A giant tax bill that fails almost entirely on consumers when House passage in Austin last week and it now before the Texas Senate. The bill would raise \$341 billion over the next two years. Advocates of the bill said it was the best that could be passed under the circumstances but opponents declared the corporate lobby, fearing new business taxes, twisted arms to get it through. It is almost a cinch that the sales tax will jump to 3 1/2 cents and that it will be broadened to cover additional things. The Senate may pass a vastly different revenue measure. There is no doubt almost, but what the tax bill will be fought out on a ten-man House-Senate Conference committee.

While the big money bill was passing the House Thursday, Rep.-elect E. L. SHORT of this district was an interested spectator. Speaker GUS M U C H E R announced SHORT would have floor privileges, but could not vote until election results were certified. "I wish I was in the same position," said one representative who reluctantly voted for the huge tax measure.

F. L. SHORT was certified as the winner of the 73rd district runoff race this week and is now fully representing the six counties in the district including Martin. He is already on the ball and a letter to the editor appears in this issue of the paper from REP. SHORT. It is good to have a man down in Austin who is interested in what the people back home are thinking. With all due respect to RANDY PENDELETON, I sincerely believe that more Martin Countians already know E. L. SHORT than ever heard of PENDELETON. I remember reporting at meeting at a school in Martin County where only two of those present knew the identity of our man in Austin. In my opinion at this early stage of E. L. SHORT'S legislative career that anyone writing to him will get an answer.

MRS. ERNEST HANER, the steady influence here in the newspaper office, and dependable bookkeeper and society editor, attended school with the slain Hollywood actress, SHARON TATE, in Pasadena, Texas. MISS TATE and four others, were murdered in the swanky Bel Air section in California the past Saturday. BRENDA told us that MISS TATE was an exceptionally talented and attractive student. MISS TATE moved with her parents to California after being enrolled one year in the Pasadena school system.

Friends of MRS. EUGENE BAUGH will be sorry to learn that she is in a Big Spring hospital following a bicycle accident the past Saturday. In an effort to avoid a collision, DOYLIN'S bike spilled her and a broken arm was the result.

A nice note and a subscription renewal arrived from ROSE EIDSON, sister of the late JIM WEBB, this week. MRS. EIDSON is now living in Canyon, Texas, and said all she needed to help keep her happy and satisfied was her weekly copy of the OLE RELIABLE. It is on the way ROSE EIDSON.

Twenty-five youngsters completed the summer reading program sponsored by the Martin County Library, in cooperation with the Texas State Library. In ceremonies on August 7, Martin County Librarian, Mrs. Ralph Caffey, presented the certificates to the young readers who read a total of 638 books this summer. The children were Kristi Turner, Tracy Klein, John Parker, Leah Flanagan, Lloyd Brown, Denby Snell, Craig Eiland, Freddy Hernandez, Steven Walton, Lyndon Marquez, Deborah Caffey, Tami Briggs, Pam Way, Karla Simpson, Romelia Maldonado, Randy Williams, Donna Rivest, David Louder, Baxter Brown, Bonnie Barnhill, Connie Barnhill, Eddie Bryan, Jimmy Bryan, Chris Yater, and Dorothy Clardy.

Grady School Opening 1969-70

Bells will ring to begin regular classes on Monday, August 25. Teachers will gather for the first scheduled in-service meeting on Thursday, August 21. Registration for all grade school students will be from 9:00 to 12:00 and from 2:00 until 4:00 on Friday, August 22.

Buses will make their first routes on Monday morning, August 25. During wet weather buses will run on the pavement only. We ask your cooperation in getting students to the pavement to catch the bus when it is impossible for buses to make their runs on dirt roads. Pupils will not be counted tardy if tardiness is due to inclement weather.

School lunch prices will be 40c per day for students, 45c per day for teachers, and \$1.00 per plate for visitors. Students should pay in advance, and we prefer payment by the week (\$2.00) or by the month (\$8.00). Milk prices for extra milk for the primary grades, will be the same as last year, 5c per carton.

