

### To The Point

By BUDDY NORVILLE

As two cows were grazing near a highway, a large tank truck of milk rumbled past with a sign, "Pasturized, homogenized, standardized, vitamin A added," emblazoned on its side. One cow turned to the other one and moaned, "Makes you feel sort of inadequate, doesn't it."

That's about the way I feel this week. I do not have the experience of an Ed Piel or a Neal Estes when it comes to operating a newspaper. But, I have a lot of nerve to make up for my lack of experience.

My wife and I are both West Texans by birth. We call Monday, Texas, just as much West Texas as anything. After all, West Texas begins at Fort Worth. So we aren't likely to head for the hills with the first sand storm.

I am well-pleased with the way the people of Stanton have welcomed their new editor and his family. The friendly atmosphere of the town is satisfying after living in larger places like Fort Worth and Abilene, and Midland.

I would like to remind you that Sunday is July 4th. Drive friendly, and be careful.

Scotty had been trying all summer to catch a bird. Being a lad of great imagination it was not unusual at all for him to announce, "I caught a bird!" Only to find out that he had caught something else, of course. When the little fellow came in Monday afternoon and said, "Daddy come look at my bird." I'll admit I was a little dubious of the fact. To my surprise, he had indeed caught a bird. A baby Sparrow had undoubtedly fallen out of its nest. Scotty wanted a cage for his new pet. His dad was too busy at the time to fix one for him, so he goes to work himself. At first he made a cage with two paste board boxes. Then he turned his sand bucket upside down on top of the frightened little bird. This was a mistake, or rather, leaving it like this was a mistake. You see, Scotty also has a cat for a pet. Well, you have already guessed what happened. He is trying to catch another bird. He doesn't give up that easily.

Go to church Sunday, it'll do you good.

### Joan Glendening Rites Held Here Monday

Joan Ellen Glendening, infant daughter of Mr. and Mrs. Jeff Glendening of Tarzan, died Saturday night in a Big Spring hospital.

Graveside services were held Monday at 11 a.m. in Evergreen Cemetery in Stanton. The Rev. Billy Rudd, pastor of Tarzan Baptist Church, officiated, and funeral service were conducted by Gilbreath Funeral Home.

Survivors include her parents; a brother, Martin Allen Glendening; three sisters, Deborah Marie Glendening, Teresa Louise Glendening, and the twin sister Jill Glendening, all of the home; maternal grandparents, Mr. and Mrs. William Quinn, of Woodland, Calif.; paternal grandparents, Mr. and Mrs. N. E. Glendening of Tarzan; great-grandparents, Mr. and Mrs. T. W. Anderson, of Carlsbad, N. M., and Mrs. H. M. Glendening of Stanton.

**NEW EDITOR AND FAMILY** — Shown above are Buddy, Brenda, Scotty, and Todd Norville. Scotty will be four in August, Todd is seven weeks old. The Norvilles come to us by way of Midland.

### Youth Led Crusade

There will be a youth led crusade beginning July 11-15, at the First United Methodist Church in Stanton.

Jack Wolf, a youth evangelist from Vega, Texas, will be bringing the messages. George Dean, and Kathy Pickett will be directing the music.

### New Editor Of Reporter

Mr. and Mrs. Buddy Norville, and their sons, Scotty and Todd, have moved here from Midland. Mr. Norville is the new managing editor of The Stanton Reporter. He was previously employed by The Reporter-Telegram in Midland. He has also been employed by newspapers in Abilene, Fort Worth, Greenville, and Munday, Texas. He has a B. S. degree from Hardin-Simmons University, and is a veteran of the Air Force.

His wife, Brenda, has been employed by newspapers in (Continued on page 8)

### Arthur Wilson Retires After 25 Years

Arthur Wilson

Arthur Wilson announced last week that after 25 years in business he was retiring. The last few years he has been managing the J. A. Wilson Dry Goods Store here in Stanton. He has sold his share in the stock of the store to his brother, Cullen, who will be managing the store. Cullen took over June 22.

Mr. Wilson said that after 25 years in business, he was ready to quit. He has made no definite plans for the future. "Just take it easy, maybe do a little fishing," was his prediction.

According to Mr. Wilson there have been many changes in the dry goods business in the last 25 years. He remarked that the store had just about doubled in size over the years.

### RK Petroleum Corp. Completes No. 1 Holloway-Hall Extension

RK Petroleum Corp., Mt. Carmel, Ill., completed No. 1 Holloway-Hall as a 1/2-mile west and 3/8-mile northeast extension to the Martin County portion of the Spraberry Trend Area, five miles northeast of Tarzan.

Through perforations at 8,421-9,147 feet, which had been acidized with 4,000 gallons and fractured with 100,000 gallons and 200,000 pounds, it flowed 248 barrels of oil and four barrels water daily on a 12-64-inch choke. Gravity of the oil was 37.8 degrees, and gas-oil ratio measured 726-1.

Location is 1,320 feet from north and west lines of section 16, block 37, T-2-N, T&P survey.

United States Smelting, Refining & Mining Co., Salt Lake City, staked site for No. 2 Scharbauer as a five-mile south outpost to the Lacauff (Dean) field, and three miles southeast of the firm's No. 1 Scharbauer, recently completed Lower Spraberry, Dean, and Wolfcamp opener.

Location is 933 feet from north and east lines of labor 17, league 325, LaSalle CSL survey, six miles northwest of Tarzan. Scheduled depth is 10,000 feet.

The Morgan Ranch multipay pool of Howard County gained its second Leonard well, and 1 1/8-mile east extension to the pay with completion of Champlin Petroleum Co. N. 1 L. R. Flanagan, recently completed lower Wolfcamp discovery, four miles southeast of Big Spring.

It was finalized to pump 21 barrels of 38.7-gravity oil and 13 barrels of water per day, with gas-oil ratio of 1,500-1, through perforations at 6,448-6,471 feet. The section had been acidized with 2,000 gallons.

Drilled to 8,200 feet, with 5 1/2-inch casing seated at 8,141 feet, it was completed May 4 to flow 235 barrels of 40.2-gravity oil per day, through lower Wolfcamp perforations at 8,024-8,053 feet. Application was filed to re-enter the well May 26, abandoning the Lower Wolfcamp zone.

Location is 1,980 feet from north, and 660 feet from west lines of section 25, block 32, T-1-S, T&P survey.

The Leonard opener, G. E. Kadane & Sons of Wichita Falls No. 1 Morgan Ranch, was completed May 8 to pump 178.32 barrels of oil daily, through perforations at 6,704-6,735 feet. It was dually completed as a Wolfcamp opener through perforations at 7,204-7,300 feet.

Coastal States Gas Producing Co., operating from Midland, was preparing to drill

ahead at No. 1 Jackson, Howard County wildcat 3/8 mile southeast of Canyon reef production in the Vealmoor field, after recovering oil along with salt water on a drillstem test in the reef.

Tool was open two hours and five minutes on the test from 7,977-7,984 feet, on which 310 minutes. Recovery was 310 feet of 40-gravity oil, 50 feet of oil- and gas-cut mud, and 570 feet of salt water. Flowing pressures were 83-366 pounds, one hour initial and 1 1/2 hour final shutin pressures were 7,579 and 2,566 pounds, respectively.

The project is a south offset to a 7,968-foot failure, and spots 1,980 feet from north and east lines of section 89, block 32, T-3-N, T&P survey, 10 miles northwest of Luther townsite.

### Rev. Gilbert Diaz Mission Pastor

Rev. Gilbert Diaz

The Rev. Gilbert Diaz has accepted the pastorate of the Mission Bautista Mexicana. Rev. Diaz is a graduate of Perkins School of Theology in Dallas, and has completed some studies at West Texas State University.

Gilbert and Mary Diaz have one daughter, Olga, who will be attending West Texas State University in the fall. Rev. Diaz and his family will be moving to Stanton from Midland in the near future.

Rev. Diaz has formerly served pastorates at: Olton, Herford, Dimmit, and Midland. He began his duties here on May 2.

Sunday School begins at 9:45, with morning worship at 11:00, and evening worship at 7:00.

### 38th Annual Reunion To Be Held On July 10

The 38th annual Old Settlers Reunion will be held Saturday, July 10, in a meeting Monday afternoon at the Stanton Junior High School. Plans were made for the day's festivities. Bobby Kelly is serving as president of the committee, Charles "Borky" Blocker is vice-president, and Beulah Mae is the secretary.

Registration for the day's activities will be in the Konz building. Clerks working in the building are asked to dress in their best. Prizes will be awarded to the best-dressed man, woman, boy, and girl.

8:00 a.m.: Registration in the Konz building.  
10 a.m.: Parade — led by the Stanton Marching Band. Prizes will be given to first places.

Immediately following the parade there will be free lemonade in front of the registration office. Also, a prize will be given to the person guessing the identity of the "Mystery Rider."  
2:00 p.m.: Play day — in the Rodeo arena.  
6:00 p.m.: Games — in the

Park with Tom Ed Angel in charge.  
8:00 p.m.: Bar-b-que — in the Park. Each plate will cost \$1.60.

Program following.  
The theme of this year's event is "First Thirty Years in Martin County." In case of rain the activities will continue in the Stanton Junior High Gym.

