Stanton Teacher Receives Honor

By GLORIA BRYAND
Mr. John Anastasio, chemistry and biology I and II teacher in Stanton High School, has been chosen as a Leader of American Secondary Education in the United States. Mr. Anastasio was born in New York. He received his B. A. and M. S. in Geology in 1953 from Syracuse University in New York. He worked as a Petroleum Geologist in Texas for ten years. He also attended Sul Ross and was certified to teach chemistry and biology in 1964. After teaching science at Courtney for one year, he began teaching in Stanton. Mr. Anastasio has taught geology at Odessa evening college for three years.

VANDALS HIT HIGH SCHOOL — Vandals hit the High School Auditorium last Thursday night. Three windows were completely broken out.

SUPER BOWL QUEEN CONTESTANTS — These four young ladies, sweethearts of the four Pee Wee teams, are the first contestants in Stanton's first Super Bowl Queen Contest. One Lucky Miss will be crowned at halftime Saturday night of the All-Star game.

Stanton will host the Super Bowl game this year! The Pee Wee Super Bowl, that is. This will be another first for the Stanton Lions Club.

The First Annual Pee Wee Super Bowl game will pit all-stars from the first and fourth place teams against all-stars from the second and third place teams. The original plans were to play the whole teams, which would involve 55 boys. This would have caused confusion, leaders and coaches decided.

The all-star route will place more emphasis on the program, there are rewards to be gained from participating in sports. The incentive to make the all-star team will prompt the young participants to play harder.

Another first for Stanton will be the Super Bowl Sweetheart, to be crowned at halftime ceremonies. Each team has selected one nominee to represent them in the contest. An impartial panel of judges will select one as the Sweetheart of the First Annual Super Bowl.

The nominees are: Cowboys sweetheart is Miss Lu Ann Hall, daughter of Rev. and Mrs. Warren Hall. Lu Ann is a 6th grader. She will be escorted by Craig Graves, son of Mr. and Mrs. Granville Graves.

Rams sweetheart, Miss Shelly Church, daughter of Mr. and Mrs. Douglas Church. Shelly is a 6th grader. She will be escorted by Tommy Morrow, son of Mr. and Mrs. Bill Morrow.

Jets sweetheart, Miss Tami Briggs, daughter of Mr. and Mrs. Paul Briggs. Tami is a 5th grader. She will be escorted by Doug Lambert, son of Mr. and Mrs. Charles Lambert.

Buffalo Bills sweetheart, Cindy Herzog, daughter of Mr. and Mrs. Robert Herzog. Cindy is a 5th grader. She will be escorted by Todd Smith, son of Mr. and Mrs. Calvin Smith.

The Super Bowl Sweetheart will be crowned by Mr. Jimmy Conner, President of the Stanton Lions Club.

The all-stars are: Bills — Rocky Blutworth, Miles Tolison, Todd Smith, Wayne Atchison, Larry Johnson, Sonny Villa.

Jets — Oscar Perez, Bob Jones, Kyle Cook, Kenneth Cook, Kendel Blocker, Amador Rios.

Cowboys — Domingo Equinones, Robert Villa, Craig Graves, Mike Swinson, Elroy Bryand, Joe Lynn Young.

Rams — Marvin Jones, Wayne Jones, Tommy Morrow, Ralph Gonzales, Larry Carroll and Neil Sisson.

An admission charge of 25c for students and 50c for adults will be made. Game time is 6:30, Saturday night at Buffalo Field. If you have not yet seen the Pee Wee football teams in action, don't miss the Super Bowl game. See you at the game!

Bond Sales Exceed Goal
According to a report received from County Bond Chairman James Jones, sales of Series E and H United States Savings Bonds in Martin County during September totaled \$4,949. Nine-month sales were \$32,290 for 108 per cent of the 1971 goal of \$30,000.

Sales in Texas during the month were \$15,465,128 compared to \$15,033,393 during September 1970. The January-September sales totaled \$152,382,599 with 84 per cent of the 1971 goal of \$181.9 million achieved.

Nationwide, purchases of Series E and H Savings Bonds totaled \$415 million — 18 per cent above 1970 sales. The January-September sales were the best since 1952 totaling \$4,174 million — 19.2 per cent above a year earlier. Exchanges of Series E and H Bonds amounted to \$197 million were reported for the first nine months of 1971 — 8 per cent above those exchanged in 1970.

Elmer Long Succeeds Gibson on Draft Board

Elmer Long, of Stanton, has been appointed to the Martin, Howard, and Mitchell County Draft Board. Mr. Long will succeed Mr. Martin Gibson, who is retiring from the Board.

Mr. Long was sworn in Thursday by officials of the Selective Service. He will serve along with Mr. Gibson until the first of January, when he will be the sole representative of Martin County on the Board.

Second Meeting on Underground Dist. Held in Lubbock

Although underground electric power lines are relatively new, it is a coming thing. This statement was made by Bob Pierce, Operations Manager of the South Plains Electric Cooperative, Inc., in his opening remarks at the second Underground Rural Electric Distribution Conference sponsored by the electric cooperatives of West Texas.

The conference was held at the South Plains Electric Cooperative with representatives of 21 electric cooperatives and several suppliers and manufacturers in attendance. These men studied methods of installation and maintenance and underground electric power lines.

