

Along The Waterfront

Hauled out at Rice's Shipyard were the Texas No. 11 and the Nina Ann, shrimpers, a USAF tug from the Air Force Base at Matagorda, El Pescador, a very nice looking cruiser from Fulton, and the Barbee Nell, a snapper schooner.

At the Rockport Yacht and Supply, the Paranda, of Port O'Connor slid off the ways Tuesday. The Windalier, of Corpus Christi came in Monday night, and was tied up at the dock, awaiting her turn at the lift, as was Mrs. Rozzell's big shrimper, the Arso, and another one the George Hamilton.

Otto Goedeke's boat, the Break Away was ready to go back in Wednesday.

Gerald Begnaud's Katherine B. in addition to having air-conditioning is also equipped with a TV. Shrimping's getting more and more comfortable from year to year.

Dietrich Brothers are re-rigging their Southern Star to use a two-net rig.

On Jackson's ways the Corinne B is hauled out, and in the slip Raymond Dugat, of Portland, is outfitting his new steel-hulled shrimper, the Betty Kathryn.

The Good Luck Pier, north of Fulton, reports that during the past week catches have begun to pick up, especially at night, with both trout and gafftops being caught.

Out at Rattlesnake Point, Mrs. Faucett said, some people caught some fish.

Sunday: Mr. Martin and party of San Antonio, 25 trout and a red; Bill Alder and Monroe Husler, San Antonio, 75 trout. Stanley Chiley, Walter Richter, and R. M. Montoya, Floresville, 8 drum, one 15-pound red, ten gafftops, and 100 trout. Paul Allen and party, San Antonio, 25 trout and eight gafftops. Mr. and Mrs. Tony Wilcox, San Antonio, 10 trout.

Wednesday: Herman Friesenhahn and son Clarence, and Dick Gemmler and son, San Antonio, 105 trout.

It looks like more live bait will be available from now on, Mrs. Faucett said.

Over at Mills' Wharf Mrs. Lawler reported:

Thursday: Mr. and Mrs. T. E. Sorenson and grandson Larry Lee from Dallas, 17 reds, five trout and two flounders.

Friday: Lee Golibart party of Houston, and the first boat got 24, the second one got 40, and the third, 28, and they went out again Saturday, with the first boat catching 20, the second got 40 trout, and two pompanoes, and the third got 82 trout. Elmer Gustafson, of Gonzales, caught 25 trout.

Sunday: W. L. Dennis, San Antonio, 32 trout.

Monday: Mr. and Mrs. John Hooten, Dallas, 77, and they went out again Tuesday and caught 112. Lee Golibart went out on Tuesday and caught 180.

Wednesday: Lee Golibart, Houston, 73, and John Hooten, 194.

UNITED FUND MAKING PROGRESS REPORT SAYS

The United Fund drive, which got underway Wednesday morning, has been making good progress, according to Erory M. Spencer, chairman of the special gifts committee, but, due to lack of workers, is still going much slower than was hoped for.

Mrs. Deane Steele, when contacted, said that, because there were not workers enough Wednesday morning, many cards were left over on Thursday, of people who can still expect a call.

Jack McDavid, chairman of the drive, said that, if you have not already been contacted, that it is hoped to have sufficient workers to wind up this week, and that everyone will be given an opportunity to give.

C. of C. Directors Set Banquet Date

The Chamber of Commerce directors, at their regular meeting Tuesday night, set the date of the spring banquet for March 4, discussed committee reports, and made plans to raise the extra money needed for lighting Rockport's and Fulton's streets at Christmas time.

Cecil Cole, reporting for the committee in charge of efforts to install lighting on the bathing beach, a facility requested a number of times during the past year, said that total cost of two poles with six lights, capable of casting beams about 250 or 300 feet, would amount to approximately \$815. He was asked to explore this matter further, and to see whether or not it would be possible to work out some sort of arrangement like that used at Pirate Stadium for a lesser cost.

Mrs. Juergens then brought up the matter of a date for the chamber's spring banquet, pointing out that it was necessary to set this as early as possible in order to work out an entertainment schedule. The directors finally settled on March 4 as being an appropriate time, and deferred appointment of committees to handle the various details until later.

In regard to Christmas lights it was reported to the group that four local civic organizations had pledged themselves for various sums, contingent upon the whole amount being raised. The Rockport Lions had been first, Mrs. Juergens said, with a pledge of \$150. They were followed by the Rotary Club, with a similar pledge; and then two other organizations, the Aransas County Junior Chamber of Commerce and the Business and Professional Women's Club both made pledges of \$25 apiece. Still to be heard from were the American Legion, the Fulton Lions, and a number of others.

The membership committee reported that the Eureka Laundry, with headquarters in Corpus Christi, is the latest member of the chamber, and that a drive was being made to see other businesses of this sort.

The South Texas Chamber of Commerce meeting is to be held in Corpus Christi on Oct. 20 and 21, Mrs. Juergens said, and urged everyone that could be there, at least on Monday, Oct. 21, when Senator Lyndon B. Johnson will be the speaker at the luncheon.

Present at the meeting were Jack McDavid, president; Mrs. Mary Juergens, manager; and directors A. C. Shivers, Walter Heldenfels, Jack McCready, Cecil Cole, J. T. Slocum, V. A. Dulle, Jr., and Mrs. Charles A. Roe, Sr.

WHOOPIING CRANE STAMP TO BE PUT ON SALE NOV. 22

Congressman John Young has announced that he had been advised by the Post Office Department in Washington, D. C., that a new postage stamp, commemorating the whooping crane, will be issued Nov. 22.

The initial issuance will be in Corpus Christi and New York City.

Corpus Christi is being chosen because the winter habitat of the whooping crane is in this area.

New York is selected because of the National Stamp Show being conducted there at that time. The stamp will be .84 of an inch by 1.44 inches and will depict a male and female whooping crane with their young. It will be blue, green and yellow in color. The stamp will be 3 cents in denomination and in sheets of 50.

