

Safety Council Meets Tuesday, Elects Officers

The Rockport-Fulton Area Safety Council met Tuesday night in the fire hall, with 14 out of 21 members present, and elected permanent officers and appointed committees to carry on its work.

Reverend Dana Green called the meeting to order, and after a review of the work done at earlier council meetings the committee proceeded with the evening's business.

First of all, the name, the Rockport-Fulton Area Safety Council

was chosen, and then the group chose as permanent officers Rev. Dana Green, chairman; Dudley Bracht, vice chairman; and Jack Baughman, as secretary.

The aims of the organization were briefly outlined as follows:

1. Public education in the field of law compliance, particularly in traffic;
2. Assurance for local law officers of the support of the community in enforcement of all laws, and particularly those governing traffic;
3. Work toward augmentation of present law enforcement personnel;
4. Study of community safety needs.

Membership in the safety council is open to everyone in the county, Rev. Green pointed out, and people interested in seeing the necessary steps taken to accomplish the above aims is cordially invited.

Along The Waterfront

Earle Thomas fished Leland Hastings and party of San Antonio Saturday and they caught 34 trout and two pompano. Monday he had Messrs. Treadway, Jernigan, Kraft, and Edwards, all of Dallas, and they went wade fishing, coming in with 28 assorted fish among which were one 6 1/2 pound and a 3 1/2 pound red. Tuesday he fished a Mr. Hill, San Antonio, and a Mr. Jones, of Corpus Christi.

Judge Wendell And Chamber of Commerce Push Goose Island

Judge John Wendell, the County Commissioners, and the Rockport Chamber of Commerce are actively pushing a campaign calling for badly needed and long overdue improvements to Goose Island State Park, where 147,000 people picnicked or camped last year, making it the second most-used facility of its kind in the state.

The improvements were estimated by M. W. Cochran, local Chamber of Commerce director of the South Texas Chamber of Commerce, as follows:

Ten additional shelters, complete with light and water, \$6,000; 25 additional concrete tables for picnic areas, complete with benches, \$1500; modern rest rooms for the picnic area, \$2000; modern rest rooms for Goose Island itself, \$2000; equipment necessary for care of the grounds, a tractor and auxiliary tools, including a rotary grass cutter, \$2500; supplies and repairs, \$1250; annual expenditure for skilled labor to handle mechanical equipment, \$2000, and other labor expenditures, \$2500.

Cochran's letter, written to the budget committees of the state legislature continues as follows:

The cattle graze all over Lamar

(continued on page 8)

Commissioners and C of C Members To Attend Austin Meet

Members of the Commissioners' Court of Aransas County and of the Rockport Chamber of Commerce left this morning to attend a State Highway Commission hearing on location of a proposed Federal six-lane highway from Orange to Brownsville.

Action on this was initiated same time ago when the Chamber sent a delegation to a meeting in Corpus Christi where discussion of the route was scheduled.

Reports brought from this meeting were given to the Commissioners' Court, who passed a resolution pointing at routing the road through Aransas County.

Today's hearing before the Highway Commission will give citizens of Aransas County and other parts of South Texas an opportunity to air their views on the matter.

Those going from here include Judge John D. Wendell, Commissioners W. B. Allen, Jack Sparks, and A. L. Davis; M. W. Cochran, the local chamber's director on the board of the South Texas Chamber of Commerce; Arthur Bracht, president of the Rockport Chamber, and members William Furlong, Seth Steele, Jack McCready, Ellis Clark, and B. T. Hardeman.

Wesleyan Service Guild Plans Trick or Treat To Aid Children Elsewhere

Where will you be next Wednesday night? At home, we hope — all ready to answer a summons from those energetic Rockport and Fulton youngsters to help them trick poverty and disease by treating them to the small change in your pocket . . . their treats for UNICEF, the United Nations Children's Fund.

Whether it be a penny, nickel or dime, adults can be sure that each coin in a UNICEF container will be tripled — to provide triple threats against disease and poverty that still haunt six hundred million of the world's children. For each UNICEF penny and dollar is matched by countries receiving help at approximately two for one. Each penny put into a UNICEF container provides almost six glasses of milk; each dime, enough BCG vaccine to protect ten children from tuberculosis; each dollar enough drugs to treat a leprosy child for three years. And in return for these small

(continued on page 8)

World Community Day To Be Observed Friday

World Community Day will be observed by the Council of Church Women Friday, November 2 at 3 p. m. at the First Methodist Church.

Mrs. E. T. White, chairman of Christian World Missions, will present the program which will include music and the installation of the new officers. Gifts of money and clothing will be received at this time, money to help the physically handicapped in the Far East, to provide medicines for small hospitals in Southeast Asia, to help young refugees in Europe, and clothing for the refugees and victims of this year's serious floods.

A social hour in Fellowship Hall will follow the program.

All members of the council are urged to be present for this observance and the invitation extends to all women in the county.

Pirates To Meet Orange Grove On Friday Night

The Aransas County Pirates will be seeking their fifth straight district win tomorrow night in Orange Grove. This will be the first meeting between these two clubs as Orange Grove moved into this district just this year.

It promises to be a good game with the Orange Grove eleven rated as slight favorite. The Pirates are still tied with the Bishop Badgers for first place. The Bishop team is rated one of the strongest class A teams in South Texas this year. Coach Borchert's boys are not as strong as was expected for these last four district games due to the loss of two senior backfield men, but they are ready to give a good account of themselves and could upset some of the favorites.

ABSENTEE BALLOTING NOW GOING ON

Absentee balloting is now going on for the presidential election, and ballots are being received in the county clerk's office. Date for ending of such balloting is November 2.

Pirates Win Over Flour Bluff

The Aransas County Pirates put together four touchdowns in the second quarter last Friday night to win over the Flour Bluff Hornets 26-0.

After a slow first quarter which found the score 0-0, Eugene Satsky scored on a 41 yard scamper. He also kicked the extra point and the Pirates took a 7-0 lead. After recovering a fumble that followed the kick-off, the Pirates moved the ball down to the Hornet line where Allan Thomas took it over for the score. A few plays later, quarterback Danny Adams scored on a one yard sneak. At this point, coach Borchert put in his reserves and they continued to move. The series of plays was climaxed with a touchdown pass from quarterback Robert Shivers to end Mike Townsend that covered 15 yards. This ended the scoring as the Pirates took a 26-0 halftime score.

The second half was played by the second string as they gave a good account of themselves in playing the Hornets to a standstill. Flour Bluff threatened only one time the entire game and that came late in the fourth quarter.

The Pirates play the Orange Grove eleven tomorrow night in Orange Grove.

City Delinquent Tax List To Be Published In Rockport Pilot

The City Council, at its regular meeting, passed an ordinance for the control of dogs and other pets, (seen elsewhere in this issue), and what is probably of more interest to many people, decided to publish a list of those people delinquent in their city taxes in the Rockport Pilot.

In the discussion that preceded passage of the resolution, it was pointed out that many people had been delinquent in their city taxes for a number of years, and that it was thought that every means should be taken necessary to collect these arrears.

The City Tax Assessor-Collector was therefore directed to prepare a list of the people that were delinquent, with a notation upon the amount of taxes due, and to submit this list to the Mayor and City Council for their approval.

Following such approval the list is to be delivered to the Pilot for publication.

Twenty days after the date of the last such publication in the Pilot the City Attorney is directed to file suit for the collection of the said delinquent taxes.

UNITED FUND TOTALS \$4227.35

United Fund collections have totaled \$4227.35 so far, excluding special gifts, according to Mrs. Steele, secretary.

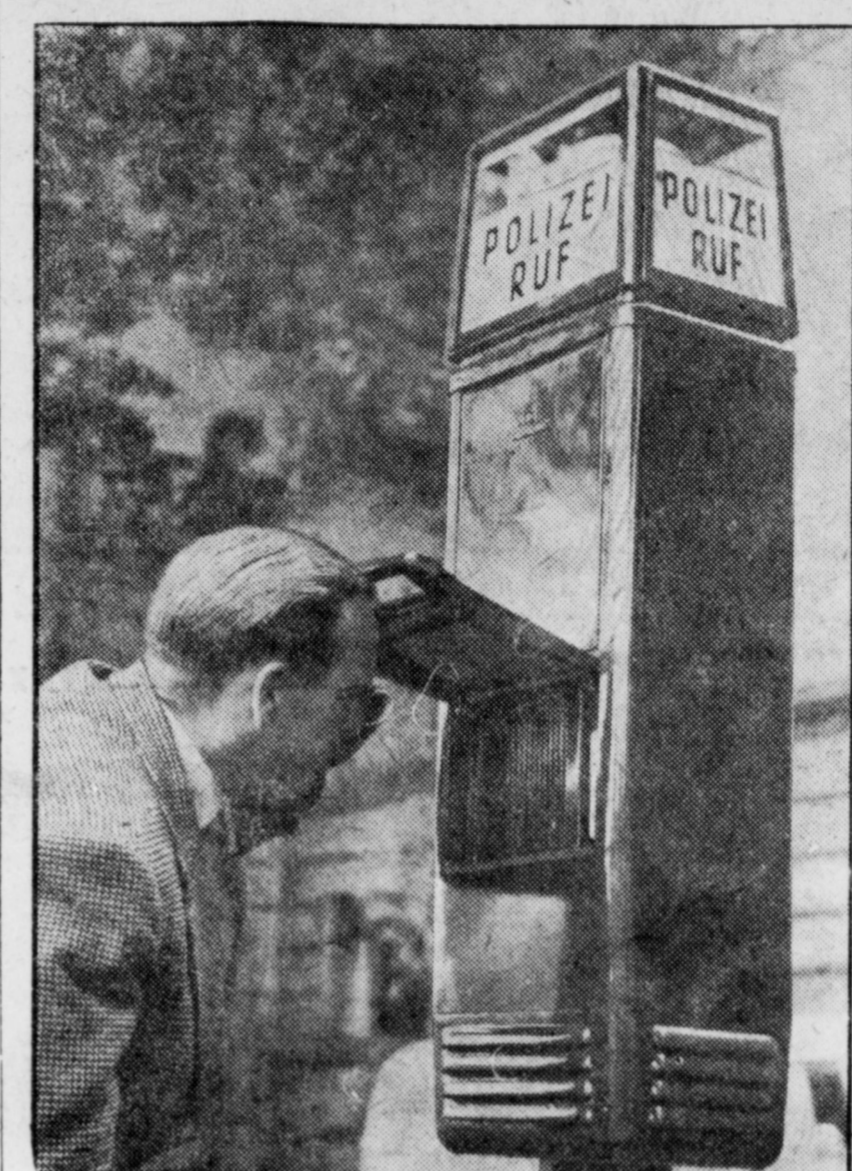

Rabies An Ancient Disease

Madness May Be Transmitted By Any Animal

Rabies, or hydrophobia, is an acute, fatal disease of the nervous system of man and animals, caused by an invisible virus which is usually transmitted by the saliva of a rabid dog in biting or licking naked parts of the body, such as the hands, face or legs. The disease has been known to be caused by the bite of a "mad dog" since the remotest period of history.

