## Bivins Receives Farm Bureau Endorsement

Teel Bivins

State Senate candidate Teel Bivins, an Amarillo cattleman, has received a major endorsement from the Texas Farm Bureau. The endorsement marks the first time ever that the Farm Bureau has made a recommendation in the 31st Senatorial District, or anywhere in the state, through its "Friends of Agriculture

Fund."

"We believe Teel Bivins will best represent this district in Austin during these critical economic times," said Aubrey Rasor, a Gruver farmer who is the District One Director of the Texas Farm Bureau. "He is a conservative, he has an understanding of what it takes to earn a living from agriculture, he has a deep and abiding appreciation for the people and the land in this Panhandle region, and he is young & aggressive."

"He will be a sincere representative of the people, who will listen to our concerns, and will make decisions based upon the view of the people," Rasor said.

The decision to endorse Bivins came after Farm Bureau county meetings in each of the 22 counties that make up District One. There are at least 13,000 voting delegates in the district. Farm Bureau is the largest

farm association in Texas.

Bivins said he was proud to receive the Farm Bureau endorsement. "When you consider the fact that some 35% of the agricultural revenues in the entire state come from North of Lubbock," Bivins said, "I believe it's important that we have a voice for agriculture in the Texas Senate."

"I make the better part of my living from agriculture: I know what it is to have a wheat crop hailed out, I know what it is to face drought, and have markets go all over the place," Bivins said.

If elected, Bivins would be one of only two senators who makes his living from production agriculture.

## Bivins In Stratford Saturday

Teel Bivins came to Stratford Saturday morning October 29 campaigning for Texas Senate. He was on his way to Spearman from here and several other Panhandle towns before returning to Amarillo.

## Payment Limitation Meeting

In the last session of congress, a law was passed changing the definition of a "person" in determining payment limits to farmers. The new definition of person eases payment restrictions on family operations while closing loopholes that have allowed so-called "Christmas tree" operations according to Dr. Steve Amosson, Extension firm management economist. The change may result in a number of farms having to

restructure their current organization to stay within the new definition.

All farmers planning to participate in the farm program in 1989 need to file their farm organization structure 60 days prior to April 1st deadline in order for the County ASCS committee to approve it. Producers need to understand the new definition, pay particular attention to the approval dates and work

## 33 Law Enforcement Officers Killed

FBI director William S. Sessions announced that 33 law enforcement officers were feloniously killed in the United States during the first six months of 1988. The preliminary Uniform Crime Reporting statistics showed a decrease from the first half of 1987, when 36 line-of-duty deaths occurred.

Firearms continued to be the weapons most often used in the slaying of officers. Handguns were used in 27 of the murders, rifles in 3, and a shotgun in 1. One officer was intentionally struck with a vehicle, and 1 officer was

beaten to death with a blunt object.

Geographically, 15 officers were slain in the Western States, 11 officers in the Southern States, 4 in the Midwestern States, and 3 in the Northeastern States.

Eighteen officers were slain during arrest situations. Among those 18, 7 were involved in drug-related situations; 5 were attempting to prevent robberies or apprehend robbery suspects; 2 were responding to burglaries; and 4 were attempting arrests for other crimes. Six officers were

killed while investigating suspicious persons or circumstances, 3 were responding to disturbance calls, 3 were ambushed, 2 were enforcing traffic laws, and 1 officer was slain while on jail guard duty.

Twelve officers were wearing body armor at the time of their deaths, and 2 officers were killed with their own weapons. Thirty-one of the 33 slayings have been cleared by law enforcement authorities.

## High Attendance Sunday Oct. 30

All seven churches of our community are to be congratulated for their efforts, which served to call attention to the importance of churches in the lives of people who live in this area. Our thanks to everyone who participated.

## Over A Million Voters Registered

Secretary of State Jack Rains declared victory Friday in his effort to register more than a million voters this year.

Rains said Voter '88, his non-partisan registration drive, worked to register 1.5 million Texans since the beginning of the year.

Even with more than 597,000 Texans purged from the rolls in August, there is a net gain of 900,000 voters on the rolls since January, he said.

"Never in the history of our state have this many Texans purged from the rolls in August, there is a net gain of 900,000 voters on the rolls since January, he said.

"Never in the history of our state have this many Texans been registered to vote," Rains said. "Don't listen to all the naysayers who tell you that voter interest is low this year. Texans have registered to vote in record numbers and are excited about the election."

In January of this year, 7.34 million Texans were registered to vote. By the March 8 Super Tuesday primary, 7.87 million Texans registered. Near complete tallies show more than 8.24 million Texans are currently on the rolls and eligible to vote on November 8.

"I set a goal of registering a million new voters this year, and a lot of Capitol pundits wanted to laugh me out of town for setting such a lofty goal," Rains said. "But Texans are enthus-

astic folks. They rolled up their sleeves, went to work and pulled off what very well may be the most successful voter registration drive in U.S. history.