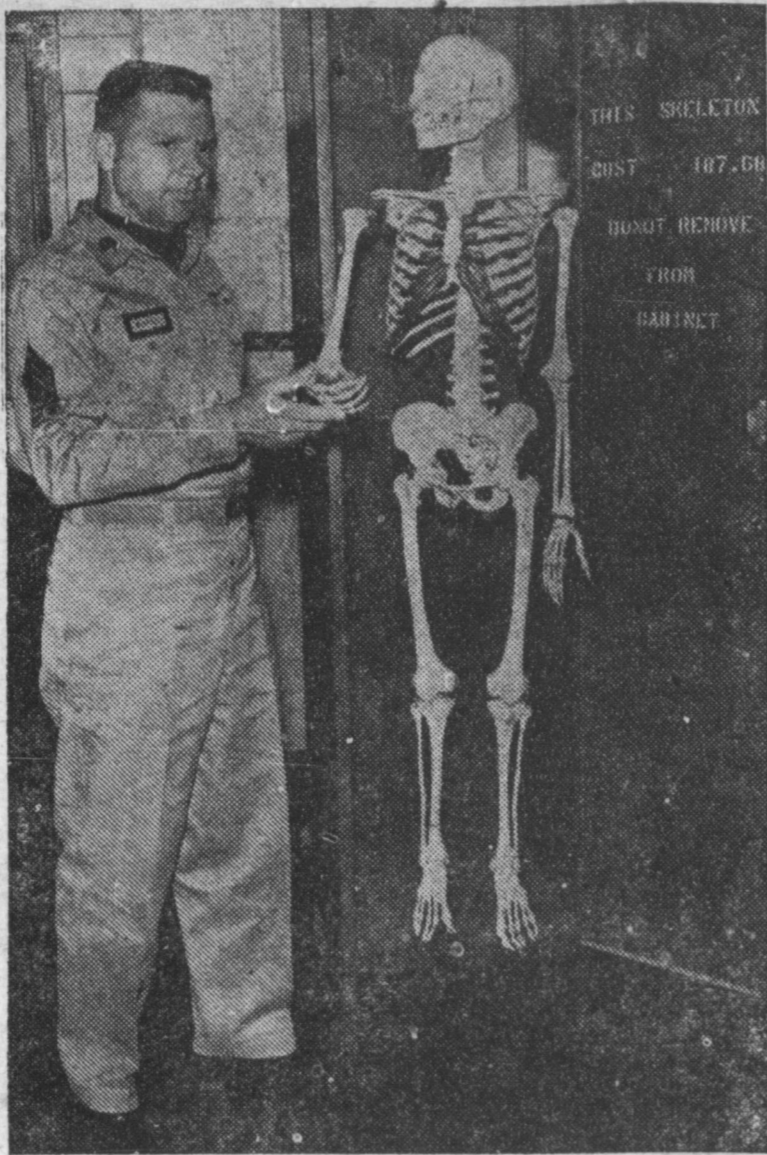

Stamp collectors had speculated for some time that a whooping crane stamp might be issued and that if issued Corpus Christi or San Antonio might be selected for first day sales.

No. first day sale has ever been held in Corpus Christi. San Antonio has had several.

Postmaster Jimmy Reid Simmons said that, desirable as it would have been to have the sale here, it was still outside the capacity of this postoffice to handle, as first day covers from all over the world would make up a greater volume of business than local personnel could handle.

WSSC EXTENDS INVITATION

The Woman's Society of Christian Service of the Methodist Church invites all members of the church and friends to be with them at the church Thursday, Oct. 10 at 7:30 p. m. for the third study of "Christ the Church and Race" with Mrs. B. W. Hamblin as leader.

SKELETON IN LOCKER—Master Sergeant James W. McNeil of Houston, Tex., uses a ghostly visual aid during his schooling at the Army Medical Service School at San Antonio. The new advanced course for non-coms experienced in medical specialties prepares them for leadership responsibilities in the nuclear age.

Pirates Hoping for Repetition of 1956 Season, Sports Writer Says

According to sports writer Joe Heiling, of the Corpus Christi Caller-Times, the Rockport Pirates, after a shellacking by two 32AA teams, and a three touchdowns-to-one mauling by the West Oso Bears, are hoping to get underway and to retrieve their poor start. Actually, when you stop to think about it, all is not lost. Those first two games were way out of

the Pirate's class, and were with 32AA teams. They lost 1 game to West Oso in 31A, true enough, but they've still got time to turn in some football and to chalk up some wins. Heiling says:

"Opinion is divided among coaches whether a rugged pre-district schedule is good or bad for a team. Coach Melvin Borchert and Rockport would probably vote negative on the issue.

The Pirates were ripped by a pair of 2A toughies, Sinton and Aransas Pass, in preparation for district competition.

Arnd two weeks ago West Oso bumped Rockport 21-6, to deal the Pirates their third consecutive setback. Rockport took last week off and Borchert undoubtedly has a few changes in mind before another game rolls around.

"The kids have a lot of determination," the soft-talking Borchert said. "We just got into a rut, but I think everything will straighten out."

"Borchert had felt that some of his newer boys would pick up experience rapidly but such hasn't been the case. Injuries and illness also have taken their toll.

"The Pirates, however, lay claim to one of the best defensive hands in the district in Bobby Close, a guard and linebacker.

"Mickey Casterline, a guard, also has come to the front with his defensive prowess. Offensively, Borchert says his backs are all about equal.

"Last year, the Pirates lost their first two games, tied the third and went on to a decent record. 'We are kind of hoping for a repeat of 1956,' Borchert said in discussing prospects for the rest of the season.

Former NBC Director On Rotary Program

James Garrigan, former director of the NBC studio orchestra, and a well-known name band leader in the mid-thirties, was presented by Homer Faber and Ed Beasley on the Rotary Club luncheon program Wednesday.

He prefaced his program at the organ with some comments on the recent sweep of America toward musical participation by the amateur.

Illustrating these comments he gave an exhibition on one of the famous Hammond organs of the ease and simplicity of creating big music. The several numbers he played on the large console organ were presented with the technique of the truly professional entertainer, and Patriots present gave him an ovation when, after almost an hour overtime, he finally quit playing.

Among the visitors attending were Mrs. Homer Faber, and Mrs. James A. Jarboe. Others were John Sutherland, Fulton; William Rumpf, Fort Myers, Fla.; and Lloyd Dean, Ingleside.

Two Sets of Pirates Chamber of Commerce Civic Affairs Tangle Friday Nite At Pirate Stadium Committee Met Friday Afternoon

Two sets of Pirates will tangle Friday night, in the second 31A game for Rockport, and the game should be an exceptionally interesting one, according to Coach Melvin Borchert.

The Rockport Pirates should field a considerably better team Friday than they did two weeks ago, when the West Oso Bears came out at the long end of the score. Borchert, who said the Mathis-West Oso game last Friday night, while Rockport's team had a free date, said that, while Mathis beat West Oso, the latter team did not play the kind of ball that they did against Rockport, so that it was difficult to judge the Mathis performance.

