GUILT IN CHICAGO

For years now the television and radio networks have been hung-up trying to decide whether they are entertainment media, or news media. The hang-up was never more clear than during the Chicago donnybrook. Indignant spokesmen for both media are demanding investigations. Devotees of the idiot-box are writing letters to the editor. The sight of unwashed agitators who have been so prominent on TV getting whacked by Chicago police has stirred up the fans.

Our own impression is similar to that voiced by Senator Muskie, he who was nominated for the Vice-President spot on the Democratic ticket. The Senator said that he observed the troublemakers from his 7th floor window, and that they very carefully maneuvered innocent onlookers between themselves and the police before opening up with barrages of missiles. And the police had to pass through the innocents to get to the perpetrators.

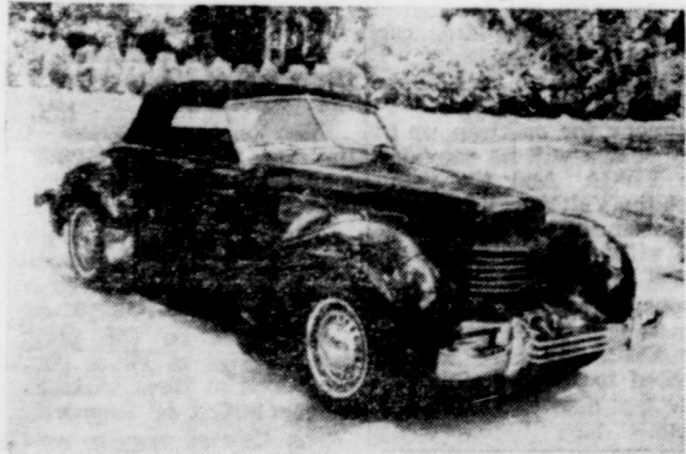

Do peaceful demonstrators usually carry bottles, cans, rocks and assorted containers filled with excrement? Certainly these were not predominantly residents of Chicago. They were imported troublemakers who openly trained for the engagements with the police while TV cameras filmed the exercises. Good entertainment, that.

Probably before the typesetter can finish with this copy they'll be pulling that "collective guilt" business again. In anticipation of that drivell we'll hoist a couple of culprits for the investigators to interrogate. First there is President Lyndon Johnson who, on August 3, 1965, greeted some college students as "fellow revolutionaries," and who told Americans four years ago that he was going to take money "away from the 'haves' and give it to the 'have-nots' who need it so much." The law defines that procedure as stealing, and we presume the Chicago hoodlums felt it didn't make much difference in the Great Society which laws they broke.

Another culprit is Hubert Humphrey who orated in July, 1966, that if he lived in the slums, "I think you'd have more trouble than you have already, because I've got enough spark in me to lead a mighty good revolt . . ."

We submit the following as the first question to be asked by the investigators who look into the Chicago happenings: "Would you have preferred that the police not be there?"

Berliner's Hobby Is Vintage Cars

This classic 1936 Cord Compressor model 812 is one of the more than 50 vintage cars handled by Wolfgang Moeller, 32, of West Berlin in the past two years. A political economist who lectures at the Berlin School of Economics, Moeller deals in fine old cars merely as a hobby and is unique in this line in West Germany. Some of the other choice items that have passed through his hands include a 1912 Wanderer "Puppen," 1920 Rolls-Royce Silver Ghost and 1924 Cadillac, 1929 Bugatti 46, 1932 Aston-Martin International; and a 1936 Packard 12-cyl. Roadster. Wolfgang Moeller himself drives a 1955 Bentley and spots most of his purchases on periodic trips to other European countries; he bought the Cord from a waiter in Czechoslovakia. If desired, he will restore or renovate the cars before selling them to fanciers, mostly in Germany, but also in Denmark, Sweden, Italy and Holland.

"Prices range anywhere from \$2,500 to \$12,500," Moeller says. "The older purchasers want them for sentimental reasons, and the younger set look on vintage cars as a status symbol. And if they like the look and feel of a classic car, there is no hagglng over price."

However, Moeller now checks the credentials of prospective buyers since he sold a 1936 Austin, model 7, to a man who was arrested two months later for burglarizing several homes in the Berlin suburb of Dahlem. To quote Moeller again, "That kind of customer I can do, without!"

