FINEST CLIMATE ON EARTH WHERE HEALTH, HAPPINESS AND PROSPERITY AWAIT THE HOMESEAKER

Vol. LVIV—No. 43

STANTON, MARTIN COUNTY, TEXAS (79782), THURSDAY, OCT. 23, 1969

6 Pages—Price 10c

## VARIETY

By NEAL ESTES

The hot and cold weather of the past week has caused citizens to shift from warm to cooler clothing and back again. Monday was tame weatherwise compared to Tuesday with the mercury dropping to 53 degrees in the afternoon. A light rain fell during the early morning hours Tuesday. Andrews reported a tornado Tuesday with lots of property damage and a six inch rainfall but no loss of life.

Friends of MRS. DAN SAUNDERS will be sorry to learn that she underwent emergency eye surgery in an Odessa hospital the past week and that the possibility of grave damage resulting from her acute illness exists. MRS. SAUNDERS was operated on in one eye for a detached retina. It was necessary to have the operation to anchor the floating retina in an effort to restore normal vision. She was resting well at press time according to information given in the newspaper.

The Stanton High School Buffaloes tangled with the Golden Cranes of Crane on the local field Friday night. Crane has been tabbed the favorite to take the district crown and they have not been defeated in grid warfare to date. The Buffs will field a sophomore team in the main. COACH LOYD has reported additional injuries in the football camp of his charges and this has caused him to dig deep into his reserves. LOYD says almost every player on the squad is due to see action at some time during the remaining games on the schedule.

The next issue of the paper will be devoted to DOLLAR DAY copy. The issue dated on October 30 rolls from the press just in time to announce the advertised values for the first November Dollar Day. Merchants are urged to start thinking about and preparing vital copy now for the next paper.

ROY MARTIN brought us a batch of green pears one day recently and we wrapped them in newspapers, put them in our storage room, and Monday morning of this week we found about fifteen of the finest tasting mellow pears one could imagine.

MRS. CLAUDE NOWLIN is champion sweet potato grower in Martin County according to our records. The NOWLIN garden produced a specimen weighing nearly 13 pounds. HENRY RINGHOFFER brought in a potato weighing nearly seven pounds and he said he had grown many more about the same size and one or two even larger. The fertility of Martin County soil is definitely suitable for sweet potato and cantaloupe growth. A few years ago, when BERNARD HOUSTON was president of the Martin County Chamber of Commerce, the civic organization sponsored cantaloupe culture and a crop of melons said to top the famed Pecos melons resulted.

VOICE: Its just 45 shopping days until Christmas. Get the habit this holiday season of trading at home. It will help you and those you spend your money with.

# 4-H Achievement Dinner Saturday

## Ray Louder Awarded Bronze Star

1st Infantry Div., Vietnam (AHTNC) — Army First Lieutenant Ray E. Louder, 22, son of Mr. and Mrs. Tull R. Louder, Stanton, received the Bronze Star Medal September 30 in Vietnam.

Lt. Louder received the award for heroism in action while engaged in military operations against a hostile force in Vietnam.

Assistant operations officer in 1st Battalion Headquarters of the 1st Infantry Division's 5th Artillery, the lieutenant received his commission through an officer candidate school.

Lt. Louder, whose wife, Judy, lives in Stanton, is a 1965 graduate of Stanton High School.

## Mrs. J. C. Epley To Attend State Teachers Meet

Mrs. J. C. Epley of Stanton, will be an official voting delegate at the 91st annual state convention of the Texas State Teachers Association Oct. 23-25 in San Antonio.

Mrs. Epley is one of the 1,288 certified members of the 1969 House of Delegates, which will meet on the last day of the convention to discuss and act on proposed amendments to the TSTA constitution, new policies, recommendations of standing committees, and other business.

The official delegates are elected from the 419 TSTA local associations throughout the state and certified by districts on the basis of one delegate per 100 members or fraction of 100. Every local association in the state is entitled to at least one official delegate.

With total membership in TSTA expected to hit a record 124,000 this attendance at the convention will probably total about 8,000. Featured speakers include Gov. Preston Smith, Sam M. Lambert, executive secretary of the National Education Association, and Charles D. Holleyman, superintendent of schools at Mustang, Okla.

# Late Surge Gives Badgers Victory

The McCamey Badgers opened District 5-AA action on a winning note Friday, with an exciting 30-20 victory over the Stanton Buffaloes before a happy homecoming crowd. The Badgers tallied 10 points in the final period to pull out their fifth victory in six games, when Stanton, in putting up a good battle, was dropping its fifth game in the same number of outings.

Stanton actually moved the football better than the Badgers on the ground with 222 yards rushing compared to 84, but the McCamey passing attack was the difference, with a total of 150 yards, as quarterback Charles Graves hit on

Claude W. Straub, Jr.

Claude W. Straub, Jr., of Stanton, freshman biochemistry major at Texas A&M University, has received a \$300 General Agriculture Scholarship, in recognition of academic achievement and activities in high school.

Presentation was made by Dr. J. M. Prescott, head of the A&M Department of Biochemistry and Biophysics. The student is the son of Mr. and Mrs. Claude Straub of Stanton.