### Letter To The Editor

June 25, 1971

Dear Sir:  
Please renew my paper for another year.  
We are settled on Hickman Air Force Base, and will be here four years, so I'll enjoy all the news of home, and especially the news of our boys.  
(Continued on page 8)

### Martin Gibson States New Laws For Discharge

A discharge or release because of the following offenses is considered to have been issued under dishonorable conditions:

- (a) Acceptance of an undesirable discharge to escape trial by general court-martial.
- (b) Mutiny or spying.
- (c) An offense involving moral turpitude. This includes, generally, conviction of a felony.
- (d) Willful and persistent misconduct. This includes a discharge under other than honorable conditions, if it is determined that it was issued because of willful and persistent misconduct. A discharge because of minor offense will not, however, be considered willful and persistent misconduct if service was otherwise honest, faithful, and meritorious.

Even if a veteran has an other than honorable discharge or release, he still has the right to apply for Veterans Administration benefits. The VA must then obtain the service records, and render a character of discharge decision, which is then binding with reference to any and all VA benefits. In many instances, veterans with undesirable discharges may be found eligible for VA benefits. On the other hand, a Bad Conduct Discharge is generally a bar to all VA benefits.

### Social Security Visit Scheduled

A representative of the Big Spring Social Security office will visit Stanton to help those who want to apply for benefits, get a social security number, or to answer any other questions.

The representative will be in the county judge's office in the court house on Monday, July 26, Monday, August 23, and on Monday, September 27, from 2 p.m. to 3 p.m.

The Social Security office advises those wishing help to write or visit the office at Room 232, Federal Building, 501 Main Street, in Big Spring. Most of your questions can be handled by phone, and many times faster service will result from a telephone call. The department's phone number is 267-5226 in Big Spring.

### Shorthorn Meet In Abilene

Texas Shorthorn Breeders Association will sponsor a day beef industry for 9-10 in Abilene at the Texas Fairgrounds. The shorthorn show will be at 9 p.m. July 9, followed by a barbecue. Election and programs will be on July 10.

## Local News In Brief

## Martin County Library News

The reading club program has been in progress five weeks, and will close July 23. We have 44 boys and girls participating in the program.

The library has received memorials in memory of Mrs. Donna Allen, by Mr. and Mrs. John Roueche, Mrs. B. F. Smith, Mr. and Mrs. Arlo Forrest, and the Stanton Study Club. Mrs. Donna Allen was the mother of Mrs. Stanley Wheeler.

In memory of Mrs. Stanton Davis, by Mr. and Mrs. John R. Jehle, Florence Larsh, Sarah McDonald of Midland, and Mr. and Mrs. Mickey McGuire of Kingsville, Texas.

Guest in the Rae Davis home is her sister, Gladis Wilby, from Porterville, California. Mrs. Davis and her sister have returned from a trip to different parts of Oklahoma, visiting their family.

Guest in the Norwood Holloways home are Mr. and Mrs. Durward Brown of Farmersville, Texas. Their daughter, Rebecca, has been here during the week visiting.

## - SOIL CONSERVATION - DISTRICT NEWS OUR SOIL ★ OUR STRENGTH MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

TEMPLE — The 1,500th upstream flood prevention dam to be built in Texas was contracted for construction this week, reports State Conservationist Clyde W. Graham of the USDA Soil Conservation Service.

East Fork Construction Company of Seagoville, was bidder for the contract.

The dam is Site No. 13 in the Hickory Creek watershed near Denton. The Hickory project will provide flood prevention and recreation for the City of Denton, while protecting cropland, roads, bridges, and other property in the watershed. The dam will be the sixth in a series of 16 to be built in the watershed.

The project, including conservation land treatment in the watershed, is expected to keep 58,000 tons of sediment out of Garza-Little Elm Reservoir each year when completed. Garza-Little Elm serves as a water supply for Denton, Dallas, and other cities in North Texas.

"The 1,500th dam marks another milestone in the watershed approach to resource management in Texas," Graham said. "Upstream watershed projects have vast environmental benefits; they not only cut flood damages, but they also reduce erosion and sediment damage. And sediment is still our state's biggest pollutant. It fills lakes, streams, and harbors; it kills fish, and ruins their spawning grounds."

Graham said watershed lakes also provide recreation areas while creating new fish

The Hickory Creek project includes two lakes planned above the City of Denton which will supplement the city's long range recreation and flood control program. The city is buying land around the proposed lakes which will be converted into a 327-acre regional park. The city is working with the Texas Parks and Wildlife Department in developing the park.

The creek below the park area runs through Denton, and has a long history of flooding. The city has widened and concrete lined part of the creek to reduce flooding; however rapid urban growth has intensified runoff, making the channel capacity inadequate. Massive expansion of the creek channel would be needed without the two upstream watershed lakes.

Jim White, City Manager for the City of Denton, says the Hickory Creek project will

save the city several million dollars. Without the watershed project, he says engineering consultants estimate it would cost the city \$17 million to widen and concrete the channel sufficiently to provide adequate flood protection.

"We're not only saving money through the watershed project," he pointed out, "but we'll also have a beautiful regional park with two watershed lakes. On top of that, the project will reduce flooding, erosion, and sediment damage which will benefit our city as well as the entire Trinity basin."

State Conservationist Graham said some 2,200 upstream watershed lakes have been planned in Texas in 118 watershed projects now in operation. The projects usually include a combination of stepped up soil and water conservation work in the watershed plus a series of dams to retard floodwater during heavy rains. Sediment storage space is provided in reservoir areas which form small lakes averaging 15 to 25 acres in size.

Other measures which can be included in upstream watershed projects include treating critically gullied areas, municipal water supply storage space, floodwater diversions, and cleaning out sediment-choked stream channels.

Sponsors of watershed projects secure all land, easements and rights-of-way needed for construction at no cost to the federal government. Sponsors also complete projects. The Soil Conservation Service provides planning and installation services, and administers construction funds appropriated by Congress.

Sponsors of the Hickory Creek project include the City of Denton, the Denton County Commissioners Court, and the Denton-Wise Soil and Water Conservation District.

WORK BETTER,  
cost less.

Here are six tips that will help you  
get the most comfort from your air conditioning  
at the lowest possible cost.

**Set the thermostat properly:**  
Set the thermostat no lower than necessary for your personal comfort. Most air conditioning specialists recommend a thermostat setting of 76° to 78°. Remember, the lower the setting, the more electricity the unit uses.

**Inspect filters often:**  
Clogged filters make the

unit work harder and use more electricity. Replacement of disposable filters — or cleaning of permanent

types — will help keep the system running more efficiently.

**Have regular maintenance checks:**  
Have the unit checked at least once a year by a qualified air conditioning serviceman. Do this in the spring, prior to your need for cooling. It pays!

**Trim shrubbery:**  
The outdoor unit needs free air circulation. Help it maintain full efficiency and keep operating costs down by trimming nearby shrubbery and by check-

TEXAS  
**ELECTRIC SERVICE**  
COMPANY  
People power... all your service

ing to make sure compressor coils are clean.

**Keep sunlight out:**  
Direct sunlight increases the heat in your home.

Reduce the air conditioning unit's load by using awnings, blinds, shades or draw drapes.

**Insulate:**  
Proper insulation keeps the hot air out, the cool air in. It reduces the cost of winter heating, too. Ceiling insulation is particularly important.

## Farm and Ranch Review

**Real Estate V. Up —** Advances in real estate values made up 73 percent of 1970's gain in farm ranch assets in Texas, Charles K. Baker, extension marketing economist, said. Total ranch assets in Texas reached \$29.2 billion on January 1, 1971. Most of the gain was attributed to higher values of livestock and poultry inventories, machinery and motor vehicles.

**July Plentiful Foods —** Turkey tops the U. S. Department of Agriculture's July plentiful foods list. The monthly plentiful foods list also includes eggs, fresh peas, watermelons, fresh potatoes, rice, frozen and fresh salmon, and cranberry juice and sauce.

**Sales And Shipments —** Cattle and calves marketed through Texas auction during May numbered 645,000 head, 14 percent above a year ago, and three percent above the previous month, according to the Texas Crop and Livestock Reporting Service. During April 24-May 23, health certificates as tabulated by the Texas Animal Health Commission show that 101,84 cattle and calves were shipped from other states to Texas.

**The Screwworm Situation —**

Texas livestock producers recorded nine screwworm cases during the two-week period of May 30-June 12, compared to six cases reported during the corresponding period a year earlier. Larvae samples submitted for identification at the Mission Lab have been declining in recent weeks, and this is causing concern for program officials. Livestock producers are urged to submit samples of suspected worm cases for positive identification.

**Use That Hay Conditioner —** Use your hay conditioner on large stemmed hay plants at the time of cutting or as soon afterwards as possible, advises extension specialist. This will insure that the walls of the stem will be cracked open for better drying that will contribute to harvesting high quality hay.

**Stewart's To Celebrate 50th Anniversary**

The children of Mr. and Mrs. Joe Stewart are celebrating the 50th wedding anniversary of their parents on July 4, from 2:00 to 5:00 p.m. at the Cap Rock Electric Auditorium.

All of their friends are invited to attend.

nts The Right  
ified On Things  
ybody

The point is, how come the Pentagon is the only outfit with the right to stamp something Classified, and thereby make it against the law for outsiders to see it?

Personally I'd like to see this right extended, even if a man has to buy his own rubber stamp. Probably could get one at a government surplus sale.

For example, take a man's credit rating. If anything ought to be classified, that should. When a mail order house wants you to buy something on credit, and you'd like to too but it first insists on seeing your credit rating, you ought to have the right to say you're sorry but the information is classified, but go ahead and fill the order.

If there was some way I could stamp my bank balance Classified, and keep some bookkeeper or computer from looking at it, I wouldn't care how high taxes got or how far inflation went.

Boxed in with a hard question about where you were Saturday night? Mark it Classified, and restore peace in the family.

