To The Point

By BUDDY NORVILLE

Did any of you try it? The sewing machine contest!

A few weeks ago we got a card in the mail addressed to 'boxholder'. The card was an invitation for us to enter a contest. The contest was simple, merely supply the missing numerals in the blank spaces and make them equal a certain number at the end of all columns. If we could do it we might win \$200.

To someone who has been trying to win the Readers Digest contest for years, this numbers game seemed simple enough. So Brenda and I put our heads together and between the two of us, she came up with the correct digits.

We had completely forgotten about the contest. However, Brenda received a check for \$200 in the mail last Friday. The check looked legit, signed and all. But there was some fine print down at the bottom. "This check is good only when purchasing a new sewing machine."

The point of this rambling is simple. Our postal employees are covered up with mail such as this. There is hardly a day passes that you and I do not receive something like this in our boxes. If the Post Office Department could stop these dealers in junk mail, our postal rates might not go up as often as they have in the past.

Why have I signed up for the school board? For one reason I do not believe that an election is democratic unless the voters have a choice. In some people's minds there won't be a choice, necessarily. I realize my chances may be as good as George Wallace's to be elected president. But, like the old saying goes, "It's better to have loved and lost than to have lost without love at all."

A painter can paint over his mistakes, but when a mistake is made in the newspaper, it remains for all to see. And we have made our share lately. In fact, the best read column in our paper is the 'We Goofed Again' article, appearing almost every week now. We'll be the first ones to admit that things are getting pretty bad when we make mistakes in the mistake correction column. But, we did that too.

Week before last I inserted a note about giving contributions to the Melrae Angel Kelso Memorial fund to the members of the building committee of the First Baptist Church. Well, the building committee didn't have anything to do with the fund. It wasn't their idea and they weren't soliciting the contributions. I started out on the wrong foot and I've been wrong footing it since.

Last week I said, "Please do not give to a member of the building committee. Take it to the church office. Implying, perhaps, that the building committee could not be trusted with the contributions. This was the furthest thing from my mind. Before I get in even deeper I'm simply going to say, "Please excuse my poor choice of wording of the statement, I certainly did not intend to imply anything of the kind."

There are three stages of a man's hair: unparted, parted, and departed.

Don't Forget To Register

When you go to the polls to vote, be sure you have your voter registration certificate with you.

SECOND PLACE BARROW — John Parker, Stanton Future Farmer, showed and exhibited the Second Place light weight Duroc Market Barrow in the Southwestern International Livestock Show & Rodeo, El Paso. Mr. Nolan Parker is the Vocational Agriculture teacher.

Judge Announces Area Shelter Plan

Delivery of the information in the Martin County Community Shelter Plan is to begin in each of the county schools in the near future and County Judge Carrol Yates has asked the public to be on the lookout for it. Copies of the plan will be distributed to one student from each family for delivery to his or her parents. Copies of the plan will also be available through civic organizations for those families who have no children attending school in the county.

"The information developed in this plan could save the lives of thousands of persons in the event of attack. This information has been the result of careful analysis and professional planning. I hope the people of Martin County will read the information carefully and retain it for future use," Judge Yates said.

The plan, developed at the request of local officials, is the result of a study conducted by members of the Martin County civil defense office in cooperation with the U. S. Army Corp of Engineers and the State Office of Civil Defense and Disaster Relief. Funds for this undertaking were provided by the Federal government.

The primary danger to residents of Martin County resulting from a nuclear attack on this country would be from radioactive particles settling over the country after having been carried by high altitude wind currents. These radioactive particles emit radiation which can penetrate the average building and cause serious illness or death to the occupants. A normal home would offer little or no protection from this type of radiation unless the residents knew how to increase the protection offered by that structure. Because this type of radiation decays or weakens with time, it is

Diana Payne Named Homemaker of Tomorrow

Diana L. Payne has been named Stanton high school's Betty Crocker Homemaker of Tomorrow for 1972. Selected on the basis of her score in a written knowledge and attitude examination administered to senior girls last Dec. 7, she will receive a specially designed award charm from General Mills, sponsor of the annual educational program. Additionally, she is now eligible for state and national honors.

The State Homemaker of Tomorrow, to be chosen from all school winners in the state in judging centering on their performance in the Dec. 7 test, will be awarded a \$1,500 college scholarship. A complete set of Encyclopedia Britannica will also be awarded to her school. The second-ranking girl in the state will receive a \$500 educational grant. In April, the 51 Betty Crocker

Homemakers of Tomorrow representing every state and the District of Columbia — each accompanied by a faculty adviser — will join for an expense-paid educational tour of Colonial Williamsburg, Va., and Washington, D.C. Climax of the tour will be announcement of the 1972 Betty Crocker All-American Homemaker of Tomorrow and three runners-up. To be chosen through personal observation and interviews with the earlier

state-level judging results, they will be awarded scholarship increases to \$5,000, \$4,000, \$3,000 and \$2,000.

In addition to the grants awarded each national winner, \$1,000 National Nutrition Scholarship has been added to the Betty Crocker Search for the American Homemaker of Tomorrow this year. To earn this award, a young woman must be planning a college major in nutrition or a related field, rank among the highest

in her state in the overall Search test and achieve the top score, from those meeting the first two criteria, on the examination's nutrition questions.

All judging and selecting of winners in the Betty Crocker Search is conducted by Science Research Associates, Chicago, which also constructed and graded the written examination.

More than 650,000 senior girls in over 14,500 of the na-

tion's high schools were enrolled in this year's 18th annual Search. Total enrollment since the program's inception in the 1954-55 school year stands at over eight and one quarter million young women, and, with this year's grants, scholarship awards will total nearly \$2 million. The Betty Crocker Search for the American Homemaker of Tomorrow is the only national scholarship program exclusively for high school senior girls.

Elections Called for April 1

The board of trustees of Stanton Independent School District has ordered a trustee election to be held on Saturday, April 1, for the purpose of electing two school trustees.

The terms of George Glynn (place two) and Dwain Henson (place one) expire at that time.

Anyone interested in filing for trustee may do so at the superintendent's office. Deadline for filing is March 1, 1972.

At noon Tuesday, four men had filed for the two places. George Glynn will seek reelection, he will be opposed by Billy Mims, Tommy Newman and Buddy Norville have filed for the other position.

Wednesday, March 1, is the final day for filing for two places on the County School Board. The terms of A. G. (Pete) Morrison, precinct 1 and Joe Mullins, precinct 4 will expire at this time.

Anyone wishing to announce their candidacy may do so at County Judge's office.

At noon Tuesday no one had filed for the two positions.

Voters in the City of Stanton will go to the polls on Saturday, April 1, and elect a mayor and three councilmen.

The City Council has called the city election for that date. Deadline for filing for office is March 1, 1972.

The terms of Mayor J. C. Ep-

Stallings, Bob Deavenport and Howard Jenkins will expire.

At noon Tuesday, Howard Jenkins was the only filer for office.

Stanton Athletic Stars in Near Upset of S.F.A.

Howard Payne College's basketball Yellow Jackets put forth a super effort but still fell short by three points, 73-70 in a Lone Star Conference basketball contest against mighty Stephen F. Austin University, the No. 2 team in the nation, Saturday night in Brownwood Coliseum.

The screaming fans who watched the game, gave the out-manned Yellow Jackets a standing ovation at the end of the game.

Bob Kershaw was Payne's top scorer for the night. He had 21 points and 25 rebounds. Tommy Glynn came off the bench to play a fine game. It was probably his best of the year.

The 6'-8" junior from Stanton stood toe-to-toe with the Stephen F. musclemen, scoring 15 points and grabbing rebounds.