However, he has only one starter out this week, he said. Victor Torres had been nursing a bad finger, but the coach thinks that Torres may be all right Friday night.

During the two weeks lay off Borchert has had time to rub off a lot of the rough spots that appeared in previous games. Last week the team concentrated on defensive drill, he said, and this week they have been working on their offense.

Despite the fact that Rockport has dropped three ball games, all is not lost, he pointed out, for only one of them was a conference game, and everyone else in 31A has lost one, except Bishop. Bishop has whipped both Ingleside and Tuloso-Midway, and is the only club in the league with an unblemished record in 31A play.

Navigation Board Discusses Little Bay Dredging Plans

Commissioners of the Aransas County Navigation District, at their regular meeting, held an extensive discussion with Homer Innis, of the engineering firm of Lockwood, Andrews and Newman, on the possibilities of developing Little Bay into another recreational area.

Innis, who prepared the original long range plan of development for the district, which culminated in completion of Fulton Harbor, dredging of the Rockport yacht basin, and establishment of a bathing beach at Rockport, made various recommendations.

First of all, he said, before any intelligent plan could be developed, it was necessary to know what the commissioners had in mind in regard to development, and he recommended that considerable thought be given by the board to exactly the type of improvements that were desired so that, in the event such planning was decided upon, the engineers would have a basis on which to plan.

Before any sort of plan could even be thought of, he said, it would be very wise to have borings made throughout the Little Bay area, in order to plan any dredging that might be decided upon, and to learn the types of sand and soil underlying the bay, and where this might be used to the best advantage.

The commissioners, after exploring the need for this, voted unanimously to have at least three 20-foot cores taken along the bay's axis, and to supplement these with three ten-foot cores if this should be deemed necessary by core analysis by the coring company.

Chairman of the board, Dick Pierson, then informed the commissioners that he had received a communication from the State Highway Department regarding right-of-way for the paving project on which the city council is working at the present time. This involves paying the Highway 35 business route through Rockport, and will run from the Y south of town, at the old Triangle, to the Y on the beach road, near the T. Noah Smith property, and construction of channelized traffic interchanges at both ends.

Highway Department engineers said recently that these interchanges would be the same as those used at Aransas Pass. A small one would be constructed where the Triangle once stood, and a larger one where highways merge at the Smith property. This last, Pierson said, would require a strip about 200 feet wide, starting just north of Lib's Miniature Golf Course and running to the little roadside park in front of the

(Continued on page 2)

The Chamber of Commerce Civic Affairs Committee, under the leadership of its new chairman, Walter Heldenfels, met Friday afternoon and various members of the committee reported on the status of their various projects.

Due to the fact that both Byron Hardeman and Cecil Cole were out of town, only approximate costs could be arrived at on the lighting project for the beaches, but Heldenfels told the assembly that this came to about \$100 a light, without the pole cost. Hardeman and Cole were appointed at the last meeting to attempt to work out such lighting with the Navigation District.

Judge John D. Wendell then discussed with the group the prob-

County Buys Two New Dump Trucks

The County Commissioners, at their first meeting since Judge John Wendell returned from his vacation, bought two new Ford dump trucks from Commercial Motor Co. at Aransas Pass, on a bid of \$6,469.90. This bid contained, over and above specifications, two speed rear axles, cab protectors, mud flaps, and eight-cylinder motors.

In other action the commissioners approved a plat of the Fulton Bayview Addition.

A bill from Braselton Construction Co. on the Aransas County courthouse was presented to the commissioners for payment, and after discussion, it was requested by the court that Abbott and Evans, architects, be invited to attend the next regular meeting before the said final bill is approved for payment.

TWO INJURED IN COLLISION SUNDAY

Two persons were hospitalized and a third treated and dismissed after two cars collided on Highway 35 Sunday afternoon when the driver of one of the vehicles backed out temporarily.

Mrs. Ethel Slaughter, 41 of Refugio, told investigating officers she backed out at the wheel of her car while traveling south a half mile north of Rockport. Her car was in collision with one traveling north and driven by Norman Krnavek, 21, of Corpus Christi.

Krnavek was treated and dismissed at Aransas Hospital in Aransas Pass. Mrs. Slaughter and Brandes Gremmel, of Corpus Christi, were reported in a satisfactory condition at Aransas Hospital the next day. Both had cuts and bruises. Gremmel was a passenger in the Krnavek car.

Officers investigating the accident were Sheriff A. C. Shivers and Highway Patrolmen R. L. Dickerson and Dale Whitten.

Explorer Scouts Plan District Wide Social Event

At the Explorer Scout Round Table held at Sinton on Sept. 19, plans were made by those advisors and explorers attending, to have a district-wide social event.

This will be held at the Taft Scout Hut on Saturday, Oct. 12, starting at 7:30 p. m., with Post 43 of Taft acting as hosts for the occasion. They will also be in charge of the concessions. Post 57, of Sinton, will furnish the music; Post 25 of Aransas Pass will be in charge of the entertainment; and Post 26 of Ingleside will act as publicity committee for the event.

Each explorer advisor will appoint a promotion chairman in his district, and this chairman will notify M. H. Ivry, P. O. Box 333, in Taft, as to how many Explorers and their dates will be coming from the post he represents, and this notification is needed before Oct. 10.

Explorer Advisor Bill Gray of Rockport, says that Explorers are urged to bring their dates, or friends that might be interested in the Explorer program. All boys and leaders are requested to wear their uniforms.

Tarpons to Play Mathis

The Junior High Tarpons will play the junior Mathis team this night at 8 p. m.

The Tarpons won last week over Sunceen by a score of 20-0. Joe Samora scored two touchdowns and Rozzell scored one. Rozzell and Blissett scored the extra point.

lem of a public fishing pier. He said that county commissioners felt that if a vote was taken at this time on the levying of a 5c tax to build such a pier, that the proposition had little chance of carrying, and probably would not for some time.

Judge Wendell pointed out that, within the next year it would be necessary to float a bond issue to pay for more right of way along Highway 35, and said that he and the commissioners all felt that the road was the most important thing at this time.

A pier of the size and kind that proponents of it had originally planned, would cost about \$15,000, he said, and this would require the income from a 5c levy for three years to pay for it.

James A. Jarboe, county surveyor, then reported on a meeting in which he and Norvell Jackson had discussed with the Navigation District the possibility of dredging Little Bay, for use as an additional water sports area, and for a harbor at the northern end.

Jarboe said that the Navigation District was in process of negotiating with Lockwood and Andrews to bring the district's master harbor development plan up to date, and that the probability was that test borings would be taken in Little Bay to see whether the sand or other bottom was suitable for extension of the present beach, and for fill on Frandolig Island.

