

THE JAYTON CHRONICLE

VOLUME XV JAYTON, KENT COUNTY, TEXAS, FRIDAY, JANUARY 4, 1935 NUMBER 1

Address Of The United States House Of Representatives, Washington

December 27, 1934
Jayton Chronicle
Jayton, Texas

Mr. Wade:
I am inclosing a check for \$1.50. I apply this on a subscription for your paper. When I need to pay again just send me a bill. You address the paper to the House Building, Washington.
I have no particular news. I have been in Washington a week, and very busy trying to get ready for the session of Congress which opens January 3. I have called in many of the officials and departments of our government in order to get better acquainted before the session.
I hope that you will experience good year with your paper, and Providence will be generous with people of the 19th District and us less drouth and more spiritual material prosperity in 1935.
Sincerely yours
George Mahon

The People Of Kent County

Dear Friends:- I am taking over the office of Sheriff of Kent County. I have a sincere desire to make you a sheriff. I have selected assistants with great care and believe I will help me, men who are just anxious to make good as I am. I realize that much depends upon your cooperation and I am asking for your cooperation. If you will with me and by me, law and order will prevail. If not then all will have a hard time.

Uncle Peavine Off To School

Quite a number of folks have asked about, and several have written in, wanting to know, "What has become of Uncle Peavine?" Well the poor sap decided that he was short on education and packed his grip and hopped it to Canyon, Texas, where he will attempt to work his way thru that institution of learning. When and if he succeeds, and we sincerely hope he will, perhaps he will return to the Chronicle and give us some interesting sidelights on "Soup Lining Thru College." If you would like to see him make a success out of his venture, send in a dollar for your renewal and we will forward same to him with the best of wishes. It takes some money to get an education the same as it does to buy bacon.

Med Wade is now chief Linotype operator at the Chronicle office. Med is working under a great handicap this week as the bene felon on his right thumb. The Doc calls it bone felon, Med calls it -----

Med also runs the machines at the Palace Theatre weekends. He makes a specialty of running machines of various kinds. He is also learning to pick the guitar. When not otherwise engaged he goes court-shiping. He is some busy human. That's Med.

Some day he hopes to have a column in the Chronicle. He hasn't decided what he will head it yet but just as soon as he does, he will let you know. It will be hot stuff, short and sweet, some laughs and some sigh some smiles and some cries. Watch for it.

WORKERS CONFERENCE OF THE STONEWALL ASSOCIATION

Theme: Pressing toward the mark Phil. 3: 14
10:00 - Song Service
10:15 - Devotional - Rev. Lee Dowdle

3:30 - Business and announcements
3:45 - Adjournment.

BETTER ENGLISH CLUB ORGANIZED

The sixth grade class, with the help of Miss Waddell, organized a Better English Club, January 1.
The class elected the following for the presiding officers:
President: Sam Matthews
Secretary and Treasurer: Naomi Stanley.
Reporter: Jim Claire Davis.
The pledge of the club is:
I promise, that I will try to use clear, correct English at all times. That I will pronounce my words distinctly, use a pleasant voice, and speak courteously.
The Sixth grade are going to try hard to keep this promise. We will meet every Friday evening. Everyone will try to improve his speech and hope we make a great success of this beginning.
Reporter.

Jayton's Basket Ball Girls went to Aspermont, Tuesday night and gave another demonstration to the Aspermonters on playing the game. These girls are really good and they hope before the season is over to meet some one that can give them some competition. The girls say they can play real ball when they have to.

Milton Ramsey and family, who were here for the Christmas holidays, have returned to Clayton, N. M. where he holds a position in the Clayton schools. Before leaving for home Milton ordered the Chronicle for another 12 months and it is our hope he will get more than a dollar's worth of satisfaction out of reading the news from home.

McKennis "Uncle Bud" us know him, made out when he removed his us last week. Uncle Bud dependable friends and us count on him calling us last week in Dec. with us. He also made the us last week. A. A. us, Texas.

Woman Sheriff Makes Liquor Raid In Co.

Wife of late sheriff states that she wishes to demonstrate that a woman can make an effective officer.

Wednesday night of the past week Mrs. W. B. (Bill) Arthur, wife of the late Sheriff of Dickens County, played the leading role in a sleuthing job which resulted in making an arrest on charges of dispensing intoxicating liquors in dry territory.

According to Mrs. Arthur, she and her party, which included two women besides herself and her brother, drove to a place where they had heard that liquor was being dispensed illegally. Before going to the place whisky was poured over parts of the car to give it an aroma of alcohol and upon arrival, Mrs. Arthur lighted a cigarette and puffed jauntily to give the impression that the party was out to celebrate the holidays and make merry.

So cleverly did they play the part of merry-makers, the woman sheriff states, that the man arrested suspected nothing and willingly delivered to them two plants of Ship Port liquor beautifully bound in holiday wrappings—and wished them a Merry Christmas.

Mrs. Arthur, who has been known as Dickens County's woman sheriff since the killing of her husband, the late Bill Arthur, stated that in making this expedition she felt that she was not only carrying out her oath of office but that women could make efficient peace officers as well as attend to the clerical duties of the sheriff's office. —Texas Spur

Million Cars Set As Goal For 1935 Says Henry Ford

The Ford Motor Company is out of

to set its production schedule for 1935 at 1,000,000 cars or better," said Henry Ford. "Our experience during the last six months and what we see in the future tells us a year of improved business is ahead." "Do you think 1935 will end the depression?" he was asked.

"Why the depression would be over for the whole country very soon if American industrialists would just forget these alphabet schemes and take hold of their industries and run them with good sound American business sense. They should take hold of their country, too, in the same way and run it with good, sound American common sense."

Ford managers, from all parts of the country, expressed the belief that business conditions generally had improved sufficiently to warrant preparations for a great sales year in 1935.

Four years have passed since the Ford Motor Company had a production year of more than 1,000,000 cars. In 1930, 1,485,500 cars were produced.

DO YOU KNOW THAT

The average barber makes about 250 strokes with his razor to shave the average face.

More than half a million saddle horses are maintained in this country for horseback riding, which is gaining in popularity.

In the 13 years since 1921 the decline in births in this country has been about 25 per cent with only 2,200,000 babies being born in 1934.

The 1930 census figures showed that rural women marry at an earlier age than city women.

Postmasters throughout the United States will cash the interest bearing coupons of Federal Farm Mortgage Corporation.

Ninety per cent of our female population marry at least once, 50 per cent of them at 22 and another 10 per cent at 25 years of age.

Federal Office of Education estimates the total number of school goers in the United States this year at 32,500,000.

Uncle Sam is now spending about three and a half million dollars a month on the Emergency Education Program.

Henry Ford once remarked, "All we are here for is to get experience." Well, we have had plenty of that and now if Henry Ford will tell us how to get the cash he can have our place in the old age pension line.

To The People Of Kent County

Having retired from the office of Sheriff on January 1st, I am anxious to express my deep and sincere appreciation of the splendid cooperation which has been accorded me through more than sixteen long years of service in that capacity, many of them years of great anxiety and hardship in the business world. I have earnestly given my best endeavor and you on your part have given a valued support, for which I thank you.

I am grateful, too, for the able and loyal assistance of my deputies who have aided in a record in which I have pardonable pride. During the last eight years our joint efforts have assisted in procuring conviction in all tried felony cases except in the single instance. It is only natural and human that I leave the office with regret in losing official contact with the many cherished friendships made during those sixteen years. But I am glad to see the office in the hands of a man as efficient as my successor, Mr. B. A. Cumbie.

R. L. Goodall

CHANGES IN TAX LAW ENFORCED

Austin, Jan. 2. —Sharp revisions in the state delinquent tax statutes were proposed today by the senate program committee as a means of increasing the state's revenue without additional levies.

Simplification of procedure in the sale of property for delinquent taxes was coupled with a proposal designed to provide taxpayers with an easier means of borrowing funds to meet assessments.

Senator Arthur Duggan of Littlefield, Tex., introduced the legislation.

