**Fingers Of All Ages Reach For These Tasty Cookies**

Holiday season is rapidly advancing, and now is the time to start thinking about making candies, cookies, pies, and other homemade goodies for the season.

Two of the more delicious and easiest cookies to make in large quantities, are crisp "Double Peanut Drops," and No-bake "Jiffy Fruitcake Squares." Because of the rich flavor of peanut butter, these two very different cookies appeal to all ages. Here's how to make them.

**Double Peanut Drops**  
1/4 cup peanut butter  
1/2 cup butter or other shortening  
1/2 cup sugar  
1 teaspoon vanilla  
1/2 cup crushed peanut brittle  
1 cup sifted flour  
Cream peanut butter with shortening. Beat sugar in gradually. Add vanilla and brittle. Gradually stir in

flour. (Mixture will be crumbly.)

Measure heaping teaspoons and, with fingers, shape into round flat cookies. Bake in 325 degrees F. oven for 15 minutes. Makes 45 cookies.

**Jiffy Fruitcake**  
15 ounces raisins  
1 lb. pitted dates  
1/4 cup crunchy peanut butter  
2 lbs. mixed diced candied fruit

Grind raisins and dates together. Add peanut butter and mix thoroughly. Add candied fruit and mix well. Line wto 8x8 2-inch pan with wax paper and press half of mixture into each. Chill in refrigerator 36 hours before cutting into squares. Make 50 pieces.

**Philosopher Doesn't Want To Be Nominated To Anything; Couldn't Stand The Investigation**

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw, takes a sidelong glance at a national issue this week. It's hard to say what he sees.)

Dear editor:

I don't want to get involved in any Supreme Court controversy, in fact after eight years of Viet Nam I'm afraid "involved" is a word everybody is a little shy of, but according to all the newspapers I've been able to get hold of out here on this Martin County grass farm in the last few weeks, there's a great controversy raging over the appointment of somebody to fill a vacancy to the high court.

I don't bother with personalities. I don't know the man the President has nominated. I don't even know any of the members already on the court or recently forced off. I've never been, even before a traffic court, not to mention the Supreme Court, and my position is if they'll leave me alone I'll leave them alone and up to now I've held up my end of the bargain, whether

they have or not, but what I started out to say is that I hope nobody nominate me to anything. The country is getting too enthusiastic about checking up on people.

I mean, say somebody is nominated to something and you turn all the newspaper and television reporters and columnists loose on him, not to mention the F. B. I., three or four dozen lawyers, and 50 or 60 Congressman and Senators, each one fine-tooth-combing everything in the man's part, and the question naturally arises: where's the man whose entire past can stand such a glare? How many can you name? Look around carefully.

In don't mean to say anybody nominated to a high post shouldn't be investigated thoroughly he should, that's a risk of the game and a democracy should demand no less.

All I'm saying is that if anybody has in mind nominating me to anything, I'd like to say right now I decline, to there two many twists and turns in life for a man to have avoided taking a few wrong ones, sometime or other, makes no difference how well he has his bearings now.

In politics, my theory is the less you investigate a man the more honest you'll find him to be.

Yours faithfully,  
J. A.

and for man. And it is not in imitation but in the in-coming Christ. One cannot conquer by trying to imitate a Christian or even Christ. Some are always trying, and asking Him to make them good. Like the little girl, they pray, "O Lord, make me a good girl; and if You do not at first succeed, try, try again."

Crown Christ King and claim victory. It is ours for the taking, for He will command deliverances!

**MILK INTAKE**  
An adult should drink at two glasses of milk each day, according to the U. S. Department of Agriculture's Daily Food Guide. Milk can be whole, skimmed, low-fat, instant non-fat, evaporated, or buttermilk. Some of this amount may be supplied by cheese and ice cream.

Another snack has been born for snacking Americans: crisp, dry celery. The dehydrated vegetable is processed by explosion-puffing. U. S. Department of Agriculture scientists say it retain good flavor, texture, and color. It is ideal for dehydrated soup mixes and other prepared foods.

Non fat dry milk contains all the nutritive elements of whole fluid milk, except vitamins A and D. And it has only half the calories, reports extension foods and nutrition specialists.

