

# THE JAYTON CHRONICLE

JAYTON, KENT COUNTY, TEXAS,

FRIDAY, FEBRUARY 22, 1935

NUMBER 8

## Torator Comment (By Uncle Peavine)

Talks after due consideration I have concluded to my opinion on the subject order house citizens'. Now respects to the thrifty and the populace of our little because I do not want to nose into something that is none of my business, but thru the mail order houses either got to stop, or at least down, or the people of our country will find themselves in a place where schools no longer exist, public institutions, where public health is no longer given. All fire fighting equipment is personal property of barrels and buckets. We look forward to paved roads and other signs of public progress as the people continue to enlarge the mail order houses larger percentage of their income.

of the people wonder why it isn't a good policy to the mail order houses. They understand why it is that if the mail order houses are closed except for the necessities they can stay open on state lands here is the idea in a nut shell what is made and spent in the city that makes it what the people insist on giving a percentage of their business to the mail order houses, the merchants and business men not going to be able to compete or stay in business under the present system. The schools will be forsaken. The paupers will have where they fall, because the town, or state will not be any help.

Look at it in the right way usually see why you are making money and saving money in the circumstances that we live in. I am not in a position to say what the people can do, but without any feeling toward this writer, I would give the matter your consideration and spend your money as you see fit. I urge you to do what you need to spend for necessities of life with your hands.

## Kent County Senior Boys Basket Ball Boys End Season

Kent County Senior Boys basket ball team champions of Kent County went to the district final game at Roby last Friday and dropped their first game in the district and the last game in the season to the Roby five.

The team gave the Roby five one of the hardest battles ever fought in school basket ball. The Jayton team was leading their opponents until the last minute and a foul was called when Roby nosed lead that couldn't be regained for several seconds left to play. The game ended with a score of 26 to 23 in favor of Roby cagers.

## Ordered Vacation

In the past two weeks the editor has been enjoying an "ordered vacation". The Dr. told us that our health was missing of three and 1-4 inches and needed overhauling badly. I had to have a rest, so we took a vacation for two weeks. Coming back to work Monday of this week. It is a relief to be back and glad to learn that we were not overworked. It's good to have that something that would incapacitate us, that we would have to continue to our appearance weekly and what change might take place in its general health in no way effect our general health or the public good.

is the age of youth — us old people are only useful as brakes on the impetuosity of the young.

County Judge Earnest tells us he has to have ready for publication in early date the financial statements of Kent county. Last week the Dallas Free Press published the final statements of Haskell Co. and same showed Haskell county to be in debt \$743,150.91. We are wondering what the indebtedness of our county totals.

## Men's Cupidity Destroys Colorful Sport

Horse racing is colorful, spectacular and provides exciting entertainment and we think it a pity that human nature is such that a spirited sport of this kind cannot be enjoyed without producing criminal elements which prostitute the fine qualities of sportsmanship and grow fat on the susceptibilities of people in every-day walks of life. It is a pity, of course, that this is so, but an inescapable fact that it is so. Horse racing, therefore, should pass from Texas life. We are quite willing to concur with the Governor in his opinion that "the very foundation of morality and character of our people is being undermined by legalized, commercialized and advertised gambling" but for our own part we feel the economic effects of horse racing outweigh even its moral consequences. Millions of dollars have been diverted from legitimate business channels, much of which has migrated to other racing centers throughout the country. The resultant losses have been enormous, and certainly the meager tax revenue accruing to the state cannot compensate for these losses to the people. In any event we have no sympathy with the argument that lucrative taxation of an evil justifies the existence of the evil, and we applaud the Governor in his statement that "it is axiomatic that taxation of immorality and vice is the resort of a weak government." There has never been any law against horse racing in Texas, of course; the laws have been against gambling on horse races. And when this thrilling sport can flourish only when gambling is permitted and die abruptly when gambling is prohibited, it stands indicted as something else than a mere sport. Those who thrill at the sight of thoroughbreds driving forward to victory with a fine competitive spirit will regret that this sport of kings must be sacrificed by the Cupidity of the masses.

## Mary Ellen Capps

Little Mary Ellen Capps was born August 13, 1933 at Pontotoc Mason County, Texas. She died Feb. 17, 1935 at the Lubbock Sanitarium. She was the daughter of Mr. and Mrs. W. E. Capps.

Little Mary Ellen is survived by her father and mother and four brothers, William, Douglas, Malcolm and Ruben Lee.

Funeral services were held Monday afternoon at Clairemont at 4:30 p. m. with Rev. Fred McPherson in charge of the rites. Interment was made in the Clairemont Cemetery.

## A State Can Live Within Income

Nebraska is advertised as being a debtless state today; as a commonwealth where law prohibits pledging the state's credit for more than \$100,000; and also as a state which has ridden through war and peace, drought and plenty, without issuing a dollar worth of bonds.

It built a \$10,000,000 state capitol over a period of twelve years out of its annual tax levy. Its roads are paid for by a four cent gasoline tax and motor vehicle license fees, plus the usual Federal aid.

Nebraska's government, aside from road building, is supported by a general property tax and it has no income or sales tax.

These facts seem to prove that a great state can be operated on a business basis and stay within its income.

Nebraska should be an object lesson for every state in the union, many of which are staggering today under bond issues to pay for political experiments and inefficiency which the coming generations will struggle to pay if they are ever wiped out. The taxpayers should rise up in arms, as it were, against practically every proposal that is made to futher burden the people with taxes.

The lawmaker today who suggests tax increases as a way to meet state problems, is in most cases simply showing his inability as a business man to balance the public's business budget.

Glenn Huls is some what crippled up with a case of rheumatism this

## Basket Ball Teams And Coaches Honored

Wednesday night of this week the hall of the high school building was the scene of a lovely banquet given in honor of the basket ball players and their coaches.

The tables were decorated with nine of the thirteen trophies won by both girls and boys this season.

A three course dinner was served by the home economics classes.

The programs and placards were miniature basket balls designed by Miss Mayme Morris Murphy.

Mr. G. A. Lowrey was master of ceremonies, and speeches were made by the three coaches, Mr. Coons, the Senior Boys coach, Miss Mabel Waddell, the Senior girls coach and W. B. Garrett, junior boys coach.

The captains of the teams, Barney Faye Sewalt and Richard Jay gave their conception of the most thrilling basket ball game this season.

Other speeches were made by Buddie Self, Alice Davis and Mr. Lowrey.

Following the dinner, games were played and all acknowledged that the banquet as well as the basket ball season had been most successful.

## Disappearing Foreign Commerce Bad

Disappearing foreign trade has been one of the most difficult of problems during the late years. Last year an effort to solve it made by passing legislation whereby the President was empowered to enter into reciprocal trade agreements with foreign powers, under which each country would agree to grant the other favors.

Secretary of State Hull is heart and soul in favor of these treaties, he wants all foreign nations not discriminating against American products to have equal advantages in trading with us. He is opposed to trade restrictions to the free flow of products.

Opposed to this is George Peek, special White House Advisor on foreign trade, and the clash between the views of Messrs. Peek and Hull has, according to Business Week, "blocked the whole progress of export recovery." Mr. Peek stands for government barter, with ironhanded regulations of both imports and exports.

A short time ago business men were elated at an authoritative report that the President has finally decided against Mr. Peek and for Mr. Hull. He will throw his weight behind reciprocal trade agreements, not barter.

Thus, the chances are that strong efforts will soon be made to bring trade back, now that a course of action has been decided upon. If those efforts succeed, many hundreds of millions of dollars will come from foreign shores to tinkle in American cash registers.

## Business Observers are Now Saying

Business observers are now saying that what the construction industry did to break the depression of 1921, the motor industry seems to be doing on behalf of the current and infinitely more important depression. Both production and sales are rising, and it is forecast that 3,000,000 units will be sold in 1935.

Business reports continue to show improvements in all lines.

## Pension or Dole

It's our opinion that should Congress fail to pass a safe, sane, reasonable old age pension bill, not necessarily \$200 per month nor \$100 per month, but not less than \$50, that two years from now there will be seen many new faces in Washington. The way we see it, it's better to pension the aged that they may enjoy a few years of rest and security, than to dole the young into everlasting worthlessness. The folks back home are watching their congressman this year as never before.

The following telegram was dispatched from Jayton last Monday morning.

Hon. Leonard Westfall, Austin Texas.

"We the members of the Jayton Baptist Church favor the repeal of the race track gambling law and urge you to vote accordingly."

Signed: Fred McPherson, Pastor.  
G. B. Callicote, Clerk

## \* Nobody's Business \*

Austin, Texas February 19.—Appointment of Sarah T. Hughes, 98-pound bundle of feminine energy and brains, who has represented Dallas county in the lower house for the past four years, to be judge of the 14th district court in Dallas County, started a chain of legislative and political repercussions which is still reverberating thru the capitol.

Governor Alfred by naming her gained the friendship of thousands of women in every corner of the state. She is the first regularly appointed woman judge of a district court in Texas. She led the Alfred forces in their floor fight when the 44th legislature convened to supplant Coke Stevenson of Junction as speaker, with Bob Calvert of Hillsboro, despite her personal friendship for Stevenson. She lost that fight, as she has lost many others during the past four years, but not until her opponents realized that they had had a scrap. She is recognized in Austin as one of the group of half dozen able leaders who really "run" the House.