Estimated ad valorem taxes due to the State totaled \$60,000,000 and to subdivisions, \$90,000,000. He said the plan could apply and benefit equally the subdivisions, also.

The committee proposed sale of property for taxes without court suits as now required. Sale would be permitted upon notice by publication and registered mail. Dispossessed owners would be allowed two years in which to redeem their property, during which time tax deeds would not become final.

A bill drafted by the committee would permit tax liens to follow loans made for payment of taxes, a change registered mail. Dispossessed owners would be allowed two years in which to redeem their property, during which time tax deeds would not become final.

The bill drafted by the committee would permit tax liens to follow loans made for payment of taxes, a change registered mail. Dispossessed owners would be allowed two years in which to redeem their property, during which time tax deeds would not become final.

A third phase of the program called for the appointment of delinquent tax collectors by the county commissioner's court. Their duties would be confined solely to delinquent tax collections for which they would be paid 10 per cent commission up to \$4,000,000 annually. The proposed bill would empower tax collectors to extend the 90 days of time for payment in certain instances and would authorize an additional 90 day extension by the commissioner's court in meritorious cases.

NEIGHBORHOOD CHIT-CHAT

Wingham Enterprise — The street which celebrated the opening of Grand Boulevard, which was built by government aid, last Saturday, was a gorgeous affair. There were over 100 floats. Over 85 people took part and there were more than 65 costumed dancers.

Corner News—Rod Sticklely, the man who grabbed the radiator cap of his car and hung on when it flew away, has recovered consciousness and is now mending rapidly.

Queen Valley Item—George Bassler, a little boy, beat the record Sunday by landing a 30-pound muskellunge. It tipped the scales at 10 pounds.

Epitaph—Mrs. June Ingraham was operated on several days ago at the county hospital for appendicitis and is reported "completely sound nicely."

As could hold the governors for more year, the state penitentiary could be empty.

New County Officials Sworn In Tuesday

Kent county has only two new county officials this year, J. B. Earnest going in as County Judge, in place of H. W. Davis, who retires after ten years of faithful service.

B. A. Cumbie goes in as Sheriff, Assessor and Collector, succeeding R. L. Goodall as Sheriff and Collector and himself as assessor.

Mr. Cumbie's office deputy is Elvin Peek of Girard, B. J. Smith will be his deputy in Jayton, and Floyd Blackwell will be his deputy at Girard.

13,103 Bales Short

On December 13, 1934 there had been ginned in Kent County 1259 bales of cotton as compared with 14,362 ginned up to the same date in 1933. Just 13,103 bales short. Figured at \$60 per bale would be a difference in dollars of \$788,180. Some difference. Its a wonder we are not all on the relief rolls.

U. S. WANTS 'OUT OF BUSINESS' JONES

Dallas, Jan. 2. —Jessie H. Jones, Chairman of the Reconstruction Finance Corporation, was on record Wednesday with the statement that the present National Administration wants to get the Government out of business "as quickly as possible."

Jones spoke here Tuesday at a luncheon in his honor. Later he took a train for Washington.

Jones urged that the celebration of the 1936 Texas centennial be on a scale befitting its importance. "I hope Texas will not be satisfied with anything small," he said.

She R. F. C. Chairman said 60 per cent of the loans made to F. F. C. had been repaid. "This justifies the belief that some additional tax

THE PARDON BOARD

Governor-elect Allred doesn't intend to let the pardons and paroles situation bother him as governor; he will follow the recommendations of the pardon board and not interfere in its work.

This is good news. The pardon board never has been permitted to function as the legislature intended; its rulings were often ignored as accepted.

The governor has enough work to do without concerning himself with the question of executive clemency. That should be the work of the pardon board.

Governor Allred, in particular, has a busy time ahead of him. It is fortunate that he is young, healthy and not afraid of hard work.

EX-GOVERNOR DIES IN RIVER

Little Rock, Ark., Jan. 2. —A man who lost his life here this afternoon when he fell over an embankment into the Arkansas river, was identified sometime later by the Coroner Dawson C. Aday as X. O. Pindall, former governor of Arkansas.

Dr. Aday said he had established identification through papers found on the body.

The body was recovered from the river after two woodcutters saw a man who was walking across the embankment, along a railroad track, stumble and fall over the edge. The man's head was crushed on stones jutting out from the bank and the body tumbled into the pool of boiling water at the foot created by a power company's drain pipe emptying into the river.

ANNOUNCING 5TH ANNUAL BOYS' INVITATION TOURNAMENT AT DICKENS

We are announcing the Boys Fifth Annual Invitation Tournament at the gymnasium at Dickens High School, to which forty teams have been invited. We are expecting a great time over there and know there will be many good games. The tournament will be Friday and Saturday, January 4-5.

We take this means of inviting all who can to come and be with us at that tournament. If you like good basketball games, come over and see several this week end, January 4th and 5th. —A Dickens Student, D. C. T.

Legion Pushes For Payment Of Bonus

Commander Belgrano Sees Congressional Approval As Certain

Washington, Jan. 1. — Unshakably President Roosevelt's stand against the bonus, veterans' organizations today aligned their forces for a finish struggle in the new congress.

The powerful political influence of the American legion was pitted against that of the White House today by the National Commander, Frank N. Belgrano, Jr., who said the legion would continue to press claims for payment.

Asserting President Roosevelt's letter opposing the bonus contained strong argument for immediate payment, Belgrano said he felt certain congress would approve the legion's bonus program. Mr. Roosevelt's letter was made public yesterday.

Belgrano's statement followed that of James E. Van Zandt, national commander of the veterans of Foreign Wars, who said the issue would be settled by congress.

Passage Conceded

Meanwhile, democratic congressional leaders conceded the cash bonus bill would pass both branches. In what form and whether over a presidential veto, they said remained in doubt.

Reiterating his wish for speedy action, Representative Joseph W. Byrns of Tennessee, who will be speaker, today said:

"Everybody knows the bill will pass the house, because there is no opposition to it. Whether it will pass over a veto, I don't know."

Byrns said, however, that if the bonus "passed," the administration would expect that some additional tax

SAD NEWS RECEIVED BY MRS. ELDON WADE

Mrs. Eldon Wade received the heartbreaking news of the death of her father this week, the same occurring the morning of December 31st, at his home in Little Rock Ark.

Mr. Knight had been in poor health for some time but his death from heart trouble was sudden and unexpected. Mrs. Wade has the sympathy of her many Jayton friends in the saddest week in her life.

NORRIS ACCEPTS CALL TO DETROIT

Detroit, Mich., Jan. 2. — The Rev. J. Frank Norris, pastor for 26 years of the Fort Worth, Texas, Baptist Church, conditionally accepted a call today to the Detroit Temple Baptist Church. He has been preaching in Detroit for a week. Dr. Norris said he would "reluctantly leave" a congregation of 10,000 at Fort Worth, but momentarily believed his post was in the north.

"We are to see with our own eyes electricity and power made so much cheaper that they will become a standard article of use in every home within the reach of an electric light line." —President Roosevelt

Evidently the President means "There is a bright night coming."

Kent count has the youngest county judge of any county in the state, J. B. Earnest. He has the well wishes of every citizen in the county for his success and J. B. will make good if an honest desire to do so counts for anything.

Mrs. L. C. Whitall sends us \$2.00 from San Francisco, Calif. ordering a supply of good reading for 1935, along with the old home town paper. We wish her and hers a New Year of happiness and Success.

"I am not worrying," says Hauptmann, as he went to trial for the murder of the Lindbergh baby.

No School news this week. We suppose nothing of interest has happened since the holidays.

The struggle of life is the order of the world, against which it is vain to repine.

The world will immortalize the dreamer who invents an airship that will lift us above our troubles.

The difference between a man's inner and outer life is precisely like the immaculate shirt that covers a filthy hide.

The low-thatched hut, if it brings you back your own, is better than a palace whose unbroken hush presses life's sad story upon you.

The mule does his share in the uplift of the race. In the same way there are pious frauds who go at it in the same way.

Take no chances on the future. Prepare yourself for something out of the ordinary.

