Sawyer Is Named Farmer of the Year

Field Stanley
Box 612
2-77

At Martin County Chamber Banquet

TOP FARM COUPLE—Gwen Sawyer and her husband, George D. (Shot) Sawyer display the plaque symbolical of his election as Martin County's outstanding farmer. As busy as they normally are, it's a good thing he got the award in the off season—otherwise he might not have had time to accept it.

"We've got to cut spending," so stated Rep Tom Craddick of Midland, when he was guest speaker for the Martin County Chamber of Commerce. "This tax-and-spend business is no joke any more. If we continue the attitude of not what can we cut out but what can we add on, then what will be done the next time?" statements which drew applause from the audience. Craddick lashed out at the legislature for tax-and-spend philosophy, and called for a code of ethics which will "show where every member got his money, how much he's got, and where he's getting his money now."

He spoke on the initial sales tax signed by Gov. John Connally, in which Connally stated the state would never need another tax. On this, Craddick said, "We've increased it every session since, and we may get a personal income tax." If the proposals before the Legislature are enacted, Craddick said that we are looking at a billion dollars in new taxes.

Craddick ridiculed the pay hike in members salary, and stated, "every member knew what it paid before he ran for office, and if he can't get by without taking something under the table, he ought to get out."

George D. (Shot) Sawyer received the Outstanding Martin County Farmer award. Sawyer with his wife, Gwen, and two children, Shirilla, 10, and Dennis, 3, farms 800 acres in the Lenora area. He was presented the award by Jake Hodges. In Sawyer's spare time, he does custom hauling and combining. The Sawyers are active in the Lenora Baptist Church, and he is a member of the Grady School board.

Charles Elmore, outgoing president of the CC, reported a number of projects the Chamber of Commerce accomplished. (Continued on page 8)

FCA At SHS To Sponsor MOD Drive Soon

The Stanton High School Fellowship of Christian Athletes will sponsor a March of Dimes "donation per point" drive at the Crane vs Stanton basketball game in the high school gym, Friday night, January 29, according to Coach Bill Young, a director of the Martin County March of Dimes Committee.

The youths will set up a booth at the game, and the public may make a donation for each point scored by the Stanton Buffaloes, whether it be a penny per point scored, a dime for each point scored, or a dollar per each point. Any donation will be accepted.

Martin County will retain 37.5 per cent of the donations contributed, while the remainder goes for basic research and professional and public education.

Other board of directors include: Kathleen Lewis, Carrol Yater, Dr. Thomas Miller, A. J. Smith, and Young.

United Methodist Church News

Members of the Women's Society of Christian Service and or the Wesleyan Service Guild of First United Methodist Church, of Stanton, will participate this week in one of the most important annual observances of United Methodist women throughout the United States.

The Call to Prayer and Self-Denial focuses on prayer, a deepened spiritual life, a guided mission study, and a much needed self-denial offering for special mission work in the United States and around the world. More than 1.5 million women in 38,000 societies and guilds in all 50 states will join in the observance.

The Call, inspired by the needs and the opportunities to be made possible by self-denial gifts, is sponsored by the Women's Division of The United Methodist Board of Missions. One of the four major units of the Board of Missions, is the national body through which all local women's societies and guilds function.

The major events of the observance are the Quiet Day, prayer, meditation, a silent meal, and an interpretation of the mission projects for which the special offering will be made.

KEY FIGURES IN MARTIN BANQUET—Charles (Chuck) Elmore, left, and Bob Deavenport, right, his successor as president of the Martin County Chamber of Commerce, talks with Rep. Tom Craddick, Midland, speaker at the annual banquet held in Stanton Saturday evening. Rep. Craddick turned loose a withering attack on policies and his colleagues in the Texas Legislature.

Stephen Hale Passed Away In Big Spring

Stephen Franklin Hale, 60 died at 9:15 a.m. January 20, in Medical Arts Hospital in Big Spring after a long illness.

Services were held at 3:00 p.m. January 21 in the Primitive Baptist Church in Midland. Elder B. R. Howze of Big Spring, and Elder J. E. Barrington of Midland, officiated with burial in the Resthaven Memorial Park in Midland, under the direction of Gilbreath Funeral Home.

He was born August 21, 1910, at Coahoma, where he had been a resident for 46 years. He was a member of the Primitive Baptist Church.

He is survived by two brothers, A. C. Hale of Coahoma, and I. B. Hale of Stanton; five sisters, Miss Edna Hale and Mrs. A. L. Ledbetter, both of Stanton; Mrs. E. E. Dickie, of Gatesville, Mrs. Laverne Woody of Kerrville, and Mrs. O. C. Hart of Midland.

SIGNS PROCLAMATION—Martin County Judge, Carrol Yater, signs the proclamation claiming this week as "3.76 in '76 Week," a project of the agriculture industry. Billy Reagar, Martin County Agricultural Agent, and Don Tollison, chairman of the Martin County Program Building Committee, looks on as Judge Yater signs the proclamation.

Adobe Oil Has Three New Producers In Martin County

Adobe Oil Co. of Midland, is responsible for three new producers in the Spraberry Trend area of Martin County.

No. 1 Louder, 1/2-mile south extension, completed to pump 231 barrels of 39.2-gravity oil and 30 barrels of water on a 24-hour potential test, with a gas-oil ratio of 520-1.

Production was through perforations at 7,906-8,889 feet, which had been treated with 3,000 gallons of acid and fractured with 80,000 gallons and 240,000 pounds of sand, in 5 1/2-inch casing cemented at 8,980 feet, total depth.