The Pentagon is on to a good thing, and I'm in favor of passing it around.

Yours faithfully,  
J. A.

## Miss Sherry Hopper Weds John Thomas In Quanah

Sherry Pauline Hopper, daughter of Mr. and Mrs. Herman Hopper, of Las Animas, Colorado, became the bride of John Franklin Thomas at 3:00 o'clock Saturday afternoon, June 5, in the First Baptist Church, Quanah, Texas.

The bridegroom is the son of the Rev. and Mrs. Arthur Thomas of Big Spring.

The ceremony was performed by the bridegroom's father, the Rev. Arthur Thomas, who is pastor of Airport Baptist Church, Big Spring. Wedding vows were pledged before an altar, centered with an open Bible. The altar was illuminated by white cathedral tapers in branched candelabra, draped with greenery. An archway, entwined with greenery and accented with daisies and white satin bows, was flanked on either side by tall basket arrangement of gladioli, pale blue carnations, and greenery to complete the nuptial setting.

The bride chose a formal-length gown of white, fashioned with a high, rounded neckline with a sheer insert, which matched the long sheer sleeves, which were gathered and cuffed at the wrist. Two wide bands of lace enhanced the front of the gown, and a matching band trimmed the high rounded neckline. Petal silhouettes of pearls made up the bride's headpiece, and held her long floor-length veil. She carried a bouquet of white rosebuds, stephanotis, and babies' breath, tied with white satin streamers, which topped a white pearl-covered wedding Bible, which was a gift of the bridegroom.

Given in marriage by her father, the bride was attended by her sister, Mrs. Jim (Donna) Willard of Lubbock, as matron of honor. She wore a formal-length ice-blue gown with an Empire waistline, and carried white carnations. Samuel Taylor of Waxahachie, was best man. Ushers were Jim Willard of Lubbock, and Merwyn Hopper, brother of the bride, of Las Animas, Colorado.

The bride is a graduate of Las Animas, Colorado, High School, and has attended Wayland Baptist College, Plainview for two years. She presently is a senior in Dallas Baptist College.

The bridegroom attended Stanton Public School at Courtney, and is a graduate of Abernathy High School. He attended Wayland Baptist College two years, and is presently a senior ministerial student in Dallas Baptist College. He is Youth Director at Pioneer Drive Baptist Church in Irving, Texas.

A reception honoring the couple was held in the Fellowship Hall Annex of First Baptist Church, Quanah, immediately after the ceremony. The tiered wedding cake, topped with a miniature bridal pair, was served from a lace-covered table with crystal and silver appointments. A large arrangement of flowers centered the refreshment table. Carolyn Holt, the bride's

college roommate, presided at the guest register.

For her wedding trip the bride chose a light blue dress, styled with an Empire waistline, with white accessories. After their wedding trip to Dallas, the couple will reside in Waxahachie, Texas, and

will continue their education at Dallas Baptist College.

The Friday evening rehearsal dinner, hosted by the bridegroom's parents, was held in the Banquet Room of Dutch's Restaurant in Quanah. Samuel Taylor, pianist, provided dinner music.

Mr. and Mrs. John Franklin Thomas

## Wilson Dry Goods

To our many friends and customers, I want to say thanks to you for your cooperation you have given to my late husband, J. A. Wilson, Sr., and I in the past forty years, and we appreciated it very much. The store will continue to be open but under new management. My son Cullen E. Wilson of Andrews, Texas, has bought out Arthur Wilson's interest in the store, and he will no longer be connected with the store. We will appreciate your patronage and business. We will be getting in new merchandise as soon as possible. Make our store your headquarters while in town. Our sales ladies will be happy to show you our merchandise. Cullen Wilson and wife, Mary, will be moving to Stanton as soon as possible to make their home. They have had many friends when they lived here in the past. So again, many thanks to each of you for your business in the past. The store will be operated under the name of Wilson's Dry Goods.

MRS. J. A. WILSON, SR., and  
CULLEN E. WILSON  
Owners

## Stanton Couple Tours Europe

Mr. and Mrs. R. S. Lewis have just returned from a trip to the European Continent. Leaving the States on May 31, they toured London, Holland, Germany, Switzerland, Austria, Liechtenstein, Italy, Greece, and Paris, France.

While in London they saw the changing of the guard at Buckingham Palace. In Switzerland they saw the brown Swiss cattle grazing in the mountains, and the Swiss Alps.

The Lewis' toured the museum of Micealango's works in Italy. In Rome they visited the Vatican City, and Sistine Chapel. One of the favorite attractions in Greece was the Acropolis with the Parthenon. The olive yards was another attraction in Greece. In Paris, the Lewis' visited the world-famous Louvre Museum. There they saw the famed Mona Lisa painting. They also visited the Eiffel Tower.

The Lewis' returned home on June 21.

### Shower Honors Karen Therwhanger

A bridal shower was held in the Reddy Room of the Texas Electric building on Monday, June 28, from 7 p.m. till 9 p.m., honoring Karen Therwhanger bride-elect of Gary Barnett, of Tulla, Texas. Co-hostesses for the affair were: Mrs. Dan Saunders, Mrs. N. E. Holoway, Mrs. Marvin Standefer, Mrs. R. S. Lewis, Mrs. C. W. Straub, Mrs. Clyde White, Mrs. Doris Stephenson, and Mrs. G. P. Harrell.

Out of town guests were: Mrs. J. T. Barnett, and Mrs. Sheila Via, and daughter from Tulla; Debbie Day and Cathy Therwhanger, from Lubbock; Mrs. Royce Pruitt, Garden City, and Mrs. A. L. Therwhanger, Levelland.

HAVING A GARAGE SALE? Want a big crowd? Run a classified ad in The Stanton Reporter. Come in or call 756-3344.

The cool choice of quality . . . Gas air conditioning. It's built ruggedly, made to last with fewer major moving parts and no compressor to break down or wear out. It's run by a steady, clean blue flame. You save on repairs and get years of service from a quality system that cools your whole house quietly and efficiently throughout its long life. And it not only cools, it also filters the air to reduce dust and pollen. Gas air conditioning . . . the quality one which normally costs the least to operate.

So, be cool. Call Pioneer Natural Gas Company. It costs nothing to get a complete survey of your home or business.

You should be so cool!

Visiting with Mrs. Sid Cross, and Mr. J. T. Davis Saturday, were their sister, Mrs. Schauer, of Chicago, Illinois, and their brother, Joe Davis, of Oklahoma City, Oklahoma.

## Philosopher Wants The Right To Stamp Classified On Things Given To Everybody

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw, takes a look at a current controversy this week with his own brand of insight).

Dear editor:  
I had always thought that "Classified" was something you paid for in a newspaper's Want-Ad section, and wanted people to read, but like everybody else in the country who has seen a newspaper or watched television recently I've learned that Classified means something the Pentagon considers secret, and doesn't want anybody else to read.

However in the uproar over the publication of the Vietnam classified documents from 47 volumes (some people wonder what the Pentagon needs with 50 or 60 billion dollars a year, but they don't understand the details: have you ever figured up how many rubber stamps it takes to stamp 15 sets of 47 volumes containing 7,000 pages with the words Top Secret - Classified?) there's one point it looks like everybody is missing.

The point is, how come the Pentagon is the only outfit with the right to stamp something Classified, and thereby make it against the law for outsiders to see it?

Personally I'd like to see this right extended, even if a man has to buy his own rubber stamp. Probably could get one at a government surplus sale.

For example, take a man's credit rating. If anything ought to be classified, that should. When a mail order house wants you to buy something on credit, and you'd like to see your credit rating, you ought to have the right to say you're sorry but the information is classified, but go ahead and fill the order.

If there was some way I could stamp my bank balance Classified, and keep some bookkeeper or computer from looking at it, I wouldn't care how high taxes get or how far inflation went.

Boxed in with a hard question about where you were Saturday night? Mark it Classified, and restore peace in the family.

The Pentagon is on to a good thing, and I'm in favor of passing it around.

Yours faithfully,  
J. A.

## Cotton Picture Is Swinging Upward

A leader in the cotton field, noting that the picture for the crop is improving, urged recently that the industry add still more momentum to the swing upward.

G. C. Cortright, Jr., of Roll-

ing Fork, Miss., cotton producer and chairman of the Cotton Board, made the recommendation at the board's annual meeting held in Dallas.

Representing cotton producers from all the major cotton states, the board contracts with a producer organization, Cotton, Inc., to develop and operate research and marketing programs for cotton.

"We have more things going for cotton now than we have had in many years, and there is a new spirit of determination and fresh optimism in our industry," Cortright said in his prepared speech.

He told the group that cotton's annual rate of consumption has risen in seven of the eight months since last August, while in the previous season it declined in nine out of 12 months. Domestic use this season may be about 8.1 million bales.

Other factors cited by Cortright were a resurgence of cotton in fashion, prospects of exports to increase to 3.5 million bales from last season's 2.8 million, and strong progress in research and promotion to build markets for the fiber.

**Traffic Inversion Set**  
LONDON — Environment Minister Peter Walker said a \$5.52 billion roadbuilding project will divert heavy highway traffic away from many British towns and villages to protect them from "noise, dirt, and danger."

New Airmail Service Goals announce specially marked boxes being installed. Better service is the result of programs designed to keep air mail separate so that it can move ahead of the regular mail, and get on earlier flights. Ordinary mail traveling long distances also is airlifted — but when space is available, after airmail, passengers, and airfreight. For the best airmail service, follow these simple rules:

Deposit airmail letters in special airmail boxes, or at the Use the distinctive red and blue envelopes, use airmail stickers available free at the post office, use airmail stamps.