The fact that your limitations are self-imposed carries with it the sense that you can break the bonds that bind you.

As we remember it, the ancient recipe for making rabbit pie began, "First catch your rabbit."

We despise, in the sense of inexpressible hatred, the one who repeats a scandal, be that scandal true or false.

Sanford Lee and son, Elvin are working every day on their big new tank, getting ready for the rains when they do come and they are coming, we know they are for it can't stay dry forever even in West Texas.

"All hail to the ordinary woman! May she flourish and live long! It is she who gives us our bright boys and girls. God bless them!" exclaims Mrs. Carey. All hail to the ordinary man, too, even though he be silent, and doesn't give compliments and caresses. He is often too much abused; perhaps he would like a few words of praise. He may be hard pushed, weary, and worn. He has got to go out and battle with the world to provide a home and ordinary comforts for this same ordinary woman. Yes, women are heroines, not all of them, but mothers especially. They have been lauded to the skies in song and story. Men are heroes, the sober reliable, truthful man, whose own fireside is the dearest spot on earth. Though he may sit in silence, and read his evening paper, she, the ordinary woman, should consider herself blest and glad to have him at her side, secure from the evils and temptations of the street.

Coleman County Chronicle: "It is true, there are still many honest men abroad in the land. Wednesday a man whose name and face had been entirely forgotten dropped into the Chronicle office and introduced himself, saying that he had come to pay a small bill some six years old. The bill had been long since forgotten and the account was hidden under a six year's accumulation of other forgotten papers. But the man had not forgotten, he came back and paid. Yes, there are honest men."

Look out man, you are getting your self in position for a good skinning.

One little thing I learned last year that I hope will serve an example for my own attitude in the future, is that really big and busy men always find time to do things for their friends, their towns and all worthy causes. Little men are nearly always too busy. —Odessa-News Times
Boy you said it. Little men can be kept busy peeling spuds, sorting out rotten onions and other little jobs. Honest to goodness busy men can always find the time for giving a helping hand to push or pull for the general good of their community. Lets not give so much time to sorting spuds and more time to growing big white potatoes.

SHOT OUR WAD

Dear Editor:- I see where on February the 1st us old folks are going to be put out in the cold again. Our rations at the relief office will be discontinued and its going to be up to our rich relations to feed and care for us, or we go uncared for. We are not considered as workables any longer, and if we are not able to work we are not deserving our feed unless we can manage for it ourselves. Like the ox cart we are out of date, like the old jolt wagon, the young rubber tired truck has driven us off the highway. We are in the same class with the Georgia Stock, the upity new two row cultivators have stacked us in the fence corner to rust out and pass away.

Its no difference if we have reared a big family of worthless boys and girls, some of whom have become congressmen, others Senators or Governors or relief directors. They whom we have reared in love and solitude for their welfare and happiness have now turned us down, saying in a manner, "You have lived long enough, we need the space you occupy."

Make room for these young, healthy bucks, we might need them some time for cannon fodder, we got to keep them fat and saucy, and we therefore must see 'hat they are well fed.

Of course we could line you up as we have done the old cows, and goats and shoot you, but that would be cruelly to dumb brutes and we are anything but cruel. But get the heck off the relief rolls, these young 190 pounders need the grub, they are unable to hustle for themselves, and your passing out of the picture will take a burden off our backs and assist us in balancing the budget.

AND THIS IS AMERICA
Now you young smart alexs, if you think us old folks can't manage for ourselves and wont stay on the earth until our allotted time has been lived out, you have another thought coming. We know all about hard times we still know how to snare a rabbit and cook corn pone. We have forgotten more than lots of you young bucks will ever know or learn and still have left a store of knowledge backed by experience that when put to a test along side your code notions will make you look as simple as you really are, and thats some simple.

Starve us out will you? Say buddies just what are a lot of you going to do while we are starving? Say, 'd you know that we could live longer on soup made from cabbage leaves, bone steak and pie and cake; fruit salads and whipped cream? Starve us out will you? When you do your clothes rack of bones will be playing hide and seek with the stones in the grave yard. — Unafraid - Tho 70

Marvin Carlile, Roby Banker, was a visitor in our fair city this week.

RECOVERY FOR OUR SCHOOLS

Haskell F. Lee Press

It is indeed encouraging to note that plans are being formulated to rehabilitate our public schools, which have been neglected while efforts were being bent in other directions to win back prosperity. The public school system has taken a series of hard blows during the depression, and when things began to go from bad to worse, everywhere there was too much of a tendency to economize on our school system. Salaries of teachers were cut, in many instances below a living wage, and it has not been an uncommon occurrence for teachers to go for months without pay. Schools have been on part-time schedules, and curricula have been pared ruthlessly as part of the retrenchment policy, and in many instances some valuable courses of training have been dispensed with as "frills" which could be afforded no longer.

One of our greatest duties as prosperity returns is to put our public school system back on a sound, properly financed basis. Public education is the corner stone of our democracy, and we cannot safely allow it to deteriorate. The tax burden of maintaining the high standard of our public schools, we grant, has become intolerable for many school districts, but instead of lowering our standards we should seek a better way of financing our schools. Unquestionably the states and even the Federal government must assume a greater share of the financial responsibility of running our schools. Sentiment is growing in that direction, and the fact that educators from 35 states see the need of getting together and outlining some sort of program for putting our schools back on a sound basis encourages the hope that something is going to be done to preserve America's high standards of public education.

Hon. George Mahon, now in Washington, representing the new 19th Congressional District, will receive the Chronicle regularly from this date on. Congressmen keep in touch with the folks back home by reading the county papers. As a rule the county newspaper is a true reflection of conditions in the territory in which it is published and the Congressman that lives true to his people generally make good. George Mahon intends to make a worthy Congressman, and he certainly has the best wishes of all this country.

at 9 1-2 cents a gallon. Well we suppose folks will now have to go back to cow chips and tallow candles.

John Smith sends us a dollar from Lawton, Okla., and advises us his address is now 1112 I ave. Thanks John, and may the new year be good to you and yours.

... Eleven thousand pounds of sweet and bur clover seed were saved last summer and sowed last fall by farmers in Comal county. The late rains have brought the clovers up to a good stand, according to G. E. Ehlinger, farm demonstration agent.

... The Senior class of Jayton High School was entertained in the home of O. W. Coats Monday night. Games were played and enjoyed by all. Refreshments of hot chocolate and candied post toasties were served before the adjournment.

... Making a fence, putting out 195 shrubs, underpinning the porch, partly soiling the yard, building cobblestone walks, and moving 115 loads of dirt were some of the things Mrs. T. H. Kelly of the Baker Home Demonstration Club in Parker county did in the 1934 yard improvement.

... Ed Brown, one of the best farmers in the county as well as being one of our weekly readers, made provisions for his 1935 supply of newspapers last week. This year its the Semi-weekly Farm News, with the Chronicle. These reading farmers are the ones that get by.

... "Back in 1932 we grew seedless cotton," a negro farmer in Houston county told at a public meeting, meaning that it took about all the money the seed brought then to pay for the ginning. His cotton seed brought money this year.

... Ray Williams, Girard Ginner and farmer, and one of the most faithful readers is in good standing with us for another year. He started the new year off right, as we see it, and you know it's appreciated.

... Bruce Brown, late of Lubbock, Tex., writes us from Eugene, Oregon, asking us to change his Chronicle to his new address, which we are doing this week.

... The old stork visited Mr. and Mrs. Charlie Barbee on New Years day and presented them with a nine pound girl, Charlie Sue. Both mother and baby are doing fine.

... Granpa Winters was showing a fish head to his friend: that had a perfect set of teeth. It was quite a queer looking fish head as very few fresh water fish are so equipped. This one more than likely came out of the Gulf of Mexico.

NOTICE City Tax Payers

All parties paying their delinquent Taxes on or before Feb. 1st, 1935 will save all interest and penalties. After that date the penalties and interest will be added.

