## Rockport's History Continues To Attract Attention In Area

The history of Rockport, compiled by Mrs. W. W. Wood, and now running in The Pilot through courtesy of her son and the Rockport Chamber of Commerce, continues to attract area-wide attention. This week Mrs. May Lightburne, of 2114 E. Lawndale Drive, San Antonio, writes as follows: "I wish also to have all back numbers in which the articles written by Mrs. Will W. Wood is printed, and if you can also secure for me a map of the city with the names of the streets plain enough to read, I would like to have it." (We suggest that Mrs. Lightburne contact County Surveyor James A. Jarboe, at the courthouse for this). "The San Antonio Genealogical and Historical Society would like to run all of Mrs. Wood's articles in their quarterly, beginning with the January number." We are glad that others are finding the Wood's story as interesting as we did.

## Air Force Cautions About Plane Wrecks

Individuals arriving at the scene of a military aircraft accident are cautioned by the U. S. Air Force not to remove or relocate any part of the wreckage unless this action helps save a life. The Air Force said there have been instances in the past where parts of wreckage vital to accident investigation were removed. This prevented adequate investigation to determine cause of the accident and prevent additional ones in the future. It is possible that success or failure of an entire weapon system could be at stake due to such carelessness by persons at the scene of the accident. The Air Force has been able to constantly reduce its major aircraft accident rate through expert investigation officers who arrive at the scene of accidents as rapidly as possible. Their on-the-scene investigation and subsequent work by appointed investigation boards are essential to good accident prevention. The remaining parts and pieces in a major accident hold the key to their success. The Air Force said it feels sure the public will cooperate once it understands the facts and the serious consequences of removing parts for souvenirs or for other reasons.

## Jurors Ask For Police To Curb Teenage Drinking

The Aransas County Grand Jury rendered a special report to Judge John Miller in the 36th District Court Thursday morning, deploring the rise in drinking among teenagers of the county who may not legally buy alcoholic beverages, and recommending that various governmental jurisdictions in Aransas County intelligently reconsider their respective positions of responsibility in the exercise of their police powers in order that an adequate number of law officers may be maintained to cope with this and other crimes in the county.

The full text of the report follows: The Grand Jurors of Aransas County, State aforesaid, duly selected, organized, sworn and impaneled as such for the September Term, A. D. 1959, of the District Court of Aransas County, Texas, report in and to such Court as said Term, that the Grand Jury has investigated certain matters and conditions existing in Aransas County, Texas, and, as a result of such investigation makes its recommendations as follows, to-wit:

First, there is an alarming increase in the purchase and consumption of alcoholic beverage by young people of Aransas County who may not legally buy or use such beverage. In numerous instances other crime has directly resulted from such unlawful consumption. It is apparent that our youth are, in some instances, acquiring intoxicants directly from the retail permittee. It is also certain, in other instances, that the intoxicants have been acquired first by adults and delivered to minors for their consumption. This Grand Jury is deeply concerned with this condition and the causal factors which have produced it. These violations of our Penal Laws, by both adults and juveniles, demand the urgent attention of all the citizens of Aransas County. It is apparent that this condition is caused by many factors. It is the opinion of the Grand Jury that the more significant causes are the absence of proper parental supervision and, particularly, parental indifference; the failure to comply with the law on the part of retail permittees; the inadequate number of law enforcement officers maintained by the various governmental jurisdictions in Aransas County.

It is, therefore, the recommendation of the Grand Jury that all of the citizens of Aransas County concern themselves with this existing condition to the end that such sales and consumption may be materially reduced. Further, that those who are parents of children reconsider their parental responsibility and more intelligently supervise the activities of their children. In addition, all alcoholic beverages retail permittees should make every effort to comply with the law regulating the sale thereof and more closely cooperate with police officials. Finally, it is the recommendation of the Grand Jury that the various governmental jurisdictions in Aransas County intelligently reconsider their respective positions of responsibility in the exercise of their police powers in order that an adequate number of law enforcement officers may be maintained to cope with this end the other crime in our county.

