 Howard County Junior College Board President Dr. John Freeman, center, presents a resolution approved by the board to LeAnne and David Byrd for their endowment of a scholarship in honor of LeAnne's parents, Lee and Dorothy Straley.

**Special to the Herald**

During their meeting Monday, Howard County Junior College Board trustees approved resolutions accepting several grants and donations, including a resolution recognizing the Lee and Dorothy Straley family for their support.

The family's donation creates the Lee and Dorothy Straley Endowed Scholarship which will be a valuable resource for students.

"The Straley's bedrock belief in education and learning is the foundation for this scholarship," said Dr. Cheryl Sparks, Howard College President. "They lived a motto, 'Work hard, do what is right, and go forward knowing that you have done the very best you can,' that carried forward to their future generations."

The resolution was accepted by LeAnne and David Byrd. LeAnne is the daughter of Lee and Dorothy Straley. "I wanted to do something to honor the memory of my parents and their belief in the foundation of learning. They were always striving to educate the family to look ahead to what is possible, to educate yourself and learn more about the world and how it works," said Byrd. "My parents believed that education should be earned and not given and wanted everyone to understand the value and cost of an education both to the student as well as their family."

The scholarship will have priority consideration for students residing in Tom Green County and attending

## Local gym raises awareness of veteran suicide

**Special to the Herald**

Every day, 22 veterans take their own lives. That's 22 too many. At least that's what a local gym thinks, so they are doing something about it. On Saturday, October 1st, WesTex Fitness is holding their 3rd annual 22-mile ruck to raise awareness of veteran suicide.

"We've done this for the past couple of years, and it's one of the most physically painful things I've ever done. But I think about the pain they've endured in their service and beyond, and it pales in comparison. We just hope that this small gesture can show support for them and their families." A member of the gym, Ben Herron, chimes in, "When I found out they did this every year, I was touched. As a veteran, I've lost more friends to suicide than to combat. I think it will help veterans to know people care."

But what is a 22-mile ruck? It's a 22-

mile walk similar to what service members do while they are serving. In combat, it is common for service members to have to walk long distances while carrying their gear. This event seeks to emulate this endeavor to some extent.

Even though it is likely to be difficult and painful, a large group is expected for the seven-to-nine-hour event. Some will be wearing "boots and utes," combat boots and a camouflage uniform, and carrying a "ruck," or military backpack. Others will be wearing shorts and running shoes and pushing strollers. Flags are expected to be a common item and spirits will be high. No matter how they are dressed, all will have veterans on their minds.

"Big Spring is one of the most supportive communities for veterans that I have ever lived in," said Herron. "I hope they come out to support this." That said, there are many ways to support this event.

First, the public is invited to partici-

pate in the ruck itself. The event starts at WesTex Fitness located at 1011 E. 11th Place, Big Spring, Texas at 3 p.m. on Saturday, October 1st.

Another way to support it is to volunteer at one of the aid stations. The 22-mile course meanders through most of the city of Big Spring with three aid stations planned. The first will be located at the state park entrance at the 5-mile mark. It plans to operate from 4:30 to 5:30 p.m. The second will be located at Hillside at the 11-mile mark, which will run from 6:15 to 7:45 p.m. The final aid station will be located at the VFW on Driver and will be manned from 8:15 to 9:45 p.m. Volunteers are needed to man the aid stations and to donate snacks, drinks, and first aid.

Another way to show your support is to honk and wave if you see them walking through town. The best way to show support, however, is to reach out to a veteran, or several, simply to say, "We've got your six."

## Howard Co. Commissioners name Coker as new county extension agent

**By PATRICK GONZALES**  
 Herald Staff Writer

The Howard County Commissioners court held their regular meeting on Monday, Sept. 26, in the County Court Room on the third floor of the Howard County Courthouse. The meeting began as usual with Howard County Judge Kathryn Wiseman leading the meeting with U.S. and Texas pledges. Following the pledges, the public was allowed to address the court if they chose to do so. There was no public comment as no one chose to address the court.

Judge Wiseman began the meeting starting with her items of business but also made aware that some items on the agenda have already been taken care of prior to the meeting.

