

# Groundbreaking Ceremonies Slated For The Stanton Nursing Home

At 2 o'clock Wednesday the fifteenth of August the long awaited groundbreaking ceremonies for the local nursing home will be held. The public is cordially invited to attend. The address is the corner of Broadway and Beckman Streets. There will be local people including the Mayor, the County Judge and Chamber Officials present for the occasion. The builders will be there and we are sure that the people of Stanton and the surrounding area will turn out for this important step in the life of our community. When you arrive at the groundbreaking ceremonies, you will find exhibitions of color photos depicting the home. The builders have completed another successful home of this same design and will have these pictures for your observation. The Nursing Home has been on the drawing board for many months with constant planning of the details and meetings with government officials and agencies involved. This promises to be one of the most significant undertakings of our community in years—Stanton is building.

### SCHOOL TO START

Students . . . wipe those tears from your eyes and try to realize that school is starting again after what seemed to be such a short summer. So now it's time to get your school supplies together, wash your clothes, cut your hair, and polish up on some of your subjects. We do not need to mention that everyone will want to enjoy their last few days of freedom to the fullest.

When school starts next week you can accomplish all of the things this year that you tried to get done last year. This will be an excellent opportunity to again start out with an "A" average the first day of school and keep it up until the last report card is out. This editor was a teacher for some three years and can advise you to hit the ground running in your home work. There is a tendency to drag along about the first three weeks when it is easier to make good grades and make only fair marks. Later on when you try to bring this work up with better grades it is much harder to do so.

### PARENTS

Most of the mothers will give their children back to the teachers with both some misgivings and a sigh of relief. The house is going to be strangely quiet and peaceful for a while and then be a bit lonely and empty after that.

### TEACHERS

Believe it or not the teachers enjoy the vacations as much as the students and will start their work with a great deal of apprehension also. They are wondering about getting moved into their homes; whether or not they will have any thing to teach the students for the first few days; How are they going to get all of those millions of forms filled out in time and will my students be bright or otherwise.

### LIONS CLUB

The Lions Club appointed new heads of their many committees this week. Everyone present and absent are to serve on at least one or two committees. They are expecting a full schedule and had one new member and two transfers come into the club this week.

### THE MEAT SHORTAGE

There have been several comments around town on the meat shortage. Some of these are as follows: One store owner was reported to say that he had good supplies but they may not keep going forever. Another lady said she was going to declare war on the "boarders" who are really making the shortage bad. A rancher said that he was going to wait until after the freeze to sell his beef. One man said that the store he went to had plenty of meat but it was turning dark because no one would buy it at that price. A person in the school system said there will be plenty of beef this winter when everyone has to start their cattle on feed and see the price of it. A housewife said that she had seen no shortages at all. A restaurant worker said they would probably sell as much meat as they could and close until the next shipment. All in all we have a lot of opinions about the situation but only time will reveal the full truth. (See THINKIN, Page 6)

### Jun. High School Pre-Registration Wed., August 15

Stanton Elementary School will not have pre-registration on Wednesday, August 15, 1973, but Junior High and High School will. All students will begin classes Thursday, August 16, 1973 at 8:30 a.m. and will be dismissed at their regular time. The regular time for dismissal will be 2:30 p.m. for Kindergarten, first and second grades. Grades three and four will be dismissed at 3:30, as will all other grades.

Parents are to be advised that Stanton Elementary School has closed campus and children are not permitted to leave unless the parent comes for them.

Stanton Junior High School will have pre-registration Wednesday, August 15, 1973 from 9:00 a.m. until 11:00 a.m. All students are requested to register at the new Jr. High Building at this time so that their schedules may be processed and they will be ready to begin regular classes Thursday, August 16, 1973 at 8:30 a.m.

### SCHOOL REGISTRATION

Registration for students who will attend Stanton High School during the 1973-1974 school year will be held on Tuesday, August 14 and Wednesday, August 15.

Under the Texas Immunization Law these immunizations are required of all high school students: Polio — at least 3 doses of Oral Vaccine, provided one or more doses have been received since the fourth birthday. Diphtheria Tetanus— Minimum of three doses with the last dose within 10 years. Booster dose only after initial series.

Students must have these prior to registration. Students are reminded that they are required to maintain conventional acceptable standards as to dress and appearance. Novelty fashions which tend to set apart a few from the rest are detrimental to the general morale and organization of the school (See REGISTRATION, Page 4)

### CROSS HAS VISITORS

Mrs. Bob Cross and children visited with Mr. and Mrs. Sid Cross last Wednesday. Mrs. Cross is their daughter-in-law.

## WRECK IN NORTH STANTON

Saturday evening a wreck occurred at the intersection of county road No. 137 and St. Joseph street. The intersection is directly across from the Dairy Queen and is referred to as the "Y." Two persons were hospitalized from the mishap.

Darrell Wells is in a Big Spring hospital and Lila Flanagan, driver of the car is

in a Midland hospital. Darrell was driving west on the Lamesa highway, 137, and Mrs. Flanagan was headed west attempting to cross the Lamesa Highway and enter the Exxon station on the west side of the road when the accident occurred.

Due to the impact the Well's pick-up upturned on

its right side in the opposite lane of traffic and the Flanagan car stopped resting in the culvert on the northeast corner of the Exxon lot. Mrs. Flanagan's sister was also riding in the car.

Investigating officer Wade Turner stated no charges have been filed. The matter is still under investigation.