Senator Claud Westfield of Dallas, a new comer to the Senate this year, took a political spanking over Mrs. Hughes' appointment. He did not vote for her. When the appointment went to the Senate, he gave out a sarcastic interview, declaring she "ought to be home in the kitchen washing dishes." Then he said she was temperamentally unfitted to be a judge. Then he said he would claim "Senator's Courtesy" to invoke an advance vote on her confirmation.

Some of these moves was a mistake. When he tried to relegate Sarah to the kitchen sink by a newspaper interview, women all over the state went into action and pounded the desks of letters and telegrams to the senators in her behalf.

By this week for the purchase of capital goods during March. Department officials said including mules, chickens and farm equipment, in addition to planting, cultivators, and will be bought at this time in order to provide for needs resulting from the approach of the planting season. Feed, seed, and fertilizer he had under the head of capital goods.

These families without these necessities also will be furnished, rural areas said.

## High School Wins Many Trophies

The show window of Huls Drug store is filled with the trophies and awards of the Jayton school this year in various athletic and literary contests. Feed, seed, and fertilizer he had under the head of capital goods.

These families without these necessities also will be furnished, rural areas said.

## For City Marshall

I take this method of informing the citizens of Jayton that I am a candidate for City Marshall. I know that all of you are well acquainted with me and know whether I am qualified to serve you as you desire to be served or not. If you believe I will make you a good officer I earnestly solicit your support. If elected I will do my best to carry out the law as it should be carried out and make you a real City Marshall. Thanking you now for any favors shown me, I am

Sincerely Yours,  
Malcolm Hall.

## ARRESTED ON LIQUOR CHARGE

Last Saturday afternoon deputy sheriff Byrum Smith arrested two parties on a charge of violating the prohibition laws. This is the first arrests of this kind in Jayton for some time. We are informed that one of the two taken before the grand jury last Tuesday came clean and the other will be tried in the District Court next week.

It seems that Kansas has decided to settle in Texas as we have had two Kansas dust storms since the last publication of the Chronicle. Just when we were getting reconciled to sand storms, along comes these dust storms and get us all confused. What has Texas ever done to Kansas to cause this dust migration anyway.

## To Our Friends and Loyal Supporters

Were we daughters of some of our great orators we might in a few beautifully expressed sentences tell you how much we appreciate your wonderful help in making our Basket Ball season somewhat of a success. But since we are just mere basket ball players we will have to depend on our simple but sincere words.

First we wish to express our gratitude to Mr. Lowrey, our superintendent for permitting us to attend so many tournaments.

His never failing confidence in our ability to win inspired us to do our best at all times.

May he next year have the same opinion that we will strive at all times to keep this confidence.

To our parents; Your encouraging smile and cheery words made us determined to win as much as we could throughout the season. We want to especially thank Mr. and Mrs. Sewalt, Mr. and Mrs. Gallagher, Mr. and Mrs. Earnest, Mr. and Mrs. Bill Daniels, Mr. and Mrs. Holley, Mr. and Mrs. Glenn Huls, the Wads family and the Williams family.

To Mr. Dallas Kenady for keeping our suits cleaned and helping us to win the reputation for always appearing neat on the court, we extend our hearty thanks.

Last but not least we want to thank the boosters that came to the final "round-up" at Roby and gave voice to us in the way of cheer in our efforts to win the tournament there. It was by a close margin that the Cottonwood team escaped our brand but it was not the fault of the one hundred and five boosters from Jayton that they escaped the iron. We are proud to know that the town was back of us to the last.

To all we wish to say that we are grateful.

Coach and Girls Basket Team

## Ford Agency

H. D. Black Motor Company has secured the agency for Ford Automobiles and trucks in Kent County. He received one car and one truck Wednesday of this week. We extend congratulations to Mr. Black on securing the agency and the town on securing this new business. Ford Cars and trucks have long been favorites with many people in this part of Texas.

MORE WORK ON HIGHWAY 18

Thursday's state papers carried the announcement of the call for bids on two more projects on highway Eighteen. The call was for bids on 12 miles of grading and drainage structures in Stonewall county between Aspermont and the Haskell county line and for three bridges in Dickens county between Spur and the Kent county line. It begins to look as if old highway 18 is to be completed before the good year of 1936 Centennial year in Texas.

From all reports, Postmaster E. C. Wade has seriously taken up the game of golf and is taking lessons from the proficient experts at the game H. Kenady and John Fowler.

County attorney Adeock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

## For Jayton

County attorney Adeock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

County attorney Adeock, accompanied by his wife and mother and County Judge J. B. Earnest made a trip to Lamesa, Thursday of this week.

## Girls Win Second Place Honors At Roby

The Jayton girls basket ball team went to Roby last Friday to attend the annual West Texas Tournament for girls basket ball. After playing four games, the Jayton team came home Saturday night with another trophy, denoting that they had won second place. Some of the best teams in West Texas participated in the tourney.

The Jayton Girl's first game was with Roscoe which was played at 2 o'clock Friday afternoon with Jayton winning by the small margin of one point, the score at the end of the game being 33 to 32 in Jayton's favor. This was the closest game played during the entire tournament.

The second game for the home team was played Friday night with Busby at 9 o'clock and again the Jayton girls were victorious with a score of 19 to 28, giving them the right to play Pyron in the semi-finals. So Saturday morning at 11 the local tea defeated Pyron by some fat and sure playing in the last period of the game to win by a score of 19 to 27, putting Jayton in the final game with Cottonwood who had also defeated all comers.

This final game was played at 9 o'clock amid the yelling of fans from all over West Texas. But the undefeated team of Cottonwood was determined to close their season undefeated and won the game with 7 points to the good. The Cottonwood team was exceptionally good and to cap it off had three girls that were six feet tall and it was too much height for the four foot five inch guards of Jayton to reach them. But both teams played a wonderful game with Mizzelle Gallagher and Doris Holley starring for the Jayton team. Doris Holley was picked as all tournament guard out of the 74 who participated in the games.

This trophy makes 16 trophies the boys track and field, picture making, sixth and seventh grade spelling, and a number of second places to win the title. "Hop" Worthen was an outstanding performer from the rural school, taking a number of first places in both athletic and literary events.

The ward school championship of Class B was more closely contested than the high school division. Jayton ward school was first with 120 points. Girard ward school score being 94. Jayton Ward School won first in the following events: Choral singing, ward school junior girls declamation, ward school junior boys declamation, junior boys track and field music memory, picture memory and fourth and fifth grade spelling.

Girard won first in arithmetic, essay writing, junior boys playground ball, sixth and seventh grade spelling and story telling.

There are those who make their business their pleasure, and there are those who make pleasure their business.

There is a vast gulf between money and mammon. The first is right; the latter wrong.

We hear they are making gas pipes out of paper now; no new thing, by the way, in this modern age.

The first start in life means everything to the man who wants to do right. Thrice blessed is he who gives the start.

Tramps may be classed as a great industrial army. We presume it is because they are engaged in the cultivation of germs.

The man who needs a preacher to prep up his piety ought not to object when pay day comes.

That man can never be disappointed who looks at the world with the mask torn off.

A vessel lay becalmed in a glassy sea. Not a breath of air filled the sails. The crew, waiting and watching, all at once noticed that a little pennant far up on the masthead began to stir and lift. There is not a ripple over the glassy sea — not the faintest movement on the deck. But when they see the pennant moving they know there is a rising wind. The upper sails are quickly spread to catch it. Instantly the vessel, under the power of the higher currents, begins to move while there is yet a dead calm on the surface of the sea. So it is in the realms of life. There are the higher and the lower currents. Too many set sail to catch only the breeze along the lower levels. There are strong winds that blow down from the hills. It would be an unspeakable gain to us if we could always bring our lives under the magic spell of the upper currents.

SOMETHING TO THINK ABOUT (A citizen)

Why was the I. W. A. created? I just wonder if the citizens of Jayton and Kent county really know why. It was created for the purpose of giving employment to our citizens and at the same time do some constructive work that would be a statue of progress for the country. I am not criticizing any one of our citizens, but all of us for not doing something; start several projects, to give the people more work. There is not a man on the relief that had not rather work and receive his pay than go to the relief office and get his weekly dole.

There are a number of projects that we could start if the men of Jayton would get together and work out these things and let the administrator of the P. W. A. realize that we, the citizens of Jayton and Kent County are behind these movements.

Look what the counties are doing, while we are setting heads and letting these funds go out without the community receiving any permanent improvements.

I imagine that the P. W. A. officials think we are a bunch of nit-wits, that are satisfied that we are still existing. Why shouldn't we have called on them for a few projects, while other counties are doing some constructive work, such as improving streets, building roads, repairing schools extending water mains and etc.

Lets get together and show some civic pride, give our unemployed more work, build up our community and reap some benefit from the spending of these funds.

