**TIME TO CHANGE CLOCKS** — Mary Beth Tollison, daughter of Mr. and Mrs. Don Tollison, is reminding everyone that once again its time to change our clocks as Daylight Savings Time arrives. This annual ritual is sche-

duled to transpire at 2 p.m. on Sunday morning, April 25th, and all clocks should be set ahead one hour. Don't forget, or you may be arriving at church on Sunday when everyone else is leaving.

## New Regulations Concerning Marriage Licenses

We've been hearing a lot about the 18 year-old vote in the upcoming 1972 election... according to recent figures there will be about 10 million of them eligible to vote and many of the leading contenders for the presidential nomination are already out after the young voters.

As of now... it seems that Vietnam is still the number one issue with these young people and I wonder how many of them will remember that it was the late President John Kennedy who sent the first combat troops to Southeast Asia in 1962?

I wonder if they will remember the August 7th, 1964 Tonkin Gulf Resolution passed by Congress. This resolution was, in effect, a declaration of war. Muskie voted for it... so did McGovern and Humphrey.

Will they remember that when the Eisenhower-Nixon team left the White House in 1961, we hadn't had a single casualty in Southeast Asia? Will they remember that when Mr. Nixon took over as President in January of 1969 we had over a half million men there and over 30,000 casualties.

Will they remember any of this... or only that the war is still going on and Nixon is President?

As far as I can see, among the whole cotton-picking mess of democratic presidential contenders, the only one who doesn't want to give the country away and isn't out making ridiculous statements is Senator Henry Jackson of Washington.

A Texan was trying to impress upon a Bostonian the value of the heroes of the Alamo. "I bet you never had anybody so brave around Boston," said the Texan.

"Did you ever hear of Paul Revere?" asked the Bostonian. "Paul Revere?" said the Texan. "Isn't he the guy who ran for help?"

## Sports Banquet Honors Athletes

Glen Ray—All-Around Athlete Award

Roy Kelly—Individual Athlete Award

Delbert Dickenson—Best Booster Award

"To show our appreciation for what they have done athletically all year, not just from the Booster Club but from the entire community," said Buffalo Booster Club President Delbert Dickenson in opening the annual All-Sports Banquet held Monday night at the high school.

Receiving special recognition at the banquet were Roy Kelly and Glen Ray, as outstanding individual player and outstanding all-around athlete.

Coach Bill Young introduced Kelly by saying, "he's the smallest boy in town, but has the biggest heart." Kelly was named the Outstanding Individual Athlete for his feats on

the football field. Ray, a 180-pound junior, was named the Outstanding All-Around Athlete. Ray was a standout in track, basketball and football.

Delbert Dickenson received a special award as the Outstanding Buffalo Booster.

Introduction of all the athletic teams were made by Coaches Young, Goodrum, Gregory, Burns and Bass.

Receiving certificates as outstanding offensive and defensive players for each football game the past year were: first game, Roy Kelly offensive, Marc Harrison defense; second game, Gary Kitchens,

# Granddaughter Of The Church's Wed In Iowa

Miss Sherri Church, daughter of Mr. and Mrs. Wayne Church, 2901 North Grimes, Hobbs, N.M., and granddaughter of Mr. and Mrs. Steve Church, of Stanton, Texas, became the bride of Larry Jordan, son of Dr. and Mrs. John Jordan, Transfer, Pennsylvania, at 8:00 a.m., Saturday, April 10, in the Graceland College Chapel, at Lamoni, Iowa.

Miss Sherri Church

Mrs. Jordan is a sophomore elementary education major at Graceland, where the wedding took place. The college chapel was the pre-Easter setting for the wedding. Dr. Jordan, father of the groom, performed the ceremony under the auspices of the Reorganized Church of Jesus Christ of Latter Day Saints. Colors chosen by the bride and groom were white, lavender, purple and yellow.

The bride, given in marriage by her father, wore a full-length white lace, empire-style gown, with short sleeves, scooped neck, and floor-length simulated train attached to the gown by a white satin bow. Crowning her hair was a satin headband with short veil attached. The bridal bouquet was white and lavender-tinted carnations, with white satin bow and streamers.