Wellsite is 1,320 feet from north and west lines of section 37, T-1-S, T&P survey.

No. 2 Louder, 1/2-mile south of the No. 1, was completed through shot holes at 7,925-8,833 feet, to pump 244 barrels of 39.1-gravity oil and 30 barrels of water daily. Gas-oil ratio is 614-1. Producing interval had been acidized with 4,500 gallons and fractured with 80,000 gallons and 240,000 pounds of sand.

Total depth is 8,980 feet, with 5 1/2-inch casing set on bottom.

It spots 1,320 feet from south and west lines of section 37, block 37, T-1-S, T&P survey, eight miles northwest of Stanton.

Operator's No. 4-E Sale Ranch, 11 miles northwest of Stanton, and 1/2-mile south and east extension in the Sale Ranch portion of the field, flowed 227 barrels of 39.8-gravity and 10 barrels of water on a 24-hour potential test, through a 16-64-inch choke and shot holes between 8,144-9,134 feet, with a gas-oil ratio of 814-1.

Drilled to a total depth of 9,230 feet, where 5 1/2-inch casing is set, operator treated with 2,000 gallons of acid and 80,000 gallons and 240,000 pounds of fracture material.

It is located 1,320 feet from south and west lines of section 17, block 37, T-1-N, T&P survey.

Western States Producing Co. completed four projects in the Martin County part of the Spraberry Trend Area, about 11 miles northwest of Stanton.

No. 2 Frazier, a one-mile south extension, finished to flow 265 barrels of 38.7-gravity oil and 28 barrels of water daily, through a 25-64-inch choke and perforations at 7,968-8,975 feet, which had been acidized with 3,000 gallons and fractured with 80,000 gallons plus 180,000 pounds.

It spots 1,320 feet from south and west lines of section 4, block 37, T-1-S, T&P survey.

No. 2-A Cross, 1 1/4-mile northwest extension, was completed to flow 238 barrels of 38.7-gravity oil and 40 barrels of water on 24-hour potential test.

Production was through a 28-64-inch choke and perforations at 7,968-8,958 feet, after treatment with 3,000 gallons of acid and 80,000 gallons and 180,000 pounds of fracture.

Wellsite is 1,320 feet from south and east lines of section 25, block 37, T-1-N, T&P survey.

No. 1 Hazlewood, 1/2-mile south and east extension, finished to flow 232 barrels of 38.9-gravity oil plus 42 barrels of water per day, through a 28-64-inch choke and shot holes at 7,929-8,908 feet, which had been acidized with 3,000 gallons and fractured with 80,000 gallons and 180,000 pounds.

Wellsite is 1,320 feet from north and west lines of section 47, block 37, T-1-N, T&P survey.

No. 2 Bazlewood, 1/2-mile south of production, finished to flow 270 barrels of 38.8-gravity oil daily, plus 30 barrels of water, through a 25-64-inch choke and perforations at 7,920-8,895 feet. The section had been acidized with 3,000 gallons and fractured with 80,000 gallons and 180,000 pounds.

It spots 1,320 feet from north and east lines of section 47, block 37, T-1-N, T&P survey.

RK Petroleum Corp. of Mt. Carmel, Ill., completed a new producer, and filed applications to drill three new projects in the Spraberry Trend Area of Martin, approximately four miles southeast of Tarzan.

No. 1 R. C. Stewart (formerly No. 2), a 1/2-mile south extension to a 2 1/2-mile west extension to the area, was completed through a 12-64-inch

Darrell Royal Named Chairman Of 1971 Campaign

Coach Darrell Royal of the University of Texas at Austin, has been named chairman of the 1971 Easter Seal Campaign in Texas.

R. O. Anderson, Easter Seal representative for Martin County, has been notified by J. O. Settle, Jr., of Fort Worth, president of the Texas Easter Seal Society, that Royal will lead over 35,000 volunteers in the annual appeal for funds.

The legendary director of athletics and head football coach of the Texas Longhorns, Royal rose from a small town in Oklahoma to the heights of college football.

In 1969, his 13th year as head coach, Royal won his second National football championship, and sixth Southwest Conference title by defeating the University of Arkansas by 15-14.

Texas' 21-17 triumph over storied Notre Dame in the 1970 Cotton Bowl was Royal's fifth straight bowl victory in a string which began with a National championship win over Navy in 1964 (Cotton Bowl), and includes triumphs over Alabama (1965 Orange Bowl), Ole Miss (1966 Bluebonnet Bowl), and Tennessee (1969 Cotton Bowl).

"While I appreciate the honor of serving as the 1971 State Chairman," Royal said, "I consider it primarily a challenge—and a way to help motivate fore Texans to give our handicapped a better chance in life."

As state chairman, Royal joins with 223 Easter Seal Appeal chairmen throughout Texas who are participating in the largest funds appeal ever staged by the Texas Easter Seal Society.

Last year over 21,000 crippled children and adults in Texas received rehabilitation and other services rendered by the Texas Society through 20 treatment centers and affiliated Easter Seal chapters, regardless of race, religion, economic status, or cause of crippling.

Darrell Royal, and his wife, Edith, are the parents of three children, and three grandchildren.

If there is anyone desiring a picture in The Stanton Reporter please bring it in on Friday or Saturday.