Now is your chance to save. Pay up before Feb. 1st. After Feb. 1st we will proceed to advertise and delinquent property and sell same for the taxes and costs. We are forced to do this to protect our bonded debt, otherwise the parties holding bonds will be forced to collect or suffer the consequences.

Mid-Winter Close-out

Featuring for the next week a Mid-Winter Closeout

dising in Jayton, we desire to express to our loyal customers, some of whom have bought the greater part of their supplies from us all these years, our most sincere thanks and most profound feelings of appreciation. To everyone that has ever, at any time, done business with us we want you to know we appreciate that business.

We call your attention to the fact that this is the only home owned, home managed and home directed business in the town. Furthermore what this business has made above a living for its employees has been reinvested right here in Jayton and Kent county. That is what it takes to keep the home fires burning. We are for Jayton and her surrounding trade territory first, last and all the time.

May we always prove as loyal to our home friends as they have proven themselves to be to us.

Goods Worth The Money

Right now in the very beginning of cold weather we are selling winter merchandise at below their actual value No matter what you want, if we have it, you can buy it worth the money. Not a few articles at special prices but every article in the store at special prices.

Grocery Specials

SCHOOL NEWS

We don't know what kind of alibi to use for not having the school news in the paper for the past week. Since this is mid-term week, we have become more industrious than usual. As a result we have the school news.

No foolin' this has been one week and most everyone has been busy. Since exams are over we are now wondering what the grades look like. Report cards will probably be given out next Monday so if you see a student wearing a broad grin or one about to cry you will know the results of their efforts of the week.

The teachers report that they are learning more every time they give an exam, about their individual students.

Miss Yarborough, who is the efficient English teacher, said that she did not know there were many different ways to spell until she graded Merle Rose's paper. Miss Huffhines, chemistry teacher, said she was the best teacher in school. (If you don't believe it, ask her) but since Richard, Herbert Loyal have started taking chemistry they have proved that Newton Charles were absolutely wrong in their laws and theories. Mr. L stated that he had learned to a circle was square, since last year Mr. Coons found out that the wife of George Washington was a relation to the wife of Herbert Loyal.

Basket ball season is well under way and we are having a number of games. Friday night and Saturday the boys are scheduled to go to a tournament at Peacock, and the schedule now stands Jayton vs Peacock for the first game. The Jayton girls will play an exhibition game with the Peacock girls Saturday night. Too, our county basketball team will probably start next week. If you want to see some good basketball just be present.

Mr. Jenkins—Avon your wife is terrible, you must learn to be a better man.

Avon—Well, if I did you would be finding fault with my wife.

Miss Patton entertained the boys Monday morning with a charade program.

We hate to see Dwight go, but we hope he likes his new school.

W. B. Hollabaugh is at home after working for two weeks in Dallas. He tells us that when the Ford Plant opened for business in Dallas last week there were literally a thousand men for every job.

THE JAYTON CHRONICLE

XV

JAYTON, KENT COUNTY, TEXAS, FRIDAY, JANUARY 4, 1935

NUMBER 1

Of The United House Of Representatives, Washington

December 27, 1934

Chronicle

Enclosing a check for \$1.50 for this on a subscription for the Chronicle. When I need to pay for the paper to the House of Representatives, Washington, D. C., please send me a bill. You will find no particular news in the Chronicle in Washington a week, and I am busy trying to get ready for the session of Congress which opens on January 3. I have called on many of the officials and desire to get acquainted before the session.

I hope that you will experience a year with your paper, and I am sure you will be generous with your support of the 19th District and the people of the State and more spiritual prosperity in 1935.

Sincerely yours
George Mahon

The People Of Kent County

My Friends:- I am taking over the office of Sheriff of Kent County with a sincere desire to make you a better sheriff. I have selected assistants with great care and believe I am helping you, men who are just what you need to make good as I am. I realize that much depends upon your cooperation. If you will cooperate with me and by me, law and order will prevail. If not then all will have a hard time. Kent county is not a lawless county.

Sincerely yours,
B. A. Cumble, Sheriff
Kent County.

ARTHUR DUGGAN.— This senatorial district has a representative at this time that all may well be proud of. He is continuing on the job. For several months as chairman for the investigating committee he has been busy working out a tax program for Texas that would not only give the State revenues needed but at the same time give some relief to the tax payers that were overburdened. Going direct to the people he has tried to give them and his committee the benefit of their ideas on this subject. Many from all over the state have come in, many others went in person to the committee and expressed their views on the subject. Out of all these ideas a tax bill will be presented to the coming legislature that is hoped will give better satisfaction than the many here-to-fore tried. In the mean time, the committee suggest that a new Constitution for Texas is needed, and as Senator Duggan remarks: "Our present Constitution was adopted in the days of the ox cart, and we need one now that will work favorably in this day of air ships and rushing automobiles." The people of this senatorial district are solidly behind Senator Duggan.

S. W. Ellerbe tells us that he is going to stay with the sand and his chickens this year. If it rains at all he will make something and if it doesn't rain he would not make anything farming anyway. And his chickens will lay just as well on a sand farm as on a tight land place. The chickens were life savers for him this past year and he feels sure they are a pretty safe bet for '35.

Mr. J. E. McKenzie "Uncle Bud" as most of us know him, made our hearts glad when he renewed his papers with us last week. Uncle Bud is one of our dependable friends and we can always count on him calling on us about the last week in Dec. with his check book. He also sends the Chronicle to his daughter, Mrs. A. E. Bandy, at Marshall, Texas.

Uncle Peavine Off To School

Quite a number of folks have asked about, and several have written in, wanting to know, "What has become of Uncle Peavine?" Well the poor sap decided that he was short on education and packed his grip and hot footed it to Canyon, Texas, where he will attempt to work his way thru that institution of learning. When and if he succeeds, and we sincerely hope he will, perhaps he will return to the Chronicle and give us some interesting sidelights on "Soup Lining Thru College." If you would like to see him make a success out of his venture, send in a dollar for your renewal and we will forward same to him with the best of wishes. It takes some money to get an education the same as it does to buy bacon.

Med Wade is now chief Linotype operator at the Chronicle office. Med is working under a great handicap this week as the bone felon on his right thumb. The Doc calls it bone felon, Med calls it thumb.

Med also runs the machines at the Palace Theatre weekends. He makes a specialty of running machines of various kinds. He is also learning to pick the guitar. When not otherwise engaged he goes courting. He is some busy human. That's Med.

Some day he hopes to have a column in the Chronicle. He hasn't decided what he will head it yet but just as soon as he does, he will let you know. It will be hot stuff, short and sweet, some laughs and some sighs come smiles and some cries. Watch for it.

BETTER ENGLISH CLUB ORGANIZED

The sixth grade class, with the help of Miss Waddell, organized a Better English Club, January 1. The class elected the following for the presiding officers:
President: Sam Matthews
Secretary and Treasurer: Naomi Stanley
Reporter: Jim Claire Davis.
The pledge of the club is: I promise, that I will try to use clear, correct English at all times. That I will pronounce my words distinctly, use a pleasant voice, and speak courteously.

The Sixth grade are going to try hard to keep this promise. We will meet every Friday evening. Everyone will try to improve his speech and hope we make a great success of this beginning.

Jayton's Basket Ball Girls went to Aspermont, Tuesday night and gave another demonstration to the Aspermonters on playing the game. These girls are really good and they hope before the season is over to meet some one that can give them some competition. The girls say they can play real ball when they have to.

Milton Ramsey and family, who were here for the Christmas holidays have returned to Clayton, N. M. where he holds a position in the Clayton schools. Before leaving for home Milton ordered the Chronicle for another 12 months and its our hope to get more than a dollars worth of satisfaction out of reading the news from home.

Woman Sheriff Makes Liquor Raid In Co.

Wife of late sheriff states that she wishes to demonstrate that a woman can make an effective officer

Wednesday night of the past week, Mrs. W. B. (Bill) Arthur, wife of the late Sheriff of Dickens County, played the leading role in a sleuthing job which resulted in making an arrest on charges of de pending intoxicating liquors in dry territory.