It exists in two forms: furious and paralytic. In veterinary medicine the latter form is known as dumb rabies. The furious form has three distinct stages: melancholic, hydrophobia, and paralytic follow one another rapidly in man and end fatally in about five days. The first stage lasts two or three days; the second one only one or two days, and the final one but a few hours. In animals, the duration may be some what longer but seldom lasts more than six days after the first symptoms appear. The paralytic form strikes without warning, by pain or paralysis, expanding rapidly from the region bitten and causing death by strangling.

Physicians and veterinarians recognize the disease by a chain of symptoms which is practically alike in all subjects. In dogs and other animals, a period of strange behavior, corresponding to the melancholic stage in man, is followed by an inclination to roam and bite moving objects, or, in the case of cattle, horses and similar mammals, to strike or gore, or if confined to tear viciously at the cage until overcome by paralysis. In man, the chain of events is horrible anguish, restlessness, insomnia, nightmares, hallucinations, severe headache, lancinating pains, oppressed breathing, spasms of the throat, tremors, convulsions, vicious acts, and paralysis precede death.

COP CALLER—That's what the strange looking device is, above. The man is using a new police alarm being tried out in Hamburg, Germany. The user lifts a door in one side of the alarm, and is immediately connected by phone with a police station. With the door open, the user can give messages to and receive instructions from the station. A light atop the alarm goes on when the door is open, signalling patrolling gendarmes that the box is in use, and thereby discouraging pranksters who might turn in false alarms.

County Health Officer Outlines Regulations For Control of Rabies

Dr. H. F. Elliott, County Health Officer, has outlined the rules for control of the rabies epidemic in Aransas County, which rules shall be in force from 12:01 p. m., October 20, 1956, to midnight November 19, 1957.

Dogs and other animals shall be registered with the County Health Officer, and no such registration shall be accepted unless the owner of the animal can show a

Chamber of Commerce Legislative Committee Holds Meeting Tuesday

The Chamber of Commerce Legislative Committee held a meeting Tuesday night and recommended to the Chamber that everything possible be done to push the enactment of enabling legislation on a national level to implement the Hoover Report recommendations.

The Committee also discussed the need for present of national legislation affecting the area to service clubs and decided to present a series of programs to these in January, dealing with the situation.

On the state level, the committee determined to watch committee appointments in the state legislature and to report on them to the Chamber of Commerce in time for appropriate action to be taken if needed.

vaccination certificate from a licensed veterinarian stating that the animal in question has been inoculated against rabies, and that the inoculation is still effective.

The present quarantine period, established during this emergency is from 12:01 a. m. on the 20th of October 1956, and extending for 38 days (midnight of November 26, 1956). During this period dogs and other animals must be kept confined within pens, kept on leash, or otherwise confined, so as to prevent contact with any dogs or other animals running at large in the area.

It is unlawful, during the period of this quarantine, for any dog or other animal, whether vaccinated or unvaccinated, registered or unregistered, to run at large. If such animals are found running at large, they may be impounded and, if unregistered, destroyed within 72 hours. If registered, the owner may have same by paying \$1 per day board during the time the animal is impounded, with the proviso that, if the animal is unclaimed within 144 hours after its impoundment, it may also be destroyed.

At the end of such quarantine period, properly registered and vaccinated animals may be allowed to run at large, but any untagged animals are declared to a public nuisance, and shall be impounded and destroyed with 72 hours, if unclaimed.

County Declares Rabies Emergency

Commissioners' Court and City Council Meet in Judge's Office to Combat Situation Arising Discovery of Rabies Outbreak in Rockport Area

The Aransas County Commissioners' Court, on last Thursday evening, declared a state of emergency because of an outbreak of rabies and established a 30-day, county-wide quarantine on dogs and other pet animals.

The action was taken at a special meeting of the commissioners and the Rockport City Council, which concurred in the action.

Sportsmen Plan Annual Fish Fry

The Rockport Sportsmen's Conservation Association have planned their annual fish fry at Mills Wharf for 7:30 p. m., October 30. Members and local people interested in conservation are invited to attend. The cost, part of which goes to pay for invited guests from elsewhere, will be \$3 each.

Magee's will serve the fish and other seafood, including oysters on the half shell.

Guests invited for the occasion include outdoor writers, all state and national representatives and senators, and the entire Nueces county legislative group, all members of the Game and Fish Commission, executives of the Game and Fish Department, officers of the SCOT, officers of the Laguna Madre Fishermen's Association, and of the Refugio sportsmen's group.

As entertainment for the guests, those that want to fish will be taken out on Wednesday by local boatmen. Anyone having a boat and wishing to cooperate in this, contact Harry Mills, Fred Christilles, or J. D. Griggs.

Bait will be furnished by local dealers.

Jimmy Hunt and J. D. Griggs are in charge of housing, and courts that wish to cooperate in the affair should get in touch with either of these two men.

For reservation at the dinner, call Mrs. Fred Hunt or Mrs. Fred Christilles, not later than Saturday.

Navigation District Brings Files Up To Present On Bench Marks

The Aransas County Navigation District, in order to have all the information possible available for use when needed, has recently added to its files a complete resume of the U. S. Coast and Geodetic Survey bench marks in the Rockport area.

The data received from the survey include the location and elevation of all such bench marks, an index of lines of control leveling for the State of Texas, many sheets of data on control and second order leveling in the region, tables giving the relation between mean low water and the sea level datum of 1929 at those localities where spirit level connections have been made between the tidal bench marks and the geodetic bench marks of the precise level net.

In addition to the above, the district received an index map of control leveling in the state.

Major Graff To Speak To Presbyterian Men

Major D. L. Graff, commanding officer of the 747th ACW Squadron, stationed at Ellington Field, and in charge of construction of the 813th ACW Station at Rockport, will be the speaker at the regular meeting of the Presbyterian men in November.

Scheduled for 6:30 p. m., Thursday, November 1, Major Graff will talk on the work to be done here, and will also show a film on the work of the ACW squadrons.

JOHN BAUGH APPOINTED POUNDMASTER IN EMERGENCY

John Baugh, of Rockport, has been appointed poundmaster during the present rabies epidemic, with Pete Lopez as his assistant. They entered on their duties Monday.

Dr. H. F. Elliott, county health officer was instructed to establish necessary regulations concerning the control of animals within the county, and these may be found elsewhere in this issue.

The meeting was called after a report from the State Health Department in Austin, stating that a dog submitted for examination was rabid. Another dog, confined in the same pen, also exhibited unmistakable signs of madness and was killed, along with four or five that were believed to have been infected.

Three persons were exposed: George Keller, its owner, was bitten; his wife had handled the dog with open cuts on her hands; and Mrs. M. B. Mullinax was scratched.

At the Thursday meeting, both council and commissioners' court decided to that further meetings of the two organizations would be necessary to iron out details of administration and finance.

That of the commissioners was called on Friday, and after some discussion, the commissioners voted to do the following:

1. To pay for one half of the expense of control of dogs and other pets in the area, consisting of feeding and housing for the impounded animals, and the salary of two dog catchers.
2. To give the City of Rockport authority to set up a fund, collecting \$1.50 for registration and \$1.00 per day for the care of such animals that may have been impounded, and that the proceeds of this fund be used to held defray the expenses incurred.

At the Council's meeting on the same day, the Council decided to dispense with the present bounty system of dog catching, wherein Oscar Dye was paid \$4 for each animal impounded, and to employ a poundmaster and dog warden at a salary of \$300 per month and car expenses (not to exceed \$25 per month) and to hire an assistant at a salary of \$200 per month until further notice.

In addition, the mayor was further authorized to spend such money on the building and rehabilitation of the present dog pens as might be necessary to put them in good shape, and to take whatever action deemed necessary to carry out the quarantine proclaimed by the county.

City Attorney Joe Caldwell was instructed to prepare an ordinance for the city, also proclaiming a quarantine, and concurring in the county's regulations. This ordinance will be found elsewhere in this issue.

Those people attending the original joint meeting were: Mayor Chester Johnson and members of the city council, Roy Rogero, Jimmy Hunt, Ernest Harrist, and Colonel James W. Porter; County Judge John D. Wendell and Commissioners W. B. Allen, Jack Sparks, Arthur Davis, and Howard Mills; City Attorney Joe Caldwell, County Attorney Weldon Cabaniss, County Health Officer Dr. H. F. Elliott, City Health Officer Dr. L. G. Wood, Dr. W. S. Hughes, Dr. E. W. Schmidt, veterinarian, and J. L. Baughman.

Rockport PTA Plans Hallowe'en Carnival

The Rockport Parent-Teachers Association has planned their annual Hallowe'en Carnival for Saturday, October 27. To start the affair off early, and so people won't have to eat at home, the Association expects to begin serving hot dogs, pie, sandwiches, cold drinks, and coffee at 6:30.

The concessions will open at 7:30 and at 8:30 p. m. a talent time show will be held, followed by crowning of the Hallowe'en Queen.

Street North of Postoffice Furnishes Study in Human Nature

The street north of the post-office has furnished an interesting study in human nature during the past two weeks. A week ago last Monday, city employees reversed the flow of traffic on the street, making it one way from east to west, so that it would be easier to reach the car mail box.

A few people in town, more alert than the rest, immediately noticed that the signs had been changed, and began entering the street from Austin Street. Others, not so alert continued to enter from the street next to the telegraph office, and were aggrieved when the people who had noticed the sign entered from the proper end.

One lady even used some strong language to a gentleman, asking him "Why the h— he couldn't watch where he was going and read the signs".

On last Thursday the Pilot ran a short story on the front page, calling attention to the fact that the flow of traffic on the street had been changed and on Friday practically nine out of ten drivers entered from the bay end, and the majority of those that didn't, warned by the actions of the others, looked at the signs and altered their driving habits.

However, there are still those who have neither read the signs nor have they been warned by the change in others habits, and continue to enter from the wrong end of the street. It is an interesting study in human nature.

WSCS Planning Week of Prayer

The W. S. C. S. of the Methodist Church is giving the Week of Prayer program on Sunday evening, October 28 at 7:30 at the sanctuary.

The theme for the year is: "The Islands Await His Word". This has reference to South East Asia including Burma, Thailand, Malay, the Philippine Islands, and all the islands of Indonesia and represents millions of people who are awaiting missionaries to show them the Christian way of life.

SGT. LEON BARBER STATIONED IN JAPAN

Fukuoka, Japan — Sgt. Leon W. Barber, son of Mr. and Mrs. Jim A. Barber, Rockport, Texas, is a member of the 37th Antiaircraft Artillery Battalion in Japan.

Sergeant Barber, a member of the battalion's Battery D, entered the Army in July 1954 and completed basic training at Fort Bliss, Texas.

Barber was graduated from Rockport High School in 1953.

Bracht Sisters Hostesses To Cemetery Association

Miss Mabel Bracht and Miss Genevieve Bracht were hostesses for the meeting of the Rockport Cemetery Association, Monday afternoon, the initial fall meeting following a recess during the summer months. After a refreshment period, the meeting was called to order by the president, Mrs. W. B. Allen.

GIRL SCOUTS

Mrs. Ronald Campbell met with Brownie troop 48, October 18, in the absence of Mrs. F. L. McCord, leader. The meeting was held outdoors at the grounds of the Fulton Baptist Church.

Chairman Carla Utley presided over a short business meeting and Karen Large acted as secretary. During the course of business it was decided to dispense with the regular meeting on Oct. 25 since Mrs. McCord has planned a Hallowe'en party for the troop on October 26.

