

City-wide effort...

# 'Scouting for Food' slated Saturday

Snyder Jaycees held an organizational meeting for Saturday's "Scouting for Food" drive Thursday night with Boy Scout and Cub Scout leaders, and Jaycees president Danny Engle said today that 60 to 70 people will be involved in the door-to-door effort.

Leaders of the three groups in the meeting at Union Supply laid out the city in grids, or areas, for the volunteers to check houses for food baskets on porches. "We want to ask everybody to

slow down, especially in the residential areas, because there will be Boy Scouts in the streets," Engle said.

Donors are asked to fill grocery bags with non-perishable food and leave them on their front porches for the scouts to pick up between 9 a.m. and 3 p.m. Saturday.

The drive actually began last weekend with the distribution of food bags as an insert in the Sunday Snyder Daily News.

Troop 27 Boy Scout master Jack McDonald said his troop alone collected two pickup loads of food last year and that the drive should be much more productive this year with the involvement of several Cub Scout packs and the Jaycees.

"It's for people who need some help in the community," McDonald said.

Bags are still available at Everybody's Thriftway, where Engle works, and Furr's and

Lawrence IGA supermarkets.

The food will be taken to Gentle Dove Ministries, which operates the county food bank for the Scurry County Ministerial Alliance from the basement of the former Bethel Assembly of God Church building at 1411 25th St.

Gentle Dove director Sharon Appleton said today that the drive is especially important because the food bank has only been operating since the first of

October and is just getting started, although it provided food for 496 people in 130 families during its inaugural month.

Appleton said such information as Social Security number, address and the number of people in a household is required, but there are no income guidelines to qualify for food from the food bank.

"We try not to have so many guidelines that nobody gets help," she said.

Ask Us

Q—If the roll-back on taxes passes will it affect county employees and how many, and will taxes on houses go up?

A—These questions have been answered in a number of articles and in an open letter by county commissioners. But, since we have received a number of "ask us" questions similar to this recently, we will answer them once more. The county tax you pay on your house will not go up if taxes are rolled back. It will go down from 39.80 cents to 34.75 cents per \$100 valuation. Roughly, a person paying taxes on a house with a market value of \$50,000 would save approximately \$20. As to the effect of the roll-back, and county employees, certainly the budget would have to be cut. Whether that means cutting employee salaries or reducing the county work force or doing without some county services or a combination of all three, will have to be determined after the election.

## In Brief

### Official probe

TEXLINE, Texas (AP) — Neighbors checking on an elderly man found him dead in this small community on the Texas-New Mexico border, authorities say.

Dallam County Sheriff E.H. Little said his office is investigating the death of Shirley Fox, 76, as a homicide.

"As far as we can tell, someone entered his home, beat him to death and robbed him," Little said. "There is no sign of a forced entry."

Little said authorities have three possible suspects, but no arrests have been made.

SAN DIEGO (AP) — An assemblywoman banned from receiving communion because of her public advocacy of abortion rights says she is troubled by the sanction but will not change her pro-choice position.

Bishop Leo T. Maher took the action Wednesday, one day after Killea began running a series of pro-choice television advertisements as part of her campaign for a state senate seat.

## Raise hike package at Senate now

WASHINGTON (AP) — A hot-potato decision on a big congressional pay raise and ethics package rests in the lap of a skittish Senate with only a few days left before Congress plans to adjourn for the year.

"Formidable, but possible," was how Senate Republican Leader Bob Dole described the task of getting his sharply divided chamber to act before Thanksgiving on the plan approved 252-174 Thursday in the House.

The House approved a plan to raise its pay, and that of other top government officials, by more than 35 percent in less than 14 months. House salaries would soar from the current \$89,500 to more than \$120,000.

With the higher pay, House members would be barred beginning in 1991 from pocketing honoraria checks for speeches before interest groups. They also would be subject to other new rules in the first major overhaul of its ethics rules in 12 years.

The House plan doesn't include a raise for the Senate unless the Senate votes to include itself. (see PAY, page 8)

## Hospital board okays plan for ER coverage

Cogdell Memorial Hospital board of managers approved a proposed contract Thursday with Southwest Medical Associates to provide six-day, 24-hour emergency room coverage here.

In a called meeting, hospital administrator Tom Hochwalt presented the board with a proposal from the Rockport-based physicians group to provide coverage from 7 a.m. Wednesday through 7 p.m. Tuesday weekly at the rate of \$37.75 an hour.