The Navigation District commissioners had told Jarboe and Jackson that the State Highway Department was also negotiating with the district for enough land to construct the necessary traffic channel at the T. Noah Smith corner, and that the department had also tentatively explored the idea of widening the highway along the waterfront from the Smith home northwards.

To do this, Jarboe said, it would be necessary to condemn riparian rights all along the course of the proposed highway improvements.

Dudley Bracht and Ed Beasley, charged with approaching the City Council on the proposition of a city policeman, reported that the council said they were working on the matter.

Chester Johnson, as a sub-committee, then gave the latest report on the curb and gutter projected for Highway 35 business route. Plans were progressing nicely, he said, and he estimated that it would cost between \$60,000 and \$70,000 to complete the work. A substantial portion of this would have to be borne by the city, he said, and while they were working out some satisfactory method of financing this, it would still be some time before they were far enough along to give a firm date on which the work could start.

The majority of the city's share could be met without a raise in taxes, he said, by discontinuation of free garbage pickup, and devoting the money now spent for this to the amortization of the city's share of the rights-of-way and to the cost of drainage which would necessarily have to be provided if the curb and gutter was installed as planned.

A portion of the cost would be borne by property holders along the route, also, he pointed out, and some method would be developed where a lien could be filed against property along the route as security for a bank loan to finance the work, until the necessary moneys could be raised.

Next on the agenda was a discussion of the separation of the offices of sheriff and tax assessor. Maurice Cochran reported on this, and then Judge Wendell told the committee that if they want to do this, the best time to start was now. With an election coming up on constitutional amendments, he said, the voters of the county could signify their wishes about the separation at this time, without added election costs, and then the new sheriff and tax assessor could be elected at the next general election.

He suggested that the necessary petition be filed at once, asking for an election on whether or not the offices of sheriff and tax assessor should be separated. This was necessary now, he said, because unless it was done before the next general election, it would be necessary to wait four years.

Cochran then gave a resume of various talks he had had, with various city and county officials, pointed at consolidating the tax collecting agencies under one roof, for greater convenience and economy.

The I Wonder News

By
Fifth Grade Science Class

Mrs. Hagar To Visit Science Club

Mrs. Jack Hagar, well known ornithologist, will visit the "I Wonder" Club Friday afternoon to answer some of our questions. We hope to hear more about the current humming bird migration. We are looking forward to the occasion.

Charles Ray Boone Finds Bird Band

Charles Ray Boone found a dead quail whose leg was banded. A number and an address were engraved on the aluminum band. A committee composed of Charles Boone, Jeanie Diederich, Chris Sorenson, and Susan Armintrout was appointed to send the band to the Wildlife Commission in Austin. A letter was also sent requesting an answer to see if we have helped in getting information on the habits of the quail.

Dampness Causes Bread Mold

The "I Wonder" Club decided to find out what causes bread to mold. This is the way we went about it.

Question: What causes bread to mold so quickly?

What we did: We placed one piece of bread in an air tight container. We placed another piece of bread in a container along with a piece of wet paper. We left these on the science table for five days.

What we found out: The bread without the wet paper was hard and without mold. The bread with the wet paper had grown a black-green mold.

Our conclusion: Dampness hastens bread mold.

Science Club Members Make Poster Showing Plants

Mario Garcia, Sammy Nava, Danny Webb and Mickey Floyd made a beautiful poster showing the different kinds of plants and how some grow from seeds and some grow from spores. It is in our science corner.

Science Club Organized

Mrs. Steele's fifth grade science class met Sept. 9 and organized a science club which will meet every Friday afternoon at 3 o'clock. The club has been named the "I Wonder" Club and its main purpose will be to answer some of the questions we wonder about. A wonder box has been placed on the science table and any one who wishes to place a question in it may do so. We will do our best to answer it.

The following officers were elected: Richard Rinche, president; Charles Boone, vice-president; Consuelo Rinche, secretary; Susan Armintrout, Jeanie Diederich, and Linda Eller, reporters; Chris Sorenson and Doyle Parr, editors.

The newspaper, the "I Wonder" News will be published monthly and copies of it are to be kept in our science notebooks.

Personals

Wanda Bradshaw and Fernando Solis were unable to attend the club meeting last Friday because of illness.

Want Ad Section

Wanted: More people to place "I Wonder" questions in the wonder box placed on the science table.

Wanted: Suggestions on how to make our club and paper better.

Wanted: More people interested in science.

BWC MEETS AT HOME OF MRS. COAKER

The BWC of the First Baptist Church met Monday night in the home of Mrs. W. S. Coaker. The program was on missionary work in East and West Pakistan.

Business discussion followed the program with circle chairman, Mrs. Chris McDonald presiding.

Mrs. Somerville Ballou was elected secretary-treasurer. The following were appointed as chairmen: Bible study, Mrs. Floyd Rooke; program, Mrs. Tom Shults; community mission, Mrs. Nora Casey; mission study, Mrs. W. S. Coaker; prayer, Miss Ruth Lipscomb; stewardship, Mrs. Milton Mundine; publicity, Mrs. Albert Ballou; enlistment, Mrs. Katy Moss.

ROCKPORT DUPLICATE BRIDGE CLUB

Thursday nights are Duplicate Bridge nights from now on. Last week there were 28 players for Master Point night. Ten Rockport players were awarded points. Any player needing partner can phone SO 4-6364 and list the names. Remember Thursday night at 7:30 p.m. at the Womens Club is Bridge Night.

NOTICE

The Aransas County Council of P-TAs will meet Monday, Oct. 14, 9:30 a.m. in the High School Auditorium. All representatives, officers and other P-TA members are invited to come and hear Mrs. Bruce Davy who will discuss P-TA work in Italy.

Mrs. Bill Clark, president of the W.M.U. of the First Baptist Church called a special meeting of the executive board on Tuesday morning, for discussion of a program for the coming year.

Band Officers Elected
Officers have been elected for the Aransas County High School Pirate Band. Included are Marilyn Morrison, James Ballou, captains; Karen Casterline, Mike McGlamery, lieutenants; Terry Wills, Gary Home and Jack Ballou, sergeants. Robbie Bocquet is drum major.

RUTH CIRCLE MET AT GRADY WEST HOME

The Ruth Class of the First Baptist Church held its regular monthly business and social meeting at the home of Mrs. G. A. West.

Mrs. Tom Shults presented the installation of officers using "Passport to Service" as the theme. The room was decorated with flags, dolls, miniature palm trees and other objects of interest from other countries, very effectively carrying out the theme.