MOTHER'S MARCH

The Mother's March for Dimes was held Monday night, February 21. We would like to thank all the mothers and their daughters who helped with this worthy cause. A total of \$347.00 was collected.

Dr. Kim To Speak at Banquet

The annual Martin County Chamber of Commerce Banquet will be held Monday night, February 28. The feast is scheduled to begin at 7:00 in the Cap Rock Auditorium.

Dr. Thomas K. Kim, president of McMurry College in Abilene will be the speaker for the occasion.

Russell McMeans, superintendent of Stanton schools, will serve as master of ceremonies.

Jake Hodges will recognize the 'Farmer of the Year' during the evening.

Donald L. Tollison, manager

What's Happening

FOOD SHOW

Martin County 4-H Food Show will be March 4, 1972 at 2:00 p.m. in the Cap Rock Auditorium. It will be open to the public immediately after the 2:00 p.m. judging. Record books are due in the County Agent's Office on Friday, March 3, 1972, by 4:00 p. m.

Officials of the State Comp-trollers office will be at Franklin's Gulf Service Tuesday, February 29, for the purpose of issuing LPG permits.

3 Dogs Impounded

Three dogs have been impounded since February 15, when the city began enforcing the dog ordinance. These dogs were not wearing collars and were running loose.

According to city officials, dogs picked up without tags will be kept 36 hours, those with tags will be kept for a period of 72 hours.

of Texas Electric Service Company in Stanton, will be installed as president for 1972. Bod Deavenport is the outgoing president.

Dr. Kim is the eighth president of McMurry College. He is the second layman in McMurry's history to be president of the College.

Dr. Kim came to McMurry from Texas Tech University, where he served as professor of Economics. He was on the Tech faculty from 1965 until 1970.

Dr. Kim was born February 18, 1929, in Shanghai, China, of Korean parents. Dr. Kim came to the United States in 1948 to attend Berea College in Kentucky and has been in this country since that time. He became an American citizen in 1960.

Where's The Fire This Time?

Where was the fire this time? Firemen have been working overtime the past several weeks, but even more so this past week. Burning grass has accounted for most of the fire calls.

The T&P Railroad has said they would try to do something about the numerous fires along the tracks. It seems that every time a train comes through Martin County a grass fire erupts along the right-of-way.

Residents of Stanton are urged to be careful when burning grass (or trash). Grass fires can spread easily and can get out of hand easier.

Mr. and Mrs. Tull Ray Louter and Gene were in Dallas over the week end attending market.

After receiving his Bachelor of Arts degree in Economics from Berea College in 1952, Dr. Kim received his master of Business Administration degree in general business at Indiana University in 1954 and his Ph. D. in Economics at Tulane University in 1961.

He met the young lady who was to be his wife at Berea College — while she was a

student and while he was teaching there in 1957-58. Dr. Kim and Martha now have two children, Larry and Cathy.

Dr. Kim is an active United Methodist layman, holds many memberships in professional organizations, and is author of several works. His new book, *Introductory Mathematics for Economic Analysis*, has been published by Scott, Foresman and Company.

NEW JAYCEE CHARTER — Mike Black, president of the newly organized Stanton Jaycees, receives the club's charter from Doug Barnert, national Jaycee director from El Paso at a ceremony last Tuesday night at the La Bodega Restaurant in Midland. At center is Dave Sanders, president of the Midland Jaycees which sponsored the organization of the Stanton Club.

Martin County 4-H Entries Tops at San Antonio Show

Martin County 4-H Club members continue to take top honors at the major Livestock Shows across the state.

A fine showing was made at the San Antonio Livestock Show last week, when Martin County 4-H club members took top honors in all three divisions: Steers, Barrows and Lambs.

Jody Yates, son of Mr. and Mrs. Sammy Yates, showed the Grand Champion Brahman cross steer of the show. J. C. Tunnell, son of Mr. and Mrs. Malcolm Tunnell, showed the Reserve Champion Duroc barrow of the Junior Show, and Tahita Blake, daughter of Mr. and Mrs. Charles Blake, showed the Reserve Champion Finewool Fat lamb of the Junior Show.

Results of the steer show were as follows:

Heavy weight Hereford — Jerry Holloway-8th.

Light weight Hereford — Clay Holcomb-5th, Robert Cox 11th, and Tana Yates-12th.

Heavy weight Brahman Cross — Jody Yates-1st and Champion.

Middle weight Brahman Cross — Clay Holcomb-5th and Sharalyn Holcomb-7th.

Light weight Charolais Cross — Deana Holcomb-1st.

In the Carcass Steer Show, Tana Yates showed the 1st place Polled Hereford, J. C. Tunnell 3rd place Hereford Steer, and Lillian Holcomb 2nd

place Charolais Cross Steer that was the Reserve Champion Carcass in the Charolais division.

In the lamb show the results were as follows:

Heavy weight Finewool — Tahita Blake 1st and Reserve Champion.

Light weight Finewool — Sharalyn Holcomb 25th.

Heavy weight Finewool Cross — Deana Holcomb 9th, Ray Blake 11th.

In the Junior Breeding Sheep Show, Deana Holcomb placed 10th and 12th with her Hampshire ewe lambs, 3rd with her Hampshire ram, and 5th with her Southdown ewe lamb and 5th with her Dorset ewe lamb.

In the Junior Barrow Show, the results were as follows:

Middle weight Duroc — J. C. Tunnell 2nd and Reserve

Champion.

Light weight Duroc — Elonna Airhart 3rd.

Light weight Chester — Judith Yates 8th.

Light weight Cross — Judith Yates 4th, Darrell Wells, 18th.

Light weight Hamp — Tana Yates 11th, Elonna Airhart 17th.

Middle weight Hamp — Tana Yates 11th.

In the open barrow show, Roxanna Airhart placed 4th and 5th with her cross bred and hamp barrows respectively, and Sharon Airhart placed 4th and 11th with her cross and Duroc barrows.

These 4-Hers parents, and 4-H adult leaders along with other 4-Hers in Martin County have done an outstanding job with their livestock at the various shows across Texas.

Church To Have Lay Witness Mission

The Stanton United Methodist Church will be involved in a Lay Witness Mission this week end. The program will begin Friday evening with a covered dish supper in the Fellowship Hall, as forty two lay persons over Texas and Oklahoma arrive to share what the Lord has done in their lives. This Team is made up of 28 adults and 14 youth.

There will be coffee sessions Saturday morning at 9:30 o'clock in a number of homes. At noon on Saturday everyone will gather in the Fellowship Hall for a salad luncheon and discussions.

At 7:30 Saturday evening the group will gather at the Church again to hear witness and share in small group discussions.

The visiting team members will be in charge of the church school classes on Sunday morning. These sessions will begin at 9:45 a.m.

The morning worship service will begin at 10:55 a.m. and Mr. Clyde Latimer, the general coordinator, will be the speaker.

The Church membership has been invited to bring a basket of food to the Church Sunday morning for an old-fashioned dinner on the grounds following the worship service.

The members of the visiting team are: Mr. Steve Martyn, coordinator of youth, and Mr. Jeff Walters of McMurry College in Abilene; Mr. and Mrs. Clyde Latimer, Miss Jan Fisher and Miss Bobbie Sue McNeill of Baird; Mr. and Mrs. Robert Baumgardner, Mr. and Mrs. Charles Fulkerson and

David Fulkerson of Brownfield; Mr. and Mrs. Billy A. Moore, Mr. and Mrs. Ira Edwards, Melody and Danny Edwards, and Miss Carla Roenfeldt of Colorado City; Mr. and Mrs. Benny Leonard, Miss Connie Robertson, Richard Curry, and Randy Hess of Henryetta, Oklahoma; Mr. and Mrs. Eddie Paxton of Levelland; Mr. and Mrs. Murray Stehle of Midland; Mr. and Mrs. Harold Haynes of Roscoe; Mr. and Mrs. Joe Dickson of Seymour; Miss Patty Patillo of San Angelo; Mr. and Mrs. Urban Brown, Mr. and Mrs. Dennis Polk, Mr. and Mrs. Edward Bartley, Jerry Ford, and Miss Linda Camblee of Tahoka.