Following discussion, the board gave its approval. Southwest Medical is to begin providing the service on Dec. 13. The okay came a week after

Hochwalt informed the board that a similar agreement with Emergicare of Abilene could not be honored. Last Friday, Hochwalt told the board that a spokesman from Emergicare had underestimated the cost and that the corrected figure would be \$51.25 an hour.

Saying the \$51.25 per hour figure was "cost prohibitive," Hochwalt, after board approval, sought proposals with other firms.

Hochwalt told the board that he believes Southwest Medical uses approximately 300 physicians state-wide, which allows it to provide the service at \$37.75.

Southwest, operating since 1980, currently provides the service in Sweetwater and Borger.

The hospital administrator also told the board that Southwest Medical would not prohibit Cogdell from actively recruiting any of the physicians who might be interested in relocating to Snyder, as long as the recruitment was within the guidelines of the contract.

"It could be a good source of recruiting for us," said Hochwalt.

Board members Dan Cotton, Brenda Hedges, G.A. Parks, Jr., Jim Palmer and Roy McQueen attended the meeting. Jackie Smith was absent, as was ex-officio member Bobby Goodwin.

## Heavy damage caused by noon fire today at college dormitory

The entire top floor of Western Texas College's three-level dormitory appeared to have been heavily damaged today in a noonday fire.

City firemen responded to the call around noon, and they appeared to have brought the blaze under control by 12:25 p.m.

Smoke filled the entire dormitory, including the first floor.

Flames were coming out of a third-story window on the south side of the dorm that was said to have been a room which housed members of the

girl's basketball team.

Firemen took several minutes to set up trucks and hoses, and then four streams of water were directed at the same time through the window and through a nearby metal door at the top of an outside staircase that firemen had succeeded in opening.

There appeared to be no injuries to residents, which were said to number 192.

Clean-up began immediately and college officials were making plans to determine emergency housing for the students.

The feller on Deep Creek says, "Gossip is like a photograph. First it is developed and then enlarged."

Keeping tabs on our neighbors:

The Texas legislature is in special session trying to hammer out some kind of compromise on the worker's compensation crisis in this state. James Roberts, in the Andrews County News, wrote about a recent incident in which an East Texas chicken man was blasted for his interest in reform.

"Wonder why it is that Bo Pilgrim, the frozen chicken operator, was blasted by the media for handing out checks to state senators in the capitol building and nothing was written or shown about trial lawyers.

"Pilgrim, who operates a chicken processing plant at Pittsburg, Texas, which employs 4,000 workers, lobbied senators by handing them a one-page sheet showing them his cost of doing business in Texas in comparison with a similar

plant in Arkansas.

"The premium on his workers' compensation was roughly ten times that of his Arkansas operation. And he tried to pass out \$10,000 checks to seven or eight senators who were serving on the conference committee trying to work out differences between the Senate and House versions.

"Because he handed the checks to the senators on the floor of the Senate along with the one-page statistical sheet on his operations, he was pilloried by politicians and the press alike.

"Yet, according to the latest figures, the Texas trial lawyers' group spent roughly \$750,000 lobbying against the House version of workers' comp reform bill — and no screaming headlines or TV news bites occurred.

Wonder why that is?  
Gene Dow, in the Seminole Sentinel, told about a student who was asked to make a sentence using the words "deduct," "defense" and "detail." The student wrote: "The head of deduct went over defense before the detail."

## To commissioners...

### Dulaney sends letter detailing trip expense

Scurry County commissioners Friday said the court will probably discuss in open court a letter received from District Judge Gene Dulaney regarding a trip the 132nd district judge made last summer to a national judges' school in Reno, Nev.

Commissioners said the discussion should come in its regular meeting on Nov. 27, but court members refused to release contents of Dulaney's letter prior to that time.

Pct. 4 Commissioner Ted Billingsley, who strongly criticized Dulaney Thursday for an operational audit of the county government that the judge has said he might have performed, said "there was nothing illegal" about

the trip but that the letter will probably be discussed as an official communication to the court.

Dulaney said Friday morning he wrote the letter because he had learned that a member of the court had been to the county auditor's office to ask for "checks and receipts" from the trip.

A county official who asked not to be quoted by name said Thursday that Dulaney's wife, Mary, accompanied the judge on the trip but that the judge used his own funds to pay for his wife's expenses and for a side trip the two made to Lake Tahoe.