Respectfully submitted. Matt Scott was foreman of the Grand Jury, which was composed of Scott, John Cox, Charles Garrett, Homer Faber, Chester Johnson, T. R. Wendell, Joe Valdez, Leonard LeBlanc, Leroy Young, R. L. Lassiter, Charles Roe, Jr., and Kaspar Kutach.

**THE FORM'S THE THING**—If you wish to know the correct way to club a man, study this picture. Note the policeman's excellent form as his subject sags in Bogota, Columbia. Occasion for the demonstration of skill was a riot started when supporters of one presidential candidate started slugging it out with an opposition group.

At the monthly "Commander's Call" held last Friday, Sept. 4, Major Richard N. Flaas, Commander of the 813th AC&W Squadron announced that the Airman of the Month for August was A/IC Kenneth L. Marker, a cook who is assigned to the Food Service section.

His selection as Airman of the Month was primarily based on his initiative and quality of work in the station dining hall. Airman Marker is also active in the off-duty education program.

Major Flaas presented the Airman of the Month a letter of appreciation, a three day pass and a ten dollar check. Mr. Ray Longino of Ray's Texaco donated to the Airman of the Month, ten gallons of gas.

## MRS. WHITE GIVES BOOK REVIEW FOR WOMAN'S CLUB MEETING

The regular meeting of the Woman's Club, held on Tuesday afternoon of this week, featured as its program a book review, given by Mrs. E. T. White, on "Maggie Now" by Becky Smith, author of "A Tree Grows in Brooklyn".

"Maggie Now" is a story of an Irish immigrant and his struggle to find his place in a newly found home in America during the early 20th Century. This novel has sold over 4 million copies and has been translated into 16 languages.

Mrs. Jack Hagr and Mrs. Russell Eldridge presided at the tea table during the social hour which followed the meeting. The table was beautifully decorated with a bouquet of red roses.

W. A. Robbins, who has been in a Corpus Christi hospital, is home again, and can receive visitors.

## Fulton Fire Department Needs Help

The Fulton Fire Department needs money, \$325 to be exact, to help pay for their respirator. Unable to get one donated, a number of the firemen dug down in their pockets for the initial payment on this badly-needed piece of equipment, but they didn't have enough money to pay for all of it. Now they have two months to raise the rest of the money, and say that all donations will be very thankfully received.

Fulton Fire Department, like that at Rockport, not only fight fire, they also rescue people in trouble on the bay, and give first aid in drowning cases. They deserve all the support they can obtain from the community and we hope that enough people see this to help pay for the respirator.

## Well In Aransas Has 10.4 Million

Hunt Oil Co. No. 6 State Tract 72, Aransas County recompletion in Fulton Beach Field in Copano Bay, has been completed for a daily open flow of 10.4 million cubic feet of gas plus one barrel of 59 gravity distillate to 115,000 cubic feet of gas.

Flow was through perforations from 6,974-78 feet in 7-inch casing at 7,188 feet, with total depth 7,202 feet. Flowing tubing pressure on adjustable choke was 2,186 pounds and shut-in pressure was 2,404 pounds.

The Atlantic Refining Co. No. 1 Federal Block 725, tidelands wildcat 22 miles east-southeast of Aransas Pass in the Gulf of Mexico, has been plugged and abandoned at 500 feet where 16-inch conductor pipe had earlier been run. The barge could not stay on location and the project was abandoned.

## LIEUTENANT GIONIS SAYS HE HAS FILMS AND SLIDES

Here's a tip for civic clubs and other organizations looking for a speaker. Lieutenant K. J. Gionis, of the 813th AC&W Squadron at the Aransas County Airport, Rockport, says that he always tries to keep something like a movie or slides on hand to be able to accede to such requests. And he has speakers, too, on a variety of subjects having to do with the air force and national defense. His phone number, in case you're wondering, is SO 4-2356.

