## 1971 Homecoming Activities Planned For Weekend

### To The Point

By BUDDY NORVILLE

We here at the Stanton Reporter would like to welcome all the ex-students who will be in town for the Homecoming activities this week-end. We hope you will enjoy your visit in Stanton.

It was homecoming in Wolf-orth this past Friday night. I hope the people of Stanton will be better hosts to the Rankin visitors this Friday night than the Frenship people were to the Buffaloes and coaches (and sports writer).

Be nice, win lose or draw. This will top the treatment of the Frenship officials.

We went over to Midland Monday night to hear Angel Martinez at the First Baptist Church. A twentieth century intellectual, Angel memorized the entire New Testament before he was 21 years old. He gave a demonstration of his memory, quoting many scriptures pertaining to the Second Advent of our Lord.

He also quoted Boltman and Kuhlman and other Biblical philosophers. I was impressed by all the books he had read, and not all of them of a religious nature.

If you want to be moved, drive over and hear Angel one night this week. If you don't, stay where you are.

E. L. Short hinted at the Lions Club luncheon Tuesday that the state may take over our school systems altogether in a few years. California has done this recently. And, there is some talk of it in Texas. It seems there is not an adequate balance between school systems. Balance in money available that is. If the state takes over each school would get an equal amount, pending amount of need, etc.

This brings us to the point. If you people in Stanton want a say in what kind of school building you want for your children, grandchildren, or neighbor children. You had better say it now. Five years from now may be too late to have a say. This point was brought out by Russel McMeans to the Chamber of Commerce Tuesday night. Now this isn't just something to stir up interest in a new building program, it's in the mill. It's going to happen. The way the Federal government is sticking its nose into everything these days, this is going to happen. The state won't have any choice, and we certainly won't.

Think about it... and then act.

IN STANTON FOR TB CLINIC—Dr. H. N. McCarthy, state TB Doctor was in Stanton last Wednesday for a TB clinic held in the Neighborhood center. Shown l to r, Mrs. McCarthy, Dr. McCarthy, Aurora Sanchez, Rosie Young. Standing, Pearl Cobb, State TB nurse, and Floyd Young.

### Neighborhood Center Is For TB Control Drive

The Martin - Glasscock Neighborhood Center is engaged in an extensive T. B. control program for Martin County.

Dr. McCarthy, state T.B. doctor, and Mrs. Pearl Cobb, state T.B. nurse, set up regular clinics at the center. The program includes T.B. test, readings of the test, x-rays for those who show a reaction to the test, and examination and medication prescribed by the doctor.

Contracts have been signed by the state and Martin County Hospital to provide x-ray services for this program. We appreciate the excellent cooperation of our local hospital in assisting with this program.

We could use volunteer help with these clinics. If you have time you could devote to the health program, please contact: Martin - Glasscock Neighborhood Center at 405 South St. Francis. (756-2588.)

### Pee Wee Games Rescheduled For 1 P.M.

Saturday's Pee Wee games will be played at 1:00 P.M. This change is due to the Punt, Pass and Kick competition to be held Saturday morning.

HAPPY BIRTHDAY—Louis Hernandez was eleven-years-old last Friday. Xi Theta Nu Sorority has adopted the class and serve as room mothers of the group. One of their projects is to give birthday parties to the youngsters in the special ed class. Both elementary and Junior High classes attended the party of Louis.

### E. L. Short Is Speaker At Lion's Club Meeting

E. L. Short, Democratic Representative of the 73rd District, was in Stanton Tuesday and spoke to the noon Lions Club. Mr. Short was introduced by County Democratic Chairman, Morgan Hall.

Mr. Short said that he always enjoyed coming to Stanton because it is so much like his hometown of Tahoka. "We have the same type of problems. People here are exactly like the people in Tahoka," he said. "We are both losing population. And we have no industry," he continued.

Rep. Short stressed the idea that although there may be two opinions on a given subject (like the Courthouse issue), that a town should not be separated by the conflicting opinions. "We can disagree and not be disagreeable," he stated.

He talked awhile about the critical situation that has arisen in the House over the Speakership. Mr. Short was one of the group that met in secret session in Dallas over the weekend. The group decided upon a list of names from which one will be chosen to act as Speaker pro tem.

The group will meet again in 2 or 3 weeks to select a speaker.

### Board Hires Lubbock Firm

The Stanton School Board has hired the Architectural firm of Brasher, Goyette, and Raper of Lubbock to begin drawing plans for improvements to the existing school structures, a new High School and new shop areas.

### P, P & K, Saturday, 9 A.M.

The Annual Punt, Pass and Kick competition will be held Saturday morning on the High School football field. Competition will begin at 9:00 a.m. Jack Ireton is in charge of the program. White Motor Company is sponsoring the yearly affair.

### Attended Convention

School Board members attending the 1971 Joint Annual Convention held in San Antonio Saturday, Sunday and Monday were: George Glynn, Owen Kelley, Jack Ireton, Delbert Dickenson, and Kenneth Holcomb.

### Cadet Wilson Promoted

The commander of the Army ROTC Brigade, at Texas Tech University, announced that William E. Wilson, son of Mr. and Mrs. J. A. Wilson Jr., has been promoted to the rank of sergeant for the Fall Semester of 1971. Cadet Wilson has been assigned as a member of the provisional company.

Congratulations and best of luck to the three candidates for the Coming Home Queens: Jone Lu (Jones) Hazlewood, 1970 Coming Home Queen.

### Howard County Posse To Host Play Day, Oct. 3

The Howard County Sheriff's Posse will sponsor the District IV Open Play Day on Saturday, October 3. The affair will be held in the Martin County Sheriff's Posse Arena, on the Andrews Highway west of Big Spring. Time is set at 1:00 p.m.

Association Games and Rules. The fee will be 50c per event.

Senior Women's Boot Scramble, \$1.00 entry fee.

High point boy and girl in each age group will receive a belt buckle.

Everyone is welcome to participate.

### TEC To Send Rep. To Stanton

Every Thursday morning, 8 a.m. to 12 noon, a representative of the Texas Employment Commission office in Midland will be in the Stanton Chamber of Commerce office. Mr. Norman Zachry will be here today to meet with employers with the purpose of aiding them in finding labor for their needs.

Anyone interested in finding a job should contact Mr. Zachry at this time.

### Martin County Farm Bureau Holds Annual Meeting

The Martin County Farm Bureau held its annual meeting Saturday, Sept. 25, at the Grady School. Barbecue supper was served to 196 people. The invocation was given by Herman Fisher.

President Floyd Martin presided at the business meeting. Mr. Martin, outgoing president, presented to the voting membership an optional Accidental Death Policy which offers coverage to the members, their spouse, and all unmarried children under age 19. It was put to a vote and carried unanimously. As a result, the annual membership dues will be raised \$1.50 per year. We wish to express our thanks to Mr. Martin for his previous years service.