The county was reportedly billed (see TRIP, page 8)

# County sued over juror oath

AUSTIN (AP) — The daughter of the woman who helped take prayer out of public schools has filed a \$12 million federal lawsuit against Travis County officials,

alleging she was wrongfully jailed for refusing to take a juror's oath. "We have atheists who are afraid to go to jury duty because

they don't know what'll happen to them," Robin Murray-O'Hair, daughter of Madalyn Murray-O'Hair, said Thursday. To object to taking the oath, she said, "you must draw attention to yourself."

"Atheism is not a popular position in our culture. A lot of people are afraid of the social repercussions of doing such a thing," said Ms. Murray-O'Hair, who is Mrs. O'Hair's biological grand daughter and adopted daughter.

A simple declaration of truthfulness, without any religious reference, is all that should be required of any juror, said Ms. Murray-O'Hair.

Ms. Murray-O'Hair initially objected to the words "so help me God" in the oath required of prospective jurors when she was called for jury service in December 1987.

County Court-at-Law Judge Guy Herman waived the oath, but held Ms. Murray-O'Hair in contempt after she refused his offer that she take an affirmation without a reference to God.

Named as defendants in the suit filed Wednesday are the Travis County court system, Herman and the county judge, clerk, sheriff and court bailiffs. It seeks \$2 million in actual damages, \$3 million in punitive damages, attorney fees and \$500,000 from each person who was involved in her incarceration.

DEAR ABBY: This is for "Trish in Easley, S.C." and others among your readers who have chosen to live without television.

Did you know that there is an organization for people who do not have a working television set in their homes and are interested in ridding our society of television dependency?

The Society for the Eradication of Television (SET) believes that TV "retards inner life, destroys human interaction, squanders time and draws viewers into abject addiction." Please spread the word.

SET FREE IN SAN FRANCISCO

**DEAR SET FREE:** You rattled the wrong cage. If you, or others, choose to live without television, it's all right with me, but to crusade in an effort to "rid others" of what you call "television dependence" by doing away with all television sets strikes me as un-American.

The television set may provide some folks with the only human voice they hear for days. It provides news and entertainment for millions of people who cannot—or chose not to—leave the comfort, privacy and safety of their homes.

Granted, there's an excess of garbage on TV—but there are also many educational and worthwhile programs. So, please don't work so hard to "free" me. Enslaved, I'm not.

DEAR ABBY: In a recent column, you said that both men and women need to hear that they are needed, wanted and loved.

I'd like to submit the following proverb I read somewhere many years ago that might help solve this eternal man-woman misunderstanding.

DEAR CARL: I believe that

both men and women give sex to get sex, but in order to get love, they must both give love.

DEAR ABBY: I need help and do not know where to get it. I have been both bulimic and anorexic on and off for about four years. I have coped and dealt with the problem in the past, but bulimia, which I have now, is an ongoing illness, something I turn to whenever I am down.

I am too ashamed to tell my family, and the career I am in (modeling) does not help. I know of many other models who are in the same or similar situations.

Abby, I can't deal with this anymore. I don't have the money for extensive counseling, and I don't know how to find a counselor whom I can trust to really help me. There are a lot more like me out there—more than any of you know. Maybe this will encourage others to get help, too.

## Congressional pay raise...

# Some Texans vote no after they thought bill would pass

WASHINGTON (AP) — Several Texas congressmen who waited until the last minute to vote against a \$30,000 pay raise — when it was clear the bill was going to pass — say they had already made up their minds.

But others, who voted early and voted yes on the ethics package and pay raise, say the late voters were benefitting from their no vote while still profiting from the increase in salary.

"Never love your job so much you're afraid to lose it and be ready to do what is necessary," says Rep. Albert Bustamante, who voted for the pay raise and ban on honoraria — speaking and appearance fees from special interests.

"I didn't want to be like the rest of the people, who voted no on the convenience they could hide behind a no vote. It was a little bit hypocritical, waiting until the very end, making sure that everything was safe," said Bustamante, a San Antonio Democrat.

The Texans who waited until the last minute were among dozens of House members who cast their vote on the ethics package after an overwhelming majority of their colleagues had made sure the pay raise, which boosts their salaries from \$89,500 to more than \$120,000 by 1991, would be approved.