Rains said the credit goes to the more than 3,300 businesses and organizations that participated in Voter '88. Retail outlets passed out voter registration cards, utility companies sent cards as bill stuffers, businesses signed up their employees and customers and many state agencies made cards available. Rains also praised county election officials, the political parties, the campaigns and various interest groups that ran voter registration drives.

In 1988, Rains' office distributed more than 17 million voter registration cards to Voter '88 participants, not including the millions of cards sent out by county officials.

"1988 is the year of voter registration," Rains said. "We set a goal, put our mind to it and wound up with a record number of Texans registered to vote."

\* Complete figures are not in for Bexar, Brazos, Cameron, Dallas, Ochiltree, Van Zandt, Waller and Zapata counties. The final figure will be slightly greater than 8,245,719.

# SCOT Notes

by Timmie Brown

Happy day, Sherman County Older Texans, friends and neighbors this Monday a.m. October 3, 1988! Outlook for a good day weatherwise; temp at 7:00 DST was 42 degrees; expected high 69 degrees; wind 15 mph; sunny and clear. A fine Texas Panhandle day.  
Vote - Vote - Vote

The November calendar of activities at Scot Hall is filling up. All regular activities are marked GO, as usual. There are several Special Activities in the offing. First and foremost on Saturday, Nov. 5 Mrs. Ruby Garoutte is being honored on her 90th birthday at a reception given by her children and grandchildren. N.B. carefully: For Mrs. Ruby Garoutte; reception on Sat. Nov 5 at Scot Hall, noting her 90th birthday; time 2:30 to 4:30 p.m. All friends and neighbors invited to be present making this day one of her happiest. She is a grand Scot Person. Nov. 5, El Rancho in Etter, dinner, dutch treat. Call 2377 for time and probably date change. Birthday Party Nov. 11th; Dinner and Dance in Guymon Saturday, Nov. 12; the Prospectus Study Club Thanksgiving Dinner for SCOT Thursday, Nov. 17th at 12 noon.

S.C.O.T. annual Depression Bean Supper is coming soon. That date is December 10th Saturday. Since the supper is Scot's annual fund raiser event, publicity for it is most important. So think and talk about Bean Supper for the good of S.C.O.T. organization.

Last Thursday, Nov. 24 was a red letter day in the life of S.C.O.T. organization.

At noon there were 100 registered people present for the meal, including 11 candidates for office. Mel Phillips a state candidate, other Sherman County

candidates and a number of Coldwater guests. The important item to note is the fact the SCOT people are interested, lively, and active in the community. These qualities keep deadly dol-drumms for Senior Citizens on the run! Political candidates know senior citizens are important.

As always the food and fellowship were excellent. We appreciate Janie Kirkpatrick's testimony and musical numbers; our splendid hosting by the Committee; the faithfulness of the blood-pressure clinic; and the candidates presence.

Scot Hall was headquarters for the Retail Merchants Penny Carnival for Stratford Young-Fry on Oct. 24 at 5 p.m. One hundred five people took part in this community event. Then on the evening of Oct. 24 at 7 p.m. a bingo party was held. Pie and coffee were served. About 60 happy people attended. The donation in cash was \$170.00 and there is no way to judge the fellowship enjoyed by all.

The Hawley dinner dance music attracted about 55 guests at Scot Hall on Sat. Evening. Guymon guest were present with local people.

We are saying a grateful and happy Thank You from every Scotter to the Anonymous Donor for the divan and chairs given to Scot Organization. It adds so much to the appearance and usability of Scot Hall. Such people as you, Donor, give Scotters a feeling of security and of being appreciated that is so necessary to our happiness and welfare. Thank you, again.

Audrey Gamble is at home now, as is Laura Pipkin. Minnie Reeder is the only Scot Bowler whose name we recognized in the lengthy bowling report. Eskie Ritchie is recuperating nicely from unexpected surgery. She is in Boulder, Colo. with her daughter, Margaret

Grunig. The address is 765 Gilpin Drive, Boulder, Co. 80303.

Lucile and Ruby McNeal were among a group of 12 who enjoyed a color Taos and Red River with Hughes Tours Oct. 21-23.

Three deaths in Texhoma remind us again how rapidly older people are leaving this world. Rehtie Hamilton, Mima Worley (Mrs. Guy Otis Worley m. 1917) and Marie Christine Kittle (m. John Kittle 1932) are the persons mentioned. We tendersherman County Older Texans love and prayers to all grieving persons. We know that Rentie lived in Texhoma, Tx.

We are aware that the women are Texhoma neighbors. We will miss them all. Amen.