Better mail service starts here, use Mr. Zip Code. In your address book, include return address — it makes it easier for others to write you. Always include the code in your return address — it makes it easier for others to write you. When ordering merchandise, the Zip Code is a must in your address.

**Things You Should Know About Your Eyes**

It's a fact—two out of every three adult Americans have inefficient vision... which may handicap them in their jobs and daily activities! This may also expose them to dangers on the job or at home that might otherwise have been avoided!

Did you know that 80% of learning depends on vision? Or that four out of ten grade-school children are visually handicapped? Vision is important! Your eyes are obviously well worth protecting.

For continued viewing pleasure, home craftsmen and gardeners should protect their

eyes against the dangers of sawing, paint chipping, grinding, hedge trimming and tree pruning. Companies like American Optical offer do-it-yourselfers special safety goggles and glasses to protect eyes against all types of house and garden hazards.

**HOW NOT TO RUIN YOUR HONEYMOON**

To avoid becoming a bride with gloom, make room for these four sound suggestions on how to have a sunny honeymoon!

1. Choose a spot that provides maximum privacy. Once newlyweds have dealt successfully with the private domain, they can temper their trip with some sociability. But remember, too much attention to groups can lead to gripes.

2. If you plan to visit a resort, pick a honeymoon spot that provides meals and all activities on the grounds at no extra cost. Make sure it has accommodations with private bath and all the facilities you enjoy at a price within the budget you decide on.

3. To protect your valuables, buy a "floater" for personal belongings—a policy that insures you against loss and theft. You can get a "floater" that covers you just for the length of your honeymoon.

4. Don't clash over cash. A honey of a way to kiss your first money squabbles goodbye is to carry "his and hers" travelers cheques. Safer than cash and just as convenient—Bank of America Travelers Cheques, for instance, are available in more than 28,000 banks—they help provide fun and funds wherever you go. And, like millions of other smart honeymooners, you won't find yourself in a financial squeeze.

**Czech List of Sights To See**

This view over the rooftops of Prague's Old Town and the gem-like Square of the Knights of the Cross emphasizes that Prague is a treasure trove of architecture spanning the ages of Gothic, Renaissance and Baroque.

In Prague Franz Kafka cast his giant shadow and Goethe was moved to say "Prague is the most precious jewel of all in a crown of cities." Now in this age of Aquarius, we can take a step backwards into time, and Czechoslovak Airlines can take you New York/Prague three times a week.

But Czechoslovakia is more than Prague. It can be the beginning or end of your trip through Eastern Europe. In the geographic heart of Europe, it is bordered to the south by Austria and Hungary, to the

east the Soviet Union, to the north, Poland and East Germany and to the west, West Germany. About a third of the country is mountainous and Eastern Bohemia's Giant Mountains boast excellent ski resorts.

Czechoslovakia offers the tourist a full range of attractions—an architectural kaleidoscope of history and a wonderland of natural beauty and hospitality.

The country is a land of spas. It is known to hunters as "the hunting ground of Europe." It is easily accessible from all European countries by road, rail and air. Why, in the time it takes to fly from New York to Washington, D.C. you can fly from Paris or Amsterdam to Prague. Visas are issued within 48 hours through the Czechoslovak Embassy in Washington.

**WINNER OF SALMON DERBY TO NET \$25,000**

The world's biggest fishing derby, the British Columbia Salmon Derby, (unofficially called the World Salmon Championship) will take place again this year at Vancouver, British Columbia, Canada—right near Seattle, Washington—on August 14-15.

First prize for netting the biggest fish, in waters where 50-pound salmon are not uncommon, will again be \$25,000 but prizes for runners-up (over 50) will also be quite lavish.

Among the prizes for runners-up: a 17-foot Jet Cruiser fishing boat with trailer worth \$7,000; round-trips to Fiji, Greece and Mexico via CP Air (Canadian Pacific Airlines) (combined value of the trips \$4,200); a \$1,600 fishing trip; an \$800 stereo recorder; a \$150 crocheted pants suit; a snow-cruiser; a Beaver tilt saw; a set of tires; boat moorage for

a year and lots more. The total value of the prizes, which are still pouring in from all over North America, is expected to exceed \$50,000. Last year, the international event attracted 12,000 fishermen and over 4,500 boats. This year's prizes are expected to be even more hotly contested.

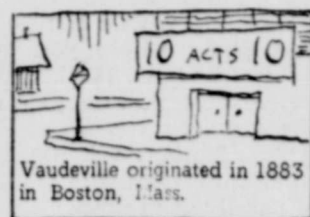

Although any individual can enter and all are welcome, miniature "derbies" are now being planned for early summer all over the world (Spain, Australia, etc.), with first prize being a trip to the big one in Vancouver. In Amsterdam, a newspaper with a daily circulation of over 750,000 is running a fish story contest—the winner to accompany the Fishing Editor to Vancouver.

Prospective Derby entrants can find out more about the contest by writing to CP Air, 581 Fifth Avenue, New York, New York 10017.

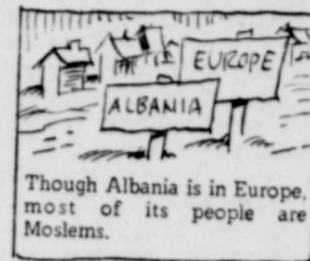

In Germany it is bad luck to sneeze while putting on shoes!

The caddis fly lives in water until it is mature, like a mosquito.

Vaudeville originated in 1883 in Boston, Mass.

Though Albania is in Europe, most of its people are Moslems.

**Lions Elect International President**

ROBERT J. UPLINGER

Robert J. Uplinger of Syracuse, New York, was elected President of Lions International at the Association's 54th Annual Convention in Las Vegas, Nevada, June 22-25. Serving as the 54th President of the world's largest humanitarian service organization, Uplinger leads some 960,000 members in 25,300 clubs located in 146 countries and geographic areas throughout the world.

Lions International is best known for its aid to the blind and sight conservation activities, international relations programs, and its many community service projects. "Lionism is Commitment" will be the primary theme during Uplinger's 1971-1972 Presidential Year. The development of the local Lions Clubs through the individual member's commitment to all aspects of service will be emphasized.

You may find that your youngster enjoys mashed potato mixed with another vegetable — carrots, beets, peas, or green beans.

A quick bread that calls for three cups of flour can usually be baked in a nine by five by three inch pan.

Nice luncheon dish: Creamed spinach topped with poached eggs and buttered croutons.

For a delicious vegetable dish, steam cooked brussels sprouts with white sauce and roasted chestnuts.

To make a quick delicious sauce for curried chicken, make a medium cream sauce using half chicken broth and half cream; add curry powder to suit your taste.

**Permanence Wanted**

TOKYO — More than 350,000 South Koreans applied to become permanent residents of Japan before the deadline June 16, the Justice Ministry said. The plan is designed to give legal status to South Koreans who have lived in Japan since before World War II (when Korea was under Japanese rule, and to their descendants.

Good flavor never shouts, just sings. A classic seasoner for beef and lamb stew, for sauces and soups is Bouquet Garni. To make, place in a small cheesecloth bag 3 to 4 sprigs parsley, 1 medium bay leaf, 1/4 teaspoon dried thyme leaves, and 2 to 3 sprigs of celery leaves. Tie together and add to your favorite meat dish as it cooks.

**METEOR AXES BUILT**  
Astonishingly, craftsmen fashioned battle axes from meteorites about 1,000 B. C. Experts have concluded that two weapons owned by the Freer Gallery in Washington, D. C., were made from meteoritic iron.

**TONS OF LAUNDRY**  
So you think you have a big wash. The U. S. Naval Academy has to put 100 tons of dirty laundry through the suds every week to maintain the Annapolis Middies in the Navy's traditional split 'n' polish condition.

Use bananas that are slightly underripe for baking. Serve with pork chops, ham, chicken, or duck.

When you are making cranberry sauce be sure to skim the foam from the top after cooking.

In making white bread with yeast, enough flour should be worked in so that the dough comes away from the bowl.

Clarify some butter and keep it, tightly covered, in the refrigerator. Use it for greasing cake pans and muffin cups for good butter flavor.

Pottery custard cups are now widely available. They're excellent for making popovers, because they yield a shiny glazed crust.

Now is the time to advertise any item you wish to sell in The Reporter.

**TIRE CONSTRUCTION**  
Sooner or later, your tires will wear out—and you'll have to replace them. And when that time comes, you should know just how the tire manufacturers are "plying" their trade.

Here are the up-to-date facts:  
A. Beneath the tread and forming the sidewall is the tire's body or casing. It is made up of an arrangement of materials called plies. The

way the plies are constructed plays a major role in determining tire life.

B. Tire bodies are constructed in three ways:

1. Bias tires, once standard equipment on new cars, are made with two, four, or more plies of a synthetic fiber fabric — rayon, nylon, polyester — that crisscross beneath the tread on the bias, or angle, approximately 35 degrees to the center of the tire.

2. Radial tires, common on European cars, have fabric plies which extend from bead to bead (steel wires that hold the tire in place) across the sidewall and underneath the tread. For strength, two or more layers of material — called "belts" — are placed beneath the tread.

3. Bias-belted tires, standard on most new cars, are a combination of the first two types of construction. They are made with bias plies topped with two or more belts — most often durable Fiberglas® cord — beneath the tread for strength and longer life.

For a free tire booklet, visit your local independent tire dealer or write Tire Kicker Test, Owens-Corning Fiberglas Corporation, Attention: M.E. Meeks, Fiberglas Tower, Toledo, Ohio 43601.