The first item presented by Judge Wiseman was the consideration of allowing Dudley Speed, Regional Director with the Texas Department of Emergency Management, to occupy an office space within the Howard County Courthouse. The commissioners court voted unanimously not to approve the item, with Precinct 3 Commissioner Jimmie Long making the motion, followed by Precinct 2 Commissioner Craig Bailey seconding. Before voting Commissioner Long addressed the item, citing that there is limited space at the courthouse and could potentially create conflict with other offices.

The second item presented by Judge Wiseman was the consideration of extending an offer of employment for the new County Extension Agent. Judge Wiseman advised that the

commissioners court had previously interviewed Mr. Chad Coker for the role. The commissioner court voted unanimously to offer the position to Mr Coker. Mr Coker is set to start as soon as this upcoming Monday.

The third item presented by Judge Wiseman was the consideration and approval of a cooperative agreement between Midland College and Howard County related to BAC (blood alcohol testing). The court voted unanimously to approve the item.

The last item for Judge Wiseman was the consideration and approval of a Howard County subdivision plat application for a proposed new subdivision in Precinct 1. The item was tabled for a later discussion as Precinct 1 Commissioner Eddilisa Ray advised that they had received a revised plan minutes before the meeting and had not had time to review.

Howard County Treasurer Sharon Adams presented her items next which included personnel considerations and the treasurer's monthly report. Both items presented by Adams were approved unanimously.

Howard County Auditor Jackie Olson presented her items next. Among the items presented by Olson included invoices, purchase requests, monthly financial reports, update changes for the purchasing policy and the transfer of ARPA funds. All items were approved unanimously by the commissioners

the Howard College San Angelo campus.

Additional preferences are:

- nontraditional students
- students working 3/4 to full time or recently laid off
- student who do not qualify for federal financial aid

The scholarship can be used for short-term continuing education classes such as welding, certified nurse aid, phlebotomy, etc.

"We are so appreciative that LeAnne and David chose Howard College to be a vessel in honoring their family," added Sparks. "The scholarship fund is endowed and is also open to other contributors who would like to make a donation to the scholarship and continue the legacy of education started by Mr. and Mrs. Staley."

"We want students to know that as they go forward with their education, there are people they don't even know, that believe in them and support

them," added Byrd.

In other business, Howard College Executive Vice President Amy Burchett told the trustees that a timing issue is making the college's fall enrollment seem lower than it actually is.

"The Texas Higher Education Coordinating Board sets a census date for every semester term," Burchett said. "What that is, in the 16-week long fall semester, it's the 12th class date. So on that 12th class date, they take a snapshot of your enrollment, and that is your enrollment according to the state. Period."

Burchett said scheduling difficulties caused many Howard students to not be enrolled by the 12th class day.

"If you'll notice, on the census date enrollment, it looks we are down by about 17 percent as a district," she said. "But what happened is, unfortunately, we had some schools that were struggling with some buses. It was primarily at San Angelo, our largest school, they were struggling with bus routes getting things organized at the first of the year, and we were not able to get those students enrolled by that 12th class date."

Burchett said 791 of Howard's 4,590 students registered for classes after the 12th class day.

"They will be counted in our enrollment, but when you see Coordinating Board reports versus some of the internal reports that we share with you, that's where the difference comes in," Burchett told trustees. "Years ago, we just decided its better to share with the board the Coordinating Board numbers, because that's what we will be paid on."

The board approved a resolution of support for the San Angelo campus' partnership with Aeromotor Windmill Company of San Angelo.

"We had a company - Aeromotor - they are in the windmill field. We're not talking about the wind turbines, we're talking about windmills, and there is a need for people who know how to work on those things," said Dr. Sparks. "They came forward to work with our people and they are ready to give us a windmill that will be on our campus, and we will be doing the training."

Sparks said the San Angelo Chamber of Commerce has voiced support for the program, and Aeromotor will also provide faculty support. The board approved the resolution in support of the program.

court. Olson also presented the commissioners court for consideration the disposal of assets (old computer equipment). No action was taken at this time on the item by the commissioners court.

The next of item of business presented came from the Howard County Sheriffs office which was the consideration and approval of a civil fee. Sheriff Stan Parker was not present at the meeting but Chief Deputy Dean Restelli presented the item on the Sheriff's behalf. The item was approved was unanimously by the court.