## Cox Plans To Drill Stepout Northeast Stanton

John L. Cox of Midland, will drill No. 1-B Scott as a 1/2-mile south and east stepout to the Martin County sector of the Spraberry Trend Area, eight miles northeast of Stanton.

Location for the 8,500-foot operation is 1,320 feet from south and east lines of section 36, block 35, T-1-N, T&P survey.

Connally Oil Co. Inc. of Abilene, will drill No. 1 Low-dickinson as a 3/8-mile west stepout to the Martin County sector of the Spraberry Trend Area, 10 miles northeast of Midland.

Drill site for the 9,400-foot venture is 1,980 feet from north and 990 feet from east lines of section 20, block 27, T-1-S, T&P survey.

Lario Oil & Gas Co. of Midland is testing No. 1 Reeves, Howard County Pennsylvania prospect, to complete as a possible discovery from that pay six miles southwest of Vealmoor.

Perforations at 9,031-9,037 feet were treated with 250 gallons of mud acid. After four pulls of the swab, the well kicked off and flowed at the rate of from six to eight barrels of fluid was estimated at 85 per cent oil and 15 per cent fresh water.

Testing continues on various sized chokes.

It is 467 feet from north and 853 feet from west lines of section 44, block 33, T-3-N, T&P survey, a mile west and slightly south of the one-well Wright Ranch (Cisco) pool.

It was drilled to 9,095 feet where the 5 1/2-inch casing is seating.

Isabel Sanchez Gets Promotion  
Isabel Sanchez, son of Mr. and Mrs. Inez Sanchez of Stanton, has been recently promoted to Specialist Fourth (Continued on page 6)

scoreboard and back into the game. Alan Gregston scored from the one, but the PAT attempt failed, making it McCamey 7, Stanton 6 with 4:02 left in the opening period. Stanton went ahead 12-7 in the second period for its only lead of the hard-hitting contest when the Buffs marched 46 yards, with the help of a 15-yard penalty for the score. Fullback Johnny McMeans, raced 13 yards of the TD, but once again the extra point attempt failed. McCamey seemed aroused and the Badgers stormed to two TDs before halftime for a 20-12 advantage at inter-

(Continued on page 6)

## Martin County Registers 254 Voters For 1970

The Martin County tax collector's office reports that as of October 21, that 254 Martin County residents have registered to vote in 1970.

Residents are reminded that the deadline for registration is January 31, 1970.

- Requirements for legal voting are:
1. Citizen of the United States.
  2. Over 21 years old on the day of the election.
  3. Resident of the state for at least six months immediately preceding election day.
  4. Resident of the county for at least six months immediately preceding election day — required for voting in local elections, but not required on state-wide offices, and issues.

## The Letter Box

Stanton Reporter, Stanton, Texas. Gentlemen:

The Children's Service League of Midland, is sponsoring an evaluation clinic for cerebral palsied children on Monday, October 27, at the Midland Cerebral Palsy Treatment Center, 2111 West Ohio, Midland, from 9:00 until 12:00 a.m.

The children will be examined by Drs. Driscoll, Hooker, Foster, and Ulvestad, assisted by physical and speech therapist. There will be no charge of this examination.

We will appreciate your help in extending this invitation to the parents of all cerebral palsied children.

## Methodist MYF To Conduct CROP Canvass Oct. 26

The youth of the First United Methodist Church of Stanton, will join with young people of churches in 250 Texas communities, in the united campaign against world hunger, during Texas CROP Week, the last week in October.

The senior and junior MYF organizations of the Stanton Methodist Church, will be participating in the drive on Sunday, October 26, starting at 2:30 p.m. to 5:30 p.m.

The youth who will be conducting the CROP drive will be recognized by CROP identification buttons and official CROP canvass kits or CROP canvass envelopes.

CROPS is the Community Hunger Appeal of Church World Service, collecting resources for the overseas relief programs of the churches. It has helped Church Wide Service to minister to the starving refugees of the Nigerian-Biafran crisis, and other similar emergencies from disasters. Its major thrust is providing aid for the root causes of hunger with its seeds, tools, fertilizers, and food for work projects.

So far in 1969, CROP has ex-

## Robert Cowan Zone Winner In PP & K Contest

Robert Lee Cowan, son of Mr. and Mrs. Jack Cowan of Stanton, won first place in

Robert Lee Cowan

zone competition for the annual Punt, Pass, and Kick contest held Saturday, October 18, at East Side Memorial Stadium in Midland.

The win entitles Robert to enter district competition to be held in Dallas Saturday, October 25. He will be accompanied by his parents to the event.

Robert will be competing with eight year old boys throughout the Dallas Ford Sales District, for the honor of appearing in area competition at the Cotton Bowl in Dallas.

This marks the first time that Stanton has advanced a winner to the Dallas competition.

## Ann Haggard Elected HCJC Cheerleader

Ann Haggard, daughter of Mr. and Mrs. Buster Haggard, Star Route, Stanton, was elected to be one of the five cheerleaders at Howard County Junior College for 1969-70. The cheerleaders will perform at all home games of the Jayhawk basketball team.

A graduate of Flower Grove High School, Miss Haggard is residing in the Women's Dormitory for freshman year at HCJC.

## Bufs Play Host To Crane Eleven Friday Night

Stanton High School Buffaloes will play host this Friday night to the team Crane, for Stanton's sixth football game of the season.