Mr. F. O. Rhodes is the local Church leader of the program.

Padilla Finishes Tank Course

Aberdeen Proving Grounds, Md., — Army Private Lupe Pedilla, 20, son of Mr. and Mrs. Jose G. Padilla, 204 S. St. Theresa, Stanton, recently completed a nine-week tank turret repair course at the Army Ordnance Center and School, Aberdeen Proving Ground Md.

During the course he learned to perform maintenance on the mechanical, electrical and hydraulic components of the armament installed in tanks and other vehicles.

He entered the army in August 1971 and completed basic training at Ft. Polk, La. The soldier is a 1970 graduate of Stanton High School.

Notice of Bond Election

THE STATE OF TEXAS)
COUNTIES OF MARTIN)
AND HOWARD)
STANTON CONSOLIDATED)
INDEPENDENT SCHOOL)
DISTRICT)
TO THE RESIDENT QUALIFIED ELECTORS OF THE STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT INCLUDING THOSE WHO OWN TAXABLE PROPERTY IN SAID DISTRICT AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT on the 9th day of March, 1972, in obedience to a resolution and order duly entered by the Board of Trustees of said District, which is attached hereto and made a part of this Notice for all intents and purposes.

WITNESS MY HAND AND SEAL OF SAID DISTRICT, this 15th day of February, 1972.

Dwain Henson,
Secretary, Board of Trustees
Stanton Consolidated
Independent School District
(District Seal)

RESOLUTION AND ORDER CALLING BOND ELECTION

THE STATE OF TEXAS)
COUNTIES OF MARTIN)
AND HOWARD)
STANTON CONSOLIDATED)
INDEPENDENT SCHOOL)
DISTRICT)
WHEREAS, STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT has heretofore adopted the provisions of Article 2784e-1, V.A.T.C.S. at an election held for that purpose on the 12th day of September, 1959, and

WHEREAS, the Board of Trustees of the STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT deems it advisable to issue bonds under the provisions of Chapter 29 or the Texas Education Code by submitting (at an election called for the purpose) the proposition hereinafter set forth; therefore,

BE IT RESOLVED AND ORDERED BY THE BOARD OF TRUSTEES OF STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT:

SECTION 1: That said election shall be held on the 9th day of March 1972, at the Junior High School Gymnasium, Stanton, Texas, and the entire District shall constitute one election precinct for said election.

SECTION 2: That the following named persons are hereby appointed officers of the election:

JAMES JONES, Presiding Judge
CECIL BRIDGES, Alternate Presiding Judge

The Presiding Judge shall appoint not less than two nor more than five qualified clerks to assist and serve in holding said election; provided that if the Presiding Judge herein appointed actually serves, the Alternate Presiding Judge shall be one of the clerks.

On election day the polls shall be open from 7 A. M. to 7:00 P. M.

DORIS STEPHENSON is hereby appointed as the Clerk for absentee voting for said election, and the County Clerk's Office in said District, Stanton, Texas, is hereby designated as the place at which absentee voting shall be conducted for said election. For the period absentee voting is permitted by law, the hours designated for absentee voting shall be from 8:00 a.m. to 5:00 P. M. on each day except Saturdays, Sundays and official State holidays.

SECTION 3: That at said election the following proposition shall be submitted:

"SHALL the Board of Trustees of the STANTON CONSOLIDATED INDEPENDENT SCHOOL DISTRICT of Martin and Howard Counties, Texas, be authorized and empowered to issue the bonds of said District to the amount of ONE MILLION TWO HUNDRED THOUSAND DOLLARS (\$1,200,000) for school

building purposes, to wit: the construction and equipment of school buildings in the District and the purchase of the necessary sites therefor and shall there be pledged and levied, assessed and collected annually ad valorem taxes on all taxable property in the District sufficient, without limit as to rate or amount, to pay the principal of and interest on said bonds as the same become due, said bonds to be issued in one or more series or issues to mature serially or otherwise not more than FORTY (40) years from their date, and to bear interest at such rate or rates as in its discretion the Board of Trustees shall determine?"

SECTION 4: That the official ballots for said election shall be prepared in accordance with V.A.T.S. Election Code, so as to permit the electors to vote "FOR" or "AGAINST" the aforesaid proposition which shall be set forth in substantially the following form:

"THE ISSUANCE OF BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF"

The word "FOR" and beneath it the word "AGAINST" shall be made to appear on the left of said proposition. A square shall be printed on the left of each of the words "FOR" and "AGAINST" and each elector shall place an "X" in the square beside the statement indicating the way he wishes to vote.

Oil News

Adobe Oil Co. completed No. 1-B Glass as a southeast extension to the initial part of the Glass (Spraberry) field of Martin County, 10 miles north of Midland.

It finished on 24-hour potential test, to pump 153 barrels of 39.8 gravity oil and 22 barrels of water, with gas-oil ratio of 850-1. Production was through perforations at 8,385-9,532 feet which had been acidized with 2,000 gallons and fractured with 80,000 gallons and 240,000 pounds.

Location is 1,320 feet from south and east lines of section 13, block 39, T-1-N, T&P survey.

The field has a two-well section 20 miles to the east. Henry & Landenberger, Inc., Midland, has completed No. 1 C. Stephens 5/8 mile southwest of the nearest production in the Spraberry Trend Area of Martin County.

Through perforated section at 7,865-9,143 feet, which had been fractured with 120,000 gallons, plus 240,000 pounds, it finished on a pump for 108 barrels of 38.2 gravity oil and barrels of water daily. Gas-oil ratio is 400-1.

Well site is 1,320 feet from south and east lines of section 22, block 36, T-3-N, T&P survey, eight miles north of Lenorah.

Universal Resources Corp. has completed No. 2-C (formerly No. 1-D) Slaughter 1/2 miles south and west of the closest production in the Sulphur Draw (8,790 Dean) field of Martin County.

On a 24-hour potential test, it flowed 163 barrels of 39.6 gravity oil and 7.5 barrels of water, through 16-64 inch choke and perforations between 8,991-9,162 feet, which had been acidized with 1,000 gallons and fractured with 50,000 gallons, plus 100,000 pounds. Gas-oil ratio measured 1,399-1.

It spots 1,320 feet from south and west lines of section 5, block 36, T-3-N, T&P survey, 26 miles northwest of Stanton townsite.

John L. Cox of Midland filed application for two offsets to the Spraberry Trend Area of Martin County.

No. 3-B Nail, projected to 9,400 feet, is located 660 feet from south and west lines of section 28, block 38, T-1-N, T&P survey, seven miles northeast of Midland and 5/8 miles southwest of the nearest producer.

No. 2-B Stimson is located 1,320 feet from south and east lines of section 26, block 38, T-1-N, T&P survey, eight miles northeast of Midland. Scheduled depth is 9,400.

BTA Oil Producers, Midland, plan to re-enter and deepen to 8,700 feet, at No. 6 7111 JV-D ARCO in the Spraberry Trend Area (Dean-Wolcamp) area of Midland County.

Location is 1,980 feet from south and 660 feet from west lines of section 22, block 37, T-4-S, T&P survey, 20 miles southeast of Midland and one mile northwest of Dean-Wolcamp production in the field. Del Mar Petroleum, Inc., of Midland has completed the second and third producers in the Dawson County part of the

Sulphur Draw (8,790 Dean) field, six miles southeast of Patricia.