Howard County Road Engineer Brian Klinksiek addressed the commissioners court next. Klinksiek first presented his roadway maintenance update. Klinksiek advised the installation of the culvert on 11th Place extension is coming and is anticipating to pour concrete this Wednesday. The anticipated completion date for the culvert is expected for next Wednesday. The next item Klinksiek presented was the consideration and approval of updating the county's inter-local agreement with the City of Coahoma. The item was approved unanimously. Next, Klinksiek presented the commissioners court with a first

reading to name a private road in Precinct 1. Per Klinksiek no action was needed at this time due to it being a first reading.

Howard County Clerk Brent Zitterkopf presented his items business next. The first item presented by Zitterkopf was his County Clerk's monthly report for August, which was approved unanimously. Zitterkopf's next item of business called for the commissioners court to hold a public hearing regarding the renewal of the county's order to adopt it records archive plan for 2022-2023. Zitterkopf advised that the order is the same as the current one the county is under, and that there were no changes being made. Judge Wiseman then allowed for the public to comment on the matter but again no one chose to address the court. The item was approved unanimously.

Before the meeting ended, Pct. 3 Commissioner Jimmie Long made an announcement that the Justice of the Peace office in Coahoma will be moved into the Howard County Courthouse on the third floor temporarily. Commissioner Long advised that renovations would soon begin at the office in Coahoma and that a completion and re-open date is expected for November 20th.

Following Commissioner Long's comments the meeting was adjourned.

# Pop singer Shakira to face trial over tax fraud in Spain

BARCELONA, Spain (AP) — A Spanish judge on Tuesday approved a trial for Colombian pop singer Shakira on charges of tax fraud.

Spanish prosecutors accused the entertainer in 2018 of failing to pay 14.5 million euros (\$13.9 million) in taxes on income earned between 2012 and 2014. Prosecutors are seeking an eight-year prison sentence and a hefty fine if she is found guilty of tax evasion.

Shakira, 45, has repeatedly denied any wrongdoing and rejected a deal with authorities to avoid going to trial. Her public relations firm has said that she has

already paid all that she owed and an additional 3 million euros (\$2.8 million) in interest.

The court based in the town of Esplugues de Llobregat near Barcelona said that Shakira will face six counts of tax fraud. The date for the trial has yet to be set.

The case hinges on where Shakira lived during 2012-14. Prosecutors in Barcelona have alleged the Grammy winner spent more than half of that period in Spain and should have paid taxes in the country, even though her official residence was in the Bahamas.

Shakira, whose full name is Shakira

Isabel Mebarak Ripoll, has been linked to Spain since she started dating soccer player Gerard Pique. The couple, who have two children, used to live together in Barcelona but recently ended their 11-year relationship.

Spain has cracked down on soccer stars like Lionel Messi and Cristiano Ronaldo over the past decade for not paying their full due in taxes. They were found guilty of evasion but both avoided prison time thanks to a provision that allows a judge to waive sentences under two years in length for first-time offenders.

Special to the Herald

Twenty-two Coahoma High School student athletes have been selected to serve on the first Athletic Council for the 2022-2023 academic year.

These student athletes have committed to meet with CISD coaches during the year to discuss upcoming events and issues. They will then pass on that information to their peers. The athletic council was created to enhance communication between the student athletes and the CISD coaching staff and the community.

## 'Whoa, 98-0': Coach of team on end of huge loss OK with it

By ERIC OLSON

AP College Football Writer

Two days after his Warner University football team lost 98-0 to Stephen F. Austin in one of the most lopsided games of all time, Dialleo Burks channeled his inner P.T. Barnum.

Like the 19th-century circus impresario once said, there's no such thing as bad publicity. It was in that vein that Burks recalled a conversation he had last week with the production manager for the ESPN+ streaming service that carried Saturday's blow-out.

"Nobody knows about Warner, but they're going to know about you after this game," Burks said Monday, quoting the production manager. "He didn't say we were going to get

beat 98-0 or we would come out victorious. He said people would know about Warner. Now there's a chance for people to see what we're doing, and you can take that from a good side or a bad side. I know how we're looking at it."