All first grade students must bring a copy of their birth certificates with them when they come to enroll. We urge all students to have their vaccinations up to date, and in particular for beginners to have had their small pox shots. During enrollment we want to get an Emergency Care Authorization sheet filled out for each first-grader, and any new students. This sheet must be signed by one of the parents. Also, the enrollment cards must be signed by a parent, since this card also serves as an age, grade, and resident certificate, which is subject to audit by the Texas Education Agency.

If your child must be absent from school, please call the school office or send a note of explanation when he returns. This will help us check on absences and sickness.

Editor's Mail

(Note: The following letter was received by the newspaper from Mr. and Mrs. Floyd Walker. It was mailed to us for publication and expresses a heart full of gratitude and affection for the people of Stanton. It appears in the original form without alterations.)

Dear Friends:
We would like to give our sincere thanks and appreciation to all of you. During the seven years that we lived in Stanton we had many wonderful and some sad times. You were always there when we needed you and it wasn't until Tommy, our son and brother, died that we really discovered how much Stanton and its people meant to us. From that time on we were convinced that Stanton has the sweetest people with the warmest hearts. When you dedicated the new baseball field to Tommy, you touched us deeply and proved that Stanton is the greatest town in the world. Thank you all for the best years of our lives.

Sincerely,
The Floyd Walkers.

Austin
REPRESENTATIVE
E. L. SHORT
August 11, 1969

Dear Neal:
I take this opportunity to better acquaint you with my ideas and would appreciate very much your criticism. This is the best way I know to fulfill the will of the people of the 73rd District.

If there is any certain form in which you would like material from Austin, please inform me. I do not know what the news media requires. Namely, should I make comments and personalizations of issues and points of interest, or should I stick close to the records concerning voting and legislation—or both.

I do have one thing on common with you and that is—I believe in an informed public. After the Special Session is over it is my intention to go to the Capitol occasionally and keep up with the activities of the committees working on new bills and the agencies directing studies for the Legislature.

This question has been asked me many times already. "How do you feel? Were you nervous to meet and sit in the House?" I want you to know, it is a great experience. I do feel at ease and believe I have made some progress toward everlasting friendships of which are a must for the future. (Continued on page 6)

Bible Comment--

Pagan Diana Plays Role In Christian Drama

Christianity began with devout Jewish souls expecting a Messiah, and earnest disciples believing that they had found the Messiah. The atmosphere and environment of the land was already holy with the glory or Isreal. Then as Christianity spread throughout the Roman world it soon came into conflict with the rituals, literature, and great, imposing shrines, and temples of paganism.

Nowhere is there conflict so marked nor so vividly depicted as in the story told in Acts to St. Paul's preaching in Asia Minor, and of the opposition he encountered in Espesians through commotion stirred up by the worshippers of the Goddess Diana.

And the story has an interesting, modern application. For among the worshippers of

the goddess were the silver-smiths who made shrines and who like some today, were more interested in the material profits of religion than in any sincerity of worship.

When they saw Paul's mission succeeding, the silver-smiths said among themselves, "Our craft is in danger." And to conceal their self-interest from the people, they cried that "Great is Diana of the Espesians."

Some still use the cloak of religion to stir up prejudices or advance self-interest.

Read and reread this great lesson in Acts. Not just for its account of Christianity in conflict with paganism. Oh, no. Read it for its warning against those who would take the noble things of religion and patriotism and pervert them to their own needs.

Seeds From The Sower

By MICHAEL GUIDO

A mother lectured her son about being good. "I do not want to be good," he replied, "I just want my own way."

But there was a man who wanted to be good, and he prayed in Psalm 43:3, "O send

out Thy light and Try truth: let them lead me."

