LIFE SAVING MACHINE — This is a kidney machine. It saves Junior Landers' life three times a week. Kidney transplants offer no guarantee, this machine does. Junior lives a normal life, thanks to this machine, even though he has an incurable disease.

Herman Lander, Jr., Has Incurable Kidney Disease, Machine Saves Life 3 Times a Week

By MICKEY LANDER
This year 100,000 people will die of kidney disease in this country.

A small city of men, women and children is dying every year because kidney disease is something nice people don't talk about, or know about, or even care about. And yet we know how to save so many of them with artificial kidney machines and kidney trans-

plants. But there isn't enough money! A stupid thing like money. Out of 50 people, 49 who could stay alive with the artificial kidney machine can't get one. Those who do qualify can live almost indefinitely with two or three treatments a week.

Medical science is on the verge of great success with the kidney transplant. We

hope soon to make kidney transplants as simple as cornea transplants. Some people have been kept alive as long as 12 years, but those were lucky accidents or individual twins. We hope that when they find all the answers, kidney banks will be set up across the nation.

You think of your kidney as just another part of your body, or as a producer of urine, but their functions are vital to life.

First they remove wastes from the blood.

They regulate the internal chemistry of the body.

They regulate the amount of water to the body.

They help regulate your blood pressure.

They help control red blood cell production.

Kidney disease goes almost undetected in the early stages, and is almost always fatal.

There are five warning signs to watch for:

Puffiness around the eyes.

Swelling of certain parts of the body.

Back pains just below the ribs.

Visible bloody urine, decreased or change in urination.

Burning or any abnormal sensation on urination.

Your symptoms may or may not indicate kidney disease. See MACHINE — P-8

Now I know hard hats and shoulder pads are expensive. But, let's face it. If we have children in the red building, we are going to need to get some kind of protection for them. I know the ceiling is going to fall in, but if they had on a hard hat, the children wouldn't be hurt. And we sure don't want to raise our taxes to build another building. It might be a good idea to take out a little more insurance on the kids, just so we wouldn't have to spend any on hospital bills, or maybe a funeral bill. In the long run, this would be cheaper than raising our taxes.

Send buckets to school with your children. The demand for buckets is so great in Stanton that the school can no longer furnish them without raising our taxes. So, save all your large juice cans.

I'm sure I missed a lot of money - saving areas, but this will do for a starter. We may have to cut back on the courses we offer in high school. The main thing any way is the diploma our kids will get. They can learn what they need to know all by themselves.

(If this makes you sick write me and tell me about it.)

Mrs. Leita Brenda Hazlewood, Longtime Resident, Dies at 90

Mrs. Leita Brenda Hazlewood, 90, a longtime Martin County resident, died about 9 a.m. Saturday in a hospital here following a short illness. Funeral services were held at 4 p.m. Saturday at First United Methodist Church, with the Rev. H. F. Dunn, pastor, and the Rev. Warren G. Hall, pastor of First Baptist Church, officiating. Interment was in Evergreen Cemetery under direction of Gilbreath Funeral Home.

Mrs. Hazlewood was born Dec. 27, 1880, in Montevallo, Ala., and moved to Martin County from Cisco in 1914.

She married Wiley E. Hazlewood in Cisco on Dec. 16, 1901. He died Aug. 31, 1963.

Surviving are four sons, Cliff Hazlewood, Sr., Roscoe Hazlewood and Loyace Hazlewood all of Stanton, and Ode Hazlewood of Midland; four daughters, Mrs. Opal Koonce and Mrs. Wilma Russell, both of Midland, Mrs. Obara Angel of Stanton and Mrs. Esta Lee McDowell of Houston; two sisters, Mrs. Harvey Hatcher of Beeville and Mrs. Loie Walton of Eastland; 20 grandchildren; 30 great grandchildren and three great-great-grandchildren.

Pallbearers of Mrs. Hazlewood (grandsons) are Cliff Hazlewood, Jr., Louie Koonce, Norman Koonce, Tom E. Angel, Wallace Hazlewood, Dick Hazlewood.

Honorary pallbearers: W. W. Clement, Jim Eiland, Bill Orson, Finley Rhodes, Elma Nichols, Irvin Myrick, Raymond Glascock, Horace Blocker, Dr. O. W. Orson, T. B. Stewart, Jr., and Wesley Williams, Jr.

Mrs. Enquinones Dies in Big Spring

Mrs. Tomosa Mouze Equinones died Sunday night October 12 in the Big Spring Hospital following a lengthy illness. Mrs. Equinones, 79, was born on March 7, 1892 in Fort Davis, Texas where she was married in 1908 to Joe Equinones. Mr. Equinones preceded her in death in 1937.

Services were held on Tuesday, October 12 at 3:30 at the St. Joseph Catholic Church. Burial was in the St. Joseph Cemetery under direction of Gilbreath Funeral Home.

Survivors include two sons, Willie of Odessa and Mike of Stanton; eight grandchildren and five great-grandchildren.

FFA Wins At Waco Fair

The Stanton FFA Plant Identification Teams placed third and sixth at the Heart of Texas Fair in Waco Saturday, October 9. Steve Wood tied for first place honors with a perfect score of 405, getting a 11 characteristics correct and 40 plants correctly identified.

There were fifteen teams in the contest won by San Saba FFA with 1207 points out of 1275 possible. Callesburg FFA placed second with 1195 points and Stanton third with 1192.

Boys from the local chapter included Jackie Rudd, Bradford Hull, Gary Henson, Dennis Ireton, Kenneth Hull, and Steve Wood.

This week end the Stanton Plant Identification Teams will enter the State Fair of Texas Contest at Dallas.

Farmers Union Meeting

Officers and directors were elected by Martin County Farmers Union members at their annual meeting October 9. They were Ronnie Deatridge, president; Mike Holcombe, vice - president; and H. D. Howard, secretary - treasurer. Five directors were elected. They were: O. D. Green, Charles Hall, Darrell Froman, G. G. Moralez and Newell Tate.

Guests in the home of Mr. and Mrs. Jim Ringener of Lenoir Wednesday and Thursday were Mrs. Sam Cook and Mrs. Juanita Courson of Borger.

Bell Is Out To Stop People Using Fake Numbers

Southwestern Bell is out to stop people from using fraudulent telephone credit card numbers and fake phone numbers to make long distance calls without paying for them.

"We're making it more difficult for fraudulent long distance calls to be completed," said Harry Sawyer, manager for Southwestern Bell here. "If a fraudulent call is completed, using a fake credit

card number or phone number, we have new ways to detect, investigate and prosecute the person responsible."