The bill passed 252 to 174, just 10 months after intense public criticism forced the House to re-

ject a 51 percent pay increase. Sixteen Texans voted for the package and nine voted it down. There is one vacancy in the 27-member delegation, and Rep. Jack Brooks, a Beaumont Democrat, is hospitalized and did not vote.

"In the final analysis, I really think I would feel hypocritical voting no, knowing it was going to pass, knowing the work of the president and both parties (on the bill) and then taking the money next year. I just wouldn't

feel right about it," said Rep. Michael Andrews, a Houston Democrat.

Freshman Rep. Greg Laughlin, who was among those voting at the last minute, said he wanted to see "how the vote was going." Nevertheless, "I intended to vote no and I did."

Laughlin said he casts up to 30 percent of his votes when there is no time left on the clock and "I don't seek any hypocrisy in that."

The West Columbia Democrat said he campaigned last year knowing what he would earn and did not feel it appropriate to lobby for a pay increase.

Another freshman, Democratic

Rep. Pete Geren of Fort Worth, said he voted toward the end but that his position against the raise has been clear since his campaign this summer.

"I was committed to a public no from the very beginning, so I wasn't waiting on seeing if it would pass or fail on my vote," Geren said. "I can't say the exact minute I voted, but from the beginning of the debate, I had a public position of opposing it."

## Replacements ordered by AF

SAN ANTONIO (AP) — San Antonio Air Logistics Center officials are warning bases with C-5 cargo planes to replace four hydraulic system lines, in the wake of a fire on one of the planes at Kelly Air Force Base.

Air Force engineers determined the aluminum return lines on the plane permitted hydraulic fluid to feed the fire once it erupted, said a statement issued by the Air Logistics Center.

"Bases are instructed to remove the four aluminum return lines and replace them with stainless steel lines which will be manufactured at each base," the Kelly statement said.

No cause of the Nov. 7 fire has been pinpointed, and an Air Force Mishap Investigation is probing the incident.

Seven base employees, including civilian workers and firefighters, were injured in the C-5A blaze. All were released from hospitals by the following day.

Hydraulic fluid activates flight controls, flaps and landing gear aboard the aircraft. Return lines carry hydraulic fluid to reservoirs for storage until it is needed.

would be juicy. But then South asked himself why a vulnerable East would risk bidding four hearts. Perhaps he held an unusual distributional hand. Finally South chose to believe that East was on solid ground, so South bid five diamonds, not really expecting to make it.

West led K-A of clubs and declarer ruffed. It was not hard to figure out why West didn't lead hearts — he had none. South played two rounds of diamonds and then a third round, just in case either defender would be foolish enough to throw a spade from four of them. He played dummy's A-K-Q of spades, throwing a heart, and then played the last spade. He thought of ruffing this spade and leading a heart. He could then make the hand if West had started with a singleton ace of hearts. But that did not make any sense. So declarer threw still another heart on dummy's last spade. West won the trick but had nothing left except black cards. Whatever he led, declarer would ruff in dummy and shed his last losing heart to make the contract.

If your partner opened with one no-trump, showing 15-17 high-card points, and you held an ace, wouldn't you think an opponent would have a hard time making four hearts? South was confronted with just such a situation. What's more, the opponents were vulnerable, so maybe the penalty

# Tigers set for final grid tilt

## Snyder entertains Monahans in Tiger Stadium at 8 p.m.

By PHIL RIDDLE  
SDN Sports Editor

The Snyder Tigers football team will take to the gridiron for the last time this season tonight against District 4-4A runner-up Monahans.

The Tigers, 2-7 on the year, fell to Big Spring a week ago, 28-16, in the most productive offensive game this year for Snyder.

First time starter Ed Rios came in at quarterback against the Steers and threw for 130 yards on six completions, in-

cluding connections for 35 and 42 yards.

The backfield tandem of DeWayne Cato and Shelby Bufkin each gained 102 yards during the contest, fullback Cato on 13 carries, tailback Bufkin on 12. Cato rushed for both Snyder touchdowns last week.

Cato's total for the year is 423 yards on 79 carries for an average of 5.4 yards per rush and five touchdowns.

Bufkin has rolled up 218 yards on 37 attempts for an average of 5.9 yards per run.

According to Coach David Baugh, the Tigers may do a few things differently on offense this week.

"We feel like we're a little bigger than they are so we're going to try to muscle them a little bit."

"Well probably line up with two tight ends some Friday to double team them some," he said.

Terry Snyder and Hayward Clay will be lining up as the tight ends in the double tight end formations for the Tigers.