The light which our Lord sends out is a guiding light. Without the Lord we are like men groping on an unknown road in a black-out. When He

comes into our lives the time of guessing and groping is ended, the time of chaos and confusion is gone.

The truth which our Lord sends out is a gladdening truth. It tells of One who is faithful in all things and faithful at all times. But it is one thing to accept His faithfulness as a Divine truth, and it is quite another thing to act on it.

The scared post acted on it, and he went from "O God" to "My God." He went from the international to the individual. "O God" speaks of One who is remote. "My God" speaks of One who is a Resident. God was not aloof, but at home in his heart.

That is why he called Him, "My exceeding joy." A gentleman was asked, "What made you look so happy after you got converted?" He answered, "The Lord who lightened my heart, brightened my face." Blessed brightening! Do you have the Brightener?

Miss Martha Atchison Honored At Bridal Shower Recently

Martha Carol Atchison, bride-elect of Alvin Douglas Shuttlesworth, was the guest of honor at a miscellaneous shower recently in the home of Mrs. Archie Chamness, Melody Acres Midland. Co-hostesses were Mrs. Loris Cherry, Mrs. Ray Corley and Mrs. John Stewart.

The refreshment table, covered in lace over blue, featured a centerpiece of bells of Ireland, and blue daisies, utilizing the honoree's colors of pale blue and green.

Guests were registered by Mrs. Wayne Caryof Ablene. Some 40 guests attended the shower, including out-of-town guests: Mrs. Edgar Davis and Sharon of Odessa; Mrs. Welland Atchison, Mrs. Melvin Graves, Mrs. Owen Kelly, and Mrs. Eugene Atchison, all of Stanton; Carolyn Jacobs, and Marilyn Atchison, sisters of the bride-elect, from Lubbock, and Mrs. Kenneth Atchison of McAllen.

Miss Atchison, a graduate of the Methodist School of Nursing in Lubbock, and Shuttlesworth, a business major at Pan American College Edinburg, will be married August 16 in the Golf Course Road Church of Christ in Midland. Parents of the couple are Mr. and Mrs. John Tella Atchison of 2504 Stanolind Street, Midland, former residents of Stanton, and Mr. and Mrs. Don Shuttlesworth of San Juan.

HD Agent Gives Laundry Tips

Confused over which detergent to buy? Today's consumer needs to be mathematician, tester, and color expert, reports home demonstration agent, Mildred Eiland.

Extension home management specialists at Texas A-M University, have a simple solution: buy the cheapest detergent possible.

Carefully and consistently measure it when washing. Use the smallest amount possible which gets good results. Another brand may use less detergent for the same results.

"If laundry has a gray cast, you may be using too little detergent. The amount to use depends upon: the degree of soil, water hardness, wash water temperature and load size," reports Mrs. Eiland.

If clothes have a soapy residue after rinsing, using less detergent may solve the problem.

Directions on detergent packages are based on the minimum amount for a normal size load, average soiling and average water hardness. If water is very soft, it may take less than the package recommends. The reverse would be true if water is very hard, says Mrs. Eiland.

Price per ounce is not the entire story to a good buy since detergent is used by the cup and some brands weigh more a cup than others. High sudsing detergents weigh anywhere from 2 to 3 1/2 ounces per cup, and low sudsing ones weigh 4 1/2 to 5 1/2 ounces per cup.

The matter is even more complicated since it takes more of some detergents than others to do an effective job of cleaning. The specialist explains if one brand costs four cents a cup and it requires a cup and a half, it will cost

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw, Bobby Howard.

Air pollution from dust storms was at a near record low in Texas this spring, according to a wind erosion report released this week by Clyde W. Graham, state conservationist of the Soil Conservation Service. Graham credited favorable moisture conditions and the work of conservation farmers in the western part of the state with reducing the dust storms.