Speeches were presented by Steve Wood, Carol Smith, and Gloria Bryan. These students represented Martin County at the Farm Bureau Students Seminar.

Five directors were elected to serve two-year terms each. They were: Curtis Flanagan, Darrell Quaid, G. P. Harrell, Jimmy Robertson and Aaron Doneison.

Delegates nominated for the Convention were Eldon Welch, Travis Yater, Curtis Flanagan, Jack Kuhlman and the Board President.

Ed Cumbie, State Field Representative, spoke on the Ad Valorem tax on rural properties and the extended services Farm Bureau is offering, such as, cattle, chickens, turkeys and the tire program.

### Winners Announced

Winners of door prizes Friday afternoon at the showing of the New Ford cars are: W. D. Howell, portable TV set, T. D. Barnhill, set of binoculars. The following received a book on Pro Football, Joe Lopez, Mrs. Barney Nichols, Eddy Odoms, Rick McKinney, Robert Nichols, and H. G. Cross.

FOOTBALL CONTEST  
FRIDAY NIGHT 8:00 Here  
Homecoming BUFFALOES RANKIN

### Ex-Student Association, Student Council Have Announced Plans For 1971 Homecoming

The Homecoming spirit has hit Stanton. The ex-student association and the Stanton High School Student Council has announced plans for 1971 Homecoming activities.

The Student Council has approved the following activities for the High School students.

Wed. — Freshman Day for all "fish". Western Day for all upperclassmen.

Thurs. — Hillbilly Day.

Friday — Color Day (School colors). Also "Whisper Day" contest.

On Thursday, September 30, High School will dismiss at

2:30 for students to gather material and erect a bonfire. The bonfire will be held Thursday night at 8 p.m. on the south side of town near Walker Field.

Friday's activities include a pep rally at 3:00 p.m. in the High School gym. The Pep Rally will be followed by a parade at 4 p.m. in the downtown area. The parade is under the direction of Roy Koonce. The parade theme for the High School will be Western.

The highlight of Homecoming activities will be the football game between the Stan-

ton Buffaloes and Rankin. Game time is 8:00 p.m. Friday. The winners of the float competition will be announced before the game Friday night. Introduction of class representatives will also be made at this time. The queen candidates will be viewed in front of the home stands.

The Homecoming queen will be announced at half-time.

The Stanton Ex-Students Association has announced plans for the 1971 Homecoming Schedule. Jim Wheeler is president of the organization.

Beginning the Homecoming activities will be a parade at 4:00 p.m. Friday afternoon, October 1. The barbecue dinner, as previously reported, will not be held this year. Instead, a buffet dinner will be served in the High School Cafeteria from 5:30 until 7:00 p.m.

Registration of ex-students will be carried on during the dinner. Ex-students will also vote on the three nominees for Coming-Home Queen. The nominees are: Sara Mott Blocker, class of 1958; Donna Swanson Boyce, class of 1960; Carol Ringener Anderson, class of 1965.

The Queen will be presented at half-time of the Stanton-Rankin football game Friday night. Game time is 8:00 p.m.

Immediately following the game there will be a reception for all ex-students in the High School cafeteria. New officers will be elected at this meeting.

### Paige Eiland Wins Trip To San Francisco

Mr. and Mrs. Paige Eiland have just returned from San Francisco where they attended the National Association of Insurance Agents Convention. This is the Independent Insurance Agents Organization.

They won this trip in May when they attended the Texas Association of Insurance Agents Convention in Mexico. This was the largest convention ever, as 4,067 agents were present.

Several very interesting speakers were on the agenda. The most interesting and the keynote speaker was Dr. S. I. Hayakawa, President of the San Francisco State College. He is known for his strong stand in putting down student demonstrations on the San Francisco State campus.

"San Francisco is a very enjoyable city to visit, but we did not get to see everything we wanted to," Paige said.

Another interesting topic was one concerning "The Habitual Offender and the Drunken Driver." This is a plan to get the habitual drunk driver off the highways that causes about 50% of all automobile accidents.

### Petroleum Production Adds To Economy Of Martin County

Petroleum production continues to play a significant role in the economy of Martin County with a direct input of \$27,621,983 last year.

According to the latest compilation of Texas Mid-Continent Oil & Gas Assn., the county in 1970 produced 7,980,522 barrels of crude oil valued at \$26,335,723 and 8,809,997 thousand cubic feet of natural gas valued at \$1,286,260. It ranked 57th in value of petroleum produced.

In addition, the county re-

ceived the stimulation of \$3,452,748 in royalty payments to landowners and others with mineral interests.

"Martin was one of 187 Texas counties that had petroleum production valued at more than \$125,000," says Kenneth E. Montague, Texas Mid-Continent president. "Its ability to produce helped Texas meet a record demand with record production of both oil and gas in 1970. This demand has again diminished Texas petroleum reserves as additions failed to offset withdrawals. In Texas, we only drilled 8,114 wells—the smallest number since 1946."

Texas state government benefited from the county's petroleum, receiving \$1,211,443 in production taxes on crude oil and \$96,470 on natural gas.

Drilling expenditures in the county totaled \$9,785,058 with \$275,084 being lost on dry holes. Drillers completed 118 oil wells and two dry holes. Five wildcats were drilled with one of them dry.

The Texas Employment Commission shows 355 persons were directly employed by the oil and gas industry in the county with an annual payroll of \$3,803,808.

### Representative E. L. Short Attends Meeting In Dallas

Mr. E. L. Short, Representative for the 73rd District, was in Dallas attending a meeting this past week. There were 42 Conservative Democrats who also made the meeting.

At the meeting several selected names were given to the House Speaker, Mr. Gus Mutscher. He will select from these names one member to be Speaker Pro-Tem. This person will not run for Speaker of the House but will hold the position of Speaker Pro-Tem until the new Speaker is elected by the House.

The new Pro-tem will be separate and apart from the Speaker of the House. He will be someone all the parties can get along with. The appointment will be made Wednesday, 29th, 1971.

Also a meeting will be held in secrecy in two or three weeks to select a candidate, who will run for Speaker in the next election. About ninety people will be present to pledge and commit themselves to a candidate.

### Local Men Go To Washington

Texas farmers will be in Washington during the heat of the bargaining debate which will begin with a hearing before the House Agricultural Subcommittee on September 27. National Farmers Union is sponsoring the Fly-In Program which will bring farmers and ranchers from across the nation to Washington to express their views to congressmen on bargaining problems. The Texas group departed Dallas on Monday, September 27, and will return Thursday morning, September 30.

RAIN, RAIN, GO AWAY—Umbrellas were in order Friday night as the Buffs were in battle with Frenship.