Family FINANCIAL PROTECTION

Policyholder Questions Answered by the Health Insurance Institute, 277 Park Ave., N. Y., N. Y., 10017

Q. I've had Medicare benefits ever since the program began two years ago. I'm blessed with good health and, so far, haven't had to use it to any great extent. But I've been reading where more people over age 65 seem to be in the hospital and I'm wondering what will happen, what with the rising medical costs. The Medicare premium we pay for physicians' services has already been raised. Do you think the benefits may change in any way because more people are using the program?

A. It is difficult to say at the present time just what changes will be made in the program. Amendment has been added to the basic law of 1966 in the form of additional benefits and the cost of the voluntary Part B (supplementary medical benefits) program has been increased from \$3 to \$4 per month. The Social Security Administration has also noted that this premium may be increased "from time to time" if program costs rise. The program so far has met with favorable response in that 18.6 out of 19.6 million persons over age 65 are presently enrolled in Part B. Although no one can predict what benefit changes, if any, will take place, your local SSA office is the best source of information for future developments in the program.

Q. Medicine has always interested me and I've set my sights on being a doctor. I'm a junior in high school and plan to go on to college, but am not sure whether I can make it through medical school. Are there other jobs that need people in the medical field?

A. Yes, there are. As much as we need doctors to serve the increasing number of people

requiring medical care, there are always openings in the health care field for nurses, laboratory technicians, medical technologists, hospital administrators and other related jobs necessary to the doctor's work. These people have an important role in assisting the doctor on the "health care team." A career in medicine, whether as a doctor or as part of the allied medical personnel, can be most rewarding and will help assure proper medical care to everyone.

Accent On Homes

By Marjorie Marsh

We're spending bumper amounts of money to conquer outer space and happily some of the results are helping to improve our "inner space" at home. The technical advances developed by the up, up and away boys in the laboratories have produced a favorable "fall-out" of new products and given glamour to the familiar ones.

New Products for Home

For example there's that cookware that can be shoved into the oven right from the freezer. And there's a huge family of "high impact" plastics that look just like wood but won't break even if dropped from the moon!

Amplly-endowed products have also been given further virtues by the men in the big white coats. Wool carpets, for one, have always been the last word in luxury. Now the blue-sky thinking of scientists has added down-to-earth characteristics.

If you live in an area where the humidity is very low or have very cold winters, you'll know all about the annoying shocks from carpet. Even though wool is very low in generating static electricity, carpet manufacturers are mixing in very fine strands of stainless steel to make shock-free wool. This additional comfort in carpeting doesn't affect its softness or "hand". You won't know that the carpet has this added comfort factor unless you read the label carefully.

Wool Carpets Cost Less

If you're interested in budget as well as comfort, you'll be glad to know that science has lowered the price of wool carpets. Thanks to a new chemical treatment, wool carpets take only one trip to the dye house to achieve patterns in two and three colors. And that saving in production costs is passed right along to you.

Women IN THE KNOW

By Jean Kingsley, Women's Consultant, The Travelers Insurance Companies

On the Move

If you're going to move soon, you're in good company. More than 40 million Americans will change their home address this year, mostly during July, August and September when the children are out of school.

Actually, most moving families—about two-thirds—stay fairly close to their old addresses. Those who do move out of state favor California, Florida and Texas—in that order.

Whether you're moving across the street or across the country, moving is a hectic experience. However, with a little careful planning, women in the know can minimize the fuss and bother. A pocketful of lists is common of any moving family, but these handy reminders really do the job. Tack one up and assign each family member a set of chores. As each is completed, check it off.

One mistake common to moving families is that they do more than is necessary. For example, most moving companies are happy to roll up rugs and mattresses free of charge. Families who sling their clothes loosely over boxes or tuck clothing into odd corners usually end up paying double—once for the moving, once for the cleaning bills. It's so much easier to inform your moving man in advance to bring cardboard wardrobes so you can hang clothing neatly.

Too often in the hustle-bustle it's easy to forget all those who should be notified of your new address. Besides the utility companies, magazines, stores and the post office, you should also tell your Traveler's insurance agent.

Whether you're moving to larger or smaller quarters—whether your new address is more plush than the old—a re-examination of your insurance program should be a consideration of any move. Your Traveler's agent will be delighted to help you determine if you have the proper coverage at your new address.

You say people are afraid to get involved?

...not everyone.

Many telephone people have made it their business to get involved in other people's problems. They've saved hundreds of lives in the process, often risking their own safety.

Over the years, 240 Southwestern Bell employees have been awarded the Vail Medal, an award recognizing acts which exemplify the company's highest traditions of service.