Our trouble is that we do not have any kind of a civic organization. Let's wake up, get together and bind ourselves into a body of loyal citizens and combat these hard times. Remember the old saying "Altogether we can accomplish nothing, together we can do anything."

Things One Remembers

The other day I was in a country grocery store on the Oregon Coast. Some travelers were getting soft drinks.

I asked the lady proprietress, whom I knew, if she couldn't make me a ham sandwich. She motioned me to one side and said that the law prohibited her from selling sandwiches unless she took out "another" license. She pointed to the wall of the store which was covered with license, federal, and state, which were required for the sale of different products. "But," she said, "there is no law yet that prevents me from giving you a sandwich," which she did.

What a picture! A free country a little country grocery store, a hungry man — and the law prohibits him from buying a sandwich.

From Marshfield, Oregon, comes the astounding press dispatch that two dairymen were fined, not for selling impure milk but for the high expense of selling milk that was too rich, too pure, just as it came from a good cow.

I could hardly believe my eyes. There was no false labeling, no adulterating, the crime seem to be that they failed to "water" their milk efficiently to bring the butterfat content down to the legal requirements for the grade of milk.

tax money put in our stockings is taken out of our pocketbooks, plus interest.

THE BAPTIST CHURCH

We would like to call your attention to our mid week prayer service. We meet each Wednesday night at 7:30 for an hour of Bible study and prayer. We are now studying the book of Genesis at this hour, with the pastor teaching. It is our hope to study the whole Bible in this manner.

Anyone who has a desire to study God's word and pray is cordially invited to attend regardless of Church affiliation.

The program for Sunday Feb. 24 1935 follows:— 10:00 A. M. Sunday School 11:00 Sermon "Faith" by Rev. Fred McPherson. 6:30 P. M. Baptist Training Union. 7:30 Sermon: "The Conversion of Cornelius."

1 YOUNG HEN

Our better three fourths tells us that she wants some good young hens, we want her to have what she wants. We have long since learned it pays to keep the wife in a good humor, and the sooner all men learn this the better they will find the atmosphere is around the home fire. So we are going to make an effort to make good with our wife and at the same time make good with a number of our readers. For one good young hen delivered at the Chronicle office \$2.00 will give one full year subscription to the Chronicle. Now we don't want little old, poor hens and are not offering the trade for same at any price, we mean just average good hens that will lay and cackle and scratch and cluck and in case one gets hungry will make good soup and dressing. This offer is not limited to just one year — we will make it up to five for any one subscriber.

NOTICE TO CLUB MEMBERS

The Jayton Home Demonstration Club meets at the home of Mrs. Jim Sprouts Thursday Feb. 28th 1935 "Vanishing Complexion Evils with vegetable Cosmetics" will be the topic for discussion. The Agent will meet with us that day. All members are urged to be present and all visitors are cordially invited to attend the meeting.

As county chairman of the Highway beautification committee, I would like to ask the cooperation of every person in the county, in the keeping of rubbish and tin cans and etc. off our highways. Also if you have any trees or shrubs you will donate to the department, notify me and I will call for them. Let's make our highways as beautiful and attractive as any in the state. Mrs. Chas. J. Robinson, County Chairman.

The best way for the Government to get this county off of the relief rolls is to send us a foot of moisture within the next thirty days.

The Peacock bank will be the county depository for the present year paying 1 1/2 per cent interest on daily balance for the use of the Kent Co. funds.

Quite a number of new subscribers will go on our mailing list this week result of our Special 50c rate, but we still have room for a few more.

As the March term of District court nears we expect to hear of a few Kent county folks going to visit their wife's relatives in distant states.

B. S. Goodeich has just returned from a visit to his children and other relatives stopping off at Lubbock Plainview Canyon, Amarillo and Lockney. He reports the biscuit crop in that section every thing but flattering, however, on closer investigation in the fields he found much wheat still retaining a good stand and lots of it that has good roots, and if the moisture arrives in a few days it will rapidly recover the losses it has suffered from the dry freezes.

Mrs. Marion Simpson of Lubbock and Mrs. F. T. Whitaker of Jayton attended the funeral of an uncle J. A. Rodgers of Dallas last week end. Mr. Rodgers was buried at Waco.

Mr. and Mrs. F. T. Whitaker went to Snyder Wednesday to attend the funeral of Mrs. W. H. Hucabee.

REWARD:— A reasonable reward will be paid to the person finding and returning the small yellow back book entitled "Getting Together." The book was borrowed from Mrs. Ivey Murdoch by some member of the Epworth League of Jayton. Mrs. Ivey F. Murdoch

Because she refused relief when a widow saddled with debts and three children, Mrs. Irene Davis was given a silver cup that marks her as one of "Alabama's greatest women of 1934" She went to an eight acre farm outside Greenville and there with a borrowed mule which her 14 year old son used for plowing she and the children made their living and cut of the bountiful harvest paid off her debts. Seed, fertilizer and clothing were supplied Mrs. Davis by the State relief administration as an advance loan and all this debt was paid off at the same time.

...ber.

...We realize the counties are disturb-  
...ed about the amount of relief funds  
...they are receiving, but we are turn-  
...ing over every dime to them as fast  
...as it comes to us." Mr. Johnson stat-  
...ed.

...Counties were requested NOT to  
...send delegations to Austin seeking  
...more funds and approval of work re-  
...lief projects wherein the state is cal-  
...led upon to pay material costs.

..."We just can't pay out any money  
...for materials at this time," Mr. John-  
...son said.

**For City Marshall Ford Agency For Jayton**

...I take this method of informing  
...the citizens of Jayton that I am a  
...candidate for City Marshall. I know  
...that all of you are well acquainted  
...with me and know whether, I am  
...qualified to serve you as you de-  
...sire to be served or not. If you  
...believe I will make you a good of-  
...ficer I earnestly solicit your support.  
...If elected I will do my best to carry  
...out the law as it should be carried  
...and make you a real City Mar-  
...shall Thanking you now for any  
...favors shown me, I am

Sincerely Yours,  
Malcolm Hall.

**ARRESTED ON LIQUOR CHARGE**

...Last Saturday afternoon deputy  
...sheriff Byrum Smith arrested two  
...parties on a charge of violating the  
...prohibition laws. This is the first ar-  
...rests of this kind in Jayton for some  
...time. We are informed that one of  
...the two taken before the grand jury  
...last Tuesday came clean and the other  
...will be tried in the District Court  
...next week.

...-o-o-

...It seems that Kansas has decided  
...to settle in Texas as we have had  
...two Kansas dust storms since the last  
...publication of the Chronicle. Just  
...when we were getting reconciled to  
...sand storms, along comes these dust-  
...storms and get us all confused. What  
...has Texas ever done to Kansas to  
...cause this dust migration anyway.

...boys track and field, picture  
...sixth and seventh grade spelling, and  
...a number of second places to win the  
...title. "Hop" Worthen was an out-  
...standing performer from the rural  
...school, taking a number of first  
...places in both athletic and literary  
...events.

...The ward school championship of  
...Class B was more closely contested  
...than the high school division. Jay-  
...ton ward school was first with 120  
...points. Girard ward school score be-  
...ing 94. Jayton Ward School won first  
...in the following events: Choral sing-  
...ing, ward school junior girls decla-  
...mation, ward school junior boys de-  
...clamation, junior boys track and field  
...music memory, picture memory and  
...fourth and fifth grade spelling.

...Girard won first in arithmetic, es-  
...say writing, junior boys playground  
...ball, sixth and seventh grade spelling  
...and story telling.

**MORE WORK ON HIGHWAY 18**

...Thursday's state papers carried  
...the announcement of the call for  
...bids on two more projects on high-  
...way Eighteen. The call was for bids  
...on 12 miles of grading and drainage  
...structures in Stonewall county be-  
...tween Aspermont and the Haskell  
...county line and for three bridges in  
...Dickens county between Spur and the  
...Kent county line. It begins to look  
...as if old highway 18 is to be com-  
...pleted before the good year of 1936  
...Centennial year in Texas.

...-o-o-

...From all reports, Postmaster E.  
...C. Wade has seriously taken up the  
...game of golf and is taking lessons  
...from the proficient experts at the  
...game H. Kenady and John Fowler.

...County attorney Adeock, accom-  
...panied by his wife and mother and  
...County Judge J. B. Earnest made a  
...trip to Lamesa, Thursday of this  
...week.

### ON TEXAS FARMS

(Minnie Fisher Cunningham)

Looking toward more home or-  
chards in Runnels county the county  
agricultural council appointed an  
orchard committee to secure bids  
from nurserymen and asked each  
community agricultural Association  
to canvass and list the persons want-  
ing fruit trees and vines. More than  
700 trees were ordered.

Mrs. Ora Montgomery, yard im-  
provement demonstrator of Collins  
has a rule that no shrub is to be  
planted in ground that has not been  
especially prepared for it. If the  
ground is tight and waxy it has to  
be loosened up by working in barn-  
yard manure and cotton waste from  
the gin before this home beautifier  
will approve risking the life of one  
of her plants.