Burks is in his first season at the small Christian school in Lake Wales, Florida, and he sees the high-profile loss as a building block for his program and a lesson for his 121 players.

Ordinarily, the game would have never been played between the Lumberjacks, who play in the Football Championship Subdivision, the college game's second-highest level, and the Royals, who are in the National Association of Intercollegiate Athletics, the lowest tier.

A late change in the membership of the reformed Western Athletic Conference left Stephen F. Austin and other WAC teams scrambling for games. Warner needed one game to fill out its schedule.

The schools signed the contract in July. SFA paid Warner a \$75,000 guarantee for traveling to Nacogdoches, Texas, as well as a \$11,250 hotel stipend and 90 post-game meals.

No one expected a fair fight, and it wasn't.

SFA (2-2) was the unanimous preseason pick to win the WAC, and the Lumberjacks are No. 14 in this week's FCS poll. Warner (0-4) has been outscored 243-32 this season.

## QB Rush keeps winning as Cowboys wait for Prescott's return

By SCHUYLER DIXON

AP Pro Football Writer

FRISCO, Texas (AP) — Dallas Cowboys owner Jerry Jones hyped a non-existent quarterback controversy after Cooper Rush won filling in for the injured Dak Prescott last week.

Even though Rush did it again in the first NFC East game for the defending division champs, Jones had come back to his senses.

"He's doing a great job and I know that he doesn't have anybody that's supporting him more than Dak," Jones said on his radio show Tuesday morning after a 23-16 "Monday Night Football" victory at the New York Giants.

"Because when Dak does get back, if we have a chance to have a record that lets us be in the hunt and lets us be viable, considering the loss of time we had with Dak, then that's what a quarterback is about. I think we got a good one in Cooper."

By "good one," Jones meant a backup. His tone was different last week after a victory over defending AFC champion Cincinnati, when Jones, with that mischievous smile, said he would welcome a QB controversy because that would mean the Cowboys were winning.

After coach Mike McCarthy, star running back Ezekiel Elliott and even Rush himself shot all that down, the undrafted sixth-year player went out and did it again.

Rush is the only quarterback since the 1970 merger to lead game-winning drives in the fourth quarter or overtime of his first three career starts.

The first was a 20-16 victory at Minnesota when Prescott was sidelined by a calf strain.

Rush knew it would be multiple starts this time after Prescott fractured his right thumb in a season-opening loss to Tampa Bay.

Now the question is how many more. Jones said Prescott will be "able to play within a week or two."

Logic says two weeks, when the Cowboys (2-1) visit the defending Super Bowl champion Rams in Los Angeles. Dallas is home against Washington on Sunday.

"Want to keep winning," Rush said after improving his career record to 3-0. "As long as I'm in there, let's just keep winning. Playing smart, trusting each other, both sides of the ball, and we'll be all right."

**WHAT'S WORKING**

The running back tandem of Elliott and Tony Pollard looked as good as it

ever has.

Pollard broke the longest Dallas run of the season at the 46 yards to set up a field goal in his fourth career 100-yard game (105). Elliott had a season-best 27-yarder and finished with 73 while scoring a tying touchdown in the third quarter.

**WHAT NEEDS HELP**

Penalties are still a problem. A holding call derailed a promising game-opening drive. Cornerback Jourdan Lewis made unnecessary contact with a receiver on an incompleting on third-and-14, and the Giants drove to a tying field goal. Cornerback Kelvin Joseph, filling in briefly for Trevon Diggs, grabbed a receiver's facemask to negate a sack with the Cowboys trying to protect a 10-point lead in the fourth quarter.

**STOCK UP**

DE DeMarcus Lawrence tied a career high with three sacks, helping the Cowboys to an NFL-best 13 sacks through three games. Those were Lawrence's first of the season, and it was his first multi-sack game since 2018.

**STOCK DOWN**

At halftime, WR CeeDee Lamb's stock was way down after a drop when he was wide open on a deep throw and might have scored. But Dallas' new No. 1 receiver rebounded in a big way in the fourth quarter. Lamb's one-handed grab put the Cowboys in front for good after he kept that drive alive by hanging on despite a big hit right at the down marker on a fourth-and-4 catch.