No. 1 Pitman flowed 100 barrels of 38.5 gravity oil and five barrels of water, with gas-oil ratio measuring 500-1, on 24 hour potential test through a 16164 inch choke and perforations at 8,882-9,049 feet. The section had been fractured with 60,000 gallons and 155,000 pounds.

Location is 1,320 feet from south and east lines of section 35, block 36, T-4-N, T&P survey.

Application to drill was filed by Prudential Minerals Exploration of Houston.

No. 1 Hanson was completed as the third producer and a 3 3/8 mile east extension to the field in Dawson County.

Through perforations between 8,701-8,845 feet which had been acidized with 2,000 gallons and fractured with 82,000 gallons, plus 160,000 pounds, it flowed 191 barrels of 37 gravity oil, plus 33 barrels of water daily, through a 24-64 inch choke. Gas-oil ratio measured 1,309-1.

Location is 1,320 feet from north and west lines of section 46, block 35, T-4-N, T&P survey, three miles south of Sparenburg.

SECTION 5: All resident qualified electors of the District, including those who own taxable property in said District and who have duly rendered the same for taxation, shall be permitted to vote at said election. At said election two separate ballot boxes shall be provided at each polling place. In one box only resident qualified electors who own taxable property and who have duly rendered the same for taxation shall be allowed to vote. In another box all resident electors (who are otherwise qualified but do not own taxable property which has been duly rendered for taxation) shall be allowed to vote. The votes cast in each of said boxes shall be recorded, returned and canvassed in such manner as will reflect separately the votes cast by the qualified electors who own taxable property and who have duly rendered the same for taxation.

SECTION 6: A substantial copy of this resolution and order shall serve as proper notice of said election and said notice shall be published one time at least ten (10) days prior to the date set for the election in a newspaper of general circulation in the District.

PASSED AND APPROVED, this 14th day of February, 1972.

Tarzan Church Begins Revival
Revival Services are scheduled for February 27-March 5, at the Tarzan Baptist Church in Tarzan, Texas. Rev. Ronnie K. Bostick, Pastor of the Prairie View Baptist is to be the evangelist. Danny Shirley, Director of the East Fourth Street Baptist Church will be leading the music for the week. Brother Bostick and his wife, Sally are awaiting appointment to mission service in Africa sometime this year. They will be serving as missionaries of the Foreign Mission Board of the Southern Baptist Convention. Before attending Northwestern Seminary in Fort Worth, Brother Bostick was pastor of the Airport Baptist Church in Big Spring. He has served as pastor of the Prairie View Church for the past two years.

Brother Danny Shirley has just recently begun his ministry with the East Fourth Street Baptist Church as Director of Music and Youth. He served in the same capacity at the East Dallas Baptist Church in Dallas, Texas before moving to Big Spring January 1. Danny has been directing revival music since he was 14 years old.

Brother Ronnie and Brother Danny are both strongly evangelistic and deeply spiritual. You are invited to attend the services which are set for 10:00 a.m. and 7:30 p.m. each weekday. Sunday services are 11:00 a.m. and 7:00 p.m. Both men will be present beginning with the services this Sunday night.

The Moody Foundation of Galveston approved grants totalling more than \$5 million to 120 programs and projects in 1971.

Letter to the Editor

GONE BUT NOT FORGOTTEN
Listen all young people to the words we have to say, Of a man that I once knew who has gone away.

Donny Thompson Named Midland Jaycee of Month

The executive director of Midland's Boy's Club has been named Jaycee of the Month. Jaycee president Dave Sanders announced today.

Twenty - six year-old Donny Thompson, a Stanton native who has lived in Midland 18 months, was praised by the Jaycees for his "singular contribution in organizing the Stanton Jaycees."

Jaycee officials said the Stanton Jaycees extension program finally had succeeded after almost 10 years of effort "simply because Donny Thompson put it all together and got it accomplished."

The Texas Tech graduate, Jaycees said, was admired as well because of his "untiring work for the Boy's Club."

When he was young he had a problem like most young kids today
You often see going the wrong way.
He told us of all the things he did bad and good,
He said he always lived in a small neighborhood,
He said he wanted to tell us something but he didn't know if he should,
Then he said he was going to kick the habit and we knew could,
He told us he believed in God and tried not to sin,
He always said he wanted to go someplace where he had never been,
He said he would die some day, But he never knew when, We've said it once we'll say it again,
He Is Gone But Not Forgotten.

Now's the time to call your air conditioning serviceman.

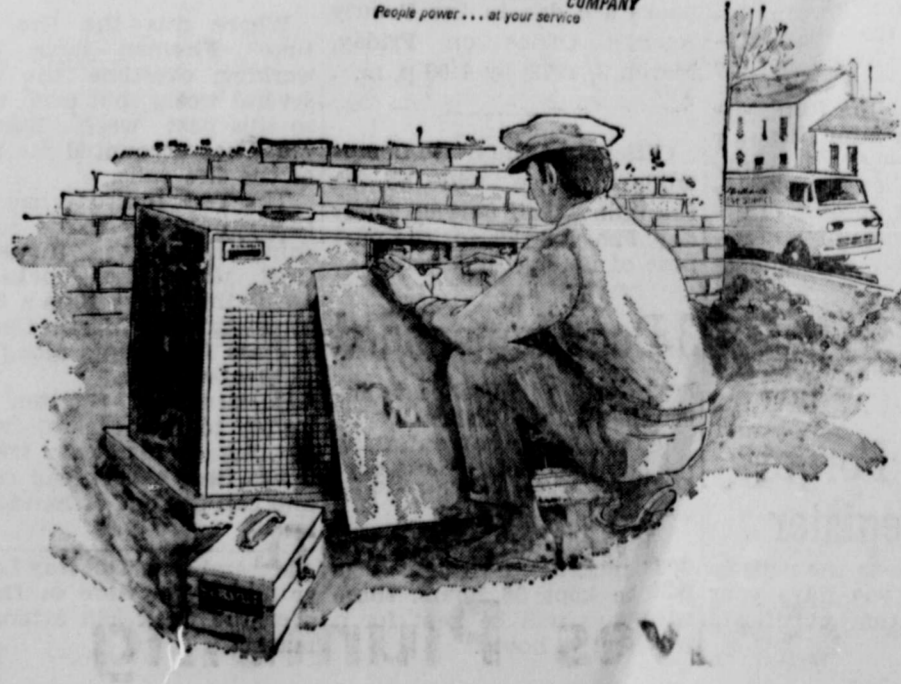

(Get a checkup before the heat's on.)

Right now your air conditioning serviceman can easily work your call into his schedule and get your unit ready to deliver dependable cooling through the summer ahead. We know that many people

wait until the heat's on to install electric air conditioning or have their units serviced. Later on, your dealer or serviceman may have a waiting list. Although Texas Electric does not service, sell or install air conditioning

equipment, we do want you to get the greatest value from your electric service. One way we can help is to remind you to get the jump on summer by calling your serviceman early.

ANNOUNCE ENGAGEMENT — Mr. and Mrs. Ray Eaton of Sandy Acres announce the engagement of their daughter, Susan Jean, to Leslie Ronald Tidwell of Midland, son of Mrs. W. A. Remmert of Kermit and Billy Tidwell of Andrews. Miss Eaton attends Odessa College. Her fiance attended The University of Texas-El Paso and is employed by Amoco Production Co., of Odessa. The wedding is planned for 7 p.m. June 3 in the Reorganized Church of Jesus Christ of Latter-day Saints in Stanton.

Beta Sigma Phi News

MU LAMBDA

Mu Lambda met February 21st at 7:30 in the Reddy Room with Nattie Byrd as hostess. President Maxine Kelly called the meeting to order. The opening ritual was repeated by eight members.