At the wedding breakfast in The Americas Room near the chapel, the couple toasted each other with silver goblets. Gracing the reception table was another white Easter lily, two single white candles in deep purple wooden candlesticks; and silver and crystal service on a silver and white tablecloth. Miss Sue Jordan, sister of the groom and also a college student at Graceland, and Miss Debe Biddle, roommate of the bride, arranged and served the reception.

Many of the guests at both the wedding and the reception following, are friends and classmates of Mr. and Mrs. Jordan, and herald from every state in the nation. Specific

out-of-town guests included: The bride's family, Mr. and Mrs. Wayne Church, Kim, Lori, Russell, and Julie, of Hobbs; and members of the groom's family from Pennsylvania — Dr. and Mrs. John Jordan, Hope and John; Grandfather Glenn Reichard; Great-Aunt and Uncle, Mr. and Mrs. Richard Russell and Margery; Uncle and Aunt Mr. and Mrs. Howard McDowell, Rod, Bobby, and Cheryl; and Dennis Johnson.

Mr. and Mrs. Larry Jordan are at home at 114 South State Street, Lamoni, Iowa. A senior, majoring in Religion and Drama, Larry will graduate in May. Their immediate plans are to complete their spring studies, and prepare to embark for the Far East, where The Emporium will begin their summer engagements with a USO Tour.

Music was provided by three members of The Emporium, a professional folk-rock group originated by Larry Jordan. The trio, including the groom, sang to the accompaniment of two electric guitars. The three numbers used prior to the ceremony, as well as the final arrangement sung as a duet, were all written and composed by the groom. The first, "Now Is the Time," depicted the goal and direction the young couple wish their lives and marriage to take — service to mankind and the problems of today. The second two, written especially for the bride during the past two years, entitled, "If You Love Me," and "To Sherri," have been recorded in albums cut by The Emporium. The final number, "The Wedding Song," was written especially for their marriage vows.

Ginning figures just released by the U. S. Bureau of Census show the 25 High Plains counties represented by Plains Cotton Growers, Inc. produced 1,734,767 bales of cotton in 1971. The final estimate of area production, compiled December 1 of last year by the Lubbock Cotton Exchange and PCG, was 1,723,000.

Production in Texas came to 3,144,192 bales, of which the Plains accounted for a whopping 55.2 percent, the highest percentage ever recorded. Texas production in 1969 was only 2,807,017 bales, 1,392,800 or 49.6 percent of which came from the Plains.

Total U. S. production for 1970 was reported at 10,120,273 bales, of which the Plains total figures 17.1 percent. This too is a new high for the area. National production in 1969 totaled 9,937,068 bales, "only" 14 percent of which was grown in PCG's 25 counties.

The top 10 cotton producing counties in Texas were on the Plains, eight of them producing over 100,000 bales each, and the Plains area again produced more cotton than any entire state, excepting Texas itself.

Lubbock County, with 215,485 bales, ranked third among the cotton counties of the nation and Dawson County's 158,532 bales came in tenth.

The two top producing counties in the U.S. were both in California. Kern County turned out 357,514 bales and Fresno County ginned 299,408 bales. Fourth through ninth places in the national county standings were taken by Pinal (185,690) and Maricopa (180,387) of Arizona, Tulare of California (175,265), Sunflower of Mississippi (172,406), Kings of California (166,960), and Bolivar County Mississippi (158,668).

The significance of cotton production on the Plains was dramatically demonstrated April 14 and 15 by the cotton futures market. A few clouds in the Plains sky and a U. S. Weather Bureau forecast of possible rain caused the No. 2 futures contract on the New York Cotton Exchange to drop from \$1.35 to \$2.55 a bale on April 14 and another 50 cents

to \$1.40 a bale the following day. To paraphrase an old political saw, it appears that "As the Plains goes, so goes cotton."

Listed below are Census production figures for the 25 counties, together with similar figures for 1969.

**Grady 4-H Changes Name**

The Grady 4-H Club met Friday, April 2, and renamed their club, "Doing Our Thing 4-H Club". After renaming the club, Mrs. Mildred Eiland, Martin County Home Demonstration Agent gave a program on "Citizenship." Refreshments were furnished by Mrs. Charles Blake.