Cold weather in Llano county was  
the signal for more pecan budding  
work there. On the ranch of F. H.  
Westerman, farmers, ranchmen and  
4-H club boys gathered to take part  
in the pecan budding demonstration  
when Glen Patton R. H. Nelson, and  
D. D. Steele, farm demonstration a-  
gent showed the how. Westerman  
plans to increase the number of top  
worked trees on his ranch gradually  
until he has the banks of the San  
Fernando bordered with fine pecans.

Hardy shrubs proved their worth  
in the recent freeze according to the  
report of Miss Effie McClene, home  
demonstration agent, on the yard im-  
provement work being carried on by  
rural women in Kleberg county.  
Plants that were acclimated by na-  
ture stood the cold as they stood the  
long dry spells, while tender though  
beloved shrubs lost out completely.  
These probably will be replaced by  
more hardy varieties to insure no  
future loss, Miss McClene said.

County agent terracing in Texa-  
son 12,760 farms amounted to 484-  
495 acres in the 193 counties report-  
ing at the end of 1934, according to  
figures compiled by M. R. Bentley  
Extension Agriculture Engineer.

An additional 61,287 acres in 62  
counties were terraced by 4-H club  
boys as a part of their year's club  
work.

Texas farms terraced in 1934 by  
everyone reached the impressive fig-  
ures of 18,309 including 774,343  
acres in 196 counties.

Of this acreage 158,000 acres  
were terraced by the use of county  
tractors and road graders. This in-  
dicates increasing use of this tax  
payer's investment.

Plans for terracing in 1935 are  
so wide spread that it almost seems  
if general recognition of the neces-  
sity for this work had been at least  
achieved. People are terracing for  
soil conservation, for water conserva-  
tion, and for flood control. They are  
terracing crop and pasture lands  
Gardens, orchards and even yards  
are being terraced to preserve the  
fertility of the soil, save the moisture  
and prevent gully washing.

### RODEO IN JAYTON THIS WEEK

Texas Slim and his cowboys and  
Cowgirls are in Jayton this week  
end with their show of bucking  
horses and pitching steers. They are  
showing under the auspices of the  
Fire boys and offer a good clean  
wholesome entertainment for the  
people who like to see a wild west  
show.

J. C. Miller made a trip to Lub-  
bock this week.

What this county needs now is a  
good rain to fill all the lakes tanks  
and cisterns. The old gyp well is  
still furnishing the populace with  
water.

There are still a few subscriptions  
on the market to go at 50c. If you  
have not paid up now is the time to  
get your renewal to the Chronicle  
while the 50 cent rate lasts.

Sheriff Cato of Garza county is  
in a pretty tough spot at the pre-  
sent and if it keeps on they will  
have his bondsmen arrested as they  
already have his deputy, his lawyer  
and two others locked up for var-  
ious reasons best known to the fed-  
eral officers.

Postmaster Wade was on the sick  
list Wednesday afternoon of this  
week.

Henri Sue Barfoot is visiting with  
her grandparents here in Jayton this  
week.

Judge J. B. Earnest and C. O. Fox  
Jr. made a trip to Lubbock Thursday  
of this week.

Neva Vincent went to Anson Wed-  
nesday where she will be employed in  
the Anson Hotel.

face. Clean with a dry cloth that will  
absorb oil. Apply a second coat of  
varnish and let it dry for at least  
two days. Repeat rubbing with pow-  
dered pumice stone and linseed oil.  
Apply third coat of varnish and let  
dry two days and use pumice stone  
and linseed oil as before. A liquid or  
paste wax is ready to be applied. Al-  
low it to stand for 15 or 20 minutes  
then rub with a flannel cloth with  
the grain until wood has a velvety  
finish.

"Our hotbed is going to serve two  
purposes; one as a source of spinach,  
lettuce and radishes; second as a  
cold frame for tomato and pepper  
plants," reports Mrs. T. T. Kellum  
farm food supply demonstrator for  
Claremont H. D. Club. "For such a  
useful fixture, I think the \$1.19  
spent in making this hotbed which  
is six feet by six is a very small  
amount spent," she added.

By the middle of March all of  
the vegetables will be used from  
this winter garden. About this time  
the tomato and pepper plants which  
I have planted in one box and tub,  
will be ready to be transplanted in  
a cold frame and the hotbed will be  
used as a cold frame for these plants  
she added.

Quite a number of Jayton folks at-  
tended the show in Spur Tuesday of  
this week.

SCHOOL NEWS

Rev. Fred McPherson spoke to us last Monday morning in chapel. He gave us a very interesting talk on the religion and customs of the far away people of India. After his message we were able to see how we like our country better than we do India.

Basket ball is over for another year and we are entering wholeheartedly into our interscholastic league work. The literary work is progressing nicely but we haven't started track as it will start within the next day or so. High jump and vaulting seem to be the most popular events thus far—Fuzzy vaulted the bar at 7 feet the first day. Loyel, Melton and Richard are doing fairly good in high jump. Owen, Douglas, Herbert, H. J. Clifton, L. H. and Joe are getting ready to do the things in their lines up in a big way. Merle is thinking of heaving the shot this year so look out.

The volley ball girls will soon be ready for competitors, and we are thinking of playing the teachers soon. Joe, Richard, C. B. Barney Faye and Doris Mae are getting in some good tennis practice.

The first six weeks exams are over now so we can come down to earth again. Next week we will see what our report cards say. Lets hope they are fit for parents to see.

Soph News

Well folks I am sure that you are glad to hear from the Sophomore class again. Mr. Coons gave all the reporters for the school a slight "airing out" about not writing any class news, so I guess we'll have to think up some "whopper".

We've all been so busy playing ball and studying for these six weeks exams that we just haven't had time to write up any news. As a result of all this studying, W. J. Garrett, of all people, made a 100 on Algebra. This was such a shock to Mr. Lowrey that he gave Katie Crider 99, another accident, I presume.

This is station S O P H signing off until next week. "So Long Folks."

Sixth Grade Good English Club Last Friday afternoon, Mrs. Hancock met with the sixth grade good English Club, while Miss Waddell went to Roscoe with the basket ball girls. We enjoyed having Mrs. Hancock with us. We elected new poster committees as follows:

Rosa Faye Lee, Jack Coats and Jimmie D. Howell.

We also elected a new reporter, Christal Lefoon. We wish to thank the old poster committee and old reporter for the service they rendered during their administration.

The young people of the Methodist Church attended a union meeting at Aspermont Monday night. The next meeting will be held in Jayton the second Tuesday in March.

Miss Anna Bell Frazier of Spur is

spending a few days in Jayton living in the home of J. C. Miller and wife.

Mrs. George Rice and Duncy accompanied by Mrs. Bake Rob and children made a trip to manche last week end to attend birthday celebration of Mr. Kn who was 80 years old Sunday.

Mr. and Mrs. G. Coury of visited friends in Jayton, Sunday. Mr. Coury tells us that the oil near Rotan promises to make a one and that Rotan is preparing a genuine oil boom.

Many Kent County farmers sowing oats these days in the hope of having sufficient rains to give early feed for their work stock.

There were 121,508 babies born in Texas during the year of 1934.

A sure way to go broke — help pay your competitors advertising bill by refusing to advertise for yourself. Like going to Heaven on your wife's religion. — What a joke.

Miss Chloë Darden, teacher in the public school at Swenson was a week end visitor in Jayton.

SHERIFF'S SALE

State of Texas County of Jones Notice is hereby given that by vir-

of an order of sale issued out of the Honorable District Court of Jones County, Texas, by the Clerk of said court, on the 5th day of February A. D. 1935, in the case of J. E. Robinson of Jones County, Texas and C. J. Robinson of Kent County Texas, composing the partnership of Robinson Bros., and whose main office is in Jayton Kent County, Texas against D. Etheridge and Lillie Etheridge, Numbered on the docket of said court 5992, on a judgement rendered in said court in favor of said Robinson Bros., and against the said D. Etheridge and Lillie Etheridge, for the sum of \$1289.46 to draw interest from the date of said judgment at the rate of 10 per cent per annum until paid and the further sum of \$128.94 to draw interest from same date at the rate of 6 per cent per annum until paid, and also costs of suit, with a foreclosure of an attachment lien on the following described real estate to wit:

The north 1-2 of survey No. 45, abstract No. 356, Block "G" original grantors W. and N. W. R. Ry Co., Pat., No. 134 Vol. 104, certificate No. 2-421, situated in Kent County, Texas, and said attachment lien existed on the 10th day of October A. D. 1934 and levied upon as the property of D. Etheridge and that on the first Tuesday in March A. D. 1935, the same being the 5th day of said month, at the Court house door of Kent County, Texas in the town of Clairmont, between the hours of 10 o'clock A. M. and

4 o'clock P. M. I will offer for sale and sell at public auction, for cash, to the highest bidder, at the right title and interest of the said D. Etheridge and Lillie Etheridge in and to the said above described real estate.

Witness my hand and seal this 22nd day of February, A. D. 1935. B. A. County Clerk of Jones County, Texas E. V. P.

JIM THRIFT'S

See how those wheels can be set in or out on their axles! I can adjust the tread on my new John Deere to fit every important job on my farm.