Even though the cost of installing underground high voltage cable is now approximately twice the cost of overhead lines, new manufacturing techniques and volume are reducing the cost differential all the time. Therefore, it does seem that eventually many power lines will be underground, thereby reducing the exposure to ice storms and high winds and improving electric service.

BY BUDDY NORVILLE

My most sincere apologies to Bro. Warren Hall, Dr. Otis Strickland, and members of the First Baptist Church. I neglected to insert the Church's name in their revival ad in last week's paper. I knew where the revival would be held, but I didn't think about anyone else not knowing — that's what I get for not thinking.

A foreign aid bill was defeated in the Senate. Amen. I can't think of a better time to stop some of the foreign spending. A time when members of U.N. have ousted Taiwan and admitted Red China, in so doing they have bitten the hand that feeds them. I agree with Senator Lloyd Bentson who said, "At a time when Americans are being asked to tighten their belts and forego wage and price increases here at home, I could not approve the large outlays for foreign nations as contained in the bill."

I think I would lose respect for our congress if they were to grant a huge foreign aid package at this time. Feeding the world's hungry is ample justification for foreign aid. But when the money is spent

Don Tollison to Speak at Managers Meet

Don Tollison, manager here for Texas Electric Service Company, will speak at a workshop for company managers to be held in Fort Worth Thursday and Friday, Nov. 11-12.

He will review recent community achievements and progress of this area before some 50 other managers and company executives.

The workshop is being held as part of TESCO's Program for Economic Progress (PEP) which is aimed at providing help in area development and growth to communities served by the company.

on military buildup, this is a different story altogether. Some of the money is loaned out at low interest, with the borrower re-lending the money at very high interest rates. And of course, there is always the greedy foreign official who get rich while their people starve.

I realize it's not an easy task to distribute the money where it is needed the most. As of last week yours truly would automatically cut out any country that voted to put Taiwan out of the U.N. There would be no question about it.

This example is just another inconsistency in a world of inconsistencies. The U.N. is supposed to be a world organization. How can it be a world organization when the membership won't allow every nation a seat? I think it should either be 100 per cent World of 100 per cent defunct.

Zooming taxes appear to be crumbling the long standing Puritan ethic against legalized gambling. In New York state and California, where the welfare situation has caused a gigantic tax load, people are beginning to favor legalized gambling. In last year's liquor by the drink landslide in Texas is ample proof that people are willing to forego their convictions on what is moral and what isn't to save a few tax dollars.

Neither gambling nor liquor is the issue here. The value we place on an education for our children is. If we do not take the initiative while we have the chance, we could be busying our children to Midland or Big Spring in a few years.

If the U.S. Supreme Court upholds the decision of the lower California Court in a suit against California to equalize taxes from one school district to another, you can bet the same thing will apply to Texas. Meaning this, no more local bond elections to build the kind of school we want. The state would build our schools the way they wanted to.

Well, this thought was for free. Think before you vote no.

Let me tell you about...

By GLORIA BRYAND

Jackie Jones is a sixteen year old girl who looks to the future with hope and promise. When asked what she would like to do after graduating from high school she said "I would like to attend Texas Tech University and major in International Relations, and also help the under-privileged people."

Jackie comes from a long line of Indian ancestors. Her mother, Mrs. Mary Josephine Margaret Calflooming Jones, was born and raised on the Blackfoot reservation in Two Medicine Valley, Montana, until the age of 20. She then married Donny Lee Jones and came to Texas. Jackie's great grand father was named "Bearchief". Her grand father, Paul Calflooming, was sheriff of the Blackfoot Reservation. Jackie's father is Cherokee.

Two years ago Jackie visited the Blackfoot Reservation in Montana for the first time. "I think it would be neat to live on a reservation," she said. "Maybe when I'm out of school I'll go and live with the Blackfoot tribe."

The world had better get ready for a girl named Jackie Jones. With her determination, talent, and ability to strive for what she wants, she will in turn be very likely to succeed.

Jackie is the last of a family of two boys and two girls to attend Stanton High. This year she is one of three twirlers, plays clarinet in the band, and is on the Annual Staff. Jackie is Catholic and sings in the Catholic Youth Choir. She is a 4-H member and shows calves. She is also on the National Honor Society, Student Council, is Sophomore Class Reporter, and is on the basketball B team.

Mr. Buddy Norville, Editor

Dear Sir:

First let me state that I agree with the letter written by a Concerned Citizen, but our community can certainly use more than just a new school. I also have some questions to ask and some things I would like to say.

The proposed new high school and Gym for added classrooms and dressing rooms, is this actually for new classes or so more coaches can be hired to help with our sport situation?

Also, why fatten someone elses pocket by buying land to put a new high school on when land was offered, directly across from the underground school, for the purpose of a new grade school.

Why build a new high school when all that is taught for three - fourths of the first semester of the school year is football? Then comes basketball, and track. These sessions could be held in the gym and there would be no need for any classrooms. When tests are given, they are about what the school colors are and what the mascot is of the team the boys are happening to play on Friday night. Also some classes have to take time out to watch the coach write football plays on the blackboard. The teacher? wonders why these classes are behind the other classes.