Stanton
By PEGGYE SORLEY

Congratulations to Mr. and Mrs. George D. (Shot) Sawyer on receiving the Outstanding Farmer of Martin County award at the recent Chamber of Commerce banquet. Jake Hodges presented the award, and Sawyer with his wife, Gwen, accepted. Sawyer was presented the award on the basis of farming abilities, success, and accomplishments in farming, as well as hard work and time consumption. He farms 800 acres of land in the Lenora area, and does custom hauling and combining in his spare time. He also serves on the Grady school board. Sawyer and his wife have two children, Shirilla, 10, and Dennis, 3.

The Stanton Junior High Buffaloes boys team was the victor in the recent Grady Tournament. They won the title by defeating Fluvana, Coahoma, and Grady. Grady boys and girls won the second place trophies. The boys defeated Union and Greenwood, but were ousted from the first place spot by the Buffaloes. The girls team won their trophy by defeating Fluvana and Crane. Greenwood girls won the first place trophy in their division.

You still have a few days to submit names for the Miss February Sweetheart contest. Several names have already been turned in, and the judges are awaiting any other pictures before making their selection Tuesday, February 2. Turn your names in now, and your entrant may be the Miss February winner.

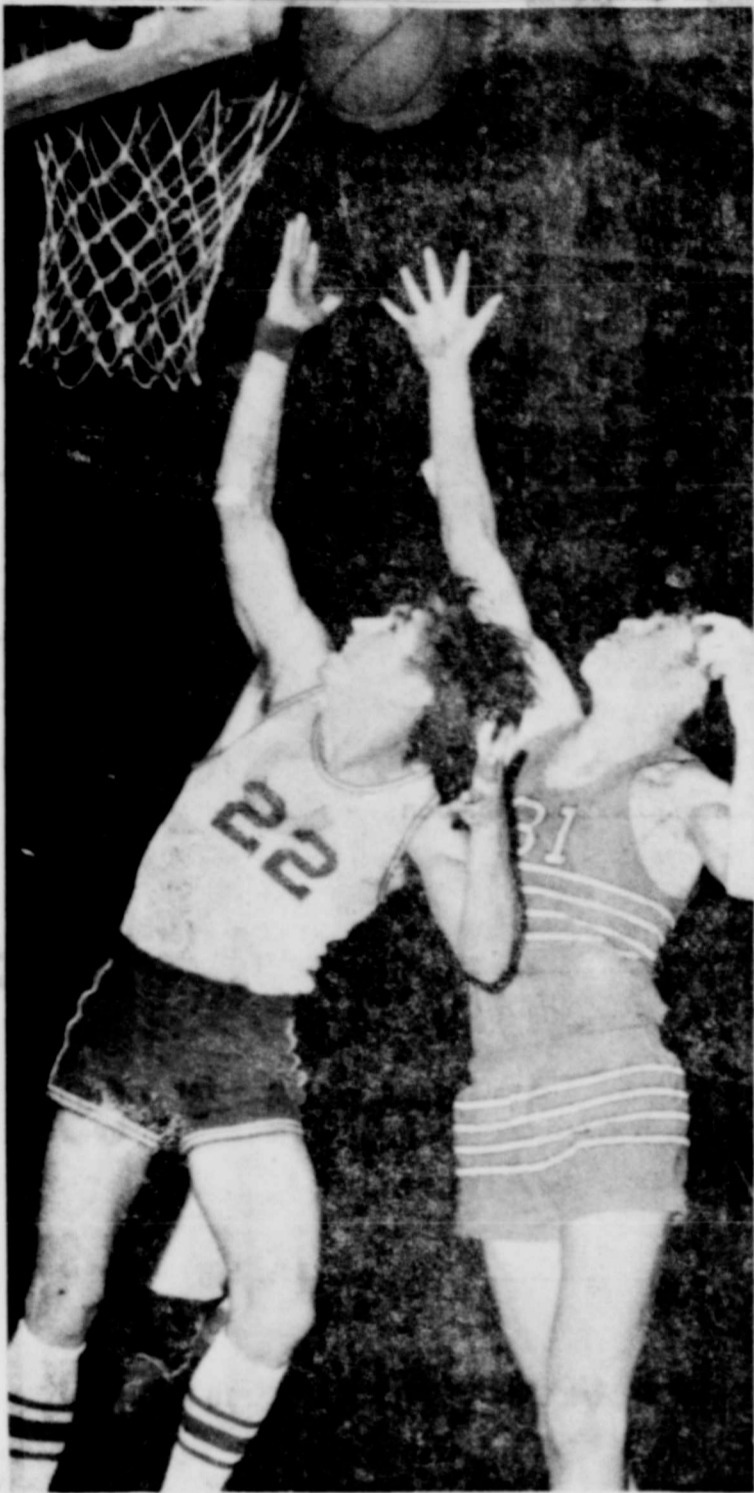

Linda Bess Angel, secretary of the local Chamber of Commerce, told me this past Tuesday that the merchants of Martin County had picked the days of the year that will be set up as holidays for the town. The holidays will be New Year's Day, Christmas, Thanksgiving, Labor Day, and Independence Day. New Year's Day 1972 falls on a Saturday, as does Christmas Day, this year, so the merchants will use their discretion in closing New Year's Eve, and Christmas Eve. Thanksgiving Day will fall on Thursday, November 25, Independence Day will fall on Sunday, and the merchants will be closed on Monday, July 5, Labor Day will fall on Monday, September 6.