**INJURIES**

WR Michael Gallup (knee surgery recovery) and TE Dalton Schultz (Week 2 knee injury) didn't play against the Giants after both told coaches and the medical staff they didn't feel right. Jones said both could probably play this week.

**KEY NUMBER**

1999 — The previous time an undrafted QB had a 3-0 career record with at least 750 yards passing.

That was Pro Football Hall of Famer Kurt Warner for the "Greatest Show on Turf" St. Louis Rams, who won the Super Bowl. Warner was MVP of the regular season and Super Bowl that season.

See **RUSH**, Page 5A

**WHOA**

Continued from Page 4A

SFA's roster lists nine transfers from the top-tier Bowl Subdivision, including six from Power Five schools, and the Lumberjacks started eight seniors on offense and seven on defense. Warner started nine freshmen on offense and nine more on defense. The Royals had to contend with four 300-pounders on SFA's offensive line, including 6-7, 341-pound Terrin Robinson, and the Lumberjacks' all-time leading receiver in Xavier Gipson. SFA's 59 points at half and 98 for the game were the most in WAC history, dating to the league's first iteration in 1962. SFA scored two touchdowns on fumble recoveries. An interception and another fumble recovery set up TD drives of 18 and 15 yards. The Lumberjacks outgained Warner 599-141 in yardage, and the teams agreed to play 12-minute third and fourth quarters instead of 15. "Got out of hand a little bit there," SFA coach Colby Carthel said. "It's just a lot of turnovers, a lot of big plays, and so a lot of points ended up on the

board." The Lumberjacks finished seven points short of the FCS scoring record set in 1980 when Portland State routed Delaware State 105-0. Carthel said he didn't want to score the final touchdown, but his message to chew clock and sit on the ball apparently didn't reach his players. He tried to apologize to Burks during the postgame handshake. Burks said that wasn't necessary. "This is not high school," he said. "We're not going to tell them to run and fall down on the ground, and we're not going to tell them to keep the ball in between the tackles like rec leaguers do." Burks said he doesn't think his team was demoralized. "You look at it, whoa, 98-0," he said. "But if you are a true football player and a real competitor, what's the difference between that and losing 28-27 on a last-second field goal? "I get it. I've never, ever lost like that in anything," Burks said. "For our guys to battle through that game, from top to bottom, where they didn't quit, they continued to play hard, revealed a lot of character."

**RUSH**

Continued from Page 4A

**NEXT STEPS**

If Prescott doesn't play against the Commanders, he'll miss an

NFC East reunion with fellow 2016 draft pick Carson Wentz, who went No. 2 overall to Philadelphia while Dallas took Prescott in the fourth round. After Prescott won NFL Offensive Rookie of the Year, they figured to be division rivals for

years. But Wentz's career with the Eagles went south, then he spent last season with Indianapolis before a season-ending loss to last-place Jacksonville kept the Colts out of the playoffs and soured that relationship.