Mrs. Carroll Cutcher brought the devotional. Mrs. Bill Clark rendered a beautiful solo, accompanied at the piano by Mrs. G. A. West.

Officers installed for the coming year were: Mrs. Howard Lee, president, Mrs. Ed Beasley, 1st vice-president; Mrs. F. C. Williams, 2nd vice-president; Mrs. R. H. McHugh secretary-treasurer; group leaders, Mrs. C. C. Landgraf, Mrs. J. J. DeForest, and Mrs. O. A. Carroll, Jr.; class teacher, Mrs. Grady West.

Members entertained by acting out some custom of a foreign country with other members guessing what country was being represented.

A delightful sandwich plate and iced tea was served to 10 present.

WOMENS CLUB MEETING

There will be a meeting of the Womens Club on Tuesday, Oct. 8 at 3:30 p.m. A representative from the Central Power & Light Co. will give a talk on modern illumination of the home. Everyone is invited to attend. Refreshments will be served.

Mrs. and Mrs. Carl Prohl of San Antonio, spent the weekend with Mr. and Mrs. Pat Smith.

TEL CLASS MEETS AT MOSS HOME

Mrs. Mary Moss and Mrs. Viola Ferguson entertained members of the TEL class of the First Baptist Church at the Moss home Friday night.

Mrs. Moss, president of the class, called the meeting to order, and after reports from all officers and the reading of the minutes of the last meeting a social hour followed.

Present were Mrs. Nora Casey, Mrs. Elmo Key, Mrs. Sallie Townsend, Mrs. Mabel Thompson, Miss Ruth Lipscomb, Mrs. Somerville Ballou, Mrs. Wretha Johnson, Mrs. Amy Simmons, Mrs. Lovetta Raulston, Mrs. Clara Dervage, Mrs. DeForest, Mrs. Della Jones, Mrs. Henry Bailey, and the hostesses. Refreshments were served to the 16 guests.

CONGRATULATIONS

Congratulations are due Mr. and Mrs. Ernest Simmons of La Jolla, Calif., on the arrival of a baby girl, named Jenny Lind. The mother is the former Ruby Casey of Rockport.

NOTICE

The School Tax Office is no longer in the old building where it was for several years, but has been moved to the new building to the west of the old Rockport Elementary School building. To reach it, drive down the side street, and enter the covered walkway between the old and new buildings. The tax office is on the right.

Navigation Board— (Continued from page 1)

Charles T. Picton home.

This would be all that was needed at this time, Picton said, but the Highway Department had indicated that, at the same time, it would like to obtain a similar strip along the highway from the park to the Jane Ellen Motel, for future expansion, possibly to a four-lane road along the waterfront.

In any event, it was brought out, riparian rights along the waterfront would probably have to be acquired by the Navigation District.

In line with this thinking, Innis pointed out that an elaboration of the district's original master plan should be made to tie in any Little Bay development, and he asked the commissioners to give some thought to this, in case they should desire to have this done.

He discussed such a plan briefly, pointing out that it should consider tentative needs for streets, fills, area to be dredged, recreation and water sport areas, and other facilities, and with this the matter was closed for the time being, the commissioners saying that they wanted to give it more consideration before coming to any conclusions.

The commissioners were then notified that Chief J. C. Chiguiola, of the Coast Guard, had notified the district that approval had been given for a light at the mouth of Fulton harbor, while placing of buoys and other markers for the channel had been held in abeyance.

Picton then called the commissioners' attention to the condition of the district's covered boat stalls, which, he said, were badly in need of repairs. The commissioners made arrangements to inspect the boathouses.

Mr. and Mrs. B. C. Camp and Mrs. Julia and Hershall McWright have returned to Junction after a week's visit with the D. R. Simmons.

Mrs. Nora Casey was a visitor in Corpus Christi, Saturday.

GIRL SCOUTS

Troops 50 and 58

Our troop met at the Little House on Oct. 1 from 4:00 until 5:30. We finished our scrap books which we started at our last meeting. After a short business meeting, refreshments were served to Janis Clark, Pam Court, Linda Eller, Lynn Hoehne, Mary Lou Johnson, Donna Lassiter, Loal Jean Lewis, Elizabeth Perez, Sue Taylor, Terrie Thomas, Donna Campbell, Dandra DeForest, Mary Solis, Aurora Garcia, Sherry Brundrett, Mrs. Jerald Brundrett, leader, and Mrs. Roy Court, Jr., assistant. Jeanie Diederich was hostess at this meeting.

Troop 43

The Fulton School was the meeting place for Troop 43 at 3:45. During the business meeting, plans were made for the "Long Range Plan."

Our next meeting will be a hike. All plans were made for this occasion.

During the summer, we made pillow slips. For those that did not finish their pillow slips then, they were finished at this meeting. As Brownie Troop 43 earned money last year for a Brownie holiday which never materialized, the girls voted this money will be used for art lessons to be given the troop once a month, by our local artist, Mr. Simon Michael. These lessons will be given on the first Monday of each month.

The hostess for the day, Lydia Benavidez, served refreshments to the leader, Mrs. F. L. McCord, Florence Casterline, and Bobbie Lynn Taylor.

(Signed) Sallie McCord.

Seventeen Scout leaders and mothers volunteered for assisting with the United Fund Drive.

CONGRATULATIONS

Mr. and Mrs. Charles McLester are the parents of a 7 pound 12 ounce daughter, born Sunday, Sept. 29 in the Aransas Hospital.

Oliver Brundrett is attending a County Veterans Service Officers School in Dallas this week. He will also visit his daughter and husband, Mr. and Mrs. Leon Longway in Austin enroute.

Lapidarist Reed Makes Own Jewels At the Jewel Box

The name "Jewel Box" is a most appropriate one for the little shop that Mr. and Mrs. A. L. Reed opened on Highway 35, just north of town, last August 3, but you have to wait 'till you get inside and talk to the Reeds before you see why it fits the place like a glove fits a hand.

For it is a jewel box, and in the show cases are authentic jewels, cut from gem stones by Mr. Reed, or purchased from other gem collectors.

The chief value of all of them lies in their beauty, and in the hours of work that go into cutting and mounting them, for many of the stones are of the sort that can be picked up at various locations throughout the state, if you're a rock hound and know where to look.

There are no diamonds, rubies, and emeralds in the Reed collection, but there are a lot of things that most people have never heard the names of — things like aventurine from India; tiger eye, from South Africa; labradorite, amazonite, and moonstones, all of which belong to the same family of minerals, and all of which, when cut and polished, possess a softer beauty of their own than the gems which have graced jewelers' counters so long.