## Two First-Place Awards Won

The Midland Reporter-Telegram Saturday was named winner of two first-place plaques and a second-place certificate in Division I of the annual Texas newspaper contest sponsored by the Texas Press Association.

The awards were made at a breakfast meeting in Austin to Bill Collyns, editor of The Reporter-Telegram.

The Division I competition is for newspapers in cities with populations between 15,000 and 150,000.

The R-T's first place efforts were in news features and in general appearance. The second place was earned in news writing.

Stories singled out in news features were about youth

convicted on a narcotics charge, and one about the annual Chili Cookoff at Terlingua, both by Clint Kelley, and another about Loving County, and its refusal to accept the state's food give-away program by Kelly McGuffin, a former employe of the R-T.

The stories singled out in the news writing category were Kelly's accounts of a murder, and a murder trial, and one by Wain Miller on the FHA's lease purchase program.

The general excellence plaque went to the Kileen Herald. Second place went to the Midland Reporter-Telegram.

## VA Questions And Answers

(Editor's Note: Veterans and their dependents are asking thousands of questions concerning the benefits their government provides for them through the Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.)

Q — My husband, a WW II veteran, died recently. I applied for the proceeds of his National Service Life Insurance, only to be informed by the VA that I was not the beneficiary. Is this money lost to me?

A — It may be. The VA must pay the proceeds of NSLI policies to the beneficiary last designated by the insured. Many veterans neglect to keep their beneficiary designations up to date. In your case, the situation can be resolved in your favor only if the named beneficiary recognizes the unfairness, and can be persuaded to assign all or part of the proceeds to you.

Q — I am receiving pension under the so called "old law." May I change to the "new law?"

A — Yes. You may change; however, before changing, it is suggested that you discuss it with a VA representative.

### SENIOR CITIZENS MEET AT CAP ROCK ELECTRIC

There was a meeting of the Senior Citizens of Martin County on Tuesday, June 22, at Cap Rock Electric.

The hostesses for the occasion were Mrs. Grady Standefer, Mrs. Minnie King, and Mrs. Grace Mayberry. There were 20 present. Refreshments were served, and games played.

## HOW TO BE AN International Chef

**FRENCH COOKING**  
Of all the cuisines in the world, the food of the French is the most famous. Centuries of artful, loving experimentation and enhancement have gone into their incomparable soups and stews, their superb sauces, their wine-laced poultry and garlic-scented roasts, and their delicious desserts.

**STEAK AU POIVRE**  
(Pepper Steak)  
3-pound boneless sirloin steak  
2 tablespoons freshly cracked black pepper  
2 tablespoons butter or margarine  
Wipe steak with damp paper towels. Rub 1 tablespoon pepper into each side. Slowly heat a large, heavy skillet until very hot. Add 1 tablespoon butter and the oil, stirring until butter is melted. Add steak; over high heat, brown steak well on each side—about 2 minutes a side. Then reduce heat to medium, and cook 8 to 10 minutes a side for medium rare. Remove steak to a heated serving platter, and keep warm. Add remaining butter, wine, brandy, and salt to skillet; simmer, stirring, 3 minutes. Four over steak. Makes 6 servings.

If STEAK AU POIVRE whets your appetite for French cooking, you'd do well to invest a modest \$2.95 in McCall's new "Introduction To French Cooking." Available wherever books are sold, this treasury of

### T. W. Haynie Attends Homecoming

Mrs. Mabel H. Dingwall of El Paso, Mr. T. W. Haynie of Stanton, were in Austin on June 27th to attend the homecoming celebration of the 132nd anniversary of the founding of the Haynie Chapel Methodist Church in 1839, in Garfield. The church was founded by Mrs. Dingwall's and Mr. T. W. Haynie's great-grandfather, the Rev. John Haynie. There were about 300 that attended the reunion.

Rev. John Haynie was one of the organizers of the Methodist Conference in Texas. He was Chaplain of the Congress of the Republic of Texas, and the first pastor of the First Methodist Church in Austin.

### Sheriff's Posse Wins Trophy

The Martin County Sheriff's Posse rode in the Howard County "Cowboy Reunion" Parade and Grand Entry Wednesday, June 23. There was a good representation, despite the fact many members were forced to work in their fields to help preserve the moisture.

The Posse took third place, and the trophy now rests with the many trophies on display next door to the post-office.

The next invitational parade will be held at Snyder on July 23. The Posse plans to attend, and is looking forward to a good representation.

THE STANTON REPORTER

## "Good News," Will Be In July By Women'

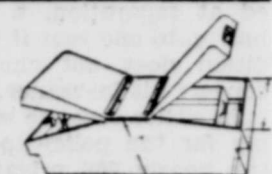

"Good News," the 25th Anniversary Production of Midland Community Theatre, will be presented in July by ACT IX, the theatre's women's auxiliary, and Ham Hocks, the production volunteers. Performances are scheduled at the Theatre Centre for the night of July 10, 16, and 17, with curtain time at 8:30. The Theatre Centre's new phone number is 682-2544; mailing address is P. O. Box 4847.

College life and football hold center stage for this rollicking musical spoof of the Roaring '20s, by Laurence Schwab, B. G. De Sylva, Lew Brown, and Ray Henderson. The football hero flunks his astronomy test — surely dear old Alma Mater can't win the big game without him; The shy cousin of the most popular girl on campus offers her services as a tutor. Our hero is so distracted by his pretty teacher that he barely passes the test, and he remains so piliated that during the big game — but that would be telling. The songs are a delightful blend of liveliness and nostalgia: "Varsity Drag," "The Best Things in Life are Free," "Lucky in Love," and many others that are sure to bring a smile and perhaps a tear. Sure to bring a laugh, however, is a special movie sequence of the big game, complete with close-ups of familiar Midland faces in the crowd. Another outstanding feature will be the Faculty Follies, a star-spangled attraction reminiscent of the Ziegfeld days.

If you have a house for sale call 756-3344. The Stanton Reporter classified ad department.

"Good News" was the first big musical hit for the team of DeSylva, Brown, and Henderson. Before 1925, DeSylva worked with George Gershwin. When Gershwin was independent, DeSylva was joined by Brown and Henderson. Many of their songs have become American classics: "Alabamy Bound," "The Blues," "Black Bottom," and of course the Al Jolson standard "Swanee Song." DeSylva and Ed Graczyk and produced the 1956 movie "Best Things in Life Are Free."

The show is being directed by Ed Graczyk, produced by Phyllis Jacques. Cherry Jones is choreographer, and music director is Shirley Hansor. Theatre enthusiasts will find a special opportunity to see

### Veterans In Doubt About Time Factor

Questions posed by veterans to VA offices frequently show the veteran is in doubt about the time factor of applying for some benefits, according to Jack Coker, VA Regional Office Director in Waco. "Our office has prepared this time table on benefits to assist veterans and their families," Coker added.

The countdown for the veteran starts from the day of his separation from the service.

Coker said a veteran has 10 days to notify any local Selective Service Board of his address, and 30 days to register if he did not do so before entering military service.

If a veteran wants his old job back he has 90 days to apply to his former employer for re-employment.

He has 120 days to convert his Servicemen's Group Life Insurance (SGLI) to an individual policy without examination. If totally disabled at separation, a veteran has up to one year if his condition does not change, to convert his insurance.

In either case, he must apply for the policy to one of the nearly 600 private companies participating in the SGLI program.

A veteran with a service-connected disability has one year from the date he receives his notice of service-connection to apply to VA for Service-Disabled Veterans Insurance.

He also has one year to apply for VA dental care, or to request unemployment compensation from his local state employment service.

Veterans have eight years from date of separation to apply for and receive educational assistance benefits, which terminate after that time.

For a veteran with a service-connected injury or disease, there is no time limit for applying for VA disability compensation, but in order to receive payments dated from the time of his separation from military service, he must apply within one year of se-

### LCC Music Camp Set For July 18-30

Lubbock Christian College's annual Music Camp will be held July 18-30 on the LCC campus for high school and junior high students 12 or over.

The "Music Campers" live in the dorms, eat in the college cafeteria and snack bar, and utilize all college facilities during the two week period of study and fun.

The studies offered are: Song directing, band, chorus, drum majoring, theory and sight-singing, vocal quarters and sextets, sectional rehearsals, stage band, and Bible.

Recreation will consist of: a variety show, movies, all-day picnic, swimming, softball, volleyball, skating, and miniature golf.

The LCC bus will round up students at Houston, Dallas, Fort Worth, Abilene, and towns in between.

The Music Camp staff are talented and have years of experience in their respective fields. They are: B. Wayne Hinds, LCC Music Department head; Dr. Everett Maxwell; Charles Cox, Eddie Chance, Tex Stephens, and Horace Coffman.

Time is growing short, so contact Wayne Hinds at LCC for additional information on the fun time with music — music — music!

### Letter - - -

Mrs. Schlosser.

paration.

There is no time limit for a veteran to be assisted by his local state employment service in finding a job or job-training program.

Nor is there a time limit, to obtain hospital care, or to obtain a GI loan to buy, build, or improve a home or to buy a farm.

For more details, veterans should contact their local VA office, local veterans service organization representatives, or County Service Officers

### Nolan Parker Attends Meal Course At Tech

Nolan Parker of Stanton High School, was among some 20 high school vocational agriculture instructors from a wide area of Texas who participated in a special meats industries short course which concluded Friday (June 25) on the campus of Texas Tech University.