Any port in a storm. South dealer. East-West vulnerable. NORTH: A 10 2, J 10 8 4, 6 3, Q 8 7 6. WEST: J 9 6 5, 7 6 3 2, 8 7, K 9 5. EAST: K 8 7 3, Q 9, 9, A J 10 4 2. SOUTH: Q 4, A 5, A K Q J 10 5 4 2, 3. The bidding: South West North East 1♦ Pass 1♥ Dble 5♦. Opening lead — five of spades. There are times when declarer must make what appears to be an unnatural play because that is the only way to make his contract. South did exactly that in this deal and scored a game as a result. First, a word about the bidding. South had a problem of sorts in choosing his opening bid. He considered the possibility of opening with five diamonds, but decided, correctly, that his hand was too strong for a pre-emptive bid. He therefore bid only one diamond, hoping to improve on his chances of reaching a potential slam contract if his partner had a moderately good hand. As it turned out, South had to play well just to make five diamonds. West led a spade, declarer following low from dummy, and when East won the trick with the king, South played his queen on it. Declarer later successfully finessed dummy's ten of spades to acquire his 11th trick. Had South played the four of spades on East's king — certainly the more "natural" thing to do — he would have scored only one spade trick and gone down one. While it is true that dropping the queen of spades under the king is an unusual play, since it appears to reduce declarer's number of spade tricks from two to one, the queen play is correct because it offers the only real chance to score two spade tricks. It is therefore not as odd a play as it might at first seem. Most declarers holding the South cards would probably play low from their hand at trick one from force of habit, but this merely emphasizes the fact that there's almost no such thing as an automatic play in bridge. Today in History: September 28, penicillin is discovered. Today is Wednesday, Sept. 28, the 271st day of 2022. There are 94 days left in the year. Today's Highlight in History: On Sept. 28, 1928, Scottish medical researcher Alexander Fleming discovered penicillin, the first effective antibiotic. On this date: In 1781, American forces in the Revolutionary War, backed by a French fleet, began their successful siege of Yorktown, Virginia. In 1841, Henry Wadsworth Longfellow completed his poem "Excelsior." In 1850, flogging was abolished as a form of punishment in the U.S. Navy. In 1920, eight members of the Chicago White Sox were indicted for allegedly throwing the 1919 World Series against the Cincinnati Reds. (All were acquitted at trial, but all eight were banned from the game for life.) In 1924, three U.S. Army planes landed in Seattle, having completed the first round-the-world trip by air in 175 days. In 1939, during World War II, Nazi Germany and the Soviet Union signed a treaty calling for the partitioning of Poland, which the two countries had invaded. In 1958, voters in the African country of Guinea overwhelmingly favored independence from France. In 1962, a federal appeals court found Mississippi Gov. Ross Barnett in civil contempt for blocking the admission of James Meredith, a Black student, to the University of Mississippi. (Federal marshals escorted Meredith onto the campus two days later.) In 1995, Israeli Prime Minister Yitzhak Rabin and PLO chairman Yasser Arafat signed an accord at the White House ending Israel's military occupation of West Bank cities and laying the foundation for a Palestinian state. In 2000, capping a 12-year battle, the government approved use of the abortion pill RU-486. In 2019, voters in Afghanistan went to the polls to elect a president for the fourth time since a U.S.-led coalition ousted the Taliban regime in 2001; the vote was marred by violence, Taliban threats and widespread allegations of mismanagement. (After a series of delays, the country's independent election commission announced months later that Ashraf Ghani had won a second term as president.) In 2020, the worldwide death toll from the coronavirus pandemic topped 1 million, according to a count by Johns Hopkins University. Ten years ago: Citing national security risks, President Barack Obama blocked a Chinese company from owning four wind farm projects in northern Oregon near a Navy base where the U.S. military flew unmanned drones and electronic-warfare planes on training missions. Five years ago: The Trump administration said its relief efforts in Puerto Rico in the aftermath of Hurricane Maria were succeeding, though people on the island said help was scarce and disorganized. House Majority Whip Steve Scalise returned to the House chamber for the first time since he was wounded three months earlier by a gunman who opened fire at a Republican baseball practice. One year ago: Testifying before the Senate Armed Services Committee, Gen. Mark Milley, chairman of the Joint Chiefs of Staff, called the 20-year war in Afghanistan a "strategic failure," and said he had favored keeping several thousand troops in the country to prevent a collapse of the U.S.-backed government and a rapid takeover by the Taliban. Barack and Michelle Obama dug shovels into the ground during a celebratory groundbreaking for the Obama Presidential Center along Lake Michigan in Chicago, near the Obama family home. A man who shot and killed five people at a newspaper in Maryland in 2018 was sentenced to more than five life sentences without the possibility of parole. Today's Birthdays: Actor Brigitte Bardot is 88. Actor Joel Higgins is 79. Singer Helen Shapiro is 76. Actor Vernee Watson is 73. Movie writer-director-actor John Sayles is 72. Rock musician George Lynch is 68. Zydeco singer-musician C.J. Chenier (sheh-NEER') is 65. Actor Steve Hytner is 63. Actor-comedian Janeane Garofalo (juh-NEEN' guh-RAH'-fuh-loh) is 58. and storytellers.

ing to fear.

**LEO** (July 23-Aug. 22). People will talk, but the words aren't what they are really saying. If you listen to just the words, you'll miss the meaning. Mentally distance yourself to see the bigger dance and the motivations that drive it.