"Reduced dust pollution benefit a lost more people than you might think," Graham said. "Dust hurts people with asthma, emphysema, hay fever, and other respiratory diseases. It ruins electric motors, cars, buses, trucks, tractors, and anything else with moving parts. And it settles in homes, grinding furniture, floors, and carpets."

Less than 500,000 acres, or about half the five year average, were damaged in Texas by wind erosion this year, Graham said. His report was the result of an annual survey made by S. C. E. offices in the 34 million acre area of West Texas subject to severe blowing during the November 1 to May 31 blow season.

Graham noted that during the dust bowl days in the "dirty 30's" dust blown from several million acres of Texas land darkened the skies along the eastern seaboard and out into the Atlantic Ocean.

Of the land damaged this season, 460,000 acres were cropland and 9,600 were rangeland. Some 17,000 acres of non-farm land, such as roads and bare city land, were also damaged by blowing.

Graham said work done under the popular Great Plains

you just as much as another brand that sells for eight cents a cup but only requires three-fourths of a cup.

Conservation program in the northwest one third of the state has been a big factor in reducing Texas dust storms. He pointed out that in the last 10 years in this 99 county area, soil protecting grass has been planted on 700,000 acres of rangeland; 463,000 acres of highly eroded cropland has been retired from farming and returned to grass; and strip cropping, stubble mulching cover cropping, and other conservation measures have been applied to some 2.3 million acres of cropland.

Vast areas of grassland have also been improved. S. C. S. conservationists help farmers, ranchmen, and city officials, and other users of land plan and apply measures to prevent wind and water erosion. This work is done through 187 locally run soil and water conservation districts in Texas, Graham concluded.

Watermelon Has Long Been A Favorite Of Man

Early records show American Indians were especially fond of watermelons. Colonists brought the fruit, which originally grew in warmer parts of Russia, Asia Minor, and the Near and Middle East, to America as early as 1629.

Modern consumers chose from melons in many sizes, shapes and colors. They must determine the melon's ripeness to insure a good buy.

Some like to thump them, some like to cut them, some just juice. But Mrs. Gwendolyn Clyatt, extension consumer marketing specialist with Texas A&M, offers some expert advice.

When buying watermelons, look for firm, symmetrical melons which look fresh and attractive. Good melons have a bloom over the end surfaces giving it a velvety appearance. The lower side of the melon is usually yellowish in color, compared to white or pale green color on an immature melon.

One pound of watermelon as purchased supplies 58 calories of food energy and vitamins A and C, the specialist adds.

For serving, Mrs. Clyatt suggests colorful wedges for a festive note to barbecues; melon cubes or balls added to fruit salads or fruits cups. The scooped half shell of a large watermelon makes a natural, attractive punch-bowl.

DECORATING CANS

There are many new different, and unusual uses to which you can put empty Canada Dry cans simply by decorating them.

Thinking of new uses for empty cans and of ways to decorate them appropriately can be fun. With a little imagination and ingenuity you can cover them with just about anything.

For example: You can coat can with plaster of paris and work in interesting designs before it hardens. Or, you can soak cheesecloth on starch and apply to can surface when still wet.

Here are some other uses, when decorating the can is not only appropriate but necessary.

Pebble Can—(Fig. 3) Pebbles, aquarium stones or beads make an unusual covering. First, paint top and bottom rims with glossy enamel. Apply layer of self-hardening clay to entire surface, leaving rims exposed. While clay is still soft, press in pebbles, stones or beads.

News Montage—(Fig. 2) News paper clippings about favorite people or events, will turn a can into a cool holder of odds and ends. First, paint top and bottom rims with glossy enamel. Overlap clippings. Apply with white paste. When completely dry, apply coat of clear varnish or shellac.

Administration Veterans

(Editor's Note: Veterans and their families are asking their government provides for them through the Veterans Administration. Being thousands of questions concerning the benefits low are some representative queries. Additional information may be obtained at any VA office.)

Q — After I file my application for educational allowance under the G. I. Bill, how long does it take to get my Certificate of Eligibility from the Veterans Administration?