Highlights of the new plan include:

Changing of the credit card numbering system.

Training of long distance operators to detect fraudulent calls when they are placed.

Use of computers to spot fake credit card numbers and phone numbers when long distance calls are billed.

Most fraudulent calling involves charging of calls to Bell System credit card numbers.

"But under our new system," Sawyer said, "if a person in Stanton makes a call using a non-existent credit card and the operator doesn't catch it, we can still spot it through daily processing of toll message tickets. This means quick identification — maybe in 24 to 48 hours. It's virtually impossible to escape detection after that. We can identify who made the call with just one call."

Use of an unauthorized or fictitious telephone credit card could violate both state and federal law. Maximum penalties range from a \$1,000 fine and 10 years in prison if convicted of a felony under Texas law to \$10,000 fine and five years in prison for felony conviction under federal law.

"There are good reasons for the stiff penalties," Sawyer said. "The Bell System may lose \$34 million to toll fraud this year. In the five states Southwestern Bell serves, toll fraud losses may top \$3 million."

When a person makes a fraudulent call, "we'll be right there to stop him next time — either face to face or in a court of law," Sawyer said.

SINGING VISITORS — Nancy Wyman and Martha Roach, Odessa Permian High School, were among the five choirs who participated in the concert Saturday.

Hundreds Attend 11th Annual Music Meet

The eleventh annual Conference of the 12th District of the Texas Federation of Music Clubs closed Saturday afternoon in Stanton with a Federated Choir concert. The concert was presented by Sul Ross Chamber Singers, Alpine; Howard County Junior College, Big Spring; Odessa High School Meistersingers, and the Odessa Permian High School A Cappella Choir. A courtesy reception was held following the concert which honored members of the choir, their

directors and guests. In charge of the reception were Mrs. Paige Eiland, Mrs. Doyle Hughes and Dr. Sue Fisher.

Stanton Music Club was hostess for the one day meeting. Approximately 50 state and district officers and club members registered for the business session. Several hundred guests and choir members were present for the Federated Choir Concert. Delegates attended from Big Spring, Midland, Odessa, Pecos, Alpine and Stanton. The conference got under-

way Saturday morning at 8:00 with registration at the First United Methodist Church which served as official headquarters. Mrs. S. Arthur Wilson, president of Stanton Music Club, was general chairman. Serving on the registration committee were Mrs. Homer Schwalbe, Mrs. W. E. Byrd and Mrs. Glenn L. Brown. An executive board meeting was held during the coffee hour. Presiding at the silver service were Mrs. R. O. Anderson and Mrs. Carl Leonard, Jr.

During the formal opening of the conference, Mrs. S. Arthur Wilson presided. The invocation was given by Mrs. Walter Acreman of Odessa. Don Tollison of Texas Electric gave the welcome on behalf of the Martin County Chamber of Commerce. The response was given by Mrs. Scott Lewis of Odessa.

Mrs. Robert W. Sewell, district president from Odessa, gave the official call to order. During the business session reports from each club were given and district chairmen reports were also presented.

Musical numbers presented during the morning session included an original composition, "Rhapsody" by Mrs. James Baum of Big Spring and "Tropical Trumpets" by Helganser, trio, presented by Lynn Herzog, Betty Anderson, Polly Creech accompanied by See MUSIC — P-8

School Board Plans Special Meeting Monday Night

Representatives of Pritchard and Abbott of Odessa met with the Stanton ISD School Board Monday night. The Board voted to enter into a contract for two years with the Evaluation Engineers from Pritchard - Abbott. The Odessa-based company serves the Stanton ISD in the area of evaluating oil, gas, pipeline and utilities in this district.

Sealed bids for a 1965 Dodge, 30-passenger school bus will be accepted beginning November 8. Bid sheets can be picked up at Superintendent McMeans office.

The Board voted to insure school busses for fire and theft losses. Busses have not been insured for fire and theft in the past.

Mr. Harold Oldaker was hired as golf coach.

The Board approved the 1970-71 audit report as read by M. George Thorburn, CPA of Big Spring. The report was for the 1970-71 school year.

Mr. Brasher, architect, met with the School Board and discussed plans for a new building. Another special meeting was set up for Monday night at 8:00 for further study of plans.

BRUSH FIRE — This brush fire was set intentionally near the Straub elevator and watched to prevent it getting out of hand. But, there are several places in town that will be dry soon. These places could catch on fire and burn the whole town down. We need to do something about them before this happens.

Ball Talk

By BUDDY NORVILLE

It was a weekend of upsets. Stanton upset Seagraves, Oklahoma upset Texas. Wouldn't it be lovely if Stanton were to upset Coahoma this Friday night? Watch out Coahoma. Stanton is out to get you. And they can.

If Rick Wilson and his running mates can get their timing down in the backfield. They can't fumble this week end and expect to beat Coahoma. Coahoma is a classy team, they won't swap fumbles with Stanton the way Seagraves did.

If Buffalo receivers will make up their minds to hold on to Rick's passes. The name of the game is football, football players catch footballs. They are not afraid of being tackled. If they are, they hank up their suits and add their name to the "quitters list" in the locker room. Rick has hit his receivers constantly all year to have them drop them. In most cases they were in the open, which could have meant first downs, and in some cases, touchdowns. To beat Coahoma, they will have to catch every pass thrown at them, no matter how difficult. They can't afford to run at half speed, either. It'll have to be 100 o/o effort 100 o/o of the time. And that is 48 minutes of all-out football. If they can't do it, they are out of shape.

If they can hold the penalties down. Penalties can cost a team a victory sometimes (Rankin vs. Stanton). Stay on sides, don't hold, don't clip, hold your temper, and no interference.

If the defense keeps up its rugged play. Even the best ball carriers fumble when they are hit hard (Cotton Bowl, 1971). Plug the holes, fill the gaps, don't budge an inch. Ends, keep 'em inside so the others can get to them before they gain any yardage. Linebackers, when you see the play develop, stand your ground. Two yards at the most is all you should give them, preferably less.

If they don't lose their confidence. Just because they are favored doesn't mean they already have it won. Be as confident as they are, Buffs, play the game like champions and you will win like champions.

Now, go out there and beat Coahoma 21-15 and make me a whiz at forecasting scores. You can do it Buffs.

Extraction of blood clots from the lungs through a tube, avoiding hazardous surgery, has been perfected by research physicians from the VAH in Oklahoma City.

Cowboys, Bills Win Games In Saturday Football Contests

The Cowboys continued to dominate the Pee Wee Football League Saturday, as they defeated the Jets 12-6 in a close game.