Their strength defensively, according to the SHS staff, is their quickness.

"They're not so big," noted Baugh, "but they move to the ball real well defensively."

Monahans' defensive unit is ranked third in the district giving up 243.6 yards per contest. They have allowed a meager 766 passing yards in nine games.

They are first in the district in points allowed with 114, third in first downs allowed with 115 and they have allowed just 62 pass completions on 155 attempts this year.

The Tigers' defense is currently in second position in the district giving up just 225.3 yards per outing.

The Black and Gold defenders forced four turnovers last week, two fumbles and two interceptions.

Senior cornerback Bert Merritt snagged both interceptions and batted down several other pass attempts against Big Spring.

The interceptions and fumbles last week bring the Tigers' total number of turnovers claimed to 24 on the season.

Defensive tackle Jody Iglehart's sack of Big Spring quarterback Rance Thompson last week, set a new single-season sack record for Snyder High School.

Iglehart's 11 sacks surpasses by one the mark set last season by Benny Miller.

Merritt, Iglehart and the rest of the Snyder defense will be fully aware of Joey Munoz in the Monahans backfield.

Munoz has amassed 660 yards in 1989 to place him in third position among loop runners.

He has scored nine TD's and averages 5.5 yards per carry.

"They run more than they pass, of course," said Baugh of the Lobos' offense.

"Their quarterback is a bootleg, sprint-out type. He scrambles well and he's hard to contain."

The Lobos' trigger man, Steven Ward, has some impressive numbers of his own during the current campaign.

He has passed for 767 yards and 10 touchdowns for the season.

His favorite target is Rene Sanchez who has raked in just nine passes this year but has turned them into 155 yards of offense for Monahans.

Mark King, junior safety for the Tigers, sustained a minor ankle injury this week and is listed as questionable for the Monahans tilt.

If King is not able to play Friday his replacement would be senior Randy Morris.

Senior football players, Jayson Presley, Willie Garcia, Toby Goodwin, Charlie Guynes, Merritt, Greg Kiker, Iglehart, Kevin Murdock, Bill Hodges, Bart Morton, Robert Palacios, Tommy Lane and Morris will be introduced, along with their parents, prior to the 8 p.m. kick-off tonight.

The Monahans-Snyder battle will be broadcast on a tape-delay basis on Snyder Cablevision channel 2 Sunday at 3 p.m.

## Dusters Claim win in Howard tourney

"It wasn't pretty," said WTC women's basketball coach Kelly Chadwick, "but we'll take it."

Chadwick's comment came on the heels of a 69-46 win over a hapless Weatherford Junior College team at the Howard College Crossroads Tournament in Big Spring Thursday.

"Our problem was execution," Chadwick explained. "Some of our freshmen are still learning this system."

The Dusters began with their accustomed quick start taking a 7-2 lead in the opening minutes and stretching it to a 27-12 advantage just before the half.

The opening minutes of the second half saw the Dusters getting sloppy with their shooting, with their ball handling and with their defense.

The WTC five were held scoreless for the first 3:10 of the last half of play as WJC moved to within six at 27-21.

A time-out by Chadwick to re-

gather the troops and a switch to a man-to-man defensive strategy pulled the WTC women together for the stretch.

Bobbie Brown hit a three-pointer to extend the lead to eleven points at 34-23 and the rest of the contest was coasting for the Lady Dusters.

Tami Wilson led the scoring for the Western Texas women with 14 points. Wilson dropped five shots from the floor and was a perfect four-for-four from the free throw line.

Tracy Rome, back in action following an injury, poured in 13 points for WTC on four shots from the court and a 5-7 free-throw performance.

Bobbie Brown added 11 points to the total for the Blue and Green, including two three-point goals.

The Dusters will be in action at the Big Spring tournament again today as they face Temple Junior College at 4 p.m. and tomorrow battling Blinn College in a 4 p.m. contest.

WESTERN TEXAS COLLEGE: Jones 2-3-7, Brown 4-1-2-11, Gladden 3-3-8, Stockett 3-2-8, Edmunds 2-2-3-6, Forrest 1-0-2, Rome 4-5-7-13, Wilson 5-4-4-14, TOTALS 24-18-24-69.  
WEATHERFORD JUNIOR COLLEGE: Singleton 2-0-4, Brown 3-1-2-8, Bunting 2-4-4-8, Jones 3-0-3-7, Subia 1-0-2, Cocks 5-1-2-11, Simmons 2-2-2-6, TOTALS 18-8-13-46.  
3-point goals: WTC 3 (Jones 1, Brown 2), WJC 2 (Brown 1, Jones 1). Total fouls: WTC 15, WJC 20. Fouled out: Weatherford-Brown.  
Halftime score: WTC 27, WJC 18.  
Records: WTC 7-1.