Voter registration applications are due by January 29, according to the sheriff and tax collector's office. The courthouse of course is closed on Saturday and Sunday, which makes this due date for appearing in person a must. If applications are mailed in and are postmarked before midnight, January 31, they will be accepted also, the local taxes, school, city, and county are due and payable on January 29, without a penalty. If you mail in your taxes, they must be postmarked before midnight, January 31, to prevent the penalty.

Car license tags will go on sale in Martin County, Monday, February 1. Car owners are urged to bring their registration renewal receipts when they purchase their new tags, according to the tax office. If you have not received your registration receipts as of yet, you are required to bring last year's registration and title in order to purchase the new tags. Tags will be on sale until April 1.

THE STANTON REPORTER

SPORTS

ROY KELLY OF STANTON goes high into the air scrambling for a rebound in last Friday's Buffaloe win over McCamey. The Stanton five came out on top which evened their season mark at 2-2. This Friday the Buffaloes take on Crane here at home with the junior varsity game starting at 6:00 p.m., and the varsity immediately afterwards.

Lions Defeat Buffaloes, 51 To 39

The Ozona Lions came into town last night sporting a league leading 4-0 record, and left with a still unblemished record in league play.

The first period was a defensive seesaw, which saw Stanton leading 6-5 at the end. Ozona started the scoring, but Stanton came back to take the

lead and hold it until Ozona climbed in front 14-13 with Stanton several times coming close, but never quite closing the gap. At the end of the first half the visiting Lions took a 26-19 lead into the dressing room.

The Lions came roaring out at the start of the second half,

and took advantage of several Stanton turnovers to build a commanding 39-28 lead with a little less than two minutes left in the third period.

In the final period of the game Ozona played a deliberate about four minutes left in the half. From that time on the Lions held onto the lead with

ate style, and waited for the good shots, again taking advantage of poor Stanton passing, which gave the ball to the Lions on turnovers, building a lead which ended with Ozona on top 51-39.

Scoring for Stanton were: Dennis Jones, 11; Rick Morris, 7; Glenn Ray and J. Swanson, 5; G. Kitchens, 3; Frank Barnhill and B. Standefer, 2, and George Dean, 1.

High point men for Ozona were: D. Sewell, with 12, and Will Collett, 9.

Friday Night's Game Stanton 58-McCamey 44

With Jackie Swanson and Glenn Ray leading way with 19 points each, Stanton balanced poor shooting in the first and second periods to take a 58-44 win over McCamey in District 5-AA play Friday night here in the Buffs home court.

McCamey started fast with a 5-0 lead in the first minute of action, and after several

Stanton turnovers had jumped to a 13-5 lead. The Buffs came back, but still trailed 15-10 at the end of the first period.

Stanton came charging out at the start of the second period, and with some hot shooting outscored the Badgers 21-11 to take a five-point lead at the half.

With Glenn Ray dominating

the backboards, Stanton outscored McCamey 20-7 in the final period to take the win by a good margin. Ray's rebounding was one of the major factors in gaining the win for Stanton.

Buffaloes scoring: Ray and Swanson, 19; Mims, 17; Mcnefield, 4; Jones, Standefer, 3; Kelly 2, and Kitchens 1.

Junior Buffaloes Triumph In Grady Tourney Saturday

WITH PICTURES

The Stanton Junior Buffaloes boys basketball team was victorious in the Grady Invitational Tournament held this past week-end. Superintendent of the Grady School, L. R. Dunn, presented the first place trophy to the Buffaloes following the final game Saturday night.

The Buffs earned the first place title by first defeating Fluvana 28-26, where Ray Conner was high point man with 10. The Buffs led all the way, with a half-time score of 21-10. In the final quarter, Fluvana got a hot hand scoring 13 points, and holding Stanton to only one point. Time was the main factor, and the clock ran too fast for Fluvana to close the gap.

The Buffs then met the Coahoma Bulldogs in another tight game, with Stanton finally pulling it out 46-44. Vernon Brown bucketed 17 for the Buffs, and Ray Conner contributed 16.

The Buffs led at half-time 34-28. Both teams were out for the win in the final quarter, and Coahoma pulled within a single basket, but was halted there by the Buffs.

The championship game pitted the Buffaloes against the Grady Wildcats. The Buffs completely dominated the opposition, and left the floor at half-time with a lead of nine points. The Wildcats could not contain the Buffs in the second half of play, and the final score of the championship game wound up at 45-33. Vernon Brown scored 18 points for the Buffaloes, while Billy Howard tossed in 14 for the Wildcats.

The Grady boys team won the second place title by first completely smashing the Union Bobcats 49-20. Jr. Rangel tossed in 12 points for the Grady team.

The Greenwood Rangers won the second team Grady met, and eliminated from the competition by a score of 47-35. Jr. Rangel again led the scoring for the Wildcats pitching in 16.

Fluvana won the consolation trophy, and the Coahoma Bulldogs earned the third place trophy.

In the girls competition, the Greenwood Rangerettes won the championship spot, with Grady pulling in second; Crane, third; and the consolation trophy going to Klondike.

The Stanton Buffaloe girls team was put in the losers bracket, when they were defeated by Crane, 31-20. They came back strong in the second game, defeating Fluvana 29-16, but was eliminated from the tourney when they met the strong-shooting, strong defensive team, Klondike, by a score of 67-14.

The Grady girls met the Fluvana team in the first round of play, and trounced them 33-18. Jackie Haggard was high scorer with 19 points for Grady.