Report is that 801 Stratford people were in church and Sunday school Oct. 30. Were you present? At the Baptist Church we were nine short of the goal set. We were so please to have Opal Bufkin, Bertha Oquin, Madge Lowe, Connie Haskins and Beatrice Mevks of Coldwater Manor with us. Thank you, George Brooks, for bringing these guests to services and the noon day meal. We are aware of the loving care you and Tammie gave these lovely ladies yesterday. We appreciate Natalie, too. George is Coldwater Manor Administrator, Tammie and Natalie are his daughters. The flowers at Coldwater Manor are super. Drive by and see them before Jack Frost gets them.

We have located some books, among our library collection at Scot Hall, printed in 1940 - 1938 etc. which was the original idea. Thanks for them.

Pecans are selling rapidly. "Thanksgiving" is getting into the air! Scotters will be saying Thanks and scattering Scot shoulder pats and luv u!

Some dinosaurs were no bigger than chickens are today.

#### AN OPEN LETTER TO THE VOTERS OF SHERMAN COUNTY .....

*For the past several weeks, I have strived to contact each voter in person. If I missed you, I would like to take this opportunity to ask for your vote on November 8th.*

*My public service experience spans over forty years on the state and local levels. And because of my background, I am confident that I can effectively execute the duties of Sherman County Judge ..... fairly, honestly and with common sense! With a budget of \$1,816,657.00, Sherman County cannot afford to "hire" a judge that cannot or will not devote his full attention to the job. If elected, I will be fully committed to the task of being your judge.*

*My name will not appear on the November 8th ballot. Therefore, I must ask that you write in either **WAYLAND BROWN** or **W. BROWN** on the ballot.*

Respectfully,

Pd. Pol. Adv. Pd. for by Wayland Brown, Treas. P.O. Box 7, Stratford, TX 79084

## Out The Library

The Sherman County Public Library was recently accredited as a member of the Texas Library System, according to William Gooch, director and librarian of the Texas State Library.

"We are pleased to award the certificate of system membership in recognition of the efforts of this community has made in providing public library services," said Gooch. "It is a symbol of having achieved a level of excellence."

The Sherman County Public Library is a member of the Texas Panhandle Library System and serves citizens in Stratford, Texoma and Sherman County. The library had to meet strict criteria, according to Dorothy Haile, Sherman County Librarian, such as hours of access, professional staffing requirements, number of library materials and local per capita support to become an accredited member. Libraries must apply and qualify for membership annually.

Authorized by the Library Systems Act of 1969, the Texas Library System was developed to improve library service in the state through cooperative efforts. Comprised of ten regions, the statewide system provides an opportunity for local libraries to make the best possible use of both their own resources and those available elsewhere in the system. These cooperative efforts are made possible through State and Federal funds appropriated to the Library Development Program of the Texas State Library. This year the Texas Library will distribute almost \$8 million to the ten library systems.

# Chamber Chatter

By J.A. Lasley

A week ago Monday, I was a concerned "Witch". Would there be any costumed kiddoes at Scot Hall? Had I done enough advertising? Only a few telephone inquiries? Whatcha gonna do? Well, I'll tell you whatcha gonna do. 105 costumed kiddoes showed up at Scot Hall plus more who set out the judging and participated in the Penny Carnival, Monday the 24th at 4:30. O'ye of little faith, J.A. Not enough help, not enough space, bless the merchants that were present and utilized what space there was, bedraggled and flustered judges, utter bedlam. It was Terrific. So much so the Stratford Star could never get in to get the pictures of the winners. My sincere thanks to Vicki Gore, Myrtle Starker, Rose Wells, Sherry Phelps, Cheryl Reese Sharon McCarver, to the patient kiddoes and their Moms - it was a hallowing success. Just without for next year.

Winners: (And I apologize as we had participants ribbons to hand out, but to only about 50) 0 to 2 year olds: 1st place, Casie Stokes, grand daughter of Lore and Don Dietrich visting from San Angelo, Tx.; 2nd place: Haley Buckles; 3rd place, Nathan Hayes; 4th place Walter Spurlock. 3 and 4 year olds: 1st Eric Tatum; 2nd; Juana Aquilar; 3rd Jacie Sherrrod; 4th Pricilla Garza. Kindergarten: 1st Rachelle Bennet; 2nd Craig Moore; 3rd Jessica King; 4th Kara Brownlee. 1st and 2nd grade: 1st Misty Roberts; 2nd David Hunsaker; 3rd Eric McDaniel; 4th Julie Kimball. 3rd and 4th grade: 1st Janelle Pronger, 2nd Cliff Moore; 3rd Chris Dean, 4th Greg Parker. Most Original Costume: Kara Brownlee and Julema Torres Spookiest Girl: Janell Pronger and Spookiest Boy Eric McDaniel. There were so many good, original costumes our judges had a terrible time. They said all of the kids were winners!