The Cowboys drew first blood on a 50-yard sprint by Robert Villa. The try for point was snuffed at the line of scrimmage.

The Jets got on the board with a 50-yard dash by Oscar Perez. The PAT failed.

Robert Villa ran for another touchdown of 34 yards around his own right end to make the score 12-6.

Both teams looked good on defense, except when the runners broke loose for long touchdowns.

The Buffalo Bills gained sole possession of second place by defeating the winless Rams, 19-13.

The Rams scored first on a 35-yard run by Marvin Jones. The Bills held on the try for point.

The Bills roared back with a 24-yard run by Todd Smith and an extra point by Miles Tollison to go ahead, 7-6.

The Rams scored first in the second half on a 50-yard scamper. They ran the extra point to go ahead 12-7.

The Bills scored two more times on runs by Todd Smith to win the game, 19-13.

Beta Sigma Phi News

The Beta Sigma Phi City Council of Stanton met October 4, 1971 at 5:00 in the Martin County Library.

Four chapters were represented with nine members present.

The president, Edith Chenault, presided over the business meeting.

Several communications from the International Office and miscellaneous items were discussed.

Xi Epsilon Delta, who is the hostess chapter for the fall banquet, announced that it will be held October 28 at the Holiday Inn in Midland.

The business meeting adjourned at 5:45. Those members present were: Edith Chenault and Allie Anderson of the Xi Epsilon Delta; June Reid and Sammie Laws of the Preceptor Mu; Kay Simpson and Ruth Holcombe of the Xi Theta Nu; Mary Sale, Clara Stewart, and Mary Deitler of the Rho Xi. The Mu Lambda was not represented.

The Rho Xi Chapter of Beta Sigma Phi held its model meeting on October 7 in the home of Mrs. J. C. Sale with Mrs. Tommy Newman as hostess. President, Mary Sale, welcomed the rushers. After roll call and minutes were read, all officers and committee chairmen explained the duties of their offices. Beth Black reported that Mrs. Clyde Angel of Big Spring would be guest speaker at the fall book review. Her book will be, "Ladies Come to Order."

A costume Halloween party was planned for husbands and wives on October 22 in the home of Mr. and Mrs. Jim Robertson. The story of Beta Sigma Phi was given by Sarah Blocker followed by the program, "Your Day Socially" and "Your Poise and Charm", presented by Marilyn Newman.

Following the closing ritual, coffee and donuts were served to fifteen members.

Those attending the meeting were Beth Black, Clara Stewart, Carolyn Stone, Wanda Driver, Nona Cain, Brenda Robertson, Bonnie Franklin, Marilyn Newman, Mary Deitler, Brenda Norville, Elaine Stanley, Becky Graham, Sarah Blocker, Beverley North and Mary Sale.

The Preceptor Mu met on October 7, at 7:30 in the home of Irene Long. June Reid presided over the meeting.

Plans were completed for work in the carnival that begins October 11. Mammie Roten gave a review of the first five articles from the book "Beta Sigma Phi". Pauline Wood, program chairman, introduced Mary Prudie Brown, who gave the program entitled "To the Cedars of Lebanon." She spoke on her trip to the "Holy land" and showed colored slides.

Besides members already mentioned refreshments were served to the following members: Helen Dawson, Gerry Gates, Mary Grace Latimer, Sammie Laws, Helen Ruth Louder, Margaret Roueche and Jendo Turner.

The next meeting will be held on October 21 at Gerry Gate's.

The Xi Epsilon Delta of the Beta Sigma Phi Chapter met October 7, 1971 in the Texas Electric Reddy Room. Bulah Mae Hall presided over the meeting.

The business meeting included making plans for the Fall Banquet. Tince Ory gave the program which was on "The End of Life," and "The Good Life."

Those members present were Bulah Mae Hall, Edith Shenault, Tince Ory, Allie Anderson, Margie Iretton, Bert Schawibe, Allene Kellyne, Helen Thraikill, Lois Powell, and Jane Koonce.

The Stanton Home Demonstration Club met on October 6 in the home of Mrs. W. W. Clements. Mrs. Jim Wells presided at the meeting.

Plans were completed for the Achievement Day Salad Luncheon and Style Show which will be at Cap Rock November 16. The club presented Mrs. Ella Eubanks with a gift as she is having surgery Monday.

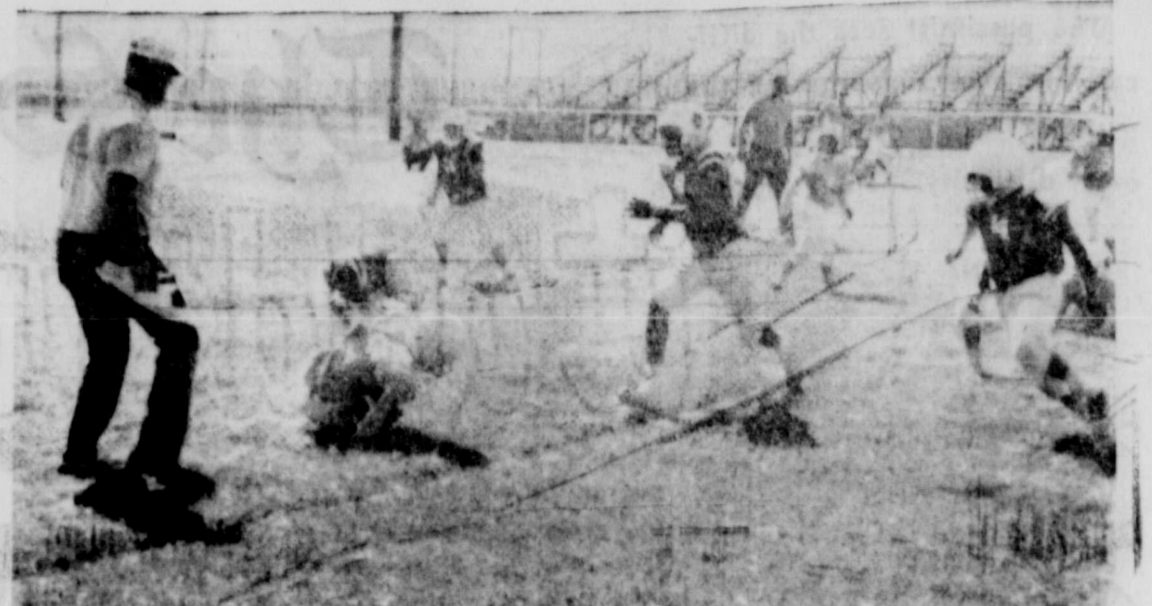

Mrs. Morgan Hall spoke on "Music in the Home". Highlights of the talk were listening to soft music is relaxing, teaching children from tiny infants on up to listen to good music, and to sing and play as a family group.