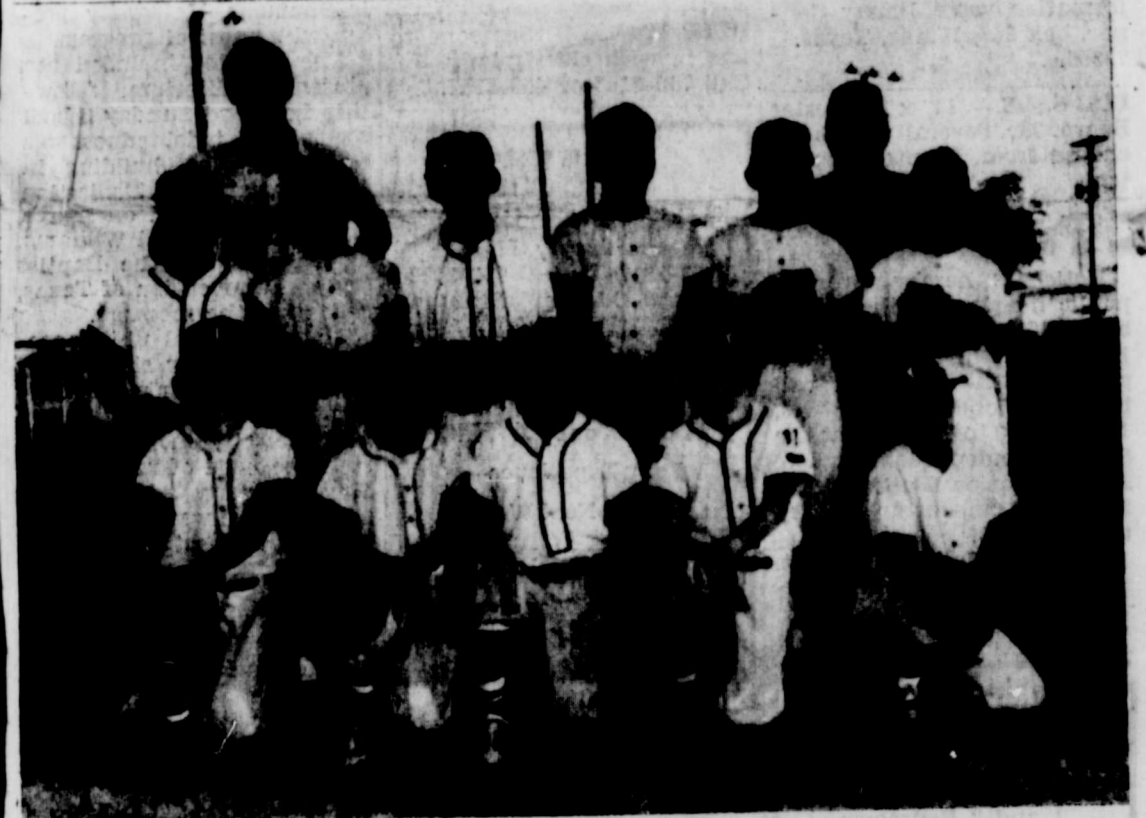

## STANTON LITTLE LEAGUERS HANG UP THEIR BASEBALL GLOVES FOR ANOTHER YEAR

The Blue team from Stanton traveled to Monahans last Thursday to participate in the district play off. The Blue team had three extra players to help them out and these were: Roy Madison, Tommy Morrow and Joe Hinajosa. The team was victorious

over New Deal with a 9 to 7 win. They lost to the Monahans team 8 to 6. The team will be hanging up their gloves for another year now with their season complete.

Coaches Wooten and Dean were proud of their boys who posted an 8 won and 4 lost

for the season including the district play. They were rated about in the middle spot for the district which had 11 teams. The coaches were pleased with the performance of the boys and thought the support from the public was commendable.

THE TOP OF THE LEAGUE YANKEES. Pictured, bottom, left to right, are Danny Hernandez, Freddy Florez, Jesse Naverez, Glenn Hale, and Larry Key. On the top row we see Aguilar Aquirre, Charles Philliys, Alex Perez, Leland Key, Miles Tollison, and Kendal Blocker with coaches Allan Wooten and Karl Dean. Not pictured are Tommy Morrow, Roy Madison, Joe Hinajosa and bat boy Coy Blocker.

## NEW GRADE SCHOOL AND NEW JUNIOR HIGH TO OPEN HERE

Students here will study in completely air conditioned buildings, two of them new, and under some new staff members starting Aug. 16.

A new grade school and junior high were expected to be complete by the start of school. "We're keeping our fingers crossed," Supt. Russell McMeans noted recently.

Meanwhile, the old grade school and junior high are being torn down. At the high school, students will find two new classrooms, air conditioning and new ceilings and new lights.

Construction training will be provided in a new shop building for Coordinated Vocational Academic Education. Workers have remodeled the vocational agriculture building. New doors, new plumbing and a new ceiling have been installed. The structure will be air conditioned and has been repainted inside and out.

Even the bus maintenance building is new. Financing these improvements are \$700,000 in bonds previously approved by the

voters. Oasis Builders, Inc., Kermit is the general contractor for the new buildings and improvements. Tommy Huckaby, Andrews, was the architect.

Principal Changes Not only will Stanton have new buildings, but several important personnel changes have been made.

Jimmy Conner, junior high school principal, has resigned to be junior high principal in Plains. And McMeans was looking for a replacement July 26.

Wayne Mitchell, formerly of Sanderson, has been named high school principal. He fills the vacancy left by J. R. Dillard, who resigned to become high school principal in Junction.

Wives of the two men have taken positions in their new schools as teachers. Mrs. Natha Mitchell will teach in elementary. Mrs. Dillard has resigned as a high school speech and English teacher to work in the Junction school system.

Mrs. Augustine Epley retired from being an elementary teacher. She has been with the Stanton public schools 15 years. Robert Waddell has been granted a one-year leave of absence. Waddell is going to Angelo State University in order to get a master of education degree.

New teachers include Mrs. Bill Decker Jr., elementary; Mrs. L. D. Snell, elementary; and Mrs. Charlotte Elrod, special education, high school.