There's goldstone, which is an imitation aventurine, long manufactured and much used in watch charms a number of years ago, and then there are sodolite, rhodochrosite, shodonite, and two dozen others, that need work and polish to release their beauty.

Aventurine quartz contains scales of brightly colored minerals that show through, and it is yellow, brown, red, or even green in color. Tiger's eye is another of the quartz family, yellowish brown, bluish, or red, and has long shifting streaks of lighter colors within that resemble cats-eyes, another of the semi-precious gem stones.

Thrown carelessly in the front of the case is a handful of rocks, polished in a tumbler, that display all the colors of a rainbow. One oval stone had tints of delicate mauve, and others range from amethyst to amber, from olive green to rust, aqua and cream.

Some of them reflect iridescent tones; others, like opals and labradorite had an interplay of colors. Alexandrite, which, when perfect, is worth more per carat, Reed says, than diamonds, shows green under sunlight, reddish under artificial.

Perhaps the daintiest of all forms uncovered by the lapidarist are diminutive, fern-like "plants," actually impurities within the moss agates.

The Reeds came here from Kansas where they had operated a grocery store. Because Mr. Reed was interested in gem stones, and Mrs. Reed liked Becraft glass, they decided to open their place north of town, catering to the tourist trade especially, and to anyone else who wants to drop in and buy beauty, for both the gem stones and the glass possess this in quantities.

The glass, in the shape of swans, trays, glasses, vases, and a number of other things, is remarkable because of the swirling colors that

run through it, like some of the old-fashioned marbles youngsters used to have years ago.

Reed is especially proud of some great chunks of fossil coral he brought with him from Illinois. These, he says, are larger and finer than any possessed by a number of the great museums, and have been dated by scientists at the Denver Museum of Natural History as having lived on earth more than 376 million years ago.

The lapidarist does his cutting and stone polishing on a diamond-edged saw and abrasive wheels that he has mounted in the shop, so that, whenever he has a little time tending store he can manufacture new stock.

The Reeds have an 11-year-old son, Robert, who's starting early as a rock hound. He says he wants to be a paleontologist when he grows up.

MRS. O'NEAL HONORED

Mrs. H. R. Kline and Mrs. Nealy Parr were hostesses for a surprise going-away party at the home of Mrs. Gerald O'Neal the former Mrs. Raymond Sasaki in honor of Barbara Sasaki who is planning on joining her husband some time this week, who is in the navy and stationed in San Diego, Calif.

The guest list included about 20 of Mrs. O'Neal's friends. Refreshments of cake, coffee and punch were served.

Mr. and Mrs. Dewey Massey, Mr. and Mrs. Charles Massey and son of Fort Worth, visited last week with Mr. and Mrs. Boyd Faucett at Rattlesnake Point.

FOOTBALL REVIEW

Highlights from four important Southwest Conference games will be featured on Humble's "Football Review" next week Oct. 7). Kern Tips will devote half of the interesting program to describing films of deciding plays and highlights from the Arkansas-TCU, Rice-Stanford, Texas-South Carolina, and Texas Tech-LSU games to be played this Saturday.

In addition, Tips will have Darrel Royal, Texas coach, as guest on the program. Royal will diagram and demonstrate one of his key plays. Also to be seen on the interesting sports show will be a story showing the vast organizational effort that goes into an athletic program. This story comes from Waco and the Baylor campus.

The training of tackles and guards at TCU will also be seen as cameras follow training and practice sessions that make TCU linemen outstanding.

On Tuesday, Oct. 8, "Football Review" can be seen over KRIS-TV, Corpus Christi.

By-Liners Meet At Jackson Home

Mrs. Jack Hagar and Mrs. S. F. Jackson were hostesses for the initial fall meeting of the By-Liners, Thursday afternoon at the Jackson home.

A report on activities showed that 29 books had been published by members of the By-Liners and a number of manuscripts were in the mail.

Included in the group for the meeting were members from Corpus Christi, Kingsville, Portland, Robstown, and Ingleside.

UCC STUDENT IS MUSIC DIRECTOR FOR CHURCH

Jim Lively, a ministerial student at the University of Corpus Christi, has assumed the duties of music director for the Fulton Baptist Church.

RUTH CIRCLE MEETS

The Ruth Circle of the Woman's Society of Christian Service met Tuesday, Oct. 1 at 9:30 o'clock in the morning with Mrs. Matt Scott.

Mrs. E. T. White announced the World Day of Prayer will be observed Sunday, Oct. 27 at the evening service and Mrs. Jack Horton will be the leader.

Mrs. Matt Scott gave a splendid devotional from the 5th chapter of St. Matthew the 15th and 16th verses.

Mrs. E. E. Anderson gave an interesting review of the second lesson on the study "Cross and Crisis in Japan."

The November meeting will be with Mrs. Roy Hinton and Mrs. Glen Daniel as co-hostesses.

CITATION BY PUBLICATION

THE STATE OF TEXAS To the following named defendants whose residences and/or whereabouts are unknown:

- 1. Judge Company. 2. Judge Publishing Company. 3. Leslie-Judge Company. 4. Russell B. Harrison. 5. All stockholders, all of whom are unknown to plaintiff and to his attorney, of each and all corporate defendants enumerated above.

6. All members, beneficiaries, and interest holders, all of whom are unknown to plaintiff and to his attorney, of each and all of the defendants enumerated above who are or were trusts, joint stock companies, or other unincorporated associations.

7. All partners, all of whom are unknown to plaintiff and to his attorney, of each and all of the defendants enumerated above who are or were partnerships.

8. The heirs, wives, husbands, devisees and legal representatives, all of whom are unknown to plaintiff and to his attorney, of each and all of the defendants above enumerated or identified.