The short course, under joint sponsorship of the Texas Education Agency and Tech's Department of Animal Science, was part of a new program recently initiated by TEA to provide vocational agriculture teachers with practical background and methods for conducting pre-laboratory meats training in high schools.

Principal instructor for the short course was Dr. Keith Lind, professor of meat industries at Texas Tech.

Texas Tech is a multi-purpose university with eight academic divisions — the colleges of Arts and Sciences, Engineering, Business Administration, Home Economics, Agricultural Sciences and Education, the School of Law, and the Graduate School. Tech has a student body of more than 20,000.

### Local News In Brief

Miss Mary La Ne' McKaskle of Andrews, is visiting her grandparents this week, Mr. and Mrs. Ezell McKaskie.

Week-end guests in the home of Rev. and Mrs. Warren Hall, were Mr. and Mrs. Charles Cook, and Jennifer, also Mr. and Mrs. James Caldwell, and two daughters, Dorothy and Rachel, all of San Angelo.

Visiting in the home of Mr. and Mrs. L. C. Stovall, is Mrs. Swint, of Hobbs, New Mexico. The Stovall's went to the Cafey reunion June 13, at Albany, Texas.

Visitors in the home of Mr. and Mrs. P. M. Bristow this week are their daughter, Mrs. Marsha Todd, and her two children, Julie and Jill. Also their son, Mr. and Mrs. Tim Bristow.

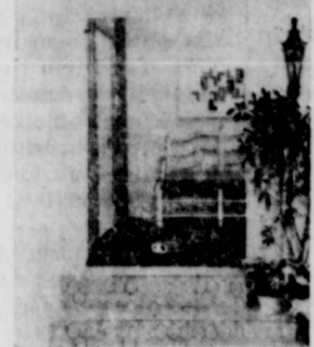

### Tax Man Sam Sez:

In a few days our Nation will celebrate its birthday. There are a lot of folks who say that the country has already fallen apart. There are some more who feel that things are coming apart, or else the air, water, people, or some other kind of pollution, will do us in within a few years. We don't want to argue one way or the other with any of these good folks, but there are a lot of solid dedicated Americans left in this country.

The Internal Revenue Service for many years has stayed in business because there are enough of good solid Americans left who are willing to work hard enough, and earn enough money to pay about two hundred billion dollars in federal taxes each year. IRS is an efficient tax collection outfit primarily due to the good solid Americans paying 97 per cent of this two hundred billion dollars voluntarily.

### DECORATING IDEAS BY THE DOZEN

Every woman secretly sees herself as a successful decorator — all she needs, she is sure, are some inspiring ideas and a little down-to-earth advice on how to accomplish the decorating miracles she has in mind. For such aspiring do-it-yourselfers, the new issue of McCall's You-Do-It Decorating magazine opens the door to

dozens of original decorating ideas and "You-Do-It" projects complete with directions and easy-to-follow diagrams. You can learn how to make a bean-bag chair, for instance, or a fold-away bed-in-a-cabinet. Making a bean-bag chair is a simple matter of cutting, stitching and stuffing, while the movable version of a Murphy bed involves some not-too-complicated carpentry. Lacking even that amount of manual dexterity, you can do your decorating the stick-on

gin, the magazine suggests starting at the bottom and decorating from the floor up. Easy-to-copy ideas here include a wall-hung credenza covered in the same vinyl that covers a foyer floor, and a geometrically-patterned floor of carpet tiles cut into quarters and halves to match the fabric that covers an elephant-shaped wicker chair. In addition to specific instructions for copying each floor shown, there's an extensive "how to" feature on choosing and installing the new self-adhesive floor tiles.

If it's ideas for unusual accessories you're looking for, see the section titled "Decorama." The inspired ideas pieces here can all be made on

to use these versatile stick-ons to cover walls, floor, ceilings, furniture, cabinets, cubes, doors, screens, mirrors and many colorful accessories; there's even a contemporary "painting" done with stick-on mending tape!

Other easy-to-duplicate ideas show inexpensive ways to brighten a beach house or summer cottage. Fabric and/or wallpaper turn living rooms, bedrooms and dining areas from drab and dingy to bright and sparkling. For instance, it takes only 2 1/2 yards of fabric printed with big, brilliantly-colored fish to make a grouping of four fabric pictures that look like exotic paintings.

For would-be decorators who don't know where to be-

turn a dining room into a fool-the-eye "pavilion" by using striped and flowered wallpaper to make it look like a tent. Another dining area is given the effect of a latticed gazebo by the simple device of paneling the walls with filigreed hard-board over pale blue paint.

Bright ideas for any bedroom include a fabric-covered headboard, a space divider made from fabric banners and a bed niche with attached work

a sewing machine, including a spectacular five-foot wall hanging with a brilliantly-colored butterfly appliqued on white cotton drel.

Don't miss the colorful pages showing how to give your home a cool and summery look. You'll learn how to

turn a dining room into a fool-the-eye "pavilion" by using striped and flowered wallpaper to make it look like a tent. Another dining area is given the effect of a latticed gazebo by the simple device of paneling the walls with filigreed hard-board over pale blue paint.

Bright ideas for any bedroom include a fabric-covered headboard, a space divider made from fabric banners and a bed niche with attached work

shelf. Directions and diagrams for making all these things and dozens more are included, so it's easy to make your decorating ideas become reality with the help of McCall's You-Do-It Decorating magazine. Buy the summer issue at your newsstand or send \$1.00 to The McCall Pattern Company, 615 McCall Road, Manhattan, Kansas 66502.

For any news to be published in the local paper, stories and pictures should be in the office by Tuesday.

## SHOWER HONORS

### MRS. LARRY KELSO

A miscellaneous shower for Mrs. Larry Kelso, was held in the home of Mrs. L. C. Hazlewood. Gifts were displayed.

Hostesses were: Mrs. D. E. Ory, Mrs. R. S. Lewis, Mrs. M. L. Koonce, Mrs. Prentiss Hightower, Mrs. Billy Louder, Mrs. Corene Manning, Mrs. Glenn Brown, Mrs. R. O. Anderson, Mrs. Lula Mae Sale, Mrs. Irvin Myrick, Mrs. Jeff Chenault, Mrs. Roy Pickett, Mrs. Robert White, Mrs. Robert Cox, and Mrs. James Doggett.

## Valles Visited Mexico Recently

Mr. and Mrs. Johnny Valles, their children, and Sally Arguello, left June 19, and visited Sabinas, Coahuila, a city about 100 miles south of Eagle Pass. They attended Mass there, and to their surprise the ladies there wore pantsuits to Church. They left about 11 a.m., and drove to Matchula, a city that is 450 years old, and at one time had lots of gold mining. They then drove to Mexico City the next day, where they enjoyed the nice cool climate and beautiful scenery, including their ancient Cathedral, and the Basilica of Our Lady of Guadalupe. They stayed at the Maria Isabel Sheraton Hotel, where they had a magnificent view of Mexico City.

## Grandma's "Receet"

Years ago when my mother was a bride, my Kentucky grandmother gave her a "receet" for washing clothes. This list of writing now hangs over my gleaming automatic washer.

1. pile white, 1 pile cullard, 1 net kettle of rain water.
2. Set tubs so smoke won't blow in eyes if wind is pert.
3. Shave 1 hole cake lie sope in bilin water.
4. Sort things, make 3 piles, 1 pile white, 1 pile cullard, 1 pile work britches and rags.
5. Stur flour in cold water to smooth, then thin down with bilin water.
6. Rub dirty spots on board, scrub hard, then bile, rub cul-

brew a cup to tee — set and rest and rock a spell and count blessings.

14. (And this is ours.) Get the washin' and all other work dun fer to attend Bible study and worship rigular.

Nadine Mills Coleman,  
Via West Berry Banner.

(Editor's note: This little "Receet" was taken from a church bulletin of the West Side Church of Christ in Midland.)

## Airman Glen Evans Completed Training At Lackland AFB

Airman Glen E. Evans, son of Mr. and Mrs. R. A. Evans Stanton, has completed basic training at Lackland AFB, Texas. He has been assigned to Sheppard AFB, Texas, for training in the wire maintenance field.

Airman Evans, a 1969 graduate of Stanton High School, attended Howard County Junior College. His wife is the former Neida Jo Wells of Stanton.

One advantage of poor handwriting, is that it covers up a lot of spelling errors. If you need help, classified ad in the Stanton Reporter. Call 756-3344.

## WELCOME OLD SETTLERS

### M and M Meter Service

## Local News In Brief

The Martin County 4-H Square Dance Club met Monday, July 1, at 8:00 p.m. The group had their business meeting, and then enjoyed an evening of dancing. They had guests from Howard and Dawson counties. Approximately 35 attended.

The first official effort to assess 1971 cotton acreage in the 25 High Plains counties places "standing or planted acreage with a good chance for emergence" at 2,293,000. This compares with an estimated 2,147,200 standing acres in the same area on September 1 last year, and is the largest acreage in cotton on the Plains since 1962, when almost 2.4 million acres were devoted to the fiber crop.

The estimate was jointly compiled by the Lubbock Cotton Exchange and Plains Cotton Growers, Inc., using information gleaned from county agents, county Agricultural Stabilization and Conservation Service office managers, and others close to the cotton

scene in individual counties. Farmers are not required to certify the acreage planted to various crops until August 1, so LCE and PCG officials agree there is room for error in their July 1 estimate. Early this year estimates of "potential" cotton acres on the Plains, based on the assumption of seldom-seen but always-hoped-for ideal weather conditions, ran as high as 2.7 million. But wind, hail, and lack of moisture made it impossible to reach this potential.