I see the need for a new school and will certainly vote for it, but I feel the need isn't at high school for a new gym. The primary reason for sending our children to school isn't for athletics but to get an education. The only way sports can get a boy or girl into college is by an athletic scholarship and very few are given.

In answer to your first question. The school board will not hire any additional coaches to staff the new gym, and we already have enough pupils to fill the classrooms (or will have in a short time).

Some say we do not need a new high school, or a new gym. But I think we do. Everyone knows the present Junior High building is in bad shape. In the opinion of experts, it would be a waste of time and money to try to renovate and remodel. In fact, it would be cheaper and more practical to build a new building. The present High School building is in good shape. But, for a modern - day High School it just isn't adequate. The science labs aren't adequate for High School, but would be fine for Junior High. The same goes for the shops, and the Homemaking Department. I could go on and on, but I don't have enough space. I would suggest that you attend the community meeting planned for next Tuesday night. There you can get all of your questions answered.

I really don't think anyone is fattening their pocket book. The amount that was asked for the land was so small that members of the school board are still stunned. As for the piece of land offered to the school, I understand it is too small. The state recommended a plot of land to be at least ten acres plus an additional acre for each 100 students. At present there is less than eight acres on the Junior High - Primary school lot. The lot in question is about an acre in size. So you see, there is not enough acreage altogether.

I would like to refer you to Superintendent McMeans or to the principal (or principals) of the school(s) in reference. I do know that either one of the aforementioned officials will listen to your story and check out your charges. Questions of this nature are not in my jurisdiction. But if you honestly feel that certain teachers aren't doing their job, then you should speak to one of the above administrators.

I would like to mention a question I had on a final exam in history at Hardin - Simmons University, which by the way doesn't have a football team. The problem asked fifty questions, two of which were: What is the title of your text book? and, Who is the author of your textbook? over half of the class missed the questions.

I don't know if I have satisfied your curiosity or not. I would like to say again, attend one of these meetings I mentioned. Get the facts.

Thank you for your letter. I'm glad you see the need for a new school. I have talked to some who see no need at all,

The pressure on winning at sports events has blinded many as to the purpose of a school system that is an EDUCATION!!!!

I like sports and am certainly disappointed when the team loses but it doesn't shake me up that much. We need more teachers and fewer coaches. I am not implying that the coaches are not good teachers but let's leave sports in the gym.

Thank you,
A Concerned Parent
(who refuses to sign his name because he has children in school) and is also a Taxpayer.

The Stanton Beta Sigma Phi City Council met November 1, 1971 at 5:00 in the Martin County Library.

Mrs. Edith Shenault, president, was in charge of the meeting. Eight members representing all five chapters were present.

A gold gavel pin was presented to Mrs. Irene Long as past president of the City Council.

A Thanksgiving Tea will be given for the City Council in the home of Mrs. Chenault for all sorority members. The date is to be announced later.

It was moved and seconded that we have inter - chapter socials this year and chapter names were drawn.

The style show and Fall Banquet, both Beta Sigma affairs, were reported very nice and enjoyable affairs.

The Fall Book Review will be November 18 at 7:30 p.m. in the Cap Rock Willie Wire Hand Room. Mrs. Clyde Angel will review the book, "Ladies Come to Order." Rho Xi will be the hostess chapter. Meeting adjourned at 5:45 p.m.

HOLIDAY COOKING
When gathering supplies for holiday cooking, Extension foods and nutrition specialists suggest you check your spice shelf. Spices deteriorate and quickly lose their pungence in heat and humidity. Always be sure to store them in air tight containers.

WASTE
Did you know the average American throws away five to seven pounds of solid waste each day? That's over a ton a year, and the amount is increasing, report Extension home economics specialists.

EVERY HOUR OF IRONING AN ELECTRIC DRYER SAVES YOU IS AN HOUR YOU'LL HAVE FOR BETTER THINGS.

You can save yourself hours of ironing every month by teaming an electric dryer with permanent press clothes. It takes an automatic dryer to bring out the best in all permanent press fabrics. And there's no heat like flameless electric heat for smoothing out bothersome wrinkles. Accurately-controlled flameless heat is truly gentle.

It's kinder than sunshine for all kinds of fabrics, colors and white things. Regardless of the weather, an electric dryer lets you dry clothes any time of the day or night. Get rid of your washday hang-ups with a flameless electric dryer. It'll save you time and worry. And take lots of ironing off your hands.

Philosopher Has a Hard Time Believing Things He's Been Reading

EDITOR'S NOTE: The Martin County Philosopher on his Crabgrass-farm on Mustang Draw must have been clearing off his desk, his letter this week indicates.

Dear editor:

The trouble with reading newspapers is that every once in a while when you're not thinking much about anything something you read a few days before pops into your mind and makes you wonder if you read it right.

For example, I remember reading the other day that a movie actress announced she is now a vegetarian, won't eat any meat. "I want to be able to look a cow in the eye from now on," she said.

It just occurred to me, I hope she wasn't looking down at her feet when she said this, if she was wearing leather shoes.

A public opinion survey has revealed that the voting records of 10 Congressional leaders of both parties have not reflected their home folks' views on some of the major issues of the day. The voters sided one way, the leaders the other.