Mrs. Clements served Frescas and cake to Mrs. Jack Mims, W. W. Clements, Mrs. Morgan Hall, Mrs. Jim Webb, Mrs. W. E. Wells, Mrs. J. A. Wilson, Mrs. John Atchison, and Mrs. Eula Eubanks.

The next meeting will be held on October 20 at Mrs. Carol Anderson's.

The Lakeview Home Demonstration Club met October 7 at 2:00 in the home of Mrs. W. J. Harlow.

Mrs. Bill McIlvain, vice-president, presided over the meeting.

OFFICIAL IS RIGHT ON THE SPOT — Alvis Jackson is Johnny - on - the - spot in Saturday's Pee Wee football action!

Philosopher Has Far-Reaching Idea On Use Of Seat Belts

Editor's Note: The Martin County Philosopher on his Crab grass farm on Mustang Draw has reflected on a new rule the government has ordered.

By 1974, according to an article I read in a newspaper last night, all new cars must be equipped with seat belts that have to be fastened before the car will start.

This was ordered, the government said, because despite the fact all new cars now come equipped with seat belts less than 30 per cent of the people use them.

So, after 1974, the seat belt will be hooked up with wires some way with the ignition switch, and the car won't start unless the belt is fastened.

This sounds like a good idea and if it works it ought to be utilized further.

For example, instead of a key to start your car with, the government should require a punch card and a complicated slot on the dashboard. With the right holes punched and the card inserted, the car starts only if the seat belt is fastened. But another series of holes won't let it start unless you've registered to vote, another unless you've actually voted, another unless you've paid your taxes, another unless you've had all your shots, etc. You get the idea. You can shape this country up almost

completely through the card system of turning on the ignition in everybody's cab. By putting enough holes in the card to cover practically everything, morally, ecologically, politically, etc., you could come up with a system whereby anybody who could still start a car after 20 years of driving would be qualified to serve on the Supreme Court without even being investigated. Like it is, if you investigate far enough, you may find nobody is qualified for the Supreme Court or anything else.

However, if the government limits its fastened seat-belt rule just to seat belts, what's to keep a man from carefully fastening all the seat belts in his car with nobody in them, sitting on the one in the driver's seat, and taking off as usual? I've always said Congress ought to study human nature more.

Yours faithfully,
J. A.

Bufs Upset Powerful Seagraves, 7-6

By BUDDY NORVILLE
Stanton beat one of the best class A teams around Friday night, 7-6. But they tried very hard to lose it. Had it not been for the errors of the Seagraves Eagles, Stanton might have gone down in defeat.

The Eagles received the opening kickoff. The ball went in play on their own 40. In 6 plays and 2 minutes and 22 seconds, they were ahead 6-0. Maurice Evans riddled the Buff defense for 36 yards in 4 carries, and one touchdown. Rick Wilson attempted a 3-25, Wilson got together with pass on first down of their

first possession. The pass was incomplete, however, the Eagles were caught interfering with a Buff receiver. The Buffs had an automatic first down on the Eagle 46, where they were detected in motion and penalized 5 yards back to their 49. A bad handoff and near-loss of the ball resulted in another setback of 7 more yards. Wilson followed with another incomplete pass. On 3-25, Wilson got together with Dwayne McMeans on a 5-yard

aerial. On fourth down Wilson punted 33 yards to the Eagle 20. In two plays the Eagles had a first down on their 37. The Buffs gave up 9 yards in 3 plays. The Eagles gambled on fourth down for 1 yard. The gamble didn't pay off, as they had to give the ball to Stanton.

The Buffs continued to play sloppy ball as a fumble in the backfield nearly resulted in a turnover. The Buffs were off-side on first down too. On 1-15, another bad pitchout from Wilson resulted in a 9-yard loss. On 2-24, his receiver covered, Wilson threw the ball out-of-bounds to prevent an interception. On 3-24, Wilson hit Armando Rios right in the hands, but Rios didn't want it and dropped it. Wilson then punted on fourth down. It was

a high, short kick that took a Seagraves bounce back to their 48. A 15-yard kick from the line of scrimmage. Larry Gibson ripped off 16 yards around his right end on first down. Evans lost four on the next play and gained only two on the next. Dwayne McMeans broke up a pass play on third down. Seagraves gambled again on fourth down, and once again the Buff defense rose to towering heights to stop the drive.

The Buffs made a first down on a run by Jackie Swanson, but Gibson came knifing through to nail McMeans for a 7-yard loss. A 9-yard pass to Paul McCalister was n't enough for the first down and Wilson was forced to kick. The kick was a beaut, 43 yards from the line of scrimmage, to the Seagraves 5-yard line.

The Buff defense played football to a stubborn Buff defense. Cayce was shaken up a bit by the hard-hitting Buff line. Stanton had the ball for two plays. The first play was a five-yard penalty, the next was a disaster. Another bad pitchout gave Seagraves the ball on Stanton's 22. The Eagles once again drove to the Buffs 10. And Cayce, who had a bad time, fumbled inside the goal line and Stanton recovered for a touchback. The Buffs moved the ball with ease to the 40 from the 20. Wilson tried Rios again with a pass, Rios dropped another one, a sure first down. And kicking was in order again. The Buff defense held the Eagles in check and forced them to kick on fourth down. But, the Buffs gave the ball right back to them on third down when, you guessed it, a bad hand off fumble. Same story, the Buff defense continued to make up for the offenses' blunders. Seagraves had to kick again. This is how it happened, the victory, that is.

Stanton Makes Clean Sweep, 8th Grade Defeats Wink

Stanton made a clean sweep on the gridiron last week. The 8th grade team put the lid on the jar Saturday afternoon by defeating Wink, 29-3. Stanton played uninspired ball the first half and fell behind 8-0.

The second half was all Stanton as they scored two touchdowns in a matter of minutes. Elvin Brown scored from the 20 to put Stanton on the board. The PAT failed. On Wink's next possession Elvin intercepted a pass and ran it back 30 yards for a touchdown. Randy Conner passed to Adam Saenz for the 2 extra points. Stanton went ahead to stay, 14-8.

Early in the fourth quarter, Elvin scored again on a sweep around left end. The PAT failed.