You have been asking for a John Deere tractor like this it's here—be sure to come in and see it.

# THE JAYTON CHRONICLE

JAYTON, KENT COUNTY, TEXAS, FRIDAY, FEBRUARY 22, 1935

NUMBER 8

## Editorial Comment

By Uncle Peavine)  
After due consideration I have concluded to my opinion on the subject of the "house citizens". Now respects to the thrifty and the populace of our little town because I do not want to lose into something that is none of my business, but through the mail order either got to stop, or at down, or the people of try will find themselves a place where schools no public institutions, where development is no longer given. All fire fighting equipment is personal property and barrels and buckets. We look forward to paved roads and signs of public progress as the people continue to size the mail order houses larger percentage of their of the people wonder why it isn't a good policy to the mail order houses. They understand why it is that if it is continued that the will be closed except for the can stay open on state here is the idea in a nut what is made and spent the city that makes it what the people insist on giving percentage of their business the mail order houses, the merchants and business not going to be able to taxes or stay in business under the present system. The schools will be forlorn. The paupers will have where they fall, because the towns, or state will not be try them.  
Look at it in the right way daily see why you are making investment and saving money by trading at home the circumstances that now realize that I am not in a to say what the people can do, but without any resentment toward this writer, could give the matter your consideration and spend your here you make it. I urge you what you need to spend for essities of life with your chants.

## Men's Cupidity Destroys Colorful Sport

Horse racing is colorful spectacular and provides exciting entertainment and we think it a pity that human nature is such that a spirited sport of this kind cannot be enjoyed without producing criminal elements which prostitute the fine qualities of sportsmanship and grow fat on the susceptibilities of people in every-day walks of life. It is a pity, of course, that this is so, but an inescapable fact that it is so. Horse racing, therefore, should pass from Texas life. We are quite willing to concur with the Governor in his opinion that "the very foundation of morality and character of our people is being undermined by legalized, commercialized and advertised gambling" but for our own part we feel the economic effects of horse racing outweigh even its moral consequences. Millions of dollars have been diverted from legitimate business channels, much of which has migrated to other racing centers throughout the country. The resultant losses have been enormous, and certainly the megar tax revenue accruing to the state cannot compensate for these losses to the people. In any event we have no sympathy with the argument that lucrative taxation of an evil justifies the existence of the evil, and we applaud the Governor in his statement that "it is axiomatic that taxation of immorality and vice is the resort of a weak government." There has never been any law against horse racing in Texas, of course; the laws have been against gambling on horse races. And when this thrilling sport can flourish only when gambling is permitted and die abruptly when gambling is prohibited, it stands indicted as something else than a mere sport. Those who thrill at the sight of thoroughbreds driving forward to victory with a fine competitive spirit will regret that this sport of kings must be sacrificed by the cupidity of men.

## Basket Ball Teams And Coaches Honored

Wednesday night of this week the hall of the high school building was the scene of a lovely banquet given in honor of the basket ball players and their coaches.  
The tables were decorated with nine of the thirteen trophies won by both girls and boys this season. A three course dinner was served by the home economics classes.  
The programs and placards were miniature basket balls designed by Miss Mayme Morris Murphy.  
Mr. G. A. Lowrey was master of ceremonies, and speeches were made by the three coaches, Mr. Coons, the Senior Boys coach, Miss Mabel Waddell, the Senior girls coach and W. B. Garrett, junior boys coach.  
The captains of the teams, Barney Faye Sewalt and Richard Jay gave their conception of the most thrilling basket ball game this season.  
Other speeches were made by Budie Self, Alice Davis and Mr. Lowrey.  
Following the dinner, games were played and all acknowledged that the banquet as well as the basket ball season had been most successful.

## Disappearing Foreign Commerce Bad

Disappearing foreign trade has been one of the most difficult problems during the late years. Last year an effort to solve it made by passing legislation whereby the President was empowered to enter into reciprocal trade agreements with foreign powers, under which each country would agree to grant the other favors.  
Secretary of State Hull is heart and soul in favor of these treaties, he wants all foreign nations not discriminating against American products, to have equal advantages in trading with us. He is opposed to trade barriers to the free flow of products.  
Opposed to this is Charles C. Peek, special White House Adviser on foreign trade, and the clash between the views of Messrs. Peek and Hull has, according to Business Week, "blocked the whole progress of export recovery." Mr. Peek stands for government barter, with ironhanded regulations of both imports and exports.  
A short time ago business men were elated at an authoritative report that the President has finally decided against Mr. Peek and for Mr. Hull. He will throw his weight behind reciprocal trade agreements, not barter.  
Thus, the chances are that strong efforts will soon be made to bring trade back, now that a course of action has been decided upon. If those efforts succeed, many hundreds of millions of dollars will come from foreign shores to tinkle in American cash registers.  
Business observers are now saying that what the construction industry did to break the depression of 1921, the motor industry seems to be doing on behalf of the current and infinitely more important depression. Both production and sales are rising, and it is forecast that 3,000,000 units will be sold in 1935.  
Business reports continue to show improvements in all lines.

## Pension or Dole

It's our opinion that should Congress fail to pass a safe, sane, reasonable old age pension bill, not necessarily \$200 per month nor \$100 per month, but not less than \$50, that two years from now there will be seen many new faces in Washington. The way we see it, it's better to pension the aged that they may enjoy a few years of rest and security, than to dole the young into everlasting worthlessness. The folks back home are watching their congressman this year as never before.  
The following telegram was dispatched from Jayton last Monday morning.  
Hon. Leonard Westfall,  
Austin Texas.  
"We the members of the Jayton Baptist Church favor the repeal of the race track gambling law and urge you to vote accordingly."  
Signed: Fred McPherson, Pastor.  
G. B. Callicote, Clerk

## \* Nobody's Business \*

Austin, Texas, February 19.—Appointment of Sarah T. Hughes, 98-pound bundle of feminine energy and brains, who has represented Dallas county in the lower house for the past four years, to be judge of the 14th district court in Dallas County, started a storm of legislative and political reverberation which is still reverberating through the capitol.  
Governor Allred, by naming her, gained the friendship of thousands of women in every corner of the state. She is the first regularly appointed woman judge of a district court in Texas. She led the Allred forces in their 1908 fight when the 44th legislature convened to supplant Coke Stevenson of Junction as speaker, with Bob Calvert of Hillsboro, despite her personal friendship for Stevenson. She lost that fight, as she has lost many others during the past four years, but not until her opponent realized that they had had a woman. She is recognized in Austin as one of the group of half dozen female leaders who really "run" the house.  
Senator Claud Westfield of Dallas, a new comer to the Senate this year, took a political spanking over Mrs. Hughes' appointment. He did not vote for her. When the appointment went to the senate, he gave out a rousing interview, declaring she "ought to be home in the kitchen washing dishes." Then he said she was temperamentally unfitted to be a judge. Then he said he would claim "Senatorial Courtesy" to invoke an adverse vote on her confirmation.  
Each of these moves was a mistake. When he tried to relegate Sarah to the kitchen sink by a newspaper interview, women all over Texas went into action and pounded thousands of letters and telegrams into the senator's door.  
The new judge of the Dallas Senate had Westfield been politically wise enough to have kept quiet, he might have gone to the committee on nominations, claimed senatorial courtesy, and doubtless his colleagues would have sustained the time honored custom of satisfying a fellow Senator about appointments in his district. But not after he had turned the wrath of the womanhood of the state loose upon their senatorial heads. So they opened the committee hearings to the public, an unprecedented procedure.  
Harry E. Lawther of Dallas, once president of the State Bar Association, appeared as the only protestant against Mrs. Hughes' confirmation. He was not impressive when members of the committee caused him to admit, in effect, that he didn't favor Mrs. Hughes because she hadn't voted for a bill he advocated at a previous session. Westfield saw C. F. Cusack, his manager in runoff primaries last summer, appear and testify in Mrs. Hughes' behalf. Later, it developed, Cusack wanted to run for Mrs. Hughes' seat. The committee reported her favorably, and the senate confirmed her. An aftermath was the publication in a Houston paper of the supposedly secret vote on her confirmation. The august Senators grilled the reporter for an hour then decided he had violated no rule, but had ignored an ancient custom, and outsmarted them. So they will take steps to prevent that from happening again.

## Valentine Party

The Junior G. A. girls of the Baptist Church were entertained last Thursday night with a Valentine party at the home of Mary Lou Matthews.  
Many interesting games were played and refreshments were served to the following: Jimmie Davis, Sue Fowler, Virginia and Nadine Callicote, Lou and Sue Matthews, Betty Rose, Maxine Gallagher, Maxine McCombs Jennie Fay Rose, Dorothy Earnest, Margie Hancock and Mrs. Hembree.  
Each one present reported a good time.  
Reporter.