No wonder, Congressmen can't hear from the forks of the creek any more. The Army Engineers have covered it up with a dam.

I wasn't disturbed when Red China got a seat in the U. N. It's sort of like getting a seat in the stadium on Sunday when the game was played on Saturday. By the way, how much of the cost of operating the U. N. is China going to pay? Looks like nobody thought to ask the question.

Scientists are working on a satellite that'll circle the earth taking photographs that'll tell a farmer when he needs rain. The more I think about this the less I know where I am.

When a New York Times reporter visited Chou En-Lai in China, the two ate a meal lasting two and a half hours with the menu including three soup courses, duck, chicken, fish, pork, shrimp, and quail eggs stuffed with caviar. And moreover, when the Shah of Iran threw his silk tent party out in the desert for notables from all over the world, the main dish was "roast peacock served in its own brilliant plumage."

Stuffed quail's eggs on a Communist's table? Roast peacock with its feathers still on for royalty?

Pass me some of that cornbread.

Yours faithfully,
J. A.

Bonnie Hill Honored At Bridal Showers

Bonnie Hill, bride elect of Mike Brumley of Big Spring, was honored with a bridal shower November 6 at Flower Grove Homemaking Room. Corsages made by Mrs. Roxie Vogler were presented to the honoree and mothers. The table was decorated with white lace cloth, silver coffee service, and crystal appointments. Punch, coffee, fruit cookies, and cake were served by Mrs. Donald Rawlings of Lubbock, and Mrs. Ronnie Cornett of Midland.

A beautiful red and white floral arrangement centered the table. Forty guests attended. Out of town guests were from Midland, Stanton, Big Spring, Ackerly, Klondike and Lubbock.

The hostess gift was a four piece set of harvest gold porcelain baked enamel cook-

ware and Betty Crocker Cook Book.

Hostesses were Mmes. Billy Mims, Quinton Airhart, O. G. Langston, Bob Cox, Raymond Pribyla, E. V. Hightower, Vernon Holcomb, Robert Dennis, E. D. Holcomb, John Massengale, L. V. Welch, Harold Ross, and Malcolm Rawlings.

Bonnie Hill was honored Saturday night November 6 with a bridal shower in the home of Mr. and Mrs. B. H. Denson, 2309 Marshal in Big Spring. Corsages were presented honorees and mothers. The bride's corsage was tiny spools of thread, needles, pins, tape measure, and thimble on nets and ribbons.

The tables were decorated in red and white. Cake and punch were served.

Hostess' gift was an olive green shag bedspread. Guests from Odessa, Lubbock, and Flower Grove attended. Hostesses were Mmes. B. H. Denson, Paul Keele, A. D. Smith, Annazine Williams.

USE OF WINTER PASTURES

Grazing management is a key item in the proper utilization of winter pastures, emphasizes Dr. Neal Pratt, Extension agronomist. Winter pastures produce a top quality forage and should be grazed with livestock that have high market value. Grazing should be withheld until winter is approaching so that pastures have time to become thoroughly established and to make sufficient growth.

Supreme Court memorial services were held last week for the late former Associate Justice Clyde E. Smith of Woodville who died this year at age 73.

HALLOWEEN PARTIES—are known for putting smiles on children's faces. These pictures were taken at the Day Care Center during their Halloween party. The children of that school put on a program for their mothers and brothers and sisters. Some sang songs, some recited nursery rhymes, but all participated. Students of the Day Care Center are all children of working mothers, in fact this program was designed to encourage mothers to work. The Center is under the direction of Mrs. Angel.

**Pickwick Players To Present
Fall Rock Musical, "To Be"**

Midland Community Theatre's nationally recognized Pickwick Players have discovered an exciting new way to approach the traditional Hamlet legend. "TO BE" an imaginative original rock musical version of the Shakespearean tragedy, is for young people and parents and friends of both. This latest creation of Ed Graczyk, founder-director of the Pickwicks, is the second in collaboration with Pickwick player Gerry Pyle, who composed the score. This is "HAMLET" with a beat, a new look for an old favorite. The action-packed plot unfolds within a stark construction site set used by city kids as a playground. This playground is very different, however—it includes anonymous waiting graves (or is it merely a hole carelessly left uncovered?) and is peopled by a vigorous company of ghosts (or are they only imagined?). The kids are straight from today's world, with all the foibles, the frustrations, and the exhilarating idealism of young people everywhere. The play captures the adventure of growing up, the challenge and the hope of finally being someone, and spikes it all with an ingenious thriller ending.

Produced in conjunction with the Junior League of Midland, Inc., "TO BE" will play to all eighth grades in Midland. Students will be bussed to Theatre Centre for performances on November 15, 16 and 17.

Public performances are scheduled for November 18, 19 and 20 at 8 p.m. All seats are reserved, and tickets are \$1.00 for students and \$2.00 for adults. The box office will open Monday, November 15, at 10 a.m. Call theatre box office, 682-2544, or write Box 4847 for reservations.

You'll turn on with "TO BE", a very 1971 rock musical you won't want to miss.