Later in the quarter, Terry Kelley scored on a sweep around right end. Randy Conner ran the two points. Tagged as offensive standouts in the game were: Elvin Brown, Terry Kelley, Randy Conner, and Keyv Allred. The offense has improved steadily from week to week. The entire offensive team played real well. They did a good job, coming from behind to win the way they did. Defensive standouts in the game were: Salvador Olivas, Elvin Brown, John Yater, Mark Cook, and Oscar Rod-

riquez. The whole defense did a good job, holding Wink scoreless in the second half.

Coach Richard Granada had nothing but praise for the fine hitting for the whole team. The 8th grade takes on Coahoma tonight, here. They lost previously to the Coahoma

team. Come out and root them to victory. Let's make this week another clean sweep.

Weekly Honor Roll

Dwayne McMeans was again named Back of the Week. Dwayne has been a standout in the Stanton backfield all year. Friday night against Seagraves, Dwayne bucked the Eagle defense for 93 yards in 16 carries. On defense he continued to break up passes that could have meant good yardage for the opposition. Coach Bill Young named two Linemen of the Week for this week. The Stanton line did such a fine job of containing

the Eagles' rush that Coach Young wanted to name them all. Walter Haislip, 140 - pound senior end, did a good job of stopping the quick pitch. He held the Seagraves end in check against any pass receptions. Ronnie Dickenson, freshman center, who delivered the game - winning snap in the last 2 minutes was the other recipient. He performed like a veteran on punting situations as well.

Seventh Grade Wins 36-6, Still Unbeaten

The Stanton 7th grade football team scored an easy victory over the Wing Wildcats Saturday morning, 36-6. After receiving the opening kickoff, the Buffs marched steadily down field under the direction of QB Terry Smith and scored on a 3-yard power run by Bimbo Allred. The extra point attempt by Roger Owens fell short by inches. After Stanton's kickoff, a head-rattling tackle by Randy Doshier jarred the ball loose from the Wink receiver. Taking over on the 38-yard line, the Buffs powered the ball across for another score by Al-

fred, who followed the superb blocks thrown by guards Joe Dean and Nicky Irvin for the six - pointer. Owens ripped through the line for the extra points. Before Wink could run one offensive play, the Buffaloes led 14-0. The Wildcats mounted a drive in the 2nd quarter, but a mighty effort by Raymond Villa, Vernon Cox and David Louder halted the drive on Stanton's 30 - yard line. Immediately following the 2nd half kick-off, Terry Smith intercepted a Wink aerial to race untouched for 45 - yards to give the Buf-

faloes a comfortable 22-0 lead. Tommy Haislip threw the key block to set Smith free. The Buffalo defense held and then regained the ball. The offense drove the ball and scored on a well - executed play with Allred as ball carrier for his third TD of the day. After liberal substitutions in the Buffalo defense, the Wildcats scored on a 36 - yard end run. The last score of the game came on a 15 yard gallop by QB Terry Smith, and Owens made the final score 36-6.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Ray Joe Riley, widely known farmer, seed breeder and agricultural leader of Hart, Texas, in Castro County, was unanimously elected President of Lubbock - based Plains Cotton Growers, Inc., at the organization's 15th annual meeting in Lubbock Sept. 28. He succeeds Donnell Echols of Lamesa, who was eligible for re-election after serving two one-year terms as president. Echols automatically became Chairman of the Board, replacing Don Anderson of Crosbyton.

Lamb County ginner Paul Bennett of Littlefield was elected Vice - President, the post previously held for two terms by Riley. Bennett, the former Secretary - Treasurer, was succeeded in that post by Don Marble of South Plains, in Floyd County.

Born at Plainview and reared on a farm between Hart and Spring Lake, Riley was graduated from Spring Lake

High School as valedictorian of his class. He earned high honors in taking his B. S. in Agronomy - Crop Production degrees from Texas Tech in 1956. He was National 4-H Club Field Crops winner in 1951, earned the International Harvester Field Crops Scholarship the same year, was selected Outstanding Young Farmer for Castro County in 1961, named to Who's Who in Texas Today in 1967 and elected Outstanding Young Farmer in America this year.

Riley is now a farmer, seed breeder and cattleman. He operates over 4,000 acres in Castro, Lamb and Fannin Counties, producing cotton lint and planting seed, sorghum, wheat, corn, alfalfa, Charolais and Hereford cattle.

The new PGC President has a long history in the organization, having been a Castro County Director since 1958 and serving as chairman of the PGC Agricultural Re-

search Committee and a member of the Executive Committee. He was elected Secretary - Treasurer in 1967 and Vice - President in 1969. Until 1969 Bennett was both farmer and ginner. He sold his farging operation in 1969 but continues as manager of the Garmers Cooperative Ginning at Amherst. Marble, a Floyd County native, operates a large cotton, wheat, sorghum, soybean and cattle farm in conjunction with two brothers. Both Bennett and Marble have long association with PGC as Directors and committee members from their respective counties.

One of the economy - stimulations in President Nixon's new economy policy announced August 15 was a request that Congress repeal the federal excise tax on passenger cars. "Which is well and good," says Donald Johnson, Executive Vice President of

Plains Cotton Growers, Inc., "but the President apparently forgot people in agriculture."

Johnson was referring to the fact Nixon did not mention repealing the excise tax on pickup trucks. "Hopefully this was an unfortunate oversight on the part of the President," he said, "and not intentional discrimination against those of us who drive pickups instead of cars or limousines."

In a letter to Cong. George Mahon of Lubbock and Bob Price of Pampa, Johnson stated "Pickups are not only a vital tool in the operation of Texas farms but also the basic means of transportation for many farm families in this state. Therefore it seems a rank injustice that the federal excise tax should be repealed on Jaguars and Cadillacs while farmers and others in farm - related businesses continue to pay tax on pickups."

Rep. Harold Runnels of Lovington, N. M., has introduced a Pickup Truck Excise Tax Repeal Bill which would repeal excise taxes on trucks having a gross weight of 10,000 pounds or less; make floor stock refunds to pickup manufacturers, and grant purchaser refunds on all pickups purchased after August 15, 1971. In effect, the bill would benefit the pickup buyer to the same extent and in the same way as Nixon's proposal would benefit the purchaser of a passenger car.

"Whether Cong. Runnels' goal can best be accomplished with this separate bill, or through an amendment to the general legislation, we would not presume to say," Johnson told Mahon and Price, "but I'm sure you will agree that the inequity needs correcting by one means or another."

LINDA LOU PARKER

Linda Lou Parker Weds in Abilene

Mr. and Mrs. Frank Parker of Stanton wish to announce the marriage of their daughter, Linda Lou Parker of Abilene to Charles Mitchell Johnson, son of Mrs. Charles Cox of 509 N. Crockett, Abilene and the late Mr. Johnson.