Crane proved to be a handful for the Wildcats when they met in the second round of competition. The teams left the court at half-time with the Wildcats having a slim lead of 13-9. However, the Wildcats increased the lead in the third quarter to five points but fell back in the final quar-

LEGAL NOTICE

NOTICE OF INTENTION OF THE CITY OF STANTON, TEXAS, TO RECEIVE BIDS FROM THE GENERAL PUBLIC FOR THE SALE OF 8.02 ACRES OUT OF THE N 2 OF SECTION 17, BLOCK 35, T-1-S, T&P RR CO. SURVEY, MARTIN COUNTY, TEXAS.

Pursuant to Article 5421c-12, V.A.T.S., sealed bids, addressed to the Mayor and City Council of the City of Stanton, Texas, for the purchase of 8.02 acres of land, more or less, out of the N 2 of Section 17, Block 35, T-1-S, T&P RR Co. Survey, Martin County, Texas, will be received by the City Secretary in her office in the City Hall, Stanton, Texas, until 9 a.m., February 12, 1971, and then publicly opened and read aloud in said office by said Secretary.

Said land is more fully described as follows:

That certain tract of land, containing 8.02 acres, situated in the N 2 of sec. 17, Block 35, T-1-S, T&P RR Co. Sur., Martin County, Texas, located about 3 miles N 60° E from Stanton, the county seat of Martin County, Texas, and described by metes and bounds as follows:

BEGINNING at a 9/8" iron rod in the South line of Sec. 8, the NE corner of Sec. 18, and the NW corner of Sec. 17, all in Block 35, T-1-S, for the NW corner of this tract; THENCE N 75° 50' E with the South line of Sec. 8, Block 35, T-1-S, 5222.1' to a point in a North - South fence, from whence a 3/4" iron pipe, the SE corner of Sec. 8, and the NE corner of Sec. 17, bears N 75° 50' E, 56.6', for the NE corner of this tract; THENCE S 14° 23' 50" E with said North-South fence, 43.2' to a fence corner for the SE corner of this tract; THENCE S 75° 07' W with said East-West fence, 2637.8' to a point in the East line of Sec. 18, Block 35, T-1-S, and the SW corner of this tract; THENCE N 14° 23' 50" W with the East line of said Sec. 18, 66.5' to the Place of Beginning, and containing 8.02 acres of land, more or less, and being the same land described in Quitclaim Deed from S. M. Wilkinson to the City of Stanton recorded in Vol. 95, page 397, of the Deed Records of Martin County, Texas.

The City of Stanton will issue a Quitclaim Deed and the bidder must satisfy himself as to title and acquire all desired abstracts and other title information solely at his own expense, and all other costs of sale, if any, must be borne solely by the successful bidder.

The City reserves the right to accept or reject any or all bids, to waive technicalities, to negotiate with any of the bidders, and to make any investigation deemed necessary as to a bidder's financial status.

Postscripts

By PEGGYE SORLEY

I visited the Martin-Glasscock Day Care and Neighborhood Center the other day, and you will find a feature story on it elsewhere in this issue. I think everyone should take a few hours and visit both these places. The women at the Day Care Center are doing the greatest work for the low-income bracket families I have ever seen. I think this program that has been established for Martin County is by far the best one yet. Obara Angel is the teacher at the Center, and showed me around the building and the play area that houses the children. The children seem perfectly contented at the Center, and it is probably due to the teachings, discipline, instructed play-time, good food provided through the people as taxpayers. Many of the children could not speak a word of English when they came to the center, but now Obara takes great pride in telling everyone that not a single child has a great bit of trouble with the English language. I saw proof of this when a three year old Latin boy who could speak no English back in the fall, said the "pledge of allegiance," and "Little Boy Blue," to me and the other pupils. This is challenging work to the teachers and to the children there. The Neighborhood Center is offering to us the English-speaking people, a course in Spanish at the center each and every Tuesday night. Since Martin County is 62 per cent Spanish don't you think it would be a good idea to make an effort to learn the Spanish language, and make progress in bridging the communication gap we have with the majority?

— P S —

The Chamber of Commerce officially named its new officers and directors at the banquet this past Saturday night, and Bob Deavenport received the gavel from out-going president, Charles Elmore. Don Tollison took over the vice-president job from Bob Deavenport, and Glenn Brown took over the secretary-treasurer spot from Jack Ireton. Brown held the treasurer job this past year, and Mrs. Tom Ed Angel is secretary for the Chamber office. Out-going directors are Paige Eiland, Owen Kelly, and Charles Elmore. The board of directors

formation solely at his own expense, and all other costs of sale, if any, must be borne solely by the successful bidder.

The City reserves the right to accept or reject any or all bids, to waive technicalities, to negotiate with any of the bidders, and to make any investigation deemed necessary as to a bidder's financial status.

Neighborhood Center Means Of Communications Gap Abandonment

The Martin-Glasscock Neighborhood Center is a non-profit organization which is 100 per cent government funded. Its primary function is to aid the low-income families in all phases of life, as well as instructing them in becoming a part of today's society.

Tommie Daniel is the director of the local unit with its district headquarters in San Angelo. The center was formed in October, 1968, and has aided hundreds of families. This section of the government program is supported by the Office of Economic Opportunity.

The center has many functions, such as assisting state or welfare agencies composed of social security problems, mental retardation, planned parenthood, welfare cases, the needy, or they also serve as a referral service, if they cannot help with your problem, they refer you to someone who can.