The troop folded programs to be used at the annual council meeting at the high school auditorium on November 5.

The main activity for this meeting was learning to handle a knife safely. Using the official girl scout knife, the girls were taught how to carry, open, pass, clean and care for their knives as well as how to cut whittle and use the knives.

Each girl was shown how to select the proper type of stick for outdoor cooking and how to sharpen it.

The meeting closed with a friendship circle after refreshments were served by Carla Utley. Present were Darla Utley, Carla Utley, Florence Casterline, Lynn Campbell and Karen Large.

Girl scout troop 5 met at the Little House on October 19 for its regular meeting under the leadership of Mrs. Walter Stryker and Mrs. G. R. Rowe.

As roll was called and dues collected, each girl told how she had earned her dues with household chores.

Working on an active citizen badge, the girls made maps of the city and studied the duties of various officers in civic organizations. In order to gain a further knowledge of these duties, the girls developed a method within the troop whereby each girl would serve a month in each different office. Glenda Brundrett was elected treasurer to replace Effie Lown who moved up to the office of secretary and Eric Sue Eller moved up to the office of chairman.

Refreshments were served by the leaders to Betty Stryker, Eric Sue Eller, Effie Lown, Linda Dowdy, Ronnie Lassiter, Sherri Garrett, Pamela Landgraf, Jackie Deason, Dorothy Rowe, Glenda Brundrett and Sherry McElwee.

—Pamela Landgraf, Reporter

Mrs. Chester Johnson and Mrs. A. E. Holland took members of girl scout troop 18 to Corpus Christi last week to see the Ice show.

After the show, the group got souvenirs of the show and enjoyed refreshments.

In addition to troop members, Mrs. Holland and Mrs. Johnson, other members of the party were Mrs. J. H. Mills, Mary Lou and Al Johnson.

Mr. and Mrs. A. W. Ebert have returned to Fulton after spending five months — from May to Sept. — at Colorado Springs. They will spend the winter at the ABC Trailer Park.

Mrs. E. L. West Aids Library In Acquiring Rare Taft Ranch Book

Mrs. E. L. West, head of the Library Committee of the Aransas County Women's Club, has been instrumental in aiding the library to acquire a copy of a rare publication on the early history of this area and of the Taft Ranch. This, it is hoped, will form a nucleus, along with the two volume history of Refugio County donated by local oil man Emory M. Spencer, for a historical collection. Besides books that have been coming in with gratifying regularity, the librarians hope to build up, over a time, files of early newspapers, magazines, and books on the region. Another welcome addition will be old photographs of historical interest.

All too often local historians preserve these for years, only to finally lose interest in them, and they are lost to generations that will come afterwards.

Donation of such material to the library, where it can be utilized to make scrap books of interest to everyone, is one way of preserving it.

Annual District Scout Dinner Monday, Nov. 5

The annual dinner meeting of the Mustang Scout District will be held on Monday, November 5th at the Sinton Junior High School Cafeteria, it was announced today by J. M. Chrestman, District Chairman. The dinner will begin at 7:00 p. m. with the program to follow immediately after the meal.

All adults who are registered in any capacity in the Scouting program are invited to attend. Wives of Scouters or husbands in the case of Den Mothers are also invited, Chrestman added. Featuring the program will be the installation of the new officers of the district by R. J. Scerist, gulf coast council president. Highlighting the evening's program will be the principal address by Cecil E. Burney, Corpus Christi attorney. Burney, a member of the gulf coast council executive board is former president of the state bar of Texas. Tickets for the dinner are \$1.25 and are in the hands of institutional representatives in each town in the district. Tickets in Rockport can be purchased from J. J. McCabe, James B. Jackson and Fred Bracht.

Various ideas were discussed by the council concerning the building of tables and benches on the campus. This discussion was dropped. Other ideas about various recreational facilities which we could have on our campus were discussed. As the chairman of a committee to look into the details of getting recreational facilities, Roy appointed Joyce Ann Griggs. Joyce Ann appointed Mitchell Ammons, Glenda Dunn, and Guy Clark to help her on the committee.

The council discussed having fire drills regularly. It was decided that we have a fire drill on Thursday of this week. During the fire drill the boys of the council shall man an extinguisher and the girls will check the halls and rooms to make sure that they are clear and then report to the office. The drills will be timed.

Roy DeForest appointed Glenda Dunn as chairman of a committee to talk with the band director about new words for our new fight song. Glenda appointed Eddie Morrison to the committee. Suggestions pertaining to the time of the regular meeting of the student council were discussed. Mitchell Ammons made a motion that the council meet every 1st and 3rd week of the month or the day most convenient and on alternate periods, 1st through 5th. The motion carried.

A meeting of the Student Council was held at 10:50, Monday morning, October 22 in the auditorium with all members present.

The meeting was called to order by the President, Roy DeForest. The minutes of the previous meeting were read and accepted.

Some parts of the revised and accepted constitution were discussed by the council. The president, Roy DeForest, appointed Hank Schleider as chairman of a committee to make an amendment to the constitution concerning members of the council whose grades fell below the required level of members. Hank appointed Bobby Close and Mike Townsend to the committee.

Various ideas were discussed by the council concerning the building of tables and benches on the campus. This discussion was dropped. Other ideas about various recreational facilities which we could have on our campus were discussed. As the chairman of a committee to look into the details of getting recreational facilities, Roy appointed Joyce Ann Griggs. Joyce Ann appointed Mitchell Ammons, Glenda Dunn, and Guy Clark to help her on the committee.

W. S. C. S. MEETING

Mrs. C. O. Lainery, spiritual life secretary of Woman's Society of Christian Service from First Methodist Church, called a meeting at her home Wednesday afternoon. Plans were made for the program and worship service for "Week of Prayer and Self Denial."

This service will be held Sunday night, October 28th at 7:30 at First Methodist Church. Those present, Mrs. B. W. Hamblin, Mrs. Trudie Allemang, Mrs. W. B. Allen and Mrs. John Haynes and the hostess.

BOBBY BRACHT HERE ON 10-DAY LEAVE

Bobbie Bracht, son of Mr. and Mrs. Arthur Bracht of Fulton, came home on a ten-day leave last Sunday from U. S. Marine Camp Pendleton, having finished his combat training. Bobbie and his mother went to Houston Tuesday to visit his brother Roger and family. They returned Wednesday evening. Bobbie will be here until Saturday before leaving for Camp Pendleton again.

Mr. and Mrs. S. E. Russell of Birmingham, Ala. visited Mr. and Mrs. J. P. Hanway, Mr. and Mrs. W. C. Terry and Mr. and Mrs. Chas. Ankele and family last week. Mrs. Russell is a cousin of Mrs. Hanway, Mrs. Terry and Mrs. Ankele.

during the morning was discussed by the council. Mr. Horton and John Cabaniss will look into the matter.

Mitchell Ammons moved that we adjourn and Glenda Dunn seconded the motion. We adjourned at 11:46.

Annual Pictures

Individual pictures will be taken in high school, Thursday, October 25, for the 1956-57 annual.

Thursday afternoon group pictures will be taken in Rockport Junior High.

Friday pictures will be made in Rockport Elementary school and Fulton elementary.

Girls' Basketball Team

The '56-'57 girls' basketball team has been chosen. EMERGENCY DOG RABIES ORDINANCE

AN ORDINANCE DECLARING AN EMERGENCY, PREVENTING THE RUNNING AT LARGE OF ANY DOG, LICENSED OR UNLICENSED, IN THE CITY OF ROCKPORT, TEXAS, UNTIL AFTER THE 26th DAY OF NOVEMBER, 1956: DEFINING CERTAIN WORDS AND PHRASES USED IN THE ORDINANCE; MAKING THIS ORDINANCE CUMULATIVE OF THE CERTAIN ORDINANCE REGULATING THE LICENSING AND VACCINATION AND IMPOUNDING OF DOGS PASSED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT, JUNE 1, 1954, AND RECORDED IN BOOK "2", PAGES 368, OF THE ORDINANCE RECORDS OF THE CITY OF ROCKPORT, PRESCRIBING CERTAIN PENALTIES; AND PROVIDING FOR THE PUBLICATION OF THIS ORDINANCE.

WHEREAS, the existence of rabies among dogs in Rockport, Texas, has been recently found; and

WHEREAS, several citizens of Rockport are now undergoing treatment as the result of having been bitten by a dog or dogs having rabies, and

WHEREAS, the increase in the incidence of rabies constitutes a threat to the safety and health of our community;

NOW THEREFORE, the City Council finds that an emergency exists for the immediate preservation of the safety, health and welfare of the citizens of Rockport requiring the passage of an ordinance to prevent the running at large of any dog in the City of Rockport until after the 26th day of November, A. D. 1956; therefore —

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCKPORT:

SECTION 1. As used in this ordinance, unless the context otherwise indicates, the following words and phrases shall have the meanings respectively ascribed to them:

- (a) Dog — This term shall include both male and female.
(b) Person — This term shall mean any natural person, firm, company, association, partnership, corporation, or society.
(c) Owner — Any person or persons owning, keeping, or harboring a dog.
(d) At Large — This term shall mean off the premises of the owner and not under the control of the owner or a member of his immediate family either by leash, cord, chain, or otherwise; and the wearing of a muzzle by a dog shall not be regarded as control under this definition.

SECTION 2. From and after the effective date of this ordinance it shall be unlawful for the owner or keeper of any dog to permit, suffer, or allow such dog to run at large within the corporate limits of the City of Rockport at any time, day or night, until after the 26th day of November, 1956, regardless of whether such a dog is licensed or unlicensed and regardless of whether such dog has been vaccinated against rabies.

SECTION 3. It shall be the duty of the Chief of Police or Pound Master to cause to be apprehended any dog not wearing the registration tags required by law, or found running at large contrary to the provisions of Section 2 hereof, and to impound such dog in the City Pound or other suitable place. If the owner of any such dog impounded can be ascertained from examination of a license tag or other identification, such owner shall be notified within three (3) days after such impounding.

SECTION 4. The Chief of Police or Pound Master, upon impounding any dog, shall make a complete registry, entering the breed, color and sex of such dog and whether licensed and the place and time of taking into custody. If licensed he shall enter the name and address of the owner and the number of the license tag. Licensed dogs shall be kept separated from unlicensed dogs.

SECTION 5. After the impounding of any licensed dog, if not redeemed within six (6) days from the date of impounding, said dog shall be disposed of by sale or destruction.

SECTION 6. If there is no license tag for the current year attached to any dog impounded and such dog has not been redeemed by its owner within seventy-two (72) hours from the time of impounding such dog, such dog shall be destroyed or sold as hereafter provided.

SECTION 7. The owner of any licensed dog impounded may redeem such dog at any time prior to sale or destruction by the payment of One Dollar (\$1.00) impounding fee and One Dollar (\$1.00) per day for each day such dog shall have been impounded.

SECTION 8. The owner of any unlicensed dog impounded may redeem such dog at any time prior to sale or destruction by having such dog duly licensed, vaccinated against rabies, and the payment

of Two Dollars (\$2.00) impounding fee and One Dollar (\$1.00) per day board fee for each day such dog shall have been impounded.