The Senior Halloween Carnival of 88 is history and a huge success. Congratulations to King Dirk Davis, Queen, Dawn Gray, Prince Donnie Gray and Princess Sasha Browning. The auction of some 26 Seniors during the entertainment of the Royalty went quite well. From 25.00 to 125.00. Great!

We welcome three new members, Country Kitchen, M & R Electric, and Land & Sea. It is not DUES folks, it is an investment in Stratford's future.

November finds us looking at Christmas in November an annual event for the Home Demonstration Council this Thursday, the 3rd. Turkey and the Trimmins!

The last of football season, Election Day - don't forget to vote- Quarterly Chamber Breakfast, beginning of basketball season, Thanksgiving and a blessed time to give praise to God for all our bounty, the beginning of the Advent Season and a reminder from our local merchants: Are you sure you can't find that gift in Stratford? Every penny spent in another town, gives that city the monies and we come up short.

We're tracking a pretty fast lane folks. Pheasant Season will be open beginning December 10th. Landowners, a reminder, we need your hunting ground. And just a word, the Community Christmas Choir is coming up. First Practice is December 4th. The Cantata will be held at the First Christian Church, Sunday, December 11th.

As promised the remainder profiles of the Texas Supreme Judge Candidates.

Read and decide. It is your American freedom.

Justice, Place 3, full term: Raul Gonzalez \*(D) The Democratic candidate and incumbent, Justice Gonzalez has an impressive record of experience and unquestioned ethics. He is widely viewed as the most conservative record of experience and unquestioned ethics. He is widely viewed as the most conservative of the sitting justices and a strict constructionalist. He has lead the effort to stop the Supreme Court from usurping the legislative function of Congress. Certainly a friend of medicine, he is one we cannot afford to lose on the court. He has received support from TEXPAC.

Birth date: 3-22-40; Religion: Catholic; Spouse: Dora; Children: Celeste, Jaime, Marco, Sonia; Education: BA, University of Texas; JD, LLM, University of Houston.

Charles Howell (R) A Republican judge from Dallas, Howell has been routinely voted the worst judge in the Dallas courts by attorneys practicing there. He is considered somewhat unpredictable by many, and we know of no major support base for his candidacy.

Justice, Place 4, unexpired term (vacancy created by Justice Campbell's resignation).

Jack Hightower (D) Mr. Hightower, the Democratic nominee, has extensive experience as a practicing attorney, district attorney, state legislator and US Congressman. Considered a conservative Democrat, he is supported by TEXPAC and the Texas Hospital Association and the Texas Real Estate PAC to name a few. In the Legislature, he was one of the best friends medicine has had.

Birth date: 9-6-26; Religion: Baptist; Spouse: Colleen; Children: Ann Thornburg, Amy, Alison; Education: BA, LLB, Baylor University.

Barbara Culver \*(R) Justice Culver, the Republican nominee was appointed to the court by Governor Clements in early 1988. Extensive judicial experience, but limited to county and district court levels. She is considered a conservative, but her recent voting record on the Supreme Court

(voting to overturn a major part of the tort reform Legislation) brings into question her initial appearance as a friend of medicine.

Justice, Place 5, unexpired term (vacancy created by Justice Wallace's resignation)

Mr. Bayer is the 39 year old trial lawyer and Democratic nominee from Austin. He was previously a Legislative assistant to former Senator Don Adams and former U.S. Congressman Kent Hance. Mr. Bayer has limited his campaign contributions to \$5,000 from any individual and \$25,000 from any one law firm. He is a member of the State Bar of Texas, Austin Lawyers Who Care, Travis County Bar Association, Association of Trial Lawyers of America and Texas Trial Lawyers Association.

Born in 1949; Spouse: Karen L. Wilson; children: Katherine, Elizabeth; Education: BA, Rice University, MS, Massachusetts Institute of Technology, JD, University of Texas.

Eugene Cook \*(R): Justice

Cook was appointed to the state's highest court by Governor Clements in Aug. 1988. He brings a distinguished legal background to the court. Prior to his appointment, he was a partner in this Houston Law firm, Cook, Davis and McFall, a small firm specializing in civil litigation. He is a former adjunct professor of law at the University of Houston, where he specialized in teaching ethics. Justice Cook is the president-elect of the Houston Bar Association. He has been honored by the State Bar three times in the past five years as one of "Three Outstanding Lawyers" in Texas.

Birth date: 5-2-38; Spouse: Sandra; Children: Laurie Ann, Eugene IV; Education: BBA, JD, University of Houston.

## Phillips In Stratford Twice In One Week

Mel Phillips was at SCOT Luncheon Thursday, October 27th and at the Stratford Airport Tuesday November 1. The Election is drawing near and the candidates are busy.