DEFENDANTS IN THE HEREINAFTER STYLED AND NUMBERED CAUSE:

You, and each of you, are hereby commanded to appear before the Honorable 36th Judicial District Court of Aransas County, Texas, to be held at the court house of said county in the City of Rockport, Aransas County, Texas, at or before 10:00 a.m. of the first Monday after the expiration of forty-two (42) days from the date of issuance hereof; that is to say, at or before 10:00 o'clock a.m. of Monday the 18th day of November, 1957, and answer the petition of CLYDE C. HAYDEN, Plaintiff in cause numbered 3290, styled CLYDE C. HAYDEN vs. JUDGE COMPANY, ET AL, filed in the District Court of Aransas County on the 30th day of September, 1957, wherein the said CLYDE C. HAYDEN is Plaintiff, and all the persons, firms and corporations above enumerated or identified, and to whom this citation is addressed, are Defendants; and the nature of which said suit

is as follows: In Trespass to Try Title brought by said Plaintiff against all said Defendants, to recover the title to and possession of the following described tract of land in Aransas County, Texas, to-wit:

Being Lot Eight (8) in Block Thirteen (13) in the Doughty and Mathis Division in the City of Rockport, in Aransas County, Texas, according to the official Map or Plat thereof recorded in Volume E, pages 272-273 of the Deed Records of Aransas County, Texas together with damages in the sum of ONE DOLLAR (\$1.00), for costs of suit, and for general relief, by which suit Plaintiff seeks to cut off all rights, titles, claims and interests of every character of all said Defendants in and to said land.

If this citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

WITNESS Mrs. Jas. C. Herring, Clerk of the 36th Judicial District Court of Aransas County, Texas.

GIVEN UNDER MY HAND AND SEAL OF said Court at Office in the City of Rockport, this 30th day of September, A. D. 1957.

MRS. JAS. C. HERRING, Clerk of the 36th Judicial District Court of Aransas County, Texas.

By WRETHA B. JOHNSON, Deputy. Issued this 30th day of September, 1957.

MRS. JAS. C. HERRING, Clerk of the 36th Judicial District Court of Aransas County, Texas.

By WRETHA B. JOHNSON, Deputy.

JAYCEE-ETTES TO HOLD MEETING

The Rockport Jaycee-ettes will hold their regular monthly meeting on Monday, Oct. 7, in the Yacht Haven Cafe, at 7:30 in the evening. All members are urged to be present.

Mrs. Frazier Cantrell was in Corpus Christi Wednesday afternoon.

New Books Added To County Library

Among new books in the Aransas County Library are the following which will be on the 7-day shelf, thus assuring patrons of getting new books:

Fiction: "Mindango," by Kyle Onstoff; "Water, Water Everywhere," Emily Kimbrough; and "Bridge to the Sun," Guen Terasaki.

Non-fiction: "The King Ranch," Tom Lea; "Hidden Persuaders," Vance Packard; "The Day Christ Died," Jim Bishop.

Western: "The Unforgiven," Allan LeMay.

Juvenile: Richard Halliburton's "Complete Book of Marvels."

Additional books include "Knocked For a Loop," by Craig Rice, for mystery lovers; non-fiction, "First Reader for Antique Collectors," by Carl W. Drepperd; "Lost Mines and Hidden Treasure," Leland Lovelace; "New Ways in Discipline," Dorothy Walter Baruch; "Texas Wild Flowers," Gussie Mae Birdsong.

Nancy Drew mystery stories: "Ghost of Blackwood Hall," "Clue of the Velvet Mask," "Clue of the Black Keys," "Witch Tree Symbol," "Mystery of the Tolling Bell," and "Clue of the Leaning Chimney."

CATTLE EGRET STORY HAS WIDE CIRCULATION

The story about the cattle-egret that appeared in The Pilot a week or so ago has had wide circulation, appearing in a number of Texas newspapers since.

BLUEBONNET ASSOCIATION MET HERE SATURDAY

The Bluebonnet Association of Odd Fellows and Rebekah Lodges met here last Saturday.

Registration at 9:30 a. m. was at Aransas County High School auditorium. Mrs. Cleela McClure of Corpus Christi, president of the association, presided over a business session at 10. Lunch was served at noon in the school cafeteria.

At 2 p. m., a Rebekah school of instruction was held in the cafeteria and at the same hour, the Odd Fellows held a similar school at the Odd Fellows Hall.

Supper was served at 6 p. m. in the cafeteria and at 7:30 a program was presented which was open to the public. A number was given by each lodge in attendance and the Theta Rho girls of Rockport presented a memorial service.

Representatives were here from Corpus Christi, Kingsville, Portland, Sinton, Beeville, Aransas Pass, Ingleside and Rockport. Mrs. Fred Cloberdants is Noble Grand of the Rockport Rebekah Lodge and Mrs. A. O. Ebert and Miss Katie Lee Clarke were in charge of the program.

M.Y.F. HAS MEETING

The MYF held its regular meeting Sunday, Sept. 29 at 6 p. m. Jay Hamblin had the program for the evening. It was "What About Heaven, Hell and the Devil?"

The Methodist Church had the first Youth Night last Sunday. The young people of the church read the Scripture, took up the offering, read the prayer, etc. The MYF choir sang a special, "In the Garden." We feel it was a successful program.

The MYF will hold a weiner roast Saturday, Oct. 12 at 3:30 p. m. at Goose Island State Park. We will start from the Methodist Church. Patricia Campbell.

WORLD WIDE COMMUNION SET FOR NEXT SUNDAY

Rockport churches will join Christian congregations all over the world on Oct. 6, in celebration of world wide communion Sunday. Special services have been planned by a number of them here.

Mrs. Ettoil Eller returned this week from an extensive tour of West Texas. She was accompanied by her son Duane, and her mother, Mrs. W. G. Harriet, who remained in Lubbock as a guest of her son Baxter, and his family.

MRS. UTZ SAYS MANY PEOPLE STOP TO SEE WINDMILL IN TREE

Mrs. Curtis Utz says that many people stop in front of her home to see the remains of a giant windmill in the oak tree that shades the house.

The mill, which originally operated a well nearby, was picked up by the 1919 storm and carried into the tree. Left there ever since, it is now completely overgrown by the tree trunk and limbs in several places, and the tree or the wheel one would have to be destroyed to remove it from its lofty perch.

BARBARA ANN TERRY ENROLLED AT MARY HARDIN-BAYLOR

Miss Barbara Ann Terry has enrolled for the fall semester of Mary Hardin-Baylor at Belton, Texas. Miss Terry, a senior student, is the daughter of Mr. and Mrs. W. J. Terry of Rockport.

DRIVERS' LICENSES

The following persons have passed their drivers' license tests: Evelyn Robison Gardner, Betty J. Clark, Arlette J. Lane, Vivian Campbell McCandless, Alicia P. Fields, and Vera Winkler Kelsay, all of Rockport.

Little Timmy Wilde suffered a broken leg last Sunday.

NOTICE

Aransas County Independent School District will receive sealed bids, addressed to Pat H. Greene, Superintendent, Rockport, Texas, and will sell to the highest bidder the following described property:

- (1) Lots 3, 4, 13, 14, 15, 16 in Block 7, Smith and Wood subdivision of the City of Rockport.
- (2) Two buildings on the Rockport Elementary campus known as the barracks building and annex; these two buildings to be removed from the school property. Bids will be received until noon, Monday, November 11, 1957.