A — Normally, it take about three or four weeks. It is best to file for your Certificate of Eligibility upon being discharged from the Armed Services regardless of whether or not

you intend to use it immediately.

Q — Is issued a Certificate of Eligibility for education in 1957. I was unable to attend school then, but I plan to enroll this fall. It is for the same school and program. Should I get an updated certificate?

A — The original certificate is still good if the program of study and the school are still the same. A new certificate is required only if there is a change in your program or school.

Q — I understand I must make satisfactory progress in national allowance from the Veterans Administration. What standard of progress does the VA require?

A — A veteran enrolled under laws administered by the VA must maintain satisfactory conduct and progress in accordance with the standards and policies of the educational institution he attends. If the school suspends the student G. I. Bill benefits will also be suspended.

Q — I have a Certificate of Eligibility for a G. I. loan that states it is valid through June 3, 1966. Can I get this date extended?

A — No. This date was determined by a formula set by law.

Progress Noted On Water Line

Good progress is being made on the main supply line connecting Lake E. V. Spence with the remainder of the Colorado River Municipal Water District system.

Through Friday, said D. H. Ivie, CRMWD general manager, approximately 14 miles of 42 inch pipeline has been laid southwestward from Moss Creek Lake, 10 miles east of Big Spring. Except when encountering other pipelines or hitting rock, the contractor has been laying from 3,000 to 4,000 feet of line per day.

The pump foundations and those from some of the buildings at the Big Spring pump station have been poured as

I would like to take this opportunity to thank all those people who supported me and particularly those who worked so hard in the recent special election for state representative.

I enjoyed the campaign and had the opportunity to meet many people who will be lifelong friends.

Your State Representative, E. L. Short, is a fine gentleman and I feel sure he will make us a fine district representative.

Again, thank you.

Mrs. Roy Koonce Presents Recital Thursday, Aug. 8

Summer students of Mrs. Roy Koonce, gave a recital Thursday August 7, at 7:30 p.m. at her home as the "End of the Summer" activities.

The first part of the program was the showing of the teaching of games the students had played for nine weeks during the summer. The games consisted of learning theory with the aid of flash cards and contests at the blackboard.

After the demonstration, each child played the solo he had been memorizing in the original key, and in one other key. Those playing were Randall and Rent Koonce, son and daughter of Mr. and Mrs. Roy Koonce; Charles Straub son of Mr. and Mrs. Raymond Straub; Vicki Graves, daughter of Mr. and Mrs. Lee Graves; Kathy Decker, daughter of Mr. and Mrs. Bill Decker; Glynith and Joan Latty daughters of Mr. and Mrs. Billie Jo Latty; Lawenda Tunnell, daughter of Mr. and Mrs. Malcolm Tunnell; Debbie Webb, daughter of Mr. and Mrs. John Webb, and Amy Hazlewood, daughter of Mr. and Mrs. Cliff Hazlewood, Jr.

Refreshments were served to those present. The summer students unable to attend the recital were Dirk Perry, Shelly Church, Kathryn and Jay Springer, Tony and Joanna Sawyer, Steven Church, Susan Stallings and Polly Lewis.

James Jenkins Completes Tech Course

James E. Jenkins, son of Mr. and Mrs. Howard Jenkins of Stanton, was one of more than 200 graduates in commencement exercises at James Technical Institute August 7 at 8 p.m.

He received a certificate for successful completion of a year vocational program in automotive mechanics. He attended Howard County Junior College in Big Spring.

Speaker for the event was E. D. Redding, assistant to the president of Brown and Root, Inc. Aside from his business duties, he is chairman of the 21-member Governor's advisory committee for vocational and technical education in Texas.

Dean Morris Webb presented the certification of the graduates, and Dr. Roy W. Dugger, director of James Connally Technical Institute, conferred diplomas for graduates of the two-year technology programs and certificates for those completing one-year vocational programs.