The "Doing Our Thing 4-H Club" met again on April 16. Kathryn Springer and Janet Airhart presented a program on "Safety Care of a Baby". Mrs. Eiland also gave a program on "Grooming and Manners". Mrs. Clarence Airhart made the punch and Mrs. Jim Franklin made cookies for refreshments.

**Martin County Philosopher Wants Ping-Pong Champion China To Send Over A Basketball Team**

**Editor's note:** The Martin County Philosopher on his grass farm on Mustang Draw gets into the ping-pong matches this week.

Dear editor: According to most of the newspapers I've read lately, the celebrated ping-pong matches between the Americans and the Chinese champions are opening up a new era in international relations and everybody hopes it's true, but it won't hurt to keep on the alert.

If you recall, we got invited,

Since a football player can't hold up to playing 12 months out of the year, the world should be divided into three conferences, one to play during the fall and early winter, one in the spring, and one in the summer, with all games televised world-wide. It might take a little time for a fan in Stanton to get interested in the Peking Bandits or the Sidney Kangaroos, but it could be done.

You get an average of 3 people to the set, and you'd have nearly a billion people

**Martin County Farm News**

I guess that's the word, to a war over in that part of the world and whatever you want to say about the results, they haven't been happy. Nobody knows what the score is or how much time is left, the officiating has been terrible, very few people are left in the cheering section, and changing the coaching staff hasn't warmed up the fans' enthusiasm much.

You never can tell about these Orientals. You notice it was a ping-pong, not a football, team they asked us to send over there to play with.

However, in discharging our obligations to return the favor, the State Department figures it would be undiplomatic or indelicate to ask the Chinese to send a football team over here to take on the Baltimore Colts or the Dallas Cowboys, why not ask them to send over a basketball team? We've got to even up this ping-pong thing one way or another. You ever see any seven-foot Asiatics? Let's get em over here before Wilt Chamberlain or Bill Russell get too old.

Seriously, sports may be the answer to world turmoil, and I've got a plan. There are now nearly 300 million television sets in the world and as everybody knows, football, once a fan gets hooked on it on television, leaves no time for much of anything else.

The group was started with twenty girls and meet each 1st and 3rd Friday of the month.

glued to their screens watching football the year round.

Where's the leader who could work in a war under these circumstances?

Yours faithfully,  
J. A.

**SCD News**

The Soil Conservation Service is now accepting applications for the Great Plains Conservation Program reports Jake Hodges, District Conservationist for the Soil Conservation Service.

The GPCP is a contract whereby the Department of Agriculture will cost-share up to 80 percent of the cost of conservation practices. The GPCP provides both technical and financial assistance whereby a farmer or rancher can carry out a complete conservation plan with the least amount of expense. The contract is written for a minimum of three years or a maximum of 10 years, with a \$25,000 limitation. Great Plains contracts are written whereby the farmer or rancher can choose which conservation practices

will be installed first and can schedule the amount of work to be done each year. It also provides assistance for land use changes as well as improving existing ones. The conservation practices control erosion, reduce pollution and conserve water on the farm or ranch. These practices not only increase the value of the land but also increase the net income of the farm or ranch. Some of the practices more commonly installed in Martin County include such things as parallel terraces, tanks for stock water, pipeline and storage facilities, brush control, grass seeding waterways and irrigation pipelines, all practices are for maximum conservation and improvement of the resources available. Anyone who is interested in finding out more about the Great Plains Conservation Program should contact the Soil Con-

**Three New Producers Completed In County**

Operators completed three new producers in the Trend portion of Martin County.

Adobe Oil Co. completed No. 1-A Foreman as a 3/8-mile southeast and 7/8-mile west extension to the area, 1/2 mile south of Lenorah.

Through perforated interval from 7,969-8,776 feet, it flowed 237 barrels of 39.8-gravity oil per day, with a gas-oil ratio of 835-1. Gauge was through a 13-64-inch choke, with a tubing pressure of 840 pounds and casing pressure of 1,000 pounds. Interval had been treated with 80,000 gallons of fracture material.