According to Mrs. Arthur, she and her party, which included two women besides herself and her brother, drove to a place where they had information liquor was being dispensed. Before going to the place they gave it an aroma of alcohol and on their arrival, Mrs. Arthur lighted a cigarette and puffed jauntily to give the impression that the party was to celebrate the holidays and merry-making.

So cleverly did they play their part of merry-makers, the woman states, that the man arrested did not notice anything and willingly delivered them two pints of Ship Port wine beautifully bound in holiday wrappings—and wished them a Merry Christmas.

Mrs. Arthur, who has been known as Dickens County's woman sheriff since the killing of her husband, late Bill Arthur, stated that in making this expedition she felt that she was not only carrying out her duty of office but that women could make efficient peace officers as well attend to the clerical duties of the sheriff's office. —Texas Spur

Milions of Cars Set A Goal For 1935 Says Henry Ford

The Ford Motor Company is out of the depression.

For 1935 at 1,000,000 cars or better," said Henry Ford. "Our experience during the last six months and what we see in the future tells us a year of improved business is ahead." "Do you think 1935 will end the depression?" he was asked. "Why the depression would be over for the whole country very soon if American industrialists would just forget these alphabet schemes and take hold of their industries and run them with good sound American business sense. They should take hold of their country, too, in the same way and run it with good, sound American common sense."

Ford managers, from all parts of the country, expressed the belief that business conditions generally had improved sufficiently to warrant preparations for a great sales year in 1935. "Four years have passed since the Ford Motor Company had a production year of more than 1,000,000 cars. In 1930, 1,485,500 cars were produced.

DO YOU KNOW THAT

The average barber makes about 250 strokes with his razor to shave the average face.

More than half a million saddle horses are maintained in this country for horseback riding, which is gaining in popularity.

In the 13 years since 1921 the decline in births in this country has been about 25 per cent with only 2,200,000 babies being born in 1934.

The 1930 census figures showed that rural women marry at an earlier age than city women.

Postmasters throughout the United States will cash the interest bearing coupons of Federal Farm Mortgage Corporation.

Ninety percent of our female population marry at least once, 50 per cent of them at 22 and another 10 percent at 25 years of age.

Federal Office of Education estimates the total number of school goers in the United States this year at 32,500,000.

Uncle Sam is now spending about three and a half million dollars a month on the Emergency Education Program.

Henry Ford once remarked, "All we are here for is to get experience." Well, we have had plenty of that and now if Henry Ford will tell us how to get the cash he can have our place in the old age pension line.

To The People Of Kent County

Having retired from the office of Sheriff on January 1st, I am anxious to express my deep and sincere appreciation of the splendid cooperation which has been accorded me throughout more than sixteen long years of service in that capacity, many of them years of great anxiety and hardship in the business world.

I have earnestly given my best endeavor and you on your part have given me the support, for which I am most grateful, too, for the able assistance of my deputies in the discharge of my duties during the past years our joint efforts in procuring conviction in felony cases except in instances of natural and human that I regret in loss of contact with the many friendships made during the years. But I am glad to see the hands of a man my successor, Mr. B. A. Goodall

TAX LAW ENFORCED

2. — Sharp revisions in delinquent tax statutes today by the senate committee as a means of increasing the state's revenue levies.

Procedure in the law for delinquent taxes with a proposal designating taxpayers with an easy borrowing funds to pay taxes. P. Duggan of the committee estimated the increase delinquent taxes the next year.

Estimated ad valorem taxes delinquent to the State totaled \$60,000,000 and to subdivisions, \$90,000,000. The plan could apply equally the subdivisions.

The committee proposed sale of property for taxes without court suits be required. Sale would be permitted upon notice by publication and return of mail. Dispossessed owners would be allowed two years in which to redeem their property, during which time tax deeds would not become final.

A bill drafted by the committee would permit tax liens to follow loans made for payment of taxes, a change, Senator Duggan said would enable hard pressed property owners to borrow money for that purpose. He said the principle had been upheld by the Supreme Court.

A third phase of the program called for the appointment of delinquent tax collectors by the county commissioner's court. Their duties would be confined solely to delinquent tax collections for which they would be paid 10 per cent commission up to \$4,000-000 annually. The proposed bill would empower tax collectors to extend the 90 days of time for payment in certain instances and would authorize an additional 90 day extension by the commissioner's court in meritorious cases.

NEIGHBORHOOD CHIT-CHAT

Bingham Enterprise — The street agent which celebrated the opening of Grand Boulevard, which was built with government aid, last Saturday, was a gorgeous affair. There were over 30 floats. Over 85 people took part and there were more than 65 costumes.

Four Corners News—Rod Stickley the young man who grabbed the radiator cap of his car and hung on when it ran away, has recovered consciousness and is now mending rapidly.

Green Valley Item—George Bassler a Wilmette boy, beat the record Sunday by landing a 30-pound muskellunge. It tipped the scales at 10 pounds.

Grainger Epitaph—Mrs. June Ingebrod was operated on several days ago at the county hospital for appendicitis and is reported coming around nicely.

If Ma could hold the governors chair one more year, the state penitentiary would be empty.

New County Officials Sworn In Tuesday

Kent county has only two new county officials this year, J. B. Earnest going in as County Judge, in place of H. W. Davis, who retires after ten years of faithful service.

B. A. Cumble goes in as Sheriff, Assessor and Collector, succeeding R. I. Goodall as Sheriff and Collector and himself as assessor.

Mr. Cumble's office deputy is Elvin Peek of Girard, B. J. Smith will be his deputy in Jayton, and Floyd Blackwell will be his deputy at Girard.

13,103 Bales Short

On December 13, 1934 there had been ginned in Kent County 1259 bales of cotton as compared with 14,362 ginned up to the same date in 1933. Just 13,103 bales short. Figured at \$60 per bale would be a difference in dollars of \$785,180. Some difference. Its a wonder we are not all on the relief rolls.

U. S. WANTS 'OUT OF BUSINESS' MONES

Dallas, Jan. 2. — Jessie H. Jones Chairman of the Reconstruction Finance Corporation, was on record Wednesday with the statement that the present National Administration wants to get the Government out of business "as quickly as possible."

Jones spoke here Tuesday at a luncheon in his honor. Later he took a train for Washington.

Jones urged that the celebration of the 1936 Texas centennial be on a scale befitting its importance. "I hope Texas will not be satisfied with anything small," he said.

The R. F. C. Chairman said 60 per cent of the loans made to R. F. C. had been paid. "This justifies the declaration I have been making that bankers were not loaning the money they could have on good security."

THE PARDON BOARD

Governor-elect, Alfred doesn't intend to let the pardons and paroles situation bother him as governor; he will follow the recommendations of the pardon board and not interfere in its work.

This is good news. The pardon board never has been permitted to function as the legislature intended; its rulings were often ignored as accepted.

The governor has enough work to do without concerning himself with the question of executive clemency. That should be the work of the pardon board.

Governor Alfred, in particular, has a busy time ahead of him. It is fortunate that he is young, healthy and not afraid of hard work.

EX-GOVRENOR DIES IN RIVER

Little Rock, Ark., Jan. 2. — A man who lost his life here this afternoon when he fell over an embankment in the Arkansas river, was identified sometime later by the Coroner Dawson C. Aday as X. O. Pindall, former governor of Arkansas.

Dr. Aday said he had established identification through papers found on the body.

The body was recovered from the river after two woodcutters saw a man who was walking across the embankment, along a railroad track, stumble and fall over the edge. The man's head was crushed on stones jutting out from the bank and the body tumbled into the pool of boiling water at the foot created by a power company's drain pipe emptying into the river.

ANNOUNCING 5TH ANNUAL BOYS' INVITATION TOURNAMENT AT DICKENS

We are announcing the Boys Fifth Annual Invitation Tournament at the gymnasium at Dickens High School, to which forty teams have been invited. We are expecting a great time over there and know there will be many good games. The tournament will be Friday and Saturday, January 4-5.

We take this means of inviting all who can to come and be with us at that tournament. If you like good basket ball games, come over and see several this week end, January 4th and 5th. —A Dickens Student, D. C.T.