The "paying base" allotment for the 25 counties, adjusted upward to include a net 187,973 acres brought in through leases and purchases of allotments, totals 1,818,195 acres.

But, contrary to previous years, the new cotton program in effect for 1971 imposes no limit on acreage farmers can plant above their allotments. Soemthing over a third of this year's cotton is planted on dryland farms, and the condition of these crops is highly erratic. Parts of the dryland areas are said to have fairly uniform crops with sufficient moisture to hold them until late July or even later. But many dryland farmers report "We'll have to have rain soon or our crops will be gone." Irrigated crops on the Plains, generally speaking, are in good condition, giving rise to hopes for average to above average yields.

Guests in the home of Rev. and Mrs. Warren Hall, are Mr. and Mrs. Emmet Powley, of Terrell, Texas. Mr. and Mrs. Powley are on their way to Glorieta, New Mexico, to attend the Southern Baptist Encampment. Mr. Powley spoke to the officers and teachers of the First Baptist Church, Wednesday night.

MYSTERY RIDER — A gift certificate will be given to the first name drawn with the riders correct identity.

stabilize the current competitive position of the fiber crop and build a base for market expansion.

Elliott noted for five consecutive years, more cotton has been sold than produced, and it now appears the carryover by the end of July will be no more than four and a quarter to four and a half million bales, the lowest in 20 years. The same situation exists worldwide, he said.

Although no ruinous shortage has yet developed the uncertainty about next season's supply has already affected the cotton market, he said. Some mills, he noted, because of the uncertainty of adequate supplies of cotton, are shifting to blends rather than continuing to use 100 percent cotton despite the strong demand for all-cotton fabrics. This shift is being made to conserve cotton supplies.

The strong demand for denim, corduroys, print-cloths, and cotton knits over the last year or so has caused a turnaround in the outlook for cotton, and we cannot afford to lose the gains made, emphasized Elliott. The strong demand affords a real opportunity for grower profit.

Since cotton is now planted, the increase in production must come from better management, including insect and weed control, cultural practices, wise use of irrigation, and improved harvesting methods, the specialist said. Too, he noted, ground-soaking general rains over the state would give a real boost to cotton production prospects.

To further the campaign in Texas, Elliott said, meetings on July 8 and 9, are scheduled for Lubbock and Dallas. The Lubbock meeting is set for 1:30 p.m. at the South Plains Electric Cooperative Auditorium, and the 10 a.m. Dallas meeting will be at the Baker Hotel.

C. Phillips of Stanton. Mrs. Larry A. Roberts is the former Linda Phillips.

Congratulations to Mr. and Mrs. Bobby Holland, Stanton, on the birth of a son on June 28. They have named the infant Jay Bradley, and he weighed six pounds, 14 ounces. The paternal grandmother and grandfather is Mrs. Dick Madison, of Stanton, and Mr. Joe Holland of Odessa. The maternal grandparents are Mr. and Mrs. Stanton White.

Mr. and Mrs. L. D. Snell announce the arrival of a daughter on June 4. They have named the infant Regina Gail. She weighed six pounds, and four ounces. Regina joins two brothers, Denby and Darryl.

### Martin County Hospital News

June 30: Donald Ethington, Josephine Ramos, and Raymond Jolly.

July 1: Tressia Gunter and baby, Sandy Meaningfield, Debbie Reese, Pearl Crowley, and Sarah Blocker.

July 2: Charles Lench, and Mary Stroud.

Dismissals: June 29: Mickey Finley, and Blean Silvia.

June 30: May White, Doris Holland and baby.

July 1: Barbara Morrow, and Donald Ethington.

July 2: Sandra Meaningfield, Deborah Reese, and Charles Lench.

NOTE: Last week we missed Elizabeth Pierce, she was admitted on June 22, dismissed on June 25.

birds banded in Texas were found at extremes in Mexico. Eleven other birds banded by Texas game management officers were found in Oklahoma, Kansas, and Iowa, and one strayed over into Mississippi.

Most doves, however, are harvested by hunters within a few miles of the nest site. Estimates place the mourning dove harvest in the United States at about 25 million birds, approximately half of which are killed in Texas.

### Special Mexican Program At LCC

Gerardo Carro is heading up a new special guidance and scholarship program for Mexicans at Lubbock Christian College.

The Chicano community needs leaderships and leaders need education beyond the high school level; but the percentage of Mexicans in colleges and universities in Texas is very low.

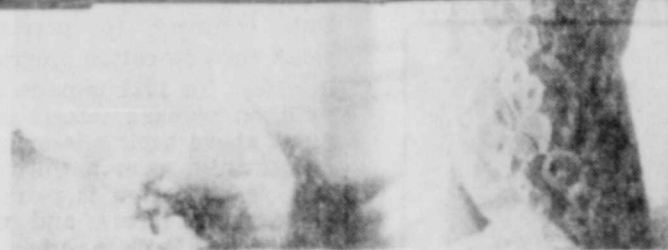

LCC recognizes this need, and has committed itself to educate 20 to 50 needy members of this minority group each year.

Each student under special guidance and counseling, will work on a major course of study of his own choice.

Please contact Mr. Garro at the LCC admissions office if you know of a young Mexican man or woman that is college material, and is not attending college because of financial difficulties or if you would like to become involved in the LCC Mexican Scholarship Fund.

Garro is a naturalized citizen of the U.S. who left Cuba in 1959. He holds the Bachelor's degree from Abilene Christian College, and a Masters in guidance and counseling from Texas Tech University. Mr. Garro will be glad to visit any congregation that would be interested in more information concerning this program.

Measuring Flour: Don't shake the cup! Instead, spoon flour lightly into the measuring cup, then level off with a spatula, say USDA specialists.

Mrs. David Brown

### Kay Hankins, David Brown Married In Ring Rites Friday

Kay Lynne Hankins, daughter of Mr. and Mrs. Jack W. Hankins, and David Clifton Brown, son of Mr. and Mrs. Byron Brown, were united in marriage in a ceremony at 7:30 p.m. Friday in the First Baptist Church.

The Rev. Warren Hall, officiated for the double ring rites before an arch of greenery and orchid pompons. Accent baskets of orchid and white chrysanthemums and purple stephanotis and white candelabra holding orchid tapers were also used in church decorations.

Organist was Mrs. Larry Pinkston, and David Clark Saunders was soloist.

Jerry Brown served his brother as best man, while Sherry Hankins, sister of the bride, was maid of honor. Gayle Haggard was bridesmaid, and Mrs. Larry White, sister of the bridegroom, was bridesmatron.

Flower girl was Tina Reynolds of Jacksboro, and Kevin Brown of Midland, was ring bearer. Ushers were Gary Turner and Jody Turner, both of Midland. Larry White, Bill Pardue, and Wesley Henson, were the groomsmen.

Given in marriage by her father, the bride wore a Spanish design gown of scalloped

Chantillace. The full length gown featured a Sabrina neckline and lace sleeves ending in points over the hands. A large peau bow with streamers accented the natural waistline in the back. Ruffles cascaded down the skirt and extended into the chapel length train. The headpiece was a lace covered caplet holding the Chantilly lace edged veil of elbow length. She carried a bouquet of camellias centered with an orchid.

The bridal attendants wore floor length gowns of orchid chiffon, with fitted lace bolero and long full sleeves gathered at the wrists. Their headpieces were Dior bows with short veils. Each carried a nosegay of orchid feathered carnations backed with white lace.

A reception was held in Fellowship Hall of the church. Assisting with the house party duties were Mrs. Harold Brantley, Paula Standefer, Mrs. Jerry Brown, Jana Hall, Mrs. Marvin Standefer, and Mrs. Alex Haggard.

Following a wedding trip to Dallas, the couple will be at home at Casa Permian Apartments in Odessa, where the bridegroom is employed by Key Fabricators. The bride is student at Midland Commercial College.

and enable a man to remember far more than he now does.

If there ever was a piece of information that ought to have been classified as Top Secret and not to be published for at least a hundred years, that should have been it.

That sort of chemical, if it works, will wreck most governments of the world. What politician could stay in office more than one term if people remembered today what he said six months ago? From

Other people's forgetting is one of the handiest things ever invented to keep a man going.

Those scientists are working on the wrong chemical. What I want is one that'll blot out, not freshen, some of the recollections some of my neighbors have.

You show me a man who can remember everything and I'll show you a man who knows more than he should about you and me.

Yours faithfully,  
J. A.

### FORMER STUDENT HONORED

William E. Robnett, Jr., son of Mr. and Mrs. Ed Robnett, 1602 Hodges, Midland, was a June honor graduate from Texas Tech University School of Arts and Science, with a major in Biology. He will continue his studies in Graduate School with an assistantship in the Texas Tech Biology Department. Robnett is a 1968 graduate of Stanton High School.

## Class Reunions

The class reunion of 1931 will be held on Friday, July 9, at 7:00 p.m. in the Reddy Room of Texas Electric.

The meeting will be led by their former principal, M. E. Fincher, and class sponsor, W. C. Glazner. The class will sponsor a float in the Old Settler's Reunion Parade.

The Courtney High School class of 1940, will have a reunion in Stanton at the Cap Rock Electric Willie Wirehand Room, July 10, from 3 o'clock p.m. to 7 p.m. The class invites Courtney ex-students and teachers to attend.

## Valles Visited Mexico Recently

Mr. and Mrs. Johnny Valles, their children, and Sally Arguello, left June 19, and visited Sabinas, Coahuila, a city about 100 miles south of Eagle Pass. They attended Mass there, and to their surprise the ladies there wore pantsuits to Church. They left about 11 a.m., and drove to Matchula, a city that is 450 years old, and at one time had lots of gold mining.