## Howard - Campbell

On January 28 1935 at the home of Mr. and Mrs. Bill Porter, Miss Beatrice Howard stole a march on her friends and was quietly married to Mr. R. B. Campbell Jr. of Clyde, Texas. Judge J. B. Earnest performed the ceremony that made them husband and wife.  
This young couple accompanied by Judge Earnest and Miss Maurice Patton drove up to this beautiful home where Hon. J. B. Earnest said the words that bound the young couple in the bonds of holy matrimony.  
Immediately after the ceremony the three couples attended the show in Spur, "Now and Forever" with the casualness as the nothing had happened. Returning home in the same manner as the nothing had occurred but a pleasurable night in seeing the show and until this week nothing was said about the matter.  
This week after making a formal announcement the bride was given a beautiful shower by Mrs. Bill Porter and Miss Elouise Wilson.  
The bride is the daughter of our depot agent Mr. and Mrs. G. G. Howard and has many friends here, having graduated from Jayton High School.  
The groom is the son of Mr. and Mrs. R. B. Campbell of Clyde, Texas. The couple plan to make their home in Pecos Texas, where Mr. Campbell is employed at the present time.

## Bridal Shower

Tuesday afternoon at the home of Mr. and Mrs. Bill Porter, Mrs. R. B. Campbell Jr., was honored with a shower given by Mrs. Porter and Miss Elouise Wilson.  
The bride received many beautiful and useful gifts. There were fifty or more names registered in the Brides Book.  
After numerous games were played delicious refreshments of sandwiches, tea and cake were served to those present.  
Messrs. Golding and Granberry of Spur were seeing friends in Jayton Wednesday A. M. They tell us that the advertisement for bids to construct highway 18 from Spur to the Kent county line will be published in this weeks Spur papers.  
H. I. Patterson was doing business in Jayton Wednesday of this week.

## To Our Friends and Loyal Supporters

Were we daughters of some of our great orators we might in a few beautifully expressed sentences tell you how much we appreciate your wonderful help in making our Basket Ball season somewhat of a success. But since we are just mere basket ball players we will have to depend on our simple but sincere words.  
First we wish to express our gratitude to Mr. Lowrey, our superintendent for permitting us to attend so many tournaments.  
His never failing confidence in our ability to win inspired us to do our best at all times.  
May he next year have the same opinion that we will strive at all times to keep this confidence.  
To our parents; Your encouraging smile and cheery words made us determined to win as much as we could throughout the season. We want to especially thank Mr. and Mrs. Sewalt, Mr. and Mrs. Gallagher, Mr. and Mrs. Ernest, Mr. and Mrs. Bill Daniels, Mr. and Mrs. Holley, Mr. and Mrs. Glenn Huls, the Wade family and the Williams family.  
To Mr. Dallas Kennedy for keeping our suits cleaned and helping us to win the reputation for always appearing neat on the court, we extend our hearty thanks.  
Last but not least we want to thank "the boosters" that came to the final "round-up" at Roby and gave voice to us in the way of cheer in our efforts to win the tournament there. It was by a close margin that the Cottonwood team escaped our brand but it was not the fault of the one hundred and five boosters from Jayton that they escaped the iron. We are proud to know that the town was back of us to the last.  
To all we wish to say that we are grateful.  
Coach and Girls

## Girls Win Second Place Honors At Roby

The Jayton girls basket ball team went to Roby last Friday to attend the annual West Texas Tournament for girls basket ball. After playing four games, the Jayton team came home Saturday night with another trophy, denoting that they had won second place. Some of the best teams in West Texas participated in the tourney.  
The Jayton Girl's first game was with Roscoe which was played at 2 o'clock Friday afternoon with Jayton winning by the small margin of one point, the score at the end of the game being 33 to 32 in Jayton's favor. This was the closest game played during the entire tournament.  
The second game for the home team was played Friday night with Busby at 9 o'clock and again the Jayton girls were victorious with a score of 19 to 28, giving them the right to play Pyron in the semi-finals. So Saturday morning at 11 the local tea defeated Pyron by some fat and sure playing in the last period of the game to win by a score of 19 to 27, putting Jayton in the final game with Cottonwood who had also defeated all comers.  
This final game was played at 9 o'clock amid the yelling of fans from all over West Texas. But the undefeated team of Cottonwood was determined to close their season undefeated and won the game with 7 points to the good. The Cottonwood team was exceptionally good and to cap it off had three girls that were six feet tall and it was too much height for the four foot five inch guards of Jayton to reach them. But both teams played a wonderful game with Mozelle Gallagher and Doris Holley starting for the Jayton team. Doris Holley was picked as all around player and was one of the 74 who

## 36 000 Killed 882,000 Injured In U. S.

The worst automobile accident casualty toll ever experienced in the United States was recorded last year when 36,000 persons were killed and nearly a million injured as a result of 882,000 personal injury collisions on streets and highways.  
Although practically two-thirds of the accidents involved driving errors, pedestrians paid the highest price in the loss of life as shown by the death of nearly 16,000, or 44 per cent of the total fatalities.  
Detailed statistics giving the circumstances of the accidents as tabulated by the Travelers Insurance Company in its annual analysis show that the country's adverse experience was not due solely to an increase in the use of motor vehicles. Deaths gained 16 per cent as against an increase of between 5 and 6 per cent in registrations and 6 per cent in gasoline consumption. In this connection the analysis points out that in 1934, the previous high record in deaths, registrations were 3 per cent greater and gasoline consumption nearly one per cent more than in 1934, while fatalities in 1934 were almost 8 per cent less than last year.  
Too much speed for time and place is cited as dominant factor in the greater seriousness of automobile accidents last year. As an example of the extreme hazard produced by driving too fast, the rate of death per accident because of exceeding the speed limit was 40 per cent worse last year than the average of all accidents involving driving errors.  
Available records for the year show that 3.16 per cent of the drivers in accidents were declared to have been under the influence of intoxicants as against 2.43 per cent in 1933, an increase of one-third. The available records also show that 4.47 per cent of the pedestrians in accidents were declared to have been under the influence of intoxicants as against 2.99 per cent in 1933, an increase of 49.5 per cent.

## Mary Ellen Capps

Little Mary Ellen Capps was born August 13, 1933 at Postotoc Mason County, Texas. She died Feb. 17, 1935 at the Lubbock Sanitarium. She was the daughter of Mr. and Mrs. W. E. Capps.  
Little Mary Ellen is survived by her father and mother and four brothers, William, Douglas, Malcolm and Ruben Lee.  
Funeral services were held Monday afternoon at Clairmont at 4:30 p. m. with Rev. Fred McPherson in charge of the rites. Interment was made in the Clairmont Cemetery.

## A State Can Live Within Income

Nebraska is advertised as being a debtless state today; as a commonwealth where law prohibits pledging the state's credit for more than \$100,000; and also as a state which has ridden through war and peace, drouth and plenty, without issuing a dollars worth of bonds.  
It built a \$10,000,000 state capitol over a period of twelve years out of its annual tax levy. Its roads are paid for by a four cent gasoline tax and motor vehicle license fees, plus the usual Federal aid.  
Nebraska's government, aside from road building, is supported by a general property tax and it has no income or sales tax.  
These facts seem to prove that a great state can be operated on a business basis and stay within its income.  
Nebraska should be an object lesson for every state in the union, many of which are staggering today under bond issues to pay for political experiments and inefficiency which the coming generations will struggle to pay if they are ever wiped out. The taxpayers should rise up in arms, as it were, against practically every proposal that is made to futher burden the people with taxes.  
The lawmaker today who suggests tax increases as a way to meet state problems, is in most cases simply showing his inability as a business man to balance the public's business budget.  
Glenn Huls is some what crippled up with a case of rheumatism this week.

## Basket Ball Boys End Season

Jayton Senior Boys basket ball county champions of Kent went to the district inter-county clash at Roby last Friday and dropped their first game in eliminations and the last game of the season to the Roby five.  
The team gave the Roby five one hardest battles ever fought in school basket ball. The Jayton team was leading their opponents until the last minute and at the game when Roby nosed and that couldn't be regained few seconds left to play. The Roby team scored 26 to 23 of Roby cagers.

## Ordered Vacation

The past two weeks the editor is enjoying an "ordered vacation". The Dr. told us that our T was missing of three and 1-4 and needed overhauling badly. The shape of a rest, so we took a way, for two weeks. Coming back to work Monday of this week, we learned that we were not needed. It's good to post-poned that should something happen would incapacitate us, that bronicle would continue to a appearance weekly and what might take place in its matter would in no way effect our friendship of the public.  
The age of youth -- us old are only useful as brakes on impulsivity.

Judge Earnest tells us he is ready for publication early date the financial statement of Kent county. Last week the Free Press published the financial statement of Haskell Co. and we showed Haskell county to be \$743,150.61. We are worried about the indebtedness of county totals.

There are those who make their business their pleasure, and there are those who make pleasure their business.

There is a vast gulf between money and mammon. The first is right; the latter wrong.

We hear they are making gas pipes out of paper now; no new thing, by the way, in this modern age.

The first start in life means everything to the man who wants to do right. Thrice blessed is he who gives the start.

Tramps may be classed as a great industrial army. We presume it is because they are engaged in the cultivation of germs.

The man who needs a preacher to prep up his piety ought not to object when pay day comes.

That man can never be disappointed who looks at the world with the mask torn off.