Among our Vail Medal winners are employees who... pulled a mother and her son from the rushing waters of a turbulent river... carried a baby from a blazing trailer home... dragged a man and woman from a burning car.

The list goes on and on.

And we're proud of them all. They're the kind of people you can count on to get involved.

Hawks To Invade Burk Friday Night At 8

One of the stronger Class AA football teams in the breadth and width of Texas will blow into Burkburnett Friday night to help the Bulldogs open the 1968 grid season.

They are none other than the green-and-white clad Iowa Park Hawks, touted by many as the potential Class AA champs.

Meanwhile, Coach Bill Froman of the Bulldogs looked over his injury-depleted ranks, and considered last minute assignments to face the visitors. The Bulldogs lost two men.

and possibly three, as the season opener neared.

Tony Landers, 150-pound senior, is out with a broken wrist. Wendell Hobbs, bothered with headaches following early workouts, is cut for the season.

And a doubtful starter is Jim Sprague, whose experience at end is sorely needed. Sprague came down with an undetermined ailment early in the week, but has been feeling somewhat better as Friday approached.

Coach Froman and the Bulldogs are far from throwing in the towel, however.

In the Mineral Wells scrimmage, several rough spots appeared, both on defense and offense. Workouts were ordered to smooth the edges, and some improvements have been noted.

Froman admits he will be depending heavily on big Donald Brown to carry the bulk of the running load. Brown, who weighs in at 195 bruising pounds has excelled in his inside running, and shows prom-

ise on the outside.

Lannie Walker, who last year was shifted to guard, has been sent to fullback. The change won't be too drastic, as Lannie has worked there before.

Rick Kinnard, another senior, will do wingback duties, and no doubt will be the target of frequent throws.

The Bulldogs are fortunate in possessing two of the more talented tackles in the area, both with plenty of experience behind them. They are Bobbie Larson and Drake Andrades. Both have the ability to carry the bulk of the line duties, and probably will.

At ends, three youngsters are awaiting the opening whistle. Larry Sullivan and Rick Reasoner are ready in the tight end slots and Mike Holland in the split.

Pre-season workouts would probably give the center duties to Don Youngblood, a scrappy 6-2 gragger who carries his 180 pounds well.

Youngblood is a converted

tackle and his performance is eagerly awaited.

Although the defense shown by the Bulldogs at Mineral Wells was acceptable, it was nothing to write home about. But Tom Thornton, Lannie Walker and Bob Larson sparked at opportune moments.

John Robinson, senior quarterback and letterman, will draw the starting nod Friday, and of course will handle the bulk of the passing.

Froman's backup quarterback and punter is Robbie Young, a 140-pound junior.

In the quarterback slots will be Mike Nevins and Joe Kartetter. Nevins is a senior, while Kartetter is one of two sophomores on the squad.

This early in the season, the full capabilities of the invaders cannot be assessed.

However, it's well known that Iowa Park, always a hotbed for

football, will field another good team.

As usual, they are big and several years have produced one of the outstanding teams of the area.

And there is no reason to expect otherwise Friday.

Game time, in Bulldog Stadium, is 8 p.m.

And for those who haven't yet picked up their tickets, a few are available at the school tax office.

Burk Gridders Set Four Games

Future Burk Bulldogs will start their gridiron action this weekend and early next week.

Saturday at 10 a.m., the Burk junior variety will test Hirschi at Coyote Stadium.

At 4 p.m. Saturday, also at Coyote Stadium, the Burk ninth graders will meet the Hirschi ninth graders.

Junior high gridders will see their first action of the season Tuesday, in a double header at Iowa Park.

The seventh graders will tangle at 5:30 p.m.

At the conclusion of this game, or about 7:30, the eighth graders will meet.

Bulldog Booster Club Plans Busy '68 Season

When it comes to supporting the Burkburnett High School Bulldogs, the Burk Booster Club takes a back seat to no one.

At a spirited meeting Monday night, plans for another season of backing the Bulldogs were discussed.

T. M. Cornelius presided, and among the business discussed, settled and voted upon favorably were:

Purchase of a tape recorder for use by scouts and any other business required. This will allow scouts to keep more complete notes on the play of upcoming opponents.

Decided to sell large color pictures of individual gridders to merchants for display in windows. The cost will be \$10 for members and \$12.50 for non-members.

Heard reports on the successful watermelon feed held at the beginning of fall training, and received a report from the treasurer.

Heard a complete report on the 1968 edition of the Burkburnett Bulldogs from Coach Bill Froman.