Mrs. Rae Glass Smith had as her guests for the Labor Day weekend Mr. and Mrs. Erwin Nevel of Houston.

## Band Boosters To Sell Birthday Calendars Again

The Aransas County Band Boosters Club will once more sell community birthday calendars to obtain funds to help the band, which needs a number of things not provided in the school budget.

According to Mrs. J. D. Gray, one of the Band Boosters' members, this will be the most informative and interesting calendars you have ever seen in your life.

Topped with a good picture of the Aransas County High School Band, everyone in Rockport and the surrounding territory may have their names printed on the calendar, on the date on which their birthday falls.

And everyone in the community will know when your birthday comes. (But it doesn't tell how old you are.) And you will know when everyone else in the community has a birthday, along with the anniversary date of married couples.

The meeting dates of local clubs and organizations will be listed, along with school and church affairs, programs and Community social events, all on the dates when they occur, so that the calendar will serve as a ready reminder to everyone that has a copy of what is going on in Aransas County.

The Aransas Co. Band Boosters is going to ask everyone to pay 25 cents to have their names listed on this calendar, and each family may buy a calendar for only 50 cents. Business firms may also buy extra calendars to distribute to friends and customers.

Proceeds from sale of the calendars will be used for the Pirate band.

The Band Boosters hope that everyone in the community will aid them to make the project an outstanding success by contacting Mrs. Eugene Everett at SO 4-6473, having their names on the calendar.

## Import Effect On Shrimp Price Cited

A 25 per cent increase in shrimp imports since 1955 has reduced the price of shrimp below production price of the American shrimp industry, Rep. John Young said this week in a report from Washington.

Young said foreign shrimping companies have boosted their imports from 27 per cent of the total U. S. supply in 1955 to an estimated 52 per cent in 1959.

Sydney Herndon, president of Herndon Marine Products with locations in Corpus Christi and Aransas Pass, said the import increase from 52 foreign countries has topped the price of shrimp in the Gulf Coast area from 15-20 cents a pound in the past year. "The foreign countries are simply catching more shrimp than ever before and finding a more lucrative market in our country," Herndon said.

"The Gulf Coast foreign import total has increased from around 66 to 85 million pounds," he said. "Fortunately, we're having an abundant year ourselves in the Gulf waters and it's offsetting the import increase," Herndon said.

## UNITED FUND MEETS TUESDAY NIGHT

The Aransas County United Fund, at its regular meeting Tuesday night was told by Secretary Mrs. Seth H. Steele that only about half of its \$12,000 budget had been collected, with the drive in its third week.

Campaign Fund Chairman Geo. Dickey appealed to all those who have envelopes and who have not yet contacted the people on their lists to do so at once, in order to complete the drive.

Dickey said that there are a number of solicitors that either have not called on everyone on their list, or that have not turned in the money that they have collected, and he hopes that this phase of the drive can be completed as soon as possible.

## FULTON PTA MEETS

The Fulton PTA met Wednesday with Mrs. Bob Davenport presiding. J. D. Gray, school superintendent was the speaker.

The budget was presented for the 1959-60 term. The first grade won the prize for the room. Mrs. Carl Snyder is the teacher.

Mrs. Francis Rouquette served punch and cookies during the social hour.

## Student Numbers Still Increasing

School Population Shows Definite Upward Trend Since 1956, School Superintendent Says, Although 1959 Not As Big As 1958

In the report made by school tax assessor-collector to the Aransas County School Board at their regular meeting Tuesday night, she listed \$1637.67 in delinquent taxes collected, along with \$298.57 in penalties and interest. Of this \$290.43 was paid to the school's tax attorney, \$1297.84 was deposited in the school's local maintenance fund, and the balance of \$347.97 went to the school's interest and sinking fund account.