The school will begin its fourth full year of operation September 2. Through an act by the 61st Texas Legislature, James Connally Technical Institute will be known after September 1 as the Connally Tech campus of the Texas State Technical Institute. Previously, it was a part of the Texas A&M system. Also under the new system will be the Rio Grande campus in Harlingen, and the Mid-Continent campus, which is being developed in Amarillo.

TRANSISTOR RADIO DUNKED? TRY THIS

If you drop your transistor radio in the lake, or leave it out in the rain overnight, what do you do?

Remove the batteries and quickly sponge out as much of the water as possible. If the radio is dropped in salt water, first rinse or sponge it out immediately with fresh water. This must be done quickly or some of the parts may oxidize.

It is then preferable to fan the radio to dry it, but if this is not possible, put the receiver in a warm place. If you do place the radio near a fire or heater, be sure it is not so close that intense heat will damage the set. Intense heat can damage the speaker by warping it.

If the batteries have not been removed, the heat may cause them to leak or burst, damaging the set.

Couple Set August 23 As Wedding Date

Mr. and Mrs. Guy W. Price of Midland, announce the engagement and approaching marriage of their daughter, Phyllis Kay, to Donnie McReynolds, son of Mr. and Mrs. Menter McReynolds of Midland. The wedding will be held August 23, at the Courtney Baptist Church, with the Rev. T. L. Pond officiating.

Miss Price is a graduate of Baton Rouge High School, Baton Rouge, Louisiana, and is employed by the Midland Memorial Hospital. McReynolds, who is the grandson of Martin County residents, Mr. and Mrs. H. M. McReynolds, recently returned from a tour of duty with the Navy, and is presently employed by Drileo of Midland. He is a graduate of Stanton High School.

All friends of the couple are cordially invited to attend the wedding and reception following the ceremony at the church.

BGCT Receipts Show Gain

Texas Baptists channeled \$1,253,048 through the Cooperative Program in July, according to the latest report from the Baptist General Convention of Texas in Dallas. The amount represents a \$18,246 increase over July, 1968.

The BGCT has reported gifts of \$8,044,245.43 for 1969 thus far. This is \$257,927 more than the comparable period last year.

This favorable giving pattern places the convention more than \$169,245 ahead in its attempt to fulfill the record \$13.5 million budget approved last year in Fort Worth.

In addition to Cooperative Program receipts, the BGCT has also accounted for more than four million dollars in special gifts during the first seven months of this year, bringing the total mission giving amount up to \$12,447,987.50.

Montgomery Joins Texas Education Staff

Dr. Robert Montgomery, director of Region XIV Education Service Center in Abilene, will become assistant commissioner for special education and special schools at the Texas Education Agency on September 1.

A graduate of Southwestern University in Georgetown, where he received a B.A. in history, government, and education in 1950, Dr. Montgomery holds both the M.A. and Ph.D. degrees from the University of Texas at Austin. He is a former teacher, counselor, and superintendent of Andrews Independent School District. Dr. Montgomery was the first director of the education service center in Abilene.

Dr. Montgomery is married to the former Olna Lee Winfrey. They are the parents of daughter and two sons.

LEGAL NOTICE NOTICE OF HIGHWAY IMPROVEMENT OR CONSTRUCTION

The Texas Highway Department is planning to proceed with the development of the proposed highway improvements on Farm To Market Road 3113 from Farm To Market Road 829, 1.6 miles North of Interstate Highway 20, Northeast 4.1 miles to State Highway 137. Since the Texas Highway Department has approved the route and design proposed for development of this project, work will begin on the next phase of engineering necessary for the development of this project.

The proposed project is for the reconstruction of an existing county road to provide for a two lane paved road on a flexible base. Approximately 120 feet of right of way will be required to provide for current design requirements established by the Texas Highway Department.