**Oilpatch Outlook**

Adobe Oil Co. of Midland has completed four new producers in the Martin County sector of the Spraberry Trend Area. No. 1-1 Sale Ranch is nine miles northwest of Stanton. Through perforations at 8,045-9-023 feet, it finished on the pump for 194 barrels of oil and 16 barrels of water daily, with gas-oil ratio measuring 865-1. The section had been acidized with 2,000 gallons and fractured with 150,000 gallons.

Location is 1,320 feet from north and west lines of section 33, block 37, T-1-N, T&P survey.

No. 1 Kuhlman was completed through perforations at 7,926-8-927 feet, which had been acidized with 3,000 gallons and fractured with 80,000 gallons and 240,000 pounds of sand.

On a 24-hour potential test, it flowed through a 14 64-inch choke, to produce 243 barrels of oil, no water. Gravity of the oil was 39.7 degrees and gas-oil ratio measured 846-1.

Located 1/2 mile east and west of production, it spots 1,320 feet from north and west lines of section 39, block 36, T-2-N, T&P survey, 1/2 mile southeast of Lenora town-site.

No. 2 Blocker, a one-mile south extension to the Trend Area, is located 1,320 feet from north and east lines of section 10, block 37, T-1-S, T&P survey, seven miles northwest of Stanton.

It produced 237 barrels of 39.7-gravity oil, plus 12 barrels of water through perforated section at 7,889-8,860 feet, which had been treated with 2,000 gallons of acid and 80,000 gallons and 240,000 pounds of fracture material.

Adobe's No. 2-1 Sale Ranch finished to pump 206 barrels of oil and 20 barrels of water daily, through perforated interval from 8,030-8,998 feet. Gas-oil ratio was 791-1.

Producing section had been acidized with 2,000 gallons and fractured with 80,000 gallons and 240,000 pounds.

Well-site is 1,320 feet from north and east lines of section 33, block 37, T-1-N, T&P survey, nine miles northwest of Stanton and 1/2 mile south, north and west of the nearest completed producers.

University Resources Corp. of Dallas staked site for No. 1 Slaughter as a one-mile west outcrop to the Sulphur Draw (8,790 Dean) field of Martin County, 26 miles northwest of Stanton.

The project is scheduled to 9,300 feet and spots 1,419 feet from south and 1,228 feet from east lines of section 5, block 36, T-3-N, T&P survey.

A producer was finished and location set for a project in the Martin County sector of the Spraberry Trend Area.

the Spraberry Trend Area.

Adobe Oil Co. of Midland completed No. 6-H Sale Ranch as a 1/2-mile south extension in the Sale Ranch part of the field, to pump 219 barrels of 39.9-gravity oil per day, plus 16 barrels of water.

Production was through perforations at 8,057-9,022 feet, which had been acidized with 4,500 gallons and fractured with 80,000 gallons and 240,000 pounds. Gas-oil ratio measured 808-1.

Location is 1,320 feet from south and east lines of section 10, block 37, T-1-N, T&P survey, 11 miles northwest of Stanton.

Belo Petroleum Corp., Midland, filed application to drill No. 1 Hulsey, a 1 1/8-mile northeast and 1 7/8-mile southwest link well on the north side of the field.

Scheduled to 9,400 feet, it spots 1,320 feet from north and east lines of section 6, block 36, T-2-N, T&P survey, four miles northeast of Tarsap.

Adobe Oil Co. staked No. 1 Glass as a one-mile south outcrop to the Martin County sector of the Spraberry Trend Area, 13 miles west of Stanton.

Location for the test, scheduled to 9,350 feet, is 1,320 feet from north and east lines of section 29, block 38, T-1-N, T&P survey.

**Philosopher Has Advice For People To Leave U.S.**

Editor's note: The Martin County Philosopher on his crab grass farm on Mustang Draw has some reflections on the state of the United States this week, approximately.

Dear editor:  
 A man who can't find something to complain about in this country just isn't trying, but some people, according to an article I read in a newspaper last night when I found out the new television season is about the same as the last one, have so much to complain about they'd like to move out.

Twelve per cent of the population, according to a Gallup poll, would like to pull up stakes and move to another country. They say there's too much pollution, too much inflation, too much social unrest, etc., in the United States.

I got to thinking, Where would they go, for example, to escape pollution? There's not a major river in the world that isn't polluted, from the Thames in England to the Rhine in Germany to the Seine in France. The Nile, the Danube, you name it, it's polluted. Why, I read just last night that the once beautiful lakes of Switzerland are so polluted all swimming has been banned and circuses won't even let their elephants wash off in them.

How about inflation? According to figures I've got right here in front of me, in the last five years inflation in the U.S. has increased living costs 25 per cent. In Japan the increase has been 30 per cent, in England 32 per cent, in Brazil 40 per cent. Rents have risen 40 per cent

**Extension Service Holds Seminar**

"Marketing—the Key to agriculture's future" was the theme of an all-day seminar held Wednesday, September 29 at Cap Rock Electric.

The meeting was conducted by agricultural economists and marketing specialists of the Texas Agricultural Extension Service.

Charles W. Green, Midland County agricultural agent, said that more emphasis needs to be devoted by agricultural producers to more effective bargaining for prices for the goods they produce. The marketing seminar furnished some basic information needed by producers in determining how best they could attain market power for their products and how to look toward that end.

We hope to have more information on this meeting in the next edition.

**Watch This One**

Mechanical harvesting of up to 4 crops of pickling cucumbers each growing season is a possibility for the near future. Current research in the Soil and Crops Sciences Department at Texas A&M, utilizing an exclusive A&M hermaphroditic inbred line of cucumbers (TAMU 950) promises a much increased yield and easier harvesting for pickling cucumbers.

**Webb Air Force Base To Sponsor 'Career Day' Oct. 1**

WEBB AFB—Have you ever dreamt of becoming an Air Force pilot, a nurse, an air traffic controller, aircraft mechanic or security policeman? If so, mark your calendar for October 1, when Webb Air Force Base will sponsor "Career Day" from 9:30 a.m. to approximately 3 p.m.

Activities will center around the large hanger on the north end of the flightline where booths will be set up representing the majority of job specialties held by Webb personnel. Airmen, non-commissioned officers and officers will be available to answer questions of qualifications needed for entry into a specific career field, promotion opportunities, technical training available and other aspects of Air Force life. In the last few years most Air Force career fields have opened to women, and the ladies are especially welcome to participate.

In addition to activities in the hanger, the flying squadrons will hold mock pilot briefings in the T-38 Operations Building. "The Air Force NOW," a monthly movie distributed world-wide and other

**Pep Squad News**

The Pep Squad met on September 27, 1971, at 9:30 P.M. in the High School Gym. Debbie Lambert presided over the meeting.