Gienna Mims gave a report on the Valentine party given February 14th for Carroll Matthews' special education class. Also a report was given on the last city council meeting by Polly Acheson, Gienna Mims and Maxine Kelly.

Billie Morgan received her Ritual of Jewels badge. Maxine Kelly asked questions on art and each member responded.

Crystal Webb brought the gift and Nattie Byrd received

it. The closing ritual was repeated and refreshments were served to the following members: Carol Anderson, Polly Acheson, Nattie Byrd, Maxine Kelly, Gienna Mims, Crystal Webb, Doris Oldaker and Billie Morgan.

The next meeting will be March 6th at 7:30 with Dorothy Smith as hostess.

RHO XI

Hostess for Rho XI's meeting on February 17 was Mrs. Teddy Stewart.

Following the opening ritual, president Mary Sale presided over the business meeting. Roll call and minutes were read showing ten members present.

A treasures report was given by Clara Stewart and city council report was given by Mary Dietiker.

Clara Stewart gave a progress report on the Little Miss Martin County Pageant.

March 2 will be the night for officers to be elected for the calendar year 72-73.

The program "Let's Match Wits," was presented by Beverly North.

The closing ritual was repeated and refreshments were served.

Those present were: Bonnie Franklin, Clara Stewart, Beth Black, Brenda Robertson, Nora Cain, Mary Sale, Becky Graham, Mary Dietiker, Beverly North and Bonnie Yater.

PRECEPTOR MU

Preceptor Mu of Beta Sigma Phi met February 17 in the home of Mrs. Phi Berry.

President, June Reid, presided at the business meeting. A report was given concerning the Valentine Party for husbands of the members, on February 12 in Odessa at the Red Barn. Plans for coming events were discussed and special arrangements were made.

Helen Dawson gave a program on "Graphonalysis". Jud Bales graphonanalyst, had been given a sample of the handwriting of each member. A tape was played of his analysis.

Helen also made comments and showed pictures of her program "Touring Scandinavia" as taken from the program outline, "Humanities".

Mamie Roten discussed the Articles of Beta Sigma Phi.

Hostess Mary Grace Latimer served refreshments to Mary Kathryn Bristow, Mary Prudie Brown, Helen Dawson, Gerry Gates, Sammie Laws, Irene Long, Helen Ruth Louder, June Reid, Mamie Roten, Jendo Turner and Pauline Wood.

Smoky Sam says: A garden is a thing of beauty and a job forever. Confidence in the feeling you have before you really understand the problem. The best way to remember your wife's birthday is to forget it once. You can't fool all of the people all of the time, but those highway interchange signs come pretty close.

Music Club Meets In Fisher Home

The Stanton Music Club of Texas Federation of Music Clubs, met Wednesday, February 16, in the home of Dr. Sue Fisher with Mrs. R. O. Anderson as co-hostess. Mrs. S. Arthur Wilson president, was in charge of the meeting.

Special attention was called to the fact that February is celebrated as American Music month throughout the nation and special emphasis is placed on American Music during the month.

Mrs. Glenn L. Brown, program chairman, introduced Mrs. Carl Leonard, Jr., who brought a very interesting and informative program on the "Teaching Technique of Miss Frances Clark." Miss Clark's method of teaching music was outlined and illustrated by Mrs. Leonard, who had attended a musical workshop at Southern Methodist University in Dallas. The workshop stressed the use of Miss Clark's technique which she perfects and tests in the state of New Jersey.

To assist her in this program of teaching and music appreciation, Mrs. Leonard used two of her pupils, Donita Lea and Cindy Kreger, who played short excerpts and various musical numbers for demonstration.

Hymn - of - the - Month for February was announced as "My Faith Looks Up to Thee" by Lowell Mason.

Refreshments were served to Mrs. Doyle Hughes, Mrs. George Dawson, Mrs. James Jones, Mrs. Warren Hall, Mrs. C. R. Welch, Mrs. Carl Leonard, Jr., Mrs. Glenn L. Brown, Mrs. Arthur Wilson and guests Mrs. Bud Lea, Donita Lea, Mrs. Lonnie Kreger, Kathy Kreger, all of Midland.

Stanton Students To Be Honored By S'western Bell

Outstanding high school science students and their teachers from Stanton will be honored during Southwestern Bell's annual Science Recognition Day in Lubbock on Friday, February 25.

Students from Stanton High will include Mark Briggs, Curtis Gianagan, Lynn Herzog, Charlotte Morris and Margie White.

The program is being held to commemorate the 125th birthday of Alexander Graham Bell, inventor of the telephone.

During the day - long event, telephone specialists from various fields will present talk-discussion programs about lasers, holograms, data communications and communications of the future.

Feature speaker for the day will be William D. Bullock, director of technical publications and advertising at Bell Telephone Laboratories, Murray Hill, New Jersey.

Bullock will discuss current research and development at Bell Labs and will present a look at communications of the future.

In addition three Southwestern Bell speakers from San Antonio will discuss other phases of the communications industry.

MAGIC MILK

By Home Demonstration Agent

Victor Gene Hughes

Perhaps this title is a little misleading, for there is no such thing as magic milk. But it does represent a milk that is nourishing, wholesome, convenient, whipable, low in cost, easily stored, and available the year round. So, in a way it's almost magic.

Commonly known as evaporated milk, it is a concentrated form of fresh whole cow's milk. Like the whole milk from which it is prepared, evaporated milk furnishes all the nutrients of whole milk—proteins, minerals vitamins, lactose (milk sugar), and butterfat. Extra vitamin D is added to evaporated milk to aid the body in making the best use of the milk's calcium and phosphorus in building and maintaining strong bones and teeth. For whatever purpose milk is used—drinking, cooking, infant feeding—evaporated milk serves perfectly.

Whipped evaporated milk has a host of uses. Toppings, sauces, fruit whips, gelatin-type desserts and salads, frozen desserts and salads—all may be prepared easily and thriftily with whipped evaporated milk. They also have the desirable creaminess, yet contain twice the amount of all the nutrients of whole milk.

To whip evaporated milk—
1. Pour the amount of evaporated milk called for in the recipe into a clean dry ice cube tray. Chill in the freezing compartment of the refrigerator. Never dilute evaporated milk to be whipped. Chill the bowl and beaters also.

2. Chill evaporated milk until it is partially frozen, that is, until it has sufficient ice crystals to be slightly "slushy". Turn into the cold bowl.

3. Whip the icy cold evaporated milk until it is stiff and will

hold a peak. Use the whipped evaporated milk immediately. The whip may be made to stand up longer by the addition of lemon juice. Add one T. lemon juice for each cup of evaporated milk measured before whipping and beat to blend.

A magic trick to try—
SNOW BAVARIAN

5-cup mold—8 to 10 servings
2 envelopes unflavored gelatin

1-3 cup sugar
Few grains salt
2 eggs
1 cup evaporated milk
1-2 cup water
1 1-2 teaspoon vanilla extract
1 tablespoon lemon juice
2-3 cup evaporated milk, chilled for whipping.

Mix gelatin, sugar and salt thoroughly in top of double boiler. Beat in eggs one at a time. Slowly blend in the 1 cup evaporated milk. Cook over hot (not boiling) water 15 minutes, stirring constantly. Remove from heat and cool quickly by placing top of double boiler in large bowl of cold water. Stir frequently while cooling and change water in bowl at least once. When mixture is completely cool, stir in vanilla. Then add lemon juice to the 2-3 cup chilled evaporated milk; whip until it is stiff and will hold a peak. Fold in gelatin mixture lightly but thoroughly. Spoon into 5-cup mold and chill until set, about 3 to 4 hours. Unmold and serve with Cherry Sauce.