Beef prices are generally lower than they were last summer, and there are more "specials" on chuck roasts and steaks, boneless rolled roasts, ground beef, some rib roasts, round steaks, and liver.

Pork prices are mixed, with some cuts costing more and some less. The price of bacon is down to its normal pattern for this time of year, although ham and fresh pork loins are a little higher.

Mrs. Clyatt said egg prices remain about the same as for last week. Turkeys prices are trending up a bit, and will likely cost more this Thanksgiving, compared to the 1968 holiday period.

Patronize your home town merchants and lay away for Christmas gifts now while the things you need are in good supply!

**Bible Comment—**

**Conversion Often A Matter Of Conscience**

Conversion, as the word implies, mean a turning about. And no turning about was ever more complete than that in which St. Paul turned from his persecuting zeal of threats against the disciples of the Lord, to become a Christian disciple himself.

Sudden conversions, strange as they may seem, have been by no means rare. In many instances they are not as sudden as they seem to be.

The experience of sudden conversion though may be very real and may offer a clear evidence of this determining cause.

Often it has come through crucial or enlightening experience, which has changed one's views and attitude. It is as if one has always lived in a valley. Then one day, clim-

bing a mountain peak, one sees a world that was never dreamed of.

There can be peaks, too, on which the atmosphere of the soul can be completely changed.

Complete conversions, either sudden or through some long process, are not as unexplainable as they sometimes seem to be.

Underlying such conversions is usually a conscientious attitude. In these cases, conversion means a change of association and allegiance, rather than a change from a life of sin to a life of righteousness.

Paul said he lived in all good conscience all his life. Others called his Christian way heresy, but he called it still worshipping the God of his fathers.

**Seeds From The Sower**

By Michael A. Guido, Metter, Georgia

Some time ago a preacher announced there were 726 sins. He was besieged by requests for that list by people who felt they were missing something.

But there are and sins in any list which are not included in the conquest of our King. If He is reigning on the throne of our hearts we can say with the inspired writer of Psalm 44:4, "Thou art my King, O God, command deliverances."

The deliverance is not in suppression but in salvation. What is the use of tying down the lid if the pot is boiling? Salvation keeps one from boiling within as well as without. It does more than curb sin, it cures sinning.

It is not in reformation but in regeneration. Overcoming sin is not something man does in himself, but something the Lord does in man

**Torino. High Style.**

Nothing in its field can match it for luxury.

The elegant Torino Brougham is rich in looks, lavish in appointments. Compare it to other intermediates. You won't find its equal anywhere—not in appearance and certainly not in price. It has a longer wheelbase for a smoother ride. A wider track for better road holding. Hideaway Headlamps, concealed windshield wipers, 302 CID V-8 are just a few of the standard features. Take your choice of 2- or 4-door hardtops. Either one is worth a visit just to see how beautiful it is.

**Torino. High Performance.**

New SportsRoof styling... six great V-8's.

Torino GT gives you the ride, the handling, even its own aerodynamic SportsRoof styling that adds to your go. And you can go all the way up to the 429 Cobra Jet Ram-Air V-8 with a living, breathing, through-the-hood snaker. Then add our new Laser Stripes, high-back buckets, 4-speed Hurst Shifter... you get the idea. Park the GT if you want to collect a crowd, and take them on a cruise if you want to dazzle them.

Torino GT SportsRoof

**Torino. Low Price.**

Lowest priced hardtop in its class.

This is the beauty that caught the competition napping. You won't find a lower priced intermediate hardtop anywhere in the country. Yet it offers you many features you'll find only on the more expensive Torino models. Longer wheelbase. Wider track. Curved side glass. Concealed windshield wipers. Fiberglass belted tires, and more. # Christmas Gifts Morrow Urges Early Mailing Of U. S. Servicemen's Parcels

Bill Morrow, Stanton postmaster, announced that the annual "Christmas Mail Early" campaign for servicemen overseas has started in Stanton and throughout the nation.

Morrow reports that surface mail to servicemen and dependents should be sent between October 23 and November 8, for sure delivery before Christmas.

Space available for air transportation, should be mailed between October 24 and November 22, and parcel airtight mail should be sent between October 27 and November 29.