Well site is 1,320 feet from north and east lines of section 40, block 36, T-2-N, T&P survey.

John L. Cox, Midland, No. 1 Houston Woody, 1/2 mile west of production, pumped 149 barrels of 40-gravity oil per day, plus 10 barrels of water on a potential test. Gas-oil ratio measured 665-1.

Gauge was through shot holes at 8,340-9,128 feet, which had been fractured with 80,000 gallons.

It spots 1,320 feet from north and east lines of section 4, block 37, T-1-N, T&P survey, four miles south of Tarzan.

Cox's No. 1 J. C. Epley, two miles east of Tarzan, pumped 162 barrels of 39-gravity oil on a 24-hour potential test, plus 18 barrels of water, with gas-

oil ratio being 690-1.

It produced through perforations at 8,367-9,128 feet, which had been fractured with 80,000 gallons.

Well site is 1,320 feet from north and east lines of section 28, block 37, T-2-N, T&P survey.

Adobe Oil Co., Midland, is responsible for five new development projects in the Spraberry Trend Area of Martin County.

No. 1 Glasscock, scheduled to be drilled to 9,250 feet, spots 1,320 feet from north and east lines of section 44, block 37, T-1-N, T&P survey, 9 1/2 miles northwest of Stanton and 1/2 mile west of production.

No. 1 Tom is located 1,320 feet from north and east lines of section 20, block 36, T-2-N, T&P survey, and is a one-mile north offset to the field, three miles northwest of Lenorah. Scheduled depth is 9,200 feet.

Location 1/2 mile east of production, No. 3 Lenorah Epley, is located 1,320 feet from north and east lines of section 6, block 36, T-1-N, T&P survey.

No. 1 Stubble Field, three miles northeast of Lenorah townsite, is 1,320 feet from north and west lines of section 23, and No. 2 Stubble Field spots 1,320 feet from south and west lines of the same section, block 36, T-2-N, T&P survey. Both projects are scheduled to be drilled to 9,200 feet.

John L. Cox, Midland, staked No. 1 Lacey as a 3/4-mile northwest offset to production in the Trend Area of Martin, three miles east of Tarzan.

Scheduled for 9,300 feet, drillsite is 1,320 feet from north and east lines of section 30 block 36, T-2-N, T&P survey.

Adobe Oil Co. filed applications for two new projects in the Spraberry Trend Area of Martin County.

Scheduled for 9,250 feet, the No. 2 Glasscock spots 1,320 feet

from north and west lines of section 44, block 37, T-1-N, T&P survey, 1/2 mile north of production.

No. 1 Meek, 3/4-mile northwest outpost, is located 1,320 feet from south and east lines of section 6, block block 38, T-1-N, T&P survey, 12 miles northwest of Stanton. Scheduled depth is 9,300 feet.

In the Spraberry Trend Area of Martin County, John L. Cox staked site for No. 1-B Springer, a 9,300-foot project.

Drillsite is 1,320 feet from north and east lines of section 27, block 37, T-2-N, T&P survey, one mile southeast of Tarzan and 1/2 mile east of the nearest production.

The Martin County part of the Trend Area drew locations for two outposts.

Chaparral Drilling Co. of Midland plans No. 1 Holloway, a 9,200-foot test, two miles northeast of Tarzan.

Location is 1,320 feet from south and east lines of section 15, block 37, T-2-N, T&P survey, 1/2 mile north of production.

Hanson Oil Corp. of Roswell, N.M., staked No. 1 Blanche Lester, 3/8 mile northeast of production, 660 feet from north and 1,980 feet from west lines of section 11, block 36, T-2-N, T&P survey. Contract depth is 9,100 feet.

Linehan & Stoltenburg, Midland, has completed No. 1 Hodnett from Strawn open hole 7,881-7,886 feet, 3/4-mile northwest of the Canyon reef opener and lone producer in the Sara-Mag field of Howard County.

On a 24-hour potential test, it flowed 168 barrels of 43-gravity oil, plus eight barrels of water, through a 12-64-inch choke. Gas-oil ratio measured 1,620-1. The producing interval had been washed with 250 gallons of mud acid.