They then drove to Mexico City the next day, where they enjoyed the nice cool climate and beautiful scenery, including their ancient Cathedral, and the Basilica of Our Lady of Guadalupe. They stayed at the Maria Isabel Sheraton Hotel, where they had a magnificent view of Mexico City. While there they met Echeverria, the President of Mexico, and the Comedian Cantinflas, the Star of Pepe. Cantinflas is a very popular person in Mexico, because of his generosity to the poor, he also maintains financial orphanages in Mexico. He came from a poor section of Mexico City, and his salary started at 2 pesos a day, and he rose to fame, making him now a millionaire. While in Mexico City the group saw the unbelievable art of the Aztec Indians.

On the 24th of June, they drove on to Acapulco, and enjoyed the sunny weather at the coast, where they spent most of their time at the beach. While in Acapulco they visited several points of interest to us, like the beautiful mansion John Wayne owns there, the one mansion where John F. Kennedy and Jackie spent their honeymoon and a lot of other very important spots. They left Acapulco the 27th of June, and came back and rested June 30, and then took off again to visit a place they enjoy going to every year. "Six Flags Over Texas."

## Grandma's "Receet"

Years ago when my mother was a bride, my Kentucky grandmother gave her a "receet" for washing clothes. This list of writing now hangs over my gleaming automatic washer.

- 1 pile white, 1 pile cullard, 1 het kettle of rain water.
2. Set tubs so smoke won't blow in eyes if wind is pert.
3. Shave 1 hole cake lie sope in bilin water.
4. Sort things, make 3 piles, 1 pile white, 1 pile culsrd, 1 pile work britches and rags.
5. Stur flour in cold water to smooth, then thin down with bilin water.
6. Rub dirty spots on board, scrub hard, then bile, rub cullard but don't bile, just rench and starch.
7. Take white things out of kettle with broom stick handle, then rench, blew and starch.
8. Spred the towels on grass.
9. Hang old towels on fence.
10. Pore rench water in flower beds.
11. Scrub porch with hot soppy water.
12. Turn tubs upside down.
13. Go put on cleen dress — smooth hair with side combs.

## Tommy Deavenport Returned Sunday For Long Tennis Clinic

Tommy Deavenport, son of Mr. and Mrs. Bob Deavenport, returned Sunday from a week long tennis clinic at West Texas State University in Canyon. During the tennis session the Stanton High School junior won first in the advanced group singles competition, and received the "best camper" award.

His coach for the week was Avery Rush, the University of Texas' number one player.

## Airman Glen Evans Completed Training At Lackland AFB

Airman Glen E. Evans, son of Mr. and Mrs. R. A. Evans Stanton, has completed basic training at Lackland AFB, Texas. He has been assigned to Sheppard AFB, Texas, for training in the wire maintenance field.

Airman Evans, a 1969 graduate of Stanton High School, attended Howard County Junior College. His wife is the former Neida Jo Wells of Stanton.

One advantage of poor handwriting, is that it covers up a lot of spelling errors. If you need help, an classified ad in the Stanton Reporter. Call 756-3344.

### Food Buying Is A Never Ending Job

Food buying is a never ending job, but try these marketing suggestions from Gwendolyn Clyatt, extension consumer marketing specialist, to help make the job a bit easier.

Prices on meats remain mostly unchanged, but some cuts are being promoted she says. Look for best beef values on round steaks and roasts, short ribs, ground beef, and chuck roasts and steaks.

Pork values include hams, picnics, shoulder and steaks, and end-cut loin roasts and chops.

Fryers remain a top bargain, while grade A large and medium eggs compete "nip and tuck" for the best egg buy.

If you have an eye toward meats that are easy to fix and store, Mrs. Clyatt suggest you look to cold cuts.

Vegetable supplies are increasing and showing attractive quality and cost, she continues. Fresh corn, available now, is tender and sweet. Okra, summer squash, cucumbers and bell peppers are in greater supply. Head lettuce, radishes, celery, green beans, green onions, potatoes, yellow onions, cabbage, and most cooking greens continue to be economical choices.

Tempting fresh fruits appearing at produce counters include peaches, bananas, oranges, cherries, lemons, white grapes, pineapple, avocados, and plums. Honeydews, cantaloupes, and watermelons are reasonably priced for good quality at this time.

Mrs. Gary Wayne Barnett

## Karen Therwhanger And Gary Barnett Were Married July 3

Karen Kay Therwhanger and Gary Wayne Barnett were married in Stanton at 7:00 p.m. Saturday, July 3, at the First Baptist Church. Their parents are Mr. and Mrs. G. B. Therwhanger of Stanton, and Mr. and Mrs. J. T. Barnett of Tulsa.

The Rev. Temple Lewis, pastor of the Broadview Baptist Church, Abilene, read the double ring rites.

The church was decorated with an arch of greenery and white marguerite daisies topped with a pair of white doves. Music was offered by Betty

Anderson, organist, and Tim Tucker, soloist.

Cathy Therwhanger, sister of the bride, was the maid of honor. She wore a gown of Empire styled yellow crepe. The sleeveless gown with a boat-neckline, was accented by a bow at the waistline, and a pearl choker. She carried a nosegay of yellow and white marguerite daisies.

Duane Barnett, brother of the groom, of Tulsa, served as best man. Alfred Therwhanger, brother of the bride of Levelland, and Rick Wallace of Tulsa, served as ushers.

Given in marriage by her father, the bride chose a traditional gown of white lace and lutesong. The lace bodice featured a low round neck, and long lantern sleeves, gathered on the snap cuffs. The skirt was softly gathered on the bodice above the normal waistline. She carried a cascade bouquet of white marguerite daisies, and yellow sweetheart roses. The bride also wore a coker of pearls given to her by the groom.

### STANTON SCALE STEPPERS MEET

The Scale Steppers met on June 29, with a total of 10 members, and four visitors.

A total weight loss for the week was 11 pounds. The winner of the three month contest was announced, with Leona Hightower's team winning. The losing team will host a salad supper for the winners.

Cleta Barber was crowned June queen. Janie McCormick was runner up for the contest. Officers were elected for the next year. Group captains for the next three month's contest, were also chosen.

It was announced that members planning to attend the birthday party of the club in Midland, should meet at the library at 9:30 p.m. July 13.

### Tax Man Sam Sez:

In the good old summertime Texans' thoughts turn to the swimming hole, suntans, and maybe watermelon, vacations, and lots of things, but most Texans don't think about keeping income tax records. Keeping tax records is a year 'round job, and while you are enjoying the good old summertime you oughta remember how cold it will be next January when you try to remember how much that tax deduction was that you should have made a record of or put up the receipt on way back in the heat of the summer.

Mr. and Mrs. Joe Stewart

### Joe Stewarts Observe 50th Anniversary

Mr. and Mrs. Joe A. Stewart observed their 50th wedding anniversary July 4, at the Cap Rock Electric auditorium. They were married June 24 1921, in the Methodist parsonage by the late Rev. Joe McReynolds, who was pastor of the Methodist Church here at that time.

Mrs. Stewart was born in Stanton, and is the daughter of the late Mr. and Mrs. F. W. Flanagan, who owned and operated the City Hotel in Stanton. The Stewarts were members of the Methodist Church at Courtney, and have been members of the United Methodist Church for several years.

Mr. Stewart farmed for years in the Courtney community, then due to his health, purchased and ran a grocery store and service station west of Stanton for 18 years. Since retiring they have moved to Stanton and purchased a home.

Mrs. Stewart worked in home demonstration clubs for years, and was a member of the first home demonstration club organized in the county.

Their children are Mrs. Virginia Collins, Midland; Edward G. Stewart, Midland; and Barbara Jane Smith, of Plainview, along with 11 grandchildren, and two great-grandchildren were hostesses for their parent's anniversary.

Cleveland boasts the world's largest supersonic wind tunnel, part of the Lewis Flight Propulsion Laboratory.

### LEGAL NOTICE

#### NOTICE OF CHANGE TEXAS SALES AND USE TAX ACT EFFECTIVE JULY 1, 1971

"The rate of tax has been increased to five per cent (5%). Therefore, all sales of taxable merchandise in excess of nine cents (9c) are taxable under the revised bracket system."

The weekly sales price of The Stanton Reporter is ten cents (10c) on over the counter, newsstands, racks, and vending machine sales, therefore, the over nine cents (9c) rate will apply, making a single copy or multiple copy sales taxable at the five per cent (5%) rate and must be included in your taxable receipts. This amounts to a 1c per copy tax on every newspaper you sell.

The Stanton Reporter, BUDDY NORVILLE, Editor, General Manager.

**Leaky Meat Packages**  
"Why can't meat be packaged without dripping?" consumers often ask. Dripping can result from meat warming during the cutting and packaging process, from the refrigerated display not being cold enough, or from the package warming between the time of selection and refrigeration at home.

### SOUTH SIDE SCALE STEPPERS

The South Side Scale Steppers met on June 28, at 7:30 Mrs. David Young, president of the club, reported a loss of three pounds, and one pound gain. There was a total of 11 members, and one visitor present, she was Audrey Brown. A new item was announced. Each one will bring a kitchen item for each member on their birthday.

### Personals

Mrs. David Young, and children, Loretta (Marcelene), and Cathy, attended a family reunion over the week-end at San Antonio. While in San Antonio, they visited the Alamo, Hemisphere grounds, the Brackenridge Park, and other points of interest.