The ceremony took place on September 25, 1971 in the home of his grand parents, Mr. and Mrs. Mack Wagner of 642 Cherry, Abilene.

The couple will reside at 1712 Illinois, Miss Parker is a Timex Cor-

Stanton ISD Requests Survey of Facilities

This survey of school facilities was made at the request of the Stanton Independent School District. All statements contained herein which pertain to making site selections, providing school facilities, changes in the instructional program, finances, school organization, etc. shall be interpreted as suggestions only and not to be considered as mandatory. This is an objective survey based on available data that are applicable at this time with emphasis on long-range planning.

Evaluation of Present Facilities

Stanton High School
This plant, built in the 1960's, is a good building and is being well cared for. Its inadequacies are caused by the needs to increase the scope of the program being offered.

Stanton Junior High - Elementary School
This plant, built in stages since the 1930's, has substantially outlived its economic usefulness and should be replaced. The nearby gymnasium, with some remodeling to provide suitable and sanitary dressing rooms, should serve for some time. The present lunchroom would remodel nicely into some junior high vocational shops. The underground unit was not included in this survey.

Long - Range Plan Suggestions
The following suggestions are offered for consideration by the Board of Trustees and the Administration in the development of their long - range plans:

1. - The first and most important step to take in determining facility needs is to make an evaluation of the total educational program. This evaluation will point out changes that need to be made in both program and methods of teaching. Also, much thought needs to be given to the early introduction of vocational - type courses with the necessary planned follow-up in high school. This is needed to meet the educational needs of those students who might be potential dropouts and those who will not be going to college after high school.

2. Having made the above evaluation, prepare long-range plans for at least the next ten years and establish priorities for the steps to be taken.

3. Employ professional personnel in developing these long-range plans, e.g. an educational consultant, an archi-

vide practically anything desired without crowding the 10 per cent legal bond limit.

fect, a financial advisor, and staff members of the regional service center, etc.

One possible solution for a ten year-plan might be:
1. Build additions to the high school to house selected vocational - type programs.
2. Build a new combination elementary-junior high school behind the existing plant, complete with central library, lunchroom, etc., and remodel the gymnasium and the existing lunchroom for vocational space. Upon completion, raze the existing building completely in order to provide planned outdoor activity areas. (At the time of the board meeting on May 10, I was unaware of the land available at this site. I would still prefer to see the junior high program in the vicinity of the high school but, apparently, land is not readily available here.)

3. Inasmuch as the school is probably the largest "business" in the community, it is badly in need of a new administration building. This might be located on the property between the high school and Highway 137. It should be designed to house the Superintendent's office, the Tax and Business office, a Board of Trustees room large enough to accommodate a reasonable number of visitors and such other offices and spaces as might be needed. It is firmly believed that a "business" of this importance should be housed in offices that reflect efficiency, stability, and above all, community pride.

The Board of Trustees, the Administration, and the staff of the Stanton Independent School District are to be commended for initiating and successfully operating a CAVE program in building trades. This makes it all the more urgent that a followup be created in high school.

The courtesies extended to me by Superintendent McMeans were appreciated.
C. Lyman Ellis, Jr.
Architect
School Plant Section

Every hour of ironing an electric dryer saves you is an hour you'll have for better things.

You can save yourself hours of ironing every month by teaming an electric dryer with permanent press clothes. It takes an automatic dryer to bring out the best in all permanent press fabrics. And there's no heat like flameless electric heat for smoothing out bothersome wrinkles. Accurately-controlled flameless heat is truly gentle.

It's kinder than sunshine for all kinds of fabrics, colors and white things. Regardless of the weather, an electric dryer lets you dry clothes any time of the day or night. Get rid of your washday hang-ups with a flameless electric dryer. It'll save you time and worry. And take lots of ironing off your hands.

END WASHDAY HANG-UPS

See your appliance dealer soon about an electric clothes dryer.

POLLY'S FINA CAFE

OPEN 24 HOURS

Gene and Polly Atchison

Mr. and Mrs. Christopher Feted

Mr. and Mrs. Charlie Christopher were given a surprise anniversary party on Sunday, October 10. The couple was given a dinner in honor of their fifty-seventh anniversary.

Hostesses for the occasion were Miss Dona Palmer, Bobby Joe, Loye Cook, Larry Cook, Nannette Cook, Doris Magee, Cecil Hall, Inez Hall, Karla Cook, and Vivian Cook.

Busing of Band Students Creates 'Loss of Time' Factor

The primary advantage in having rehearsal facilities nearby for instrumental music is the time factor. Time loss in assembling the instruments, distributing necessary accessories for playing, and properly returning the instruments to their cases cannot be eliminated.

The junior high rehearsal area was superseded by another department due to lack of classroom space which necessitates busing for all band students below the high school level. This added time has reduced the actual teaching time of the subject in half. The available time is not conducive to proper or adequate instruction.

Consolidation of the teaching site reduces the expense of maintaining two areas with very little modification to the present system; however, the present problem will continue until we can expedite methods which will bring these groups to the central site without busing.

It is hoped that the proposed projections by our school officials will remedy the present mode of operation in the band department as the successes in future years will depend upon the students now in the feeder program.

George Walker,
Band Director

J. L. Stewart made a business trip to Cisco last Thursday and Friday. While he was there, he made a visit to the doctor and had his insurance straightened out.

HALL OR STORAGE ROOM — Both, and more. This hallway is also used as a music room and audio visual storage. If any additions are made to the underground school, this hallway will serve as a connector between the structures. Music class in a narrow hallway — that's really up-to-snuff.

BOILER ROOM, SEWER ROOM — This room in the grade school building was originally the boiler room and janitor's closet. Now it is a book storage room, mimeograph room, you name - it room. It is next to a kindergarten room next fall.

VA estimates that 285,000 guaranteed and insured loans (including 25,000 mobile homes) will be closed during fiscal year 1972.

Thousands of disadvantaged young people and mothers trained for health services occupations in VA facilities last fiscal year.

CURTAINS
Wash shower curtains and rubber mat mats in your automatic washing machine along with a couple of bath towels, suggests home management specialists of the Texas Agricultural Extension Service. The roughness of the towels helps clean the curtain.

DESK CLEANING
Making a habit of cleaning out desk drawers and closets at regular intervals helps keep out excess and lessen the chore, reminds Extension home management specialists.

Texas Aeronautics Commission approved 19 grants totaling \$374,812 for airport improvements.