SECTION 9. At any time after the expiration of the period of time for redemption for impounded dogs shall have expired, the Chief of Police or Pound Master may, without further notice and without advertising in any manner, sell at private sale or public auction, for cash, any dog not redeemed or reclaimed. All dogs impounded and not redeemed, reclaimed or sold after the period of time for redemption has expired, shall forthwith be destroyed by the Chief of Police or Pound Master.

SECTION 10. The Chief of Police or Pound Master shall keep necessary records as are required to show in detail the disposition of all animals impounded and the money collected by him and such other records as are required by the City Secretary. All money collected shall be delivered as required by the City Secretary, who will deposit same in the general fund.

SECTION 11. Any person who shall refuse to deliver any unlicensed or unvaccinated dog to the Chief of Police or Pound Master upon demand for impounding, shall be guilty of a misdemeanor and shall be fined any sum not to exceed Two Hundred Dollars (\$200.00).

SECTION 12. Any owner, keeper or custodian of a dog who shall allow such dog to run "at large", as such term is herein defined, whether on public or private property, shall be guilty of a misdemeanor and shall be fined in any sum not to exceed Two Hundred Dollars (\$200.00).

SECTION 13. The Chief of Police or Pound Master or their authorized deputies shall have the right at any reasonable time to inspect any dog to determine if said dog is licensed and vaccinated as required by this ordinance and shall have the authority to enter any premises for such purpose, and it shall be unlawful for any person to refuse entrance to such Chief of Police or Pound Master or to impede, obstruct or exclude such Chief of Police or Pound Master when attempting to enter such premises for the purpose of inspecting such dog, and any person who shall refuse entrance or impede or obstruct such Chief of Police or Pound Master shall be guilty of a

misdemeanor and shall be fined in any sum not to exceed Two Hundred Dollars (\$200.00).

SECTION 14. If any section, sub-section, sentence, clause, phrase or word of this ordinance is for any reason held to be unconstitutional or invalid, such decision shall not affect the remaining portions of this ordinance.

SECTION 15. This ordinance is cumulative of any and all other ordinances relating in any manner to dogs except those ordinances specifically repealed herein. This ordinance shall in no manner be construed as limiting or repealing or conflicting with Ordinance No. 368 or any amendments thereto.

SECTION 16. This ordinance shall become effective the 26th day of October, 1956.

SECTION 17. This ordinance shall be published in full in the manner provided by law.

ATTEST: MARY LAKE SEGLER CITY SECRETARY

TEXAS IN REVIEW

Football, an interesting election and a jeep derby will highlight Humble Oil & Refining Company's TV program, Texas in Review, next week.

The football highlights will be taken from the Baylor-Texas A & M, Rice-Texas and TCU-Miami games. Ace sportscaster Kern Tips will describe the scoring and other key plays.

The election feature will be furnished by Allen Junior High school in Austin. Recently the student body divided into political organizations and had a regular campaign before voting for officers.

Sports fans will also enjoy excitement furnished by the jeep derby which was held on Padre Island across the Port Isabel Causeway. The main event was a 30-mile race against time with drivers criss-crossing the island's sand dunes.

Tuesday (October 30) KRIS-TV, Corpus Christi, 8:00 p. m.

Roy Lee Hart of Bay City spent the week end in Rockport.

Mr. and Mrs. Johnny Atwood of Kingsville spent the week end in Rockport.

Here! New Task-Force 57 Chevrolet Trucks!

Performance-proved in a history-making test on the ALCAN Highway to Alaska

The Alcan Highway is the road where trucks grow old before their time. The road where gravel endlessly sledgehammers the life out of trucks. Where a fog of superfine dust chokes engines, and vicious ruts subject chassis to months of wear in a few hundred miles.

Six new '57 Chevrolet trucks, heavily loaded with cargo, roared north from Dawson Creek, B.C., through 1,520 miles of mountains and mire, rain and hail to Fairbanks, Alaska. Running around the clock, they made this tortuous trip—normally a 72-hour run—in less than 45 hours. As a special test during the run, two of the trucks went the entire distance without once having their engines stopped!

Come in and see how well these new Alcan champs measure up to your job.

FIRST WITH THE MOST MODERN FEATURES:

New 283-cubic-inch Taskmaster V8 is standard in Series 5000, 7000 and 8000, optional in Series 6000 at extra cost. Horsepower ranges up to 210 in Chevrolet's complete line-up of modern V8 and 6 truck engines.

Revolutionary Powermatic Transmission—exclusive with Chevrolet trucks! This six-speed automatic, designed specifically for heavy-duty hauling, is an extra-cost option in Series 5000 and 6000 and all heavy-duty truck models. Hydra-Matic is offered in 3000 and 4000 Series models at extra cost.

L.C.F. models outdate C.O.E. trucks in every way; yet offer all the traditional C.O.E. advantages.

Heavyweight Champs with Triple-Torque tandem are rated at 32,000 lbs. GVW, 50,000 lbs. GCW. Special features include built-in 3-speed power divider.

Alcan fleet reports up to 18.17 miles per gallon! That's the mileage reported by the Cameo Carrier, with Thriftmaster 6 and Overdrive (optional at extra cost).

All the way in DRIVE range with Powermatic! This Powermatic-equipped 10000 Series tractor traveled the Alcan Highway in a single forward-speed range!

TELEPHONE TALK

by Bob Watson, Manager

Color Comes To Telephones

"Whats your favorite color?" is often a popular topic of conversation among school children.

When girls are talking about Susie's new dress, or boys get together to comment — sometimes critically — on a new jacket in the crowd, everybody has a special color — the one they like best.

Mostly it's blue or red. But again, it might be green or yellow, or any of the other colors of the rainbow.

Well, color has become a popular subject at the telephone company — namely, the new color telephones.

We don't boast having telephones in every color of the rainbow, but we do have them in eight, bright beautiful colors. You can choose from ivory, beige, red, brown, green, grey, yellow and blue.

Color telephones brighten up your home by blending or contrasting with the color schemes. They add smartness to an office or store, too.

The cost is \$10 for the set, plus a one-time installation charge of \$3.00, for a telephone in your favorite color. And if you order a color set as an extension for more convenience, just add the regular monthly extension rate of \$1.00 to the one-time charges. Call the telephone company today to order a color telephone. You'll be glad you did.

A Real Bargain

From time to time, stores come up with sales where you buy things at reduced prices, or even "two for one."

Here at the telephone company, we offer you what amounts to a "three for two" savings on Long Distance calls all year long.

You can place three station-to-station calls for approximately the cost of two person-to-person calls.

You see, a station-to-station call is really similar to a local call. Your call goes to a TELEPHONE — not a person. Frequently, the person you want to talk with is the one who answers.

Lower station-to-station rates let you call Long Distance more often. Take advantage of this bargain service and save money.

And remember, rates are lower every evening after 6 p. m. and all day Sunday.

"Just Pick Up The Phone"

How often have you said to someone: "Don't worry about it. Just pick up the phone and call."

Yes, the telephone saves you time and steps each and every day, because for many of your errands all you have to do is "pick up the phone."

Call by number. It's twice as fast.

SOUTHWESTERN BELL TELEPHONE COMPANY

LEGAL NOTICE

BE IT REMEMBERED that on the 22nd day of October, A. D. 1956, a regular meeting of the City Council of the City of Rockport was held at the City Offices, in the City of Rockport, Aransas County, Texas, with the following members present: Chester Johnson, Mayor, Ernest Harrist, J. W. Hunt and Roy V. Rogero, Councilmen. A motion was made by Councilman Hynt and seconded by Councilman Harrist that the following resolution be adopted:

A RESOLUTION

BE IT RESOLVED BY THE CITY OF ROCKPORT:

I That the City Tax Assessor-Collector prepare a list of all tracts, lots, outlots or blocks of land, situated in the corporate limits of the City of Rockport, Texas, upon which taxes are delinquent, or reported sold to said City for the taxes due thereon, showing when said tracts or lots were reported delinquent or sold, also the name of the owner at the time of such sale or delinquency, if known, and the amount of all taxes assessed against the owner thereof and returned delinquent for each year as shown by the record of the City Tax Collector's office, and submit the list to the City Council for its approval and the certification of the Mayor of the City of Rockport.

II That following such approval and certification of the delinquent tax list that the same be delivered by the Assessor-Collector to the Rockport Pilot for publication once each week for three consecutive weeks.

III That the Rockport Pilot be instructed to submit proofs of such list to the Assessor-Collector in order that they may be carefully checked before actual publication by said newspaper.

IV That when twenty days from date of the last publication of such delinquent tax list has elapsed, the City Attorney be directed to file suits for the collection of said delinquent taxes.

The above and foregoing resolution was passed unanimously.

CERTIFICATE

I hereby certify that the foregoing is a true and correct copy of a resolution passed by the City Council of the City of Rockport, Texas, at a regular meeting of the council held on the 22nd day of October, A. D. 1956.

Mary Lake Segler Secretary of the City of Rockport

Mrs. Max Appelt of Tivoli visited with Mr. and Mrs. George Keller Sunday.

Mail Your Overseas Parcel Early Says Postmaster Simmons

Mail your Christmas parcels for overseas early, says Postmaster Jimmy Reid Simmons, and be sure that they get there. He went on to point out that certain definite rules apply to such mail.

Air parcel post, other than official matter, is limited in size to 30 inches in length and girth combined and 2 pounds in weight. The maximum size and weight limits for domestic surface parcel post are applicable to Christmas parcels for the Armed Forces except that a limit not to exceed 50 pounds applies in the case of ordinary parcel post addressed through New York, N. Y., to certain APO's. Sec. 127, Postal Manual. The maximum size and weight limits for domestic surface parcel post to APO's 206 A, 224, 289 and 294 and Navy No. 525 are as follows:

Length: 42 inches or less; not over 72 inches length and girth combined.

Over 42 to 44 inches; 24 inches girth.

Over 44 to 46 inches; 20 inches girth.

Over 46 to 48 inches; 16 inches girth.

Limit of weight; 70 pounds. Maximum length 48 inches.

Boxes for overseas transmission must necessarily be of strong construction on account of the great distance these parcels must be transported and the handling and storage they must undergo. It is necessary that all articles for overseas delivery be packed in boxes of metal, wood, solid fiberboard, or strong double-faced corrugated fiberboard. Each box should be securely tied with strong cord.

Boxes should contain sufficient cushioning material so that the contents will be tightly packed to prevent any rattling or loosening of the articles within the parcels. Unless completely packed and tightly filled, boxes are likely to be crushed.

It is also desirable that all fiberboard boxes be securely wrapped in heavy paper, which materially strengthens the package. They should be tied as above suggested before and after applying the heavy paper wrapper.

Particular attention should be paid to parcels mailed by department stores and others wrapped in so-called gift style. Such parcels should be enclosed in substantial containers.

Existing instructions require that customs declarations on Form 2966 or 2976-A be completed by senders for parcels addressed through certain APO's and NPO's. Parcels containing foodstuffs subject to spoilage and breakage

in transit are likely to reach overseas destination unfit for use.

In addition to the usual articles normally prohibited in the mails, matches of all kinds and lighter fluid may not be mailed to overseas military addresses. Cigarettes, other tobacco products and coffee are prohibited in parcels addressed for delivery through the military post offices listed in 127, Postal Manual.

The prohibition against the mailing of cigarettes and tobacco products does not apply to parcels addressed to Exchange or Special Service Officers at the APO's listed in 127, Postal Manual, when endorsed For Military Agency.