The center does not accept cash donations, but does stress volunteer help is always needed.

Mrs. Daniel says of her work as director, "It is very interesting, there is never a boring moment connected with this work." She said that volunteers are always needed to help with the many services the center offers to the low-income bracket people. Her work consists of daily and quarterly reports of the individuals the center has aided, some public relations work, and setting up schedules to help the various programs of the center.

The various programs consist of a study hall from 6:00 to 8:00 p.m., Monday through

Thursday; Southside Scale Steppers, which meets each Thursday night at 7:30 p.m.; a newly formed course for all people interested in the Spanish-English course which will be held each Tuesday night at 7:30 p.m.; community council, which meets the second Monday night of each month; the Community Parent-Teachers organization, which meets the last Monday of each month at 7:30 p.m., and the Homemak-

ers Organization, which meets the third Thursday of each month at 7:30 p.m. Mrs. James Elland, Martin County home demonstration agent, is the instructor of this club.

Of the new Spanish-English course being offered by the center, Mrs. Daniel says, "I think that the English speaking people should most certainly attend the classes and learn the Spanish language in order to communicate with the

Spanish." She also said, "It is a 50-50 deal, and if we are to bridge the communications gap, we should go our 50 per cent, and learn some of the Spanish language." The course will be taught by Sammie Laws, who has recently completed a Spanish course at Howard County Junior College. Everyone is invited and urged to attend these sessions.

Aurora Sanchez and Oia Scurlark serve the center as

analyzed by government chemists and ought to be discontinued.

Either they don't have enough nutrition, or they have too much mercury or they're hard on rats, the chemists report, which unfortunately are all sound reasons.

Moreover, just yesterday I read that the head of the U. S. Food and Drug Administration reported that his chemists, after a two-year study and analysis, have found that only about one out of five drugs relieve symptoms or cure diseases.

Also, you know, there's a

aides, and are responsible for contacting people in need of help. As outreach workers, they compile information on the people such as their standard of living, wages earned, number of children in the family, and the type of help they are seeking.

They then give aid to these people in the category they fall under, whether it be old-age, social security, or any other type of help they are seeking. These workers also prepare their own reports, which include everything they have completed, and everyone contacted between the hours of 8:00 a.m. and 5:00 p.m.

Mary Marquez serves as secretary to the center, and members of the board includes Bob Deavenport, as chairman; Juan Gonzales, Howard Jenkins, Russell McMeans, Richard Payne, Jesse Nevarez, Jimmy Stallings, John Roueche,

Move Out With An To Allow Deep Eating

move on to ban scores of pesticides used by farmers, as chemists have found trace of the stuff in fish caught a hundred miles out at sea.

In fact, if the chemists keep an analyzing and banning things, before long there won't be anything left to eat.

Clearly, the only solution to this problem is to ban chemists.

Such a solution reminds me of a farmer I know whose wife, swept up by the times, decided to have their water well tested.

"Whatta you want to test it for?" he complained. "Nothing wrong with it. We've been drinking out of that well for 25 years, raised our kid and half the neighbors' kids on it, and everybody appears in good health."

"Makes no difference," she said, "I want it tested."

He took a sample and sent it to the health department laboratory and a few days later the report came back: "Contaminated. Un-fit for human consumption."

"That sure taught me a lesson," he said as he turned on a faucet and took a long drink of water, "I'll never have that well tested again."

Yours faithfully,
J. A.

Edell McAlister, Fred Hernandez, Gerry Gates, and Dan Saunders.

A staff meeting held once a month in San Angelo, is attended by Mrs. Daniel, and the aides often attend periodic training sessions on new projects the center will undertake.

The center is well equipped with a good reference library, and often students will make use of it by doing their homework at the center. The center is to soon have access to a new set of encyclopedias in which the more than 27 students in the study hall can increase their knowledge.

The Neighborhood Center is located at 504 S. St. Francis, in a building which was donated by the Catholic Church. Anyone interested is urged to attend the center on any night.

Chamber Banquet Successful

We felt that the annual Martin County Chamber of Commerce banquet held last Saturday evening was a well organized and interesting occasion. Many people fail to appreciate the time and effort that goes into the planning of such an affair, and a well deserved thanks should go to those responsible for this year's event. The food was good and plentiful, the speaker was excellent, and the entire program lasted only one and one-half hour.

One doesn't have to be a native of Texas to agree with guest speaker Tom Craddock's description of the legislative sessions. The same terms that Craddock applied in describing the Texas legislature could be used to describe the majority of the bodies that sit in the state capitols of the nation. Describing his first term two years ago as an "Almost total waste of time," he continued to say that he thought the current session is starting out the same way. Regardless of party affiliation, Craddock is a Republican, one can only agree with his statement that "We've got to cut spending. This tax-and-spend business is no joke anymore. If we continue the attitude of not what we can cut out but what we can add on, then what will we do the next time?" We came away with the feeling that Tom Craddock is the type of young man we need more of in Austin.

Our congratulations to Bob Deavenport, new president of the Martin County Chamber, and to all the new officers and directors, and to George D. Sawyer, Outstanding Martin County Farmer of 1970. We haven't been here long enough to get to know all of the chamber officers and directors, but those we have met have given us the impression that they will work hard and long for the betterment of Martin County and the community of Stanton.

