Little Milk Rebels Call For More! WHEN IT'S Borden's RICH MILK

Some children balk at the idea of drinking the quart of milk they need each day. But not when it's Borden's Rich Milk! Every drop is so good, so rich, they ask eagerly for more. One quart daily supplies a child's calcium needs. And calcium helps keep kids fit, with healthier nerves, sunnier dispositions. For more happiness, less snappiness, give your child Borden's Rich Milk.

ANOTHER NEW POWER PLANT ADDITION!

It's just been completed and is now in operation. This new 33,000-kilowatt addition to one of CPL's major power plants will make many more millions of kilowatt hours. It's an additional source of power on CPL's network of transmission lines for the thousands of switches flicking all over South Texas.

Completion of this new power plant addition is another stride for-

ward in CPL's long-range program of expansion which has more than doubled the electric power supply for South Texas in the last five years. That's lots of power today and we're still expanding. There'll be more new power for commerce, agriculture and industry ... more power for your finer electrical living ... plenty of dependable, low-cost power to help further the future growth and progress of South Texas.

ARE YOU READY FOR WINTER?