The domestic rates of postage are applicable, and postage must be fully prepaid. Fourth-class matter sent by surface mail is subject to the zone rate applicable from the post office where mailed to the post office through which the parcel is addressed. Airmail articles weighing not to exceed 8 ounces are chargeable at the rate of 6 cents per ounce or fraction thereof, and those intended for air service weighing over 8 ounces are chargeable at the rate of 80 cents per pound or fraction thereof.

Guests Are Entertained

Mr. and Mrs. J. J. Campbell of Compton, Calif. and Mr. and Mrs. George T. Beard of Inglewood, Calif. are guests of Mr. and Mrs. Fred A. Bracht. Mr. Campbell is a brother of Mrs. Bracht.

Mr. and Mrs. R. R. Rice honored the Campbells, and Beards with a boat ride and noon-day meal Sunday.

Sunday evening Mr. and Mrs. James Bracht entertained them with a dinner party which included Mr. and Mrs. J. J. Campbell, Mr. and Mrs. George T. Beard, Mr. and Mrs. Fred Bracht and Mr. and Mrs. Virgil Isaacs of Gregory.

Monday Mrs. Fred Bracht took them on a tour of Corpus Christi.

Monday night Mr. and Mrs. J. J. Campbell entertained with a dinner party at Magees. Those present were: Mr. and Mrs. George T. Beard, Mr. and Mrs. James Bracht, Alan, Mr. and Mrs. Fred Bracht, Fred Jr. and Mary Jo and Misses Mabel and Genevieve Bracht.

Jack Baird, Rockport and Fulton Borden's dealer, will be away from his job for several weeks, because of surgery. Carl Vickers, who works with the Borden Company, will care for Jack Baird's wholesale route during his convalescence. He has had several years' experience with Borden and has just come from Port Lavaca where he relieved the Borden dealer.

Standby Reservists Mailed Questionnaires

Austin, Members of the armed forces' standby reserve in different parts of the state recently have expressed themselves as "surprised" and "puzzled" upon receiving questionnaires from local draft boards.

Draft boards are beginning administration of a law enacted by Congress in the immediately past session which placed upon the Selective Service System responsibility of screening the nation's entire standby reserve, Colonel Morris S. Schwartz, state Selective Service director, said recently.

"Standby reservists, both men and women, are being mailed the questionnaires," Colonel Schwartz said. "By law, these reservists are required to fill out these questionnaires and return them to the local boards for use in determining the reservists availability in time of emergency.

Colonel Schwartz pointed out that standby reservists cannot be called to service unless an emergency is declared by the Congress.

Based upon information furnished in his questionnaire, each standby reservist will be placed in one of three categories:

I-R—available for service.

II-R—deferred because of civilian occupation essential to maintenance of national health, safety, or interest.

III-R—deferred by reason of extreme hardship and privation to dependents.

In time of war or emergency declared by the Congress, the standby reservist in category I-R can be recalled to service by his armed force. Those in II-R and III-R will not be recalled to service unless there is a change in status which places them in category I-R.

"The standby reservist has the

right of appeal if he is not convinced his category is correct," Colonel Schwartz said. "The standby reservist has a legal responsibility to keep his local board informed of any change in his address or status."

Colonel Schwartz said the program provides two services:

1. The standby reservists know their emergency recall status.

2. The armed forces can be advised of the availability of their standby reserve pools.

Mrs. Henry Koehler and Henry spent the week end with Mr. and Mrs. H. B. McDow and baby of Bay City.

Mr. and Mrs. C. A. Barber spent the day in Corpus Sunday with Mrs. Irene Callicotte.

Mr. and Mrs. Earl Bartlett and Mr. and Mrs. Johnnie Bartlett of San Antonio spent the week end in Rockport.

Eddie Close Celebrates 1st Birthday

Mrs. E. L. Hart entertained her grandson Eddie Close of Corpus on his 1st birthday Sunday afternoon. Those enjoying the afternoon were Mrs. Amos Adolphus, Mrs. Bertha Lassiter, Mrs. A. C. Shivers, Mrs. A. R. Curry, Mrs. W. F. Close, Mr. and Mrs. Richard Fox and Julia, Mrs. Stanley Bissett and Mr. and Mrs. Frederick Close and Freddie, Mrs. Curtis McNabb and Devoraa and Mrs. Chas. Dorsey of Corpus. Refreshments of coffee and cake were served.

Mr. and Mrs. T. E. Parr of Sun Field spent Friday night with Mr. and Mrs. E. C. Ricks.

Mr. and Mrs. Worth Moody, Gary and Jan of Pecos, Texas are visiting with Mr. and Mrs. Arthur Davis of Fulton.

Marine News

The following poundage of shrimp tails were landed in the Rockport-Fulton area from Oct. 8 to 19, inclusive: 72 hours ending October 8, 78,900 pounds. 24 hours ending October 12, 20,900 pounds. 72 hours ending October 15, 14,600 pounds. 24 hours ending October 19, 1,100 pounds.

Belton — Miss Barbara Ann Terry from Rockport has enrolled at May Hardin-Baylor college as a junior.

Miss Terry is the daughter of Mr. and Mrs. W. J. Terry, Rockport. She is a member of the Life Service Band, the college newspaper staff and is majoring in business at Mary Hardin-Baylor.

Golden Esso Extra GASOLINE

has the HIGHEST OCTANE RATING in Texas...highest by far!

Humble research provides the first gasoline specially made for cars with very high compression engines and cars that tend to ping or knock on "premium" gasoline.

This gasoline, Golden Esso Extra, has the highest octane rating in town—highest by far.

But octane rating is only one performance quality. In Golden Esso Extra this improvement paces other quality improvements that will assure you:

Quickest starting and warm-up; maximum power; fastest acceleration; increased

protection against vapor-lock; minimum engine deposits; and best gasoline mileage.

Golden Esso Extra is the world's finest automotive gasoline. Its performance rates it "premium over premium." If your car has a very high compression engine, if it tends to knock or ping on "premium" gasoline, use Golden Esso Extra.

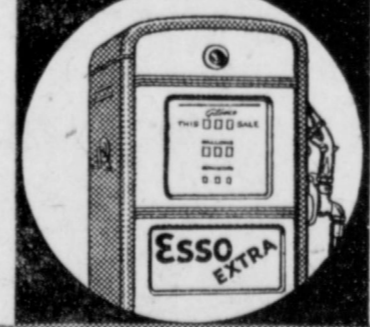

You will save the extra cost through performance, operating economy, and added gasoline mileage. Dispensed from the golden pump under the Humble sign.

Pay only for the gasoline quality your car requires

PREMIUM over PREMIUM

Golden Esso Extra is first of three great Humble gasolines. It costs more to make, and those whose cars require its quality will profit by paying more for it. Others will not.

PREMIUM

Famous Esso Extra Gasoline is No. 1 in Texas, first in sales among "premium" gasolines because it's first in quality. Esso Extra gives peak performance to most cars with high compression engines. This famous gasoline will continue to be the quality leader in its field.

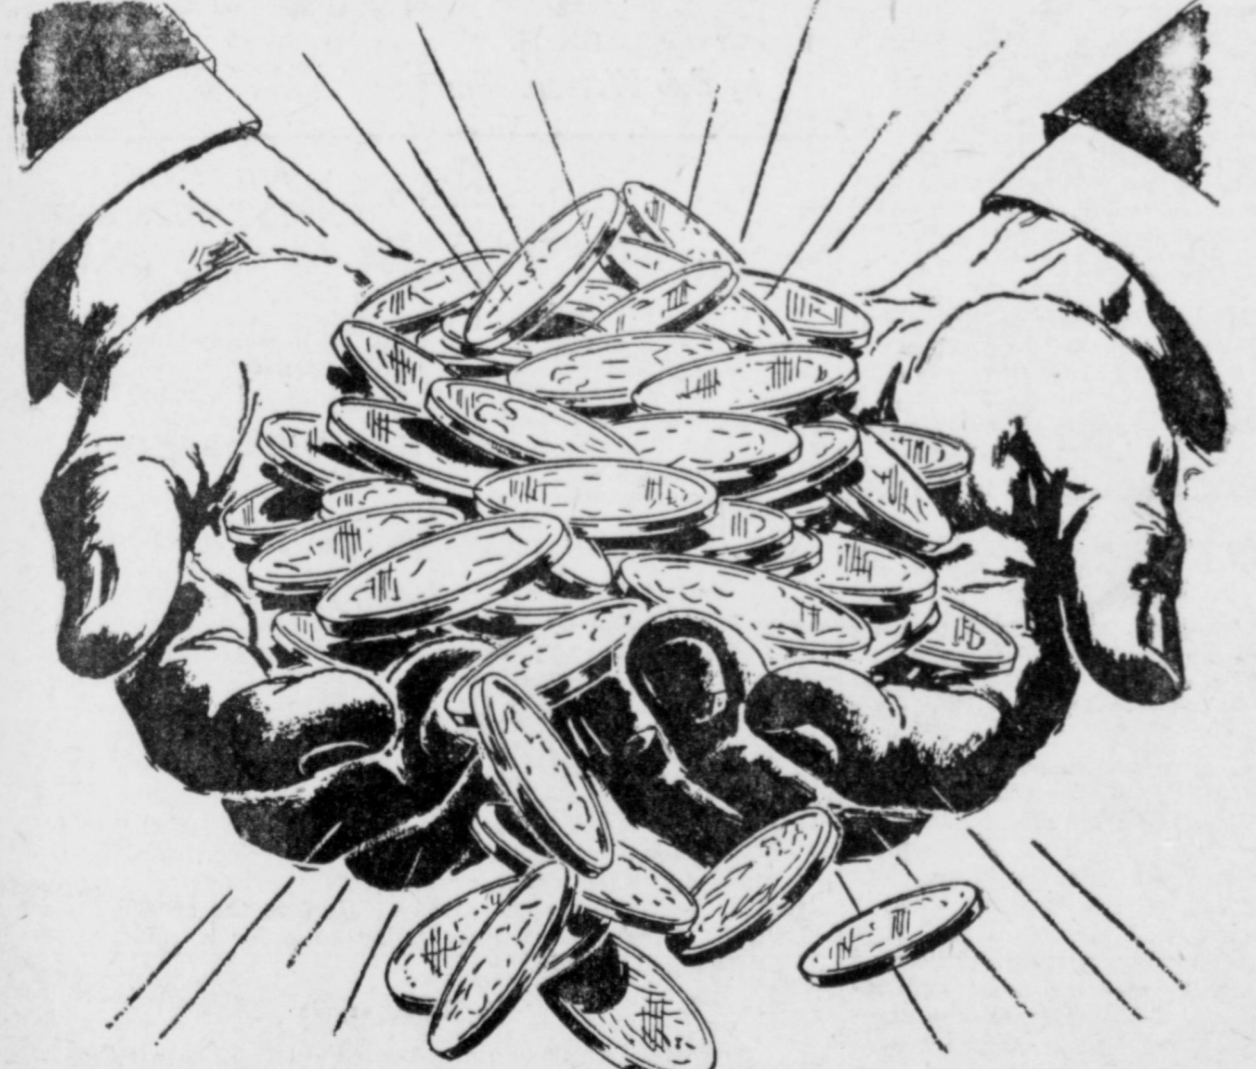

REGULAR

Humble Motor Fuel is for cars that perform well on regular gasoline. It sets the pace for performance and mileage among the "regulars." It is the only regular gasoline in Texas that contains a patented solvent oil to keep engines clean.