## St. James Baptist Church Remodels

You may go by the St. James almost any evening of the week and be given an opportunity to try your skills at carpentry. The church is located on the south side and Stantonites will want to join

expected to be much more attractive upon completion, with them in this worthwhile project with their time and support.

The structure is being remodeled on the inside and is

Amoco Production Co. plans No. 2-B Marion Flynt as a 1/2-mile east offset to production in the Lacaff (Dean) field of Martin County. It is scheduled to 10,000 feet, and spots 933 feet from north and west lines of labor 17, league 249, Hartley CSL survey, 10 miles northwest of Tarzan. UV Industries, Inc. has completed two producers in the inside production in the Martin County portion of the Lacaff (Dean) field of Martin County, about eight miles west of Tarzan. No. 4 Scharbauer, a 1/2-mile south and east extension, finished to pump 135 barrels of 38.4-gravity oil and 40 barrels of water per day. Production was through perforations at 9,144-9,614 feet, which had been treated with 110,000 gallons and 220,000 pounds of fracture. Location is 1,350 feet from south and east lines of labor 1, league 323, LaSalle CSL survey. The firm's No. 7 Scharbauer, Spraberry Trend Area, 10 miles north of Midland. Completion was for 88 barrels of 38-gravity oil per day. Gas-oil ratio measured 501-1, through perforations 8,572-9,286 feet, which had been acidized with 3,000 gallons and fractured with 108,000 gallons and 200,000 pounds. It was drilled to 9,417 feet, where 4 1/2-inch casing was seated, then plugged back to 9,392 feet. Wellsite is 1,320 feet from south and west lines of section 3, block 38, T-2-N, T&M survey. John L. Cox, Midland has drilled to 9,300 feet, then plugged back to 9,262 feet, with 5 1/2-inch casing set 9,299 feet. Location is 990 feet from north and west lines of section 76, block B, Bauer and Lockrell survey.

SERVING ANNIVERSARY CAKE  
Mrs. Nita Graves, and Mrs. F. Graves, serve themselves with cutting cake.

(Continued from Page 1)  
5, 1948. It was designated as "Home Coming Day." Dr. Rupert N. Richardson, President of Hardin-Simmons University, Abilene, Texas, brought the message for the day, and the Male Quartet from Hardin-Simmons University presented a musical program. The building included the present auditorium, fellowship hall, and Sunday School rooms. All indebtedness was cleared on the building in January, 1950. Dedication services were held on March 5th, with J. Howard Williams, Ex-Secretary of the Baptist General Convention of Texas, delivering the message.

An educational unit, accommodating five or six Sunday School Departments was constructed in 1956. Again in 1962 the church was faced with the need of more space. The two story addition was added to the west side of the building connecting all three units under one roof. The church accepted the Refurbishing Committee's recommendation that we enter into an agreement with L. L. Sams and sons to completely renovate the auditorium, baptistry, fellowship hall, kitchen and Sunday School rooms.

Dedication services were held October 8, 1972 with Dr. Charles McLaughlin, Mission Secretary of the Baptist General Convention of Texas, bringing the message. This dedication service also included the dedication of the Baldwin Grand Piano and the Artist Model Conn Organ. The value of our church property, including the parsonage and Music and Educational Director's home, is \$422,000.00. Our total resident membership to date is 460.

This report August 17, is one of the earliest dates in the area. You will have Labor Day off as well as Thanksgiving and from Dec. 21-Jan. 2 at Christmas. Spring break extends from April 5 through April 15. Junior high graduation and the final day of classes is set for May 21.

### Stanton Little Leaguers

The Little League season is now over in Stanton for the year after one of our most successful seasons.

There were approximately 125 Stanton teenagers involved in baseball this year. Several adults also contributed their time and talents during the season.

Billy Allred was our commissioner and Jack Elrod was his assistant. These men did an outstanding job of organizing the league along with the league president, Robbie Dickenson.

Our season ended in Stanton with the Yankees playing the Astros for the city championship. The Yankees were sponsored by Texas Electric and represented Stanton in the District 4, Texas Teenage Tournament at Monahans.

The Yankees won their first game 11 to 9 over New Deal

and played the Monahans Giants last Thursday evening to loose by the score of 8 to 2. The Yankees were behind 8 to 2 in the bottom of the 6th inning and scored 4 runs to put them back in the game against the Monahans Giants but couldn't get the three extra points to win.

The boys playing on this club represented Stanton very well and our community should be proud of them. All of the boys who participated from all teams are to be commended for their part in the program. The people of the town will be looking forward to seeing you again next year.

The Fair Labor Standards Act, administered by the U.S. Department of Labor, sets minimum wage, maximum hours, overtime pay, equal pay, and child labor standards.

### The Lieutenant Governor's Report "O" BASED BUDGET

By BILL HOBBY

AUSTIN — Economy in government is a subject which always has received a good deal of lip service and too little real attention.

Tax dollars should be spent with the same care as dollars spent by private citizens and businesses.

Toward this end, I, as chairman of the Legislative Budget Board, am implementing a new system of zero-base budgeting.

This system was developed by Texas Instruments, Inc., and has greatly improved budgetary efficiency.

Until now, state agencies merely asked for the same amount of money they got last year, plus any additional funds for new or expanding programs.

Zero-base budgeting does away with this inefficient system. Instead, each state agency is required to review all of its programs.

During the first full year the system was used there, Georgia taxpayers were saved \$55 million through the elimination of duplication of ef-

#### BIRTH ANNOUNCEMENT

Mr. and Mrs. Robert Casella wish to announce the birth of a daughter; named Carmen Vanessa. Carmen was born in Roswell, New Mexico on July 13. She weighed 5 pounds and 3 3/4 ounces, and was 18 inches long. Carmen has blue eyes and dark brown hair.