School Superintendent J. D. Gray informed the board that fencing of both tennis courts and the baseball diamond had recently been completed at a cost of

## Art School Opens For Fall Classes

Fall schedules for the classes taught by Simon G. Michael of the Rockport School of Fine Arts have been released this week.

On Monday morning, an adult class will be taught and in the afternoon there will be a children's class. Tuesday morning a class for adults at Freeport and Lake Jackson will be held. Tuesday afternoon there is a children's class at Lake Jackson. Tuesday night an adult class is scheduled for Alvin.

Wednesday afternoon there will be a class for children at Bay City; Thursday morning a class of Bay City adults will be taught. Thursday night, Michael teaches an adult class at the Victoria Art Guild, going from there to Beeville, to teach an adult class Friday morning.

Saturday morning he is in Victoria again, teaching an adult class; Saturday afternoon he has a children's class in the same city; and Sunday afternoon there is an adult class in Corpus Christi.

This year's summer school sessions were among the most successful in the school's 9-year history, with students from all over Texas and a number of other states attending.

Michael expects that the winter classes will be heavy, as many registrations have been made from one end of his schedule to the other.

Mrs. A. L. Holland asks that local students get their registrations in as soon as possible, if they have not already done so.

## Grand Jury Hands Down Indictments

The Aransas County Grand Jury returned three indictments Wednesday, two for second offense DWI—Santos Morales Elisondo and W. C. Steward, and one for felony theft on Dale Edward Wilborn.

In 36th District Court, Judge John Miller heard several cases. In Margaret M. Smith vs. William H. Smith, the divorce was granted. He also handed down a judgment in favor of the Aransas County Independent School District against Anna Warren et al in a suit for back taxes.

## SINGING CONVENTION SCHEDULED SUNDAY

The Aransas County Singing Convention will meet Sunday, September 13, from 2:30 to 4:30 p.m. at the Fulton Baptist Church. All persons interested in hearing and taking part in old time gospel singing are urged to attend.

## COUNTRY CLUB SWIMMING POOL CLOSSES SUNDAY

Directors of Live Oak Country Club have announced that the swimming pool at the club will be closed for the season after next Sunday, Sept. 13.

## MRS. H. H. DICK HOSTESS TO CLUB

Mrs. H. H. Dick was hostess to her bridge club on Wednesday afternoon at her home in Fulton.

Mrs. Orvil W. Laynes won high score; Mrs. E. W. Means was low. Members and guests present were: Mrs. Arthur Brazier, Mrs. Charles Cleveland, Mrs. Orvil W. Haynes, Mrs. F. L. McCord, Mrs. Harry McDov, Mrs. E. W. Means, Mrs. J. H. Mills, Sr., Mrs. C. F. Rozzell, Mrs. J. D. Gray, Mrs. H. D. Smith, Miss Winona McCord and Mrs. C. L. Utz.

\$3374.77, and that an investigation of the cost of bleachers for the ball field had been made. One company, Gray said, had given a price of approximately \$4500 for steel bleachers holding 1020 people.

The board took no action on the bleachers. However, Dr. H. F. Elliot appointed a committee of Charles A. Roe, Jr., Monte Rouquette, and Harry Wilson to proceed with leveling of the infield.

The board then discussed various requests that the buses turn aside from their regular routes to pick up children. Gray pointed out that such requests must come from people living more than ¼ of a mile from established bus routes before they can be considered eligible for reimbursable mileage, as the state regulation, made by the Texas Education Agency. The Board therefore made no change in its policy.

The Board authorized Superintendent Gray to obtain bids for demolishing the old Rockport Elementary School gym, in preparation for erecting a new cafeteria on the same slab at a later date.

The annual audit is scheduled to begin on September 21, the superintendent said, and should be ready for Board study at its meeting in October. He also exhibited copies of the new student handbook recently printed, and discussed minor changes that had been made in its contents.