Stanton will possibly be without the services of halfback Alan Gregston, who received chest injuries in the past rough McCamey game.

Injuries this season has been a constant burden on the team. Coach Gerald Loyd reports very enthusiastically however, about his players' morale, despite the injuries and the hard-luck losses. "The teams' spirit has remain extremely high. With the losing streak we have unfortunately had recently, you would expect to lose some players because of the morale fracture, but we have in fact, not lost one player since the season began, and have had three boys joined the squads since the season began."

Loyd reports that sifting of positions due to the injuries, is actually giving some second string players valuable experience.

"We had at one time in the McCamey game, four sophomores in the backfield, and we

# Gold Star Boy, Girl To Be Tapped

The annual Martin County 4-H Club Achievement and Appreciation dinner will be held this Saturday night at 7:30 p.m. at Cap Rock auditorium.

Highlight of the evening will be the presentation of the county Gold Star award to a Martin County boy and girl for their outstanding service in 4-H Club work. Last year's winners of the coveted award was Debbie Hazlewood and Willie Wells.

## Local 4-H'ers Win At State Fair

Two Martin County 4-H members, Robert Cox and Gary Hanson, were among the blue ribbon winners at the recent State Fair of Texas in Dallas.

Robert, son of Mr. and Mrs. Bob Cox, placed 11th in the Hereford steer competition, and sold his steer to Texas A&M University. Robert age nine, is a first year 4-H'er.

Gray, placed eighth with his Chester white pig in the pig classes. There were approximately 16 entries in Gary's class. Gary is the son of Mr. and Mrs. Gerald Hanson of Stanton.

## Halloween Fair Slated Oct. 27

The annual Halloween Carnival, sponsored by the Buffalo Booster Club, will be held Monday night, October 27, at the American Legion Hall.

Corky Blocker, president of the club, stated the carnival would open at 6 p.m. and continue until 10. The traditional booths and games are planned for the affair, which is the principal fund raiser for the Booster group. Food and drinks will also be served.

In addition to the carnival, the Boosters will have a special Halloween treat this year on both Monday and Tuesday nights, October 27 and 28, with their Haunted House open for ghostly visits from dark until 10 p.m. on both nights. The Haunted House is located at 401 North College.

## PP And Kick Winners Are Announced

The annual Punt, Pass, and Kick competition sponsored by White Motor Company, was held recently in Buffalo Stadium, and the following boys have been announced as winners.

Eight year old winners: first place, Robert Lee Cowan; second place, Kendel Blocker, and third place, Van Gaskins.

Nine year old winners: first place, Tommy Morrow; second place, Charles Ray Phillips, and third place, Wayne Atchison.

Ten year old winners: first place, Tim Glynn; second place, Russell Conner, and third place, Scott Creech.

Eleven year old winners: first place, Raymond Villa; second place, Randy Conner, and third place, Gary Hanson.

Twelve year old winners:

The award is based on an individual's contributions to the 4-H organization, their records, and how they personally apply the 4-H creed and code to their lives.

Seventy-nine other awards will also be presented by county agents Mrs. Mildred Elliott and Billy Reager. In the ceremonies, which will be headed by Doris Howard, council president, 12 district awards will be given to county members.

Guest speaker for the evening will be patrolman Bob Williams of the educational division of the Department of Public Safety. Williams will speak on the dinner's theme of "Citizenship."

Preparations for the covered dish dinner, are being directed by the county council composed of Miss Howard, Willie Wells, Deborah Holloway, Debbie Hazlewood, and Elizabeth Flanagan.

## R. C. Burleson Died October 15 In Lubbock

R. C. Burleson, brother of Stanton residents John Burleson and Dee Burleson, died October 15 in Lubbock. Burial was in the City of Lubbock Cemetery on October 17.

Burleson, 81, was a realtor, and had been a partner in Burleson and Osburne Realtors for the past 30 years.

He is survived by his wife, Lillie, of Lubbock; one son, Bill, of Dallas; four sisters, Mrs. Katie D. Show, Dallas; Mrs. Bessie Williams of Fort Worth, Mrs. R. E. Batron, of Brownwood, and Mrs. J. K. Barfield of Ft. Sumner, New Mexico, and his brothers of Stanton.

Trophies will be presented to these boys during pre-game ceremonies at the Crane-Stanton football game to be held this Friday night at 7:30 p.m., in Buffalo Stadium.

Fifty boys participated in this year's contest, and congratulations are offered to winners, and the fine showing that they made.

White Motor Company also wishes to express its appreciation to the Stanton Optimist Club for their co-sponsorship, and to Junior High coaches Gosdin, and Bethel, who were official judges for the event.

# Outdoors In Texas

By VERN SANFORD

Want to know the easiest way to get flounders?

Your best bet is to go after them at night with a Coleman lantern and a sharp-pointed gig. You simply wade along in knee-deep water, hold the lantern so it lights up the bottom, then when you see an oval outline with two eyes reflecting like diamonds, drive the gig home and you have a flounder.

This is an excellent way to stock the freezer with flatfish. But it isn't a very sporting way of catching flounders. That gig doesn't give the flounder any chance at all of fighting back.