Legion Pushes For Payment Of Bonus

Commander Belgrano Sees Congressional Approval As Certain

Washington, Jan. 1. — Unshaken by President Roosevelt's stand against the bonus, veterans' organizations today aligned their forces for a finish struggle in the new congress.

The powerful political influence of the American legion was pitted against that of the White House today by the National Commander, Frank N. Belgrano, Jr., who said the legion would continue to press claims for payment.

Asserting President Roosevelt's letter opposing the bonus contained strong argument for immediate payment, Belgrano said he felt certain congress would approve the legion's bonus program. Mr. Roosevelt's letter was made public yesterday.

Belgrano's statement followed that of James E. Van Zandt, national commander of the veterans of Foreign Wars, who said the issue would be settled by congress.

Passage Conceded

Meanwhile, democratic congressional leaders conceded the cash bonus bill would pass both branches. In what form and whether over a presidential veto, they said remained in doubt.

Reiterating his wish for speedy house action, Representative Joseph W. Byrns of Tennessee, who will be speaker, today said;

"Everybody knows the bill will pass the house, because there is no opposition to it. Whether it will pass over a veto, I don't know."

Byrns said, however, that if the bonus "passed," the administration would insist that some additional taxes be imposed to take care of "the big outlay."

The senate would only hope Mr. Roosevelt had to defeat the bonus "is that the senate will sustain a veto."

SAD NEWS RECEIVED BY MRS. ELDON WADE

Mrs. Eldon Wade received the heartbreaking news of the death of her father this week, the same occurring the morning of December 31st, at his home in Little Rock, Ark.

Mr. Knight had been in poor health for some time but his death from heart trouble was sudden and unexpected. Mrs. Wade has the sympathy of her many Jayton friends in the saddest week in her life.

NORRIS ACCEPTS CALL TO DETROIT

Detroit, Mich., Jan. 2. — The Rev. J. Frank Norris, pastor for 26 years of the Fort Worth, Texas, Baptist Church, conditionally accepted a call today to the Detroit Temple Baptist Church. He has been preaching in Detroit for a week. Dr. Norris said he would "reluctantly leave" a congregation of 10,000 at Fort Worth, but momentarily believed his post was in the north.

"We are to see with our own eyes electricity and power made so much cheaper that they will become a standard article of use in every home within the reach of an electric light line." —President Roosevelt

Evidently the President means "There is a bright night coming."

Kent count has the youngest county judge of any county in the state, J. B. Earnest. He has the well wishes of every citizen in the county for his success and J. B. will make good if an honest desire to do so counts for anything.

Mrs. L. C. Whitell sends us \$2.00 from San Francisco, Calif. ordering a supply of good reading for 1935, along with the old home town paper. We wish for her and hers a New Year of happiness and Success.

"I am not worrying", says Hauptmann, as he went to trial for the murder of the Lindberg baby.

No School news this week. We suppose nothing of interest has happened since the holidays.

WANTED: - A good live wire subscription solicitor. If you will work 8 hours a day we have a proposition for you that will make money. If interested come to the Chronicle office.

The struggle of life is the order of the world, against which it is vain to repine.

The world will immortalize the dreamer who invents an airship that will lift us above our troubles.

The difference between a man's inner and outer life is precisely like the immaculate shirt that covers a filthy hide.

The low-thatched hut, if it brings you back your own, is better than a palace whose unbroken hush presses life's sad story upon you.

The mule does his share in the uplift of the race. In the same way there are pious frauds who go at it in the same way.

Take no chances on the future. Prepare yourself for something out of the ordinary.

The fact that your limitations are self-imposed carries with it the sense that you can break the bonds that bind you.

As we remember it, the ancient recipe for making rabbit pie began, "First catch your rabbit."

We despise, in the sense of inexpressible hatred, the one who repeats a scandal, be that scandal true or false.

Its still dry in this country but Sanford Lee and son, Elvin are working every day on their new tank, getting ready for the rains when they do come and they are coming, we know they are for it can't stay dry forever even in West Texas.

"All hail to the ordinary woman! May she flourish and live long! It is she who gives us our bright boys and girls. God bless them!" exclaims Mrs. Carey. All hail to the ordinary man, too, even though he be silent, and doesn't give compliments and caresses. He is often too much abused; perhaps he would like a few words of praise. He may be hard pushed, weary, and worn. He has got to go out and battle with the world to provide a home and ordinary comforts for this same ordinary woman. Yes, women are heroines, not all of them, but mothers especially. They have been lauded to the skies in song and story. Men are heroes, the sober reliable, truthful man, whose own fireside is the dearest spot on earth. Though he may sit in silence, and read his evening paper, she, the ordinary woman, should consider herself blest and glad to have him at her side, secure from the evils and temptations of the street.

Coleman County Chronicle: "It is true, there are still many honest men abroad in the land. Wednesday a man whose name and face had been entirely forgotten dropped into the Chronicle office and introduced himself, saying that he had come to pay a small bill some six years old. The bill had been long since forgotten and the account was hidden under a six year's accumulation of other forgotten papers. But the man had not forgotten, he came back and paid. Yes, there are honest men."

Look out man, you are getting your self in position for a good skinning.

One little thing I learned last year that I hope will serve as an example for my own attitude in the future, is that really big and busy men always find time to do things for their friends, their towns and all worthy causes. Little men are nearly always too busy. —Odessa-News Times
Boy you said it. Little men can be kept busy peeling spuds, sorting out rotten onions and other little jobs. Honest to goodness busy men can always find the time for giving a helping hand to push or pull for the general good of their community. Lets not give so much time to sorting spuds and more time to growing big white potatoes.

SHOT OUR WAD

Dear Editor: I see where on February the 1st us old folks are going to be put out in the cold again. Our rations at the relief office will be discontinued and its going to be up to our rich relations to feed and care for us, or we go uncared for. We are not considered as workables any longer, and if we are not able to work we are not deserving our feed unless we can manage for it ourselves. Like the ox cart we are out of date, like the old jolt wagon, the young rubber tired truck has driven us off the highway. We are in the same class with the Georgia Stock, the upity new two row cultivators have stacked us in the fence corner to rust out and pass away.

Its no difference if we have reared a big family of worthless boys and girls, some of whom have become congressmen, others Senators or Governors or relief directors. They whom we have reared in love and solitude for their welfare and happiness have now turned us down, saying in a manner, "You have lived long enough, we need the space you occupy."

Make room for these young, healthy bucks, we might need them some time for cannon fodder, we got to keep them fat and saucy, and we therefore must see that they are well fed.

Of course we could line you up as we have done the old cows, and goats and shoot you, but that would be cruelly to dumb brutes and we are anything but cruel. But get the heck off the relief rolls, these young 190 pounders need the grub, they are unable to hustle for themselves, and your passing out of the picture will take a burden off our backs and assist us in balancing the budget.

AND THIS IS AMERICA

Now you young smart-alexs, if you think us old folks can't manage for ourselves and wont stay on the earth until our allotted time has been lived out, you have another thought coming. We know all about hard times. We still know how to snare a rabbit and cook corn pone. We have forgotten more than lots of you young bucks will ever know or learn and still have left a store of knowledge backed by experience that when put to a test along side your code notions will make you look as simple as you really are, and thats some simple.

Starve us out will you? Say buddies just what are a lot of you going to do while we are starving? Say, did you know that we could live longer on soup made from cabbage leaves and bacon skins than you can on T bone steak and pie and cake; fruit salads and whipped cream? Starve us out will you? When you do your clothes rack of bones will be playing hide and seek with the stones in the grave yard. — Unafraid - The 70

Marvin Carlile, Roby Banker, was a visitor in our fair city this week.

