & World Report. "According to . . . Byrd's report, the D. C. government bore \$805,682 of the costs . . ."

Beta Sigma Phi Activities

Mrs. Glenn L. Brown was hostess to a recent meeting in her home of the Preceptor Mu Chapter of Beta Sigma Phi. Mrs. Jul Reid, president, conducted the business session and presented the schedule of coming events for the Beta Sigma Phi City Council.

Mrs. Leo Turner, program chairman, presented Mrs. Brown, who spoke on "Child Psychology and Problems of Adolescence."

You say you'd like a few suggestions on how to get more out of your telephone service?

Here are five tips to help make your every "hello" a real good buy:

- Whenever you're moving to another town within the Bell System, let us arrange for your phone service before you move. If you know the address of your new home, we can make arrangements in advance so you'll have the exact service you want in your new home. We'll also refer calls from your old phone to your new number if you like. Just call the business office and ask about our Easy Move Plan. There's no extra charge.
- Speaking of moving, we hope you realize that wherever you move in the Bell System, there is no color charge for the phones at your new address if you had color phones at your old address.
- Ever wonder what to do when you get a wrong number on a Long Distance call? Just hang up, dial "0" for "Operator," and tell her what happened. She'll see that you're not charged for the call.

- And if you ever lose your dime in an out-of-order pay telephone, just go to a working phone and report it to the Operator. She'll arrange to have your dime mailed to you. Also, if you give her the number of the out-of-order phone, we'll get it fixed right away.
 - Long Distance interstate rates are lower all day Saturday and Sunday, and after 7 p.m. each weekday. You can also save money if you call by number. A station-to-station Long Distance call costs about one-third less than a person-to-person call.
- At Southwestern Bell, our goal is to help you get the very best telephone service. We want your every "hello" to be a real good buy.

would you believe 26%

Would you believe that the average price per kilowatt-hour of electric energy to our residential customers is 26% less than it was ten years ago?

No? Well, lots of people have questions when we say this because they are paying bigger electric bills and don't fully realize just how much more electricity they are using now than they were a few years ago.

It has been possible for us to hold down the price of electricity primarily because: (1) we are selling more electricity to more customers and (2) because of the greater efficiency of new and modern equipment.

But even with these factors, keeping the price low has been increasingly difficult. Like everyone else, we are having to pay more for nearly everything. Interest rates, payroll, fuel costs, materials and equipment prices, and taxes have kept going up.

Keeping the price of electricity down is a constant battle, and we work at it every day because good, economical electric service is so important to everyone.

We want electric service always to be the biggest bargain in your family budget.

4-H Club Week To Be Held Oct. 6 To Oct. 12

What do three million American boys and girls have in common with youth on six continents? The answer, says Mildred Eiland and Billy Reagor, Martin County extension agents, is 4-H. They also point out that 4-H and 4-H like programs are benefiting 75 countries throughout the world.

National 4-H Club Week to be observed in the United States, October 6 to October 12, will salute 4-H'ers everywhere. 4-H activities will focus on local, state, national, and international achievement of the Head, Heart,

Hands, and Health program. Locally, Agents Eiland and Reagor say, 4-H activities will emphasize the opportunities 4-H offers the boy or girl 9 to 19 years of age. Exhibits and displays will feature the work of current 4-H members. Several events and activities are designed to encourage other youth join 4-H.

According to the county extension agents, now is a good time to join 4-H. Clubs are reorganizing for the new year, and new clubs are being formed in the county. Contact the county extension in the courthouse, phone 756-3316, for help in joining a club or start-

ting a new club. The Martin County 4-H Council will meet October 5, 10:30 a.m., in the county extension office, to make plans for special activities during National 4-H Club Week.

A 4-H appreciation bar-b-que at a date to be announced will be held at the County Barn, at which time we will pay respect to the 4-H adult leaders, parents, and friends of 4-H, who have made important contributions to the 4-H program in Martin County. At this time we will also make awards to deserving 4-H Club members.

Behind Prison Walls

On an average day, nearly half a million men and women languish behind bars in the nation's jails. All of them suffer from an obvious legal disability; they cannot leave.