Tatum, Texas, located about halfway between Longview and Carthage made the state news the other day when a train carrying volatile chemicals and liquids derailed. Officers said the train originated at the Texas Eastman plant near Longview and one of the cars contained liquid propane. When the train derailed one car exploded and four more burned through the night as officials decided to let the flames burn themselves out. Yeras ago, when I published a newspaper at Carthage, Texas, a motor car made a daily round trip run to Longview. The car made two stops—one at Beckville and one at Tatum. In those days some of the "boys" would go on a binge on Saturday night at Tatum and go down to the depot to watch the train come in. Frequently pistol fire would vent the air as the celebrants sought to terrorize the passengers with horse play. On one such occasion, a Jewish piece goods salesman was accidentally shot when he alighted from the train in Tatum. The man recovered but from that time on for years the motor car was called the "Crimson Limited." It was said that as the motor car neared Tatum the conductor would order all blinds lowered before announcing the station stop. The conductor's call was cloaked in sadness as he chanted: "Tatum, Tatum, prepare to meet thy God."

Some men are almost instantly missed from the town circle when they are ill or out of the city for a period of time. JESS BURNS in such a friend. He underwent major surgery at HOGAN-MALONE FOUNDATION HOSPITAL in Big Spring last week. His many friends will be delighted to learn that his condition is improving. It is the wish of those who know and admire JESS, a churchman and staunch citizen, that he soon be back home again soon.

When one reads of the senseless murders in other states it causes those of us in our small community to be thankful that law and order prevails most of the time in our area. National tragedies have pin-pointed the news recently and because of the importance of some of the characters involved in the bizarre happenings it really becomes a local matter, in thought at least. I refer to the death of MARY JO KOPACHENA by drowning while riding with SEN. KENNEDY, a strong prospect to become president of all the people at the time of the unfortunate incident. I still think that MR. KENNEDY is the leading candidate for the Democratic nomination but an interesting article in the news this week compels me to pass along a suggestion that voters keep their eyes on SEN. BIRCH BAYH of Indiana. The Indiana senator was with KENNEDY when the young man almost met death in an aerial crash three or four years ago. They are good friends. SENATOR BAYH filled a speaking engagement for EMK in Greene County, Alabama, this week after six black candidates won county offices over as many white opponents there.

Vacationers are returning home and getting their teenagers ready for another school term. Next week should find the OLE RELIABLE spilling over with Back-To-School specials. Just two more weeks and classes get started. May I suggest that all of us help each other when we trade at home.

How about that temperature reading down in Waco Monday? The high reading in the state was posted when 112 degrees appeared in the glass. And over in Munday, Texas, an all-time high for that town was listed as 111. In Stanton the mercury hit 103 at 3:30 p.m. to set a hot mark for our town during the current frying pan spell. The weather has burned up the gardens, the grass, is playing havoc with the cotton crop, and a lot of people are simply sick due to the long dry spell.

Staff members here at the newspaper office have missed the annual West Texas Press Association meetings for the past two years. From reading an account of the meeting held in San Angelo last week, a lot of other editors, publishers, and press representatives were absent too. A lot of new names appeared on the scene and the newspapers winning the awards were mostly newcomers to the winner circles. MRS. VOILA MAHOOD was replaced as secretary - treasurer of the group by BOB CRAIG of Hamlin. MRS. MAHOOD did not seek the post she has held for the past 12 years. I missed reading about MIKE WERST of the Big Lake Wildcat, NEIL VAN ZANDT of Seagraves, JIM CORNISH of Post, FRED BARREE of Seminole, JOE PICKLE of Big Spring, JAMES ROBERTS of Andrews, BOB WEDDLE of Menard, GENE SNYDER of Denver City, and many others. But one very able, efficient, editor known throughout the Permian Basin Empire and the state of Texas was there and took a leading part in the press proceedings. Yes sir, BILL COLLYNS one of the dependable deans of the dailies in these parts and a gentleman and scholar and judge of human nature, was representing The Midland Reporter-Telegram. BILL made the presentation of the West Texas Chamber's community service award. Come next year, the Lord willing, local paper back in the contests and see if it is still possible for a hot metal publication to win a ribbon or plaque or certificate like in the former years. There is no use standing by and quietly humming to the tune of wedding bells as breaking up that old gang of mine a little ditty styled: "The paste-ups are taking over what still should be letter press clover."