RECOVERY FOR OUR SCHOOLS

It is indeed encouraging to note that plans are being formulated to rehabilitate our public schools, which have been neglected while efforts were being bent in other directions to win back prosperity. The public school system has taken a series of hard blows during the depression, and when things began to go from bad to worse, everywhere there was too much of a tendency to economize on our school system. Salaries of teachers were cut, in many instances below a living wage, and it has not been an uncommon occurrence for teachers to go for months without pay. Schools have been on part-time schedules, and curricula have been pared ruthlessly as part of the retrenchment policy, and in many instances some valuable courses of training have been dispensed with as "frills" which could be afforded no longer.

One of our greatest duties as propriety returns is to put our public school system back on a sound, properly financed basis. Public education is the corner stone of our democracy, and we cannot safely allow it to deteriorate. The tax burden of maintaining the high standard of our public schools, we grant, has become intolerable for many school districts, but instead of lowering our standards we should seek a better way of financing our schools. Unquestionably the states and even the Federal government must assume a greater share of the financial responsibility of running our schools. Sentiment is growing in that direction, and the fact that educators from 35 states see the need of getting together and outlining some sort of program for putting our schools back on a sound basis encourages the hope that something is going to be done to preserve America's high standards of public education.

Hon. George Mahon, now in Washington, representing the new 19th Congressional District, will receive the Chronicle regularly from this date on. Congressmen keep in touch with the folks back home by reading the county papers. As a rule the county newspaper is a true reflection of conditions in the territory in which it is published and the Congressman that lives true to his people generally make good. George Mahon intends to make a worthy Congressman, and he certainly has the best wishes of all this country.

Kerosene is now selling wholesale at 9 1-2 cents a gallon. Well we suppose folks will now have to go back to cow chips and tallow candles.

John Smith sends us a dollar from Lawton, Okla., and advises us his address is now 1112 I ave. Thanks John, and may the new year be good to you and yours.

AMERICANA

One of our greatest American electrical corporations - whose management is pointed to as ideal - controlling plants in Japan that makes electric light bulbs which are sold at cut prices in this country - thus demoralizing our own market.

Three young Paintsville, Ky., youth preferring to stay in jail "the rest of their lives" to work on a brick pile.

A dollar bill pinned to an ordinary post card and addressed to President Roosevelt arriving at the White House. (even in these times)

New York City finding 95 boxes housing 91 men working on a relief job.

The Civil Service Commission sending out 49,200 announcements in connection with the hiring of one "Master mechanic for aircraft engines."

Federal Emergency Relief Administration in Missouri helping families on relief to get birth-control information.

Sample drugs being given to pupils in Ohio schools.

Federal prison officials having to watch Christmas mails closely to keep Santa Clause from bringing the boys weapons.

Surplus Commodity Corporation sending 226 carloads (each car holding 26,000 pounds) or nearly six

million pounds of relief cabbage to Massachusetts at one time, more than enough for one pound of cabbage for each man, woman and child in the state.

With Christmas and New Years day behind us now we can get ready for business.

Bargain day rates on the Abilene Morning News and the Star Telegram are good for a few more days and are also good on the Chronicle. If you want to keep posted on what is happening at Austin and Washington better drop around and subscribe for two of these papers, it will be well worth your investment just to get the news first handed, and not have to take the other fellows word for it.

W. L. Coon, who was the victim of a severe burn a few weeks ago tells us that his arm is much better now that the holidays are over.

Old Shoes Made New

New shoes sold too. A guarantee of absolute satisfaction is behind our work and shoe sales.

Harness work, saddle work, in fact we do leather work of all kinds and so it as it should be done.

Will Gardner, Manager

Colonel Sparkman, assistant county clerk, has returned from his holiday trip.

Mr. J. C. Miller has renewed all papers with us and is now sitting pretty for 1935.

Mrs. Doncho has returned home from her trip to East Texas and Louisiana.

Jonnie Lewis, who is employed at the Magrolia Station in Spur, was a Jayton visitor this week.

Judge J. B. Earnest moved to the hospital this week so he will be there all times to attend his business.

Mr. and Mrs. Tom Bond and daughter, Mrs. Glenn Huls, made a trip to Angelo this week.

All of the Public School teachers turned for duty Monday and all report things fine at home.

Mr. J. W. Sewalt, our most efficient highway overseer has our thanks for the cash to pay for the Chronicle Star-Telegram for another year.

The weather man promised rain in the section of the country this week,

but it looks now like he is just another - well, you know what.

Mrs. Ivey Murdoch and son, Bearl have returned home from Palestine where she went to visit her brother who underwent an operation.

We understand on the first of the new year the First State Bank of Jayton had more than \$60,000 on deposit, so Kent County folks are not all busted.

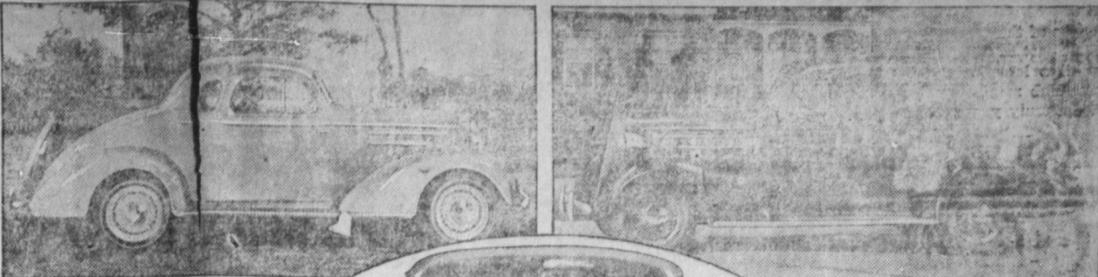

W. G. Farrier of Omaha is one of a number of Titus county farmers who are planting fruit trees this winter. He is putting in 3500 early Elbertas.

A. E. Worthen and family are moving to Levelland this week. Mr. Worthen will engage in the farm life in his new location.

The Jayton Girls basket ball team is intending to attend a tournament at Lubbock this week end. If these girls go we know they will give someone a real fight for first honors.

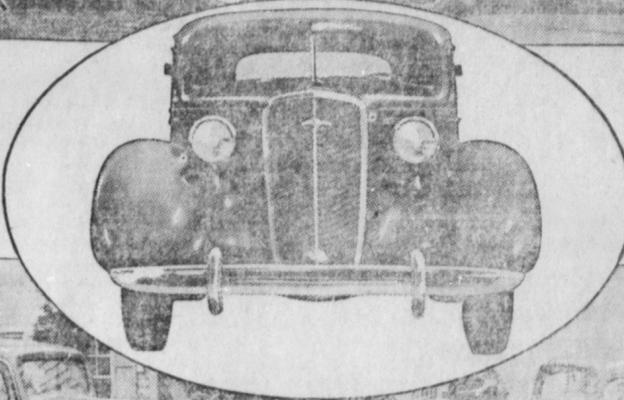

Mrs. Clarence Lane and children spent last week in Jayton, visiting relatives. They left this week for Fort Worth where she joins her husband, who is at work there.

Chevrolet Announces Two New Lines for 1935

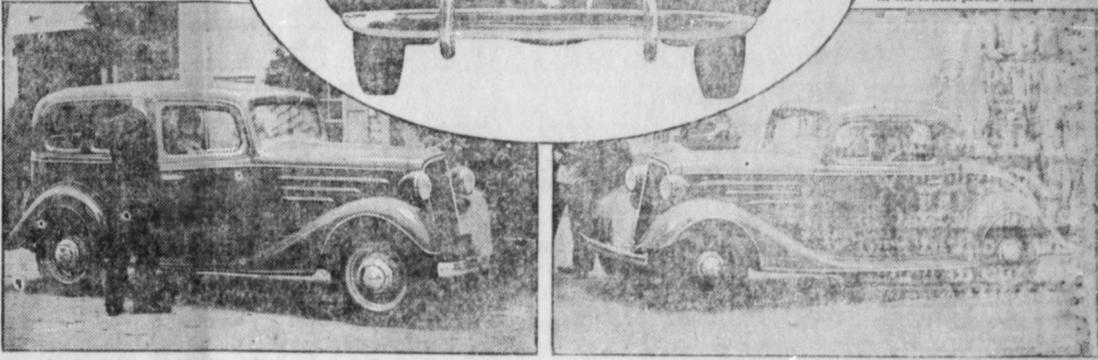

The Coupe model typifies the beauty and style of Chevrolet's New Master De Luxe series for 1935. Improved performance and exceptional economy also characterize these cars.