A more sporting way to catch flounders is with hook and line. This takes considerable know-how and patience, but once you have experienced the fight that a hooked flounder can wage, you will admit the extra effort is worth the trouble.

A popping rod with a baitcasting, spin-cast or spinning reel is ideal for the job. You'll need a supply of triple hooks, sizes 4 and 6; some quarter-ounce pinch-on sinkers, and some floats.

Best bait to use is live mudfish or mullet, about one to two inches in length. You can also use either live or dead shrimp. Often, however, the trash fish will beat the flounder to these baits.

During the fall and winter the best flounder fishing will be in fairly deep water, around jetties and along the edges of ship channels and natural passes. In warm weather flounders move up on flats where bait fish tend to congregate. Consequently in the spring and summer you will find the best flounder action in water three to four feet deep.

Each season requires a special type of rigging and fishing. Let's consider the spring and summer fishing first. Rig your float or cork so that the baited hook will suspend a few inches off the bottom. Make your casts TOWARD the current, then allow the current to carry the gait along. Thoroughly fish the area in this manner before moving to a new location.

Remember in flounder fishing that flatfish don't go charging after the bait like most fish do. They will take it only when it passes close overhead or nearby. They will grab a bait and then settle back down into their bed.

Keep this in mind and don't set the hook too soon. Let the fish take the bait well into its mouth... then sock it to him. At first it will feel as though you have snagged the bottom, but once the fish feels the bite of the hook, it will start to put up a fight.

In fishing for flounder in cold weather and in deep water don't bother to use a float. Instead cast out and allow the baited hook to sink to the bottom. Then slowly reel it in. Do this in the same unhurried manner as you'd work a plastic worm while fishing for black bass. Again cover an area thoroughly before moving to a new spot.

In cold weather the strike is like that in warm weather. At first you think you have snagged the bottom. Sometimes this may be the case. But play every "snag" as though it was a flounder. Tighten up the line... then set the hook.

Use care in getting the hook out of a flounder's mouth. This fish has very sharp teeth that can cause deep wounds.

## Symphony Tickets Now Available

Season tickets are now on sale for the Midland - Odessa Symphony and Choral concert season, including concerts in Odessa on Monday nights, and in Midland on Tuesday nights. The first concerts of the season will be on October 27 and 28, featuring one of America's most brilliant young pianists — James Dick, in Beethoven's most popular piano concerto, the "Emperor."

A pre-Christmas concert on December 8 and 9, will include music of a lighter vein, a "semi" pops concert. On February 16 and 17, the metropolitan star, Maureen Forrester, contralto, will be presented with the orchestra. The March 23 and 24 concerts will feature the winners of the National Young Artist Competition, held annually in Midland - Odessa under the sponsorship of the orchestra. The Midland-Odessa Chorus, under the directorship of B. R. Henson of Fort Worth, will sing with the orchestra on April 27 and 28.

Reserved section tickets are \$17.50 for the series of five concerts, general admission seats are \$12.50 and student tickets (elementary through college) are \$4.00.

Tickets may be purchased by writing the Midland Symphony Association, P. O. Box 4332, Midland, Texas 79701, or Odessa Symphony Association, P. O. Box 2342, Odessa, Texas 79760. Season tickets will also be available at the door at each concert.

## Bad Weather Slows Cotton Harvesting

The weather has slowed harvesting, just as it was gaining momentum. Grades of samples were improving too, says B. B. Manly, Jr., in charge of the U. S. D. A.'s Cotton Classing Office, Abilene. Grades were beginning to improve, indicating that cotton had been killed and stripped before rain. Earlier some cotton had been killed and received several rains before it could be harvested. Reports indicate a lot of cotton has been defoliated this week and weather permitting, the harvest should get underway next week.

A breakdown of grape, staple, and mike for last week is as follows: Grades 6 31 per cent; 40, 1 per cent; 41, 15 per cent; 51, 10 per cent; 61, 2 per cent; 32, 5 per cent; 32, 41 per cent; 52, 15 per cent; 33, 1 per cent; 43, 3 per cent; Below Grades, 1 per cent, and 3 per cent of the samples classed were bark bales. Staple — 28, 6 per cent; 29, 49 per cent; 30, 34 per cent; 31, 6 per cent; 32, 2 per cent; 33, 1 per cent; 34, 1 per cent, and 35, 1 per cent.

## County Agent's Column

Lice that are on your cattle now are the ones that start the winter infestation, reports County Agent Billy Reazor. Since lice don't fly, and they don't spend any time on the ground or in the brush, treatment of lousy cattle now will kill all of the lice that are on your cattle, and the cattle will stay free of lice this winter, unless they come in contact with a lousy animal.

Don't wait until your cattle are rubbing the fences down before you treat for lice. Treat cattle by a thorough spraying or a good dipping now before the weather gets bad and their hair gets long. Ice treatment for lice is put off until cattle are noticeably infested, the cattle have been weakened and the lice are more difficult to control.

Insecticides and application rates recommended for lice control on cattle are listed in the "Texas Guide for Controlling External Parasites of Livestock and Poultry," which is available in your local county agricultural agent's office. Before buying insecticides for spraying or dipping cattle, read the label on the insecticide container completely. Pay particular attention to warning and restriction listed on the label, check on waiting periods — especially if some treated cattle may be going to slaughter.