Mrs. Karl Lee Herzog

Catherine Hazlewood Wed To Karl Herzog In Stanton

Karl Lee Herzog and his bride, the former Catherine Hope Hazlewood, are on a wedding trip to Dallas, following their marriage at 8 p.m. Saturday in the First United Methodist Church.

Mr. and Mrs. Leonard Clifton Hazlewood, Jr. are the parents of the bride, who is a sophomore textile science major at Texas Technological College. The son of Mr. and Mrs. George Herzog, the bridegroom also will be a sophomore this fall at Tech, where he is majoring in chemical engineering. He is a member of Phi Eta Sigma, national freshman honorary fraternity and Kappa Mu Epsilon, national mathematics fraternity, and has been named to the Dean's List.

Tech Village

The newlyweds will reside at 6-B Tech Village in Lubbock following their wedding trip.

The Rev. John Pierce, pastor of St. Joseph's Catholic Church, and the Rev. Richard Payne officiated for the double ring ceremony.

Meirae Angel, cousin of the bride, played the organ selections and accompanied Betty Brown of San Antonio, soloist.

Debbie Hazlewood, sister of the bride, was the maid of honor. Bridesmaids were Kathy Biggs, Luan Louder, Teré Hazlewood, sister of the bride, and Lyn Herzog, sister of the bridegroom. Amy Hazlewood, was the junior bridesmaid and sister of the bride. Georgeann Herzog, sister of the bridegroom, was the flower girl.

Attending as best man was Johnny Louder. Gene Hodges, Bert Decker, Glenn Lawson,

and Robert Haggard were the groomsmen, and Gordon Eiland, cousin of the bride, was junior groomsman.

The sets of candelabra flanked with greenery were in front of the prayer altar. An arrangement of pink gladioli and white chrysanthemums was at the back altar.

Bride's Gown

Given in marriage by her father, the bride wore a gown of candlelight Avanti overlaid in ivory lace. The center front panel was of Avanti and the side panels were Avanti overlaid with lace. The bodice had a slightly lowered neckline and long lace sleeves. The back of the gown was accented with a train and Avanti bow with train-length streamers. Her bouquet was of pink carnations, white orchids, baby's breath and English ivy on her father's white Bible.

Attendants to the bride wore short dresses of pink crystalline with inverted pleats in back with bows at the top of their Empire waists in back. Their headresses were flat bows with circles of illusion. Each carried a long stemmed pink carnation decorated with pink ribbon and greenery.

A reception was held in the Cap Rock Electric Auditorium. Mr. and Mrs. Bill Mims Mr. and Mrs. Bob Hazlewood, Mr. and Mrs. James Biggs, Mr. and Mrs. Billy Louder, Pat Lawlor of San Antonio, Robbie Hazlewood, Karen Sadler of Snyder, Juni Latty, Gynith Latty, Cindy Herzog, and Paigalou Eiland were in the house party.

The rehearsal dinner was given by the bridegroom's parents in the Belvue Restaurant.

Clay Mims Evangelist

Back to the Bible

THE SPEAKER'S AIM . . .

Is to preach Jesus Christ and Him crucified. You will learn more about Jesus and His love for you. This good news is what we feel we must share with you and with all the world.

Clay Mims will be the capable evangelist proclaiming the message of God's Word and one who is well known in this community. Here is a man "in whom the spirit of the Lord is" and whose words will give grace to all who attend and hear him.

We invite you to come. We are praying that you will.