Met the entire coaching staff of the junior high and high schools. Met the wives of the coaching staff.

Viewed films of Friday night's scrimmage with Mineral Wells. Membership in the group is increasing, but further memberships are available at \$5 for men and wife.

Coach Froman also discussed Friday night's opponents, the Iowa Park Hawks, and promised an interesting game.

The next meeting of the group will be Monday night at the Burkburnett Bank Community Room.

All sport fans, whether members of the club or not, are invited. Films of the Iowa Park game are scheduled to be shown.

PERSONAL—

T-Sgt. Bob Arrington of the USAF stationed in Vietnam arrived here Sunday in time to attend the funeral of his brother, H. D. Arrington. Following a visit here with his mother, Mrs. Temple Welborn, and his wife and children in Ft. Worth, he will return to Vietnam.

ABWA MEMBERSHIP TEA IS PLANNED SUNDAY AFTERNOON

Just imagine that you are planning a Sunday afternoon tea and have invited some 10,000 guests to attend! This will give you an idea of what more than 45,000 members of the American Business Women's Association are doing.

Over 750 local chapters from coast to coast have planned such an occasion and will serve as hostesses to this impressive number of women on Sept. 15. At these events sponsored twice each year, chapter members will present programs emphasizing (1) improving employer-employee relations, (2) advancement for business women through efficient service to business, and (3) enrichment through education for business women.

Boomtown chapter of American Business Women's Association of Burkburnett will sponsor its Hand of Friendship Tea in the National Room Sunday afternoon, Sept. 15 from 3:00 to 5:00 p.m., under the direction of Mrs. Hazel McCullough, tea chairman. The tea is one of the outstanding social events of the year. At this time members are given an opportunity to extend invitations to other friends and acquaintances so that they

too, may enjoy sharing the benefits of ABWA.

Membership in ABWA is confined to women (of good moral character) in business, including women owning or operating their own business, women in professions, women employed in business, women in the employ of local, state and federal government, or other public corporation.

The association is a non-union, non-partisan, non-sectarian and non-profit organization, designed to fulfill specific needs not met by other organizations. The association emphasizes sponsorship of scholarships for deserving qualified women. Boomtown Chapter is presently sponsoring two college scholarship recipients for the fall semester: Joy Stockstill and Donna Sue Young.

The Association's National Headquarters is located in Kansas City, Mo., where the first chapter was chartered in 1949. Boomtown Chapter of Burkburnett was chartered in 1963 and has a present membership of twenty-one. The chapter meets once each month, at which time doctors, college professors, and business men and women in all occupations are among those asked to speak. Once a year each chapter has a 'Boss Night' at which time each member's employer is invited to dinner. These dinners do much to show employers that members of the ABWA are interested in them, their jobs, and the companies they represent.

Recognition of outstanding achievement by specific chapters and individual members is given each year in October at the National Convention. The American Business Woman of the Year is announced at this convention. Each chapter may nominate a candidate for this honor. Mae King is Boomtown Chapter's nomination this year. The 1968 National Convention will be held in Jacksonville, Florida in October.

Business women are invited and encouraged to contact Laura Powell, president, by calling 569-2779 or Kathy Keene, membership chairman, 569-1590.

NOTICE

St. Jude Thaddeus Catholic Church is planning to sponsor a new Boy Scout troop. An organizational meeting will be held Saturday, Sept. 14, 1:00 p.m. at the Texas Electric Reddy Room. All boys interested in joining this troop are requested to attend this meeting.

PERSONAL—

Mr. and Mrs. P. E. Dutton from Portales, New Mexico and their son and his wife, Mr. and Mrs. Orin Dutton from Los Angeles, Calif., attended a Dutton reunion September 1 at Gainesville, Texas. The Duttons lived in Burkburnett years ago.

They also visited their brothers, Lee Cooper, Luther Cooper, O. J. Cooper and nephews, Don Lee Huffines and O. J. Cooper, Jr. in Wichita Falls.

Southside P-TA Meet Set Tuesday Night

The Southside Grade School P-TA will hold the first meeting of the 1968 fall semester school year Tuesday night, September 10th at 7:30 p.m. in the cafeteria building located directly behind Southside Grade School. Mrs. Merle Anthony, teacher of American history at Wichita Falls High School will present the program, "Americanism". Mrs. Anthony feels a deep and keen awareness of citizenship responsibilities. She is a sought after professional speaker but accepts first the requests which she feels needs her efforts.