Carmen is the granddaughter of Mr. and Mrs. George Vance Dowden of Stanton, and Mr. and Mrs. Carmelo Casello of Lubbock. Carmen is named for both her grandfathers.

forts and unproductive activities of various agencies.

As an effective management tool, zero-base budgeting holds great promise for Texas taxpayers as well.

In effect, administrators must justify their entire budget, not just their requests for additional funds.

### Hospital News

#### Admitted

7-31—Myrtle Payne, Emmitt Crittenden, Mary Stroud.

8-1—Calvin McKenzie.

8-2—Alma Bright, Johnston T. Young.

8-3—Conrad F. Rogers.

8-6—Mary Elizabeth Washington, D. R. Jenkins.

Dismissal

8-1—Emitt Crittenden.

8-3—Cruise Padron, Mary Wilson.

8-4—Alma Bright, Joe Tidwell.

#### GOING TOO FAR

Here's a good one from a Central Illinois Public Service Company publication: "A group of Boeing Company workers has asked that food stamps be made available in company cafeterias, reports the Seattle Post-Intelligencer. Employees say they are eligible for stamps because of low wages, but obtaining the stamps at regular outlets means leaving the job and losing a half day's pay. The lowest-paid Boeing employee in this group makes about \$520 a month, not counting overtime. Who needs food stamps? Everybody?"

Auto pollution controls for major metropolitan areas of Texas have been delayed for 60 days, until October 15.

### Lomax Girl Is Howard Queen

Miss Elizabeth Ann Saunders, 16, daughter of Mr. and Mrs. Jack Saunders of Lomax was selected Howard Queen July 26-28.

She represented the Lomax 4-H club in competition against all other clubs in Howard County. Elizabeth Ann will be a junior student at Stanton High School in the fall. She is a member of the Future Homemakers and the pep squad.

She is the niece of Dan and O. E. Saunders of Stanton. Dan is the sheriff of Martin County and O. E. Saunders is a farmer-stockman in Martin County.

Elizabeth Ann Saunders

### RUDD RECEIVES SCHOLARSHIP FOR TEXAS COLLEGE

Jackie Rudd, son of Rev. and Mrs. Billy D. Rudd of Tarrant received a \$4,000 scholarship at the state Future Farmers Association convention July 11-13 in Fort Worth.

Jackie received the scholarship from the Houston Livestock Show and Rodeo. The scholarship is acceptable for any college in Texas.

Jackie has enrolled at Tarrant State College, Stephenville. He plans to study veterinary medicine.

Jackie has competed on agricultural judging teams that placed first and second on the area and state levels. He won first place individual shows.

Jackie is a 1973 graduate of Stanton High School. He raises swine and rabbits.

## Lunch Policy For Stanton School

Warren G. Hall  
1971 to present

Fred McPherson  
1937 to 1940

Stanton Independent School District today announced a free and reduced price lunch policy for Stanton school children unable to pay the full price.

Local school officials have adopted the following family size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children.

## German Students Visit Stanton

Two students from Oberursel, Germany visited in the home of Mr. and Mrs. A. J. Atkins last week. Olaf Mielcke, a medical student and Giesela Reitz, a meteorology student. Both were impressed with the wide open spaces of West Texas, the shopping centers of Houston and the uncongested Texas roads.

In Stanton they visited the museum, the hospital and various other sights. Olaf expressed surprise to see a hospital in a town this size, since in Germany one finds these only in the larger towns.

They were very happy that the personnel in both Stanton and Midland gave them a very thorough tour of the hospitals in each town.

The memory of the friendly West Texas people will go with them as they continue their tour through Mexico, and later through California.

IN LINE WAITING FOR THE MANNA. The people visiting First Baptist and members form lines to the cafeteria. Lewis Stewart and Cecil Gilmore are among the ones waiting.

Family Size (at home)	Annual Income
1	\$0- 2,740
2	0- 3,600
3	0- 4,460
4	0- 5,310
5	0- 6,100
6	0- 6,890
7	0- 7,800
8	0- 8,310
9	0- 8,960
10	9- 9,600
11	0-10,240
12	0-10,880

Each Additional Family Member \$640

Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic needs based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the School Principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. The Superintendent of School, whose address is School Administration Building, Stanton has been designated as the Hearing Official.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the Superintendent where it may be reviewed by any interested person.

## Hull Reunion

The family of the late Mr. and Mrs. Leonard Hull met at the Community Center in Stanton August 5. Of the eleven children born to the Hulls, seven are alive, but only four were present. They were Floyd Hull, Earl Hull, Mrs. J. L. Baugh, all of Big Spring; L. D. Hull, Stamford, Texas.

Edna Davidson, Big Spring and Henry Hull, Hobbs, New Mexico, were unable to attend because of illness. Others attending included: Clyde Hull, Phoenix; Mrs. Elmer Hull, Stanton; Mrs. Thelma Hull, Mrs. Maude Hull, Mr. J. L. Baugh, all of Big Spring; Mrs. L. D. Hull, Stamford.

There were twenty-one grand children, twenty-nine great grand children and twenty-two great great grand children attending.

Mr. Mason Coggins and Mr. Sam McIntosh visited during the reunion. A barbecue lunch was served.

## Jaycee-Ette News REGISTRATION

(Continued from Page 1)

The Stanton Jaycee-Ettes held their monthly business meet July 17 in the Texas Electric Reddy Room.

The meeting was called to order by Peggy Sorley and the Jaycee-Ette creed was read by Sandra Pinkerton. Roll was called. Nine members were present.

The minutes of the last meeting were omitted. Patricia Wilson gave the treasurer's report in the absence of Mary Barnhill. Sandra Pinkerton gave the state director's report. Peggy Sorley read the correspondence.

Joyce White of Lubbock presented an informative program on muscular dystrophy. The muscular dystrophy has been adopted by the Jaycee-Ettes for their charity drive. Muscular Dystrophy is a hereditary disease characterized by the progressive wasting away of muscles. At this time there is no cure. We hope every one will help us in this cause.