There are 151 children taking band this year, Gray stated, of which 47 are in high school and 104 are beginners at Rockport, Fulton and the junior high school, and he pointed out that the Pirate band is made up largely of 7th 8th and 9th graders, with a few high school students. While he felt that the band was unseasoned, he said that the program now in effect should produce an excellent band within the next two years, as the younger students began to acquire experience.

Enrollment at the end of the first week of school totaled 1093, Gray said, and gave the following breakdown:

Rockport: First grade, 101; second, 90; third, 90; fourth, 62; fifth, 86; sixth, 73; and 7 in special education.

Fulton: first, 22; second, 27; third, 24; fourth, 25; fifth, 22; sixth, 30.

Junior high school: Seventh, 124; eighth, 89.

Senior high: Ninth, 63; tenth, 61; eleventh, 51; and twelfth, 41.

Enrollment last year at this time, Gray said, was 511 at Rockport, 128 at Fulton, 189 in Junior High School; and 207 in senior high school, so present figures represent an increase of 58. At this time last year, the increase over the preceding year was 125. Total enrollment for the past five years, with the percentage of increase or decrease is as follows: 1955, 875, 1.4% decrease; 1957, 910, 9.9% increase; 1958, 1035, 14% increase; 1959, 1093, 5.5% increase.

There has been a definite upward trend since 1956, Gray stated, and pointed out that quite a number of new students are still not included in the figure for 1959, due to the fact they will not be allowed to attend class until they have their immunization record against disease cleared up. Nevertheless, he said, it was not anticipated that this enrollment increase would be as great as last year.

## BOAT ACCIDENT INJURES ONE

Robert William Dexter was severely injured Sunday when he was thrown onto the fly wheel of an outboard by the wash from two boats that criss crossed, tumbling him and two others overboard.

The engine of the boat in which Dexter was riding had been giving trouble, and they had the engine chock off, working on it. He was thrown across the wheel on his back, cutting him very badly.

**TELEPHONE TALK**

by Bob Freeman, Manager

Now the summer vacations are over schools, churches and clubs will be looking for programs to be presented at their meetings. The Telephone Company can help provide these needed programs.

A wide variety of talks and films on subjects of community interest are available to your group. For example, there are qualified women speakers to give programs on proper telephone usage or we can furnish a film that explores the mysteries of the sun and its relationship to life on earth.

If you prefer, guided tours through the telephone office can be arranged. Instead of bringing the program to you, we invite your group to the telephone building to see the complex equipment required to provide telephone service.

For more information about these programs, you may call Mrs. McDonald at the Telephone Company business office. The number is SO 4-2269.

**Pick the Room — Then Pick the Color**

The other day, I was reading over a study made by the telephone company which showed that the kitchen and bedroom were the most popular locations for extension telephones.

It doesn't surprise me because a good number of our customers here in Rockport have ordered telephones for those particular rooms in their homes.

But perhaps you'd like additional phones in other rooms—the workshop, maybe, or the family room. All you have to do is pick the room where you want an extension, and then call the business office at SO 4-2269.

We'll be happy to help you select the color that fits the room. And you'll be happy, too, because a color extension brightens your home and helps you get more out of life.

**The Old "College Try"**

In the coming months, Saturday afternoons on college campuses will mean lively football games with teams giving it the old "college try."

But Sunday afternoon—minus the excitement of the winning touchdown—can be lonely for sons or daughters away at college.

There's an easy remedy for this, however. Just call them to make the old "college try" at remembering to call you collect every other Sunday.

Who knows? They may surprise you some Sunday by paying for the call themselves with the dollar or two they've saved from allowance or an extra job they've picked up at college.

Call by number. It's twice as fast.

# Palacios Sharks Chew Up Pirates In First Game

In a better game than the score would indicate, the Aransas County High School Pirates lost the first game of the 1959 season to the Palacios Sharks, a 26AA team, by the lopsided score of 22-0.

Nevertheless, the local boys showed signs of polish that will probably pay off later in the season, after they have a few more games under their belts. But the game was hard to follow, as officials gave few signals for the benefit of the stands.