**Letter
To The
Editor**

Dear Sir:

Enclosed please find my check for one years subscription to The Stanton Reporter. I enjoy reading it every week and as I have spent the greater part of my life living there and still have some property there I feel I am very much a part of Stanton, yet I am sorry you are having such a hard time getting responses from your letter or editorial you wrote about the terrible shape that one of the schools is in. I certainly think you are so right and I do back you all the way. Although I do not have any children but I have been paying taxes (school, city, state, and county) for a good many years. I think something certainly should be done about it before its too late and we all have something to regret.

Cowboys Win Readers' Letter

November 8, 1971

Mr. Buddy Norville, Editor
Stanton Reporter
Stanton, Texas 79782

TO WHOM IT MAY CONCERN

We would like to take this opportunity to express our views on the school bond election. There have been two articles in the paper recently that intimidated the older citizens and those that did not have children in school were against the bond issue to build better schools. I think some of the things that have been said are pretty harsh and have lumped all of the older citizens into a group that is said to be against the issue.

Most, if not all of our friends have expressed their views in favor of the proposal. We have seen the need for several years of new school facilities in Stanton and are happy that we now have the opportunity to have these facilities.

We believe the bond issue will pass and we will have facilities equal to other towns in the area, but should it fail, don't place the blame on the citizens of Stanton who do not have any children in school or those in town classified as the older citizens. They may not be the ones who defeat it, if it passes, and we think it should because we need it as badly as anyone, you should also remember that some of those older citizens helped pass it.

This is an opportunity that we have, to show that we want

progress and for Stanton to move forward and give our children a school building they can be proud of, and one that will lend itself to a learning situation.

Two for better schools.

Cowboys

Jets

Buffalo Bills

The Pee Wee Cowboys defeated the Bills to the tune of 41 to 7 to wrap up the league championship Saturday morning in the cold. The Cowboys finished the season with a fine 8-1 record.

The Bills finished in third place with a record of 4-5.

The Jets were last game victors over the Rams, 36-18. The Jets wound up in second place with a 6-3 record. The Rams finished fourth with a 1-8 record.

An all - star team made up of selection from the first and fourth will play the all - star team from the second and

third place teams. The game will be played Saturday night at 6:30.

The Pee Wee program was a smashing success in its initial year in Stanton. Although every boy couldn't be in the all - star team, they all deserve special recognition for making the first year a success.

Stanton Shut Out by Ozona, 22-0

By BUDDY NORVILLE

Ozona's balanced rushing attack and Stanton's generosity combined for a 22-0 victory Friday night, the first for the Lions in four District 5-AA games this season.

Stanton suffered five pass interceptions, two lost fumbles, and a safety, and Ozona had five players rush for over 50 yards, led by Ruben Tambunga who gained 73.

Ozona was in control of the game from the start, though missing two scoring chances in the first quarter, which ended 0-0. A blocked punt gave the Lions their first opportunity but the march stalled and David Sewell missed a 34-yard field goal attempt.

Sewell later picked up a Rick Wilson pass and returned it 44 yards to the Buffalo six where he was caught from behind by Bubba Standefer. But Gary Posey intercepted a Sewell pass to thwart that effort.

Tambunga's 16 - yard interception return got the Lions rolling towards their first score and a 13-yard Sewell to Pete Maldonado pass carried to the one. Tambunga scored on the next play and Sewell

kicked the extra point for a 7-0 lead.

A moment's hesitation by Wilson cost Stanton two more points seconds later as he tried to drop back to get a better view of a wide-open receiver on a pass play. Unfortunately Tambunga was executing a safety blitz at the time and Wilson was tackled in the end zone.

Another interception, this one run back to the Buffalo 35, set up the second Ozona touchdown. Sewell passed 12 yards to Reggie Crawford on the Buff 22 and then J. O. Vargas burst through for the touchdown. Sewell missed the extra point try but the Lions led 15-0 at intermission.

Following an Ozona fumble, recovered by Chipper Coggins, Stanton drove to the Lion 11 but Dwayne McMeans's pass was intercepted in the end zone.

Ozona then drove into Stanton territory and fumbled, Stanton drove to the Ozona 26 and stalled, and Ozona drove and fumbled once more.

When the smoke cleared Ozona had the ball but had been assessed two major penalties and faced first and 40 from the Stanton 45 with less than 10 seconds to play.

Sewell kept the ball and went all the way for the touchdown, adding the extra point for the final margin of victory.

Ozona takes a 4-5 record, 1-3 in league, into Friday's season - ending game against McCamey. Stanton, 2-7 for year and 0-4 in district, hosts Reagan County.

Open House Sunday

The Stanton Home Demonstration Club met on November 3 at 2:30 p.m. in the Texas Electric Reddy Room. Mrs. Jim Webb presided over the meeting.

A committee was appointed to help with the refreshments for Achievement Day which is November 16 at Cap Rock Electric Building. This will also take care of our other November meeting.

Mrs. Mildred Elland spoke on "What Causes Your Money Problems." Some of these were, over - estimating family income, not enough family participation in management, and irregular or uncertain income. Look for leaks in your money management then plug them up. Then make a new budget and stay within its boundaries.

The following members were served cherry pie and coffee. They were Mrs. Jack Mims, W. W. Clements, Jim Webb, W. T. Wells, Kuane Ory, Mrs. John Atchison, and Mrs. Morgan Hall, hostess.