After the meeting was adjourned refreshments were served by Janice Kelly and Mary Jane Gonzales to Jerri Atchison, Kay Lynne Brown, Zoila Hernandez, Sandra Pinkerton, Peggy Sorley, Lorraine Vinson, Patricia Wilson and Carol Barns.

Jimmy Barnhill was named Jaycee Father of the Year Saturday June 16 at a Father's Day picnic held by the Jaycee-Ettes in honor of the Jaycees.

Jimmy was presented with a crown made of paperboard and tinfoil. The crown was made by one of the Jaycee-Ette's children, nine year old Cynthia Atchison.

After running three legged races and bean races, a supper of ham, roast, baked bread, potato salad and tea was served to thirty-nine hungry people. Those attending were the Dewey Andersons, Tommy Atchisons, Jimmy Barnhills, David Browns, Joe Gonzalis, Felipe Hernandez, James Jenkins, David Pinkertons, Peggy Sorley, Bob Vinsons and Bob Wilsons.

A Laredo fireman injured in Nuevo Laredo, Mexico, while on duty is entitled to benefits under the state Firemen's Relief and Retirement Law.

## Guest Devotional

By AUSTIN MCGARRRY

When Austin Durst of Junction, Texas, graduated from high school in 1907, the students were asked to write out their life goals and put them in a box. "Ten years later," she remembered, "they picked me to open the box. I had written, 'I want to be a successful teacher.' That remained my goal until the last day I taught."

That "last day" was only a few years ago. Austin Durst retired at the age of 80, after 63 years teaching the first grade. The principal of the school and the members of the school board had all been taught to read by her. So had well over 3,000 other people—four generations of children—in Junction (population 1,500).

"I think I learned more than I taught all those years," she said. "But I have no special wisdom. I was just a first grade teacher, nothing more."

Her words, however, have the ring of wisdom: "I taught simply because I loved to teach and love the people I taught."

"Success in life doesn't involve cleverness or money or station, but simply involving yourself with others."

"I tried to teach the three R's and also something about truth and honesty and respect for others. A successful teacher does both—at least that's my definition."

"So many children came into my classroom from homes where there was no love. I did my best to let them know there was such a thing as love. There were times when all a child wanted or needed was to sit in my lap a while. I've taught an entire day with a child in my lap. . . . Other times I would wake up at night worrying how to reach this one or that one. But it was worth the worry."

Her reward? "I will go to Heaven and all the pupils I ever taught will be there, all the thousands of them. I will walk through the gates and they will all stand up and say 'Good morning, Miss Aussie.' And I will know them, every one."

Tips for using electricity efficiently:

## Resist the temptation to set your thermostat lower than you need to.

Air conditioning engineers recommend that thermostats be set at 76 to 78 degrees for comfort and economy. Every degree below this requires units to work harder and use more electricity.

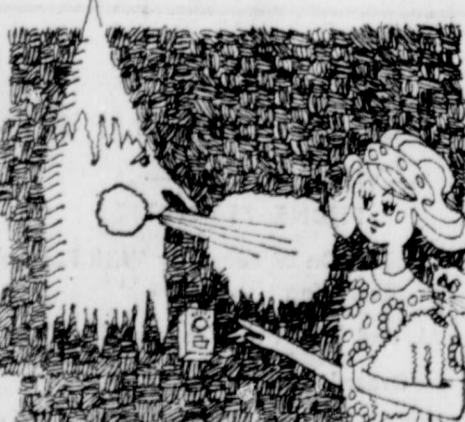

However, if you plan to be away all day, you can economize by raising the setting five degrees. Turn off the unit when you go on vacation, unless there are items that might be damaged by the heat. If so, leave the unit on, but raise the setting at least five degrees.

Here are some other things you can do to keep your costs as low as possible:

Enjoy cleaner air and lower costs by keeping the filters clean. A dirty filter causes the unit to work harder. Check them at least once a month. If it's a permanent-type filter, clean it according to the manufacturer's directions. Disposable filters should be replaced at least every 90 days, or earlier if necessary.

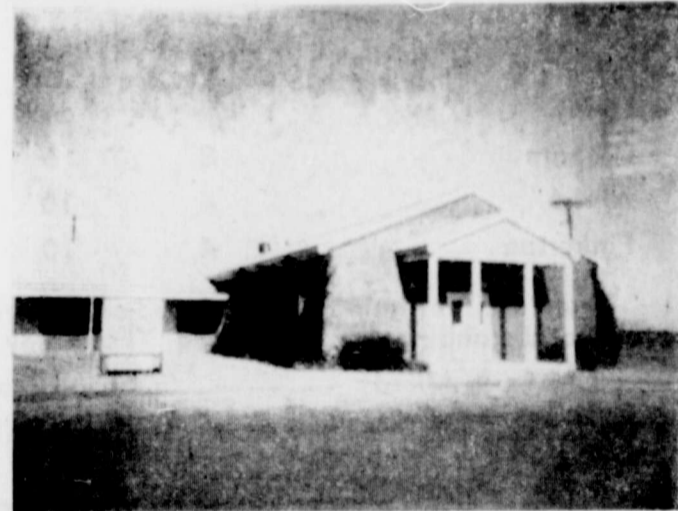

Also, keep out direct sunlight with awnings, blinds or draperies. Weather-strip doors and windows, and properly insulate walls and ceilings. Be sure the fireplace damper is closed. And, when possible, bathe, cook and do the laundry during cooler parts of the day to prevent heat buildup.

It's our job at Texas Electric to help you get the most value from your electric service. When you have questions about electric air conditioning, or any other use of electricity, please call us. For our free booklet, "Tips to help you use electricity more efficiently throughout your home," call or come by our office, or request one on the comment portion of your electric service bill.