Building on his primary election success, based on NO STATE INCOME TAX and getting our FAIR SHARE, Democrat Mel Phillips is working hard to increase his lead. With the support of Lt. Gov. Bill Hobby and a majority of the Texas Senate ringing in his ears, Mel Phillips makes a final campaign swing through this part of his huge 29 county senate district.

"Mel Phillips will be able to hit the ground running when he becomes your next state senator. There won't be the usual lag time for freshman senators to figure out what is going on. Mel is already working for the people of the 31st District, as proven by his work with the Rural Health Care Coalition

and his ability to get a majority of the Texas Senate behind his Lake Meredith Salt Reduction program," says Lt. Gov. Hobby.

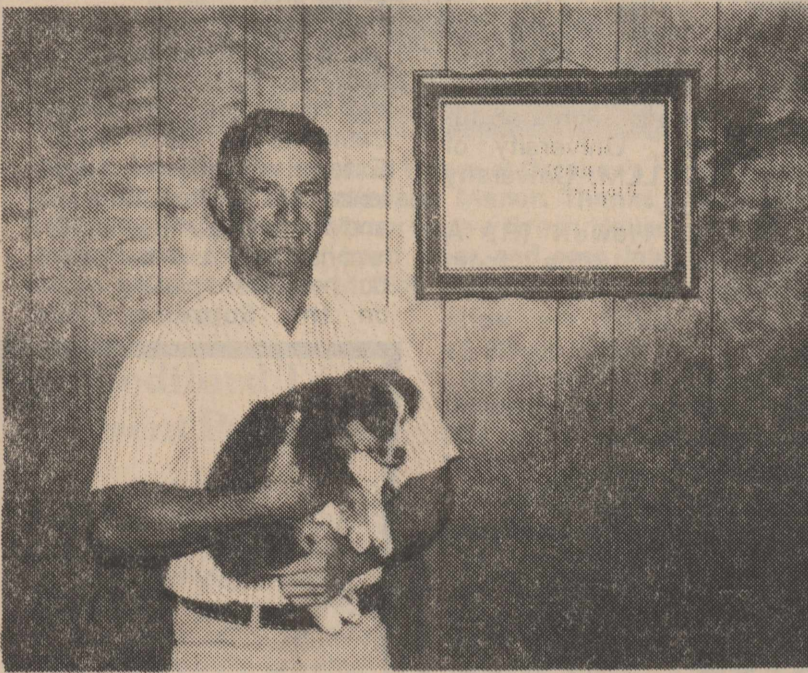

We look forward to working with Mel when he gets to Austin. His knowledge and expertise will be a welcome addition to the Texas Senate. His work on the Lake Meredith Salt Reduction project has already

made him one of the key water experts for this part of Texas," Sen. Hugh Farmer (Ft. Worth) said.

"I am honored to have the support of Lt. Gov. Hobby and a majority of my future colleagues in the Texas Senate. For any Senator to be successful he must build coalitions. I look forward to building those coalitions with the other rural senators, and making sure that we Texans who chose to live in rural Texas get our Fair Share," Phillips said.

A regional meeting to discuss changes in payment limits was held on Friday, October 28, 1988 at the Texas A&M Research and Extension Center, 6500 Amarillo Boulevard, West, Amarillo. The featured speakers were Norvell Breedlove, chief of the ASCS common compliance division and Kelly Head, ASCS program specialist. This event was sponsored by the ASCS, the Texas Wheat Growers, the Texas Farm Bureau and the Texas Agricultural Extension Service.

Jack Swain received the Thank You For Beautifying Stratford Award from the Ladies Division of the Chamber of Commerce. Maggie decided to join Jack for the picture.

### Doggett lost to Phil Gramm.

But now, Lloyd Doggett's back, this time running for the Texas Supreme Court. Again, his qualifications just don't add up. Good thing we have a qualified choice: one of Texas' most honored judges, Justice Paul Murphy. Experience? He serves on our 14th Court of Appeals with 7 1/2 years of judicial experience. He has authored over 700 judicial opinions. His colleagues have rated Paul Murphy one of the best justices in Texas. Integrity and experience for the Texas Supreme Court.

HIGHWAYS AND  
BROKEN PROMISES.**

The money we send to Washington every time we fill up our cars comes back to Texas. The government promises that this money will be spent to build, repair and maintain our highways.

Diverting those Federal Highway Trust dollars to some other purpose could devastate our highway system for years to come.

- It would halt vital road construction;
- Cancel needed safety improvement;
- End repairs to roads and bridges.

Texans can stop this threat by voting for Proposition One which makes certain that highway dollars are spent on highways. Let's keep the promise to Texans.

On Election Day look at the bottom of your ballot and find Proposition One, the Highway Amendment. Proposition One continues the Texas plan for good jobs, economic growth and safe roads without raising taxes and most importantly . . . keeps your family safe.