The next meeting will be the Christmas party at the home of Mrs. Glenna Mims.

FOREST MANAGEMENT

Forest are renewable natural resources that require efficient management for optimum production and returns on investment as well as recreational and aesthetic values, points out Sam Fate, Extension area forestry speccs are often essential to give a proper harvest meth- young, vigorous trees a chance to grow. Unharvested timber often brings on decay and disease.

SEVENTH GRADE FOOTBALL TEAM — The almost undefeated seventh grade football team. They finished the season with a record of 7 wins to only one loss, the best record of any Stanton team this fall.

Seventh Grade Wins Over Rankin, 20-12

The Stanton Seventh grade team won their seventh game of the season, against only one defeat, Thursday. Rankin was the victim, 20-12.

Rankin drew first blood on the opening drive of the game. They marched all the way down the field to score. They missed their try for points.

Stanton came right back to score, however, on a sweep around end Terry Smith had the honors. Joe Dean and Scott Creech sprang Terry loose with some good blocks. Terry couldn't get into the end zone for the conversion try.

Behind the blocking of Roger Owens, Tim Glen, Bimbo Allred, Nicky Irvin dashed 48 yards to score. He then ran the two points.

Stanton scored in the second half on a 15-yard pass from Terry Smith to Tommy Haislip. Terry's try for two failed. The score was 20-6.

Rankin scored later in the game on a pass play to make the final score 20-12.

Players gaining mention as doing a good job were: Russell Conner, center; Raymond Villa, guard; David Louder, guard; Randy Doshier, tackle; Craig Aisup, tackle, played his best game of the season.

Coach Don Goodrum remarked that the boys had done an outstanding job this season.

Eighth Grade Wins in Big Way Over Rankin For "Biggest Win"

The Eighth grade team finished the season with a big win over Rankin, 64-6. Coach Richard Granado said it was the best game his team has played all year.

Elvin Brown scored first for the Buffaloes on a screen pass from Randy Conner. The play covered 15 yards. Randy ran the two-point conversion.

Elvin scored again a few minutes later on a 12-yard run up the middle. Keyv Allred ran for two points.

John Yater crashed through the Rankin line and blocked a kick on fourth down. Terry Kelly picked up the loose ball and raced 35 yards for a touchdown. The PAT failed and Stanton led by 22-0.

Elvin broke loose and ran for 31 yards to put Stanton way out of reach, 28-0. Elvin again got loose for 66 yards and another touchdown in the second quarter. This time All-

red converted, 36-6. Rankin scored their lone touchdown in the second on a pass play.

Randy Conner connected with Terry Kelly on a 50-yard pass play early in the third quarter, with Kelly going in to score. Randy Conner hopped over for two more points.

Keyv Allred scored on a six yard run to add a little more icing to the cake. The PAT failed.

Elvin Brown scored again on a 25-yard run, and Terry Kelly broke for 32 yards and 6 points. The PAT was good on the last TD.

Elvin Brown ran for 221 yards, Terry Kelly ran for 109 and had 50 on pass receptions, Keyv Allred had 45. Randy Conner had 16, Mike Douglas had 5 rushing and 21 passing, Gary Hanson gained 5 yards rushing.

The whole team stood out on both offense and defense. However, John Yater, Salvador Olivas and Adam Saenz did a particularly outstanding job.

Randy Conner did an outstanding job calling plays and running the offense.

The defense played so well that Rankin crossed the 50 yard line only once, when they scored. Salvador Olivas, Adam Saenz, and Mark Cook were outstanding on defense. Gary Hanson, Clay Harris did a good job in the secondary for the Buffs.

The eighth grade ended the season with a fine 4-4 record. Coach Granado remarked that he was well pleased with the progress the team had made during the season.

Weekly Honor Roll

No lineman was picked this week but Dwayne McMeans was honored as Back of the Week, judged off his play against Ozona. McMeans played well both on offense and defense. He made 108 yards in

18 carries, all of it the hard way. His second effort drew high praise from coach Bill Young. As good as he is on offense, he may be an even more valued hand on defense.

Questions People Are Asking . . .

There have been many questions concerning the proposed school bond issue and as a public service to our community The Stanton Reporter has gone to Mr. George Glynn, the president of our Board of Trustees, for answers to these questions that have been asked of us.

The following questions were asked and answers given:

Question: Is there a swimming pool proposed?

Answer: No.

Question: Why do you propose to build a new building rather than remodel the present Sr. High School?

Answer: The cost per square foot would be in excess of the cost of a new building of same size. Additional classrooms would still be required under those conditions.

Question: Why do we need a new gymnasium?

Answer: We expect to have approximately 800 students at this new location and one gym would not be sufficient to

serve this number of people. The elementary students do not have any place for recreation during bad weather. We propose to leave the existing Jr. High gym in place for this very obvious need. The architect estimates it would cost at least \$50,000 to remodel this gym for the Jr. High.

Question: What will be covered in the \$1.2 million bond issue?

Answer: The bond money voted would be used of all new buildings and additional classrooms; furniture and equipment for all new buildings; air conditioning of the present Sr. High School; remodeling existing lighting facilities; and paving around the new Elementary and Sr. High buildings. The total proposed new and added space amounts to 82,000 sq. ft.