Although she has a wide area of talents to choose from, Mrs. Anthony remains first and foremost a classroom teacher with limitless energy she carries her class through the early American Republic days, by its trying periods of depressions and wars to its high moments of glory. She teaches by word an example the American way of life at its best. The public is extended a cordial invitation to attend this meeting.

Lions Club Adds Three New Members

Three new members have been added to the rolls of the Burkburnett Lions Club.

Recently inducted were Wayne Lax and Gary Owen.

Tonight, during the official visit of the District Governor M. E. Carothers of Anson, Quaid Richberg will be accepted into the club.

SHINED AND READY

"And your feet shod with the preparation of the gospel of peace." Ephesians 6:15.

These shoes fairly shine and sparkle and are ready to take their owner proudly any place. Society dictates that we should be well turned out and that our feet be shod with well-groomed footwear. The Bible tells us that we should be clad in the whole armour of God, and that our feet should be shod with the preparation of the gospel of peace. The gospel is this: "There is therefore now no condemnation to them which are in Christ Jesus, who walk not after the flesh, but after the Spirit." Romans 8:1

St. Peter advises, "Be ready always to give an answer to every man that asketh you a reason of the hope that is in you with meekness and fear."

Come to church this week that you might learn of Him and that you might be prepared to give this good news of the gospel to others.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

MOBILE BIKINI MARTINI — Scientists have discovered a way to package cocktails in cans so that they will remain fresh for more than a year. The secret is in the inner plastic coating of the aluminum cans used by the new Club Cocktails, developed by researchers at Heublein, Inc. The convenience product and package were designed to meet the needs of an increasingly mobile society. Canned cocktails now go anywhere beer cans do — at the beach, at poolside, or picnics, in boats, at football games. They need only be chilled before serving. An 8-ounce can contains enough for three drinks and generally retails for under a dollar. There are six varieties — martinis, whiskey sours, daiquiris, margaritas, manhattans and screwdrivers.

NEWS . . . Scout Troop 155

Saturday afternoon, August 31, 1968 Scout Troop 155 held its end of the summer swim meet and Court of Honor at Perkins Reservation. Patrol competition ended as follows: First, Eagle; Second, Flaming Arrow; third, Panther; Fourth, Ravens and fifth, Apache. Individual awards were: first, James Mahaffey; second, Steve Lax; third, Kurt Martin; fourth, John Cokendolpher, and fifth, Dennis Cotton. After the swim competition, water games and a general swim were enjoyed. At the Court of Honor rank advancements were presented as follows: Tenderfoot—Brickley and Richard Sjolun; Second Class—Danny Ladd; First Class—Robert Hunter, Jay McCluskey, Mark Bulla and Bruce Foster; Star—Gary Metz.

Scouts receiving merit badges were: Bruce Foster, Gary Metz, Mark Lax, Robert Hunter, John Cokendolpher, Mark Foster, Gordon McCluskey, Mark Bulla, Chris Strayhorn, Bruce Elankenship, Steve Sutherland, Dennis Cotton, David Cotton, Jay McCluskey, Bob Lippard, Jay Lippard, Tom Derman, Kurt Martin, Danny Ladd and James Cokendolpher. Special "Paul Bunyan" awards were given to James Mahaffey and James Cokendolpher.

Climax of the day was watermelon for all. Oh, yes—Chris Strayhorn is the champ watermelon eater.

Troop 155 is sponsored by the First United Methodist Church. John Cokendolpher, Scribe and Mr. Tom Evans, Scoutmaster.

4'H-ERS ALERT TO AUTO SAFETY DRIVING HAZARDS

"Will my son or daughter become a 1968 automobile accident statistic?" Parents of teenage drivers would like to be sure the answer is a decisive NO! But they can't be sure.