## Tree Seedlings Due September 1

Applications for windbreak seedlings can be started September 1 at the Soil Conservation Service office in Stanton, according to Jack Elrod, District Conservationist, with the Soil Conservation Service.

Orders must be for 100 or more trees, in multiples of 50 of any one species. Delivery will begin about mid-December and continue through the first week in March. Seedlings are for use as windbreaks and must not be used for landscaping or ornamental purposes.

Species available this year include Austrian Pine, Honeylocust, Oriental Arborvitae, Osage Orange, and Redcedar. This year's price will be \$3.00 per hundred. For assistance in planning and planting your windbreak contact the Soil Conservation Service Office in Stanton.

## P.C.A. Leaders At

Directors of Western Production Credit Association will have the opportunity to hear one of the nation's top leaders in the field of director responsibility at a PCA Director-Manager Seminar in Amarillo Friday (August 10).

Area participants include J. W. Broughton, Big Spring; Jim Franklin and Wesley W. Williams, Jr., both of Stanton.

**NEW LONDON, IOWA, JOURNAL:** "About the high cost of living — cigarettes sell for about \$2.98 a pound and I don't recall anyone complaining about them being high — yet to pay \$1.89 a pound for beef steak drives some shoppers right up the wall. It's a funny thing, but I know people who'll pay 90 cents or \$1.25 for a drink and never say a word about the 'high cost of drinking' but to pay over \$1.00 a pound for hamburger ... is a different story!"

Biggest little workhorse in its class!

## LOW COST INTERNATIONAL 354

- 32 PTO hp\* with choice of diesel or gas engine.
- Draft control 3-point hitch.
- 8 forward and 2 reverse speeds with 6-1/2-inch disc brakes.
- 12 volt system ... 3-point hitch ... draft and position control ... constant running PTO.
- Dry type air cleaner ... 12 gallon fuel tank.
- Economical to own ... fits into big or small operations.

Come in and see this tractor... it has all the operating features you'll look for in a tractor this size!

beef' cattle w... production and income. The event will begin with registration at 7:45 a.m. on August 20 at the Ramada Inn in College Station.

A program concerned with reducing supplemental feed costs is certainly timely according to County Extension Agent Billy Reagor. The short course is designed around pastures, ranges, harvested forages and supplemental feeding.

Emphasis will be given to selection, production and feeding value of improved forages, high intensity-low frequency grazing systems for harvesting rangeland, protein supplement alternatives, mineral supplements and methods of combining various forages for year round grazing systems.

Dr. W. C. McCormick, Head of the Animal Science Department, Tifton, Georgia, will discuss factors effecting animal performance on bermudagrasses, including Coastal, Coasteross one and Alicia.

The producers side of feeding the cow herd will be discussed by Texas cattlemen Wayne Hamilton, La Pryor, Bill Tullos of San Angelo and Percy Turner of Water Valley. Because of the high cost of supplemental feeds it is important to get as much out of pastures and hay as possible. In many places some improvement in the forage program can eliminate the need for protein supplements.

A number of Texas A&M officials will appear on the program and be on hand to answer personal questions. A hay harvesting equipment display and a tour of pasture and forage research work will supplement the program.

Some 500 cattlemen and others with interests in the livestock industry are expected to attend the two day event. The agent encourages all producers from Martin County to attend if possible.

## New Beef Breed To Debut Soon

**DICKSON, Tenn.**—The Norwegian Red, a breed of beef cattle just recently imported into the United States, will make its debut before the American public at a field day and symposium near here on Sunday, Aug. 26. The premiere, to be conducted under the auspices of Southern Cattle Corporation, will be held at Ridgela Farms some 35 minutes east of the Nashville airport.

Activities will begin at 8 a.m. with a public appraisal of the first and only Norwegian Red cattle herd on the North American continent. On display will be bulls, bred heifers, and young cows with calves from the initial shipment of 60 head, airlifted from Norway to Kennedy International Airport in New York May 3.

School trustees are authorized to purchase insurance to cover cost of litigation and award of damages growing out of official acts.

## Lunch Policy For Stanton School

Stanton Independent School District today announced a free and reduced price lunch policy for Stanton school children unable to pay the full price.

Local school officials have adopted the following family size and income scale to assist them in determining eligibility.

Families falling within these scales or those suffering from unusual circumstances or hardships are urged to apply for free or reduced price lunches for their children. They may do so by filling in the application forms sent home in a letter to parents. Additional copies are available at the principal's office in each school.

Applications may be submitted any time during the school year. The form itself is simple to complete and requests information needed to determine economic needs based on the income and number of persons in the family and any unusual circumstances or hardships which affect the family's ability to pay for school lunches. The information provided on the application will be confidential and will be used only for the purpose of determining eligibility.

Under the provisions of the policy the School Principal will review applications and determine eligibility. If a parent is dissatisfied with the ruling of the local official he may make a request either orally or in writing for a hearing to appeal the decision. The Superintendent of School, whose address is School Administration Building, Stanton has been designated as the Hearing Official.

The policy also provides that there will be no identification of or discrimination against any student unable to pay the full cost of a lunch.

A complete copy of the policy is on file in each school and in the office of the Superintendent where it may be reviewed by any interested person.

Family Size (at home)	Annual Income
1	\$0- 2,740
2	0- 3,600
3	0- 4,460
4	0- 5,310
5	0- 6,100
6	0- 6,890
7	0- 7,680
8	0- 8,310
9	0- 8,980
10	9- 9,600
11	0-10,240
12	0-10,880
Each Additional Family Member	\$640

## German Students Visit Stanton

Two students from Oberursel, Germany visited in the home of Mr. and Mrs. A. J. Atkins last week. Olaf Mielcke, a medical student and Giesela Reitz, a meteorology student. Both were impressed with the wide open spaces of West Texas, the shopping centers of Houston and the uncongested Texas roads.