A lot is riding on the promise of good Texas roads.

Keep highway money for highways and the jobs they create. Proposition One is endorsed by the Texas Highway Commissioners, local and state-wide officials of both political parties, and hundreds of civic groups because they know that building good roads keeps Texas moving.

#### Mike Dukakis Believes. . . . that AGRICULTURE AFFECTS EVERYONE!

Although food in the U. S. is reasonably priced, it is not a bargain if it's produced at the expense of our family farm system of agriculture. Today, thousands of rural families face an uncertain future because of the decline that has plagued producers in the 1980's.

**MIKE DUKAKIS SAYS, "I propose a different course. I believe we need a farm policy that mark its progress by the number of farms and ranches saved, the number of rural businesses re-opened, and the number of small communities that Survive -- and Thrive."**

"Our nation's economic strength, food security, and rural way of life require that American agriculture be preserved and strengthened for it is the largest single sector of our economy."

"When farms are foreclosed in Iowa, the loss is felt in the Illinois tractor plant, Pittsburgh steel mill that forges steel for the tractor, Texas refinery that fuels the mill, and the computer company that develops systems for the mill and refinery. Our farm programs, if properly managed, can work to the benefit of all producers, consumers, and taxpayers."

#### MIKE DUKAKIS BELIEVES . . .

All Americans have a stake in ensuring that our food is produced by many thousands of family farmers and ranchers across this nation. Because of their efficiency and productivity, American consumers spend just 14% of their disposable income on food - less than consumers in any other nation. But in order for our family farm system to continue, producers must receive a fair return for their labor. If they don't, production agriculture will be taken over by large corporations and conglomerates. **Mike Dukakis** believes that would be a tragedy of giant proportions!

#### MONUMENTAL TASKS ARE AHEAD!

During the next President's term, Congress will write a new Farm Bill in 1990 which will affect every American and which may well decide the future of our family farm system of agriculture. New trade legislation will be written which will be global in scope. The problems of low prices and large surpluses must be addressed in this bill.

Also, the national debt must be reduced and safeguards put in place to manage it. The government should not be competing with individuals for the available credit dollars in this country because it causes high interest rates and tight money.

All these and many more critical issues must be addressed by the next President and the Congress.

**Mike Dukakis** believes in Family Farmers and will support legislation assuring fair prices for all producers of agricultural commodities.

- Our farm policy must include a combination of supply management and reasonable price supports in a way that makes it possible for family farmers to earn a decent living from the land.

#### MIKE DUKAKIS BELIEVES . . .

- Farm program benefits must be targeted to the family farmers who need them most.
- Farm programs must be made more predictable and less complex so that producers can plan from one year to the next.
- From the Secretary of Agriculture to the County FmHA offices, **Mike Dukakis** will appoint people who believe in family farms and understand how they work.
- The Farm Credit System and its problems must be addressed in a constructive and timely way to assure that this important credit source remains viable in the future.
- Applied research should be expanded to develop new food and industrial uses for agricultural products.
- Surplus farm commodities should be used to feed hungry people both at home and abroad. Overseas, U. S. commodities should be provided, in a constructive fashion, to encourage growth in developing countries.
- The President must use his full authority to act against any unfair trade practices of our competitors.
- Barter (the trading of our commodities for products of other countries) should be encouraged with those countries that want our farm goods, but don't have the needed currency.
- The Conservation Reserve Program (CPR) should be expanded and sod-buster, swampbuster, and conservation provisions of the 1985 Farm Bill must be enforced.

#### MIKE DUKAKIS BELIEVES. . . . . IN RURAL DEVELOPMENT

"All across this country rural America is hurting. The 1980's has been a decade of economic as well as population decline for small towns dependent on agriculture, mining or manufacturing. Jobs are being lost and rural America is exporting its bumper crops--its children. The key to a healthy rural economy must be a healthy agricultural economy. But we must also guarantee economic opportunity off the farm and in communities where agriculture has not been the traditional engine of economic growth. The solution will require a partnership of all levels of government, private business, and educational institutions."

Here are some things **Mike Dukakis** believes we must do:

- Bring working capital into rural areas.** New business ideas need financing. We need a combination of loan guarantees, revolving loan funds and other innovative approaches to starting and expanding new businesses.
- Train rural Americans for new jobs.** Rural America should and can share in the job growth in the biotechnology, information and services industries.
- Rebuild the rural infrastructure.** It is time to invest in the roads, bridges, sewer and water systems, schools and health care facilities in our rural communities. Attracting good jobs to rural America will require long term investments by all levels of government, as well as the private sector.
- Provide technical assistance to rural entrepreneurs and main street business people.** Expertise in manufacturing and marketing is needed to turn good ideas into good jobs. The federal

government should make sure that such assistance is available in our rural communities.

