## **County Officials Attend City Council Meeting**

Tuesday night the City Council met in regular session at the City Hall, with Mayor J. W. Higgins, City Secretary Marylou Eubank, Councilmen T. D. Picton, Charles Garrett and Roy V. Rogero and City Attorney Clark C. Wren present.

County Judge John Wendell and County Commissioners W. B. Allen and Jack Sparks also attended the meeting and discussed plans for the new county-city dumping ground which is located north of Market Street, about one and onehalf miles west of the city limits.

City officials told of the urgent need of a larger dump ground and that they had purchased this 37acre tract some time ago for this purpose. The county officials expressed themselves as agreeable to lending all possible assistance in helping to get the site in shape immediately.

City Attorney Wren read an ordinance which will be put into effect in the near future. He also reported on the collection of delinquent taxes. Notices are being sent to these property owners and some results have been obtained.

## With a Lady Diplomat, Also Goes Wardrobe

United States Ambassador to Italy, Clare Boothe Luce, waves a greeting to a Roman crowd and gives them a grateful smile. At left is her husband, publisher Henry Luce.

Following the lady ambassador to Europe is her extensive wardrobe. Care and transportation of a wardrobe is a problem for any diplomat's aides. But in the case of a lady diplomat, the problem assumes astronomical proportions. Seen above, Roman workmen unload part of the trunks and chests containing the habiliments of United States Ambassador Clare Boothe Luce.

# LET ME IN ON YOUR PLANS!

Whether you build, buy or remodel a home, you want it planned to give you the maximum comfort, convenience and efficiency. One of the most important parts of your building plans is an adequate, electrical wiring system ... planned to give you the best and most economical use of your electric service.

Here are a few suggestions to help you install a good wiring system: Make sure there is a three-wire service entrance and correct size wires to carry enough electricity into your home; a sufficient number of circuits to prevent overloading; plenty of conveniently located outlets in every room. Include 230-volt outlets for the use of window air-conditioners and a clothes dryer. Don't forget the outlet for an electric range.

Plan the wiring in your home to take care of your electrical needs now and to serve the many additional appliances you may add in the future. Remember, adequate electrical wiring is but a small part of the cost of your home, yet it's one of the best investments you can make.

Supper Every Sunday?

A visitor to the morning worship of the church has asked this question: "Why do Churches of Christ observe the Lord's Supper every Sunday?" That is a reasonable question. Perhaps you have wondered about it too?

We are striving to restore the simple worship of the Church in the days of the apostles. The Church in those days observed the Lord's Supper the first day of every week. The approved example of this is found in Paul's experience at Troas. Paul "tarried seven days" in Troas. Evithe church there. "And upon the first day of the week, when we bread, Paul discoursed with them . . . " (Acts 20:7.) This scripture the early church to "break bread" and on the same day Jesus Christ or observe the Lord's Supper on the first day of the week, which day we call Sunday."

Secular history adds to this scriptural example and shows early that the early Christians dd meet to observe the Lord's Supper or Communion on the first day of every week. (See Inter-

## **BIG BEND NATIONAL PARK**

The BIG BEND COUNTRY was so named because of the southward bend of the Rio Grande. The deepest canyons and some of the most rugged terrain in Texas are found here. Santa Elena Canyon has a gorge with perpendicular walls about 1550 feet high. The Boquillas Canyon is little less spectacular. In the southern part of the country 707,338 acres were deeded to the Federal Government for the BIG BEND NATIONAL PARK. Romantic interest is added by the close proximity of the people of Old Mexico and by the colorful legends and stories of the country.

This year's Chevrolet brings you the most important gain in economy in Chevrolet history. And it's the kind of everyday economy that saves you money wherever and however you drive!

New high-compression power is the reason. Both the new 115-h.p. "Blue-Flame" engine in Powerglide\* models-and the advanced 108-h.p. "Thrift-King" engine in gearshift models-deliver more power on less gasoline. Acceleration and hill-climbing ability are greater, fuel consumption is lower!

This is the kind of economy that counts the most-important gasoline savings for the driving you do, together with lower over-all costs of upkeep. And along with it, you enjoy all the other advantages that only

the new Chevrolet offers you. Come in and see for yourself! \*Combination of 115-h.p. "Blue-Flame" engine and Powerglide automatic transmission available on "Two-Ten" and Bel Air models only.