**VIRGO** (Aug. 23-Sept. 22). Sure, you don't want to cause anyone a hassle. But don't be too concerned with making everything easy either. When people have to work for something, they value it more and derive greater pleasure from the experience.

**LIBRA** (Sept. 23-Oct. 23). Who comes through for you every day? Take nothing for granted. These loyalties are hardy and may remain whether you nurture them or not. But you'd rather be known as someone who nurtured the very best in others.

**SCORPIO** (Oct. 24-Nov. 21). The work you've done will be useful one day, meaningful the next and then obsolete -- and much later, historic. So you may as well commit as though it's everything. In many ways, it is.

**SAGITTARIUS** (Nov. 22-Dec. 21). Stay open to your muses, if not for yourself for those you're sure to inspire. You'll surround yourself with things that reflect who you are. Your values, taste and sensibility shine through as you share from the heart.

**CAPRICORN** (Dec. 22-Jan. 19). You love people in different ways and for different reasons. Relationships shift with time, and you'll roll with the changes, whether they be toward depth, friendliness or familiarity. It's nothing to fear.

**AQUARIUS** (Jan. 20-Feb. 18). There is a benefit in everything you experience, even if you may not understand it at the time. Therefore, today's cosmic gift of immediate comprehension is no small boon. You'll base your next move on this valuable learning.

**PISCES** (Feb. 19-March 20). It would be senseless to pine after unpossessed talents when you own so many, though everyone does this from time to time. Avoid the tendency! Winning move: Key into your strengths and ignore everything else for now.

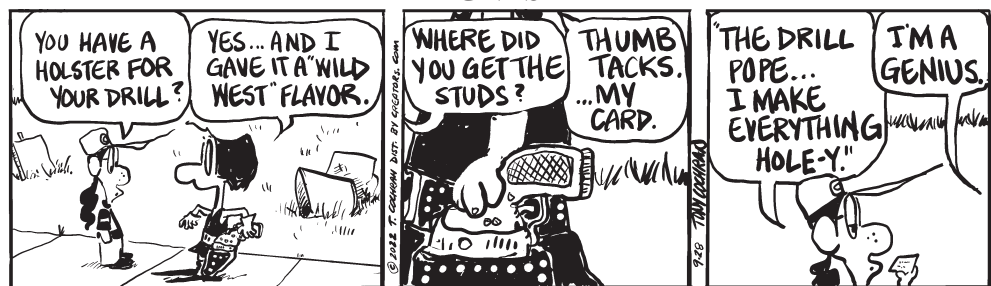

**TODAY'S BIRTHDAY** (Sept. 28). Your solar return brings a jump into action, and you will be invigorated by juggling many projects simultaneously. How satisfying it will be to finish them one by one and enter 2023 on a level of accomplishment that allows you a new station. Subsequent themes include: love and celebration, investment and enrichment. Gemini and Scorpio adore you. Your lucky numbers are: 4, 44, 38, 18 and 19.

**CELEBRITY PROFILES:** Naomi Watts stars in a remake of the Australian horror film "Goodnight Mommy," to be released in time to give Halloween thrills and chills. Watts is a lovely Libra with Mercury, Venus and Neptune in magnetic Scorpio. Such a configuration brings intensity and charisma, which are grounded by Mars, Jupiter and Pluto in hardworking Virgo.

**Here's How It Works:**  
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

10. Browns

**Official Game Rules:**

Find this week's games between the merchant's ads on this page. Choose the teams you think will win, and fill in the official entry form on this page with your team choices. Clip the entry form out of the page and drop it in the Pigskin box at one of the listed merchants.

**Do not drop your entry form at the Big Spring Herald office.**

\*The entry with the most correct picks will win \$50!

You must be 18 to enter. *No photo copies accepted.*

\*In the event of a tie, the tie breaker will determine the winner.

For the tie breaker, the entry with the correct team will win.

If both entries have guessed the same team, the second tie breaker will be the one closest to the total points.

\*Decisions of the judges are final.

\*Employees and family of the Big Spring Herald are ineligible.

\*All entries must be received at one of the participating merchants by 1pm Friday of the week played.

\*Winners will be announced on the next week's Pigskin Contest Page.