- Offer federal support for regional development.** Rural development programs require a partnership for effective solutions. The key to rural development will be local initiatives, with support from state and federal governments. **Finally, no farm or rural development program, no matter how well designed or managed, will allow farmers or others in our rural communities to prosper until we get our Nation's fiscal house in order.** The 1980's have been perhaps the most painful years ever for agriculture, as farmers have had to bear the brunt of unprecedented, runaway deficits.
- Budget deficits have hurt producers in three ways:** (1) by driving up the value of the dollar and making our exports less competitive; (2) by driving up our interest rates (each 1 per cent increase in borrowing costs robs producers of \$1 billion in lost income) and (3) by deflating net worth as asset values are pressured by lost markets and higher interest rates.

**MIKE DUKAKIS SAYS, "I refuse to believe that family farming must give way to corporate agriculture throughout America. I know that with committed and creative leadership, we can turn the farm crisis around, make family farming a healthy enterprise again, and revitalize the economy of rural America."**

**A VOTE FOR MIKE DUKAKIS IS A VOTE FOR THE FAMILY FARM SYSTEM OF AGRICULTURE AND FOR RURAL AMERICA!**

whereby senior citizens call in on a daily basis to advise of their welfare.

Yes, he has his enemies, his share of malcontents. But to quote him, "When you're a cop and you do your job, you're going to have enemies." But he always reminds me of the "Good Guys." His definition of the "good guys" are the folks that support law enforcement: the young people, the senior citizens, the average person on the street—the very backbone of Stratford and Sherman County.

Last year, when Stratford was plagued with a rash of burglaries, he spent countless nights on top of the grain elevator and the high school, watching the town. He has made and always maintained the commitment to be a professional law enforcement officer.

But he is not for sale, which has caused him some problems, also. He has always done the job, but believes that a "break or two" for a person can often do more good than "throwing the book at them." I don't know how many young people he's helped by having that philosophy.

I can remember one 48-hour period that Dennis and his crew worked on an investigation without sleep, and when it was completed, he couldn't sleep because he felt so sorry for the suspect's family. In my opinion, he is firm, but also very compassionate. And when the police department solved the post office burglary, Dennis made dozens of telephone calls to different state and federal agencies in an effort to expedite the red tape to get replacement checks to the victims. My husband has proven his capabilities and expertise—sometimes with public support, sometimes without it; but always with a conviction that "someone has to do it."

I was able to attend a Five State Peace Officer's meeting with Dennis on Oct. 12th and 13th in Woodward, Oklahoma. Another officer's wife commented to me that, "I bet you're proud of Dennis. He's a leader among leaders." At that same meeting, I listened while at least a dozen fellow officers offered to write letters of

recommendation for Dennis' campaign. The one in last week's paper embarrassed Dennis and I'm certain that this letter will, also.

Lastly, when Dennis decided to file for the office of sheriff, he decided to file by petition. He felt that it would give him an idea of what kind of support he could expect. If he couldn't get the required number of signatures, he simply would not seek the office. The response was overwhelming and he was so excited. And after a summer of mowing vacant lots and other odd jobs to finance his campaign, he and I have gone house-to-house, farm-to-farm, asking you for your vote on November 8th. Win or lose, sign me a VERY PROUD WIFE!

Tanya Davis

Dear Editor:

Over the years this old scribe used to wax long and hard during elections seasons and this practice has just about been put aside.

However, this fall, we just couldn't help ourselves, beings a young man whom we have known has chosen to enter the political arena in Sherman County.

We won't bore folks with a long line of facts, figures, and so forth about Jack Haile, we will just point out that he is a young man we have known for more years than either of us wishes to admit, and have always found him, both as a youngster and as a grown man, held in high regard.

His family traces roots back many years in this area. We have always found him fair-minded and the kind of young man, that once he gets his mind made up on a subject, to keep on a 'pushing to completion.

We think Jack would serve his area well as county sheriff, and wish him well in the upcoming election.

Sincerely  
Dave McReynolds

Dear Editor

About the last thing we need is another federal tax increase. I'm having a tough time keeping ends meeting right now, without another politician handing me a tax increase.

George Bush says "no tax increase." Michael Dukakis says he would approve a tax increase as a "last resort." My guess is that is one resort Dukakis will check into. The state of Massachusetts got the nickname "taxachusetts" during Dukakis' first term as Governor.

Dukakis is sure to raise taxes, there's no doubt about it. We don't need him. Vote for George Bush. It's less taxing.

Michael Dukakis has been against every major weapons system proposed by the U.S. Department of Defense. As a politician from Massachusetts, Mr. Dukakis does not realize that the Texas economy is directly tied to the defense programs. The B-1 Bomber program is important to Abilene. The 600-ship Naval program is critical to homeporting in Corpus Christi. Defense appropriations are vital to the five military installations in San Antonio. About 300,000 Texans are employed in the "freedom" business in our state.

