Pontiac

A GENERAL MOTORS MASTERPIECE

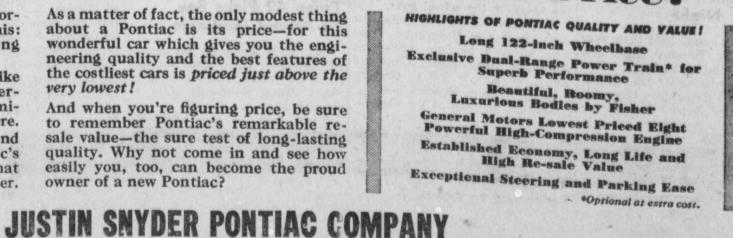

A Very Proud Car-At A Very Modest Price!

According to Webster, one of the important meanings of the word proud is this: "Worthy of admiration; deserving praise."

That definition fits the 1953 Pontiac like a glove. Pontiac's distinctive Silver-Streak beauty is certainly worthy of admiration-and gets plenty of it everywhere. And when you sit behind the wheel and feel the effortless surge from Pontiac's famous power plant you'll know that you're driving a mighty proud performer. As a matter of fact, the only modest thing about a Pontiac is its price-for this wonderful car which gives you the engineering quality and the best features of the costliest cars is priced just above the very lowest!

And when you're figuring price, be sure to remember Pontiac's remarkable resale value-the sure test of long-lasting quality. Why not come in and see how easily you, too, can become the proud owner of a new Pontiac?

By M. NORVEL YOUNG What Does the Bible Say?

REPENTANCE IS ESSENTIAL TO FORGIVENESS!

We are continuing our study of how we can gain God's forgiveness for our wrongdoings, and live with power a victorious life. We have shown how the Bible teaches that Jesus Christ is the secret of peace with God. "Neither is there salvation in any other: for there is none other name under name under heaven given among men, whereby we must be saved." (Acts 4:12). The first step in yielding your life to God is to believe with all of your heart in Jesus Christ as the Son of God. This is a trust in Him as a person which leads to likewise perish." (Luke 13:5). > FLOOD CONTROL: Texas flood control projects are threatened with drastic stretch-outs. Heavy cuts in appropriations are suggested in the revised budget for flood control and rivers and harbors, pre-

sented to Congress last week. Suggested appropriation for the Dallas floodway is slashed from \$2,900,000 to \$750,000, that for the Fort Worth floodway from \$1,-550,000 to \$1,000,000. These projects are designed to prevent flooding of the Fort Worth-Dallas area pointed during the previous adby the Trinity River. The cuts, if ministration if they are now perput into effect, will simply delay forming and continue to perform completion of the overall project. That delay could be disastrous. Who knows when the Trinity will flood again? The revised budget cuts out al-