OUR SOIL ★ OUR STRENGTH
MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT
- SOIL CONSERVATION -
DISTRICT NEWS

The role of Conservation districts in environmental improvement is the theme of the 31st annual statewide meeting of conservation district directors to be held in McAllen October 19-21.

Bob Cox, chairman of the board of the local Martin - Howard - Midland Soil and Water Conservation District, said plans are being made to send a delegation from the local district. The annual meeting is sponsored by the Texas State Soil and Water Conservation Board.

"Our district is involved in a wide range of activities which benefit the environment," Cox said. "Conservation measures reduce sediment, the state's biggest pollutant. Sediment fills lakes, streams, bays and estuaries; it kills fish and ruins their spawning grounds. Treatment of land subject to the wind erosion suits blowing dust, the state's worst air pollutant. We also try to tailor our work to enhance wildlife habitat, outdoor beauty and recreation."

Cox also pointed out that upstream watershed protection projects sponsored by conservation districts, counties and cities have vast environmental benefits. Floods not only damage homes and other property but they also kill people, wildlife and livestock.

Conservation districts are trying to step up all environmental activities Cox said he

hopes the discussion at the annual meeting will point up ways this can be done.

Speakers during the conference in McAllen will include David Brune, general manager of the Trinity River Authority; State Representative Bill Clayton of Springlake; State Senator Murray Watson of Mart; Clyde W. Graham, state conservationist for the Soil Conservation Service; and Albert Roach of Paris, chairman of the State Soil and Water Conservation Board.

The Texas Association of Soil and Water Conservation Districts, one of the state's oldest conservation organizations, will also meet and elect officers during the state meet. Doyle Hutcheson of Weatherford is now president of TAS-WCD.

Conservation districts are local sub - divisions of state government. They utilize and coordinate assistance from the U. S. Soil Conservation Service and other local, state and federal sources. Their goal is to conserve and develop land, water, forests, wildlife and related resources for maximum benefit of all citizens.

The meeting at McAllen will feature a "Night in Mexico" event staged by the host group, the Southmost Soil and Water Conservation District. Ladies attending the meeting will also be treated to a luncheon and a tour of homes in Reynosa, Mexico.

Koffee Kup Club News

The Koffee Kup Home Demonstration Club met on October 7, 1971 at 9:30 in the home of Mrs. Jimmie Hopper. Mrs. Gayle Alsop presided at the meeting.

The devotional was given by Mrs. Kay Simpson. Roll call was answered by 12 members with "How I Enjoy Spending a Few Minutes Relaxing." The secretary read the minutes of the last meeting. Mrs. Virginia Morrow gave the treasurer report and stated that more knives have been ordered to sell. A council report was given by Mr. Jo Ann Henley. Achievement Day will be November 16, 1971 at Cap Rock. A Salad Luncheon will be served from 11:00 until 1:00. Each ticket will be \$2.00. A style show and hair fashion show will be presented afterwards. Any member wishing to model should contact Mrs. Henley before October 19, 1971. Our club is in charge of registration. Each member is to bring a large salad and something to sell. Our next meeting has been changed to October 28, which is our regular meeting.

Mrs. Opal Jones of Stanton spoke on "How to Convert Summer Outdoor Plants Into Decorative House Plants for Winter." She explained how to pick your plants while still in bloom and strip off their leaves and hang them up to dry. She showed several that had been dried, colored, and how to make arrangements. Mrs. Jones also discussed where and when is the best time to plant your flower gardens and which ones grow better in our country. Members present were Gayle Alsop, Connie Cain, Jo Ann Henley, Jimmie Hooper, Anita Johnson, Mickey Lander, Melba Luna, Virginia Morrow, Patsy Odom, Kay Simpson, Torchy Swinson, Melba Webb, and one guest, Opel Jones. The next meeting will be held on October 28, 1971 at the home of Mrs. Virginia Morrow.

Two hippies grunting—"Where do you bathe, man?" "I bathe in the spring." "I didn't say when. I said where."

Machine --

(Continued from page 1)

See your doctor and let him be the judge.

Most people who read about an accident or disease, believe things like that only happen to someone else, but it can happen to you!

It's been over two years now since my husband, Herman Lander, Jr., suddenly became very ill, we had no warning, he had never been sick in his life, and never had any kidney trouble before.

After seeing several doctor's here we were lucky to get referred to John Sealy Hospital in Galveston.

After several months of fighting for his life we were told that he had an incurable chronic kidney disease and in order for him to live he would either need a transplant, which has no guarantee or an artificial kidney machine. If we could qualify for a program of the chronic Home Dialysis Center in Galveston.

We underwent a stringent selection procedure to determine his medical, social and psychological suitability and his rehabilitation potential. This selection is necessitated because of a lack of funds to train medical personnel and provide proper facilities for all patients. Only a very few can be helped at this time.

I was so afraid that we wouldn't be accepted, and Junior would have to die. But with God's help and thanks to all the people of Stanton for their concern and prayers, we were accepted.

We took our training at the center which enabled us to learn all the medical and technical aspects of operating the artificial kidney machine and managing the life saving treatments.

We have been home over a year and a half and have found it very easy to live a normal life with Junior taking his treatments three nights a week, eight hours each treatment, and staying on a strict diet.

Yes, thank you again to the National Kidney Foundation that Junior is back doing his farming, racing his hobby stock car, and doing as any normal man.

This year we want to try to help someone else who can be helped by the National Kidney Foundation so we are selling Halloween Candy with all proceeds going to aid research and patient care of kidney diseases.

There are approximately 100 pieces of candy per bag, individually wrapped. There are delicious hard candies, assorted flavors with soft centers of

chocolate, fruit jellies, mints, etc. Tucked inside with the candy are a dozen small paper bags into which the candy can be easily divided for smaller trick or treat portions, and inside also is a brochure giving the five warning signs of kidney disease. Each bag sells for \$1.00 and when empty it converts into a hand puppet. For your information the profits from one bag will buy one day's medication for a child with nephrosis; two bags will purchase one hour of life for a person on an artificial kidney; three bags will purchase one day's medication for a kidney transplant; four bags will alert 100 people of warning signs of kidney disease.

You can help with this worthy cause by calling a member of the Rho Xi Chapter of Beta Sigma Phi or Mickey and Junior Lander who would be happy to sell you candy.

Think how embarrassed we get having to beg for money, but when you know what we know, that in the next 10 years, over 1,000,000 Americans will die of kidney disease because there isn't enough money, it's enough to make you cry, no less beg.