Also, Morrow reminds that airmail articles should be mailed between December 1 and December 13.

This Christmas campaign applies only to armed forces personnel and dependents

Charter No. 8094

who receive their mail through the Army and Fleet post offices in New York, San Francisco, and Seattle, Washington.

Morrow states that packages should be carefully wrapped because of the tremendous influx of mail to these channels.

He suggests that all articles should be packed in boxes of wood, metal, solid fiberboard, or strong double-faced corrugated fiberboard.

More packing hints Morrow suggests, are that all fiberboard boxes be wrapped in heavy paper then tied with cord. Articles should be cushioned to prevent rattling, and each should be tightly filled to prevent crushing, Morrow said.

The postmaster said that a slip showing a list of contents and the name and address of the sender and addressee should be enclosed in the parcel. Morrow said forms for customs declaration must be completed before sending some parcels.

Matches and lighter fluid may not be mailed overseas.

Some military posts prohibit cigarettes and other tobacco products, coffee, and various other items. Check with the post office if in doubt.

Domestic rates of postage are applicable and the postage must be prepaid. Air mail articles weighing seven ounces or less, are charged at the rate of 10 cents per ounce.

Morrow said parcels paid at surface postage rates, and weighing not more than five pounds, nor more than 60 inches in length and girth combined, will be airlifted on a space available basis. A fee of \$1.00 will be charged for a parcel, not exceeding 30 pounds, or 60 inches in length and girth combined, for air transport.

There is no simple yes or no, answers Mildred Eiland, extension agent.

The more than 20 kinds of margarine fall into six types: regular, whipped, soft, premium, unsalted, and low-calorie.

Each contains 80 percent fat blended with milk or cream. Each is fortified with vitamin A and some with vitamin D.

Other ingredients, such as salt, may be added to improve the product.

The most common type is regular margarine. Generally it is made from soybean and cottonseed oil, and costs less than the other types. Prices range from 30 cents a pound for national brands, to 18 cents a pound for the store's private label brand.

Regular margarine are all-purpose — may be used in cooking, baking, frying, as a seasoning, and for tablespreads, Mrs. Eiland says.

Inert gas is injected into whipped margarine to increase its volume. Six sticks are packed in the 1-pound package.

Pound for pound, whipped margarine has the same number of calories as non-whipped margarine. On a volume basis — say stick for stick — whipped margarine has about one-third less calories.

Soft margarine's consistency is due to its high liquid oil content. Because of its softness it its package in one-half pound tubs.

Higher liquid oil content of soft margarine alters fat composition, giving it a higher proportion of polyunsaturated fat than regular margarine, Mrs. Eiland notes.

Premium margarine generally are made from more expensive oils and cost more than regular margarine. They always must be refrigerated to protect their delicate flavor; this adds to their distribution costs. Premium margarine have the same all-purposes uses, but many people feel they have a plus in flavor.

Unsalted margarine are made without salt for people on special restricted diets, and those who prefer an unsalted tablespread.

Low-calorie or diet spreads are labeled imitation margarine.

# 33,680 Texans Being Trained By Labor Dept.

Texans numbering 33,680 were among the 655,000 persons being trained or assisted by ten major Labor Department Manpower Programs on August 31, according to an announcement by Secretary of Labor George P. Shultz.

These figures include all those in employment, training, and work-experience programs, including the Job Corps, which was transferred to Labor from the Office of Economic Opportunity July 1. Nationwide, more than a million opportunities have been available during the past year for the jobless, the

figure, because they contain about half the 80 percent fat of regular margarine. Therefore, imitation margarine has fewer calories than regular margarine. The ingredient listed first, and therefore present in the largest amount, is water. Mrs. Eiland does no recommend imitation margarine for baking or frying.

underemployed, the welfare recipient looking for work, the young, and the elderly. All these programs are being directed by the Labor Department's Manpower Administration, or jointly with the Department of Health, Education and Welfare, Texas Employment Commission carries out the Manpower Programs in Texas.

July was the month having most program participants, mainly because of the stepped-up summer activities of the Neighborhood Youth Corps, whose nation-wide combined summer and in-program were up nearly 100,000 above 1958.