### Tax Man Sam Sez:

The Internal Revenue Service is asked very often to recommend a good tax practitioner. Congress has carefully spelled out that Internal Revenue and its employees WILL NOT recommend any practitioner. There are a number of ways that you can determine if a practitioner is well qualified. There are five generally well qualified groups: (1) Of course, attorneys who specialize in tax work have professional qualifications. (2) Certified Public Accountants also have certification that they are qualified professionals. (3) The Internal Revenue Service, as prescribed by law, gives an examination to determine qualifications of other practitioners (other than lawyer and CPA's) to practice before the conference sections of IRS and tax courts. Each year in September this examination is administered, and there are a dozen or so who qualify in each district throughout the country. Naturally these people have proven their competence in the tax field when they qualify in this examination. (4) Former Internal Revenue employees who are professionally certified, are also issued a card to practice after appropriate investigations. These former IRS employees cannot work on any case they investigated in IRS. (5) to be a Public Accountant in Texas you must meet qualification standards established by the State Board of Texas. (Many Public Accountants specialize in tax work, and are qualified.) There are many other tax practitioners who work from a full time basis to a few days around April 15. Many of these people have very high qualifications and exceptional competence. Others have none. The best way to evaluate these people is to check their educational qualifications, their experience, and their reputation. It should be obvious that if a man was a grammar school dropout and has worked at ditch-digger for 50 weeks of the year, that he is not likely to be well qualified to prepare your tax return.

## Texas American Drilling No. 1 Fay Holt Flynt

Texas American Oil Corp. of Midland, was drilling below 11,572 feet in lime and shale towards an Ellenburger goal of 13,600 feet in No. 1 Fay Holt Flynt, Martin County prospector, after recovering oil on two drillstem tests.

The unidentified interval between 9,213 and 9,247 feet was checked for three hours with the recovery being 1,200 feet of gas in the drillpipe, 210 feet of 36.5-gravity formation crude and 90 feet of drilling fluid.

Initial shut-in bottomhole pressure in 30 minutes was 83 pounds, flow pressures ranged from 66 to 83 pounds, and the final shut-in pressure, also 30 minutes, was 150 pounds.

The second horizon — also unidentified — from 9,436 to 9,476 feet surfaced gas in 23

minutes during the two-hour test, there was no measurement on the volume.

Recovery was 110 feet of 39.2-degree oil and 560 feet of drilling fluid. Pressures on that investigation registered 4,283 pounds on the one-hour initial and final shut-in pressures and flow pressures were from 100 to 217 pounds.

The prospect is 990 feet from south and 1,980 feet from west lines of league 248, Hartley County School Land survey, 25 miles northwest of Stanton, and 5 1/4 miles southeast of the Block 7 (Devonian and Ellenburger) area and 1 1/2 miles southwest of a 13,393-foot Ellenburger failure. It also is 4 1/2 miles northwest of the Lenora West (Pennsylvanian) reservoir.

Abode Oil Co. of Midland, finished No. 1-A Sale Ranch as a 1 1/4-mile southwest out-post to a 6 1/2-mile northwest extension area of the Spraberry Trend Area in Martin, 12 miles northwest of Stanton.

It flowed 266 barrels of

## Farmers Urged To Participate In State Survey

The annual survey, the basis for the official crop production estimates for Texas, and each of its counties, will soon be underway.

County Agent Billy Reagar explains that this is an important survey, since the information gathered is used for many purposes. Certain farmers and ranchers in Martin County will be among the 35,000 in Texas receiving a questionnaire, he adds.

Those who receive the questionnaire are urged to complete it as soon as possible and return it to the Texas Crop and Livestock Reporting Service, Box 70, Austin, Texas 78767. Accuracy in completing the questionnaire is stressed.

The survey is a joint responsibility of the Texas Department and Agriculture, and the U. S. Department of Agriculture's Statistical Reporting Service. Cary D. Palmer is the state statistician, and his office will be mailing the questionnaires.

The county agent noted that county data bulletins for 1968 are now available from state statistician, or from the Texas Department of Agriculture.

38.5-gravity crude and 40 barrels of water in 24 hours through a 20-64-inch choke and 40 barrels of water in 24 hours through a 26-64-inch choke with surface pressure 160 pounds from perforations between 8,384 and 9,024 feet. Gas-oil ratio was 1,297-1, and the interval had been stimulated with 3,500 gallons of acid, 80,000 gallons of fracture fluid, and 160,000 pounds of sand.

It is 1,320 feet from north and east lines of section 28, block 37, T-1-N, T&P survey. John L. Cox of Midland plans No. 1 Wells as a 1/2-mile northeast and southeast out-post to the Martin sector of the Spraberry Trend Area, seven miles northeast of Stanton.

It spots 1,320 feet from south and east lines of section 37, block 35, T-1-N, T&P survey. Proposed goal is 8,400 feet.

### Wife Versus Parents

If a bridegroom is lucky, his bride and his parents will work out their new relationship in sweet peace and harmony. But what if they don't — and he is "in the middle?" Where do his duties lie?

By and large, the law says his wife comes first. Take this case:

A man was haled into court by his wife for non-support. In his defense, he explained: "I gave every nickel I make to my elderly parents. I just feel they need the money more than we do."