Martin-Glasscock Day Care Center First Step To Equal Opportunity

By PEGGYE SORLEY

Obera Angel, Mary Ramos, and Cruz Sanchez are the trio behind the success of the Martin-Glasscock Day Care Center. The school days begin for the children at the Day Care Center at 8:00 a.m. and ends at 5:00 p.m.

Nineteen pupils begin the day by repeating the "pledge of allegiance" to the flag, followed by a "creative-doing" period until 9:00 a.m. The children have different games, toys, and educational tools to help in their learning.

The school began in September, 1969, and is restricted to the low-income families. When the children become three years of age, they are eligible to enter the school. It is operated by the federal government from the HEW, Department of Health, Education, and Welfare.

The pupils are taught English by the use of records, words, toys, etc. According to Mrs. Angel several of the children could speak no English when they began classes at the school, but now everyone can speak the language well.

Mary Ramos, assistant instructor, stated, "I speak no Spanish to the children unless I have to in order to communicate with them. She said that several times the children could not understand instructions in English, then she would relate the instructions in Spanish.

The children particularly enjoy the art class Mrs. Angel and Mary Ramos prepare for them. Mrs. Angel and Mrs. Ramos recently received a certificate in elementary art from Midland College, where they attended night classes

from September to December. They were also taught art classes by Mrs. Pat Huddleton at the Alamo Elementary School in Odessa, and received a 15 hour completion certificate from the art workshop.

Mrs. Cruz Sanchez is responsible for the feeding of the children, and prepares two snacks a day, and a nutritious lunch. The children have their snacks at 9:30 in the morning, and their lunch at 11:30, which is followed by an afternoon nap while the teachers prepare lesson plans for the rest of the day. After the nap, the children resume their normal lessons and playtime, out of doors if the weather permits. Mrs. Angel said, "Often we take the children on field trips, if the weather is pretty,"

She went on to say that the children had toured several local sites, such as the park, the baseball parks, and the country club. The children were also taken to the production of "Tom Sawyer" this past summer at the Midland Community Theatre.

Gavino Ortiz presented a short reading to the class and teachers, "Little Boy Blue," and the Pledge of Allegiance, while Veronica Smith presented "Humpty, Dumpty."

The Day Care is a non-profit organization, but donations to the center are appreciated. Many of the local organizations have contributed clothes, toys, books, records, and food to the center. Mrs. Angel stated, "Martin County people are so very nice to help out with the children as far as contri-

buting these things, and many of them contribute some of their time as well." She also said, "The FHA girls are really wonderful, they plan little parties and picnics for the children, and the children will have a Valentine party, thanks to these girls."

Mrs. Angel said that the children should be well prepared when they go into either kindergarten or the first grade this coming year. She stated, "At least it will not be a complete different world, because they have had some training to prepare them for the first days of school." She also said that, "our program is set up to teach the children things they should learn at home but often are forgotten, for example they must say the grace before the lunch is served and immediately following lunch, they must brush their teeth. She said, "These are small things but often things the children have never heard of."

Mrs. Angel stated that the Day Care Center is open from 8:00 to 5:00, five days of the week, and that anyone interested is urged to visit there and observe their teaching system.

Included in the Day Care Center, is Mrs. Angel, who serves as instructor; Mary Ramos, assistant instructor, and Cruz Sanchez, cafeteria employee, and pupils, Veronica Smith, Gracie Gonzales, Danny Grissom, Michael Grissom, Janita Jones, Joanna Montez, Gavino Ortiz, Barbara Ann Rubio, Thomas Rubio, Helen Scurlark, Luis Villa, Denise Young, Jeffery Young, Jennifer Young, Kathy Young, Katherine Scurlark, Christina Sanchez, Nancy Sanchez, and Benny Tarango.

his past year. The main project was the Industrial Foundation, a unit that is working toward the establishment of a nursing home in Stanton, a recreational area at the south edge of town, and also a cable television system.

Bob Deavenport, new chamber president, presented outgoing president Elmore with a plaque honoring his year's service to the chamber.

Deavenport spoke on some of the plans for the coming year, including a long range planning group, and a proposal for renovating the business district.

Installed as officer with Deavenport, were Don Tollison, vice president; Glenn Brown treasurer; Mrs. Tom Angel, secretary. New directors are Tollison, Henry Watson, and Charles T. (Corky) Blocker. Holdover directors are Jack Iretton, Bruce Key, Ed Hall, and Kenneth Holcomb. Retiring this year from the board are Elmore, Paige Eiland, and Owen Kelly.

Stanton School Lunch Menu

Feb. 1st Thru Feb. 5th.
Monday — Salmon patties, pea salad, mashed potatoes, strawberries short cake, hot rolls, butter, and milk.
Tuesday, Pizza beef and cheese, buttered mixed vegetables, mashed sweet potatoes, pineapple pudding, and milk.
Thursday — Fried chicken and gravy, cranberry salad,

buttered peas, chilled apricots, hot rolls, butter, buttered rice, and milk.

Friday — Hamburgers on bun, lettuce, tomatoes, onion, pickles, French fries, fruit gelatin, and milk.

The name Peregrine stems from the Latin meaning "foreign," "pilgrim," "traveler."

Apples were relished by Europe's Stone Age men, who hoarded them in their caves.

SHS News

The Stanton Chapter of the Future Teachers of America met Friday, January 22, to discuss the upcoming trip to the state convention that is going to be held this year in Houston. The trip will be made with Midland Lee and Midland High students. The FTA will leave Wednesday night, February 24, and return Saturday the 27th. It has not yet been decided who will go.