A breakdown of the August training figures shows the following participation by program:

— Manpower Development and Training (helps unemployed gain new skills, and underemployed upgrade skills, by training either on the job or in school), 77,437 — 34,102 on-

ce), 371,300 — 338,400 in-school and summer programs, 32,900 out-of-school. In Texas, in-school and summer (on-the-job), 29,525. In Texas, 2,625.

— Job Corps (residential program of human renewal and work readiness), 17,677. In Texas, 1,922.

— Operation Mainstream (pays older workers in small towns and rural areas to work on public improvement projects, 11,980.) In Texas, 457.

— New Careers (opens up public-service type jobs leading to careers for poor and unemployed), 3,382. In Texas, 193.

— Concentrated Employment Program (provides one-stop service for all manpower and related program services required by areas and people most in need), 78,923. In Texas, 4,499.

— Work Incentive program (moves people from welfare

Book Week. Children can find  
so many interesting things  
outside of their school books.  
Your library has a large  
number of messy books, which  
need to be replaced. If you  
have children's books in your  
home library which you would  
like to share with our  
many interested readers,  
please donate them. Also a  
donation of money will be a  
great help, as your librarian

has lists of recently publish-  
ed children's books, ranging  
from gaily colored picture  
books for the very young, to  
junior novels, which she will  
select.

One of the best habits a  
child can form is making use  
of the library. The children  
are interested, they need  
support. Give some thought  
as to what you can do for the  
Book Week.

During the month of Octo-

### PANAMA HATS

The so-called Panama or  
Jipijapa hats, made of Toqu-

illa straw, are manufactured in  
Ecuador. They are called  
"Panama" because gold rush  
pioneers first found them on  
sale there.

### LOBSTER'S HABITAT

The common lobster lives  
among the rock ledges off the

shores of the Atlantic Ocean  
north of Cape Cod, particu-  
larly in rock crevices below  
low water.

Andrew Johnson, because of  
the unusual number of his ve-  
toes of Congressional bills,  
was nicknamed "Sir Veto."

# WELCOME EX-STUDENTS

Homecoming is always the banner  
day of the scholastic year for the many ex-

# Cassandra Bridge Weds J. C. Pannell

Miss Cassandra J.ene Bridge and John Clayton Pannell were married Saturday morning in the home of the bride's maternal grandparents, Mr. and Mrs. V. E. Phillips, Sterling City Route.

Parents of the couple are Mr. and Mrs. Ervin Bridge, Garden City Route, and Maj. and Mrs. Ernest E. Pannell, 2101 Morrison, of Big Spring.

Performing the double ring ceremony was the Rev. W. H. Uhlman, pastor of the First Baptist Church at Stanton.

The couple stood before an improvised altar accented with a large arrangement of gladioli and stock flanked by trees of greenery.

The bride was attired in a white crepe street-length dress fashioned on A-lines and belted with a bow at the back. The bodice was styled with mandarin collar and long, gathered sleeves, widely cuffed. The sleeves and front of the dress were appliqued with white satin and lace roses. Her shoulder-length veil of silk illusion fell from a he-

addressed piece of white organza bows and appliqued rose buds. She carried a Bible covered with lace-trimmed white crepe and topped with orchids and French cananions showered with satin ribbon.

## ATTENDANTS

Miss Bonnie Kennedy attended the bride as maid of honor, wearing a street-length dress of blue lace trimmed with satin. Her nosegay was of white Frenched carnations tied in matching satin.

Gary Walterhalter served as best man. The couple was honored with a reception immediately after the wedding. Guests were registered by Miss Mandy Phillips, of Plains, and those attending from out of town were Mrs. Addie Pannell of Lolata, grandmother of the bridegroom; and Mr. and Mrs. Jim Renfrow of Brownfield, grandparents of the

bride, and Mr. and Mrs. Gene Phillips and Brady, all of Plains.

Refreshments were served from a table laid with a white linen cloth and centered with an arrangement of white carnations and snapdragon flanked by candelabra. The tiered cake was topped with a miniature bridal couple and heart silhouette of ruffled net.

The bride is a senior at Big Spring High School. Prior to this year, she attended school in Stanton, where she was a member of the band, Future Teachers Association, Future Homemakers of America, and Lomax 4-H Club.