But the court decided this excuse, and ordered him to start taking care of his wife. The judge said she had first claim on his earnings.

A similar principle applies to the family domicile. A man accused his wife of desertion, after she walked out on him. But in court, she pointed out that she had good reason for leaving: her husband allowed his mother not only to live with them but also to run the household with an iron hand.

Ruling in the wife's favor, the court said:

"When a man marries and founds a new family, he assumes new duties. When these conflict with his former ties, they must be held paramount. The very existence of the family depends on this principle. Whatever his filial obligations may be, a man may not bring his mother to reside in his new home. That place belongs to the wife."

Nevertheless, the law does not insist on total estrangement of a husband from his parents.

A public service feature of the American Bar Association and the State Bar of Texas. Written by Will Bernard.

The common North American toad can lay 28,000 eggs in a 10-hour period.

Patronize your home town merchants and lay away for Christmas gifts now while the things you need are in good supply!

## PERSONALS

Lewis Stewart recently attended the Slatten-Brown reunion in Cisco.

Danny Fryar has recently been transferred to Ft. Sill, Oklahoma. Mrs. Fryar, the former Linda Glaspie, and daughter, Kristi Lynn, will move to Ft. Sill to make their home there, while Fryar continues his tour of duty in the service.

David Howard, son of Mr. and Mrs. Burnell Howard, is currently stationed at Ft. Bliss, at El Paso, and is in boot camp training with the

Country to widespread belief, it was not the invention of the steam engine which led to the industrial revolution, but the "flying shuttle," a mechanical device for the weaving and spinning of cotton goods.

The first instance of Congress exercising its constitutional power to declare war was the declaration of war against Great Britain in 1812.

Only country in the free world where automobile registrations are going down is Burma, where 29,378 cars were registered on Jan. 1, 1968, a decrease of 122 for the previous year.

## Lamesa To Get Federal Grant For Park Land

A \$5,600 federal matching grant has been approved for development of park land in Lamesa in Dawson County, according to Pearce Johnson, chairman of the Texas Parks and Wildlife Commission.

These funds will be matched on a 50-50 basis by the City of Lamesa, in a \$11,200 project to develop 6.4 acres of land owned by the city on North Ninth Street. An existing playground will be developed to support fish life and thereby provide fishing for the general public.

Picnic facilities and landscaping will be included in the project.

Funds for the federal grant came from the Land and Water Conservation Act of 1965 which is administered on the federal level by the Bureau of Outdoor Recreation, U. S. Department of the Interior. These funds are derived from the sale of the \$7 Golden Eagle Passport, the sale of surplus government property, federal motorboat fuels tax, and other recreational funds.

The original project was submitted by Carroll A. Taylor, city manager of Lamesa. Pearce Johnson is state liaison officer for the fund, and responsible for reviewing projects and proposals submitted for federal assistance.

Patronize your Stanton merchants, and save money!

Arranged an impressive table display of Beta Sigma Phi items for the rushees to get a better view of sorority traditions.

A salad supper was served from a table covered with white linen and appointed with milk glass.

Those attending were: Mrs. Corky Blocker, Mrs. Butch Cain, Mrs. Chuck Elmore, Mrs. Henry Graves, Mrs. Tommy Newman, Mrs. Jerry Wald, Mrs. Henry Watson, Mrs. Charlie Burnett, Mrs. Jerry Bethell, Mrs. Ulen North, Jr., and hostess, Mrs. Phil Stovall.

## Clyde Millers Return From Recent Trip

Mr. and Mrs. Clyde Miller have returned from a recent trip to Fort Walton Beach, Florida, where they visited their son and family, Mr. and Mrs. Virgil Miller, and Michael.

The Millers also traveled to Winnfield, Louisiana, to visit Mr. and Mrs. R. C. Carpenter, Miller's mother. While in Winnfield, the Millers also visited Miller's sister, Mr. and Mrs. H. V. Keen and family.

Mr. and Mrs. Miller then traveled to Dallas, where they were guests of their daughter and family, Mr. and Mrs. Billy Cox and daughter, Jennifer.

Mr. and Mrs. Miller were accompanied by their daughter on the trip.

## Eastern Star Activities

Stanton Chapter 409 Order of Eastern Star, initiated W. L. Rasure into the chapter recently. There were 37 persons present for the initiation from Odessa, Midland, Lamesa and Coahoma.

Also there were three grand officers present, D. L. Adcock, Masonic ambassador committee; Ella Mae Adcock, Estaral Committee from Lamesa, and Ross Hays, Ambassador Committee of Stanton.

## Springs Flow Again

The Kawan Springs, once site of a resort, were plugged up by the great earthquake which shattered Northern California in 1906. Another earthquake rocked the area last week — and the seven springs are flowing again, forming pool and streams of running water.

## Farm & Ranch Review

### Texas Turkey Industry Day

The annual 1-day session is designed to update producers, processors, hatcherymen, suppliers, servicemen, and others interested in the Texas turkey industry on latest research and current happenings. Ben Wormell, extension poultry specialist, said the program would be held in the ballroom of Texas A&M University's Memorial Student Center. It's that once - a - year opportunity to visit friends and at the same time pick up valuable information on what's new in the turkey world, he added.