HUMBLE OIL & REFINING COMPANY

Use the Gasoline your car requires... you'll find it under the Humble sign!

Mrs. Sparks Entertained

Mrs. Jimmy Sparks, who before her recent marriage was Miss Belle Geistman, was honoree for a shower, Sunday afternoon at the home of Mrs. Milton Sparks. Hostesses for the occasion were Mrs. Floyd Smith, Mrs. George Keller and Mrs. Kenneth Harwick. An umbrella of purple bougainvillea was on the table where Mrs. Max Keller registered the guests. The tea table was laid with a lace cloth over yellow and had a centerpiece, an arrangement of yellow asters and bronze chrysanthemums. Arrangements of early fall flowers were in the living room and the room where the gifts were displayed.

Miss Judy Mullinax served the cake, which was in the form of an open book with "Belle" and "Jimmy" on the pages. Mrs. Jack Sparks poured coffee and Miss Nancy Court, the punch.

FIREMEN POLICE TRAFFIC AT FOOTBALL GAMES BY REQUEST OF AUTHORITIES

Members of the Rockport and Fulton Fire Departments, who have been policing traffic at the football games here, have done so at the request of school authorities and the Aransas County sheriff's department, according to Fire Chief Dick Fox.

He pointed out that local law enforcement agencies were insufficient to cope with problems brought on by football fans attending the games at Pirate Stadium, and that the firemen was the only other organized group available to help.

According to Fox, some people attending the games have not understood the reason for this, nor the fact that while acting in such a capacity the firemen carry the same powers as policemen, having been regularly delegated to care for the problem.

Savings Bonds Sales 57.6% of Quota

Fred Bracht, County Savings Bonds Chairman, reported today that Series "E" Savings Bonds sales in Texas for September had increased 9 percent above sales of September 1955. But sales in Texas must be increased if we are to make our quota.

The Series "E" sales for Sept. were \$12,853,819; Series "H" sales were \$1,811,000. These figures compare with Series "E" sales of \$1,716,088 and Series "H" sales of \$2,378,000 for September 1955.

Sales in Aransas County for September were \$8,038 for Series E and H. Sales in Aransas County for the nine months were \$52,953. This represents 57.6 percent of the quota for Aransas County.

Bracht stressed the importance of the Savings Bonds Program to the individual, the community and the nation. He stated that 2 million Texans have \$2 billion dollars invested in Savings Bonds. That much stored up buying power is reassuring for the future of our economy, he concluded.

Mrs. Mary Alice Gray and Mrs. W. B. Allen visited with Mrs. Sam J. Dorothy Wednesday in Memorial Hospital, where Mrs. Dorothy is critically ill.

New 1957 Plymouth— (Continued from Page 1)

a few years ago, as possible for about 1960," Ernest Harnist, dealer said. "We have moved faster than we had hoped. The public has shown an eagerness to accept dramatic change."

1957 Plymouth models are as much as five inches lower than corresponding 1956 models. The wheelbase has been lengthened from 115 inches for all models in 1956 to 118 inches for standard models and 122 inches for Suburban station wagons in the 1957 line.

In the overall re-design of the front suspension, coil springs have disappeared. They are replaced by torsion bar springs which together with other equally basic improvements in both front and rear, produce a new kind of ride and new "handling."

The completely new front suspension and steering system creates a remarkable degree of stability under forces of acceleration braking, and cornering.

All of the 1957 Plymouths have more powerful engines than 1956 models. The standard V-8 for all models except the Plaza in the new Fury 301, the number signifying displacement. The Plaza V-8 re-

displacement of 277 cubic inches but, like the Fury 301, has a new camshaft, new carburetion, and other innovations to achieve increased performance and economy.

Other innovations in the 1957 line include:

New 14-inch wheels and low pressure, large section tires.

New 11-inch brakes.

A new integral all-weather air-conditioning system which combines heating, cooling, dehumidifying and ventilating in one underhood unit, available on all V-8 models.

New full-view windshields with 45 per cent greater glass area in sedans and Suburbans and 43 per cent greater in hardtops.

A new line of Suburban station wagons with many advanced features including a rearward facing third seat in nine-passenger models, roll-down tail gate window, wrap-around quarter window, torsion bar tail gate hinge.

As in the 1956 offering, Plymouth for 1957 offers four lines of standard automobiles. Belvedere is the top line, Savoy the middle and Plaza the lowest-priced. A two-door hardtop is available in the Savoy line and both a two-door and four-door hardtop are available in the Belvedere line.

The "squeak, rattle and roll" of old-fashioned cars has been engineered out of the new 1957 Dodge automobiles.

Design of an all-new suspension system* and the elimination of metal-to-metal contact through widespread use of rubber insulation are combined in the smoothest,

quietest performing automobile Dodge has ever produced.

Vibration has been reduced almost to the vanishing point, and noise is intercepted before it has a chance to reach the ears of driver or passengers.

Torsion-bar front suspension, with ball joints, has replaced the old coil springs to level out bumps and provide firmer steering.

Rear springs mounted wider apart, outside the frame, give greater stability, particularly on curves. The old familiar "pitch" downward in sudden stopping has been eliminated.

More rigid frame construction gives greater stability and also reduces vibration.

ARSCO HAS BIG TRIP

The ArSCO docked at Johnson's Fish House this week after a big trip. She had 6100 pounds of shrimp tails and 6000 pounds of red snapper aboard.

FHA BAKE SALE POSTPONED

The Future Homemakers of America bakery sale scheduled for Saturday, October 26, has been postponed indefinitely.

Winston Weber of St. Mary's University of San Antonio spent the week end in Rockport. Sunday Mr. and Mrs. Jordan Weber, Doug and "Sissy" Mundine took him to Refugio where he caught a ride with one of his buddies.

Vote for Amendment 4 On November 6

The public free schools of Texas have been in operation now for 102 years. During that period they have rendered a most valuable service to the state and the nation which they serve. They have provided an enlightened citizenship; they have provided leaders in times of emergency. They have served as the melting pot, absorbing immigrants into the American way of life, making of them valuable contributing members of American society.

Now, the teachers of Texas are asking the right to contribute more of their own salaries to the security of their profession. The present Teacher Retirement System in Texas, passed during the Depression days of 1937, is completely inadequate in terms of today's living. Texas teachers are asking for the privilege of increasing their own retirement contributions, to purchase improved retirement benefits and to have protection for their families while they are engaged in teaching.

Under Amendment Number 4, the State would match the deposits of the teachers, to provide disability benefits, death benefits, survivor benefits, and realistic levels of retirement benefits. The program will cost the teachers four-and-half million dollars and the State a like amount, less than 1 per cent of the cost of operating Texas public schools for a year. This represents by far the most economical approach to solving the present desperate shortage of teachers.

Go to the polls on November 6th, to vote FOR Amendment Number 4!

Presbyterians Elect New Officers

At a congregational meeting last Sunday, the First Presbyterian Church elected three new ruling elders and six new deacons.

J. B. Jackson, Carl Osborn and Joe Caldwell were chosen to fill vacancies in the session brought about by retirement of S. F. Jackson, N. F. Jackson, and G. L. Brundrett. These new elders will make up the class of 1959.

New deacons are N. F. Jackson, class of 1958, Rufus Casterline, James Hayden, A. L. Bachman, C. L. Taylor, and F. S. Dobkins, class of 1959.

The congregation also adopted the budget for the coming year. The figure, \$22,244.52 represents a ten per cent increase over that of 1956.

The fall meeting of the district men of the church will be held tonight at 7:00 p. m. at Westminster Church in Corpus Christi. N. F. Jackson will be the principal speaker for this occasion.

Doleful Senators Due Shock When Ike Wins, Fears Doc

One of the strongest Eisenhower men in our town is Doc Brown. Doc says he just can't put up with Stevenson's socialized medicine program; there are a lot of other things he doesn't like about Adlai, but that one is enough for him, he says. Doc is a pretty outspoken cuss, but he's a good doctor. At least, he's the best one in town, being the only one, and our people always call him when they get sick whether they like his politics or not.

The other day several of us were standing around in front of the post office, talking politics—some Eisenhower men and some for Stevenson—when Doc walked up looking glum. One of the Stevenson men said: "Hey, Doc, what's the trouble, did Ike just call you in some bad news?"

Doc Brown said no, he hadn't heard from Ike this week, but he was worried.

"Not about Ike, you understand," he told the Stevenson fellow. "Ike has got it made. Even the Stevenson people are beginning to admit that. Poor old Adlai isn't going to get any farther in this race than he could throw Kefauver's coonskin cap with the tail cut off."

"The ones I am worried about are these out-of-state senators who are coming down here to Texas to tell us how to vote. I sure feel sorry for those boys. It must be tough to face life with their attitude."

"To hear them tell it, this country is in a terrible shape. All the farmers are starving, all

the businessmen are going broke, and all the working people are just barely making enough to keep body and soul together. The only reason some little country doesn't step in and whip us tomorrow is that they know they can just wait a few days and the United States will fold up of its own accord. That's what I understand from listening to the visiting senators.

"Of course, they know how to correct the situation overnight. Elect Adlai, and let him abolish the draft and do away with the H-bomb, and let Estes establish the Atlantic Union which he has made speeches about all over the country, and everything will be all right."

"These things are too important, of course, for these senators to waste time telling us Texans why they voted against the Texas tidelands bill."

"As a medical man, I am worried about the great shock these senators are going to get, after the election is over and Ike is re-elected and this country keeps on being peaceful, prosperous and progressive. It's liable to put them all in bed."

And Doc Brown walked on off, shaking his head. Of course, the Stevenson man caught on that Doc was hurrabing him, and he didn't like it much, but he'll still have to call him the next time one of the kids gets the croup, because like I said he's the only doctor in town.

Yours Truly, Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

NEW PLYMOUTH HARDTOP

The 1957 Plymouth Sport Coupe (hardtop) has a low silhouette, long wheelbase, more powerful Fury 301 engine and revolutionary new Torsion-Aire ride—said to be the most important advancement in automotive design since the introduction of independent front suspensions. Car pictured here is the Belvedere with Sportone trim.

1957 DODGE CUSTOM ROYAL SEDAN

THE TRADITIONAL FAMILY CAR has taken on a definite "sports car look" as Dodge introduces its 1957 Custom Royal four-door Sedan. Longer and lower-slung, the Custom Royal's styling is keynoted by the swept-wing rear fenders. Low center of gravity, new Torsion-Aire ride and the most extensive use of rubber insulation in automotive history have combined to give the Custom Royal a silent, vibration-free ride.

TIPS FOR SURVIVAL

FCDA Offers Practical Defense Against Fallout

In a split second during the pre-dawn hours of a morning in November 1952, radioactive fallout came of age as a potential hazard to every living thing.

Since then, millions of words have been written and spoken about it. We are told that it cannot be detected by any of the human senses, only by radiation detection devices. It can hitch a ride on the wind for hundreds of miles from a nuclear blast, settle to earth even in remote places and make entire areas temporarily uninhabitable.