The bridegroom graduated from Big Spring High School, where he was a member of the band, and is now employed by Hardin Well Service of Coahoma.

Following a wedding trip to Ruidoso, N. M., the couple will reside at 805 E. 6th, Big Spring. For traveling, Mrs. Pannell chose a red wool dress with black accessories, and wore the archid from her bouquet.

**L**EVY STRAUSS COMPANY will establish a clothing manufacturing pilot plant in Midland Industrial Park. Decision to locate the plant in Midland County followed a comprehensive campaign in the area to line up prospects for a huge labor pool. The Martin County followed a comprehensive campaign in the area here. Applications will be accepted by interested parties from this county for employment in the STRAUSS operation. The manufacturing facility will be in a 3,000 square foot building to be erected by the Midland Industrial Foundation at a cost of \$200,000 and leased to STRAUSS operations. The initial number of workers now being considered by STRAUSS amounts to 1,500. This will be the tenth STRAUSS plant in Texas.

**T**he week of November 9-15 has been proclaimed American Education Week. Next Tuesday will be observed as Veterans Day. The November 11 date will also mark the fiftieth anniversary of the American Legion's first national convention held in Minneapolis, Minnesota. A second holiday will be observed in November on the 27th, when Thanksgiving Day is celebrated.

**M**artin County residents will attend two special days here this weekend. On Friday, November 7, the Homecoming festivities will get underway at the local schools. On Saturday, November 8, the annual Capon Show will be held. Both events are expected to draw large crowds to Stanton. Get ready to enjoy a fine two-day program here at home Friday and Saturday. The Homecoming will be marked by a parade and two contests to name queens.

**H**ow about the recent weather? On Friday of last week the first light frost made a debut. Monday morning, real early, the mercury hit the freezing mark for the first time this year. Since Monday, the temperature has ranged as low as to the mid-thirties. The weather menu for the rest of the week calls for warm days and real chilly nights.

**M**RS. EMMA WHEELER, manager of the local Chamber of Commerce, called us to say the Midland Chamber of Commerce had telephoned her office to compliment the work accomplished by the local organization in handling distribution for the recent survey cards used to find how much available labor could be counted on from Martin County in the event an industrial plant was located in the area. Sure enough, LEVI STRAUSS COMPANY decided the survey results justified the location plant in Midland.

**T**he financial statement of the Flower Grove Independent School District appears in this issue of the official county newspaper. Grady and Stanton previously ordered their statements published. The financial report of the First National Bank also appears in this issue and reflects the financial health of the community. The City of Stanton financial report was published two weeks ago as required by law. As far as we know only one other financial statement of operation is due to be submitted to the paper for publication. Now that the local hospital is supported with a tax collected from the taxpayers of Martin County, the people are looking forward to a financial report from that institution.

**T**he changed mood of the voters continued through major elections held Tuesday and endorsed the policies of President RICHARD NIXON by electing two more governors. NIXON stuck his political neck out and went into Virginia and New Jersey to help elect two Republican governors of those states by speaking in their behalf. The Republicans now control 32 of the 50 state-houses.

**N**EAL'S NUGGET: Keep your eyes on the big headlines and your ears tuned on the tv because the big scandal of the JOHNSON administration is yet to be revealed. The block buster could get real close to this community. Limitation does not run on bad judgment or malfeasance in the administration of taxpayers money for public projects. Remember that. Also remember that all the rubbish has not been swept under the rug yet.

# Stanton High School News

By DORIS HOWARD

Hillbillies, cowboys, and scared freshmen, are all mixed together this week to make a very unusual week at Stanton High. Every day of this week is thrill packed, but will be climaxed Friday night, as the mighty Buffaloes take on the Ozona Lions.

—SHS—

To add a little humor and fun to homecoming week, each day has been given a specific title, and the students dress according to that title. On Monday, the week was started with Dress-Up Day, followed by the Hillbillies on Tuesday, Wednesday, Freshman Day, proved to be exciting for the western dressed upperclassmen, but pure torture for the freshmen. Thursday brings sweat shirts to school, while Friday is Whispy day, and students can only wear school colors.