### Fight The Fire Ants

A coordinated southwide fire ant eradication program has been endorsed by agricultural leaders from the 12 southern states. This vicious and damaging insect now infests 120 million acres in nine states, including 37 counties in Texas. They have increased their range eight-fold in the past 20 years. They continue to move steadily west and north from the Southeast Texas area, noted Reed Green, extension survey entomologist. The proposed program could cover a 12-year period under Federal-State cost sharing and

### VEGETABLE DUO

2cups coarsely grated carrot (2 large carrots). Packed down  
1 cup water  
2 cups knife-shredded cabbage, packed down  
1 tablespoon butter  
Into a 10-inch skillet turn the carrots and water. Bring to a boil; cover and boil gently until tender — about 10 minutes. There should be some liquid in skillet; if not, add a little water. Add cabbage, salt and butter, cover and gently until cabbage is tender-crisp and liquid has evaporated — 5 to 10 minutes.

Life span among insects ranges from less than two years in some May flies, to as long as 50 years for queen termites.

### Everest's Height

The new figure established for the height of Mt. Everest is 29,028 feet. The National Geographic Society has accepted the new figure, but many mountaineering groups still hold to the traditional 29,992 feet.

take a close look at their breeding programs. Their suggestion — breed dairy cows to the best proved dairy strains available. Texas has less than half as many dairy cattle as 10 years ago, and only about a third of the number of 20 years ago, points out A. M. Meekma, extension dairy specialist.

## A Free Gift For You!

We invite our friends and customers to come by and get acquainted with our free gift offer. With each ten gallon purchase of gasoline we give a certificate and three of these certificates entitle each customer to an attractive tankard. Use the tankards for milk, tea or other favorite beverages. It's a good idea.

# The Launching Pad

By NEAL ESTES

**R**OBERT LEE COWAN, age 8, son of MR. and MRS. JACK COWAN, this city, won the zone championship in his age bracket in Midland the past week in the Ford Motor Company sponsored Punt, Pass, and Kick contest. ROBERT LEE entered the competition set up by White Motor Company in Stanton. Approximately 50 boys entered in Stanton and more than 100 in Midland. It was the first time a local lad had won the championship trophy. ROBERT goes to Dallas for further competition this week and if he wins there he progresses to the final level of competition. The young Stantonite is a personable lad and it was my pleasure to take him in my car to the high school football field and make the picture that appears in this issue of the paper. ROBERT LEE is in the third grade. He is the type of boy that every mother and dad in the land would like to call son. Win or lose in the Dallas PP&K competition, ROBERT LEE COWAN has already won a big place in the hearts of those who know him and I am happy to be counted in the group.

**E**very afternoon a band of boys gather for practice on the football field in Stanton. The Buffaloes have tasted victory but one time this season and there is a strong possibility that they will not notch another triumph because of the tough competition ahead. But the win record is not really important. What matters is the spirit of the players—the fact that not a single young man has quit practice and turned in his uniform because the team was not winning. It takes real power—lots of fortitude—a dedicated purpose to keep moving when it would be so easy to toss in the towels. A regular hurricane of injuries has plagued the team and week after week injuries have forced star players out of the competition but Stanton has always fielded eleven men and that will be the case when the final whistle is sounded to end the season's play. A longtime Bison fan told me in his place of business Monday afternoon how he admired the team. He said, "I don't think finer boys ever represented Stanton High School." I agree. And for what it might be worth to the Buffaloes, I can honestly say I know how the fellows feel because I played left end and on a school team once that never won a single game all season.

**T**he Midland Reporter-Telegram editorially endorsed an idea advanced this week by a police officer in West Virginia calling for a "National March of Confidence." The nation's policemen and firemen would be asked to stage a march on November 10, the day before Veterans Day. November 10 is also observed as the Marine Corps birthday. The police and firemen would march in support of our government and our boys in Vietnam. The November 10 date would be used to offset any further protest marches or gatherings as used recently by those individuals who evidently do not believe this country has any cause at anytime to fight for. The originator of the October Moratorium Day was a disciple of EUGENE McCARTHY, a politician of the pink hue and one time candidate for the presidency. He has threatened to hold a larger demonstration sometime in November.

**N**ever in the history of this nation has a band of minority malcontents been so active so early in expressing criticism of the man who chased them from the temple. HUMPHREY, McGOVERN, KENNEDY, and McCARTHY, the four horsemen of the liberal left wing of the Democratic Party have been the backers of every movement engineering to embrace President NIXON. But the fact remains it is almost a leadpipe cinch that none of the men mentioned above can win the country's top job. KENNEDY has already announced that he will not be a contender for the nomination of his party in 1972. His hopes drowned with MARY JO KOPECHNE at Chappaquiddick last July. GENE McCARTHY lost his bid for the nomination of the Demos in Chicago, lost his wife through separation and has announced he won't run for reelection to the U. S. Senate. McGOVERN is not well known and comes from one of the smallest states. HUMPHREY has already been repudiated at the polls by the people. SENATOR MUSKIE of Maine is too sectional. He comes from the clam and cod country and it not friendly enough for inhabitants in the remainder of the Nation. True enough, MUSKIE, a Polander, lacks the prestige and lustre of the true-blue back bay characters. But he has a background without any hint of the aristocratic aura that swirls around the LODGE-KENNEDY outfit. In other words, MUSKIE does not come under the definition of the Boston jingle that goes, "Here's to dear old Boston, the land of the bean and the cod, where the KENNEDYS speak only to the LODGES and they speak only to God." MUSKIE appears as a rural bumpkin who always heads for the wagon when his tan shoes start hurting his tired feet. If the Democrats don't start grooming a candidate from the conservative segment of the party their chance of defeating NIXON in 1972 are nil. Besides, at this writing, the President continues to enjoy the support of the majority of people in the nation.