Sartain kicked off for the Sharks and Happner took it on the Pirate 16 yard line, running it back to the 22. Happner failed to gain and on the second down, Mike Johnson fumbled, only to have it recovered by Happner. A jump pass to Rouquette was smeared by the Sharks' Hogg, and then Carl Snyder kicked almost straight up and it was recovered on the Pirate 20 by Williams for the Sharks.

Penland made 1, Bobby Fowler made three, then 5 and Penland sewed it up with another yard and a first down, to the Pirate 10 yard line. From there Berney Kesler, Shark quarter, tossed one to Larry Taylor in the end zone, for the first touchdown. A minute later he did it again for the extra two points.

Sartain kicked off the David Pena on the Pirate 10, and Pena scampered back to the 17 yard line before he was smeared by Kubeka and Hogg. Happner made three, then was clobbered for a six yard loss. Snyder punted to Kesler on the Pirate 37, and the Shark quarter dropped the ball, but Penland recovered. Bobby Fowler lost yardage on the first down, but then Kesler uncorked a 22 yard pass to him on the second try and he galloped another ten yards to go over standing up. Kesler handed off to Fowler on the try for conversion and he made it, making the score 16-0 before the first quarter was more than half played.

Sartain's kickoff went to Happner again on the Pirate 42 yard line and on the first down, Happner failed to gain. A pitchout to Pena lost three yards, and a pass to Hayes Warden was incomplete. Snyder booted the ball and the Sharks fumbled it on their 38 with ACHS recovering.

Happner made 4, a handoff to Pena netted three, and Johnson made it to the Palacios 35 on the next play. Pena, on a handoff, made a yard, Warden made 2 yards on a bootleg play, and then Hayes Warden flipped one to Happner for four yards. A pass to Pena was incomplete, but as the Sharks were offside, ACHS took the penalty and wound up on the Palacios fifteen yard line.

Happner made five, but the play was called back and ACHS penalized 15 yards for holding. On the

second down Happner went nowhere; Warden to Rouquette was incomplete; and a pass from Mike Johnson to Happner picked up five yards.

The Sharks took over on downs on their own 15, and Kesler to Cook was incomplete; Kesler to Penland was incomplete; and then a third Kesler pass was intercepted by McCabe for ACHS, on the Shark 32. A five penalty was called against the Sharks for delay of the game and Happner and Pena, in two carries, made yardage needed for a first down on the Palacios 21.

Pena made 2; Pena over right guard netted four; Barnard made 2; and Johnson made 3 more to the Palacios 9. Pena went through for three; Barnard picked up three more, and then two passes, to Gains Gardner and Monte Rouquette were incomplete, allowing the Sharks to take over on their own 2 1/2 yard line.

Paul Treybig plowed through the line for six yards; Crawford on a spinner made three yards, and Kesler added three more on a keeper. From the Palacios 15, Crawford went through the middle on the first down of a new series for a couple; Kenneth Cooks run was called back on account of an offside, and Penland, on a handoff, tallied 5. From there a quick kick put the ball on the Pirate 41, in possession of the Pirates.

Pena loped around left end for five and a handoff to Happner netted 6 more, winding up on the Shark 48, but on the next play Happner lost 6 yards. A pass by Johnson to Rouquette was called back and five yards stepped off against the Sharks. Happner made 3, a pass to Rouquette was broken up, and then Snyder booted the ball to the Shark 17.

On the first play Treybig made 6 yards through the Pirate line; Penland picked up a couple, then Penland, on a pitchout from Kesler, made four despite a fumble. Treybig made 2 to the 30 yard line, and then the whistle blew for the half.

After the half, Sartain kicked off, and Pena took it on the Pirate 21, running it back to the Pirate 27. On the next play he made two yards, and the Sharks declined a penalty against ACHS for illegal motion. On the next play, however, the Pirates lost five, and following that, Johnson to Rouquette was incomplete. However, the Pirates wound up on the Pirate 43 on the next play, because of a penalty for pass interference called against Palacios.