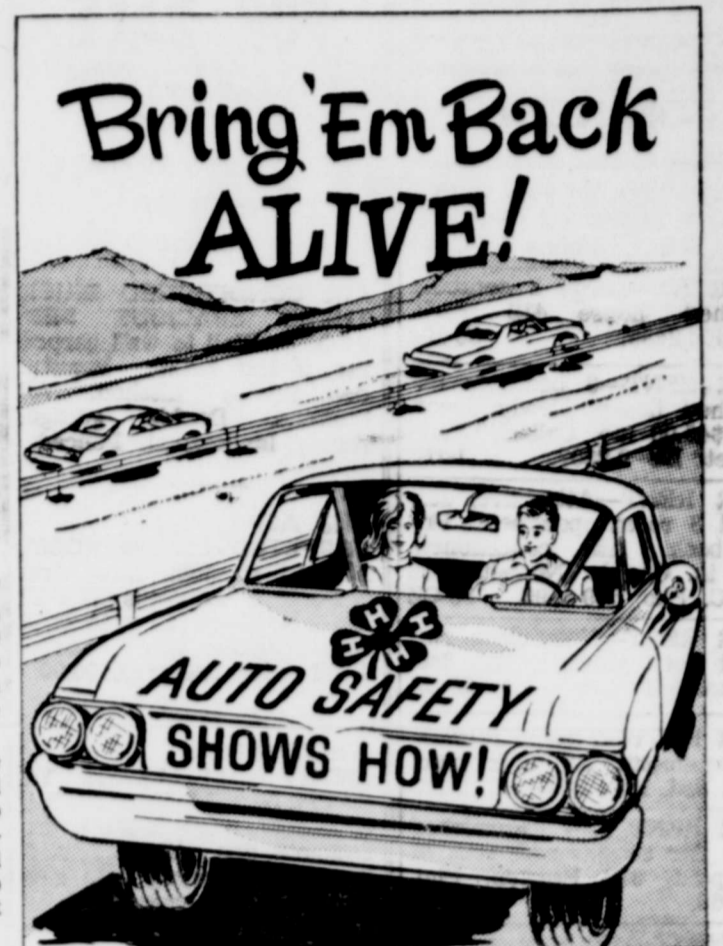

Deaths from motor vehicle accidents are at a peak period right now and will increase month-by-month through December. This prediction is based on estimates made by the National Safety Council for a similar period last year.

For the first six months of 1968, motor vehicle accidents caused 25,200 deaths and 900,000 disabling injuries, according to the Safety Council. This was an increase of 6 percent over the same period last year.

How to reduce this terrible toll? One thing parents and young drivers can do is get into a 4-H Automotive Safety program. Nearly 57,000 girls and boys are enrolled. Parents help by volunteering as project leaders.

This program supplements driver education in school and other driver training efforts. Its primary purpose is to develop the right attitude toward safe driving. In so doing, youngsters learn what makes an auto "go" and how the "go" can be safely maintained.

The Cooperative Extension Service supervises 4-H Clubs and projects, promotes community auto safety campaigns and helps to prepare the pre-driver for a driver's license. Parents, traffic officers, safety and highway engineers, and auto dealers help this all-out 4-H effort.

The Firestone Tire & Rubber Company is national sponsor of the 4-H Automotive Safety program. The company provides incentive awards annually in recognition of outstanding individual and community achievements.

Here are a few tips offered by Fred Bergsurd, extension agricultural engineer at Kansas State University: (1) Drive defensively. Condition your mental reflexes to expect dangerous accident situations just as you have conditioned your reflexes in steering, breaking and accelerating. (2) Drive courteously. It pays immediate and continuous dividends. (3) Keep the whole traffic scene in view . . . not just the car ahead. (4) Don't drive if you are irritated or fatigued. (5) Keep your car in shape at all times.

For more information about the 4-H Automotive Safety program, contact the County Extension office or a local Firestone dealer. Inquiries also can be directed to Donald E. Osburn, National 4-H Service Committee, 59 E. Van Buren St., Chicago, Ill. 60605.

The Busy Woman's Buffet Party

The key to successful entertaining, especially if you are a woman with a job and a household to manage, is a detailed plan. A buffet dinner is usually easiest to prepare and serve. Keep the menu simple. Write down every detail of what to do and when to do it, and keep to schedule.

A main course that meets the requirements is Beef Bourguignonne with rice and tossed green salad. A good choice for dessert would be make-ahead Coffee Crunch Pie. For the filling, combine one package of vanilla flavor whipped dessert mix with one tablespoon instant quality coffee and prepare according to package directions. Spoon it into this crunchy crust and chill thoroughly.

Crunchy Crumb Crust

1/4 cup finely crushed Post Grape-Nuts Cereal	2 tablespoons sugar
1 cup fine graham cracker crumbs	1/2 cup butter, melted

Combine cereal, crumbs, and sugar. Stir in melted butter. Press firmly on bottom and sides of 9-inch pie pan. Chill 1 hour before filling. Or bake crust at 375° about 5 to 8 minutes; cool before filling.

Strength in Reserve.

Today's Army Reserve is made up of over one million Americans. It has served our country in all the major conflicts of this century, and is doing so today in Vietnam.