Originally plugged and abandoned in 1954 by Russell Maguire as the No. 1-B Hodnett, operators cleaned out to

800 feet.

Well site is 660 feet from south and east lines of section 13, block 25, H&TC survey, two miles west of Vincent.

G. E. Kadane & Sons of Wichita Falls was testing through Leonard perforations at 6,667-6,735 feet, after acidizing with 1,000 gallons at No. 1 Morgan Ranch, Howard County explorer and multipay prospect.

Opened up to swab, it had 900 feet of oil and 1,400 feet of oil-and gas-cut water in the hole.

Earlier, it had swabbed 16 barrels of oil in two hours following the acid treatment and was then shut in several days while setting a block squeeze at around 6,500 feet.

Still earlier, it swabbed 9 1/4 hours through lower Wolf-camp perforations at 7,204-7,300 feet, making 127 barrels of new oil and 23 barrels of acid water. The section had been acidized with 13,000 gallons.

Well site is 1,980 feet from north and east lines of section 27, block 32, T-1-S, T&P survey, six miles southeast of Big Spring.

The same firm was bottomed at 8,173 feet, preparing to set casing for completion attempt at No. 1 Flanagan, Howard wildcat, 1/2-mile east of No. 1 Morgan.

There were no tests during drilling operations.

It spots 1,980 feet from north and 810 feet from west lines of section 26, block 32, T-1-S, T&P survey.

Mobil Oil Corp. has completed No. 10-B Douthit as the tenth middle Clearfork producer in the Howard-Glasscock field area of Howard County.

On a 24-hour potential test, it pumped 65 barrels of 22.4-gravity oil, plus 115 barrels of load water. Gas-oil ratio was too small to measure.

Perforated section from 3,614-3,726 feet, had been acidized with 5,000 gallons and fractured with 80,000 gallons plus 120,000 pounds of sand.

Operator drilled to a total depth of 7,525 feet, and

Marshall Taylor, Texas Tech assistant football coach gave a talk on the athletic and educational programs at Tech.

"We have a wonderful faculty at Texas Tech," he said, "and our main desire at our school is that our boys attend all their classes and get good educations."

"We want them to perform well athletically and academically, and we have occasions when the pressures of keeping up athletically send grades down. When this happens, we have tutors who help our boys bring their grades up."

Coach Marshall spoke on dress and appearances at Tech, stating that his school "requires neat hair on their boys. We do not say how long boys can wear their hair. Hair styles have changed, but we force them to stay neat."

"We do not allow mustaches, however," he added.

Marshall told the audience that all athletes in the Tech program are encouraged to attend the church of their choice each week.

"You might say our program in sports at Tech is geared toward the devoted individual athlete."

"It's all pride," he said, "We want proud people. It's tough for young people in today's colleges. They are exposed to pressures of all kinds, plus drugs and alcohol. They must make strong individual commitments."

Marshall concluded his talk by urging all young people to "have faith in God."

Larry Adams gave the invocation, Booster Club president was master of ceremonies and Robby Dickenson, football team captain, gave the benediction.

The Junior-Senior Banquet was held Saturday, April 17 at 7:30 p.m. at the Holiday Inn in Midland. The affair was hosted by the juniors, class of 1972. Committee members were Teresa Louder, Lova Stewart, Chipper Coggin, Gary Posey, Mike Adams and Darla Sawyer.

The program theme was "I Never Promised You a Rose Garden" and the room was decorated with sprays of red roses and silver streamers. Individual favors were white baskets with red roses and the place cards and program booklet had a silhouette of a boy and girl on the cover. A wishing well, at the entrance, was entwined with rose garland.

The Invocation was given by Charlotte Morris; junior welcome, Mike Adams; senior response, Robby Dickenson; Prophecy, Melissa McArthur, junior; Class Will, Larry Adams, senior; and the Benediction by Dennis Jones.

The sponsors were Mrs. Marilyn Payne and Mr. John Anastasio.

### Stanton Scale Steppers Change Meeting Night

The Stanton Scale Steppers have changed their meeting night from Tuesday to Thursday. At their meeting last Thursday, April 15, Kathy Stewart was crowned queen for the month of March. Mrs. Calvin McKenzie presided and a salad supper, hosted by the losing side of the weight contest, was enjoyed by eight members.