**M**R. and MRS. WOODFORD SALE dropped by to see ex-neighbors, the W. H. (BILL) TERRY family in Ranger recently. They mailed your writer a clipping from the Ranger newspaper concerning BILL. He has been made a vice-president at the First State Bank in Ranger and is also serving as loan officer. TERRY, a graduate of Stamford High School and Hardin-Simons University, Abilene, was previously associated with

**CRANE STARTERS** — Quarterback Ricky Anderegg (20) takes the hike from center Curtis Blake (65) during practice, while Crane High's strong backfield stands ready. At right halfback is Jerry Smith (37), fullback L. V. Tension, and left half Benito Flores. The Stanton Buffaloes will be hosts to the Cranes Oct. 24 in a District 5-AA game.

got to see what they could do under pressure and what to expect from them next year." Loyd reported.

"Every boy we have had to send in to play ball has given his best performance possible," Loyd commented.

Crane has been beaten by larger schools such as Seminole, and Monahans. Crane is reportedly a large team that has lots of speed.

The bout of the two teams will start at 8:00 p.m. at the Stanton High School football stadium, tomorrow night.

October 16, and was defeated 16 to 8. The Buffs only TD came on an intercepted pass by Gary Henson. Forsan also scored on an intercepted pass and on a pass. Except for the one TD pass the Buffs defense looked good. The offense just couldn't move the ball. Joe Louis Marquez did a good job on offense and defense. Other outstanding players were Gary Henson, Tommy Coates, and Dennis Stevens. The seventh and eighth grades will travel to Coahoma this week. The seventh will start at 5:30, and the eighth starting about 7:00.

The eighth graders are starting early this year trying to get money for the graduation banquet. They are selling pens.

This week was study week. We had our nine week test. Our report cards will go out next Friday, October 31.

We are going to have our pep rally Thursday from 3:00 to 3:30. We would like to see all of you there.

Approximately 60,000 persons died in the great earthquake of 1775 in Lisbon, Portugal.

banks in Abilene, Andrews, and until recently in Stanton. In announcing the appointment of TERRY, the president of the Ranger bank, GLYN GILLIAM, said: "We are delighted to have MR. TERRY join the staff, and he brings to the position a wealth of education and experience which will be an asset to the bank and to the entire community. This newspaper previously published a story on BILL TERRY and we were happy to get this additional information concerning his career from the WOODFORD SALES.

**"I said- if you need a hearing aid, get one!"**

It's a lot less noticeable than making people shout at you.

Faulty hearing is no disgrace. Like poor eyesight, it can generally be helped. Let us show you how truly inconspicuous a modern hearing aid can be. Like the SONOTONE, the hearing aid worn entirely in the ear. For a free hearing test in the privacy of your home, just call, write or visit —

## Stanton High School News

By DORIS HOWARD

Homecoming, nine week's tests, and class meetings are really keeping the high school students hopping. They are finding out that studying isn't all there is to high school.

Robbie Hazlewood, Debra meeting Tuesday, to decide on dues for the present year. They elected a committee of The senior class held a Holloway, John Anastasio, Howard, Allene McMillan, and Becky Fryar to work on the homecoming float. The projects for this year were also discussed.

The freshman class won the best poster of the week. The poster parties are held every Wednesday night from 7:30 to 9:00.

### 4-H Club News

The Friendship 4-H Club met Saturday, October 18, at the court house. The president, Elizabeth Flanagan, called the meeting to order. The minutes were read by Diana Wells, and the pledges were led by Vicki Graves.

Refreshments were served by Elizabeth Flanagan, and Darrel Wells, Willie Wells and Vicki Graves gave the project demonstration. Vicki's demonstration was about "Safe in the Saddle," and Willie's on "Repairing of Plugs."

We discussed our 4-H projects and our citizenship workshop. Achievement night was held October 25, at Cap Rock at 7:30. We decided our projects this year will be elec-

mission. The Badgers scored on a short drive, which saw Graves pass to McMarilyn for the TD. Bolen split the uprights for a 14-12 edge for McCamey.

McMarilyn, who played a great game on offense and defense, intercepted a Buff pass moments later at the Stanton 30-yard line and raced in for the score. This time, the PAT failed, but the Badgers led, 20-12.

Stanton closed the gap to 20-18 when Glen Ray passed six yards to Larry Adams for the score, and Ray then ran over for the two-pointer to tie it 20-20 in the third period.

McCamey iced the game in the final period, when Bolen booted at 32-yard field goal, and Kyle Bolen passed 37 yards to Mike Thomas for the Badger's final TD. Gary Bolen's extra point attempt was true for a final 30-20 tally.

The victory moves the Badgers into tie with the Crane Golden Cranes, 28-0 winners over Ozona in another loop opener.