But what about legal rights? Do prisoners have rights, like those of people on the outside, which can be enforced in the courtroom?

By and large, courts have followed a "hands off" policy with regard to our prisons. As one judge put it: "It is not the function of the courts to superintend the treatment and discipline of prisoners."

However, in recent years there has been a marked change in this attitude. With growing frequency, courts have struck down prison rules and regulations on constitutional grounds.

"One committed to prison," commented a federal court, "does not leave his constitutional rights at the gates."

Consider, for example, the writing and receiving of letters. Courts have long upheld the power of prison officials to censor the mail. But according to a recent decision, this power may not be used to block a prisoner's access to the courts.

Chaco, Mexico. It has a diameter of about 40 feet several feet above the ground, is about 135 feet tall and provides shade for 8,600 square feet of ground at mid-day.

County - - -

(Continued from page 1) of evidence the commission had been looking for, because it has been trying to convince the Federal Bureau of Roads that another exit ramp is needed in the area.

Chairman Kultgen said: "We're glad to have you here because we can't just put the request in nilly-willy." He promised, "Our engineers will take a fresh look and see if they can develop a case for the bureau. We are entirely sympathetic."

SHS News - - -

(Continued from page 1) 10 completions and gaining 151 yards.

The Buffaloes traveled home holding a 3-0 record. The Hammers are still searching for a victory.

This week the Mighty Mites will travel 30 miles to Coahoma for a tough grudge battle with the Bulldogs. Game time is 8:00.

The SHS Future Farmers of America hosted delegates from other area chapters last Thursday, September 26, in the vocational agriculture building. Presiding over the meeting was El Rancho district president and SHS senior, Claude Straub.

Those present listened to a demonstration on oxy-acetylene welding. Following the demonstration, the group held a business meeting. They set district dues, established a new system for electing officers, and passed motions concerning rules for the district sweetheart contest.

Voting delegates and officers were present from Stanton, Sands, Big Spring, Midland, Coahoma, Odessa, and Flower Grove.

Delegates from SHS included Claude Straub, Stanley Louder, David Adkins, and FFA sponsor, Nolan Parker.

Homecoming is just right around the corner! The week of October 7 through 11, has been designated as Homecoming Week. The game will be Friday night at 8:00, with the pep rally and parade earlier that afternoon.

Have any lumber or tires cluttering up the place? Just contact a high school student and donate the wood to the traditional bonfire. Students will gather wood Thursday afternoon for the bonfire that night.

Sales for the 1969 Buffalo Round-up, the school annual, began October 1 and will continue until November 1. Price for the yearbook remains at five dollars. Yearbooks on reserve will cost \$5.00 on arrival next spring. If interested in purchasing an annual contact: Mary Powell, Mary Ramos, Peggy Anastasio, John Anastasio, Gayle Haggard, Kay Hankins, Patricia Haislip, Sandy Chandler, Scotty Fisher, and Darla Dowden.

The annual staff is also making plans to attend Journalism Day at Texas Tech this week-end.

Girls in FHA have begun their annual magazine sales campaign. A representative from the Curtis Publishing Company, met with the girls last week to give them special sales tips. The top salesmen from the group will be given prizes.

Members of the Junior class met Thursday, September 26, for a business meeting. The annual powder-puff football game has been scheduled for Saturday, November 2, with admission set at a dollar for adults and half-dollar for students.

Class President John Anastasio appointed a float committee. Members are: Debby Linney, Alan Gregston, Doris Allen, Rusty Hicks, Mary Merrifield, Jennifer Geurin, Deborah Hoggard, LaWanda Glaspie, Deborah Holloway, and David Workman.

William Harrell, sponsor for the Math Club and National Honor Society, met with these organization last week, to discuss plans for the year. Those students who are interested in slide rule and number sense, have also been meeting with Mr. Harrell in preparation for Interscholastic League competition.

Congratulations go to four boys on the Buffalo team who were named to the player-of-the-week list. Against Tahoka, Johnny McMeans was named back-of-the-week, with Mike Curry receiving line-man's honors. For the Seagraves game, David Jones and Steve Stallings were named back-of-the-week and line-man, respectively.