## Westerners thump WOC at Levelland

The Westerners of WTC pushed their season mark to 6-0 with a 118-80 win over Western Oklahoma College at the South Plains Classic in Levelland Thursday.

Offense once again was the key as the WTC gang banged out 69 first half points and limited their opponents to just 36.

Sophomore Ken Critton led a group of six Westerners in double figures for the game.

Critton posted 16 points on seven field goals and a pair of free throws.

He was followed by Cedric Mason who had 14 points, including two three-point shots.

Allen Smith and Ray Johnson each poured in 13 points trailed by Alfredo Porter and Tony Joyce at eleven.

WTC's men are in action again today as the tournament in Levelland continues.

Workers' comp...

# Senate committee oks increase in benefits

AUSTIN (AP) — State lawmakers moved a step closer to revamping the Texas workers' compensation system as a Senate committee approved bills that would raise benefits and require employees to carry the coverage.

State Board of Insurance approved a 22 percent increase in workers' comp insurance rates and berated special interests that take advantage of the system. "Everyone is abusing the system," said board member Richard Reynolds of Flower Mound.

Board member Jo Ann Howard of Austin described the current no-fault insurance designed to compensate injured employees as a quagmire dominated by doctors, lawyers, employers, and employees. The new rates, upping premiums by approximately \$600 million, will go into effect no later

than Jan. 1. The two bills by Hobby would raise weekly benefits from \$238 to \$416 and phase in mandatory comp coverage by 1995 for all employers that have four or more employees. But critics of Hobby's plan say it will deprive workers of a basic right — a meaningful jury trial in disputed comp claims and it would set a specific schedule on

what an injury is worth, regardless of how it affects the employee. In the middle of the fray are Hobby and Sen. Carl Parker of Port Arthur, who has co-written an alternate reform plan with Sen. Kent Caperton, D-Bryan. That is preferred by labor and by attorneys who represent injured

workers in disputed workers' compensation cases.

## Pay raise in Senate's lap

Continued From Page 1

Enemies of the pay raise were trying to turn up the pressure against it. Ralph Nader, the consumer advocate who helped kill a proposed 51 percent pay raise just 10 months ago, called the new plan a "legislative pay-grab wolf in a minor ethical reform sheep's clothing."

Dole and Senate Majority Leader George Mitchell, D-Maine, scheduled an unusual caucus of both parties, behind closed doors, to hash things out

this morning. Everyone agreed there was a wide divergence of views.

The Senate could vote to give itself no raise but let the House and others get theirs. Or it could buy into the whole deal, kill it or choose something in between.

"The leadership is pushing hard for us to adopt the House package," Sen. Bob Packwood, R-Ore., said Thursday. "Apparently, it must be a close vote."

## Trip expenses are detailed

Continued From Page 1

ed for Dulaney's expenses, including a night's stay in Las Vegas enroute to Reno.

The Reno judges' school is a nationally recognized seminar which numerous judges from around the nation attend annually, to update themselves on changes in the law and to gain more accreditation.

Dulaney said he saw Billingsley recently and the senior court commissioner told him the commissioners "were not checking up on me."

"As far as I'm concerned, that's the end of it," Dulaney said.

Billingsley said the bills from Dulaney's trip "just came through" as part of the court's normal review of monthly bills. The commissioner said he could not remember the total amount that the county was billed for the trip.

The commissioners court and Dulaney have been at odds since Dulaney ordered an "operational audit" of county records on Oct. 16.

Dulaney designated the accounting firm of Coopers and Lybrand of Lubbock to perform the audit. Two representatives from the Lubbock office were in Snyder Tuesday and Wednesday. The two auditors met informally with commissioners Wednesday afternoon and indicated four initial areas of interest for a more intense audit.

These include the county-owned Cogdell Hospital, the hospital's financial transactions with the Texas Department of Criminal Justice, the county airport, and the Board of County Development.