From here Pena made three; but on a pass from Warden to Snyder ACHS was penalized fifteen yards because of an illegal receiver down field. After several abortive attempts to gain, Snyder's punt wound up on the Pirate 41, where Kesler made a fair catch.

Penland failed to gain and a 15-yard penalty was called against the Sharks on the next play. A pass from Kesler to Penland made 10, and then they did it again, only this time Penland galloped

43 yards, and wound up on the Pirate 6. Penland made 5 yards and then Fowler fumbled on the Pirate one-yard line and ACHS took over.

Barnard failed to gain; a five yard penalty against the Sharks for offside gave the Pirates a little running room, and Penland made a yard, followed by a 6 1/2 yard run by Happner. From the Pirate 14, Hayes Warden made 4; Happner went over left guard for 3; Pena around left end lost a yard; then Carl Snyder kicked to the Shark 35. The punt was fumbled but was recovered by Hogg. However, Fowler fumbled on the first down, and it was recovered by ACHS of the Shark 39.

A pass from Warden to Pena netted 2; Warden to Rouquette was incomplete; Warden to Rouquette again was good for 6, and on the old Statue of Liberty play, first thought up by Adama, after he had raised enough sons to play football, Happner made 8 yards around end, to the Shark 23. Pena lost two; Happner to Rouquette netted five, and Warden to Happner was incomplete to end the third quarter.

The Sharks held on the fourth down to gain possession of the ball on their own twenty, as the first play of the fourth quarter. Penland lost two; Kesler to Cook was incomplete; a handoff to Penland netted three; and then Kesler punted to his on 39.

The ball rolled and was fumbled by Happner back to the fifty, but was called back again because the Sharks had been offside, and on this try Kesler booted it to the Pirate 40, where Happner took it and reran it back for ten yards.

From the Pirate 40 on the first play, Happner made 4; Warden, on a keeper, picked up two more; Warden to Happner to Rouquette, netted a couple, and then Snyder kicked to the Shark 20. However, this was called back, and his second kick was blocked and recovered by the Sharks on the Pirate 45.

A pitchback from Kesler to Penland netted 13 yards for the Sharks, putting the ball on the Pirate 32. Treybig failed to gain, and then Kesler passed one 22 yards to Norris Crawford who went the other ten yards needed for a touchdown. The try at conversion failed.

Sartain's kickoff was short, and Monte Rouquette and McCabe fell on the ball on the Pirate 43 yard line. On a pass, Pena to Snyder, interference was called, and a penalty moved the ball to the Shark 42. Hayes Warden's pass was blocked by Larry Taylor; Warden to Pena was clobbered by Fowler; Warden to Snyder was incomplete; and Snyder tried the Statue of Liberty again and was smeared on the Pirate 46.

The Sharks took over and on Sartain's keeper were called back 15 yards for holding. Sartain was smeared on the next play for another 7 yard loss; Sartain to Cook was incomplete; and then Kesler kicked over the Pirate goal line.

From the Pirate 20, Happner made 5. On the next play, ACHS fumbled and John Pierce recovered. Sartain to Treybig lost 5; Sartain's pass was incomplete and Palacios penalized fifteen yards. The Pirates finally took over on downs on their own 39, and the next play ended the game.

James H. Sorenson, Jr., of the First National Bank, his mother, Mrs. James H. Sorenson, Sr., and his aunt and uncle, Mr. and Mrs. Bob Sorenson, left this week for a two week's vacation, during which time they will visit Yellowstone and other western points.

He is a director in the Victoria Chamber of Commerce and chairman of the Victoria County TB Christmas Seal campaign. In the past he has served as president of the United Fund and in various positions of leadership in the American Red Cross and the Boy Scouts of America as well as in other groups devoted to community service.