The following business actions were taken. The main topic of this week is Homecoming, when the Buffaloes meet the Rankin Red Devils, Friday night October 1, 1971 at 8:00 here. The Pep Squad elected the Football Beau. A bonfire will be held Thursday night at 7:30. The Homecoming Parade will be held downtown at 4:00 with floats from each class, cars decorated, and the Pep Squad marching with the cheerleaders doing yells.

For the Pep Squad as well as the student body, lots of work and excitement are going on. Signs are being made for the most spirited class.

Hope to see all the Exes backing the Buffaloes Friday! A victory is on its way! ALL THE WAY BIG RED!!

# Bufs Win Battle, Then Lose War, 10-8

A football team was born Friday night in Wolforth. The Frenship Tigers won the game, 10-8. But the Stanton Buffaloes learned they could play football when they wanted to. The Tigers didn't have far to go to find a game, the Buffs took it to them.

Although the Buffs extended their loss-streak to 21, they played like a winner Friday night. The outcome of the game wasn't decided until the final gun had sounded and a victory was assured the Frenship homecoming crowd.

The Tigers received the opening kickoff on their own 20-yard line and ran it back to the 43. There they began to eat up yardage, from 2 to 9 at a time. They moved with relative ease to the Buffalo

18, where the Buff defense, led by Dwayne McMeans, pushed the Tigers back for a 5-yard loss. On 3-13 they lost 4 more yards, the defense led by David Dillard. On 4-17 on the 25 the Tiger quarterback threw an incomplete pass to Roy Cuellar. The Buffs took over on their own 25.

On first down Chipper Cogging ground out 16 yards before being hauled in by a lucky Tiger. But the Tiger defense granted no more and the Buffs had to punt on 4th down.

But the Buffs gave the ball

right back to them on a fumble. The Tigers could not move the ball either and were forced to kick on 4th and 8.

## Different Tune Same Words

The story is the same, the opposition is different. Regardless of how you look at it, the 7th grade team won and the 8th grade team lost.

The 7th grade goes into this weeks game with Rankin undefeated in two starts. The 8th grade will be looking for its first win of the season.

McCamey was the second victim of the upstart 7th grade team. While the 8th grade fell victim to the McCamey 8th grade team.

The Buffs had to take a Frenship bounce on the 18. On first down McMeans fumbled on his own 15 and Frenship recovered. Frenship's Joe Rogans was injured on the play.

Gerald Whitehead worked the ball in to the 10. Roy Cuellar dashed around his own right end on third down for the TD. He then kicked the extra point.

The Buffs, being shaken up by the turn-of-play, could not move the ball on the following series of downs.

The Tigers gave up the ball when Frankie Barnhill intercepted a Wright pass and ran it back to the 45 of Frenship.

On the very next play Frenship intercepted Wilson's pass to the 36. The first half ended here with the score at 7-0.

On the opening kickoff of the second half, Paul McCalister fumbled and Frenship recovered on the Buff 16. It looked like Frenship would run away with the ball game at this point. But the determined Buffs dug in and gave the over-confident Tigers little yardage. On 4th and 9, the Buffs allowed Cuellar only 4 yards and took over on their own 6.

The Buffs could not get moving, however, and had to kick.

The Tigers moved the ball back upfield to the Buffalo 12, where, on 4th and 1, the Buffalo defense stood rigid and took over. Barnhill, Cogging, Clary, and Swanson were determined to hold their ground.

The two teams traded possessions without either one getting up any steam. And the third quarter ended with the score still at 7-0.

On the opening drive of the 4th quarter, the Buffs in possession, the score was suddenly 8-7 in favor of Stanton. On a third down and 22 needed situation, Wilson connected with Jackie Swanson on the Tiger 45, and then Swanson took off like a spotted ape and ran on in for the score. The play covered 70-yards. McMeans ran around right end for the two-point conversion. On the following series, the

Statistics	Stant.	Fren.

Score by quarters:	Frenship	0	7	0	3	—	10
Stanton	0	0	0	8	—	8	—

## Weekly Honor Roll

Dwayne McMeans wins the honor for the second time this month as Back of the Week. This is largely due to his running the two-point conversion across after the Buff touchdown against Frenship Friday night. But this isn't all he did. He played a good, inspiring game of defense.

Jackie Swanson, who has no regular position, but plays anywhere and always seems to be in the right place at the right time to catch touchdown passes. His pass catching is history by now, but his defensive play is improving every week.

As an athletic spectator I will:

- EXEMPLIFY the highest moral character, behavior, and leadership so as to be a worthy example.
- MAINTAIN and exhibit poise, self-discipline, and restraint during and after the contest.
- Conduct myself in such a manner that attention is drawn not to me, but to the participants playing the game.
- REGULATE my actions at all times so that I will be a credit to the team I support, knowing the school gets the praise or blame for my conduct since I represent my school the same as does the athlete.
- SUPPORT all reasonable moves to improve good sportsmanship.
- TREAT the visiting team and spectators as guests, being courteous and fair.
- AVOID actions which will offend the individual athlete.
- ACCEPT the judgment of the coach.
- HONOR the rights of the visitors in a manner in which I would expect to be treated.
- RESPECT the property of the school.
- DISPLAY good sportsmanship by being modest in victory and gracious in defeat.
- PAY respects to both teams as they enter for competition.
- APPRECIATE the good plays by both teams.
- SHOW sympathy for an injured player.
- REGARD the officials as guests and treat them as such.
- DIRECT my energy to encouraging my team rather than booing the officials.
- BELIEVE that the officials are fair and accept their decisions as final.
- LEARN the rules of the game in order to try to be a more intelligent fan.
- CONSIDER it a privilege and duty to encourage everyone to live up to the spirit of the rules of fair play and sportsmanship.
- REALIZE that privileges are invariably associated with great responsibilities and that spectators have great responsibilities.

## 'B'-Bufs Lose To McCamey 11

The Stanton High School "B" team lost their first game in two outings Thursday night. McCamey won, 14-0.

In their first game with Wink, blocking and tackling was their key to victory. The loss came about due to the non-existence of the same. The "B"-Bufs had the ball inside the McCamey 20-yard line 3 times, without success. On two of those occasions they fumbled, once on the 12.

Five times backs almost broke loose for touchdowns. But there was no second effort, no blocking, when it really counted. Had there been some interference, there would have been some scores.

Coach Jackie Burns stressed hitting as the secret of winning football. He said, hitting was absent in the McCamey game. He said, "Football was invented by a mean son-of-a-gun. And it's to be played by mean sons-of-guns."

The next game for the Buff "B" team will be against Rankin, tonight, there, at 6:30 p.m.

Offensive standouts for the B-Bufs were: Ray Conners, Ronny Dickenson, and Gene Maxwell. Mitch Irvin, and Ronny Dickenson were defensive standouts.

Statistics	Stan.	McK.

Scoring:  
McCamey, from 5, from 2.