In Stanton they visited the museum, the hospital and various other sights. Olaf expressed surprise to see a hospital in a town this size, since in Germany one finds these only in the larger towns.

They were very happy that the personnel in both Stanton and Midland gave them a very thorough tour of the hospitals in each town.

The memory of the friendly West Texas people will go with them as they continue their tour through Mexico, and later through California.

Joyce White of Lubbock presented an informative program on muscular dystrophy. The muscular dystrophy has been adopted by the Jaycees-Ettes for their charity drive. Muscular Dystrophy is a hereditary disease characterized by the progressive wasting away of muscles. At this time there is no cure. We hope every one will help us in this cause.

After the meeting was adjourned refreshments were served by Janice Kelly and Mary Jane Gonzales to Jerri Atchison, Kay Lynne Brown, Zolla Hernandez, Sandra Pinkerton, Peggy Sorley, Lorraine Vinson, Patricia Wilson and Carol Barnes.

Jimmy Barnhill was named Jaycee Father of the Year Saturday June 16 at a Father's Day picnic held by the Jaycees-Ettes in honor of the Jaycees. Jimmy was presented with a crown made of paperboard and tinfoil. The crown was made by one of the Jaycees-Ettes children, nine year old Cynthia Atchison.

After running three legged races and bean races, a supper of ham, roast, baked bread, potato salad and tea was served to thirty-nine hungry people. Those attending were the Dewey Andersons, Tommy Atchisons, Jimmy Barnhills, David Browns, Joe Gonzalis, Felipe Hernandez, James Jenkins, David Pinkertons, Peggy Sorley, Bob Vinsons and Bob Wilsons.

A Laredo fireman injured in Nuevo Laredo, Mexico, while on duty is entitled to benefits under the state Firemen's Relief and Retirement Law.

## Hull Reunion

The family of the late Mr. and Mrs. Leonard Hull met at the Community Center in Stanton August 5. Of the eleven children born to the Halls, seven are alive, but only four were present. They were Floyd Hull, Earl Hull, Mrs. J. L. Baugh, all of Big Spring; L. D. Hull, Stamford, Texas.

Edna Davidson, Big Spring and Henry Hull, Hobbs, New Mexico, were unable to attend because of illness. Others attending included: Clyde Hull, Phoenix; Mrs. Elmer Hull, Stanton; Mrs. Thelma Hull, Mrs. Maude Hull, Mr. J. L. Baugh, all of Big Spring; Mrs. L. D. Hull, Stamford.

There were twenty-one grand children, twenty-nine great grand children and twenty-two great grand children attending.

Mr. Mason Coggins and Mr. Sam McIntosh visited during the reunion. A barbecue lunch was served.

## REGISTRATION

(Continued from Page 1)

Girls are to wear dresses or pant suits (that is, matched or coordinated jackets, sweaters or tunics, plus pants.) Shorts, pedal pushers, perms, culottes, etc. are not permissible.

Boys are to wear appropriate boys clothing and wear them in the proper manner. Fads in dress, haircuts or other aspects of personal grooming, such as bleaching of the hair, colored hair spray, side burns and beards, are not permissible. The acceptable length for boys hair will be above the ears, above a dress shirt collar, and not over the eyebrows. Side burns should not extend below the ear lobes.

**Band Programs**  
The Stanton School Band programs will be coordinated with other school subjects this year starting on Thursday, August 16th and continuing into the regular school activities of the year.

No band activities will be scheduled before this date according to George Walker who is director of the instrumental music programs.

Texas Republican leaders are trying to get GOP National Chairman George Bush to come home and run for governor.

## Tree Seedlings Due September 1

Applications for windbreak seedlings can be started September 1 at the Soil Conservation Service office in Stanton, according to Jack Elrod, District Conservationist, with the Soil Conservation Service.

Orders must be for 100 or more trees, in multiples of 50 of any one species. Delivery will begin about mid-December and continue through the first week in March. Seedlings are for use as windbreaks and must not be used for landscaping or ornamental purposes.

Species available this year include Austrian Pine, Honeylocust, Oriental Arborvitae, Osage Orange, and Redcedar. This year's price will be \$3.00 per hundred. For assistance in planning and planting your windbreak contact the Soil Conservation Service Office in Stanton.

## P.C.A. Leaders At

Directors of Western Production Credit Association will have the opportunity to hear one of the nation's top leaders in the field of director responsibility at a PCA Director-Manager Seminar in Amarillo Friday (August 10).

Area participants include J. W. Broughton, Big Spring; Jim Franklin and Wesley W. Williams, Jr., both of Stan-

NEW LONDON, IOWA, JOURNAL: "About the high cost of living — cigarettes sell for about \$2.98 a pound and I don't recall anyone complaining about them being high — yet to pay \$1.89 a pound for beef steak drives some shoppers right up the wall. It's a funny thing, but I know people who'll pay 90 cents or \$1.25 for a drink and never say a word about the 'high cost of drinking' but to pay over \$1.00 a pound for hamburger . . . is a different story!"

## ire Dept. Farmcast

all parts of the state were about on schedule but cold, wet weather increased late plantings.

Peanut acreage for Texas in 1973 is up two per cent from 1972. Acreage now is estimated at 320,000 acres. Weather again delayed the progress, but moisture conditions now are favorable for the development of a good peanut crop.

Wheat production is now estimated at 95,200,000 bushels in Texas; this is more than double the 44,000,000 bushels produced in 1972.

Yield is expected to average 38 bushels per acre, a record, compared with 22 bushels last year. Harvested acres set at 3,400,000 compared with only 2,000,000 in 1972. Wheat harvest for the state is now virtually complete.