Thank you notes, from two members who received flowers from the club recently, were read. They were from Mrs. Al Morgan who has been in the hospital and Mrs. Gordon Tunnell whose husband died this past week.

The club voted to purchase and donate eighteen glasses to the library.

Members were reminded of the Mother's Day contest now in progress.

The Tower of Pisa is 178 feet high and 14 feet out of perpendicular.

**Stanton Golf Match Wednesday**

Stanton Golfers had their best day last Wed. when they hosted the final Dist. 5AA golf match at Martin County Country Club. The Buff "A" team shot a score of 355, 46 strokes better than the first tournament which was held six weeks ago. Individual scores were as follows:

"A" Team	1 rd.	2 rd.	Total
Gary Henson	42	35	77
Marc Briggs	46	42	88
Gene Louder	46	49	95
David Dillard	48	47	95
George Dean	49	50	99

"B" Team

Mark Elland	49	40	89
Steve Douglas	50	54	104
Randy Lambert	55	44	99
Jimmy Dean	53	50	103
Dennis Ireton	60	54	114

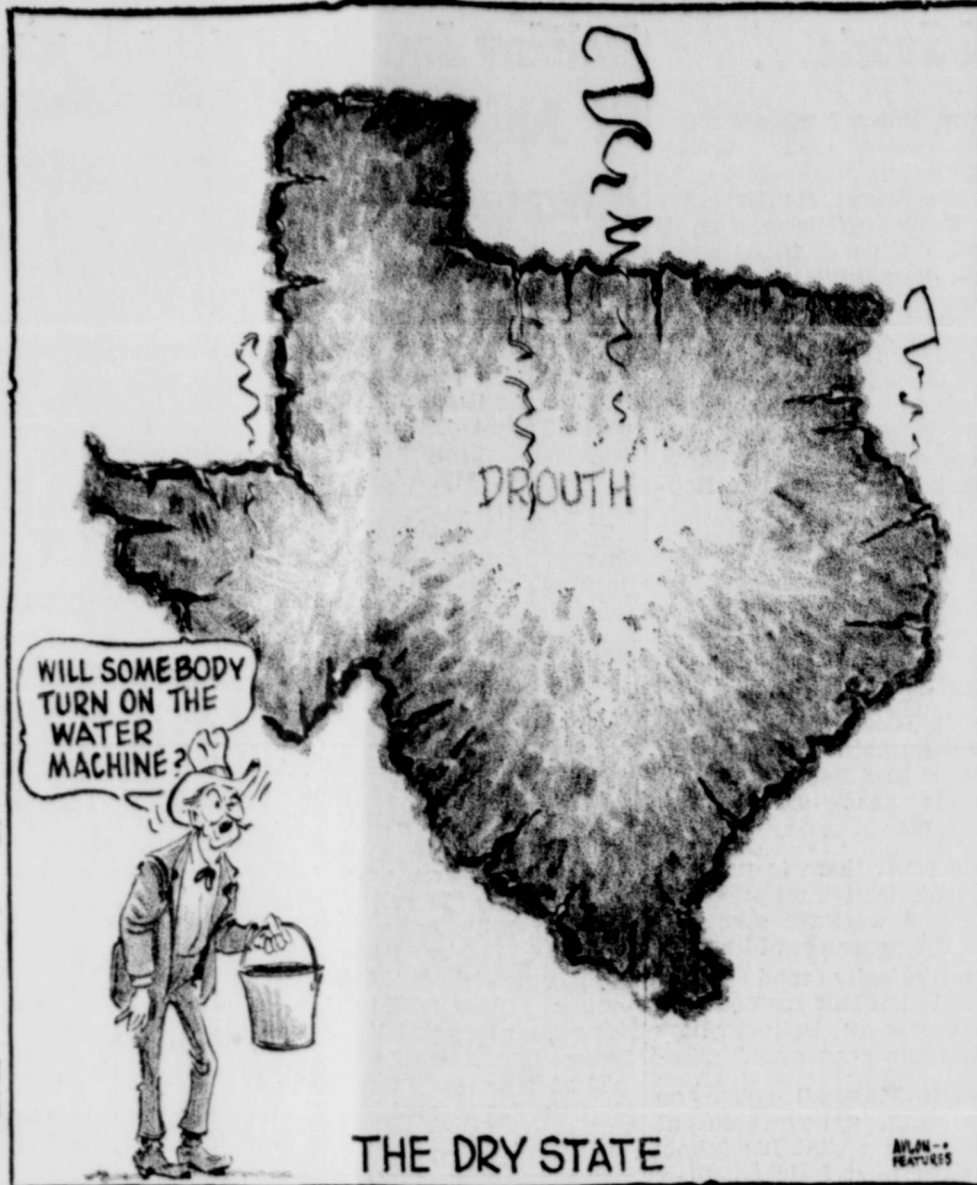

The Stanton Golfers were divided according to ability and paired off for tournament play for a low ball partnership for intra-squad competition. The winner of the low-ball matches was the team of Gary Henson-Randy Lambert. Big Lake overcame Ozona's stroke lead to win the District 5-AA title. Both teams qualified for the regional golf meet on April 24th. Medalist for district was David Williams of Ozona. "A" team scores are as follows for the Stanton match: Big Lake 299, Ozona 317, Crane 320, McNamee 347, Stanton 355, Coahoma 399. Stanton "B" shot a 395 which was also their best score of the year. They improved by 44 strokes since beginning district play. According to law, a minimum of three persons can create a riot. Treason is the only crime defined in the Constitution of the United States. Colorado has the highest average altitude above sea level of any state.

**Former Resident Dies**

Mrs. Beulah Pegnes passed away Sunday, April 11 in Corpus Christi. She was a sister of Mrs. Joe Stewart. Mr. and Mrs. Joe Stewart, Mrs. Lila Flanagan and Billy Houston were in Crystal City Tuesday, April 13 to attend the funeral. Mrs. Pegnes was raised in Stanton and was married to John Pegnes, brother of Mrs. Claude Houston, in 1909. The Pegnes family owned and operated The Pegnes Mercantile. In 1910 the family moved to Crystal City and operated the Mercantile Store for years. Survivor of Mrs. Pegnes is a daughter, Mrs. Taft Morrow, Stanton.