—SHS—
In two overtimes Thursday night the B-team girls beat McCamey 42-39. Fawn Briggs scored 22 points that night. The A-team girls lost to McCamey 48-40. Monday night the girls played Crane, and won. The B-team girls won 61-28. Claudia Nichols was high point girl. The A-team girls zipped by the Golden Cranes 61-47. Jana Hall was high point girl.

—SHS—
The A-team boys ripped the Badgers here Friday night 58-44, taking the District 5-AA victory. Jackie Swanson and Glen Ray scored 19 points each.

The B-team boys defeated McCamey 77-57, when Preston Springer and Duane McMeans scored 16 points each.

—SHS—
The A and B boys play Crane here Friday. Please attend these games and back the Buffs. Thank you.

Temperance, silence, order, resolution, frugality, industry, sincerity, justice, moderation, cleanliness, tranquility, chastity, and humility are the 13 "virtues" Benjamin Franklin tried to practice.

MIKE MORRIS, 20, gets set to shoot in the Buffaloes win over McCamey last Friday. The win over McCamey was the Stanton team's second in league play. After Tuesday's night loss to Ozona, the Buff's are now 2-3.

Proclamation

"3.76 In '76 Week"

WHEREAS, the Texas agricultural industry, in all of its phases, continues to be our most important industry, and

WHEREAS, agriculture continues to have great growth potential in our county with the rewards from such growth accruing to the benefit of all citizens, and

WHEREAS, there is an urgent need for an active crusade to increase the public's knowledge, acceptance, and appreciation for the highly significant contribution which agriculture makes to the economy of our county and to the level of living enjoyed by its citizens, and

WHEREAS, it is recognized that all citizens of this county have a vital stake and a legitimate self-interest in the general well-being of the farmers and ranchers who provided the great abundance and variety of food and fiber of highest quality which we all enjoy, and

WHEREAS, "3.76 in '76" is a well-conceived program designed by the Texas Agricultural Extension Service, with the endorsement and active support of agricultural agencies, organizations, and individual leaders, to help the agricultural industry achieve its full potential through an intensification of efforts by producers, agribusinesses, and professional agriculturists to bring about an increase in income to Texas farmers and ranchers of \$1 billion by the end of crop year 1976, and

WHEREAS, "3.76 in '76" will narrow the gap between knowledge and practice through the coordinated application of improved production and marketing practices that have been proven to be sound and profitable, and

WHEREAS, the achievement of an increase of \$9,832,000 in agricultural income by the end of crop year 1976 will improve the net profit and competitive position of Martin County farmers and ranchers, and most highly significant contribution to the future economy of the county,

NOW THEREFORE, I, CARROL YATER, County Judge of Martin County, Texas, do proclaim the week of January 25-29, 1971, as "3.76 in '76 Week" in Martin County, and call upon all citizens to join in this observance, and to dedicate their efforts to the achievement of its stated objectives.

Dated this 22nd day of January, A. D. 1971.

Signed: CARROL YATER,
County Judge, Martin County.

Baptist Church News

The Bethany Sunday School Class of the First Baptist Church held a farewell party Friday night, January 22, for Mrs. L. C. Stovall. Mrs. Oma Womack was hostess to the covered dish luncheon.

Mrs. Mae Yater gave the prayer, and then the members of the class discussed several businesses of the class.

Those present included Mrs. Lila Flanagan, Mrs. Vivian Tippet, Mrs. Eureka Towerly, Mrs. Jane Stovall, Mrs. Hattie Estes, Mrs. Ruth Holloway, Mrs. Verdie Geurin, Mrs. Mae Yater, and the hostess, Mrs. Womack.

Adobe . . .

(Continued from page 1)
Midland, filed intention to drill No. 1 G. W. Welch as a 1 1/4-mile northwest outpost to a long south extension area of the Sulphur Draw 8,790 Dean) field of Martin County.

Located 19 miles north of Stanton, it spots 1,320 feet from north and west lines of section 27, block 35, T-3-N, T-&P survey. Scheduled depth is 9,100 feet.

John L. Cox of Midland, completed an extension to the Glasscock County part of the Spraberry Trend Area, and staked site for a new location in the Midland part of the Trend.

No. 2 Calverley, a 1/2-mile north extension in Glasscock, was finalized to pump 104 barrels of 39-gravity oil per day, with gas-oil ratio of 915-1, through perforations at 6,676-8,256 feet, which had been fractured with 130,000 gallons.

It spots 1,320 feet from north and west lines of section 37, block 37, T-6-S, T&P survey, 25 miles southwest of Midland.

Cox plans No. 1-E Buchanan as a 3/8-mile southwest offset to the Midland part of the Trend, eight miles east of Midland.

Drillsite for the 9,000-foot project is 1,660 feet from south and 990 feet from east lines of section 30, block 37, T-2-S, W. M. Baldrige survey.

Chilled raw poultry should be stored promptly in the coldest part of the refrigerator and used within one to two days. The transparent wrap on packaged poultry is designed to control moisture loss, and is suitable only for short term home refrigeration.

Bees are more valuable as pollinators of blossoms than for their production of honey and wax.

The first copyright entry in the United States was "The Philadelphia Spelling Book," registered in 1790 by John Barry in the United States District Court of Pennsylvania. Since then the Library of Congress has registered more than 13 million copyrights.

Caribou are probably the most migratory of all deer.

Robert Haikes, an English newspaper publisher, is known as the father of the Sunday school movement.