### Pee Wee Standings

	W	L
Cowboys	3	0
Buffalo Bills	2	1
Jets	1	2
Rams	0	3

Last Week's Scores:  
Cowboys 24, Bills 18,  
Jets 25, Rams 6.

If you didn't go to Wolforth, or Frenship, Friday night, you missed one whole-of-a-ball game. I tell you, those Buffs played football. They weren't the same team that lost to Tahoka and Rotan.

I don't know how it happened, but they got the fever. Hitting fever, that is. Hitting is as contagious as the common cold. And all the Buffs caught it Friday night. I look for them to continue hitting hard now that they have had a taste of it and evidently enjoyed it.

The Frenship coach called down here Saturday morning and reported that his whole team was in for post-game treatment. They were all black and blue from the hitting of the Buffs. That's what football is Buffs, hittem harder next time.

I don't usually try to pick a winner, publicly anyway. But I'm picking Stanton over Rankin 14-8. Why? Because the Buffs had a brief taste of victory Friday night and I think they enjoyed it. This week they want the whole pie bad enough to go out there and beat somebody. Then too, it's homecoming. They will be trying harder in front of former students.

See you Friday night. Light 'em up Buffs.

"We're For You Buffaloes. Beat Rankin!"

**People of Stanton,  
We need a new  
school building!  
The fact is we  
needed it a  
long time ago.  
But, the time  
has come when  
we have no choice.  
Tomorrow could  
be too late. The  
present Jr. High  
building is  
unsafe. The  
other buildings  
are inadequate.  
Enlist now,  
support this  
much needed  
building project!**

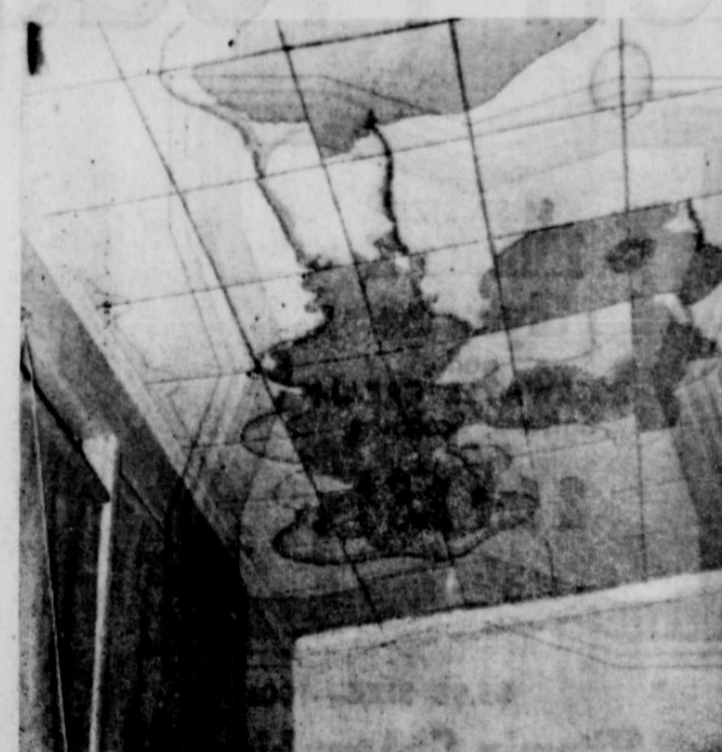

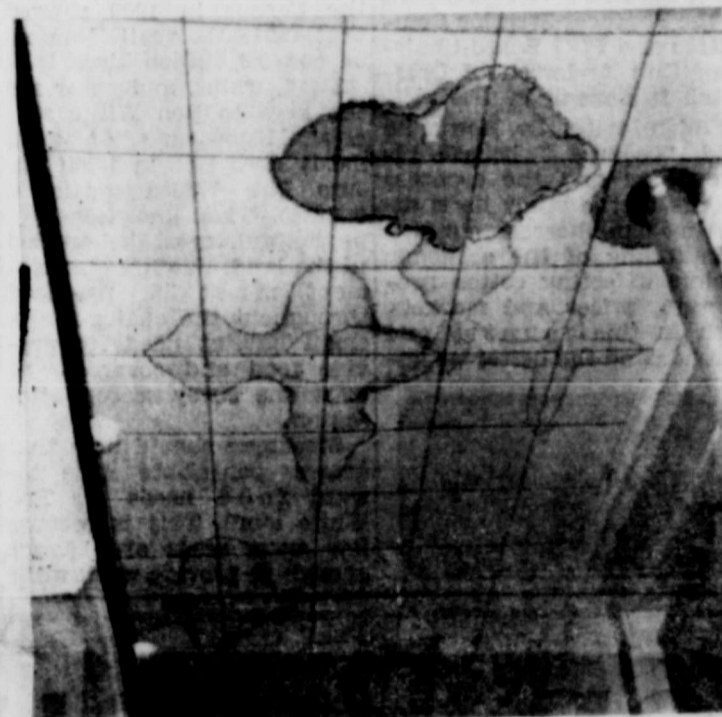

**SOME BUCKETS HAVE WHEELS**—Some do not. But they all catch water when it rains in the Jr. High school building. Here are a few of the buckets that were necessary to keep the water from flooding the floors.

**JUST ANOTHER LEAK?**—Or is it? The leak is dripping into the light fixtures. This could cause some trouble sometime. These leaks worry some people. A few parents kept their children home from school last week when it was raining so heavily. If we have a heavy snow this winter, school should be dismissed completely. One room already has steel "I" beams supporting the ceiling. The ceiling had sagged as low as 12 inches from the wall.

**PAUL'S JUG OF WATER**—This is Paul Rodriguez, his desk is directly beneath a big drip. The jug sitting on his desk catches the drips. It had to be emptied several times during the last rain.

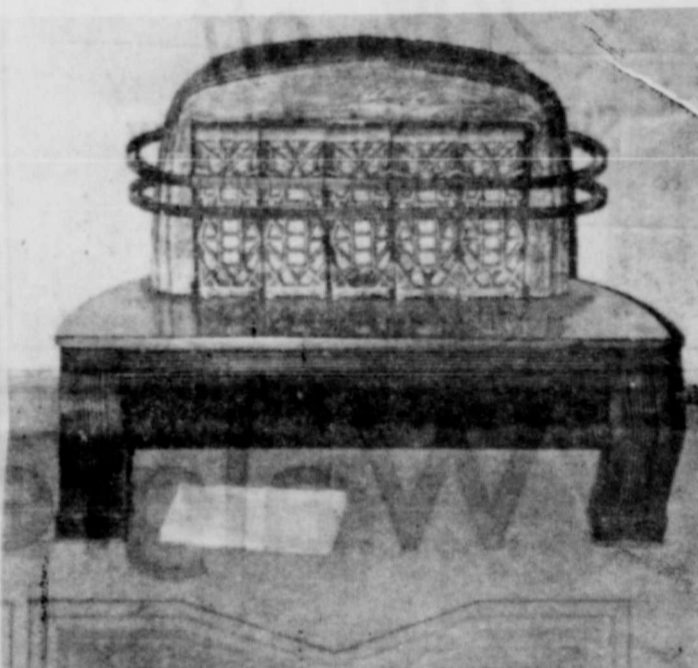

**LEAK AFTER LEAK**—These are only a few of the 50 leaks in the building. Someone said of the leaks, "Well, as long as the roof is leaking, water isn't going to stand on the roof."