Fleet, graceful lines also mark the New Master De Luxe Sport Sedan. Ample luggage space is provided by the built-in trunk, and a luggage compartment behind the rear seat cushion.

Right: Front view of New Master De Luxe Coupe, showing roominess and graceful lines. Below: The Sedan model in the New Standard series, which, powered by the time-proven Master engine, combines brilliant performance with its smartness and style.

Another attractive model in the New Standard series is the Coupe pictured here. Numerous body and chassis refinements, in conjunction with the Master engine, help to make these cars outstanding values in the lowest-priced field.

Typical of Chevrolet's two new lines of cars are the models illustrated here. The Master De Luxe series reveals strong emphasis on beauty and style. Mechanically, the Master De Luxe series and the New Standard series have much in common, including the Master engine, in which numerous refinements have been made to enhance performance, durability and economy. As these pictures reveal, the New Master De Luxe departs distinctly from previous Chevrolets in the striking advance which has been made in body design and trim.

NOTICE City Tax Payers

All parties paying their delinquent Taxes on or before Feb. 1st, 1935 will save all interest and penalties. After that date the penalties and interest will be added.

Now is your chance to save. Pay up before Feb. 1st. After Feb. 1st we will proceed to advertise and delinquent property and sell same for the taxes and costs. We are forced to do this to protect our bonded debt, otherwise the parties holding bonds will come in and foreclose. We are forced to collect or suffer the consequences.

THOS. FOWLER
Office In Rear First National Bank Bldg.

Twelve hundred feet of concrete tile are being put down in the Ennis Creek school yard for subirrigation of shrub beds and a row of trees, as a result of the success of the subirrigation relief garden in that county.

We ask as many of our readers as possible to hand us their renewals this month, while we are selling the Chronicle at the rate of \$1.00 per year. We appreciate and honestly need the money and by renewing now you can save 50c.

Eleven thousand pounds of sweet and bur clover seed were saved last summer and sowed last fall by farmers in Comal county. The late rains have brought the clovers up to a good stand, according to G. E. Ehlinger, farm demonstration agent.

The Senior class of Jayton High School was entertained in the home of O. W. Coats Monday night. Games were played and enjoyed by all. Refreshments of hot chocolate and candied post toasts were served before the adjournment.

Making a fence, putting out 195 shrubs, underpinning the porch, partly soaping the yard, building cobblestone walks, and moving 115 loads of dirt were some of the things Mrs. T. H. Kelly of the Baker Home Demonstration Club in Parker county did in the 1934 yard improvement.

Ed Brown, one of the best farmers in the county as well as being one of our weekly readers, made provisions for his 1935 supply of newspapers last week. This year its the Semi-weekly Farm News with the Chronicle. These reading farmers are the ones that get by.

"Back in 1932 we grew seedless cotton," a negro farmer in Houston county told at a public meeting, meaning that it took about all the money the seed brought then to pay for the ginning. His cotton seed brought money this year.

Ray Williams, Girard Ginner and farmer, and one of the most faithful readers is in good standing with us for another year. He started the new year off right, as we see it, and you know it's appreciated.

Bruce Brown, late of Lubbock, Texas, writes us from Eugene, Oregon, asking us to change his Chronicle to his new address, which we are doing this week.

The old stork visited Mr. and Mrs. Charlie Barbee on New Years day and presented them with a nine pound girl, Charlie Sue. Both mother and baby are doing fine.

Grandpa Winters was showing a fish head to his friends that had a perfect set of teeth. It was quite a queer looking fish head as very few fresh water fish are so equipped. This one more than likely came out of the Gulf of Mexico.

Beginning Our 25th. Year In Jayton

At the beginning of this, our 25th year of merchandising in Jayton, we desire to express to our county council members representing us, some of whom have bought the greater part of their supplies from us all these years, our most sincere thanks and most profound feelings of appreciation. To everyone that has ever, at any time, done business with us we want you to know we appreciate that business.

We call your attention to the fact that this is the only home owned, home managed and home directed business in the town. Furthermore what this business has made above a living for its employees has been reinvested right here in Jayton and Kent county. That is what it takes to keep the home fires burning. We are for Jayton and her surrounding trade territory first, last and all the time.

May we always prove as loyal to our home friends as they have proven themselves to be to us.

Goods Worth The Money

Right now in the very beginning of cold weather we are selling winter merchandise at below their actual value No matter what you want, if we have it, you can buy it worth the money. Not a few articles at special prices but every article in the store at special prices.

ROBINSONS

TO KENT COUNTY H. D. CLUBS

Owing to the fact that I will be unable to return to my work in Kent county until some time between the 15th and 20th of the month, on account of sickness, meetings of H. D. Clubs of the county scheduled for the first part of the month are postponed until a later date. Wishing for all the club members a happy new year I am truly yours,

Miss Veralee Jones, H. D. A.

Mrs. Jim Cade has moved to Retan Texas since the Chronicle was last printed, but the Chronicle will continue to visit her weekly for another year. Lots of folk tell us they enjoy reading the paper and prove it by paying for it in advance. Thanks Mrs. Cade.

Miss Winnie B. Furr after spending the holidays with her parents, has returned to College at Alpine, Texas.

SPECIAL MEETING OF W. M. S. JANUARY 7th

Mrs. Garrett and Mrs. Patton Hostess Business:
Leader Mrs. Patton.
A program of praise and promise.
1st. Groupe, Mrs. Van Zant.
2nd. Groupe, Mrs. Gilbert.
A letter from the President of the W. M. Council.
Pledge and participation, Mrs. Ed Brown.
Prayer, Mrs. Robinson.

Mrs. Ivey Murdock and Bearl went to East Texas Friday and writes that they are having a swell time. We hope that they enjoy their holidays.

Med Wade made a trip to Spur Monday morning.

Leonard Browning is moving this week to the Murphy place on the Girard rural route and the Chronicle hopes that he will make a good crop this year to make up for the one he failed to make in 1934.

H. E. Duncan tells us that he has been taking lessons from L. H. Mason on high financing. Evidently he learns fast as he had 31 cents in his pocket.

Cafe Brown and our new deputy, B. J. Smith had a head on the other night. Just why Brown wanted to run over the new officer is a question. Probably he was trying out his nerve, but B. J. stood pat and both cars went to the repair shop and both parties took it with a grin. Boys will be boys during Christmas week anyway.

Tubbie Hembree is going into the dog business right. He is raising registered wolf hounds for the market. He hopes to raise and market at least five thousand this year and if he succeeds - well next Christmas will be a howling time for him to say the least of it. Get your orders in early.

L. O. Mayer has added two alligators to his menagerie and his filling station and garage is becoming one of the show places of the town.

W. P. Dowdle who made 143 bales of cotton in 1933 and only seven in 1934 manages to save out a dollar to keep his Chronicle coming during 1935. Mr. Dowdle we hope you are more successful this year and make at least 100 bales and be able next year to subscribe for a flock of papers for yourself and friends.

Mr. Goodall tells us he is undecided as to just what he will do, but for a while he intends to rest and take life easy.

John Furr, about the only farmer that can make a crop in this territory whether it rains or not and the one man that has hens that lay well all the year round, and especially when eggs are worth from 25c to 60c the dozen will continue to read the Chronicle and the Star Telegram this year of 1935.

Sheriff B. A. Cumbie has purchased a new 1935 model V-8 thru the Bleck Motor Company and is looking for it in any day now.

Many farmers are now busy getting their land up and ready for the big rains that are to come. Its good idea for the more the ground soaks up the longer it will last in the hot dry days of summer.

Milton Sandell Jr. is able to be up and back in school after a long spell of sickness.

W. B. Hollabough is at home after working for two weeks in Dallas. He tells us that when the Ford Plant opened for business in Dallas last week there were literally a thousand men for every job.