A vessel lay becalmed in a glassy sea. Not a breath of air filled the sails. The crew, waiting and watching, all at once noticed that a little pennant far up on the masthead began to stir and lift. There is not a ripple over the glassy sea — not the faintest movement on the deck. But when they see the pennant moving they know there is a rising wind. The upper sails are quickly spread to catch it. Instantly the vessel, under the power of the higher currents, begins to move while there is yet a dead calm on the surface of the sea. So it is in the realms of life. There are the higher and the lower currents. Too many set sail to catch only the breeze along the lower levels. There are strong winds that blow down from the hills. It would be an unspeakable gain to us if we could always bring our lives under the magic spell of the upper currents.

**SOMETHING TO THINK ABOUT**  
(A citizen)

Why was the P. W. A. created? I just wonder if the citizens of Jayton and Kent county really know why. It was created for the purpose of giving employment to our citizens and at the same time do some constructive work that would be a statue of progress for the country. I am not criticizing any one of our citizens, but all of us for not doing something; start several projects, to give the people more work. There is not a man on the relief that had not rather work and receive his pay than go to the relief office and get his weekly dole.

There are a number of projects that we could start if the men of Jayton would get together and work out these things and let the administrator of the P. W. A. realize that we, the citizens of Jayton and Kent County are behind these movements.

Look what the counties to the North, South, East and West are doing, while we are setting here and letting these funds go out without the community receiving any permanent improvements.

I imagine that the P. W. A. Officials think we are a bunch of nitwits, that are satisfied that we are still existing. Why shouldn't they? We have called on them for a very few projects, while other counties are doing some constructive work, such as improving streets, building roads, repairing schools, extending water mains and etc.

Lets get together and show some civic pride, give our unemployed more work, build up our community and reap some benefit from the spending of these funds.

Our trouble is that we do not have any kind of a civic organization. Let's wake up, get together and bind ourselves into a body of loyal citizens and combat these hard times. Remember the old saying "Alone we can accomplish nothing, together we can do anything."

**Things One Remembers**

The other day I was in a country grocery store on the Oregon Coast. Some travelers were getting soft drinks.

I asked the lady proprietress, whom I knew, if she couldn't make me a ham sandwich. She motioned me to one side and said that the law prohibited her from selling sandwiches unless she took out "another" license. She pointed to the wall of the store which was covered with license, federal, and state, which were required for the sale of different products.

"But," she said, "there is no law yet that prevents me from giving you a sandwich," which she did.

What a picture! A free country a little country grocery store, a hungry man — and the law prohibits him from buying a sandwich.

From Marshfield, Oregon, comes the astounding press dispatch that two dairymen were fined, not for selling impure milk but for the high crime of selling milk that was too rich, too pure, just as it came from a good cow.

I could hardly believe my eyes. There was no false labeling, no adulterating, the crime seem to be that they failed to "water" their milk sufficiently to bring the butter fat content down to the legal requirements for the grade of milk.

The court handling the case gave the offenders a suspended sentence and placed them on parole for a year.

And this happened in the land of the free! Men hailed into court and sentenced for serving their customers too well.

"When profitability disappears through prices falling below costs, the situation may be restored in one of two ways. Prices may be raised, or costs may be reduced. The second is the normal method by which a depression is finally ended with the removal of the maladjustments in which it originated." — Sir Arthur Salter.

**The Fallacy Of 'Free Money'**

The American public has come to look on the Federal government as a financial Santa Claus, which goes on forever distributing the bounty of "Free Money" for one purpose or another. One of the proudest boasts of many elected officials is that they have been able to get this appropriation or that for their state.

Current plans call for an expenditure of some \$5,000,000,000 for public works by the Federal government. Much of this great sum will be distributed to the states, to spend for roads, relief, dams, public buildings or some other public purpose. When the money has been spent, citizens will look at the imposing courthouse or superhighway or whatever it created and think happily that it cost them nothing — that magical forces at play in Washington produced the money out of thin air and kindly passed it on.

Well, that \$5,000,000,000 will be raised through the sale of Federal bonds. These bonds amount to a mortgage on every piece of property in the nation — every home, farm, factory or investment. If the \$5,000,000,000 is divided by the number of Congressional districts in the country, the share of each district amounts to about \$12,000,000. Every nickel of that money must be paid back by the American people through taxation — and they must pay, in addition, many hundreds of millions more in interest on the government bonds. Probably few congressional districts would burden themselves with a \$12,000,000 bond issue if it were proposed to vote such a debt against the district.

Unhappily there is no such thing as a financial Santa Clause — the

tax money put in our stockings is taken out of our pocketbooks, plus interest.

**THE BAPTIST CHURCH**

We would like to call your attention to our mid week prayer service. We meet each Wednesday night at 7:30 for an hour of Bible study and prayer. We are now studying the book of Genesis at this hour, with the pastor teaching. It is our hope to study the whole Bible in this manner.

Anyone who has a desire to study God's word and pray is cordially invited to attend regardless of Church affiliation.

The program for Sunday Feb. 24 1935 follows:—  
10:00 A. M. Sunday School  
11:00 Sermon "Faith" by Rev. Fred McPherson.  
6:30 P. M. Baptist Training Union.  
7:30 Sermon: "The Conversion of Cornelius."

**1 YOUNG HEN**

Our better three fourths tells us that she wants some good young hens, we want her to have what she wants, we have long since learned it pays to keep the wife in a good humor, and the sooner all men learn this the better they will find the atmosphere is around the home fire. So we are going to make an effort to make good with our wife and at the same time make good with a number of our readers. For one good young hen delivered at the Chronicle office we will give one full year subscription to the Chronicle. Now we don't want little old, poor hens and are not offering the trade for same at any price, we mean just average good hens that will lay and cackle and scratch and cluck and in case one gets hungry will make good soup and dressing. This offer is not limited to just one year — we will make it up to five for any one subscriber.

**NOTICE TO CLUB MEMBERS**

The Jayton Home Demonstration Club meets at the home of Mrs. Jim Sprouls Thursday Feb. 28th 1935 "Vanishing Complexion Evils with vegetable Cosmetics" will be the topic for discussion. The Agent will meet with us that day. All members are urged to be present and all visitors are cordially invited to attend the meeting.

As county chairman of the Highway beautification committee, I would like to ask the cooperation of every person in the county, in the keeping of rubbish and tin cans and etc. off our highways. Also if you have any trees or shrubs you will donate to the department, notify me and I will call for them. Let's make our highways as beautiful and attractive as any in the state.

Mrs. Chas. J. Robinson,  
County Chairman.

The best way for the Government to get this county off of the relief rolls is to send us a foot of moisture within the next thirty days.

The Peacock bank will be the county depository for the present year paying 1-2 per cent interest on daily balance for the use of the Kent Co. funds.

Quite a number of new subscribers will go on our mailing list this week result of our Special 50c rate, but we still have room for a few more.

As the March term of District court nears we expect to hear of a few Kent county folks going to visit their wife's relatives in distant states.

B. S. Goodrich has just returned from a visit to his children and other relatives stopping off at Lubbock Plainview Canyon, Amarillo and Lockney. He reports the biscuit crop in that section every thing but flattering, however, on closer investigation in the fields he found much wheat still retaining a good stand and lots of it that has good roots, and if the moisture arrives in a few days it will rapidly recover the losses it has suffered from the dry freezes.

Mrs. Marion Simpson of Lubbock and Mrs. F. T. Whitaker of Jayton attended the funeral of an uncle J. A. Rodgers of Dallas last week end. Mr. Rodgers was buried at Waco.

Mr. and Mrs. F. T. Whitaker went to Snyder Wednesday to attend the funeral of Mrs. W. H. Hucabee.

**REWARD.**— A reasonable reward will be paid to the person finding and returning the small yellow back book entitled "Getting Together." The book was borrowed from Mrs. Ivey Murdoch by some member of the Ephworth League of Jayton. — Mrs. Ivey F. Murdoch

Because she refused relief when a widow saddled with efts and three children, Mrs. Irene Davis was given a silver cup that marks her as one of "Alabama's greatest women of 1934" She went to an eight acre farm outside Greenville and there with a borrowed mule which her 14 year old son used for plowing she and the children made their living and cut of the bountiful harvest paid off her debts. Seed, fertilizer and clothing were supplied Mrs. Davis by the State relief administration as an advance loan and all this debt was paid

**FINISHES BEDROOM FURNITURE WITH WALNUT STAIN**

A large number of children are on furniture," said Sarah Martin to the county home demonstration agent, as they discussed the repair and finish of a bed-suit which was much the for wear; but with planning be remodeled and finished at-ly.