Stanton School Lunch Menu

Oct. 18-22, 1971

- Monday: Ranch burgers, lettuce & tomato salad, french fries, milk and banana pudding.
- Tuesday: Roast and gravy, buttered rice, green beans, hot rolls, butter, plum cobbler, milk.
- Wednesday: Chili beans, turnips and tops, whole kernel corn, cornbread, lemon gelatine, butter, milk.
- Thursday: Beef stew with vegetables, cheese wedges, crackers, cinnamon rolls, milk.
- Friday: Oven fried fish, stuffed celery, buttered hominy, english peas, hot sliced bread, chocolate pudding, and topping, milk.

Brother Passes Away

Mrs. Jim Ringener of Lenora received word Saturday morning that her brother, Eliza Eggleston of Kerns had passed away. Other survivors in this area are his mother, Mrs. Bertha Eggleston, of Lenora; a sister, Mrs. Beatrice Hightower of Odessa; a sister, Mrs. Carrol Walker of Luther; and a brother, Billie Eggleston of Big Spring.

Music --

(Continued from page 1)

Mrs. Larry Kelso, all from Stanton and representing Stanton High School Band which is directed by George Walker.

Other numbers were a hymn medley "On the Cross" arranged and performed on the piano by Mrs. Larry Edwards of Midland and she also played and sang a religious folk song which she had composed and arranged. Mrs. Joel Adcock, pianist, also of Midland, played "Intermezzo in A Major, Opus 118" by Brahms.

Also performed were numbers from Junior Music Festival winners. Mrs. Rebecca Stiles, District Junior Counselor, introduced the performers. "Second Movement, E Minor Sonata" by Haydn was played by Katrina Cobb, pianist and seven year festival winner from Midland. "Three Schubert Waltzes, Set 2 Allegro, Lento, Andantino" were played by Deena Herral, pianist and seven year winner also from Midland. "He Was Despised" from Handel's Messiah was sung by Phyllis Guthrie, soloist and seven year winner, accompanied by Mrs. R. W. Sewell, both of Odessa. "Polichinella" by Rachmaninoff was played by Terry Hawkins, pianist and eight year winner from Odessa.

Preceding the memory prayer during the Memorial Service given by Mrs. E. D. Sned of Midland, "Meditations on Bach's First Prelude" by Charles Couand, was played by Mrs. Warren Hall, pianist and Mrs. W. C. Houston, organist, both of Stanton.

The Federation Collect and Federation Hymn were led by Mrs. Carl Leonard, Jr., accompanied by Mrs. Roy Pickett of Stanton.

During the luncheon held at noon in the church, Mrs. Leake J. Ward, State President of TEMC, was honored along with 12th district officers and club presidents. Mrs. J. S. Knauer of Midland introduced Mrs. Ward who spoke to the group on "Where Are You in Arts for All People?" Gifts were presented to Mrs. Ward and to Mrs. Robert W. Sewell, 12th District president. In charge of luncheon arrangements were Mrs. James Jones, Mrs. Warren Hall, Mrs. Guy Eiland and Mrs. George Dawson.

Mrs. Fern Crowley, composer from Odessa, presented a musical number for which she

wrote both words and music while in Germany during the past summer. The song is entitled "The Hush in the Forest," and was sung by Terry Hawkins. "Trees" by Hasbach was sung by Mrs. Don Brubaker and Mrs. I. W. Skarr of Odessa and accompanied by Mrs. M. B. Beam.

An invitation was extended and accepted to meet in Odessa for the conference next fall. Mrs. J. S. Knauer of Midland will serve as the new president of District 12. Serving from Stanton on the district officer list will be Mrs. Homer Schwalbe, treasurer and Mrs. Glenn L. Brown, auditor. Others include Mrs. Walter Acreman, Odessa, vice president; Mrs. Clyde Cantrell, Big Spring, recording secretary; Mrs. Scott Lewis, Midland, corresponding secretary; Mrs. T. E. Street, Odessa, historian, and Mrs. Robert W. Sewell, Odessa, parliamentarian.

Martin County Hospital News

October 4: Emma Allene Miller, Sam Martin, Narvie Garnett, and infant daughter. October 10: Shirley Kuykendall and infant daughter. October 11: Sid Jackson, Lila Flanagan.

Martin says "No Deduct"

Attorney General Crawford Martin recently ruled that a gas producer on state property may not deduct a part of his production costs from the state's one-sixth royalty. Land Commissioner Bob Armstrong requested the legal opinion because gas operators on state leases had been charging increasing costs against the state's royalty interests. The opinion overruled a 1957 Attorney General's opinion which allowed this procedure.

Cities levying local option sales tax will be \$40.0 million (combined) for the last quarter.

Mr. M. C. Gibson Attends J. P. Training School

COLLEGE STATION — One Martin County justice of the peace was among 172 attending a three-day training session in Lubbock conducted by the Police Training School at

Texas A&M University. The program, sponsored by a grant from the Texas Criminal Justice Council, is designed to upgrade the understanding of JP duties.

Representing Martin County was Martin L. Gibson, Precinct 1, Stanton.

Justices from 104 West Texas counties attended sessions in the Red Raider Inn Monday through Wednesday. Members of the West Texas Justices of the Peace and Constables Association also held their annual convention during the short course.

Ralph Benton, program coordinator for Texas A & M's Engineering Extension Service, said the justices of the peace were very impressed by the training sessions.

One JP wrote "the expressions on the faces of those attending speaks louder than words." Benton noted many of the JPs came with mixed emotions about a "training school," and most found they had a lot to learn about their jobs.

An Air Force retiree said the teaching "was as good as any presentation by the Air Force." A woman declared she would "put this knowledge to work in every routine."

Several participants declared the meetings with other justices and discussion of common problems and experiences was most rewarding.

Attendance included 28 female JPs, with Mrs. Billie Montgomery of Munday elected president of the West Texas association. Other elected officers are C. O. Jones of Kermit, first vice president; Charles E. Smith of Lubbock, second vice president, and Wayne LeCroy of Lubbock, secretary-treasurer.

A second session of 20-hour courses is scheduled in Lubbock Feb. 14-16. Texas A&M has scheduled four other state wide short courses in Arlington, College Station and San Antonio.

November sessions are set in Arlington Nov. 3-5 and in Longview Nov. 17-19.

"Welcome Beta Sigma Phi, Stanton"

Will be on the marquee of the Holiday Inn in Midland for the Fall Banquet. Guest speaker, Miss Becky Liscum, will talk on "Patriotism." There will be an exciting door prize given away. All members of the Beta Sigma Phi who are going should indicate so by October 21. The Beta Sigma Phi Chapter hopes all members will be present.