BUT WHAT, ACTUALLY, is fallout? Can its movement be predicted? And what can people do to protect against it?

Fallout is nothing more than tiny dust particles blasted into the air when a nuclear weapon's fireball intersects the earth's surface. This material is then made radioactive by the fireball, and thus carries dangerous radiation to wherever the dust falls.

By plotting high-altitude winds, weather men can predict the area of fallout, and tell approximately where it will land. Radiological monitoring would then establish specific fallout patterns.

People can protect themselves mainly by staying under cover, and tuning a battery-operated radio to emergency civil defense frequencies for expert instructions. A basement makes a fair shelter, an old-fashioned root cellar an excellent one. This is because only 1/5,000th of the radiation that would hit a person in the open will penetrate three feet of earth.

MOST IMPORTANT, remember that fallout leaves no margin for errors, or amateurs. For example, just because the surface wind is blowing from a "safe" direction doesn't mean that the winds above 10,000 feet—which would usually dominate the direction of fallout—weren't blowing some other way. Only the experts have the equipment to predict fallout areas.

RADIOLOGICAL monitor at Springfield, Ill., food store uses "survey meter" to measure mock "fallout" during Operation Alert 1956. Thousands of these and similar instruments are being stockpiled, and personnel are being trained by the Federal Civil Defense Administration against the day when they would provide the only way to detect "hot" areas and warn people to avoid contaminated articles.

(Photo by J. L. Green, Department of Public Health, Springfield, Ill.)

33,014 Texans Enter Armed Forces

Austin — A total of 33,014 Texans entered the armed forces during the first three-quarters of 1956, and 33,501 were separated from active service during the same time.

This was revealed in a report made by state Selective Service headquarters to the national Selective Service headquarters in Washington.

Of the 33,014 individuals entering the uniformed services from Texas during the first nine months of the year, only 4,811 were drafted, the remaining 28,203 entering by enlistment or other voluntary means.

"Actually, between a fourth and half of the inducted men were volunteers," Colonel Morris S. Schwartz, state Selective Service director, said.

He explained that a provision of the Selective Service regulations allows men from the age of 17 to 26 to volunteer for induction through the draft boards. Seventeen-year-olds must have the written consent of parents or guardians.

State Selective Service sent 8,027 men to armed forces examining stations from January through September of 1956. A total of 5,119 was found acceptable, the remaining 2,908 being rejected, a rejection rate of 36 per cent.

At the beginning of the year, Texas had an estimated 39,000 citizens wearing armed forces uniforms. At the end of September, the estimated total on active duty was 138,400.

Mr. and Mrs. Travis Johnson and Mrs. Chas. T. Picton were in Houston over the week end. Mr. and Mrs. Johnson visited Mr. and Mrs. Phil Wilson and children. Mrs. Picton visited Mr. and Mrs. DeWilton B. Jeffries and will return home Wednesday. They also visited Mr. Joe Sneed who is in the hospital.

Mr. and Mrs. Glenn Mundine, Harold Glenn and Mrs. Sherman Mundine left Sunday for Dallas and returned Wednesday. They visited Mrs. Mundine's sister Mrs. Roy Foster and other relatives.

Mr. and Mrs. J. D. Fogg and Mina of Ingleside spent the day with Mrs. W. P. Hawes, Tuesday.

Mothers And Dads Honor Tarpon Team

The Junior High Tarpons and coach Calhoun were honored with dancing and refreshments Monday night in Fulton at Johnson's boat house. Sandwiches, cold drinks and Coke were furnished by all the Moms and Dads for the occasion to show their appreciation of the wonderful performances the coach and boys have been giving.

Decorations of green and white adorned the building made possible by Mr. and Mrs. Bill Johnson, Mr. and Mrs. J. C. May, Mr. and Mrs. Harry Wilson, Mrs. E. M. Meadors, Mrs. A. A. Blissit, Miss Lila Korford and Buddy McLeester.

A huge field cake with goal post and football centered the hall. A pie eating contest was held in which David Pena, Steirly Rozelle, Donnie Blissit, Jimmy Jackson, Keith King, Tommy Donely participated, the winner being David Pena.

Door prizes were also presented to Mrs. Dowell King, Mr. Bob Ayers, Jimmy Ankele, Pamela

Landgraf. Approximately 150 students, teachers, and parents attended and a grand time was had by all.

They wish to express thanks to Mr. Bill Johnson for use of his building. Mr. Chester Barre for providing the music, Mr. and Mrs. John D. Griggs, Mr. Richard Fox and the womens club for use of the record player and equipment and all other outside help that was given to make this such a big success.

REBEKAHS HOLD COME-AS-YOU-ARE PARTY WEDNESDAY

The Rebekahs held a "Come-as-you-are" party Wednesday morning, with 25 members present at the home of Mrs. J. R. Allen. Next event on their social calendar is a potluck dinner on Tuesday, November 6, at 6:30 p. m.

Mr. and Mrs. J. W. Gurley and son of Seadrift spent the day with Mr. and Mrs. H. J. Gurley last Thursday.

Becky Sue Rouquette Celebrates 10th Birthday

Mrs. Monte Rouquette entertained her daughter Becky Sue on her 10th birthday last Thursday afternoon.

Before the party, the girl scouts had a regular business meeting. The two leaders present were Mrs. Clifton McElwee and Mrs. Fincher. The scouts who helped Sue celebrate were Phyllis Cox, Pat Weber, Niki Dick, Barbara Owens, Sandra Shipman, Sue Hackett, Mary Johnson, Darlene Fincher, Sharold Woods, Rosie Wolfram and Tina McElwee. Besides the girl scouts were Annabelle Casterline, Courtney Johnson, Janice Touchstone, Julia Fox, Mrs. Wm. Johnson, Mrs. Durwood Touchstone and Mrs. Zeph Rouquette.

Favors of candy and gum were given. Refreshments of cake and punch were served.

Mrs. Jerry Hoffman was admitted to a hospital in San Antonio last week for treatment.

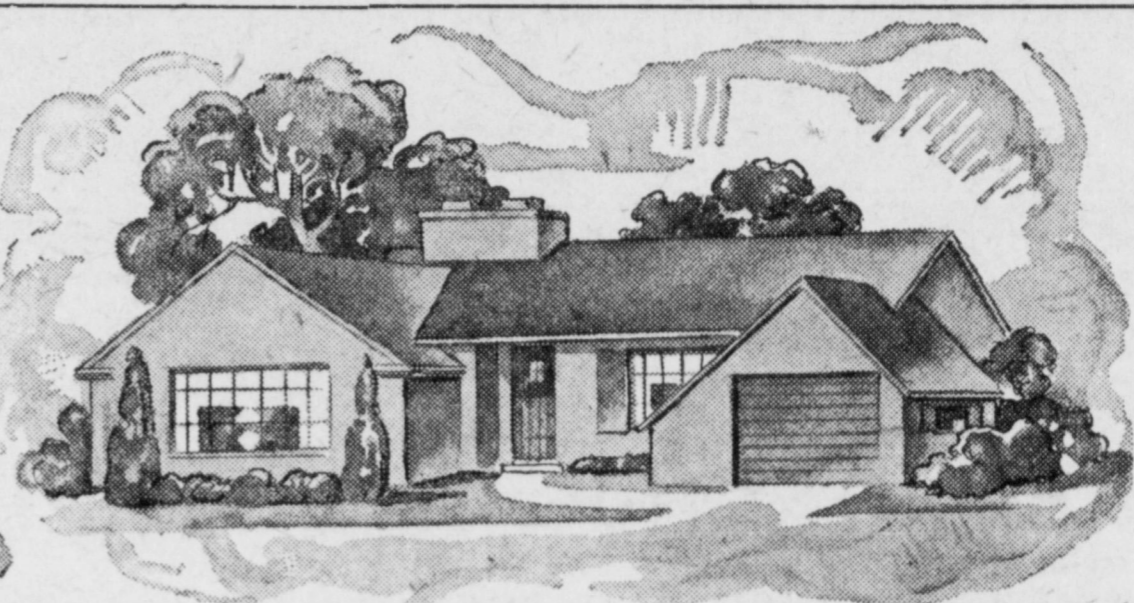

Aransas Dual Oiler Flows 322 Barrels

Phillips Petroleum Co. No. 70 Copano, Aransas County West Fulton Beach Field producer seven miles northwest of Rockport, has been completed dually for 322 barrels of pipeline oil daily.

The lower tubing side yielded a daily flow of 166.48 barrels of 41.5 gravity oil through 10-64-inch choke from 20-shot perforations at 6,957-42 feet in 7-inch casing at 7,414 feet, with total depth 7,650 feet. Gas-oil ratio was 808-1 and tubing pressure was 1,200 pounds.

From the upper tubing it flowed 155.6 barrels of 43 gravity oil through 9-64-inch choke from 20-shot perforation at 6,508-13 feet. Gas-oil ratio was 889-1 and flowing tubing pressure was 1,300 pounds. Location is on a 7,648-acre lease in State Tract 46.

Drilling below 4,870 feet on a 7,500-foot permit was underway yesterday in Tex-Penn Oil & Gas Corp. No. 1 Heard-Jacks, Lamar Field test 10 miles north of Rockport.

Planning for Retirement

WASHINGTON—The best kind of retirement plan is the one you make yourself, according to the Chamber of Commerce of the United States.

If you are in your 40's or 50's, or even younger, it is not too soon to be thinking about what you want to do with the years that remain after your regular job ends.

A good many factors enter into a sound retirement plan—health, hobbies, companionship. But, says the Chamber, the keystone to a happy retirement is financial planning. Several steps toward the right kind of financial planning are suggested in a new Chamber publication "Look Forward to Your Retirement." Here are a few:

1. Maintain a savings account. At least a few hundred dollars in the savings bank is one of the best investments you can make. As the account grows, you may want to invest in common stocks or corporation bonds and so increase your returns.
2. Buy your own home. Monthly payments often are no greater than rent. Frequently, there are income tax advantages to home ownership. By the time you retire, you probably will own your home free of mortgage. If you sell it then, the money can go far toward providing the retirement you have planned. If you continue to live in your home, the cost will be far less than rent.
3. Have a life insurance program. Investment in life insurance can provide a lifetime monthly income after you retire as well as protecting your dependents before your retirement. Your life insurance program should be worked out with the help of a qualified life underwriter.
4. Understand Social Security. Few persons do, although the program is 20 years old. You should be aware of the so-called "work clause" that may cause your benefits to be withheld in case you continue to work after age 65. Social security is intended to provide only a minimum protection against the needs of old age. It should be supplemented by other financial provisions.
5. Know your company pension plan. Company pension plans differ. You should know how your company plan affects you so you can take account of pension rights in working out a total plan for income during retirement.

Tarpons Stop Sundeen 14-0

Last Thursday night Aransas County Junior High defeated the Sundeen Eagles 14-0. The visitors offered the Tarpons their stiffest test thus far as the heavier Eagles gained much yardage through the Tarpon defense, and only a penalty saved the Tarpons from giving up their first touchdown in three games to their opponents. Donnie Blisset scored first for the local team to give them a 7-0 halftime lead. In the third quarter Joe May went through the line on a 55 yard scoring run to increase the Tarpon lead to 14-0. Tommie McCabe, Billy Johnson, Buddy Ayers, Dannie Kelly, Roger Beasley, and Joel Meador offered some outstanding blocking which sprang the Tarpon backs loose on several ground gaining plays. David Pena was the outstanding defensive player on the field as he repeatedly stopped the Eagle backs for short gains with his jarring shoulder tackles.