Oat production this year is estimated at 26,650,000 bu-

Seeding for the state is complete; acreage is mostly in the High Plains and the southern half of the state.

Rich acreage in Texas this year is estimated at 553,000 acres compared with 469,000 acres in 1972. Harvest of the earliest stands is at hand.

Barley production is estimated at 3,510,000 bushels, compared with 1,980,000 bushels in 1972. Yield is expected to average 39 bushels per acre compared to 33 bushels in 1972. Harvested acres are set at 90,000 compared to 60,000 last year.

Rye production is estimated at 900,000 compared to 630,000 bushels in 1972. Average yield is 18 bushels per acre; harvested acres are set at 50,000 compared to 35,000 in 1972.

## Wishing won't do it. Saving will.

It's fun to daydream during these long lazy summer days or wish upon a star on a clear night. But that won't buy the things you want: those school clothes in the fall, that stack of Christmas presents, maybe a boat or lake lot next summer. Saving can make your dreams come true with an account at First Federal Savings of Big Spring. When your money earns 5% interest you can be as lazy as you like this summer. That's our wish for you.

beef cattle production and income. The event will begin with registration at 7:45 a.m. on August 20 at the Ramada Inn in College Station.

A program concerned with reducing supplemental feed costs is certainly timely according to County Extension Agent Billy Reagor. The short course is designed around pastures, ranges, harvested forages and supplemental feeding.

Emphasis will be given to selection, production and feeding value of improved forages, high intensity-low frequency grazing systems for harvesting rangeland, protein supplement alternatives, mineral supplements and methods of combining various forages for year round grazing systems.

Dr. W. C. McCormick, Head of the Animal Science Department, Tifton, Georgia, will discuss factors effecting animal performance on bermudagrasses, including Coastal, Coastcross one and Alicia.

The producers side of feeding the cow herd will be discussed by Texas cattlemen Wayne Hamilton, La Pryor, Bill Tullos of San Angelo and Percy Turner of Water Valley. Because of the high cost of supplemental feeds it is important to get as much out of pastures and hay as possible. In many places some improvement in the forage program can eliminate the need for protein supplements.

A number of Texas A&M officials will appear on the program and be on hand to answer personal questions. A hay harvesting equipment display and a tour of pasture and forage research work will supplement the program.

Some 500 cattlemen and others with interests in the livestock industry are expected to attend the two day event. The agent encourages all producers from Martin County to attend if possible.

## New Beef Breed To Debut Soon

DICKSON, Tenn.—The Norwegian Red, a breed of beef cattle just recently imported into the United States, will make its debut before the American public at a field day and symposium near here on Sunday, Aug. 26. The premiere, to be conducted under the auspices of Southern Cattle Corporation, will be held at Ridgley Farms some 35 minutes east of the Nashville airport.

Activities will begin at 8 a.m. with a public appraisal of the first and only Norwegian Red cattle herd on the North American continent. On display will be bulls, bred heifers, and young cows with calves from the initial shipment of 60 head, airlifted from Norway to Kennedy International Airport in New York May 3.

School trustees are authorized to purchase insurance to cover cost of litigation and award of damages growing out of official acts.

**BLAIR WEDS VICKI LALE  
IN CHURCH OF CHRIST RITE**

Vicki Lale Blair

ABILENE — Vicki Lynn Lale and Tommy J. Blair of Stanton exchanged wedding vows Saturday afternoon in a double ring ceremony in the chapel of College Church of Christ here, with the Rev. Charles Williams of Christ Church in Albuquerque, N.M. officiating.

The bride is the daughter of Mrs. Robert B. Lale and the late Mr. Lale. Mr. and Mrs. T. J. Blair of Stanton are the bridegroom's parents.

Given in marriage by her brother, Robert B. Lale, Jr., the bride chose an Empire gown of silk organza with puffed sleeves and high collar overlaid with imported Venice lace. Her full skirt swept back into a chapel train. She carried a nosegay of carnations and yellow roses.

Mrs. Bo Whitaker, sister of the bride, was matron of honor, and Carol Leese of Lubbock, the bride's cousin, was a bridesmaid. They wore Empire gowns of brown and white gingham check accented by white pique collars. Their headpieces were white picture hats trimmed in brown ribbon.

James Suags of Sweetwater was best man for the ceremony and John Wright was groomsmen. Seating guests were Robert McReynolds of Sweetwater and Bo Whitaker, brother-in-law of the bride. Harold Lipford was soloist for the occasion.

A reception in West Gardner Parlor at Abilene Christian College followed the wedding. Members of the house party were Mrs. John Wright, Carolyn Hinds, Joice Smith, Mrs. David Ballard, Mrs. Howard Butts, Pam Watson and Trisha Owens.

Following a wedding trip to Southwest Texas, the couple will reside at 810 Burleson St. in Midland, where the bride will teach this fall at Midland High School and the bridegroom is employed at Royal Swimming Pools.

The bride, currently employed at Gay Travel Service, is a 1973 graduate of Abilene Christian College. She has been president of Gata social club and a member of "W" Club, Kappa Delta Pi and Alpha Chi.

Her husband is a Midland College student.

**PLANS MADE** — Mrs. Elida L. Hinojosa of 807 N. St. Joseph announces the engagement of her daughter, Angela, to Juan O. Aguirre, son of Mr. and Mrs. Alberto Aguirre, of Saint Anna St., Stanton. The wedding will be held at 3 p.m. August 11 in St. Joseph's Catholic Church.

**Jes thinkin**

(Continued from Page 1)  
You will be amazed as this editor was when you hear this. There is actually a man living in Stanton who likes taxes and believes that America has only progressed as a result of them. He believes

that the more taxes we pay the better off we will be and less likely to have another depression. This is the first person this editor has met in over 20 years with such an opinion. We all meet plenty of people who like taxes if they are on the receiving end, but not many people who like to pay them.