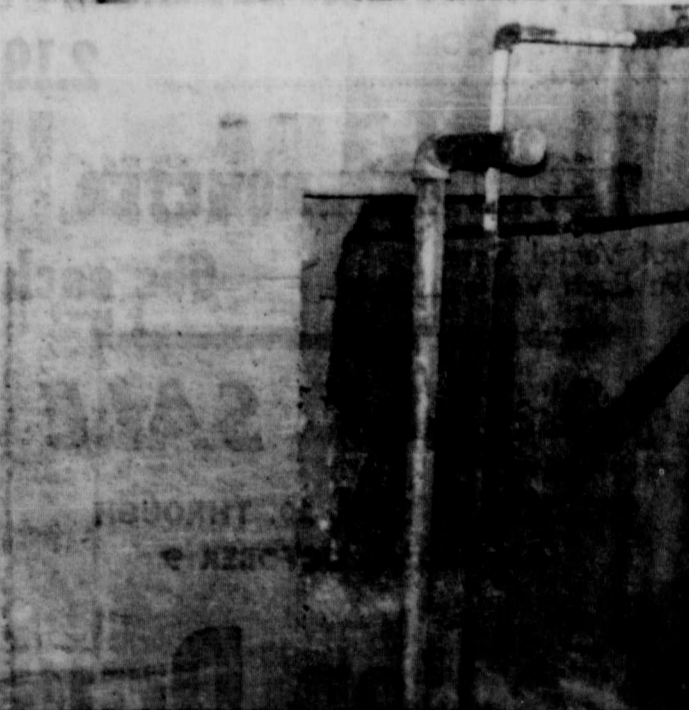

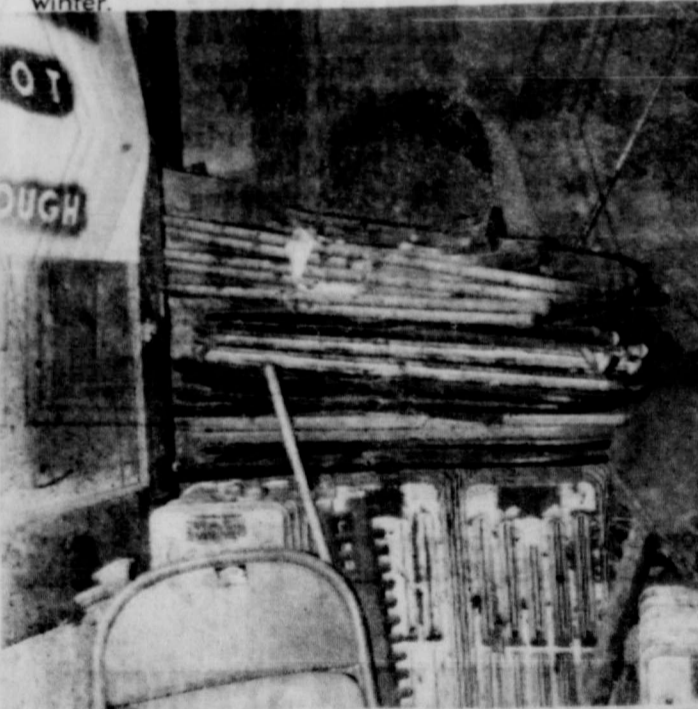

**ONE ROOM SCHOOL HOUSE**—Actually, this building is a church, but the school must rent it in order to have enough class rooms. Mrs. Elmore teaches one fourth grade class here.

**TEACHER AND PUPILS**—Mrs. Elmore is right at home in the church building. Every Friday afternoon the desks must be removed and pews installed. Monday morning the task must be reversed. Note the cement floors, they should be cool this winter.

**ONE HEATER**—This is the only heater in the classroom. These children will be cold in the one room school this winter.

**BASEMENT, CELLAR, DRESSING ROOM**—The cellar at the Jr. High School building is also the dressing room for the football teams. Inadequate space in the gym pushed the boys into the hole in the ground. These holes in the wall are not the entrances, but who knows, they may be the exits any day now.

**AFTER THE BELL RINGS**—This is a scene in the hallway of the "red" building between classes. Notice how the doors open into the hall. The halls are too narrow with the doors closed.

## THE TRUTH ABOUT BACK ACHE

SORE LEG MUSCLES?  
MINOR BACKACHE?  
TIRED FEET?

THIS MESSAGE IS FOR YOU!

Thousands of people who have to be on their feet for hours or end, day after day, are discovering a wonderfully effective new way to help relieve bothersome minor backache. A way to help ease sore leg muscles, to soothe weary aching feet... quickly and easily...

# Stanton High News

By Gloria Bryand  
Stanton School spirit was damp Friday night but it maintained well. The Buffaloes put up good defense against the Frenship Tigers on their Homecoming night but could not manage to overcome them. Stanton's touchdown was scored by Jackie Swanson and Dewayne Meigs ran for the extra points.

Homecoming night will be highlighted by the crowning of the 1971-72 Homecoming Queen. This year's nominees are Charlotte Morris, Senior; Mollie Adkins, Junior; Letrice Glaze, Sophomore; and Suzy Hopkins, Freshman.

The floats will be presented at the parade Friday afternoon and will be on the field Friday night.

# COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Deliberations of Plains Cotton Growers, Inc., aimed at formulating legislative policy to be used in securing an acceptable government cotton program to succeed present law, officially began in Lubbock September 22 with a meeting of the 25-county cotton producer association's 11-man Legislative Committee. J. D. Smith of Littlefield is committee chairman.

The present cotton program expires with the 1973 crop, so the development of a new program must begin in 1972, Smith told the committee. "And whatever success we may have in getting the best program for High Plains cotton will depend a great deal on how well we do our advance homework," he said.

Meeting with the committee at Smith's request was one of the nation's most respected cotton economists, Dr. M. K. Horne of Memphis, Tenn. Dr. Horne retired last year from the staff of the National Cotton Council, but at the request of the Council's Producer Steering Committee is now directing an in-depth study of cotton's economic position and outlook, strictly from the viewpoint of cotton producers. PCG President Donnell Echols of Lamesa is vice chairman of the Producer Steering Committee and PCG Board Chairman Don Anderson of Crosbyton is a member.