**BUICK BARGAIN DAYS ARE HERE**

Buick Bargain Days are saving days.

A bargain price on a stripped-down car is no bargain. But a Buick or Opel at a bargain is something else again. Because we're not selling some special stripped-down model! We're selling Buicks and Opels, the same great cars we've sold all year.

With one difference. The deals have never been better. Which means that you can move out in a new Buick or Opel at a price that's hard to believe. When Buick talks about a bargain, we give you something to believe in.

Opel 1900 Sport Coupe. With a 1.9 liter engine that operates efficiently on low lead or no lead gasolines. Hydraulic valve lifters for quiet engine operation. Power front disc brakes and more.

Skylark Custom. With Buick's exclusive nickel-plated engine exhaust valves for smoother operation on today's cleaner fuels. Comfort-Flo ventilation system and more.

Your Buick-Opel dealer will give you better reasons to buy a new car now than anybody else.

**The business of auto safety.**

Auto safety is everyone's concern. But it's our business. And we think the attention that's being paid to auto safety now is a good thing. Because it will result in better driving for everyone. And, frankly, better driving for everyone means better business for us. We say Buick is something to believe in. That's why we're trying to make it easy to be safe by putting in safety features that work by themselves. You don't have to do anything to make them work. Like side guard beams. And the energy absorbing steering column. And the cargo guard between the

trunk and back seat. They start "working" even before you get in the car. But two safety features, two of the most vital, are worthless unless you do something first. Seat and shoulder belts. Unfastened they do nothing. And you've seen enough statistics to know what a difference they can make. So use them. But that's not all you can do. Because the most effective safety feature of all can't be added to our cars or anybody else's. That feature is you. And the way you drive. Which should be defensively. And rested. And sober. We're all in this together. And together we can solve the auto safety problem once and for all. And the time is now.