If Dulaney determines additional audit work is required, the auditors said it would begin around Dec. 1. The auditors, Ben Robinson and Daniel Winders, estimated that their work could cost as much as \$22,500.

Commissioners have objected to the audit, saying it is a duplication of work already being done by an outside auditor, and an expense that is not needed in an already tight budget.

The county also faces a Jan. 20 roll-back election of the 1990 tax rate which was set at 39.80 cents per \$100 valuation. The election would roll back the tax rate to 34.75 cents.

Dulaney and Scurry County are defendants in a civil suit filed by the former county auditor and his chief deputy. Dulaney refused to reappoint B.J. Bartels to the auditor's position for his refusal to terminate Ann Walton as an employee in the office. The judge objected to Walton's support of Dulaney's opponent, Pete Greene, in last year's general election.

Bartels and Walton filed suit against the district judge, and the county was later added as a defendant. The plaintiffs seek reinstatement and back pay. No trial date has been set.

## Lutheran, Episcopal churches set special services on Sunday

Grace Lutheran Church, yoked with St. John's Episcopal church, will hold a Service of Installation and Celebration of a new ministry Sunday for the Rev. Arlynne C. Turnquist who is their pastor-priest.

The worship service will begin with a procession into Grace Lutheran Church where the Liturgy of the Word according to the Lutheran Church will take place. Following the Liturgy, the congregation will drive to St. John's with a procession into the Episcopal Church for the joint Celebration of the Eucharistic Liturgy by both the Lutheran and Episcopal Bishops, officiating together.

Bishop Mark B. Herbener of Dallas, of the Northern Texas-Northern Louisiana Synod, Evangelical Lutheran Church in America, and the Right Reverend Sam B. Hulse, of Lubbock, Bishop of the Diocese of Northwest Texas, Episcopal Church U.S.A., will be the presiding ministers.

Rev. Turnquist said, "It is an occasion to have two Bishops in the same place at the same time, especially two of different denominations." She also said that the processions should be "something to see," with the flowing, colorful robes.

All area clergy are invited to be in clerical vestments, (green stoles), and take part in the processions. Members and friends in the community are also invited to take part in the processions.

A reception will be held following the worship service at St. John's Parish Hall. Rev. Turnquist is a graduate of Augustana College in Rock Island, Ill., The University of Iowa, and Luther Northwestern Theological Seminary in St. Paul, Minn.

She was ordained Oct. 29 at Svea Evangelical Lutheran Church in Svea, Minn.

Rev. Turnquist has lived and worked in New Mexico, Iowa, Los Angeles, and Houston, where she was women's counselor at the University of Houston.

She lived in London for six years and had lots of contact with the Anglicans. She was a psychiatric nursing sister at

Westminster Hospital Group, which is associated with Westminster Abbey.

West Texas has been a change to Turnquist, but she admits to liking the region, especially the people. "I'm willing to help the people," she said, further commenting that the yoking together is being done so that both churches may stay alive.

Worship services will be held at both churches, with a joint Sunday School to be held at Grace Lutheran Church at 9:50 a.m. At 8:45 a.m., worship services will be held at Grace, then at 10:45, worship services will be held at St. John's. Rev. Turnquist said that after about a year, the schedule will switch with St. John's having early worship and Grace having late worship.

A special, joint, Thanksgiving Eve Service will be held at Grace Lutheran Church at 7 p.m. Wednesday.

## Jury finds boy innocent of slaying

FORT WORTH, Texas (AP) — A Fort Worth police sergeant says he is still convinced that police were right to charge a 12-year-old boy with a teacher's slaying, even though a jury took just one vote to acquit the boy.

A jury deliberated less than two hours Thursday before clearing the boy of murder charges in the stabbing death of 24-year-old Jana Simpson. She was stabbed 17 times outside a Fort Worth elementary school classroom building Aug. 28.

"They (jury members) told me

they took one vote and it was not guilty all the way around," said the boy's attorney, Earl "Ernie" Bates.

The case hinged on the boy's admission that he killed the teacher, a statement he made after two hours of police questioning Sept. 6. The boy recanted the admission that day.

State District Judge Scott Moore allowed the boy's "I killed the teacher. I killed the teacher" statement from the Sept. 6 questioning admitted into the testimony.

But he disallowed most of the boy's statement to police, ruling that the boy's alleged confession was improperly obtained.

The confession was the most damaging piece of evidence against the boy. No physical evidence linked him to the slaying, authorities said.