CHERRY SAUCE

1-3 cup sugar
1 tablespoon cornstarch
1 can (1 lb.) tart red pitted cherries

1 teaspoon lemon juice
1-4 teaspoon red food coloring
In a medium size saucepan mix sugar and cornstarch. Add cherries and juice. Cook over medium heat, stirring constantly, until mixture is thickened and clear. Add lemon juice and food coloring, stirring to mix well. Cool, then chill before serving.

What About the School?

There have been many questions concerning the proposed school bond issue, and as a public service to our community the Stanton Reporter has gone to Mr. George Glenn, the President of our Board of Trustees, for answers to these questions that have been asked of us.

The following questions were asked and answers given:

QUESTION: Is there a swimming pool proposed?

ANSWER: No.

QUESTION: Is there an Administration Building proposed?

ANSWER: No new Administration Building planned.

QUESTION: Has the present Junior High and Elementary School building been checked structural safety?

ANSWER: Yes, the School Board of Trustees had the buildings checked by a registered professional engineer and his opinion was that the present building roofs were safe but only to the extent that should the roof get an accumulation of water or snow there would be a critical safety factor involved. This is due to the structural resin of the load bearing trusses and roof material and the deterioration of these materials.

QUESTION: Why do you propose to build a new building rather than remodel the present building?

ANSWER: The cost per square foot would be in excess of the cost of a new building of the same size. Additional classrooms would still be required under those conditions.

QUESTION: Why are you building a new high school?

ANSWER: There are many reasons for building a new high school. Among those are the following:

1. The same number of classrooms will be required whether we build a new building at the present location or a new building at the high school location.

2. When we build a new Senior High School we feel we would be utilizing the tax payers money to a greater advantage by being able to combine the use of facilities by both Junior High and Senior High students. This would al-

low us to use the Vocational Band Hall, Cafeterias and Auditorium by both schools and would eliminate duplication of facilities.

3. Also, we now have approximately 600 students on a 8.5 acre tract at the present Junior High location. The Texas Education Agency recommends a minimum of 10 acres plus one acre for each 100 students. These recommendations would require us to have over 16 acres of land available at the Junior High and Elementary school location. There would be approximately 24 acres at the new Junior High and High School locations.

We have been offered approximately one acre of land across the street from the present underground school. However, this would not be enough land based on the above recommendations and there isn't a sufficient amount of land available at this site.

QUESTION: Why do we need a new Gymnasium?

ANSWER: We expect to have approximately 800 students at this new location and one gym would not be sufficient to serve this number of people. The Elementary students do not have any place for recreation during bad weather. We propose to leave the existing Junior High Gym in place for this very obvious need. The architect estimates it would cost at least \$50,000 to remodel this gym for the Junior High.

QUESTION: What type of construction will be used for the new building?

ANSWER: The building will be constructed of steel with brick veneer and rectangular in shape.

QUESTION: What will be covered in the \$1.2 million bond issue?

ANSWER: The bond money voted would be used for all new buildings and additional classrooms; furniture and equipment for all new buildings; air conditioning and remodeling of existing lighting facilities of the present Senior High School, and paving around the new Elementary and Junior High School buildings. The total proposed new and added space amounts to 82,000 square feet.

QUESTION: Why did the Board of Trustees choose this time for a building program?

ANSWER: We have recognized the need for a building program for some time. We feel that the financial condition of the school district is good and the opportunity to sell the bonds at a lower rate of interest is probably the best in quite some time. Also, the safety of our school children was of prime consideration to the board of trustees.

QUESTION: How long would it take to build these new facilities?

ANSWER: Well, first there is a 30 day waiting period when nothing can be done so the Attorney General's office can check to see that everything concerning the election is legal. Next, the architect tells us it is nearly impossible to have an opening of bids on the contracts before June 1, 1972. Also, it will take approximately one year to construct the new buildings. So you can see that we will have to use the present facilities and live with our existing problems for another 15 months after the bond issue has passed.

In compliance with the recent ruling of the U.S. Court it seems inevitable the State of Texas must take over the financing of all school districts in the State within the next two years. Apparently this will include financing of necessary buildings and other facilities, as well as operational expenses as the court has declared local and ad valorem taxes unconstitutional due to the inequitable values at which they are assessed.

However, the court further stated its ruling does not in-

validate any outstanding bonds of the district, nor bonds or other contractual obligations created during the two year interval allowed by the court to comply with its mandate. This implies the State must collect and disperse all money for the districts and distribute it equally, except provision must be made to pay bonds presently outstanding and those issued during the two year period.

No one knows the method the State will employ to obtain the necessary funds. It could provide for a State Board of Equalization for the assessment of ad valorem taxes or an income tax or sales tax, or a combination. This is the problem the Legislature must solve in the next two years.

Under these circumstances it would seem probable financing of needed improvements, and the plans themselves, would have to be approved by some state authority which could also insist on supervision of the project. Under control of a large state bureau it is reasonable to expect that over the years politics, inefficiency and waste will creep in with voter count and political influence affecting the distribution of the funds. A district might have to wait for years for facilities acutely needed at the time. To avoid this hazard, it would seem advisable for our district which is in need of facilities at this time to take advantage of the two year interval and provide the necessary financing and construction to fulfill our needs before local control is reduced to administrative affairs exclusively.

Nominations Being Sought For 1971 Rural Heroism Award

Would you help Texas honor a Rural Hero?

If you know anyone who has risked his own life to save the life of some other person, your nomination might win that person a trip to Dallas and a nice plaque on March 20, 1972.

The Rural Heroism Award is presented annually to some deserving person who has performed some act of exceptional bravery during a time of crisis. This rural safety program points up the continuing need for improved safety conditions in our rural areas—at work, at home and at play.

The award may go to a person credited with pulling another from a burning building, saving a drowning person or any other such act of heroism during the past calendar year. Anyone knowing of such an act during 1971, is urged to submit a nomination for this important award.

Nominations should include a narrative of the heroic incident, giving full details. It should include the names of all persons involved. If available, newspaper clippings and pictures should accompany the nomination. The award recipient will be chosen by a

panel of judges, based on the material submitted.

Deadline for entries is March 1, 1972. They should be mailed to: Rural Heroism Awards Committee, Texas Farm and Ranch Safety Council, P. O. Box 489, Waco, Texas 76703.

The 1971 recipient of the Rural Heroism Award was Mrs. Martha Cook, a Rising Star, Texas farm wife.

IRS Issues Free Advice

DALLAS — Need help with your income tax return? If you do and you seek professional help, be sure to select only qualified and reputable advisors the Internal Revenue Service advised taxpayers today.

A taxpayer can have someone else prepare a return, but the taxpayer is responsible for the accuracy of the information entered and the full payment of any additional tax, penalties, and interest charged, IRS District Director Ellis Campbell, Jr., Dallas District, said today.

While most tax practitioners are competent and honest, Campbell alerted taxpayers to these potential danger signals:

Never sign a blank return; Do not sign a tax return prepared in pencil (it can be changed later);

Avoid the advisor who "guarantees" refunds, wants a percentage of the refund, or supposedly knows all the angles; and

Be on your guard if it is suggested that your refund check be mailed to the advisor.

Mr. Campbell said a professional advisor should sign the tax return he prepares on the line provided and you, should record his name and address for future reference.

Stanton School Lunch Menu

February 28-March 3
Monday: Ground Beef & spaghetti, buttered corn, vegetable salad corn bread, butter, and milk.

Tuesday: Tamales, Pinto beans, buttered cabbage, corn bread, pineapple pudding and milk.