The Tarpons go after their fourth straight shut-out win this Thursday night, October 25, on the home field. Game time is 7:00 p. m. against the Gregory Kittens which have lost only one game to date thus far, and that to Ingleside, which in turn, is the only team to defeat the Tarpons.

BIRTHDAY CELEBRATION FOR VICKI LOU WHITE

Vicki Lou White and six of her friends celebrated her 8th birthday Friday. They had birthday cake and drinks at Nelda's cafe. Then Mrs. White took them to Kiddieville in Corpus. Those helping her celebrate were Kathy Johnson, Sue Harrell, Bettye McDavid, Courtney Johnson, Susie LeBlanc and Martha Ann Johnson.

Elizabeth Ann Hardin of Waco, Texas is visiting with Mr. and Mrs. Carl Hardin of Fulton.

plan. Company pension plans differ. You should know how your company plan affects you so you can take account of pension rights in working out a total plan for income during retirement.

Den 4

Cub scout den 4 held its regular weekly meeting on Tuesday afternoon at the home of the den mother, Mrs. N. F. Jackson, with Mrs. W. D. Edwards assisting.

Gary Tuer led the cubs in a double flag ceremony, and then presided as denner over the business meeting. N. F. Jackson, keeper of the buckskin, read the minutes of the previous meeting, which were approved as read. It was announced that all of the cubs in the den had paid their registration fees.

Among the announcements were those concerning the October Pack meeting to be held at the V. F. W. hall at 7:30 p. m., Thursday, October 25th, which will feature two exciting nature films, "A Roadrunner Battles a Rattlesnake," and "Outlaw of the Cameron," which is a film of an actual chase by Game Wardens of a savage wildcat in the wild country of south Texas.

It was also announced that the next den meeting will begin the study of the theme, "Life in Puerto Rico," and the making of Puerto Rican flags. The first meeting in November will be held in the workshop of Louis Tuer, den dad, and will feature the construction of Puerto Rican musical instruments for use in a Calypso band.

Butch Bagnaud was named flag leader for the next meeting, and Bobby Ray Edwards was placed in charge of refreshments. N. F. Jackson, Jr., was chosen to construct a den scrapbook of newspaper clippings of the den's doings.

The closing ceremony consisted of a shoulder-tapping "Akela," and salute. Andy Everett was host for the refreshment hour, at which time Mrs. Gene Everett and two small children were special guests of the den.

During the activity period, the cubs cared for sweet potato plants started last week and completed their "Nature Peak Boxes."

Cubs present were N. F. Jackson, Jr., Gary Tuer, Andy Everett, Bobby Ray Edwards, Chris Sorenson, and Butch Bagnaud.

On Saturday the den enjoyed an exciting and informative picnic-hike in the Girl scout camp Copano area. Seven cubs, the den mothers, Mrs. N. F. Jackson and Mrs. W. D. Edwards, the den dad, Louis Tuer, and Chris Edwards, Rennee Tuer, Johnny and Bobby Jackson participated in the day's fun, which began with a television rendezvous from 8:30 to 9:30 at the home of the den mother. Later, the cubs observed the flora and fauna at Camp Copano, climbed trees, explored the "jungle," scaled the bluff at the bay front, and scouted the entire area. Luncheon was climaxed by roasting marshmallows over red hot coals left from a huge bonfire which had blazed away all morning.

Cub scouts enjoying this field trip in connection with the monthly theme, "Cub Scout Naturalist," included: Butch Bagnaud, Jack Gwynn, Gary Tuer, Bobby Ray, Edwards, Chris Sorenson, Andy Everett, and N. F. Jackson, Jr.

Den 2

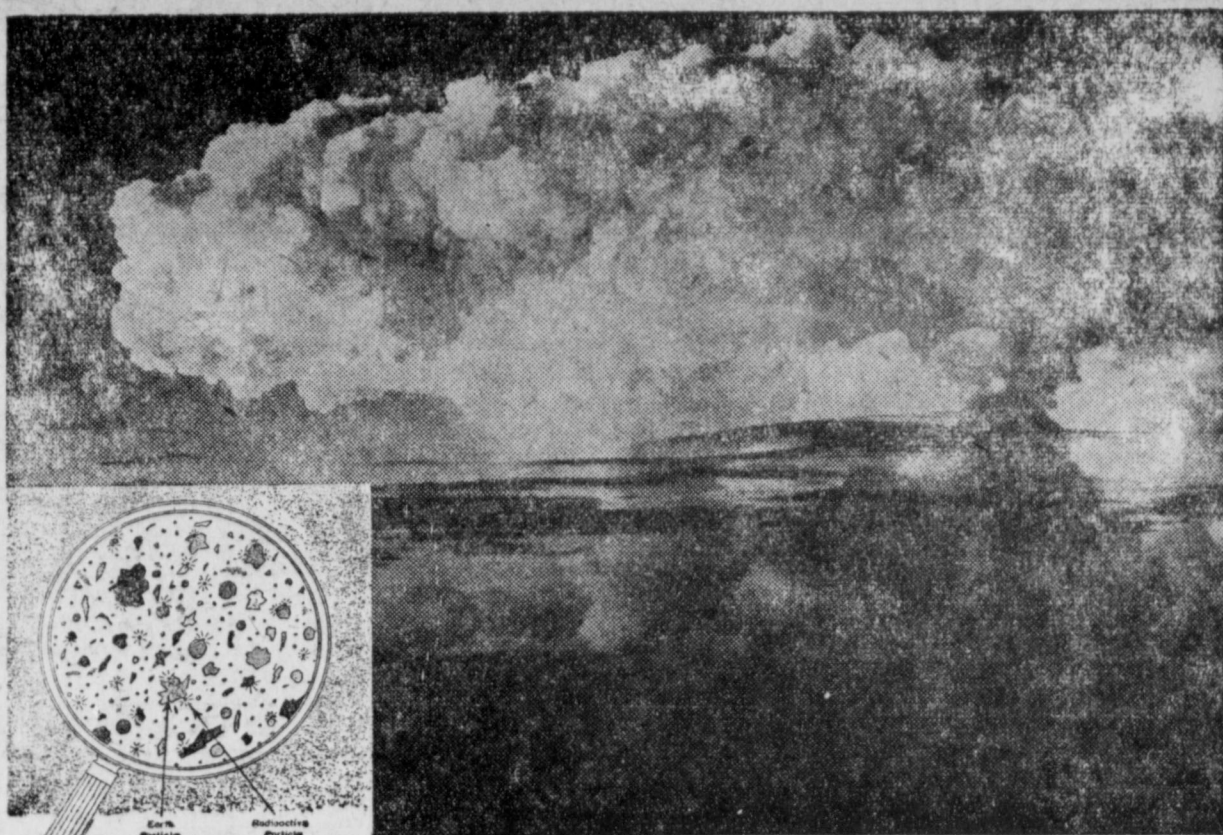

Den 2 held its regular meeting at the home of den mother, Mrs. Ernest Russell, and it opened with the flag ceremony handled by Billy Ormand and Eric Henderson. Business was conducted by denner, Edwin Chester. Eric Henderson was host for refreshments. Bobby Taylor, Jimmy Farmer, and Steven, Jack, and James Russell were also present.

Mrs. Don Henderson was guest of the week, and den dad Ernest Russell helped collect material for the cubs' activities and led the game session.

"Ike For President" Meeting Scheduled

A general meeting of the "Ike for President" club will be held at the club headquarters, Friday morning at 9:30.

The club would like to emphasize the slogan contest now in progress. Snappy slogans for the campaign are being requested each day, preferably to be brought to headquarters, and the one selected for the day is to be put on the bulletin board, with the name of the originator. The best slogan for the entire period will be posted on election day, Nov. 6 and a prize of \$5.00 awarded. Be sure you have a slogan in. Volunteers are needed each day, to keep the headquarters open, give out information, stickers, pins, etc. and to serve on telephone committees. If you have some time to spare for this project, call telephone 6330 at headquarters.

FALLOUT CLOUD from the first H-bomb blast, lowering 25 miles high, begins to drift off to the left after nuclear device, rated in millions of tons of TNT, was touched off in mid-Pacific in November 1952. If the cloud could have been magnified, it would have looked much like the inset, with microscopic radioactive particles clinging to larger earth particles which were blown skyward by the blast. From tests such as this, the Federal Civil Defense Administration learns the basic facts about fallout necessary to plan future defenses against it. (U. S. Air Force Photo)

SENATOR VEST'S TRIBUTE TO A DOG

Senator Vest, of Missouri, was attending court in a country town and while waiting for the trial of a case in which he was interested, he was urged by the attorneys in a dog case to help them. He was paid a fee of \$250, by the plaintiff. Voluminous evidence was introduced to show that the dog had attacked the defendant. Vest took no part in the trial and was not disposed to speak. The attorneys however urged him to make a speech else their client would not think he had earned his fee. Being thus urged, he arose, scanned the face of each jurymen for a moment, and said:

Gentlemen of the Jury:

The friend who in the whole world you call your best friend, may turn against you and become your enemy. A man's son or daughter whom he has reared with loving care may prove ungrateful. Those who are nearest and dearest to us, those whom we trust with our happiness and good name may prove traitors to their faith. The money that a man has he may lose. It flies away from him, perhaps when he needs it most. A man's reputation may be sacrificed in a moment of ill-considered action. The people who are prone to fall on their knees to do us honor when success is with us may be the first to throw the stone of malice when failure settles its cloud upon our heads. The one absolutely unselfish friend a man may have in this selfish world, the one that never deserts him, or never proves ungrateful or treacherous is his dog. A man's dog stands by him in prosperity and poverty, in health and sickness. He will sleep on the cold ground where the wintry winds blow, and the snow drives fiercely, if only he may be near his master's side. He will kiss the hand that has no food to offer; he will lick the wounds and sores that come in encounter with the world's roughness. He will guard the sleep of his pauper master as if he were a prince. When all other friends desert he remains. When riches takes wings and reputation falls to pieces, he is as constant in his love as the sun in its journeys through the heavens. If fortune drives the master forth an outcast in the world friendless and homeless, the faithful dog asks no higher privilege than that of accompanying him, to guard against danger, to fight against his enemies, and when the last scene of all comes and death takes the master in its embrace, and his body is laid away there beside the grave will the noble dog be found, his head between his paws, his eyes sad, but open in alert watch.

fulness, faithful and true even in death.

Senator Vest sat down. He had spoken in a low voice without any gesture. He made no reference to the evidence or the merits of the case. When he finished judge and jury were wiping their eyes. The jury returned a verdict in favor of the plaintiff for \$500. He had sued for \$200.

Mrs. J. H. Schleider was admitted to the Spohn Hospital Sunday and underwent major surgery Tuesday morning.

ship chairman for 15 years, was accepted with deep regret.

A vote of thanks was extended to W. B. Allen for his assistance with the re-installation of the pump. Plans were discussed for the general fall clean-up of the grounds.

The secretary was instructed to notify the individuals who are paying on lots so please keep those obligations up to date or the lots will have to revert back to the association.