—SHS—

The freshmen class this year is going to have more than a sore, peanut-pushing nose when the day's over. The rules for our '69-70 freshman are as follows:

1. Wear an old shirt backwards with the school song written on the back, and tie.
2. Wear Levi's inside out, and backwards.
3. Wear pants rolled up to knees, and two different socks.
4. Bring a shine rag and be ready to use it.
5. Girls wear 20 pony tails, and boys wear 5 pony tails, with red ribbon around them.
6. Be prepared to recite nursery rhymes or the school song.
7. Boys must wear a diaper over their Levi's.
8. Wear a picture of a fish around your neck.
9. Carry a baby bottle or pacifier with you at all times.
10. Boys wear make-up and red lipstick. Girls come make-up-less.
11. Bow to all seniors, and compliment all teachers.
12. And smile, the day will over before you know it!

—SHS—

Thursday afternoon school will let out early, so the students can start building the traditional bonfire. The bonfire is set to be lit after the junior varsity game Thursday night. We're going to try to make this a double victory bonfire, with the junior varsity beating Coahoma Thursday, and the varsity beating Ozona Friday. Everyone is encouraged to help build a "biggest bonfire ever."

—SHS—

Shakey hand and butterfly-filled stomachs will belong to the four nominees for homecoming queen, when Friday rolls around.

Representing the senior class is LaWanda Glaspie, 18, daughter of Mr. and Mrs. Claude Glaspie. As a freshman, LaWanda was elected class favorite, and cutest couple. She was a nominee for homecoming queen her sophomore year, then was elected most mischievous, and citizen of the month, her junior

## Mrs. Bob Costey MCCC Chairman

Mrs. Bob Costey was named general chairman at a recent organizational meeting of the Womens Auxiliary to the Martin County Country Club.

The meeting, held in the club-house, was attended by 27 persons.

Mrs. Glen Linder will serve as social chairman, Mrs. Fred Bowlin, ways and means, and Mrs. Ronnie Gilbreath, publicity.

Mrs. O. D. Snodgrass and Mrs. Bernard Houston will give bridge pointers at the clubhouse on the second and fourth Monday nights, beginning at 7 p.m., and golf tips will be given at 9 a.m. on Saturday mornings by Charlie Burnett, golf pro, it was announced. These events are open to women members of for private lessons.

year. As a senior, LaWanda is now serving as president of the Pep Squad, and is the senior class secretary.

Carlene Walker, 17, daughter of Clarence Walker, is representing the junior class of Stanton High School. Carlene is well-rounded, and a very popular student in high school. She attends many of the school activities, and adds her support where ever it is needed.

Judy Costlow, 15, daughter of George Costlow, will be representing the sophomore class. Judy is currently in the band, FTA, FHA, Student Council, and Math Club.

Cindy Wheeler, 14, daughter of Mr. and Mrs. F. C. Wheeler, will be representing the freshman class. Cindy is a member of the Pep Squad, basketball, team, FTA, FHA, and is now serving as secretary of the freshman class.

The queen will be selected by the SHS faculty, and representative of each class. The winner will be announced during the half-time activity at Friday's game.

—SHS—

The theme chosen for the homecoming floats is "Beat Ozona." Each year every class enters a float with their class nominees riding on it. Various clubs also will enter a float in the competition. This year, the Pep Squad is entering a float with the homecoming queen of 1968-69 riding on top. This float is also the one the nominees will ride on during half-time activities. The first place float will receive \$20, the second place will receive \$10, and the third place float will receive \$5.

The parade will be immediately following the pep rally. The band, floats, victory bell, and all sort of decorated cars will be present in the parade. Just be on Main Street Friday, and you can't miss it.

presented Mr. and Mrs. Fisher to the high school students Tuesday morning, with a fine program. Mr. and Mrs. Fisher are from West Germany, and travel all over the world presenting programs with their six dogs. These dogs have performed to students everywhere, and have even had roles in a motion picture.

—SHS—

A homecoming dance, sponsored by the Student Council, will be held in the gym following the game Friday night. The Student Council have found a group from a neighboring town to provide the entertainment.

—SHS—

This week the students of SHS have tried extra special to arouse spirit and encouragement to the Buffalo team so they will know we are all behind them in their game with Ozona Friday. We hope this homecoming will be a victorious as the one last year.