Marijuana Issue Believed 'Pathetic'

(Clipped from The Rom Page—Angelo State University)

IT'S PATHETIC to see young people, especially those in college and specifically those attending Angelo State, taking such a chance as "doing" and/or "holding" marijuana.

"Doing" by the way is today's lingo for smoking pot, while "holding" is possession.

But this is not a lesson in catching up on today's "hip" or non-hip terms. Instead, maybe some will take it as a warning.

Those who use marijuana and those using other drugs, and those who stand by placidly while they do so are those who should adhere to such a warning.

If you do smoke pot, then that's your bag, but realize now that a "bust" is a lousy way to pave the path to the future. And sooner or later those who use drugs get busted.

A bust—or for those who don't live with this talk, an arrest for alleged possession of a weed-like substance—it not just the embarrassment of being charged and being brought to trial.

If convicted in Texas for possession, it is a felony and is punishable on first offense by two years to life in prison. Second offense conviction for possession is not less than 10 years.

Sale in this state can draw a penalty of five years to life. Second conviction penalty is not less than 10 years.

Sale to minors under 19, second offense, is punishable by penalties as harsh as the death penalty.

But marijuana conviction is more than just a prison sentence.

It's not being able to hold a government or any professional job. You can't teach. You can't be a lawyer or a doctor or even a trash collector.

You can't vote because you lose all U.S. citizenship rights and you can't even leave the country to get away from it all.

But it's not just the user that has to face this problem. It's a problem we all must face. Those parents who may have children using pot must face it. Those "straight" students who have friends who partake must face it. And the rest of us must face it as well.

Warning those who do smoke pot or use some other drug just doesn't seem to do the trick. Threats are also little or non-effective.

Maybe the best thing is to let them learn the hard way—when it's too late but to stand up, blushing, and face the music. When they do learn the hard way, though, shouldn't it be evident that the rest of us are just a little embarrassed also.

Bill Brumfield

Judge Gibson Attends Lubbock Peace Seminar

Judge Martin Gibson attended a Justice of the Peace Seminar in Lubbock February 13, 14, 15, and 16, 1972. One hundred seventy-two judges from 104 West Texas Counties attended.

The school was financed by the Criminal Justice Council and was sponsored by Texas Justice of Peace and Constables and West Texas Justice of the Peace Association. It was co-ordinated by Police Training Division, Extension Service A & M University. Teachers were from the Extension Service Department of Public Safety, Austin, and Lubbock, Parks and Wildlife, Austin and Lubbock, the Attorney General's office, Austin, Criminal Justice Council, Austin and Midland, Medical Examiners office, Harris County and Outstanding Judges and Constables from over the state.

Dr. Jachimczyk, Harris County Medical Examiner, gave an exceptionally graphic story of his work. "His lecture and pictures were awesome enough to curl the hair on a door knob."

The teachers and lecturers were well pleased with the attendance and the rapid attention accorded them. All promised to be back to conduct an advance course this autumn in Midland.

Leaving off the doctor's name and one or two others and using the sir names only, the list of teachers could read: Whatley Pratt, Lacrocy Smith, Austin Scott, Benton Bullington, Betz Haddock, Bryan Koehler, Lee Forbes, Rankin Erisman, Montgomery, but no Ward.

The School Land Board and other Boards for Lease will hold on oil and gas lease sale at the General Land Office here May 2.

Soil Conservation Tips

TEMPLE — Texas farmers are plowing less and enjoying it more, thanks to a new conservation measure being pushed by the Soil Conservation Service.

"As a result there may be less dust in the air you breathe this winter and spring. Or less sediment in your city's water supply."

More moisture conservation, higher profits, more free time, and less soil loss are some of the benefits to farmers.

"All this is possible because of a new farming system called minimum tillage," Clyde W. Graham, state conservationist for SCS, explained. "With minimum tillage, crops are planted without prior land preparation. Weeds are controlled with herbicides. Since the land is not plowed, leaves and stalks from the previous crop are left on the soil surface as a protective cover during the fall, winter and early spring."

The surface cover is highly effective in preventing erosion. It breaks up the erosion effect of falling raindrops, letting them fall harmlessly onto the surface. The residues also protect the soil from windstorms.

Graham pointed out that wind-blown dust is our state's largest source of air pollution. He also stressed that erosion-produced sediment is our biggest water pollution, muddying streams and filling natural channels and lakes. Reducing water and air pollution from erosion has vast environmental benefits, he said.

"And think what scattered seed and residues left on the surface do for wildlife," Graham said. "In some farming areas, wildlife are almost entirely dependent upon crop residues for food and cover needed for survival during the winter months. Pheasant, dove, quail, geese, songbirds, deer, turkey, antelope and

other wildlife benefit from such practices.

"In fact, widespread use of minimum tillage in Texas would be a big boost to our state's wildlife."

Graham pointed out that farming operations destroy surface residues. If farmers can substitute herbicides for cultivation in controlling competition, they can reap the many benefits possible from maintaining crop residues on the soil surface year long.

He emphasized that residues keep the soil cooler in the summer, warmer in the winter. They reduce evaporation, saving valuable soil moisture. The residues protect young seedlings. The cover produces better soil tilth and it increases insoak.

He said, however, that many farmers still plow their land over and over again, more from habit and custom than from actual need.

"Farmers have reported eliminating as many as 12 tractor trips across a field in one year with minimum tillage," Graham revealed. "However, about six is probably closer to an average. With average farming operations costing at least \$1.50 per acre, cutting out six to 10 trips can mean big savings."

On the other hand, the state conservationist said cost of herbicides used for weed control can be expected to offset part of the savings.

"The reason for using minimum tillage is that it allows a farmer to do a superior job of conserving his soil and moisture," Graham stressed. "The fact that most farmers report higher profits is also significant. But the advantages from a soil and water conservation standpoint justify use of the system."

Graham said the Soil Conservation Service has published a new booklet "Minimum Tillage in Texas" which de-

scribes minimum tillage farming systems. To get a free copy contact the nearest SCS office or write P. O. Box 648, Temple Texas 76501.

Stanton Youths Take Stock Wins

Two local youths took top honors and seven others placed in the junior competition of the San Angelo Stock Show.

Jody Yates took champion honors in the Brahman and Brahman Hybrid competition, and Deana Holcomb showed the first place lightweight Charolais and Charolais Cross class steer.

Youngsters winning places in the Junior Steer Show were in the heavyweight Hereford class, Jerry Holloway, 8; Morgan Cox, 14; lightweight Herefords, Clay Holcomb, 6; Robert Cox, 12 and Tana Yater, 13; Brahman and Brahman Hybrid heavyweights, Sharalyn Holcomb, 7; mediumweight Charolais, Steve Foster, 9.

Social Security Visit Schedule

A representative from the Big Spring Social Security office will be in Stanton Monday, February 28 at 2 p.m. in the County Judge's office.

9 Great New Tractors

- New utility tractors
- New big diesels—with more power, less noise, less smoke
- New big Hydros
- New wide choice of gas, diesel, turbo, non-turbo, gear drive and Hydro
- Two new cabs—with and without air conditioning
- New IH ISOMOUNT isolators to reduce vibrations
- New operating ease and comfort
- More choice, more productivity, more tractor value—now

Lions Hold Sweetheart Banquet

Stanton Lions and ladies assembled at Cap Rock Electric Auditorium Monday night, February 21 for their annual Sweetheart Banquet. President Jimmy Conner presided. Ed Larson led the pledge to the flag and Rev. Floyd Dunn voiced the invocation.

"As Time Goes By" was the sweetheart's theme carried out in the program provided by Mrs. Glenn L. Brown and Tom Angel. "I'm Looking Over a Four-Leaf Clover", "Ain't She Sweet?" and "Has Anybody Seen My Girl?" were read and played by Tom Angel. Mrs. Brown sang the wedding song "Cathedral in the Pines" followed by "Have I Told You Lately That I Love You?". Several readings were given between the songs by Mrs. Brown.