The crowd at the Stanton-Coahoma game this Friday night is guaranteed to be a large one, so leave early and latch on to some good seats. The game is to be a sure-fire thriller with the Buffs meeting their bitter rivals on the Cothoma field at 8. Be there and cheer the Blsons on to their fourth straight victory! Clobber Coahoma!!!!

The regular meeting place of the Martin County Unit of the American Cancer Society has been changed to the Martin County Library. Next meeting will be Monday evening, October 7.

Martin - - -

(Continued from page 1) Bureaus also pay \$75 to fire departments for fighting rural fires on Farm Bureau insured property.

In addition to these programs, county Farm Bureaus sponsor a graphic 45-minute fire prevention demonstration. More than 100 were given before schools, civic clubs, and other groups by the TFB Safety Department during the past school year. Also, almost 20,000 fire extinguishers have been sold to Farm Bureau members as a continuing program of rural fire protection.

Stanton Trims - - -

(Continued from page 1) Jones connected in the second quarter with end Bennie Avery on a 20-yard pass play for 6-0 lead. The second Buff touchdown came when center Tooter Harrell crabbled a mid-air fumble by Roten quarterback Walter Hargrove and returned it 33 yards.

Rotan scored in the third when the Buffs fumbled the kickoff return, losing the ball at their own 14. Halfback Mickey Early drove in from the four. Hargrove kicked the conversion.

Jones broke loose twice again in the fourth. He sneaked 80 yards for a TD after the Buffs held the Yellowhammers on downs at the Buff 20, then passed 38 yards to Avery for the end's second TD of the night.

Stanton remained undefeated at 3-0 while Rotan has yet to win in three games.

Variety - - -

(Continued from page 1) good candidate, when such distress, turmoil, and trouble is so vividly present across the nation. There is a measure of unrest existing over the country never experienced by veteran political observers be-

Saunders - - -

(Continued from page 1) broken nose, a deep cut over his left eye, and possibly broken hand.

The veteran lawman is expected to be back on the job in a short while and in good physical shape.

Guy Eiland, prominent Martin County resident, expressed the feeling of the majority of Martin County people when he commented: "We can ill afford to give Dan Saunders up, as a man, citizen or officer of the law."

Mr. and Mrs. Alvin Morgan have returned from visiting Mr. and Mrs. B. R. Vaughn in Ft. Worth, Mr. and Mrs. Clayton Burnam at Lake Leon, and Mr. and Mrs. Neol Hancock in Stephenville, the past week.

One of the underlying causes for the almost universally recognized distrust of our national leaders is the fact that there has been a lot of deliberate, pre-meditated lying going on in Washington. PRESIDENT JOHNSON does not deserve all the blame either. A lot of congressmen talk one way at home and vote another way in Washington. The people are not going to be hoodwinked any longer. A lot of changes will be forthcoming in future elections and definitely a big change will be made this year.

Bond Sales Total \$2,980 In August

According to a report received today from James Jones, chairman of the Martin County Savings Bonds Committee, the sales of United States Savings Bonds and Freedom Shares in Martin County during the month of August totaled \$2,980. Sales during the first eight months totaled \$17,940, and this is 60 per cent of the 1968 goal of \$30,000.

Sales in Texas during the month of August totaled \$14,390,299, which is an increase of 3.8 per cent over the same period of 1967. January-August sales reached a new high in the state totaling \$121,220,421 — an increase of 8.2 per cent over January - August sales during 1967.

Nationally, sales of Series E and H Bonds and Freedom Shares were the best for any August in 13 years and total cash sales for the January-August period amounted to \$3,430,430 million for 62.3 per cent of the National goal.

SALES OPPORTUNITY AGRICULTURAL WESTERN AMMONIA

Our organization is looking for a representative to market anhydrous ammonia and other fertilizer materials in the High Plains area of West Texas. A farming background is desirable, preferably with experience in handling anhydrous ammonia and other fertilizers. Sales experience would be helpful, but not essential if a candidate has a strong farming background. Salary range for this position is \$450 and \$600 per month, plus sales incentives. There is excellent opportunity for advancement for a top performer.