Smith invited Dr. Horne, he said, "because I believe his knowledge and the eventual results of the study he is directing can increase our understanding of the economic factors affecting cotton production, prices and markets, both in this country and abroad. And the better we un-

derstand these things the better position we will be in to determine the kind of government program needed."

Dr. Horne's study, slated for completion in December of this year, is divided into five "work projects," utilizing the expertise of nine well-known cotton economists. From these separate works Dr. Horne is assigned the task of putting together a single, comprehensive report for the Producer Steering Committee.

Two of the projects, Horne said, are assigned to marketing research economists with the U.S. Department of Agriculture. One will address itself to the supply situation, primarily to examine the size cotton carryover that is required each year to assure cotton's efficient movement into marketing channels. The other will consist of a "broad measurement" of off-farm costs in the cotton system, by areas of production and by

the function of each cost-producing operation.

Project number three, headed by Gaylon Barker of the NCC staff, is an intensive study of consumption volumes that could be expected at three different price levels for raw cotton, 23, 28 and 33 cents per pound. This information will be compiled for each of the 20 leading cotton uses.

Charles Russell of the NCC is doing a similar study of U.S. cotton sales in the export markets at three price levels, 18, 23 and 28 cents a pound.

Current production costs, the outlook for production costs, and possibilities for actions to reduce production costs over the next few years is the subject of the fifth study, directed by George Townsend, also of the NCC.

The other four economists, selected from universities located in four different sections of the cotton belt, are "looking over the shoulder" of these project leaders to assure that their individual reports do not conflict with regional considerations in cotton's economic picture. Dr. T. R. Timma of Texas A&M was chosen from the Southwest area.

Dr. Horne emphasized that his job was not to propose a specific program or programs for cotton, but to "submit to the Producer Steering Committee an economic appraisal of various alternatives that may be available to the industry."

"And of course it will be up to the Producer Steering Committee and others in the industry as to what use is made of the report," he said.

Smith said other meetings of the PCG Legislative Committee will be called to evaluate Dr. Horne's report when it becomes available and to assess the legislative climate and other factors that will influence future government programs.

## - SOIL CONSERVATION - DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

Now that the hunting season is in full swing, the number two small game bird in Texas, the Bob White quail, supplies many hours of recreation and many pounds of meat for Texas outdoorsmen.

Texas has more than a million hunters, and a survey conducted by the Bureau of the Census in 1960 showed that 321,000 quail hunters bagged 9.8 million birds.

Food, water, and cover are the keys to Bob White survival. Knowledge of quail needs does not in itself insure Bob White continued welfare. This knowledge, to be helpful, must be applied to the land. Wildlife management must be practiced throughout the quail's range. Quail habitat needs to provide food and cover for at least one covey season after season.

Stockmen should note that grasses contribute little toward food needs for Bob White quail. This is because few grass seeds are large enough to provide worthwhile

food. All farm grown grain provide adequate food for the quail. Weeds are the most distributed source of quail food and weeds respond most reliably to management of quail habitat.

Quail cannot live without cover. Woody plants left in certain areas, shallow discing or planting inexpensive grain can provide both food and cover for Bob White quail.

Bob White quail require acreage out of proportion to his small size. The maximum range is believed to be one Bob White quail per acre for any large block of range such as a farm or ranch. The average covey consists of 10-15 Bob White, a block 15 acres in size will seldom support more than one covey. The acreage requirements for a covey of Bob White quail are equal or greater than the acreage required per cow.

The Soil Conservation Service provides assistance to anyone interested in improving or establishing a habitat for wildlife.

## Stanton Garden Club Has First Meeting Of Fall

The Stanton Garden Club met on September 28, 1971 at 9:30 in the home of Mrs. Ray Kelly. This was the first meeting of the season. Mrs. Kelly, president, presided over the meeting.

The minutes of the previous meeting were read and the club decided to sell fruit cakes. This has been a club project for several years. Anyone desiring a Corsicana Fruit Cake may contact any club member.

Refreshments of coffee, hot rolls, nuts, and candies were served from a table centered with individual bowls of Verbenas, the club flower.

Mrs. Oma Womack, presented a program on "Rose Petal Magic." Each guest was presented a corsage made of the scented and dried rose petals. This was a recipe used in her family for years.

Mrs. Kelly presented a year book which had a beautiful red bird with a Verbena in its mouth which was used on the cover. These were designed and painted by Mrs. Kelly's nephew.

Those present were Mmes. Guy Eliand, W. W. Clement, Aldibib Haislip, Cecil Bridges, L. C. Hazlewood, Ray Kelly, and one guest, Mrs. Harlow. The next meeting will be held on October 26, at Mrs. Edmund Tom's.

## 8th Grade News

The 8th grade elected officers Thursday, Sept. 23. They are Ronnie Mims, president; Kevy Allred, vice-president; Connie Christon, secretary; and Rae Avery, reporter. To raise money this year the 8th grade is selling Nestle's chocolate candy for 50c a bar. They are also selling Buffalo ball point ink pens. If you would like to buy either of these, contact any 8th grade member.

Pamela Jo Cave

## Pamela Jo Cave, Donald L. Burgess Engagement Told

Mr. and Mrs. G. E. Cave of Rt. 1, Ackery, Texas, wish to announce the engagement of their daughter, Pamela Jo Cave, to Donald Lee Burgess, son of Mr. and Mrs. H. L. Burgess of Star Route, Hale Center, Texas.

Miss Cave is a 1967 graduate of Flower Grove High School and is presently attending nursing school. Mr. Burgess is a 1966 graduate of Hale Center High School and attended Texas Tech University, receiving a Bachelor of Science degree in Agricultural Engineering. He is now in the Army and stationed at Fort Ord, California.

A spring wedding is planned.

Sarah Elizabeth Saunders

## Engagement Announced

The engagement and approaching marriage of Sarah Elizabeth Saunders to William Adrian (Bill) Dyer is being announced by her parents, Mr. and Mrs. Albert Johnson of Stanton. Parents of the prospective groom are Mr. and Mrs. L. E. Dyer of Pecos. The couple plan to be married on October 16, and will reside in Midland where he is employed by Texaco.

## Marriage Announced

Announcing the marriage of Mike Davidson of Ackery and Mrs. Mabel Lee Ray of Lamesa. They are on an extended trip to the Pacific Northwest and Canada. On returning they will be at home in Lamesa.

## Course On Land, Leasing Offered

MIDLAND — "Principles of Land and Leasing," a 10-session course for geologists, petroleum engineers, independent landmen and brokers, has been scheduled by the Permian Basin Graduate Center.

To be coordinated by James E. Logan and M. Budge McDonnold, Jr. and taught by selected land and legal experts, the course will include 10 2½-hour sessions on Tuesdays beginning October 12 in Room 129 at Lee High School.