Mr. Dukakis, your defense views may be accepted in the courtyards of Harvard, but come to the town squares and courthouses of Texas & you'll hear an entirely different viewpoint.

Francis Watson

Dear Editor;

I find that I must respond to a letter to the editor from Frances Watson, in your October 27 issue. I for one

will be very glad when the national elections are over. Whoever invented negative advertising should be barred from writing advertisements.

We are now only a few days from the November 8 elections. I find it necessary to offer some advise to your readers of the Stratford Star.

The republican party has branded every democrat living a liberal. Yet at the same time professing to be conservative. There are many interpretations of the two terms conservative and liberal. In politics the two words have a different meaning than we would recognize from our everyday lives.

A liberal is a person who cares about his fellow man, his neighbor, the less fortunate, and those who cannot help themselves. A liberal believes in sharing the wealth of a nation with its people, to try to make things better for all the citizens involved including medical care, education, food, clothing, and other basics of life.

A conservative is usually considered to be someone who believes in massing the wealth of a nation in the hands of a few. Creating larger and larger holdings with monopolys on many of the very goods and services the people of a nation must have to survive. A conservative worships power and money, they don't care about their fellow man, the less fortunate, nor those

needing some help to survive or to become self-sufficient.

It should also be brought up that Adolph Hitler was a conservative. He ran on a conservative platform and was elected by the people of Germany. I don't have to tell you what happened later.

Some words of wisdom were given to me by a very wise and respected gentleman some years back. So far, he has been right. I will share them with you now. He said, "always remember when you go to vote, Democrats believe in helping the people, sharing the wealth and in general improving the quality of life. The Republicans believe in helping themselves keeping the wealth in the hands of a few and if a little runs over the side that's OK as long as it is not too much". This is commonly known as the trickle down theory or Reaganomics.

I am not going to get into an argument over the republican garbage Mrs. Watson wrote in her letter. I am going to say to you and the readers of the Stratford

Star: The President of the United States does not decide on capital punishment, the state legislature does. In Texas we do believe in capitol punishment and under Gov. Mark White many criminals were executed. This issue is states rights, not federal. As far as drugs go just remember who controls the wealth, who is the greedy, and who wants to control you. Under republican control drug traffickers have gone basically untouched on the federal level. The economy causes much of the problems which lead to drug use and drug trafficking. As you know, the republicans are in control of the justice department. Do you remember Ed Meese?

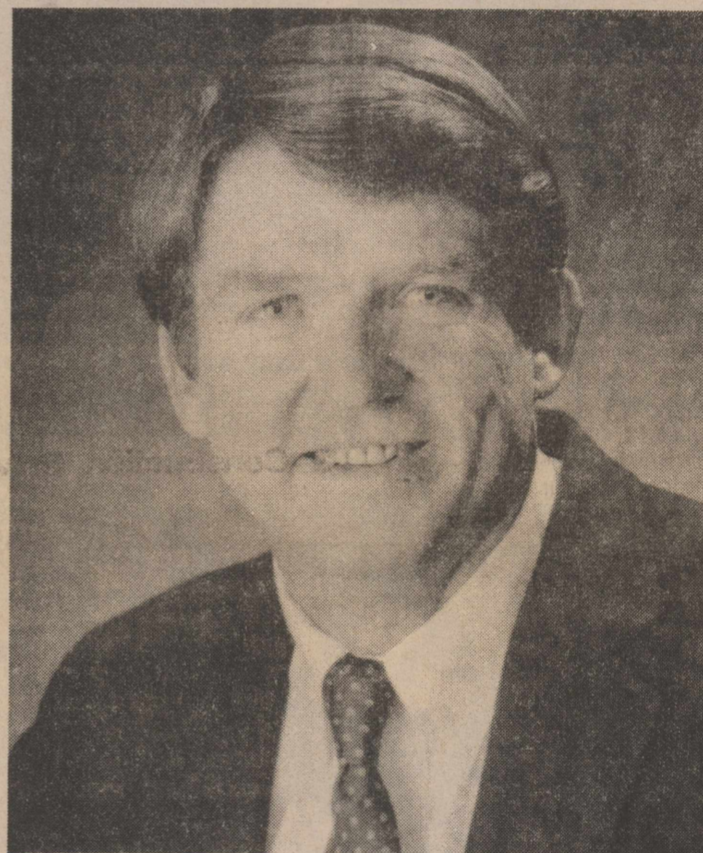

A stronger economy and better education of our people is the ultimate way to stop drug abuse. Building better schools and paying our teachers fair wages is a better way to control drugs than building more prisons and hiring more police. Under a Dukakis administration, Americans can hold