Moore was elected as a district governor of Rotary International for the 1959-60 fiscal year at Rotary's 50th annual convention in New York in June. He is one of 261 district governors supervising the activities of more than 10,200 Rotary clubs which have a membership of nearly 500,000 business and professional executives in 113 countries throughout the world.

Wherever Rotary clubs are located, President Bracht asserted in discussing the governor's visit, their activities are similar to those of the Rotary Club at Rockport because they are based on the same general objectives—developing a better understanding and fellowship among business and professional men, promoting community betterment undertakings, raising the standards of businesses and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Mrs. Mary Juergens, manager of the Chamber of Commerce, and Mrs. J. L. Baughman were in Houston over the weekend, where Mrs. Juergens visited her daughter and her family, while Mrs. Baughman visited her mother, a sister and brother.

**NEW LICENSES REQUIRED TO HUNT AND FISH**

AUSTIN—"Don't ruin your hunt by overlooking the game laws," warned the Director of Law Enforcement, Texas Game and Fish Commission. "Before taking your gun from the rack, be sure you know all laws concerning game in your particular area."

"Old hunting licenses expired on August 31. Be sure to have your new licenses on you when you go out to hunt. Check your gun for a plug. Only three shells, including one in the chamber are allowed in it by the law."

"Don't hunt on a piece of property unless you have permission from the owner or person in charge of it. Don't fire near a home or in a direction that might endanger some person, house, or even livestock."

"Hunting from a public road is prohibited by law and it's illegal to shoot from a moving vehicle. These are laws that have been in existence for quite a long time," said the director.

He then reminded hunters that many of the birds taken during the hunting season will have tags on their legs. "These tags should be returned to the Game and Fish Commission with information telling when and where the bird was killed."

He then warned hunters not to forget the changes in the waterfowl regulations. "If they can't be found in print," he said, "check with the warden in your area; he'll be more than happy to help you."

## A HISTORY

of  
**Rockport, Fulton,  
St. Mary's, Lamar  
and El Copano**  
By  
Mrs. Will W. Wood

On the islands—St. Joseph, Matagorda and Mustang—a population begun to spring up immediately the war had ended. The nucleus of this population was seafaring men—some of whom were reputed to have been with Lafitte—others had served with the Texan Navy or on Privateers. One of the earliest inhabitants of St. Joseph's Island was Cap't James B. Wells, who has served in the Texan Navy and had been for a time in charge of the navy yards on Galveston Island.

Many of the post-revolutionary settlers along the Refugio coast were ex-soldiers, principally among whom were former members of Morehouse's Battalion, Cap't Louis P. Cook's company of that battalion.

Towards the close of 1836 or in the early part of 1837, Colonel established a large mercantile business near his home at Live Oak Point. As the old landing of El Copano had been included in his land grant, he used the old Mexican custom house (thereafter known as Copano house) as an auxiliary warehouse. Power did a large importing and forwarding business, handling large quantities of tobacco and manufactured goods, brought by sea to Live Oak Point, and El Campo. Between El Copano, Bexar and Goliad, he operated ox carts, hauling supplies from the coast to those inland points. Associated with him in the mercantile business was Walter Lambert, his protegee.

Power, seeing the need of a western port to serve Bexar and Goliad, in 1847 projected the town of Aransas City, on Live Oak Point. The townsite, which covered considerable area, was surveyed and platted, but unfortunately no

copy of the plat can now be found. The site of this town is said to have been the old Spanish Landing and Garrison point, known as Aranzaso. The Townsite was laid off in lots, blocks and streets. One of the streets was named Washington, another Market. Power, who was always a religious man and generous with the church, donated 100 acres of bay front land to the Catholic Church for a church, school and religious purposes. However, no buildings appear to have been erected on it. (Continued next week)

A. L. (Leon) Thornton, well-known here as the son of C. K. Thornton, is with the Marine Corps, and has been scheduled to leave for Okinawa about the 15th of September.