Topics will include determination of ownership, lease forms, public lands leasing in Texas and New Mexico, unitization, forced pooling, drilling units, secondary recovery units, options, geophysical, damages, rights-of-way, kinds of deals, farmouts, acreage contributions, dry hole money, title opinions, clearing of titles, title suits, transfers, tax considerations and principles of trading.

Officials said the \$100 registration fee covers 10 admissions, either for one man for the entire course or several men for specific lectures.

Registration, limited to 35, is being accepted at the Graduate Center office, 105 Gulf Building.

## Letter To The Editor

Dear Editor:

I am writing this letter to the newspaper in the hope that it will focus some much needed attention on the deplorable conditions of the Stanton Elementary and Junior High Schools.

To my dismay, I have come to realize in the past few years many people who live here, have absolutely no interest in our schools, simply because they themselves have no children in schools. So, they really do not care what happens to our children.

Even before I had a child in school, I realized how badly we needed new facilities for the Elementary and Junior High School students. But having a child in the third grade this year, I made it a point to visit the elementary building. I had heard the stories about the bad condition of the building, but I was not prepared for the obviously dangerous condition of the building in which our children attend school. And yes, I do mean dangerous. Weakened beams have loosened the ceiling in two rooms to such an extent that inside supports have been installed in the rooms to keep the roof from collapsing. It is hard to believe that anyone can care so little as to allow our children to go to school in this kind of building.

For those who have no children in school now, and resent the school taxes we already pay, I suggest that you visit the Elementary School and see for yourself how bad things really are. There is sure to be an accident unless something is done, and once that happens, feeling sorry will not do anyone any good. There is no reason to send the children of this county to school to face such a situation.

I would like to ask that all of us move, now, to support action to improve our schools. If the people of this community do not care enough even for children, to provide them with safe schools, then there is not a reason for people with children to live here.

It is time to stop working against, and to start working for something. For too long there has been a negative attitude in Stanton. The school problem has to be faced with a very positive approach.

Mrs. James E. Wheeler

## County Agents Report

The Better Breakfast Month of September is a good time to remember that breakfast is a day's most important meal, says Mrs. Mildred Elland, county home demonstration agent.

Yet, she continues, only about one-half of the American population east what is generally considered an adequate breakfast.

Students are foolhardy to trade their breakfast for a little extra sleep, and it's practically impossible for youngsters to make up for the food they miss at breakfast by eating snacks or overeating at other meals, Mrs. Elland explains.

Surveys show that little or no breakfast is now the trend for children and teenagers. This trend, she points out, is unfortunate, as children and teenagers have unique daily food requirements for growth and energy, and need about three times as much protein daily per pound of body weight as adults. Mrs. Elland encourages meat, eggs and milk for breakfast to meet this age group's need.

Children who start the day with little or no breakfast are more susceptible to mid-morning fatigue than those who eat a good breakfast, she says. Teachers report that these children are restless, listless and irritable and have more accidents. They are inattentive in class and slow in their studies.

When children with poor food habits begin eating an

adequate breakfast, however, there is a noticeable improvement in grades, attitude and mental alertness during morning hours, Mrs. Elland adds.

An important point to remember in planning an adequate breakfast is that it should furnish one-fourth to one-third of an individual's daily food requirements.

Mrs. Elland suggests a three-part check list for a good breakfast: Does it provide protein, vitamins and minerals, materials for building and repairing the body and keeping it healthy? Does it supply food for body energy? And, will the breakfast taste good?

A doughnut-and-coffee will not pass the three-point test; it doesn't supply enough protein, vitamins and minerals, leaving far too much for other meals to make up. A fruit juice- and - coffee breakfast won't pass either—it doesn't supply sufficient materials for building and repairing fuel for body energy.

According to Mrs. Elland, a good breakfast may fit one of these three patterns, ranging from light to heavy: fruit, cereal or bread, milk to drink, other beverages if desired; fruit, cereal or bread or both, egg, beverage; fruit, cereal or bread or both, egg with meat, beverage.

Remember, she adds, the gap between supper and breakfast is at least ten hours. Breakfast, then, should provide its share of energy foods. Learn to make the morning meal interesting and creative so that no one will want to miss it.

## Do And Learn 4-H Club Has Meeting

The Do and Learn 4-H Club met on September 22, 1971, at 3:45. The 4-H teacher, Peggy Barnes, gave a talk on the subject of sewing. The members will be challenged with something new in each of the meetings to follow. When the meeting was adjourned, members were served refreshments.

There were 10 present including two visitors. Those present were Sulema Padro, Elva Raranga, Kristi Turner, Charlotte Trimble, Yolanda Montez, Marcie Young, Loreta Young, Virginia Smith and Lana McKenzie, the reporter.

The next meeting will be held on October 13, 1971.

Mrs. Nancy Bizzell and son Sky, of Spade, Texas, visited here with her grandmother, Mrs. Lila Flanagan, for a few days last week.

## Dr. Bills High? Talk It Over

CHICAGO — Worried about physician's fees?

Then talk it over with your doctor, openly and frankly. That's the advice of AMA UPDATE, a monthly newsletter of the American Medical Association.

Many patients are embarrassed about mentioning fees when they start going to a physician, UPDATE notes. But the doctor would prefer that you bring up the subject, because you know your financial situation and he does not.

Best thing is to ask him about fees on your first visit, UPDATE suggests. Why not be straightforward about it?

India has 220 vernacular languages.

## J P Court Activities

Justice of the Peace Court Cases are as follows:

September 12, 1971, through September 18, 1971: 14 cases completed with fines totaling \$339.50.

September 19, 1971, through September 25, 1971: 15 cases completed with fines totaling \$371.

## Nation's Top Authorities

"Improving Reproductive Efficiency in Beef Cattle" was the theme for Texas A&M University's 21st annual Beef Cattle Short Course, held in August. A one per cent increase in the state's calf crop would add a million dollars to the total income from beef cattle, says John Beverly, Extension animal reproduction specialist.

Metal used in coins is cold at the time the coins are stamped.

At your service:

# Enough electricity for today... and tomorrow.

Planning and building ahead to provide our customers with enough reliable electric power to meet all their needs is the challenging responsibility being met by Texas Electric Service Company. It's what we mean by being "at your service."

To be sure plenty of electricity always will be on hand at the flip of a switch, we will nearly double our generating capability within the next five years. Additional strength and dependability throughout our system comes from our high-voltage transmission interconnections with

our customers continue to use more electricity. For example, 25 years ago the average residential customer served by Texas Electric used around 1,000 kilowatt-hours a year. Today, the average residential customer is using about 8,500 kilowatt-hours a year. During this same period, the average selling price per kilowatt-hour has decreased about 43 percent, in spite of continuing inflation.

To us, "at your service" is not only a responsibility and a challenge. It's our commitment to you, our customers.