Harmony 4-H Club, says the ure is so badly scratched and lored that it will be necessary in it. She is going to use wal-ain, using this method for ap- the stain.

commercial varnish remover be applied after the wood has thoroughly cleaned. In apply- the varnish remover be sure and with the grain of the wood, sandpaper until smooth with e quality of sand paper. All of old finish must be removed be- applying varnish. Now she is to apply the varnish which is good quality, hard, clear walnut varnish of a dull finish. Be sure the varnish is mixed well and on thin with the grain of the . Be very careful not to leave

Let dry 24 hours. Rub with powdered pumice stone and lin- oil until smooth in order to nt gloss and give a smooth sur-

face. Clean with a dry cloth that will absorb oil. Apply a second coat of varnish and let it dry for at least two days. Repeat rubbing with powdered pumice stone and linseed oil. Apply third coat of varnish and let dry two days and use pumice stone and linseed oil as before. A liquid or paste wax is ready to be applied. Al- low it to stand for 15 or 20 minutes then rub with a flannel cloth with the grain until wood has a velvety finish.

"Our hotbed is going to serve two purposes; one as a source of spinach, lettuce and radishes; second as a cold frame for tomato and pepper plants," reports Mrs. T. T. Kellum farm food supply demonstrator for Clairmont H. D. Club. "For such a useful fixture, I think the \$1.19 spent in making this hotbed which is six feet by six is a very small amount spent," she added.

By the middle of March all of the vegetables will be used from this winter garden. About this time the tomato and pepper plants which I have planted in one box and tub will be ready to be transplanted in a cold frame and the hotbed will be used as a cold frame for these plants she added.

Quite a number of Jayton folks at tended the show in Spur Tuesday of this week.

**ON TEXAS FARMS**  
(Minnie Fisher Cunningham)

Looking toward more home or- chards in Runnels county the county agricultural council appointed an orchard committee to secure bids from nurserymen and asked each community agricultural Association to canvass and list the persons want- ing fruit trees and vines. More than 700 trees were ordered.

Mrs. Ora Montgomery, yard im- provement demonstrator of Collins has a rule that no shrub is to be planted in ground that has not been especially prepared for it. If the ground is tight and waxy it has to be loosened up by working in barn- yard manure and cotton waste from the gin before this home beautifier will approve risking the life of one of her plants.

Cold weather in Llano county was the signal for more pecan budding work there. On the ranch of F. H. Westerman, farmers, ranchmen and 4-H club boys gathered to take part in the pecan budding demonstration when Glen Patton R. H. Nelson, and D. D. Steele, farm demonstration agent showed the how. Westerman plans to increase the number of top worked trees on his ranch gradually until he has the banks of the San Fernando bordered with fine pecans.

Hardy shrubs proved their worth in the recent freeze according to the report of Miss Effie McClene, home demonstration agent, on the yard improvement work being carried on by rural women in Kleberg county. Plants that were acclimated by nature stood the cold as they stand the long dry spells, while tender though beloved shrubs lost out completely. These probably will be replaced by more hardy varieties in insure no future loss, Miss McClene said.

County agent terracing in Texa- on 12,760 farms amounted to 484,495 acres in the 193 counties report- ing at the end of 1934, according to figures compiled by M. R. Bentley Extension Agriculture Engineer.

An additional 61,287 acres in 62 counties were terraced by 4-H club boys as a part of their year's club work.

Texas farms terraced in 1934 by everyone reached the impressive fig- ures of 18,369 including 774,343 acres in 196 counties.

Of this acreage 158,000 acres were terraced by the use of county tractors and road graders. This in- dicates increasing use of this tax payer's investment.

Plans for terracing in 1935 are so wide spread that it almost seems if general recognition of the neces- sity for this work had been at least achieved. People are terracing for soil conservation, for water conser- vation, and for flood control. They are terracing crop and pasture lands Gardens, orchards and even yards are being terraced to preserve the fertility of the soil, save the moisture and prevent gully washing.

**RODEO IN JAYTON THIS WEEK**

Texas Slim and his cowboys and Cowgirls are in Jayton this week end with their show of bucking horses and pitching steers. They are showing under the auspices of the Fire boys and offer a good clean wholesome entertainment for the people who like to see a wild west show.

J. C. Miller made a trip to Lub- bock this week.

What this county needs now is a good rain to fill all the lakes tanks and cisterns. The old gyp well is still furnishing the populace with water.

There are still a few subscriptions on the market to go at 50c. If you have not paid-up now is the time to get your renewal to the Chronicle while the 50 cent rate lasts.

Sheriff Cato of Garza county is in a pretty tough spot at the pre- sent and if it keeps on they will have his bondsmen arrested as they already have his deputy, his lawyer and two others looked up for var- ious reasons best known to the fed- eral officers.

Postmaster Wade was on the sick list Wednesday afternoon of this week.

Henri Sue Barfoot is visiting with her grandparents here in Jayton this week.

Judge J. B. Earnest and C. O. Fox Jr. made a trip to Lubbock Thursday of this week.

Neva Vincent went to Anson Wed- nesday where she will be employed in the Anson Hotel.

We want and appreciate your business. We will do our best to please you and make you want to come back here for your next bill.

**ROBINSONS**

**SCHOOL NEWS**

Rev. Fred McPherson spoke to us last Monday morning in chapel. He gave us a very interesting talk on the religion and customs of the far away people of India. After his message we were able to see how we like our country better than we do India.

Basket ball is over for another year and we are entering whole heartedly into our interscholastic league work. The literary work is progressing nicely but we haven't started track as it will start within the next day or so. High jump and vaulting seem to be the most popular events thus far—Fuzzy vaulted the bar at 7 feet the first day. Loyel, Melton and Richard are doing fairly good in high jump. Owen, Douglas, Herbert, H. J. Clifton, L. H. and Joe are getting ready to do the things in their lines up in a big way. Merle is thinking of heaving the shot this year so look out.

The volley ball girls will soon be ready for competitors, and we are thinking of playing the teachers soon. Joe, Richard, C. B. Barney Faye and Doris Mae are getting in some good tennis practice.

The first six weeks exams are over now so we can come down to earth again. Next week we will see what our report cards say. Lets hope they are fit for parents to see.

Soph News

Well folks I am sure that you are glad to hear from the Sophomore class again. Mr. Coons gave all the reporters for the school a slight "airing out" about not writing any class news, so I guess we'll have to think up some "whopper".

We've all been so busy playing ball and studying for these six weeks exams that we just haven't had time to write up any news. As a result of all this studying, W. J. Garrett, of all people, made a 100 on Algebra. This was such a shock to Mr. Lowrey that he gave Katie Crider 99, another accident, I presume.

This is station S O P H signing off until next week. "So Long Folks."

**Sixth Grade Good English Club**  
Last Friday afternoon, Mrs. Hancock met with the sixth grade good English Club, while Miss Waddell went to Roscoe with the basket ball girls. We enjoyed having Mrs. Hancock with us. We elected new poster committees as follows:

Rosa Faye Lee, Jack Coats and Jimmie D. Howell.

We also elected a new reporter, Christal Lafoon. We wish to thank the old poster committee and old reporter for the service they rendered during their administration.

The young people of the Methodist Church attended a union meeting at Aspermont Monday night. The next meeting will be held in Jayton the second Tuesday in March.

Miss Anna Bell Frazier of Spur is

spending a few days in Jayton visiting in the home of J. C. Miller and wife.

Mrs. George Rice and Dony accompanied by Mrs. Bake Robinson and children made a trip to Comanche last week end to attend the birthday celebration of Mr. Knutson who was 80 years old Sunday.

Mr. and Mrs. G. Coury of Rotan visited friends in Jayton, Sunday. Mr. Coury tells us that the oil well near Rotan promises to make a good one and that Rotan is preparing for a genuine oil boom.

Many Kent County farmers are sowing oats these days in the hope of having sufficient rains to give them early feed for their work stock.

There were 121,508 babies born in Texas during the year of 1934.

A sure way to go broke — help pay your competitors advertising bill by refusing to advertise for yourself. Like going to Heaven on your wife's religion.— What a joke.

Miss Chloe Darden, teacher in the public school at Swenson was a week end visitor in Jayton.

**SHERIFF'S SALE**

State of Texas  
County of Jones.  
Notice is hereby given that by vir-

tue of an order of sale issued out of the Honorable District Court of Jones County, Texas, by the Clerk of said court, on the 5th day of February A. D. 1935, in the case of J. E. Robinson of Jones County, Texas and C. J. Robinson of Kent County Texas, composing the partnership of Robinson Bros., and whose main office is in Jayton Kent County, Texas against D. Etheridge and Lillie Etheridge, Numbered on the docket of said court 5992, on a judgement rendered in said court in favor of said Robinson Bros., and against the said D. Etheridge and Lillie Etheridge, for the sum of \$1289.86 to draw interest from the date of said judgment at the rate of 10 per cent per annum until paid and the further sum of \$128.94 to draw interest from same date at the rate of 6 per cent per annum until paid, and also costs of suit, with a foreclosure of an attachment lien on the following described real estate to wit:

The north 1-2 of survey No. 45, abstract No. 356, Block "G" original grantors W. and N. W. R. Ry Co., Pat. Witness my an this the 22nd day of February, A. D. 1935.  
B. A. Cumbie,  
Kent County Texas,  
By E. V. Peek, D.

**JIM THRIFT Says**

See how those wheels can be set in or out on their axles! I can adjust the tread on my new John Deere to fit every important job on my farm.

You have been asking for a John Deere tractor like this one. It's here—be sure to come in and see it.