Farming uses 4.6 million workers — as many as the combined payrolls of transportation, the steel industry, and the automobile industry.

Members modeling their sewing in the style show reported. Also hair pieces and care of same will be shown.

Bazaar items are being made by all members to be sold which is the Martin County Council Project to raise money for its treasure.

County Agent, Mrs. Elland, brought the program on "What Causes Your Money Problems."

She showed the causes of money leaks — poor buyman-ship, buying on time, interest rates, and stressed that each member of the family participate in the discussion of money matters. Impulse buying of items not really needed was a prime factor.

Guests were Mrs. C. J. Russell, Mrs. Ray Russell, and Mrs. Elland.

First Time for Stanton

Rho Xi Chapter of Beta Sigma Phi will sponsor a Little Miss Martin County Pageant.

At 7:30 p.m. March 25, 1972 in the High School Auditorium, Little Miss Martin County and Junior Miss Martin County will be crowned.

Any "Little Miss" between the ages of two and ten will be eligible to enter as long as they are a resident of Martin County.

Regulations, rules and entry blanks will be in future copies of the Stanton Reporter.

Who will be the proud parents of Little Miss and Junior Miss Martin County?

Rho Xi met in the home of Mrs. Bobby Sale on Nov. 4.

President, Mary Sales, presided over the business meeting. The roll call and minutes were read and 15 members answered the roll call.

Communications from International were read by Bon-

nie Franklin and a City Council report was given by Mary Deitiker.

Final preparations were made for the Fall Book Review to be held November 18.

A study of Beta Sigma Phi was given by Sara Blocker.

The program, "Let's Talk on Radio and Over Television" and "You and Your Audience" was presented by Nora Cain.

Homemade apple pie and ice cream was enjoyed by all.

Those present were: Sara Blocker, Bonnie Yater, Clara Stewart, Brenda Robertson, Nana Cain, Marilyn Newman, Beverly North, Brenda Norville, Mary Dietiker, Carolyn Stone, Bonnie Franklin, Beth Black, Becky Granham, Lois Laxon and Mary Sale.

The Texas Public Welfare Board was informed by budget experts that a welfare reform bill approved by the U.S. House of Representatives would add 750,000 more to aid rolls, raise the cost \$153.4 million, and impose \$170.9 million in medical aid costs.

Letters To The Editor

Dear Sir:

The following comments are my thoughts concerning the up-coming vote on school bonds.

What is it that most men want from life? Possibly the most important goal of mankind is the satisfaction of re-producing a son to carry on his name with at least as much and perhaps a little more success than his dad had.

Who would dare to try to put a dollar and cents value upon their children? To parents they are pearls without price to be given as much parental and Godly wisdom as their young minds can contain. It is our natural desire to prepare them as best we can to meet the challenge of a highly competitive world.

We are sadly hampered in this desire when the physical plants of our school system are old and decaying. True, the ways of our forefathers were good for them in their day but constantly new methods are vitally necessary for our rapidly changing society. Our concept of what constitutes needless expense today should be far different than it was in days of yore. Need we point out the obvious truth that the dollar today, and that means also the tax dollar, does not go as far as it did in the 1930's?

Do we want to keep our children close to us after they

leave school? One of the most important steps we can take to achieve this end is to see that we have an efficient school system for this is the number one consideration of any family or industry in considering a new place to live or locate. If you want Stanton to be a "retirement village" and if you are satisfied to receive those all-to-infrequent long distance calls from your loved ones, be sure to vote against the school bond.

On the other hand, if the noise of children's laughter and the sports activities and enthusiasm of youth is your choice, by all means vote for it. Since this is a town of much interrelation there is hardly a family not affected in some way by being related to either a student or a teacher going to school. Therefore the trite statement of "I have no kids going to school to benefit from such a program" really does not apply. Whether or not you have any direct benefit from a good school program, you will always receive a blessing when you make an effort either in time or money to aid your fellow man in your own community.

Tax money is income tax deductible and I don't know of a better way I'd rather spend my money than to give our youth better educational facilities. I might have grave doubts as to how the federal

government spends my money but I can see for myself what happens to my school tax money.

Do you wish to do something for which you can be remembered? Then build and do not tear down or allow rust and decay to take over. Ten, twenty years from now I'd like to think that my children and, God willing, I can look at our school buildings and think that I helped to build them. I'd like to think that I was partly responsible for providing better education for the young of Stanton. This, to me, is making footprints in the sands of time. There is nothing I own that I can take with me when I leave this mortal sphere, but the trees I have planted and the buildings I have helped to build will remain behind me as a memorial. And, best of all, my footprints will be filled by a son and daughter I have not let down, but have helped to provide them with a good scholastic beginning so that they have at least an even break in making their own marks on the roadways of life.

Sincerely,
Allen M. Fisher, D. O.

Nov. 8, 1971

Dear Buddy,
I love the football boys! My kids have grown up with them and I think they're all really special people!

But I'm with you!
In the past six football seasons I've seen our football teams go from bad to worse.

When Johnny was a freshman the B team went undefeated and everyone said, "Boy! Watch us sock it to 'em next year! These boys are going to put us back on the map!"