The Board of Trustees reserves the right to reject any or all bids.

Signed:
SHELLEY P. ROATEN,
Secretary,
Board of Trustees,
Aransas County
Independent School Dist.

SHRIMP LANDINGS DROP A LITTLE

The Aransas Pass-Corpus Christi area still continues to lead the Texas coast in the production of shrimp, as the U. S. Fish and Wildlife Service, in its latest report, covering the month of August, total tonnage in the area amounting to 2,317,000 pounds of tails, an increase of approximately 481,000 pounds over July.

Second in production was Freeport, as it was the previous month, although tonnage there decreased from 1,364,000 in July to only 1,259,000 in August, the last month of record, and a number of other ports show similar decreases which are enough to cause the month's tonnage to fall about 147,000 below that preceding.

Brownsville only reported 978,000 in August against 1,347,000 the month before; Port Isabel dropped from 1,072,000 in July to 802,000 in August; but Galveston was up a little, with 650,000 pounds against 555,000 pounds of tails the month before.

Rockport turned in 416,000 pounds in August, a drop of 19,000; Port Lavaca and Palacios were up a little, bringing in 182,000 pounds against 156,000 the month before. Sabine Pass and Port Arthur also showed a little gain, going from 32,000 in July to 56,000 in August.

There were no oysters landed, as the season is closed at present, and the finfish showed a drop.

Galveston and Freeport, combined, caught 72,000 of fish in August, compared to 103,000 the month before; there were no catches reported at Port Lavaca, Palacios, Rockport, Aransas Pass and Corpus Christi. Port Isabel checked in with 11,000 pounds in August and the Sabine Pass-Port Arthur area caught 22,000 pounds.

Design funds were made available for this project last year, and an initial construction appropriation of \$640,000 is available for commencing construction this year.

The tributary channel from Port Aransas to Aransas Pass, including straightening and widening of the connecting channel to Conn Brown Harbor, has been completed, according to the colonel.

NEW CAR REGISTRATIONS

7,500- Foot Try Starts In County

North Central Oil Corp. of Houston has started operations at the No. 1 V. H. Tatton, proposed 7,500-foot Aransas County wildcat 15 miles east of Refugio. Yesterday it was drilling at 580 feet after setting 8 1/2-inch surface casing at 579 feet.

The new project is located in Section 21, Salt Creek Ranch Sub-division, on a 5,000-acre lease. Most South Texas maps show John M. Shreve Survey, A-186, and the test is 1,700 feet from the north line and 850 feet from the west line of this survey. It is 1,270 feet from the north line and 1,470 feet from the east line of the section and 9,800 feet from the east lease line.

Located near two Caroline Hunt Sands dusters, the test is about 5,600 feet northeast of Union Producing Co. No. 12 Tatton, an 8-712-foot dry hole, and 6,300 feet west-southwest of Union's No. 4 Tatton, which failed at 10,496 feet. It scales 1,500 feet southeast of the Refugio County line.

CHEMICAL ENGINEER TO OCCUPY LOCAL PULPIT OCTOBER 13

John Hill, a chemical engineer of Victoria, will occupy the First Presbyterian Church pulpit on Laymen's Sunday, Oct. 13.

Mr. and Mrs. Fred Close and sons, Freddie, Eddie, and Dennis Hart, left Tuesday morning for Dallas, where they will make their home. Close is employed by the Wilson Supply Company, and has been transferred from Corpus Christi to Big D.

Mr. and Mrs. Gus Glasscock were Rockport visitors Tuesday afternoon.

Presbyterian Circles will meet today at the home of Mrs. H. L. Mills, Mrs. Byron Bushart, Mrs. L. O. Hill, and in the assembly room of the church.

E. C. Ricks, well-known to many people in Rockport, although now living in the Valley, is in the Naval Hospital awaiting abdominal surgery.

Mr. and Mrs. Frank Lawson, of Temple, are visiting this week with Mr. and Mrs. Frazier Cantrell. Mrs. Lawson is Mrs. Cantrell's sister.

The Church of Christ

What It Teaches

The Church of Christ emphasizes the importance of the Bible, and the importance of careful and prayerful study of it. In this study then let us think of the purpose of the Holy Scriptures.

First of all, they reveal God unto us. "In the beginning God." Gen. 1:1. They reveal Christ unto us. Rev. 1:1. So from Genesis to Revelation, it is a revealing of God and Christ unto man. All that we know of God's will to man, and man's duty to God is revealed in the Bible. There, and there alone will we find our duty made known.

The Holy Scriptures give us our spiritual light. "Thy word is a lamp unto my feet, and a light unto my path," said the Psalmist. See also 2 Cor. 4:3,4. David said, "The law of the Lord is perfect, converting the soul; the testimony is sure making wise the simple. Psa. 19:7.

There are two things that it says then: "Perfect in converting the soul," and "is sure, making wise the simple." No wonder then the Apostle Paul said, "For I am not ashamed of the Gospel of Christ: for it is the power of God unto salvation to every one that believeth; to the Jew first, and also to the Greek. (Rom. 1:16).

And again, what is the purpose of the Bible? It is to show us the way of salvation. It is to show us the way to heaven. (Jno. 14:6). The Holy Scriptures will thoroughly furnish the man of God unto all good works." (2 Tim. 3:11,17). We shall be judged by them in that great and final day. (Jno. 12:48; Rev. 20:12-15).

My friends, you have a cordial invitation to attend the services of the Church of Christ where liberal portions of the Holy Scripture are read and taught at every service.

DRAFT CALLS 346 TEXANS FOR NOVEMBER

Austin, Tex.—The state quota for Texas draft boards in November calls for 346 men, Colonel Morris S. Schwartz, state Selective Service director said Friday.

The state's November call of 346 compares with a quota of 338 for October and 387 for September. The November call is the state's share of a national call for 7,000 men.

Colonel Schwartz said no men were scheduled to take pre-induction physical and mental examinations in November except possibly transfers from other states or "isolated special cases in Texas."

Local board quotas for the November induction are scheduled to be mailed by state Selective Service headquarters Friday.

The November quota will be filled with men who are at least 22 years old on November 1, with the exception of volunteers or delinquents, who may be younger.

Harry Carter, lay minister of St. Peter's Episcopal Church, was in Aransas Pass on Wednesday, and attended the meeting of the Aransas Pass Lions Club.