Harlandale (San Antonio), Houston and Fort Worth school districts will receive \$574,188 to finance extensive research and development projects in career education.

Beer drinkers consumed the equivalent of 21.47 gallons for every man, woman and child in Texas last year, according to Texas Alcoholic Beverage Commission figures.

The appropriate song, "Let Me Call You Sweetheart," was the concluding number by Mrs. Brown and the audience participated by joining her on the last stanza.

Approximately 40 attended the affair which was catered by Mrs. Rogers of Belvue Restaurant.

SHOPLIFTING — A CRIME

By JAN McELREATH

Today, shoplifting spans all social classes, geographical areas, and ages. Auto-shoplifting campaigns point out that all types and ages of people shoplift: "They are the rich, the poor, the beggar, the professional thief, the teenager, the student, the kleptomaniac, the drug addict, the housewife, and even employees themselves.

The campaigns advise — "Don't get caught — up in the crackdown."

Statistics on how many people try shoplifting range from an estimated one out of every 60 customers to one out of every eight.

Both extremes or any approximation in between, may well be accurate—depending on the area, the type of retail outlet, and the adequacy of the store's security system.

Crime prevention programs sponsored by the Small Business Administration attempt to educate business owners and employees on the prevention and detection of these crimes.

"The smaller the business, the greater the impact of shoplifting losses."

They use the hidden pockets, coats and capes with hooks or belts on the inside, tricky aprons or undergarments designed to conceal stolen items. Professionals have been known to pose as sales clerks behind counters and collect money from customers.

The slight-of-hand artists also use umbrellas, shopping bags, bulky packages, or boxes that have hinged bottoms. Sales clerks should know how to spot such devices.

Another favorite method employed by shoplifters is to pose as a prospective buyer, try on garments in a fitting room, and simply put their

own clothes on over the store's merchandise. Some shoplifters settle for reduced prices on merchandise by switching or altering price tags.

One of the boldest approaches is the thief who walks into a store, puts on a coat, hat, or belt, then walks out. The method is employed on hundreds of other personal articles.

Among the devices used to discourage potential shoplifters and to catch the more bold ones are: two-way mirrors, peepholes, closed circuit television scanners, radio communications, detectives posing as customers, and various price tag identification systems.

Other methods include convex wall mirrors, which allow store personnel to see around corners or keep several aisles under observation at once and anti-shoplifting signs prominently displayed.

Some stores are now using an invisible ink to mark their merchandise which makes identification of stolen articles swift and positive.

Business owners are becoming more and more prone to file official charges. Penalties — upon conviction — are not light.

Penalties for convicted shoplifters are: Up to two years in the county jail and up to \$1,000 in fines for first offenders convicted of shoplifting goods valued at less than \$50. The second conviction is punishable by minimum jail time of 30 days and a maximum of two years and up to a \$2,000 fine. The third offense is considered a felony.

First offenders convicted of shoplifting goods valued at more than \$50 can receive a minimum penalty of two years and a maximum of 10 years. Second felony offenders, upon conviction, face automatic imprisonment of up to 10 years.

Tax Deadline Near For Farmers

DALLAS — North Texas farmers and fishermen who did not file a declaration of estimated Federal income tax by January 17 may have a tax deadline by March 1.

Ellis Campbell, Jr., District Director of Internal Revenue for North Texas said today that if you earned at least two thirds of your 1971 gross income from farming or fishing but did not file an estimate by January 17, you must file your 1971 Federal income tax return and pay any tax due by Wednesday, March 1, 1972, to avoid penalty for underpayment of estimated tax.

Shelter—

Continued from P. 1

possible for persons who are protected from the early intense radiation to survive with little or no ill effects. The goal of this Community Shelter Plan is to assure that everyone in Martin County would have this type of protection if an attack ever occurred.

A recent survey conducted by the Army Corp of Engineers at the request of local officials revealed that there is no public shelter available in Martin County. There is, however, enough excess space in Midland to shelter all Martin County residents. Proposals have been submitted to city governments with the county to give consideration to the possibility of incorporating shelter space in any new public buildings constructed in the future, but, unless and until such future shelter space becomes available, Martin County residents will either have to go to Midland for shelter, or seek the best protection they can find in their own homes. Studies show that basements would be best, but that interior hallways protected from windows and doors, and crawl space which may be improved, could offer important protection at home.

Detailed suggestions for improving the protection offered at home will be included in the official publication, "In Time of Emergency," a citizen's handbook on nuclear attack and natural disasters. This handbook is one major item included in the information packet to be distributed to all citizens of Martin County, and Judge Yates was joined by city and county officials in urging all citizens to be watching for this handbook and to read and save it when it arrives.

The other item included in the public information packet is a plan showing the locations of the public fallout shelter spaces reserved for Martin County residents in Midland and indicating travel routes and parking areas to be used by persons taking shelter there.

If you have no children attending school in the county, or if you do not receive a copy of the plan during the school distribution, you may obtain a copy by calling the County Judge's office.

WHAT'S HAPPENING

The Concho Valley Stamp Club and The Permian Basin Stamp Club will have a get-together trading and buying meeting at the Commercial Bank and Trust room, 2301 W. Wall St., Midland, Texas on March 4, 1972. Beginners and Senior Collectors in the West Texas area are invited to be there.

Seal Appeal To Open Monday

The 1972 Easter Seal Appeal will open in Martin County on Monday, February 28, 1972 according to Mr. R. O. Anderson, who serves as Easter Seal Representative for the county.

He said that Easter Seal Appeal letters would begin arriving at homes in the county about February 28.

An Easter Seal Representative, Mr. Anderson is the person to contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing programs and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year over 22,000 handicapped people received help from the Texas Easter Seal Society with the costs of providing expert professional care rising, more money than ever will be needed.

Funds help support 19 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs, and related services are provided to those who cannot provide for themselves.

"The people of Texas have always responded generously to helping the handicapped, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," he said.

High School Happenings

By GLORIA BRYAND

The Senior class met Monday at Activity Period to discuss preparations for the Junior-Senior banquet to be held March 18th in Midland. The senior motto for this year will be "Today is the first day of the rest of your life." The class flower is the rose and the colors are crimson and white. A special committee was appointed to pick the song, after each senior had turned in a request.

Students and the F. T. A. sponsor, Mr. Waddell left Thursday morning to attend the F. T. A. convention in Dallas. Those going were Marc Briggs, F. T. A. president, Audrey Brown, secretary, Darla Sawyer, treasurer, Sid Saunders, program chairman, Paul Evans, Mark Eiland, John Higgins, Dora Villa, Molly Atkins, Douglas Dowden.

The class favorite pictures were retaken Wednesday.

Army Chaplain Receives Bronze Star at Ft. Lee

FT. LEE, Va., — Army Chaplain (Captain) James H. Rankin, son of Rev. John S. Rankin, Stanton, received the Bronze Star Medal during a recent ceremony at Ft. Lee, Va.

He was presented the Bronze Star for distinguishing himself through meritorious service in connection with military operations against hostile forces in Vietnam. The medal adopted in 1944, recognizes outstanding achievement.

Chaplain Rankin earned the award during his last assignment with the 44th Artillery in Vietnam.

He is serving here with the 4th Battalion, Quartermaster School Brigade.

A 1957 graduate of Amherst, Texas High School, Chaplain Rankin received his B. A. degree in 1963 from Hardin-Simmons University, Abilene.

His wife, Elizabeth, is with him at Ft. Lee.

A state appeal from a federal court decision that illiterate voters must get aid at the polls was withdrawn at the governor's demand.