Despite the weak case, police sergeant Paul Kratz said he makes "no apologies" for his department's handling of the questioning.

"We still feel very confident that we charged the right per-

son," Kratz said. After the verdict, Miss Simpson's father, Mike Simpson of Longview, said he still had faith in the jury system, and said he intends to get on with his life.

"For me it means that the final chapter of my daughter's life is over, and I've got to get back to work," he said.

On Wednesday, the boy told Moore out of the jury's presence that he was pressed into a confession by a police detective who showed him pictures of Miss Simpson's dead body.

## Annual Thanksgiving service set Sunday

Scurry County Ministerial Alliance will sponsor its annual Thanksgiving service at 7 p.m. Sunday at Colonial Hill Baptist Church.

A choir composed of young people and adults from all participating congregations will rehearse at 6 p.m. prior to the service. Participants will include laymen and church staff members from local churches. Rev. Rusty Dickerson, pastor of Trinity United Methodist Church, will deliver the sermon.

Rev. Steve Smith, pastor of First Presbyterian Church, is president of the alliance.

## Dr. Gott

Peter Gott, M.D.

By Peter H. Gott, M.D.

**DEAR DR. GOTT:** I'm a 19-year-old female recently diagnosed with Crohn's disease. I know what I'm not supposed to do, but I don't know much about the disease. Also, can I get pregnant and successfully carry the baby for nine months? I recently married and am thinking of my future.

**DEAR READER:** Crohn's disease, or regional enteritis, is a chronic inflammatory disease of the terminal small intestine and colon, causing chronic diarrhea, fever, weight loss and poor health. The cause is unknown; treatment consists of diet, antibiotics, cortisone and — if serious complications, such as abscesses, develop — surgery.

You need to have as much information as you can get about the disease. I urge you to pester your doctor until he or she answers all your questions. For example, the issue of pregnancy is of enormous importance but cannot be addressed except by a doctor who knows your case in detail.

Crohn's disease is a serious enough problem to warrant the care of a gastroenterologist. In dealing with the practical aspects of the disease (and obtaining emotional support), you may be helped by contacting the National Foundation for Ileitis and Colitis at 112 North Hamlin Ave., Park Ridge, IL 60068.

**DEAR DR. GOTT:** All my life, I've had a tendency toward diarrhea because of being nervous. Now that I'm in my 60s, my stools are misshaped. Is this a result of old age, or is something wrong?

**DEAR READER:** A change in bowel habits is something that should be brought to your doctor's attention. People who have spastic colon (irritable bowel) or other causes of loose stools when they're young may notice a gradual change toward firmness as

they age. Thus, the constipation of the elderly may result in more normal evacuation.

Nonetheless, a change in bowel habits may also reflect disease, such as tumors or scar tissue causing partial blockage. After examining your colon and obtaining certain tests such as, sigmoidoscopy, a doctor can advise you whether your bowel changes can be ignored or should be treated.

To give you more information, I am sending you a free copy of my Health Report "Irritable Bowel Syndrome." Other readers who would like a copy should send \$1.25 with their name and address to P.O. Box 91369, Cleveland, OH 44101-3369. Be sure to mention the title.

**DEAR DR. GOTT:** I have a problem with my fingernails being sore whenever I don't have nail polish on them.

Almost immediately after removing polish, they begin to hurt. If I leave the polish-off overnight, I'm awakened by the pain. Some people think I'm crazy; manicurists have never heard of the problem. Can you help me?

**DEAR READER:** The longer I practice medicine, the more convinced I am that bizarre symptoms, such as yours, may indicate physical problems — although on first reading your question, I was tempted to conclude that you have an emotional basis for your nail pain. I have never heard of nails being sore without nail polish. I think you should be examined by a dermatologist; perhaps you have an abnormality to explain your very unusual complaint. Let me know what the specialist concludes.

### Insurance heir receives 5 years

HOUSTON (AP) - Insurance heir Shearn Moody and a former associate have been sentenced to five years in prison for concealing assets from a court-appointed bankruptcy trustee.

Moody, of Galveston, who is serving a five-year prison term in a federal prison at Fort Worth for fraud, and Norman Revie were given the terms Thursday by U.S. District Judge Kenneth Hoyt. The sentences will run concurrently, meaning Moody will not have to serve any additional time.

The judge also fined both men \$10,100 each.

Moody denied that he had concealed assets and offered to submit new documents that he claimed would prove he is innocent.