I think we won four games that next year! But so many boys were hurt! and hurt badly! And being the good parents we were, because we knew that our boys were really great and just getting some tough breaks, we patted them on the backs and said, "That's OK boys! We don't expect you to be able to beat that big, tough team when we've got four, five, six boys hurt and out of the game!"

The next year we won three games—but we had twice as many boys hurt! So we patted them on the back again and said, "That's OK boys! We still love you! We're just in a tough district! We just play a tough schedule!"

The next year we won one game—but we went right on patting them on the back and hugging their necks and consoling them.

By then our boys had forgotten how to win! They wanted to win! We parents wanted to win! All the other

fans wanted to win! But we'd all forgotten how!!!

On top of that some ole mean coaches came in and started "bad mouthing" our boys! Told them they were lazy, yellow, soft, and dumb!!!

Well, we lost 21 straight ball games—and then, with those same mean coaches (and no doubt because of the side coaching the boys got at home) we got a taste of winning!!!!

Regardless of what the scoreboard said, everyone who saw our game with Friendship knows that game was really a victory for Stanton!!! The boys were exhausted after the game! More tired than they'd ever been before! But they'd found out what it took. And they went out and got us two more victories!!! Things were really looking up! The boys were proud! The parents were proud! The fans were proud!

But instead of saying "Look, you could have been doing this all the time," we started back patting and neck hugging again and said, "Look how great you are!! You've won three tough games!! And we had a big ice cream supper!"

I'm as guilty as the next parent. Maybe more so! I knew it was the wrong thing to do before we did it, but I made my ice cream and took it up there just like everyone else—

And look what happened! We were great against Coahoma—for every three plays out of four! But then we gave Coahoma the ball and let them run up and down and make touchdowns while we rested that fourth down!

We were a little better against Crane—I don't know why—but oh, McCamey and Ozona! I was embarrassed and ashamed of the effort—or should I say "lack of effort" in those games!!

I knew and I know now—that we had a 30-point better team than either McCamey or Ozona!

But where was it ???
Buddy, I don't know how the coaches have stood it! Everybody gets beaten by a bigger and better power once in a while, but this is ridiculous!!

And I don't blame the boys! We as parents are at fault. We've done everything to see to it that our children have never really had to want for anything! Perhaps too late we'll find out that wanting isn't all that bad!

I believe that anyone can be, do, or have anything if he wants it badly enough to pay the price. And that doesn't always mean shelling out gobs of money! Sometimes it just takes big gobs of elbow grease!!!

Know where we can get any?!!

Sincerely,
Georgia McMeans

An hour's factory pay today can buy 8.9 pounds of frying chicken. In 1950, one hour's pay would buy only 2.4 pounds.

Howards Will Be Honored In Big Spring

Mr. and Mrs. Homer R. Howard, 2803 Apache Drive, will be honored with a Golden Anniversary reception Nov. 14 from 2:30 to 5 p.m. in the First Federal Community Room. Friends and relatives are invited to attend.

Hosting the affair will be the couple's son-in-law and daughter, Mr. and Mrs. L. V. Welch, Rt. 1, Stanton, and the Howard's daughter-in-law, Mrs. Maxine Howard, and their families. The couple's only son, Homer Howard, Jr., is deceased.

Members of the house party will include the grandchildren, Mr. and Mrs. Butch Howard, Mr. and Mrs. Jerry Welch, Terry Welch, Danny Howard and Billy Howard. Others assisting will be Miss Darla Sawyer, Miss Nancy Seely and Miss Nancy Pribylka. Two grandsons, Johnny Howard and Mike Welch, stationed with the U.S. Navy in California, will be unable to attend. Besides the seven grandchildren, there are two great-grandchildren.

The refreshment table will feature brass and crystal appointments with an arrangement of gold chrysanthemums and carnations. The anniversary wedding cake will be topped with gold bells.

Mr. Howard, son of the late Mr. and Mrs. W. A. Howard of Stanton, was born Nov. 26, 1901 in Palmersville, Tenn. His wife is the former Eva Lee Montgomery, daughter of the late Mr. and Mrs. J. P. Montgomery of Sylvester. She was

born Feb. 25, 1905. The couple met while attending Horn Elementary School in Jones County, and were married Nov. 6, 1921 in Merkel.

During their marriage, Mr. and Mrs. Howard have resided in Jones County, Martin County, and now Howard County. He is a retired farmer, and the couple spends the summer months at their cabin in Ruidoso, N. M., where they enjoy trout fishing. They are members of the Church of Christ.

Consul General To Be Speaker

Herman Matsuert, the Consul General of Belgium, from Houston, will speak on "Belgium and the Common Market" at the Museum of the Southwest, 1705 W. Missouri, Midland, at 7:30 p.m., Friday, Nov. 5.

Over two hundred Belgium art books, 28 contemporary prints, a series of two hundred slides on the art, people, and view of Belgium, will be included in the exhibition which begins Friday evening.

Also opening on the same evening are exhibitions of English Brass Rubbings, Early Woodcuts and photographs of Paris by Eugene Atget.

The Museum of the Southwest is open Monday through Saturday, from 10 until 5, and Sunday from 2 to 5 p.m. There is no admission charge.
